Compilation of School Discipline Laws and Regulations

Prepared: January 31, 2017
Introduction
This compilation presents school discipline-related laws and regulations for U.S. states, U.S. territories, and the District of Columbia, and, where available, links to education agency websites or resources related to school discipline and student conduct. The discipline laws and regulations presented in this compilation have been categorized by type of specific discipline issue covered, according to an organizational framework developed by the National Center for Safe and Supportive Learning Environments (NCSSLE). For example, one major category encompasses all laws or regulations governing states or territories that mandate specific disciplinary sanctions (such as suspension) for specific offenses (such as drug possession on school grounds). The school discipline laws and regulations were compiled through exhaustive searches of legislative websites that identified all laws and regulations relevant to each specific category. Compiled materials were subsequently reviewed by state education agency (SEA) representatives in the 50 states, Washington D.C., and the U.S. territories.

Discipline categories were not mutually exclusive. Laws and regulations often appeared across multiple categories. For jurisdictions with more extensive laws covering a breadth of topical areas, relevant sections were excerpted from the larger legislative text for inclusion in the appropriate discipline category. Laws, ordered by chapter and section number, appear first within each category followed by regulations. All laws and regulations listed within categories in the compilation also appear in the sources cited section of the document, which lists laws by chapter and section number and title, and where available, includes active hyperlinks to source websites supported or maintained by state legislatures. Additional links to government websites or resources are provided at the end of this document.

LAWS

A.C.A. § 6-18-516. Effective school discipline.
(e)(1) The department shall survey districts to determine which school districts are currently implementing evidence-based strategies, including without limitation:
   (A) Positive behavior interventions and support systems; and
   (B) Restorative justice.

   (B) Provide the information for inclusion in the educational adequacy study required under § 10-3-2102(a)(1)-(4).

REGULATIONS

20.01. General.
1. The time-out seclusion room is an extension of such techniques as turning a chair away from a group or placing a student in a corner or in the hallway.
2. Time-out is only effective if the classroom environment from which the student is removed is more reinforcing than the isolation area in which he is placed.

20.02. Definition.
1. Time-out As used in these regulations, time-out is defined as the removal of the opportunity to engage in reinforced behavior.

20.03. Restrictions on the use of a time-out seclusion room.
1. Time-out seclusion should be used only for behaviors that are destructive to property, aggressive toward others or severely disruptive to the class environment. General noncompliance, self-stimulation, academic refusal, etc., can be responded to with less stringent and restrictive techniques.
2. The time-out seclusion room should be used only as a last resort if and when less restrictive means of controlling behavior have proven ineffective.
3. The necessity of using physical force to place a student in a timeout seclusion room is inappropriate beyond that reasonably managed by the classroom teacher.
   3.1 Involuntary time-out must not be used with such students and, in general, time-out is not an appropriate intervention for classroom use with any students older than 12 unless they have made a contractual agreement for its use.
   3.2 It is important that teachers realistically evaluate their ability to physically remove a student to the time-out room.
   3.3 If there is a reasonable doubt concerning the capability of the teacher to physically remove the resistant student, the teacher should not begin to attempt the time-out procedure. In such a case, an alternative strategy should be implemented.
4. Time-out seclusion rooms must meet structural guidelines and provide for continuous monitoring, visually and auditorily, of the student’s behavior by an adult. (Refer to § 20.04.9 of this part for structural guidelines.)
20.04. Guidelines for appropriate use of a time-out seclusion room.

1. The teacher or behavioral specialist should have documentation that milder forms of time-out or other reduction techniques have proven ineffective in suppressing the inappropriate behavior.

2. The use of seclusion time-out and the behaviors which will result in its use must be explicitly stated in the student’s IEP. Parent consent for the use of a time-out seclusion procedure should be documented.

3. Time-out must be paired with a behavioral plan to provide positive reinforcement for appropriate behaviors. This must also be included in the student’s IEP.

4. Written procedures must be developed and followed for each student whose IEP includes the use of time-out.

5. The following guidelines should be adhered to for effective use of the timeout seclusion room.

   5.1. Avoid lengthy verbal explanations. Behaviors resulting in time-out should be clearly explained prior to implementing the time-out program. Explanations provided during use of time-out should be brief, but should adequately inform the student of his/her misbehavior, such as, “Because you ____________, you must go to time-out for ________ minutes.” All other verbal interaction should be avoided.

   5.2. To maximize opportunities to exercise self-control, students should be given the opportunity to take their own time-out after receiving instructions from the teacher. However, if students refuse to take their own time-out, or if they fail to respond to the teacher’s instructions within a reasonable time interval (5 to 10 seconds), the teacher should physically remove them to the time-out area. (Refer to § 20.03.3 of these regulations regarding physically removing the child to the time-out area.)

