Introduction
This compilation presents school discipline-related laws and regulations for U.S. states, U.S. territories, and the District of Columbia, and, where available, links to education agency websites or resources related to school discipline and student conduct. The discipline laws and regulations presented in this compilation have been categorized by type of specific discipline issue covered, according to an organizational framework developed by the National Center for Safe and Supportive Learning Environments (NCSSLE). For example, one major category encompasses all laws or regulations governing states or territories that mandate specific disciplinary sanctions (such as suspension) for specific offenses (such as drug possession on school grounds). The school discipline laws and regulations were compiled through exhaustive searches of legislative websites that identified all laws and regulations relevant to each specific category. Compiled materials were subsequently reviewed by state education agency (SEA) representatives in the 50 states, Washington D.C., and the U.S. territories.

Discipline categories were not mutually exclusive. Laws and regulations often appeared across multiple categories. For jurisdictions with more extensive laws covering a breadth of topical areas, relevant sections were excerpted from the larger legislative text for inclusion in the appropriate discipline category. Laws, ordered by chapter and section number, appear first within each category followed by regulations. All laws and regulations listed within categories in the compilation also appear in the sources cited section of the document, which lists laws by chapter and section number and title, and where available, includes active hyperlinks to source websites supported or maintained by state legislatures. Additional links to government websites or resources are provided at the end of this document.

**EDC 221.1.**

The State Board of Education shall adopt regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, commonly referred to as the rulemaking provisions of the Administrative Procedure Act, to implement this chapter.

**EDC 32280.**

It is the intent of the Legislature that all California public schools, in kindergarten, and grades 1 to 12, inclusive, operated by school districts, in cooperation with local law enforcement agencies, community leaders, parents, pupils, teachers, administrators, classified employees, and other persons who may be interested in the prevention of campus crime and violence, develop a comprehensive school safety plan that addresses the safety concerns identified through a systematic planning process. It is also the intent of the Legislature that all school staff be trained on the comprehensive school safety plan. For the purposes of this section, law enforcement agencies include local police departments, county sheriffs' offices, school district police or security departments, probation departments, and district attorneys' offices. For purposes of this section, a "safety plan" means a plan to develop strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on the school campus.

**EDC 33031.**

The board shall adopt rules and regulations not inconsistent with the laws of this state (a) for its own government, (b) for the government of its appointees and employees, (c) for the government of the day and evening elementary schools, the day and evening secondary schools, and the technical and vocational schools of the state, and (d) for the government of other schools, excepting the University of California, the California State University, and the California Community Colleges, as may receive in whole or in part financial support from the state.

The rules and regulations adopted shall be published for distribution as soon as practicable after adoption.

**EDC 35291.5.**

(a) On or before December 1, 1987, and at least every four years thereafter, each public school may, at its discretion, adopt rules and procedures on school discipline applicable to the school. For schools that choose to adopt rules pursuant to this article, the school discipline rules and procedures shall be consistent with any applicable policies adopted by the governing board and state statutes governing school discipline. In developing these rules and procedures, each school shall solicit the participation, views, and advice of one representative selected by each of the following groups:

1. Parents.
2. Teachers.
3. School administrators.
4. School security personnel, if any.
5. For junior high schools and high schools, pupils enrolled in the school.

Meetings for the development of the rules and procedures should be developed and held within the school's existing resources, during nonclassroom hours, and on normal school days.
The final version of the rules and procedures on school discipline with attendant regulations may be adopted by a panel comprised of the principal of the school, or his or her designee, and a representative selected by classroom teachers employed at the school.

It shall be the duty of each employee of the school to enforce the rules and procedures on school discipline adopted under this section.

(b) The governing board of each school district may prescribe procedures to provide written notice to continuing pupils at the beginning of each school year and to transfer pupils at the time of their enrollment in the school and to their parents or guardians regarding the school discipline rules and procedures adopted pursuant to subdivision (a).

(c) Each school may file a copy of its school discipline rules and procedures with the district superintendent of schools and governing board on or before January 1, 1988.

(d) The governing board may review, at an open meeting, the approved school discipline rules and procedures for consistency with governing board policy and state statutes.

EDC 49391

(a) (1) On or before July 1, 2023, the department shall develop model content, in consultation with relevant local educational agencies, civil rights groups, and the Department of Justice.

   (2) The model content developed pursuant to paragraph (1) shall include, at a minimum, content that informs parents or guardians of California’s child access prevention laws and laws relating to the safe storage of firearms, including, but not limited to, Division 4 (commencing with Section 25000) of Title 4 of Part 6 of the Penal Code.

(b) The department shall update the model content on a yearly basis as necessary to reflect any changes in law.

EDC 44667.

(a) It is the intent of the Legislature to encourage school districts to plan and implement alternative models of school-based management projects, or advanced career opportunities for classroom teachers projects, or a combination of both, for one or more schools in the district. Further, it is the intent of the Legislature that school district governing boards and administrators work with classroom teachers and teacher bargaining units to develop and strengthen procedures that increase teachers' decisionmaking authority in responsibilities that affect their ability to teach. These procedures may include, but need not be limited to, the following:

   (1) Selection of new teachers and administrators.
   (2) Evaluation of teacher and administrator performance.
   (3) Selection of curricular areas for improvement.
   (4) Tailoring and coordination of curriculum and instruction across grade levels and within departments at the schoolsite level.
   (5) Establishment of pupil discipline policies.
   (6) Design and conduct of staff development programs and policies.
   (7) Assignment of pupils and scheduling of classes.
   (8) Schoolwide problem solving and program development.
   (9) Organization of the school for effective instruction.
   (10) Development of procedures designed to institutionalize teacher involvement in decisionmaking.
   (11) Determining the roles and functions of teachers, administrators, and classified employees at the school site.
   (12) Development of alternative methods of teacher compensation that reward teaching excellence, exceptional achievement or the assumption of additional educational responsibilities.
(13) Establishment of policies to decentralize district decisionmaking by providing schoolsite administrators and teachers with greater budget authority including the allocation of fiscal, personnel, and other resources at the schoolsite.

(b) Participation of school districts in the programs established pursuant to this article shall be on a voluntary basis. A school district shall be eligible to participate only upon the approval of participation by both the governing board of the district and the exclusive representative of certificated employees of the district.

EDC 48914.

Each school district is authorized to establish a policy that permits school officials to conduct a meeting with the parent or guardian of a suspended pupil to discuss the causes, the duration, the school policy involved, and other matters pertinent to the suspension.

EDC 48918.

The governing board of each school district shall establish rules and regulations governing procedures for the expulsion of pupils. These procedures shall include, but are not necessarily limited to, all of the following:

(a)(1) The pupil shall be entitled to a hearing to determine whether the pupil should be expelled. An expulsion hearing shall be held within 30 schooldays after the date the principal or the superintendent of schools determines that the pupil has committed any of the acts enumerated in Section 48900, unless the pupil requests, in writing, that the hearing be postponed. The adopted rules and regulations shall specify that the pupil is entitled to at least one postponement of an expulsion hearing, for a period of not more than 30 calendar days. Any additional postponement may be granted at the discretion of the governing board of the school district.

(2) Within 10 schooldays after the conclusion of the hearing, the governing board of the school district shall decide whether to expel the pupil, unless the pupil requests in writing that the decision be postponed. If the hearing is held by a hearing officer or an administrative panel, or if the governing board of the school district does not meet on a weekly basis, the governing board of the school district shall decide whether to expel the pupil within 40 schooldays after the date of the pupil's removal from his or her school of attendance for the incident for which the recommendation for expulsion is made by the principal or the superintendent of schools, unless the pupil requests in writing that the decision be postponed.

(3) If compliance by the governing board of the school district with the time requirements for the conducting of an expulsion hearing under this subdivision is impracticable during the regular school year, the superintendent of schools or the superintendent's designee may, for good cause, extend the time period for the holding of the expulsion hearing for an additional five schooldays. If compliance by the governing board of the school district with the time requirements for the conducting of an expulsion hearing under this subdivision is impractical due to a summer recess of governing board meetings of more than two weeks, the days during the recess period shall not be counted as schooldays in meeting the time requirements. The days not counted as schooldays in meeting the time requirements for an expulsion hearing because of a summer recess of governing board meetings shall not exceed 20 schooldays, as defined in subdivision (c) of Section 48925, and unless the pupil requests in writing that the expulsion hearing be postponed, the hearing shall be held not later than 20 calendar days before the first day of school for the school year. Reasons for the extension of the time for the hearing shall be included as a part of the record at the time the expulsion hearing is conducted. Upon the commencement of the hearing, all matters shall be pursued and conducted with reasonable diligence and shall be concluded without any unnecessary delay.

Scope

LAWS

EDC 44807.
Every teacher in the public schools shall hold pupils to a strict account for their conduct on the way to and from school, on the playgrounds, or during recess. A teacher, vice principal, principal, or any other certificated employee of a school district, shall not be subject to criminal prosecution or criminal penalties for the exercise, during the performance of his duties, of the same degree of physical control over a pupil that a parent would be legally privileged to exercise but which in no event shall exceed the amount of physical control reasonably necessary to maintain order, protect property, or protect the health and safety of pupils, or to maintain proper and appropriate conditions conducive to learning. The provisions of this section are in addition to and do not supersede the provisions of Section 49000.

