Online TA Request Form

Coming Soon!

Types of TA Requests

Statute Related → *Direct to FPO*

Statute related questions refer to any questions about statutory requirements, administrative procedures, or Federal policies that impact your Title IV, Part A program. **Statute related TA requests should be directed to your assigned FPO.**

Other Requests: Requests to update the assigned SEA SC in the G5 system are made, in writing, to the FPO.

Non-Statute Related → *Direct to TA Liaison*

Non-statute related TA refers to any questions relating to implementing the Title IV, Part A program. **Non-statute related requests should be directed to your assigned TA Liaison.**

Other Requests: Requests to update SCs in the Portal are made, in writing, to the TA Liaison. New SCs may be added to the Portal once the G5 system has been updated. Requests to add/remove/update an SC Alternate must be made, in writing, by the SC and to the TA Liaison.

TA Request Examples

Statute Related TA Requests:

If an LEA has an allocation of less than \$30,000.00, can the entire allocation be spent on technology or does the maximum 15% of allocation rule apply?

If an LEA does not meet the 20-20 Rule or spend a portion of the allocation toward Effective Use of Technology in the previous year, would the LEA then still be allowed to transfer any carryover funds in the subsequent year?

The SC for my SEA has changed, how do I update the contact information in the G5 system?

Non-Statute Related TA Requests:

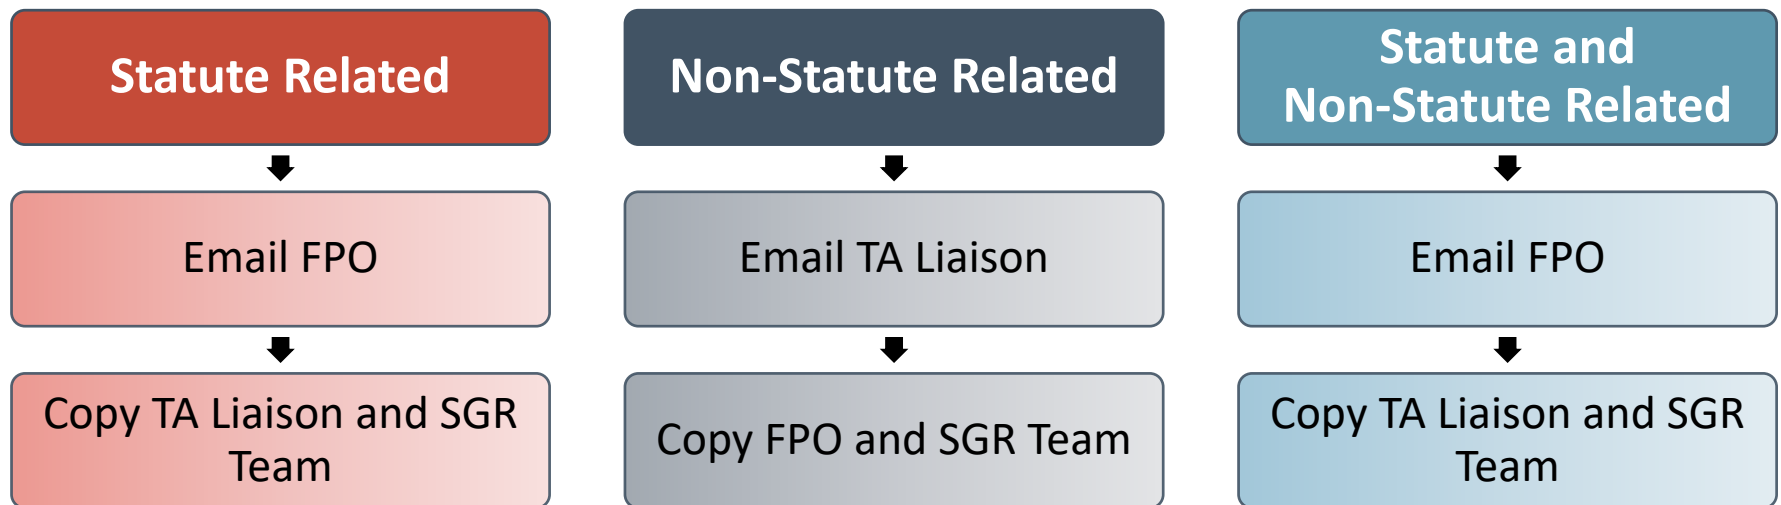

I am looking for information and support on PBIS and other behavior management systems to provide to my LEAs.

I need assistance with personalizing the LEA Needs Assessment Tool to fit my school districts/LEAs.

I have recently been assigned as the SC for my SEA, I would like to request access to the Portal.

TA Request Flow Chart, by Type of Request (Email Only)