   5.3. For high intensity behavior (e.g., kicking, screaming), the student should immediately be escorted to the time-out room.

6. Time Spent In Time-Out Seclusion Room

   6.1. Length of time spent in the time-out seclusion room must be documented and kept within the specified time limits -

   A. Preschool - no more than 5 minutes for each exclusion.
   B. Lower elementary - no more than 15 minutes for each exclusion.
   C. Middle/upper elementary - no more than 20 minutes for each exclusion.

   6.2. At the end of the prescribed time, the student should be offered the opportunity to rejoin the class. If the student chooses to stay in time-out, the door must be left open at this time. When a student consistently chooses to stay in the time-out seclusion room beyond the prescribed time limit, the use of this procedure must be reviewed. The time-out room may be providing more reinforcement than the environment from which the student was removed.

   6.3. Should there be a need for a time-out period to extend past the prescribed time limits, the appropriateness of continuing the time-out procedure should be evaluated immediately by knowledgeable professionals (i.e., principal, counselor, special education staff).

   6.4. Careful consideration must be taken in extending the prescribed length of the time-out seclusion. The effectiveness of the time-out procedure is the result of its consistent use, rather than the length of stay in the timeout seclusion room.

7. Records Must Be Kept Of Each Occasion When Time-Out Seclusion Is Used. The Records Should Include -

   7.1. The student’s name;
   7.2. The behavior for which time-out is being used, as specified in the IEP; and
   7.3. The time of day the student was placed in and released from time-out.
8. When the use of time-out seclusion is included in a student’s IEP, it is recommended that the use of time-out to address specific student behaviors be reviewed by a knowledgeable professional(s) twice monthly.

8.1. The use of the time-out seclusion procedure shall be altered or discontinued as a behavioral management technique if data do not support its effectiveness.

8.2. The continued and/or frequent need for this type of behavioral intervention could indicate that behavioral objectives, management techniques or other factors affecting the learning environment are not appropriately matched with the student’s needs and behaviors.

9. If A Time-Out Room Is To Be Employed, The Time-Out Room Should -

9.1. Be at least 4’ X 4’ and no larger than 6’ X 6’ in size;

9.2. Be properly lighted (preferably recessed lighting, with switches outside the room). Lighting should remain on at all times;

9.3. Be properly ventilated;

9.4. Be free of objects and fixtures;

9.5. Provide the means by which an adult can continuously monitor, visually and auditorily, the student’s behavior;

9.6. The door should be such that it cannot be locked; and

9.7. Meet state and county fire and safety codes.

10. In addition, it is necessary that all personnel involved in designing and implementing behavioral management procedures, including the use of timeout seclusion, be adequately trained and supervised. It is imperative that these persons have attained levels of skill and competency so that their qualifications correspond to their responsibilities.

Course placement includes but is not limited to Honors, International Baccalaureate, Advanced
Placement, vocational, technical and career pathways courses. Continuing the student's academic program from the previous school and promoting placement in academically and career challenging courses should be paramount when considering placement. B. Educational program placement - The receiving state school shall initially honor placement of the student in educational programs based on current educational assessments conducted at the school in the sending state or participation/placement in like programs in the sending state provided that the program exists in the school and there is space available, as determined by the school district. Section 1400 et seq, the receiving state shall initially provide comparable services to a student with disabilities based on his/her current Individualized Education Program (IEP); and

This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement of the student.

D. Placement flexibility - Local education agency administrative officials shall have flexibility in waiving course/program prerequisites, or other preconditions for placement in courses/programs offered under the jurisdiction of the local education agency.

E. Absence as related to deployment activities - A student whose parent or legal guardian is an active duty member of the uniformed services, as defined by the compact, and has been called to duty for, is on leave from, or immediately returned from deployment to a combat zone or combat support posting, shall be granted additional excused absences at the discretion of the local education agency superintendent to visit with his or her parent or legal guardian relative to such leave or deployment of the parent or guardian.

ARTICLE VII GRADUATION
In order to facilitate the on-time graduation of children of military families states and local education agencies shall incorporate the following procedures:

A. Waiver requirements - Local education agency administrative officials shall waive specific courses required for graduation if similar course work has been satisfactorily completed in another local education agency or shall provide reasonable justification for denial. Should a waiver not be granted to a student who would qualify to graduate from the sending school, the local education agency shall provide an alternative means of acquiring required coursework so that graduation may occur on time.

B. Exit exams - States shall accept: 1) Exit or end-of-course exams required for graduation from the sending state; or 2) National norm-referenced achievement tests; or 3) Alternative testing, in lieu of testing requirements for graduation in the receiving state. In the event the above alternatives cannot be accommodated by the receiving state for a student transferring in his or her Senior year, then the provisions of Article VII, Section C shall apply.

C. Transfers during Senior year - Should a military student transferring at the beginning or during his or her Senior year be ineligible to graduate from the receiving local education agency after all alternatives have been considered, the sending and receiving local education agencies shall ensure the receipt of a diploma from the sending local education agency, if the student meets the graduation requirements of the sending local education agency. In the event that one of the states in question is not a member of this compact, the member state shall use best efforts to facilitate the on-time graduation of the student in accordance with Sections A and B of this Article.

The U.S. Dept. of Defense, shall serve as an ex-officio, nonvoting member of the executive committee.

Such methods of data collection, exchange and reporting shall, in so far as is reasonably possible, conform to current technology and coordinate its information functions with the appropriate custodian of records as identified in the bylaws and rules.

J. The Interstate Commission shall create a process that permits military officials, education officials and parents to inform the Interstate Commission if and when there are alleged violations of the compact or its rules or when issues subject to the jurisdiction of the compact or its rules are not addressed by the state or local education agency. A. Rulemaking Authority - The Interstate Commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of this Compact. Notwithstanding the foregoing, in the event the Interstate Commission exercises its rulemaking authority in a manner that is beyond the scope
of the purposes of this Act, or the powers granted hereunder, then such an action by the Interstate Commission shall be invalid and have no force or effect.

C. Not later than thirty (30) days after a rule is promulgated, any person may file a petition for judicial review of the rule; provided, that the filing of such a petition shall not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the Interstate Commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the Interstate Commission's authority.

D. If a majority of the legislatures of the compacting states rejects a Rule by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any compacting state.

ARTICLE XIII OVERSIGHT, ENFORCEMENT, AND DISPUTE RESOLUTION

A. Oversight

1. The executive, legislative and judicial branches of state government in each member state shall enforce this compact and shall take all actions necessary and appropriate to effectuate the compact's purposes and intent.

3. The Interstate Commission shall be entitled to receive all service of process in any such proceeding, and shall have standing to intervene in the proceeding for all purposes. 3. If the defaulting state fails to cure the default, the defaulting state shall be terminated from the compact upon an affirmative vote of a majority of the member states and all rights, privileges and benefits conferred by this compact shall be terminated from the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default.

4. Suspension or termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Interstate Commission to the Governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

5. The state that has been suspended or terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of suspension or termination including obligations, the performance of which extends beyond the effective date of suspension or termination.
6. The Interstate Commission shall not bear any costs relating to any state that has been found to be in default or that has been suspended or terminated from the compact, unless otherwise mutually agreed upon in writing between the Interstate Commission and the defaulting state.

7. The defaulting state may appeal the action of the Interstate Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Interstate Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.

C. Dispute Resolution

1. The Interstate Commission shall attempt, upon the request of a member state, to resolve disputes that are subject to the compact and that may arise among member states and between member and non-member states.

ARTICLE XIV FINANCING OF THE INTERSTATE COMMISSION

A. The Interstate Commission shall pay, or provide for the payment of the reasonable expenses of its establishment, organization and ongoing activities.

B. The Interstate Commission may levy on and collect an annual assessment from each member state to cover the cost of the operations and activities of the Interstate Commission and its staff that must be in a total amount sufficient to cover the Interstate Commission's annual budget as approved each year. However, the parent, guardian, or person in loco parentis shall be notified of the steps to be taken to eliminate or reduce the student's absences.

in loco parentis may petition the school administration or school district administration for special arrangements to address the student's unexcused absences.

(ii) If special arrangements are granted by the school administration or the school district administration, the arrangements will be formalized into a written agreement to include the conditions of the agreement and the consequences for failing to fulfill the requirements of the agreement.

   (ii) For any action filed in circuit court to impose the civil penalty set forth in subdivision (a)(5) of this section, the prosecuting authority shall be exempt from all filing fees and shall take whatever action is necessary to collect the penalty provided for in subdivision (a)(5) of this section.

(B) Municipal attorneys may practice in circuit court for the limited purpose of filing petitions or entering into diversion agreements as authorized by this subdivision (a)(6)(B) if agreed upon by all of the parties pursuant to subdivision (a)(6)(A) of this section.

(7) (A) The purpose of the penalty set forth in this subsection is to impress upon the parents, guardians, or persons in loco parentis the importance of school or adult education attendance, and the penalty is not to be used primarily as a source of revenue.

   (B) (i) When assessing penalties, the court shall be aware of any available programs designed to improve the parent-child relationship or parenting skills.