EDC 48900.
A pupil shall not be suspended from school or recommended for expulsion, unless the superintendent of the school district or the principal of the school in which the pupil is enrolled determines that the pupil has committed an act as defined pursuant to any of subdivisions (a) to (r), inclusive. [...] (u) As used in this section, "school property" includes, but is not limited to, electronic files and databases. (v) For a pupil subject to discipline under this section, a superintendent of the school district or principal is encouraged to provide alternatives to suspension or expulsion, using a research-based framework with strategies that improve behavioral and academic outcomes, that are age appropriate and designed to address and correct the pupil's specific misbehavior as specified in Section 48900.5. (w)(1) It is the intent of the Legislature that alternatives to suspension or expulsion be imposed against a pupil who is truant, tardy, or otherwise absent from school activities. (2) It is further the intent of the Legislature that the Multi-Tiered System of Supports, which includes restorative justice practices, trauma-informed practices, social and emotional learning, and schoolwide positive behavior interventions and support, may be used to help pupils gain critical social and emotional skills, receive support to help transform trauma-related responses, understand the impact of their actions, and develop meaningful methods for repairing harm to the school community.

community service on school grounds or, with written permission of the parent or guardian of the pupil, off school grounds, during the pupil's nonschool hours. For the purposes of this section, "community service" may include, but is not limited to, work performed in the community or on school grounds in the areas of outdoor beautification, community or campus betterment, and teacher, peer, or youth assistance programs. This section does not apply if a pupil has been suspended, pending expulsion, pursuant to Section 48915. However, this section applies if the recommended expulsion is not implemented or is, itself, suspended by stipulation or other administrative action.

EDC 48911.1.

(a) A pupil suspended from a school for any of the reasons enumerated in Sections 48900 and 48900.2 may be assigned, by the principal or the principal's designee, to a supervised suspension classroom for the entire period of suspension if the pupil poses no imminent danger or threat to the campus, pupils, or staff, or if an action to expel the pupil has not been initiated.

(b) Pupils assigned to a supervised suspension classroom shall be separated from other pupils at the schoolsite for the period of suspension in a separate classroom, building, or site for pupils under suspension.

(c) School districts may continue to claim apportionments for each pupil assigned to and attending a supervised suspension classroom provided as follows:

1. The supervised suspension classroom is staffed as otherwise provided by law.
2. Each pupil has access to appropriate counseling services.
3. The supervised suspension classroom promotes completion of schoolwork and tests missed by the pupil during the suspension.
4. Each pupil is responsible for contacting his or her teacher or teachers to receive assignments to be completed while the pupil is assigned to the supervised suspension classroom. The teacher shall provide all assignments and tests that the pupil will miss while suspended. If no classroom work is assigned, the person supervising the suspension classroom shall assign schoolwork.

(d) At the time a pupil is assigned to a supervised suspension classroom, a school employee shall notify, in person or by telephone, the pupil's parent or guardian. Whenever a pupil is assigned to a supervised suspension classroom for longer than one class period, a school employee shall notify, in writing, the pupil's parent or guardian.

(e) This section does not place any limitation on a school district's ability to transfer a pupil to an opportunity school or class or a continuation education school or class.

(f) Apportionments claimed by a school district for pupils assigned to supervised suspension shall be used specifically to mitigate the cost of implementing this section.

EDC 48911.2.

(a) If the number of pupils suspended from school during the prior school year exceeded 30 percent of the school's enrollment, the school should consider doing at least one of the following:

1. Implement the supervised suspension program described in Section 48911.1.
2. Implement an alternative to the school's off-campus suspension program, which involves a progressive discipline approach that occurs during the schoolday on campus, using any of the following activities:
   (A) Conferences between the school staff, parents, and pupils.
   (B) Referral to the school counselor, psychologist, child welfare attendance personnel, or other school support service staff.
   (C) Detention.
   (D) Study teams, guidance teams, resource panel teams, or other assessment-related teams.
(b) At the end of the academic year, the school may report to the district superintendent in charge of
school support services, or other comparable administrator if that position does not exist, on the rate of
reduction in the school's off-campus suspensions and the plan or activities used to comply with
subdivision (a).

(c) It is the intent of the Legislature to encourage schools that choose to implement this section to
examine alternatives to off-campus suspensions that lead to resolution of pupil misconduct without
sending pupils off campus. Schools that use this section should not be precluded from suspending pupils
to an off-campus site.

EDC 48917.

(a) The governing board, upon voting to expel a pupil, may suspend the enforcement of the expulsion
order for a period of not more than one calendar year and may, as a condition of the suspension of
enforcement, assign the pupil to a school, class, or program that is deemed appropriate for the
rehabilitation of the pupil. The rehabilitation program to which the pupil is assigned may provide for the
involvement of the pupil's parent or guardian in his or her child's education in ways that are specified in
the rehabilitation program. A parent or guardian's refusal to participate in the rehabilitation program shall
not be considered in the governing board's determination as to whether the pupil has satisfactorily
completed the rehabilitation program.

(b) The governing board shall apply the criteria for suspending the enforcement of the expulsion order
equally to all pupils, including individuals with exceptional needs as defined in Section 56026.

(c) During the period of the suspension of the expulsion order, the pupil is deemed to be on probationary
status.

(d) The governing board may revoke the suspension of an expulsion order under this section if the pupil
commits any of the acts enumerated in Section 48900 or violates any of the district's rules and regulations
governing pupil conduct. When the governing board revokes the suspension of an expulsion order, a
pupil may be expelled under the terms of the original expulsion order.

(e) Upon satisfactory completion of the rehabilitation assignment of a pupil, the governing board shall
reinstate the pupil in a school of the district and may also order the expungement of any or all records of
the expulsion proceedings.

(f) A decision of the governing board to suspend an expulsion order does not affect the time period and
requirements for the filing of an appeal of the expulsion order with the county board of education required
under Section 48919. Any appeal shall be filed within 30 days of the original vote of the governing board.

EDC 49055.

(c) A person aggrieved by a violation of subdivision (a) may bring a civil action to enjoin the violation, for compensatory and punitive damages, for injunctive relief, and for the cost of suit and reasonable attorney’s and expert witness' fees. With respect to compensatory damages, the plaintiff may elect, at any time prior to the rendering of a final judgment, to recover, in lieu of actual damages, an award of statutory damages in the amount of five thousand dollars ($5,000) per violation of paragraph (1) of subdivision (a), and one thousand dollars ($1,000) per violation of paragraph (2) of subdivision (a).

EDC 44807.

Every teacher in the public schools shall hold pupils to a strict account for their conduct on the way to and from school, on the playgrounds, or during recess. A teacher, vice principal, principal, or any other certificated employee of a school district, shall not be subject to criminal prosecution or criminal penalties for the exercise, during the performance of his duties, of the same degree of physical control over a pupil that a parent would be legally privileged to exercise but which in no event shall exceed the amount of physical control reasonably necessary to maintain order, protect property, or protect the health and safety of pupils, or to maintain proper and appropriate conditions conducive to learning. The provisions of this section are in addition to and do not supersede the provisions of Section 49000.

EDC 49000.

The Legislature finds and declares that the protection against corporal punishment, which extends to other citizens in other walks of life, should include children while they are under the control of the public schools. Children of school age are at the most vulnerable and impressionable period of their lives and it is wholly reasonable that the safeguards to the integrity and sanctity of their bodies should be, at this tender age, at least equal to that afforded to other citizens.

EDC 49001.

(a) For the purposes of this section "corporal punishment" means the willful infliction of, or willfully causing the infliction of, physical pain on a pupil. An amount of force that is reasonable and necessary for a person employed by or engaged in a public school to quell a disturbance threatening physical injury to persons or damage to property, for purposes of self-defense, or to obtain possession of weapons or other dangerous objects within the control of the pupil, is not and shall not be construed to be corporal punishment within the meaning and intent of this section. Physical pain or discomfort caused by athletic competition or other such recreational activity, voluntarily engaged in by the pupil, is not and shall not be construed to be corporal punishment within the meaning and intent of this section.

(b) No person employed by or engaged in a public school shall inflict, or cause to be inflicted corporal punishment upon a pupil. Every resolution, bylaw, rule, ordinance, or other act or authority permitting or authorizing the infliction of corporal punishment upon a pupil attending a public school is void and unenforceable.

(a) For the purposes of this section "corporal punishment" means the willful infliction of, or willfully causing the infliction of, physical pain on a pupil. Physical pain or discomfort caused by athletic competition or other such recreational activity, voluntarily engaged in by the pupil, is not and shall not be construed to be corporal punishment within the meaning and intent of this section.

(b) No person employed by or engaged in a public school shall inflict, or cause to be inflicted corporal punishment upon a pupil. EDC 49005.

The Legislature finds and declares all of the following:

(a) While it is appropriate to intervene in an emergency to prevent a pupil from imminent risk of serious physical self-harm or harm of others, restraint and seclusion are dangerous interventions, with certain known practices posing a great risk to child health and safety.

(b) United States Department of Education guidelines specify that the use of restraint and seclusion must be consistent with the child's right to be treated with dignity and to be free from abuse.

(c) Restraint and seclusion should only be used as a safety measure of last resort, and should never be used as punishment or discipline or for staff convenience.

(d) Restraint and seclusion may cause serious injury or long lasting trauma and death, even when done safely and correctly.

(e) There is no evidence that restraint or seclusion is effective in reducing the problem behaviors that frequently precipitate the use of those techniques.

(f) Pupils with disabilities and pupils of color, especially African American boys, are disproportionately subject to restraint and seclusion.

(g) Well-established California law already regulates restraint techniques in a number of settings, including general acute care hospitals, acute psychiatric hospitals, psychiatric health facilities, crisis stabilization units, community treatment facilities, group homes, skilled nursing facilities, intermediate care facilities, community care facilities, and mental health rehabilitation centers. These minimal protections should be provided to all pupils in schools.

(h) It is the intent of the Legislature to ensure that schools foster learning in a safe and healthy environment and provide adequate safeguards to prevent harm, and even death, to children in school.

(i) This article is intended to be read to be consistent with, and does not change any requirements, limitations, or protections in, existing law pertaining to pupils with exceptional needs.

(j) It is the intent of the Legislature to prohibit dangerous practices. Restraint and seclusion, as described in this article, do not further a child's education. At the same time, the Legislature recognizes that if an emergency situation arises, the ability of education personnel to act in that emergency to safeguard a pupil or others from imminent physical harm should not be restricted.
EDC 49005.1.

The following definitions apply to this article:

(a) "Behavioral restraint" means "mechanical restraint" or "physical restraint," as defined in this section, used as an intervention when a pupil presents an immediate danger to self or to others. "Behavioral restraint" does not include postural restraints or devices used to improve a pupil's mobility and independent functioning rather than to restrict movement.

(b) "Educational provider" means a person who provides educational or related services, support, or other assistance to a pupil enrolled in an educational program provided by a local educational agency or a nonpublic school or agency.

(c) "Local educational agency" means a school district, county office of education, charter school, the California Schools for the Deaf, and the California School for the Blind.

(d) 1) "Mechanical restraint" means the use of a device or equipment to restrict a pupil's freedom of movement.

2) (A) "Mechanical restraint" does not include the use of devices by peace officers or security personnel for detention or for public safety purposes.

(B) "Mechanical restraint" does not include the use of devices by trained school personnel, or by a pupil, prescribed by an appropriate medical or related services professional, if the device is used for the specific and approved purpose for which the device or equipment was prescribed, which shall include, but not be limited to, all of the following:

(i) Adaptive devices or mechanical supports used to achieve proper body position, balance, or alignment to allow greater freedom of mobility than would be possible without the use of such devices or mechanical supports.

(ii) Vehicle safety restraints when used as intended during the transport of a pupil in a moving vehicle.

(iii) Restraints for medical immobilization.

(iv) Orthopedically prescribed devices that permit a pupil to participate in activities without risk of harm.

(e) "Nonpublic school or agency" means any nonpublic school or nonpublic agency, including both in-state and out-of-state nonpublic schools and nonpublic agencies.

(f) 1) "Physical restraint" means a personal restriction that immobilizes or reduces the ability of a pupil to move the pupil's torso, arms, legs, or head freely. "Physical restraint" does not include a physical escort, which means a temporary touching or holding of the hand, wrist, arm, shoulder, or back for the purpose of inducing a pupil who is acting out to walk to a safe location.

2) "Physical restraint" does not include the use of force by peace officers or security personnel for detention or for public safety purposes.

(g) "Prone restraint" means the application of a behavioral restraint on a pupil in a facedown position.

(h) "Pupil" means a pupil enrolled in preschool, kindergarten, or any of grades 1 to 12, inclusive, and receiving educational services from an educational provider.

(i) "Seclusion" means the involuntary confinement of a pupil alone in a room or area from which the pupil is physically prevented from leaving. "Seclusion" does not include a timeout, which is a behavior management technique that is part of an approved program, that involves the monitored separation of the pupil in a nonlocked setting, and is implemented for the purpose of calming.

EDC 49005.2.

A pupil has the right to be free from the use of seclusion and behavioral restraints of any form imposed as a means of coercion, discipline, convenience, or retaliation by staff. This right includes, but is not limited
to, the right to be free from the use of a drug administered to the pupil in order to control the pupil's behavior or to restrict the pupil's freedom of movement, if that drug is not a standard treatment for the pupil's medical or psychiatric condition.

EDC 49005.4.
An educational provider may use seclusion or a behavioral restraint only to control behavior that poses a clear and present danger of serious physical harm to the pupil or others that cannot be immediately prevented by a response that is less restrictive.

EDC 49005.6.
An educational provider shall avoid, whenever possible, the use of seclusion or behavioral restraint techniques.

EDC 49005.8.
(a) An educational provider shall not do any of the following:

(1) Use seclusion or a behavioral restraint for the purpose of coercion, discipline, convenience, or retaliation.

(2) Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.

(3) Use a physical restraint technique that obstructs a pupil's respiratory airway or impairs the pupil's breathing or respiratory capacity, including techniques in which a staff member places pressure on a pupil's back or places his or her body weight against the pupil's torso or back.

(4) Use a behavioral restraint technique that restricts breathing, including, but not limited to, using a pillow, blanket, carpet, mat, or other item to cover a pupil's face.

(5) Place a pupil in a facedown position with the pupil's hands held or restrained behind the pupil's back.

(6) Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the pupil or others.

(b) An educational provider shall keep constant, direct observation of a pupil who is in seclusion, which may be through observation of the pupil through a window, or another barrier, through which the educational provider is able to make direct eye contact with the pupil. The observation required pursuant to this subdivision shall not be through indirect means, including through a security camera or a closed-circuit television.

(c) An educational provider shall afford to pupils who are restrained the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the pupil and others.

(d) If prone restraint techniques are used, a staff member shall observe the pupil for any signs of physical distress throughout the use of prone restraint. Whenever possible, the staff member monitoring the pupil shall not be involved in restraining the pupil.

EDC 49006.
(a) A local educational agency that meets the definition of a "local educational agency" specified in Section 300.28 of Title 34 of the Code of Federal Regulations shall collect and, no later than three months after the end of a school year, report to the department annually on the use of behavioral restraints and seclusion for pupils enrolled in or served by the local educational agency for all or part of the prior school year.

EDC 49006.2.

Notwithstanding Section 49006, the data collection and reporting requirements contained in this article shall be conducted in compliance with the requirements of the Civil Rights Data Collection of the United States Department of Education's Office for Civil Rights imposed pursuant to Sections 100.6(b) and 104.61 of Title 34 of the Code of Federal Regulations, and shall not be construed to impose a new program or higher level of service on local educational agencies or nonpublic schools or agencies.

EDC 49006.4.

(a) This article applies with regard to all pupils, including individuals with exceptional needs. For an individual with exceptional needs, if a behavioral restraint or seclusion is used, the procedures for followup contained in subdivisions (e), (f), (g), and (h) of Section 56521.1 also apply.

(b) For purposes of this section, "individual with exceptional needs" has the same meaning specified in Section 56026.
EDC 56520.
(a) The Legislature finds and declares all of the following:

   (1) That the state has continually sought to provide an appropriate and meaningful educational program in a safe and healthy environment for all children regardless of possible physical, mental, or emotionally disabling conditions.

   (2) That some schoolage individuals with exceptional needs have significant behavioral challenges that have an adverse impact on their learning or the learning of other pupils, or both.

   (3) Section 1400(c)(5)(F) of Title 20 of the United States Code states that research and experience demonstrate that the education of children with disabilities can be made more effective by providing incentives for positive behavioral interventions and supports to address the learning and behavioral needs of those children.

   (4) That procedures for the elimination of maladaptive behaviors shall not include those deemed unacceptable under Section 49001 or those that cause pain or trauma.

(b) It is the intent of the Legislature:

   (1) That children exhibiting serious behavioral challenges receive timely and appropriate assessments and positive supports and interventions in accordance with the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.) and its implementing regulations.

   (2) That assessments and positive behavioral interventions and supports be developed and implemented in a manner informed by guidance from the United States Department of Education and technical assistance centers sponsored by the Office of Special Education Programs of the United States Department of Education.

   (3) That when behavioral interventions, supports, and other strategies are used, they be used in consideration of the pupil's physical freedom and social interaction, be administered in a manner that respects human dignity and personal privacy, and that ensure a pupil's right to placement in the least restrictive educational environment.

   (4) That behavioral intervention plans be developed and used, to the extent possible, in a consistent manner when the pupil is also the responsibility of another agency for residential care or related services.

   (5) That training programs be developed and implemented in institutions of higher education that train teachers and that in-service training programs be made available as necessary in school districts and county offices of education to ensure that adequately trained staff are available to work effectively with the behavioral intervention needs of individuals with exceptional needs.

EDC 56521.
(a) This chapter applies to any individual with exceptional needs who is in a public school program, including a state school for the disabled pursuant to Part 32 (commencing with Section 59000), or who is placed in a nonpublic school program pursuant to Sections 56365 to 56366.5, inclusive.

(b) The Superintendent of Public Instruction shall monitor and supervise the implementation of this chapter.

EDC 56521.1.
(a) Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs, or others, and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior.

(b) Emergency interventions shall not be used as a substitute for the systematic behavioral intervention plan that is designed to change, replace, modify, or eliminate a targeted behavior.
(c) No emergency intervention shall be employed for longer than is necessary to contain the behavior. A situation that requires prolonged use of an emergency intervention shall require the staff to seek assistance of the schoolsite administrator or law enforcement agency, as applicable to the situation.

(d) Emergency interventions shall not include:

1. Locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.

2. Employment of a device, material, or objects that simultaneously immobilize all four extremities, except that techniques such as prone containment may be used as an emergency intervention by staff trained in those procedures.

3. An amount of force that exceeds that which is reasonable and necessary under the circumstances.

(e) To prevent emergency interventions from being used in lieu of planned, systematic behavioral interventions, the parent, guardian, and residential care provider, if appropriate, shall be notified within one schoolday if an emergency intervention is used or serious property damage occurs. A behavioral emergency report shall immediately be completed and maintained in the file of the individual with exceptional needs. The behavioral emergency report shall include all of the following:

1. The name and age of the individual with exceptional needs.

2. The setting and location of the incident.

3. The name of the staff or other persons involved.

4. A description of the incident and the emergency intervention used, and whether the individual with exceptional needs is currently engaged in any systematic behavioral intervention plan.

5. Details of any injuries sustained by the individual with exceptional needs, or others, including staff, as a result of the incident.

(f) All behavioral emergency reports shall immediately be forwarded to, and reviewed by, a designated responsible administrator.

(g) If a behavioral emergency report is written regarding an individual with exceptional needs who does not have a behavioral intervention plan, the designated responsible administrator shall, within two days, schedule an individualized education program (IEP) team meeting to review the emergency report, to determine the necessity for a functional behavioral assessment, and to determine the necessity for an interim plan. The IEP team shall document the reasons for not conducting the functional behavioral assessment, not developing an interim plan, or both.

(h) If a behavioral emergency report is written regarding an individual with exceptional needs who has a positive behavioral intervention plan, an incident involving a previously unseen serious behavior problem, or where a previously designed intervention is ineffective, shall be referred to the IEP team to review and determine if the incident constitutes a need to modify the positive behavioral intervention plan.

EDC 56521.2.

(a) A local educational agency or nonpublic, nonsectarian school or agency serving individuals with exceptional needs pursuant to Sections 56365 and 56366, shall not authorize, order, consent to, or pay for the following interventions, or any other interventions similar to or like the following:

1. Any intervention that is designed to, or likely to, cause physical pain, including, but not limited to, electric shock.

2. An intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances in proximity to the face of the individual.

3. An intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities.

4. An intervention that is designed to subject, used to subject, or likely to subject, the individual to verbal abuse, ridicule, or humiliation, or that can be expected to cause excessive emotional trauma.
(5) Restrictive interventions that employ a device, material, or objects that simultaneously immobilize all four extremities, including the procedure known as prone containment, except that prone containment or similar techniques may be used by trained personnel as a limited emergency intervention.

(6) Locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.

(7) An intervention that precludes adequate supervision of the individual.

(8) An intervention that deprives the individual of one or more of his or her senses.

(b) In the case of a child whose behavior impedes the child's learning or that of others, the individualized education program team shall consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations.

EDC 56523.

(a) The Superintendent shall repeal those regulations governing the use of behavioral interventions with individuals with exceptional needs receiving special education and related services that are no longer supported by statute, including Section 3052 and subdivisions (d), (e), (f), (g), and (ab) of Section 3001 of Title 5 of the California Code of Regulations, as those provisions existed on January 10, 2013.

(b) This chapter is necessary to implement the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.) and associated federal regulations. This chapter is intended to provide the clarity, definition, and specificity necessary for local educational agencies to comply with the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.) and shall be implemented by local educational agencies without the development by the Superintendent and adoption by the state board of any additional regulations.

(c) Pursuant to Section 1401(9) of Title 20 of the United States Code, special education and related services must meet the standards of the department.

(d) As a condition of receiving funding from the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.), a local educational agency shall agree to adhere to this chapter and implementing federal regulations set forth in this chapter.

(e) The Superintendent may monitor local educational agency compliance with this chapter and may take appropriate action, including fiscal repercussions, if either of the following is found:

(1) The local educational agency failed to comply with this chapter and failed to comply substantially with corrective action orders issued by the department resulting from monitoring findings or complaint investigations.

(2) The local educational agency failed to implement the decision of a due process hearing officer based on noncompliance with this part, provisions of the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.), or the federal implementing regulations, wherein noncompliance resulted in the denial of, or impeded the delivery of, a free appropriate public education for an individual with exceptional needs.

(f) Commencing with the 2010-11 fiscal year, if any activities authorized pursuant to this chapter and implementing regulations are found be a state reimbursable mandate pursuant to Section 6 of Article XIII B of the California Constitution, state funding provided for purposes of special education pursuant to Item 6110-161-0001 of Section 2.00 of the annual Budget Act shall first be used to directly offset any mandated costs.

(g) The Legislature hereby requests the Department of Finance on or before December 31, 2013, to exercise its authority pursuant to subdivision (d) of Section 17557 of the Government Code to file a request with the Commission on State Mandates for the purpose of amending the parameters and guidelines of CSM-4464 to delete any reimbursable activities that have been repealed by statute or executive order and to update offsetting revenues that apply to the mandated program.
EDC 56524.
The superintendent shall explore with representatives of institutions of higher education and the Commission on Teacher Credentialing, the current training requirements for teachers to ensure that sufficient training is available in appropriate behavioral interventions for people entering the field of education.

Grounds for Suspension or Expulsion

LAWS

EDC 48900.

A pupil shall not be suspended from school or recommended for expulsion, unless the superintendent of the school district or the principal of the school in which the pupil is enrolled determines that the pupil has committed an act as defined pursuant to any of subdivisions (a) to (r), inclusive:

(a)(1) Caused, attempted to cause, or threatened to cause physical injury to another person.

(2) Willfully used force or violence upon the person of another, except in self-defense.

(b) Possessed, sold, or otherwise furnished a firearm, knife, explosive, or other dangerous object, unless, in the case of possession of an object of this type, the pupil had obtained written permission to possess the item from a certificated school employee, which is concurred in by the principal or the designee of the principal.

(c) Unlawfully possessed, used, sold, or otherwise furnished, or been under the influence of, a controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind.

(w)(1) It is the intent of the Legislature that alternatives to suspension or expulsion be imposed against a pupil who is truant, tardy, or otherwise absent from school activities.

(2) It is further the intent of the Legislature that the Multi-Tiered System of Supports, which includes restorative justice practices, trauma-informed practices, social and emotional learning, and schoolwide positive behavior interventions and support, may be used to help pupils gain critical social and emotional skills, receive support to help transform trauma-related responses, understand the impact of their actions, and develop meaningful methods for repairing harm to the school community.
EDC 48900.2.
In addition to the reasons specified in Section 48900, a pupil may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has committed sexual harassment as defined in Section 212.5. For the purposes of this chapter, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall not apply to pupils enrolled in kindergarten and grades 1 to 3, inclusive.

EDC 48900.7.
(a) In addition to the reasons specified in Sections 48900, 48900.2, 48900.3, and 48900.4, a pupil may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has made terroristic threats against school officials or school property, or both.

EDC 48915.
(a)(1) Except as provided in subdivisions (c) and (e), the principal or the superintendent of schools shall recommend the expulsion of a pupil for any of the following acts committed at school or at a school activity off school grounds, unless the principal or superintendent determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the conduct:
   (A) Causing serious physical injury to another person, except in self-defense.
   (B) Possession of any knife or other dangerous object of no reasonable use to the pupil.
(C) Unlawful possession of any controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, except for either of the following:

(b) Upon recommendation by the principal or the superintendent of schools, or by a hearing officer or administrative panel appointed pursuant to subdivision (d) of Section 48918, the governing board of a school district may order a pupil expelled upon finding that the pupil committed an act listed in paragraph (1) of subdivision (a) or in subdivision (a), (b), (c), (d), or (e) of Section 48900. A decision to expel a pupil for any of those acts shall be based on a finding of one or both of the following:

(1) Other means of correction are not feasible or have repeatedly failed to bring about proper conduct.

(2) Due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.

(c) The principal or superintendent of schools shall immediately suspend, pursuant to Section 48911, and shall recommend expulsion of a pupil that he or she determines has committed any of the following acts at school or at a school activity off school grounds:

(1) Possessing, selling, or otherwise furnishing a firearm. This subdivision does not apply to an act of possessing a firearm if the pupil had obtained prior written permission to possess the firearm from a certificated school employee, which is concurred in by the principal or the designee of the principal. This subdivision applies to an act of possessing a firearm only if the possession is verified by an employee of a school district. The act of possessing an imitation firearm, as defined in subdivision (m) of Section 48900, is not an offense for which suspension or expulsion is mandatory pursuant to this subdivision and subdivision (d), but it is an offense for which suspension, or expulsion pursuant to subdivision (e), may be imposed.

(2) Brandishing a knife at another person.

(3) Unlawfully selling a controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code.

(2) Is not provided at a comprehensive middle, junior, or senior high school, or at any elementary school.

(3) Is not housed at the schoolsite attended by the pupil at the time of suspension.

(e) Upon recommendation by the principal or the superintendent of schools, or by a hearing officer or administrative panel appointed pursuant to subdivision (d) of Section 48918, the governing board of a
school district may order a pupil expelled upon finding that the pupil, at school or at a school activity off of school grounds violated subdivision (f), (g), (h), (i), (j), (k), (l), or (m) of Section 48900, or Section 48900.2, 48900.3, or 48900.4, and either of the following:

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
2. That due to the nature of the violation, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.

(f) The governing board of a school district shall refer a pupil who has been expelled pursuant to subdivision (b) or (e) to a program of study that meets all of the conditions specified in subdivision (d). Notwithstanding this subdivision, with respect to a pupil expelled pursuant to subdivision (e), if the county superintendent of schools certifies that an alternative program of study is not available at a site away from a comprehensive middle, junior, or senior high school, or an elementary school, and that the only option for placement is at another comprehensive middle, junior, or senior high school, or another elementary school, the pupil may be referred to a program of study that is provided at a comprehensive middle, junior, or senior high school, or at an elementary school.

At the conference, the pupil shall be informed of the reason for the disciplinary

If a pupil is suspended without a conference before suspension, both the parent and the pupil shall be notified of the pupil's right to a conference and the pupil's right to return to school for the purpose of a conference. The conference shall be held within two schooldays, unless the pupil waives this right or is physically unable to attend for any reason, including, but not limited to, incarceration or hospitalization. The conference shall then be held as soon as the pupil is physically able to return to school for the conference.

(d) At the time of suspension, a school employee shall make a reasonable effort to contact the pupil's parent or guardian in person or by telephone. If a pupil is suspended from school, the parent or guardian shall be notified in writing of the suspension.

(f)(1) The parent or guardian of a pupil shall respond without delay to a request from school officials to attend a conference regarding his or her child's behavior.

(2) No penalties shall be imposed on a pupil for failure of the pupil's parent or guardian to attend a conference with school officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil's parent or guardian at the conference.

(g) In a case where expulsion from a school or suspension for the balance of the semester from continuation school is being processed by the governing board of the school district, the district superintendent of schools or other person designated by the district superintendent of schools in writing may extend the suspension until the governing board of the school district has rendered a decision in the action. However, an extension may be granted only if the district superintendent of schools or the district superintendent's designee has determined, following a meeting in which the pupil and the pupil's parent or guardian are invited to participate, that the presence of the pupil at the school or in an alternative school placement would cause a danger to persons or property or a threat of disrupting the instructional process. If the pupil is a foster child, as defined in Section 48853.5, the district superintendent of schools or the district superintendent's designee, including, but not limited to, the educational liaison for the school district, shall also invite the pupil's attorney and an appropriate representative of the county child welfare agency to participate in the meeting. If the pupil or the pupil's parent or guardian has requested a meeting to challenge the original suspension pursuant to Section 48914, the purpose of the meeting shall be to decide upon the extension of the suspension order under this section and may be held in conjunction with the initial meeting on the merits of the suspension.

EDC 48911.5.

The site principal of a contracting nonpublic, nonsectarian school providing services to individuals with exceptional needs under Sections 56365 and 56366, shall have the same duties and responsibilities with respect to the suspension of pupils with previously identified exceptional needs prescribed for the suspension of pupils under Section 48911.
EDC 48912.5.
The governing board of a school district may suspend a pupil enrolled in a continuation school or class for a period not longer than the remainder of the semester if any of the acts enumerated in Section 48900 occurred. The suspension shall meet the requirements of Section 48915.

EDC 48915.01.
If the governing board of a school district has established a community day school pursuant to Section 48661 on the same site as a comprehensive middle, junior, or senior high school, or at any elementary school, the governing board does not have to meet the condition in paragraph (2) of subdivision (d) of Section 48915 when the board, pursuant to subdivision (f) of Section 48915, refers a pupil to a program of study and that program of study is at the community day school. All the other conditions of subdivision (d) of Section 48915 are applicable to the referral as required by subdivision (f) of Section 48915.

EDC 48915.5.
(a) A pupil expelled from school for any of the offenses listed in subdivision (a) or (c) of Section 48915, shall not be permitted to enroll in any other school or school district during the period of expulsion unless it is a county community school pursuant to subdivision (c) of Section 1981, or a juvenile court school, as described in Section 48645.1, or a community day school pursuant to Article 3 (commencing with Section 48660) of Chapter 4 of Part 27.
(b) After a determination has been made, pursuant to a hearing under Section 48918, that an individual expelled from another school district for any act described in subdivision (a) or (c) of Section 48915 does not pose a danger to either the pupils or employees of the school district, the governing board of a school district may permit the individual to enroll in the school district after the term of expulsion, subject to one of the following conditions:
   (1) He or she has established legal residence in the school district, pursuant to Section 48200.
   (2) He or she is enrolled in the school pursuant to an interdistrict agreement executed between the affected school districts pursuant to Chapter 5 (commencing with Section 46600) of Part 26.

REGULATIONS

§ 352. Detention during recess or noon intermission.
A pupil shall not be required to remain in school during the intermission at noon, or during any recess.

§ 353. Detention after school.
A pupil shall not be detained in school for disciplinary or other reasons for more than one hour after the close of the maximum school day, except as otherwise provided in Section 307.

Due Process

LAWS

EDC 35146.
Notwithstanding the provisions of Section 35145 of this code and Section 54950 of the Government Code, the governing body of a school district shall, unless a request by the parent has been made pursuant to this section, hold closed sessions if the board is considering the suspension of, or disciplinary action or any other action except expulsion in connection with any pupil of the school district, if a public hearing upon such question would lead to the giving out of information concerning school pupils which would be in violation of Article 5 (commencing with Section 49073) of Chapter 6.5 of Part 27 of this code.
Before calling such closed session of the governing board of the district to consider these matters, the governing board of the district shall, in writing, by registered or certified mail or by personal service, if the pupil is a minor, notify the pupil and his or her parent or guardian, or the pupil if the pupil is an adult, of
the intent of the governing board of the district to call and hold such closed session. Unless the pupil, or his or her parent, or guardian shall, in writing, within 48 hours after receipt of such written notice of intention, request that the hearing of the governing board be held as a public meeting, then the hearing to consider such matters shall be conducted by the governing board in closed session. If such written request is served upon the clerk or secretary of the governing board, the meeting shall be public except that any discussion at such meeting that might be in conflict with the right to privacy of any pupil other than the pupil requesting the public meeting or on behalf of whom such meeting is requested, shall be in closed session. Whether the matter is considered at a closed session or at a public meeting, the final action of the governing board of the school district shall be taken at a public meeting and the result of such action shall be a public record of the school district.

EDC 35181.
The governing board of each school district may convene hearings, make findings, and adopt and issue policy statements setting forth the responsibilities of the pupils of that school district regarding academic performance, attendance, in-school behavior, and any other aspects of school life which the school district governing board may deem relevant to this task.

EDC 48911.
(a) The principal of the school, the principal's designee, or the district superintendent of schools may suspend a pupil from the school for any of the reasons enumerated in Section 48900, and pursuant to Section 48900.5, for no more than five consecutive schooldays.

(b) Suspension by the principal, the principal's designee, or the district superintendent of schools shall be preceded by an informal conference conducted by the principal, the principal's designee, or the district superintendent of schools between the pupil and, whenever practicable, the teacher, supervisor, or school employee who referred the pupil to the principal, the principal's designee, or the district superintendent of schools. At the conference, the pupil shall be informed of the reason for the disciplinary action, including the other means of correction that were attempted before the suspension as required under Section 48900.5, and the evidence against him or her, and shall be given the opportunity to present his or her version and evidence in his or her defense.

(c) A principal, the principal's designee, or the district superintendent of schools may suspend a pupil without affording the pupil an opportunity for a conference only if the principal, the principal's designee, or the district superintendent of schools determines that an emergency situation exists. "Emergency situation," as used in this article, means a situation determined by the principal, the principal's designee, or the district superintendent of schools to constitute a clear and present danger to the life, safety, or health of pupils or school personnel. If a pupil is suspended without a conference before suspension, both the parent and the pupil shall be notified of the pupil's right to a conference and the pupil's right to return to school for the purpose of a conference. The conference shall be held within two schooldays, unless the pupil waives this right or is physically unable to attend for any reason, including, but not limited to, incarceration or hospitalization. The conference shall then be held as soon as the pupil is physically able to return to school for the conference.

(d) At the time of suspension, a school employee shall make a reasonable effort to contact the pupil's parent or guardian in person or by telephone. If a pupil is suspended from school, the parent or guardian shall be notified in writing of the suspension.

(e) A school employee shall report the suspension of the pupil, including the cause for the suspension, to the governing board of the school district or to the district superintendent of schools in accordance with the regulations of the governing board of the school district.

(f)(1) The parent or guardian of a pupil shall respond without delay to a request from school officials to attend a conference regarding his or her child's behavior.
(2) No penalties shall be imposed on a pupil for failure of the pupil's parent or guardian to attend a conference with school officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil's parent or guardian at the conference.

(g) In a case where expulsion from a school or suspension for the balance of the semester from continuation school is being processed by the governing board of the school district, the district superintendent of schools or other person designated by the district superintendent of schools in writing may extend the suspension until the governing board of the school district has rendered a decision in the action. However, an extension may be granted only if the district superintendent of schools or the district superintendent's designee has determined, following a meeting in which the pupil and the pupil's parent or guardian are invited to participate, that the presence of the pupil at the school or in an alternative school placement would cause a danger to persons or property or a threat of disrupting the instructional process. If the pupil is a foster child, as defined in Section 48853.5, the district superintendent of schools or the district superintendent's designee, including, but not limited to, the educational liaison for the school district, shall also invite the pupil's attorney and an appropriate representative of the county child welfare agency to participate in the meeting. If the pupil or the pupil's parent or guardian has requested a meeting to challenge the original suspension pursuant to Section 48914, the purpose of the meeting shall be to decide upon the extension of the suspension order under this section and may be held in conjunction with the initial meeting on the merits of the suspension.

EDC 48912.

(a) The governing board may suspend a pupil from school for any of the acts enumerated in Section 48900 for any number of schooldays within the limits prescribed by Section 48903.

(b) Notwithstanding the provisions of Section 35145 of this code and Section 54950 of the Government Code, the governing board of a school district shall, unless a request has been made to the contrary, hold closed sessions if the board is considering the suspension of, disciplinary action against, or any other action against, except expulsion, any pupil, if a public hearing upon that question would lead to the giving out of information concerning a school pupil which would be in violation of Article 5 (commencing with Section 49073) of Chapter 6.5.

(c) Before calling a closed session to consider these matters, the governing board shall, in writing, by registered or certified mail or by personal service, notify the pupil and the pupil's parent or guardian, or the pupil if the pupil is an adult, of the intent of the governing board to call and hold a closed session. Unless the pupil or the pupil's parent or guardian shall, in writing, within 48 hours after receipt of the written notice of the board's intention, request that the hearing be held as a public meeting, the hearing to consider these matters shall be conducted by the governing board in closed session. In the event that a written request is served upon the clerk or secretary of the governing board, the meeting shall be public, except that any discussion at that meeting which may be in conflict with the right to privacy of any pupil other than the pupil requesting the public meeting, shall be in closed session.

EDC 48915.1.

(a) If the governing board of a school district receives a request from an individual who has been expelled from another school district for an act other than those described in subdivision (a) or (c) of Section 48915, for enrollment in a school maintained by the school district, the board shall hold a hearing to determine whether that individual poses a continuing danger either to the pupils or employees of the school district. The hearing and notice shall be conducted in accordance with the rules and regulations governing procedures for the expulsion of pupils as described in Section 48918. A school district may request information from another school district regarding a recommendation for expulsion or the expulsion of an applicant for enrollment. The school district receiving the request shall respond to the request with all deliberate speed but shall respond no later than five working days from the date of the receipt of the request.
(b) If a pupil has been expelled from his or her previous school for an act other than those listed in subdivision (a) or (c) of Section 48915, the parent, guardian, or pupil, if the pupil is emancipated or otherwise legally of age, shall, upon enrollment, inform the receiving school district of his or her status with the previous school district. If this information is not provided to the school district and the school district later determines the pupil was expelled from the previous school, the lack of compliance shall be recorded and discussed in the hearing required pursuant to subdivision (a).

(c) The governing board of a school district may make a determination to deny enrollment to an individual who has been expelled from another school district for an act other than those described in subdivision (a) or (c) of Section 48915, for the remainder of the expulsion period after a determination has been made, pursuant to a hearing, that the individual poses a potential danger to either the pupils or employees of the school district.

(d) The governing board of a school district, when making its determination whether to enroll an individual who has been expelled from another school district for these acts, may consider the following options:
   1. Deny enrollment.
   2. Permit enrollment.
   3. Permit conditional enrollment in a regular school program or another educational program.

(e) Notwithstanding any other provision of law, the governing board of a school district, after a determination has been made, pursuant to a hearing, that an individual expelled from another school district for an act other than those described in subdivision (a) or (c) of Section 48915 does not pose a danger to either the pupils or employees of the school district, shall permit the individual to enroll in a school in the school district during the term of the expulsion, provided that he or she, subsequent to the expulsion, either has established legal residence in the school district, pursuant to Section 48200, or has enrolled in the school pursuant to an interdistrict agreement executed between the affected school districts pursuant to Chapter 5 (commencing with Section 46600).

EDC 48917.

(a) The governing board, upon voting to expel a pupil, may suspend the enforcement of the expulsion order for a period of not more than one calendar year and may, as a condition of the suspension of enforcement, assign the pupil to a school, class, or program that is deemed appropriate for the rehabilitation of the pupil. The rehabilitation program to which the pupil is assigned may provide for the involvement of the pupil's parent or guardian in his or her child's education in ways that are specified in the rehabilitation program. A parent or guardian's refusal to participate in the rehabilitation program shall not be considered in the governing board's determination as to whether the pupil has satisfactorily completed the rehabilitation program.

(b) The governing board shall apply the criteria for suspending the enforcement of the expulsion order equally to all pupils, including individuals with exceptional needs as defined in Section 56026.

(c) During the period of the suspension of the expulsion order, the pupil is deemed to be on probationary status.

(d) The governing board may revoke the suspension of an expulsion order under this section if the pupil commits any of the acts enumerated in Section 48900 or violates any of the district's rules and regulations governing pupil conduct. When the governing board revokes the suspension of an expulsion order, a pupil may be expelled under the terms of the original expulsion order.

(e) Upon satisfactory completion of the rehabilitation assignment of a pupil, the governing board shall reinstate the pupil in a school of the district and may also order the expungement of any or all records of the expulsion proceedings.

(f) A decision of the governing board to suspend an expulsion order does not affect the time period and requirements for the filing of an appeal of the expulsion order with the county board of education required under Section 48919. Any appeal shall be filed within 30 days of the original vote of the governing board.
EDC 48918.

The governing board of each school district shall establish rules and regulations governing procedures for the expulsion of pupils. These procedures shall include, but are not necessarily limited to, all of the following:

(a)(1) The pupil shall be entitled to a hearing to determine whether the pupil should be expelled. An expulsion hearing shall be held within 30 schooldays after the date the principal or the superintendent of schools determines that the pupil has committed any of the acts enumerated in Section 48900, unless the pupil requests, in writing, that the hearing be postponed. The adopted rules and regulations shall specify that the pupil is entitled to at least one postponement of an expulsion hearing, for a period of not more than 30 calendar days. Any additional postponement may be granted at the discretion of the governing board of the school district.

(2) Within 10 schooldays after the conclusion of the hearing, the governing board of the school district shall decide whether to expel the pupil, unless the pupil requests in writing that the decision be postponed. If the hearing is held by a hearing officer or an administrative panel, or if the governing board of the school district does not meet on a weekly basis, the governing board of the school district shall decide whether to expel the pupil within 40 schooldays after the date of the pupil's removal from his or her school of attendance for the incident for which the recommendation for expulsion is made by the principal or the superintendent of schools, unless the pupil requests in writing that the decision be postponed.

(3) If compliance by the governing board of the school district with the time requirements for the conducting of an expulsion hearing under this subdivision is impracticable during the regular school year, the superintendent of schools or the superintendent's designee may, for good cause, extend the time period for the holding of the expulsion hearing for an additional five schooldays. If compliance by the governing board of the school district with the time requirements for the conducting of an expulsion hearing under this subdivision is impractical due to a summer recess of governing board meetings of more than two weeks, the days during the recess period shall not be counted as schooldays in meeting the time requirements. The days not counted as schooldays in meeting the time requirements for an expulsion hearing because of a summer recess of governing board meetings shall not exceed 20 schooldays, as defined in subdivision (c) of Section 48925, and unless the pupil requests in writing that the expulsion hearing be postponed, the hearing shall be held not later than 20 calendar days before the first day of school for the school year. Reasons for the extension of the time for the hearing shall be included as a part of the record at the time the expulsion hearing is conducted. Upon the commencement of the hearing, all matters shall be pursued and conducted with reasonable diligence and shall be concluded without any unnecessary delay.

(b) Written notice of the hearing shall be forwarded to the pupil at least 10 calendar days before the date of the hearing. The notice shall include all of the following:

(1) The date and place of the hearing.

(2) A statement of the specific facts and charges upon which the proposed expulsion is based.

(3) A copy of the disciplinary rules of the school district that relate to the alleged violation.

(4) A notice of the parent, guardian, or pupil's obligation pursuant to subdivision (b) of Section 48915.1.

(5) Notice of the opportunity for the pupil or the pupil's parent or guardian to appear in person or to be represented by legal counsel or by a nonattorney adviser, to inspect and obtain copies of all documents to be used at the hearing, to confront and question all witnesses who testify at the hearing, to question all other evidence presented, and to present oral and documentary evidence on the pupil's behalf, including witnesses. In a hearing in which a pupil is alleged to have committed or attempted to commit a sexual assault as specified in subdivision (n) of Section 48900 or to have committed a sexual battery as defined in subdivision (n) of Section 48900, a complaining witness shall be given five days' notice before being called to testify, and shall be entitled to have up to two adult support persons, including,
but not limited to, a parent, guardian, or legal counsel, present during his or her testimony. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential. This subdivision shall not preclude the person presiding over an expulsion hearing from removing a support person whom the presiding person finds is disrupting the hearing. If one or both of the support persons is also a witness, the provisions of Section 868.5 of the Penal Code shall be followed for the hearing. This section does not require a pupil or the pupil's parent or guardian to be represented by legal counsel or by a nonattorney adviser at the hearing.

(A) For purposes of this section, "legal counsel" means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California.

(B) For purposes of this section, "nonattorney adviser" means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case, and has been selected by the pupil or pupil's parent or guardian to provide assistance at the hearing.

(c)(1) Notwithstanding Section 35145, the governing board of the school district shall conduct a hearing to consider the expulsion of a pupil in a session closed to the public, unless the pupil requests, in writing, at least five days before the date of the hearing, that the hearing be conducted at a public meeting. Regardless of whether the expulsion hearing is conducted in a closed or public session, the governing board of the school district may meet in closed session for the purpose of deliberating and determining whether the pupil should be expelled.

(2) If the governing board of the school district or the hearing officer or administrative panel appointed under subdivision (d) to conduct the hearing admits any other person to a closed deliberation session, the parent or guardian of the pupil, the pupil, and the counsel of the pupil also shall be allowed to attend the closed deliberations.

(3) If the hearing is to be conducted at a public meeting, and there is a charge of committing or attempting to commit a sexual assault as defined in subdivision (n) of Section 48900 or to commit a sexual battery as defined in subdivision (n) of Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm, including, but not limited to, videotaped deposition or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

(d) Instead of conducting an expulsion hearing itself, the governing board of the school district may contract with the county hearing officer, or with the Office of Administrative Hearings pursuant to Chapter 14 (commencing with Section 27720) of Part 3 of Division 2 of Title 3 of the Government Code and Section 35207 of this code, for a hearing officer to conduct the hearing. The governing board of the school district may also appoint an impartial administrative panel of three or more certificated persons, none of whom is a member of the governing board of the school district or employed on the staff of the school in which the pupil is enrolled. The hearing shall be conducted in accordance with all of the procedures established under this section.

(e) Within three schooldays after the hearing, the hearing officer or administrative panel shall determine whether to recommend the expulsion of the pupil to the governing board of the school district. If the hearing officer or administrative panel decides not to recommend expulsion, the expulsion proceedings shall be terminated and the pupil immediately shall be reinstated and permitted to return to the classroom instructional program from which the expulsion referral was made, unless the parent, guardian, or responsible adult of the pupil requests another school placement in writing. Before the placement decision is made by the parent, guardian, or responsible adult, the superintendent of schools or the superintendent's designee shall consult with school district personnel, including the pupil's teachers, and the parent, guardian, or responsible adult regarding any other school placement options for the pupil in addition to the option to return to his or her classroom instructional program from which the expulsion referral was made. If the hearing officer or administrative panel finds that the pupil committed any of the
acts specified in subdivision (c) of Section 48915, but does not recommend expulsion, the pupil shall be immediately reinstated and may be referred to his or her prior school or another comprehensive school, or, pursuant to the procedures set forth in Section 48432.5, a continuation school of the school district. The decision not to recommend expulsion shall be final.

(f)(1) If the hearing officer or administrative panel recommends expulsion, findings of fact in support of the recommendation shall be prepared and submitted to the governing board of the school district. All findings of fact and recommendations shall be based solely on the evidence adduced at the hearing. If the governing board of the school district accepts the recommendation calling for expulsion, acceptance shall be based either upon a review of the findings of fact and recommendations submitted by the hearing officer or panel or upon the results of any supplementary hearing conducted pursuant to this section that the governing board of the school district may order.

(2) The decision of the governing board of the school district to expel a pupil shall be based upon substantial evidence relevant to the charges adduced at the expulsion hearing or hearings. Except as provided in this section, no evidence to expel shall be based solely upon hearsay evidence. The governing board of the school district or the hearing officer or administrative panel may, upon a finding that good cause exists, determine that the disclosure of either the identity of a witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the governing board of the school district or the hearing officer or administrative panel. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

(g) A record of the hearing shall be made. The record may be maintained by any means, including electronic recording, so long as a reasonably accurate and complete written transcription of the proceedings can be made.

(h)(1) Technical rules of evidence shall not apply to the hearing, but relevant evidence may be admitted and given probative effect only if it is the kind of evidence upon which reasonable persons are accustomed to rely in the conduct of serious affairs. A decision of the governing board of the school district to expel shall be supported by substantial evidence showing that the pupil committed any of the acts enumerated in Section 48900.

(2) In hearings that include an allegation of committing or attempting to commit a sexual assault as defined in subdivision (n) of Section 48900 or to commit a sexual battery as defined in subdivision (n) of Section 48900, evidence of specific instances, of a complaining witness’ prior sexual conduct is to be presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before the person conducting the hearing makes the determination on whether extraordinary circumstances exist requiring that specific instances of a complaining witness’ prior sexual conduct be heard, the complaining witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, guardian, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

(i)(1) Before the hearing has commenced, the governing board of the school district may issue subpoenas at the request of either the superintendent of schools or the superintendent's designee or the pupil, for the personal appearance of percipient witnesses at the hearing. After the hearing has commenced, the governing board of the school district or the hearing officer or administrative panel may, upon request of either the county superintendent of schools or the superintendent's designee or the pupil, issue subpoenas. All subpoenas shall be issued in accordance with Sections 1985, 1985.1, and 1985.2 of the Code of Civil Procedure. Enforcement of subpoenas shall be done in accordance with Section 11455.20 of the Government Code.
(2) Any objection raised by the superintendent of schools or the superintendent's designee or the pupil to the issuance of subpoenas may be considered by the governing board of the school district in closed session, or in open session, if so requested by the pupil before the meeting. Any decision by the governing board of the school district in response to an objection to the issuance of subpoenas shall be final and binding.

(3) If the governing board of the school district, hearing officer, or administrative panel determines, in accordance with subdivision (f), that a percipient witness would be subject to an unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as provided for in subdivision (f).

(4) Service of process shall be extended to all parts of the state and shall be served in accordance with Section 1987 of the Code of Civil Procedure. All witnesses appearing pursuant to subpoena, other than the parties or officers or employees of the state or any political subdivision of the state, shall receive fees, and all witnesses appearing pursuant to subpoena, except the parties, shall receive mileage in the same amount and under the same circumstances as prescribed for witnesses in civil actions in a superior court. Fees and mileage shall be paid by the party at whose request the witness is subpoenaed.

(j) Whether an expulsion hearing is conducted by the governing board of the school district or before a hearing officer or administrative panel, final action to expel a pupil shall be taken only by the governing board of the school district in a public session. Written notice of any decision to expel or to suspend the enforcement of an expulsion order during a period of probation shall be sent by the superintendent of schools or his or her designee to the pupil or the pupil's parent or guardian and shall be accompanied by all of the following:

(1) Notice of the right to appeal the expulsion to the county board of education.

(2) Notice of the education alternative placement to be provided to the pupil during the time of expulsion.

(3) Notice of the obligation of the parent, guardian, or pupil under subdivision (b) of Section 48915.1, upon the pupil's enrollment in a new school district, to inform that school district of the pupil's expulsion.

(k)(1) The governing board of the school district shall maintain a record of each expulsion, including the cause for the expulsion. Records of expulsions shall be nonprivileged, disclosable public records.

(2) The expulsion order and the causes for the expulsion shall be recorded in the pupil's mandatory interim record and shall be forwarded to any school in which the pupil subsequently enrolls upon receipt of a request from the admitting school for the pupil's school records.

EDC 48918.1.

(a)(1) If the decision to recommend expulsion is a discretionary act and the pupil is a foster child, as defined in Section 48853.5, the governing board of the school district shall provide notice of the expulsion hearing to the pupil's attorney and an appropriate representative of the county child welfare agency at least 10 calendar days before the date of the hearing. The notice may be made using the most cost-effective method possible, which may include, but is not limited to, electronic mail or a telephone call.

(2) If a recommendation of expulsion is required and the pupil is a foster child, as defined in Section 48853.5, the governing board of the school district may provide notice of the expulsion hearing to the pupil's attorney and an appropriate representative of the county child welfare agency at least 10 calendar days before the date of the hearing. The notice may be made using the most cost-effective method possible, which may include, but is not limited to, electronic mail or a telephone call.

(b)(1) If the decision to recommend expulsion is a discretionary act and the pupil is a homeless child or youth, as defined in Section 11434a(2) of Title 42 of the United States Code, the governing board of the school district shall provide notice of the expulsion hearing to the local educational agency liaison for
homeless children and youth designated pursuant to Section 11432(g)(1)(J)(ii) of Title 42 of the United States Code at least 10 calendar days before the date of the hearing. The notice may be made using the most cost-effective method possible, which may include, but is not limited to, electronic mail or a telephone call.

(2) If a recommendation of expulsion is required and the pupil is a homeless child or youth, as defined in Section 11434a(2) of Title 42 of the United States Code, the governing board of the school district may provide notice of the expulsion hearing to the local educational agency liaison for homeless children and youth designated pursuant to Section 11432(g)(1)(J)(ii) of Title 42 of the United States Code at least 10 calendar days before the date of the hearing. The notice may be made using the most cost-effective method possible, which may include, but is not limited to, electronic mail or a telephone call.

EDC 48918.5.

In expulsion hearings involving allegations brought pursuant to subdivision (n) of Section 48900, the governing board of each school district shall establish rules and regulations governing procedures. The procedures shall include, but are not limited to, all of the following:

(a) At the time that the expulsion hearing is recommended, the complaining witness shall be provided with a copy of the applicable disciplinary rules and advised of his or her right to: (1) receive five days' notice of the complaining witness's scheduled testimony at the hearing, (2) have up to two adult support persons of his or her choosing, present in the hearing at the time he or she testifies; and (3) to have the hearing closed during the time they testify pursuant to subdivision (c) of Section 48918.

(b) An expulsion hearing may be postponed for one schoolday in order to accommodate the special physical, mental, or emotional needs of a pupil who is the complaining witness where the allegations arise under subdivision (n) of Section 48900.

(c) The district shall provide a nonthreatening environment for a complaining witness in order to better enable them to speak freely and accurately of the experiences that are the subject of the expulsion hearing, and to prevent discouragement of complaints. Each school district shall provide a room separate from the hearing room for the use of the complaining witness prior to and during breaks in testimony. In the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he or she may leave the hearing room. The person conducting the hearing may arrange the seating within the hearing room of those present in order to facilitate a less intimidating environment for the complaining witness. The person conducting the hearing may limit the time for taking the testimony of a complaining witness to the hours he or she is normally in school, if there is no good cause to take the testimony during other hours. The person conducting the hearing may permit one of the complaining witness's support persons to accompany him or her to the witness stand.

(d) Whenever any allegation is made of conduct violative of subdivision (n) of Section 48900, complaining witnesses and accused pupils are to be advised immediately to refrain from personal or telephonic contact with each other during the pendency of any expulsion process.

EDC 48918.6.

In addition to any other immunity that may exist, any testimony provided by a pupil witness in an expulsion hearing conducted pursuant to this article is expressly deemed to be a communication protected by subdivision (b) of Section 47 of the Civil Code.

EDC 48919.

