Compilation of School Discipline Laws and Regulations

Prepared: January 31, 2017
Introduction
This compilation presents school discipline-related laws and regulations for U.S. states, U.S. territories, and the District of Columbia, and, where available, links to education agency websites or resources related to school discipline and student conduct. The discipline laws and regulations presented in this compilation have been categorized by type of specific discipline issue covered, according to an organizational framework developed by the National Center for Safe and Supportive Learning Environments (NCSSLE). For example, one major category encompasses all laws or regulations governing states or territories that mandate specific disciplinary sanctions (such as suspension) for specific offenses (such as drug possession on school grounds). The school discipline laws and regulations were compiled through exhaustive searches of legislative websites that identified all laws and regulations relevant to each specific category. Compiled materials were subsequently reviewed by state education agency (SEA) representatives in the 50 states, Washington D.C., and the U.S. territories.

Discipline categories were not mutually exclusive. Laws and regulations often appeared across multiple categories. For jurisdictions with more extensive laws covering a breadth of topical areas, relevant sections were excerpted from the larger legislative text for inclusion in the appropriate discipline category. Laws, ordered by chapter and section number, appear first within each category followed by regulations. All laws and regulations listed within categories in the compilation also appear in the sources cited section of the document, which lists laws by chapter and section number and title, and where available, includes active hyperlinks to source websites supported or maintained by state legislatures. Additional links to government websites or resources are provided at the end of this document.

Use of restraint and seclusion

LAWS

15-105. Use of restraint and seclusion techniques; requirements; definitions.
A. A school may permit the use of restraint or seclusion techniques on any pupil if both of the following apply:
   1. The pupil's behavior presents an imminent danger of bodily harm to the pupil or others.
   2. Less restrictive interventions appear insufficient to mitigate the imminent danger of bodily harm.
B. If a restraint or seclusion technique is used on a pupil:
   1. School personnel shall maintain continuous visual observation and monitoring of the pupil while the restraint or seclusion technique is in use.
   2. The restraint or seclusion technique shall end when the pupil's behavior no longer presents an imminent danger to the pupil or others.
   3. The restraint or seclusion technique shall be used only by school personnel who are trained in the safe and effective use of restraint and seclusion techniques unless an emergency situation does not allow sufficient time to summon trained personnel.
   4. The restraint technique employed may not impede the pupil's ability to breathe.
   5. The restraint technique may not be out of proportion to the pupil's age or physical condition.
C. Schools may establish policies and procedures for the use of restraint or seclusion techniques in a school safety or crisis intervention plan if the plan is not specific to any individual pupil.
D. Schools shall establish reporting and documentation procedures to be followed when a restraint or seclusion technique has been used on a pupil. The procedures shall include the following requirements:
   1. School personnel shall provide the pupil's parent or guardian with written or oral notice on the same day that the incident occurred, unless circumstances prevent same-day notification. If the notice is not provided on the same day of the incident, notice shall be given within twenty-four hours after the incident.
   2. Within a reasonable time following the incident, school personnel shall provide the pupil's parent or guardian with written documentation that includes information about any persons, locations or activities that may have triggered the behavior, if known, and specific information about the behavior and its precursors, the type of restraint or seclusion technique used and the duration of its use.
   3. Schools shall review strategies used to address a pupil's dangerous behavior if there has been repeated use of restraint or seclusion techniques for the pupil during a school year. The review shall include a review of the incidents in which restraint or seclusion technique were used and an analysis of how future incidents may be avoided, including whether the pupil requires a functional behavioral assessment.
E. If a school district or charter school summons law enforcement instead of using a restraint or seclusion technique on a pupil, the school shall comply with the reporting, documentation and review procedures established under subsection D of this section. Notwithstanding this section, school resource officers are authorized to respond to situations that present the imminent danger of bodily harm according to protocols established by their law enforcement agency.
F. This section does not prohibit schools from adopting policies pursuant to section 15-843, subsection B, paragraph 3.
G. For the purposes of this section:
1. “Restraint” means any method or device that immobilizes or reduces the ability of a pupil to move the pupil's torso, arms, legs or head freely, including physical force or mechanical devices. Restraint does not include any of the following:
