Welcome to the Student Support and Academic Enrichment, Title IV, Part A State Coordinator Portal

The Portal was specially designed to allow State Coordinators to communicate and share information with each other that may support the administration and implementation of the Student Support and Academic Enrichment, Title IV, Part A program (SSAE Title IV-A).

The Portal allows you to easily connect with other State Coordinators. Here you can post questions and discuss issues, share resources you have developed or are using in implementing SSAE Title IV-A, and network with each other. For example, you might want to ask other State Coordinators about strategies for supporting the implementation of accelerated STEM courses, engaging families, or helping school personnel effectively utilize technology. We hope you use this Portal to discuss issues and challenges you are facing or successes you have experienced while administering and implementing SSAE Title IV-A.

If you have questions about statutory requirements, administrative procedures, or federal policies that impact your SSAE Title IV-A program, contact your [ED Program Officer](#). Staff from the National Center on Safe Supportive Learning Environments will monitor Portal discussions and redirect questions to an ED Program Officer if they address any of the three areas noted above—requirements, procedures, or federal policies.

If you have any questions or need assistance with the Portal, please contact Kelly Wells at kwells@air.org or 803-389-9703.

Access the [Student Support and Academic Enrichment, Title IV, Part A State Coordinator Portal Quick Guide](#) for information and instructions on how to use this Portal.