If a pupil is expelled from school, the pupil or the pupil's parent or guardian may, within 30 days following the decision of the governing board to expel, file an appeal to the county board of education which shall hold a hearing thereon and render its decision.
The county board of education, or in a class 1 or class 2 county a hearing officer or impartial administrative panel, shall hold the hearing within 20 schooldays following the filing of a formal request under this section. If the county board of education hears the appeal without a hearing conducted pursuant to Section 48919.5, then the board shall render a decision within three schooldays of the hearing conducted pursuant to Section 48920, unless the pupil requests a postponement.

The period within which an appeal is to be filed shall be determined from the date a governing board votes to expel even if enforcement of the expulsion action is suspended and the pupil is placed on probation pursuant to Section 48917. A pupil who fails to appeal the original action of the board within the prescribed time may not subsequently appeal a decision of the board to revoke probation and impose the original order of expulsion.

The county board of education shall adopt rules and regulations establishing procedures for expulsion appeals conducted under this section. If the county board of education in a class 1 or class 2 county elects to use the procedures in Section 48919.5, then the board shall adopt rules and regulations establishing procedures for expulsion appeals conducted under Section 48919.5. The adopted rules and regulations shall include, but need not be limited to, the requirements for filing a notice of appeal, the setting of a hearing date, the furnishing of notice to the pupil and the governing board regarding the appeal, the furnishing of a copy of the expulsion hearing record to the county board of education, procedures for the conduct of the hearing, and the preservation of the record of the appeal.

The pupil shall submit a written request for a copy of the written transcripts and supporting documents from the school district simultaneously with the filing of the notice of appeal with the county board of education. The school district shall provide the pupil with the transcriptions, supporting documents, and records within 10 schooldays following the pupil's written request. Upon receipt of the records, the pupil shall immediately file suitable copies of these records with the county board of education.

EDC 48919.5.

(a) A county board of education in a class 1 or class 2 county may have a hearing officer pursuant to Chapter 14 (commencing with Section 27720) of Part 3 of Title 3 of the Government Code, or an impartial administrative panel of three or more certificated persons appointed by the county board of education, hear appeals filed pursuant to Section 48919. The members of the impartial administrative panel shall not be members of the governing board of the school district nor employees of the school district, from which the pupil filing the appeal was expelled. Neither the hearing officer, nor any member of the administrative panel, hearing a pupil's appeal shall have been the hearing officer or a member of the administrative panel that conducted the pupil's expulsion hearing.

(b) A hearing conducted pursuant to this section shall not issue a final order of the county board. The hearing officer or impartial administrative panel shall prepare a recommended decision, including any findings or conclusions required for that decision, and shall submit that recommendation and the record to the county board of education within three schooldays of hearing the appeal.

(c) Sections 48919, 48920, 48921, 48922, 48923, and 48925 are applicable to a hearing conducted pursuant to this section.

(d) Within 10 schooldays of receiving the recommended decision and record from the hearing officer or the impartial administrative panel, the county board of education shall review the recommended decision and record and render a final order of the board.

(e) For purposes of this article, the following definitions shall apply:

1. "Countywide ADA" means the aggregate number of annual units of regular average daily attendance for the fiscal year in all school districts within the county.

2. "Class 1 county" means a county with 1994/95 countywide ADA of more than 500,000.

3. "Class 2 county" means a county with 1994/95 countywide ADA of at least 180,000 but less than 500,000.
EDC 48920.
Notwithstanding the provisions of Section 54950 of the Government Code and Section 35145 of this code, the county board of education shall hear an appeal of an expulsion order in closed session, unless the pupil requests, in writing, at least five days prior to the date of the hearing, that the hearing be conducted in a public meeting. Upon the timely submission of a request for a public meeting, the county board of education shall be required to honor the request. Whether the hearing is conducted in closed or public session, the county board may meet in closed session for the purpose of deliberations. If the county board admits any representative of the pupil or the school district, the board shall, at the same time, admit representatives from the opposing party.

EDC 48921.
The county board of education shall determine the appeal from a pupil expulsion upon the record of the hearing before the district governing board, together with such applicable documentation or regulations as may be ordered. No evidence other than that contained in the record of the proceedings of the school board may be heard unless a de novo proceeding is granted as provided in Section 48923.

It shall be the responsibility of the pupil to submit a written transcription for review by the county board. The cost of the transcript shall be borne by the pupil except in either of the following situations:

1. Where the pupil's parent or guardian certifies to the school district that he or she cannot reasonably afford the cost of the transcript because of limited income or exceptional necessary expenses, or both.
2. In a case in which the county board reverses the decision of the local governing board, the county board shall require that the local board reimburse the pupil for the cost of such transcription.

EDC 48922.
(a) The review by the county board of education of the decision of the governing board shall be limited to the following questions:

1. Whether the governing board acted without or in excess of its jurisdiction.
2. Whether there was a fair hearing before the governing board.
3. Whether there was a prejudicial abuse of discretion in the hearing.
4. Whether there is relevant and material evidence which, in the exercise of reasonable diligence, could not have been produced or which was improperly excluded at the hearing before the governing board.

(b) As used in this section, a proceeding without or in excess of jurisdiction includes, but is not limited to, a situation where an expulsion hearing is not commenced within the time periods prescribed by this article, a situation where an expulsion order is not based upon the acts enumerated in Section 48900, or a situation involving acts not related to school activity or attendance.

(c) For purposes of this section, an abuse of discretion is established in any of the following situations:

1. If school officials have not met the procedural requirements of this article.
2. If the decision to expel a pupil is not supported by the findings prescribed by Section 48915.
3. If the findings are not supported by the evidence.

A county board of education may not reverse the decision of a governing board to expel a pupil based upon a finding of an abuse of discretion unless the county board of education also determines that the abuse of discretion was prejudicial.

EDC 48923.
The decision of the county board shall be limited as follows:

(a) If the county board finds that relevant and material evidence exists which, in the exercise of reasonable diligence, could not have been produced or which was improperly excluded at the hearing before the governing board, it may do either of the following:
(1) Remand the matter to the governing board for reconsideration and may in addition order the pupil reinstated pending the reconsideration.

(2) Grant a hearing de novo upon reasonable notice thereof to the pupil and to the governing board. The hearing shall be conducted in conformance with the rules and regulations adopted by the county board under Section 48919.

(b) If the county board determines that the decision of the governing board is not supported by the findings required to be made by Section 48915, but evidence supporting the required findings exists in the record of the proceedings, the county board shall remand the matter to the governing board for adoption of the required findings. This remand for the adoption and inclusion of the required findings shall not result in an additional hearing pursuant to Section 48918, except that final action to expel the pupil based on the revised findings of fact shall meet all requirements of subdivisions (j) and (k) of Section 48918.

(c) In all other cases, the county board shall enter an order either affirming or reversing the decision of the governing board. In any case in which the county board enters a decision reversing the local board, the county board may direct the local board to expunge the record of the pupil and the records of the district of any references to the expulsion action and the expulsion shall be deemed not to have occurred.

(a) A pupil who is involuntarily enrolled in a county community school pursuant to subdivision (a) of, or subparagraph (A) of paragraph (1) or paragraph (3) of subdivision (c) of, Section 1981 shall have the right to reenroll in his or her former school or another comprehensive school immediately after being readmitted from the expulsion order pursuant to Section 48916 or court-ordered placement. Nothing in this section is intended to limit the school placement options that a school district may recommend for a pupil being readmitted.

(b) Consistent with the process and procedures set forth in Section 48916, only the governing board of the school district that issued the initial order or subsequent order to expel may extend the duration of an expelled pupil's placement in a county community school.

The hearing and notice shall be conducted in accordance with the rules and regulations governing procedures for the expulsion of pupils as described in Section 48918. A school district may request information from another school district regarding a recommendation for expulsion or the expulsion of an applicant for enrollment. The school district receiving the request shall respond to the request with all deliberate speed but shall respond no later than five working days from the date of the receipt of the request.

(b) If a pupil has been expelled from his or her previous school for an act other than those listed in subdivision (a) or (c) of Section 48915, the parent, guardian, or pupil, if the pupil is emancipated or otherwise legally of age, shall, upon enrollment, inform the receiving school district of his or her status
with the previous school district. If this information is not provided to the school district and the school district later determines the pupil was expelled from the previous school, the lack of compliance shall be recorded and discussed in the hearing required pursuant to subdivision (a).

(c) The governing board of a school district may make a determination to deny enrollment to an individual who has been expelled from another school district for an act other than those described in subdivision (a) or (c) of Section 48915, for the remainder of the expulsion period after a determination has been made, pursuant to a hearing, that the individual poses a potential danger to either the pupils or employees of the school district.

(d) The governing board of a school district, when making its determination whether to enroll an individual who has been expelled from another school district for these acts, may consider the following options:

(1) Deny enrollment.

(2) Permit enrollment.

(3) Permit conditional enrollment in a regular school program or another educational program.

(e) Notwithstanding any other provision of law, the governing board of a school district, after a determination has been made, pursuant to a hearing, that an individual expelled from another school district for an act other than those described in subdivision (a) or (c) of Section 48915 does not pose a danger to either the pupils or employees of the school district, shall permit the individual to enroll in a school in the school district during the term of the expulsion, provided that he or she, subsequent to the expulsion, either has established legal residence in the school district, pursuant to Section 48200, or has enrolled in the school pursuant to an interdistrict agreement executed between the affected school districts pursuant to Chapter 5 (commencing with Section 46600).

EDC 48915.2.

(a) A pupil expelled from school for any of the offenses listed in subdivision (a) or (c) of Section 48915, shall not be permitted to enroll in any other school or school district during the period of expulsion unless it is a county community school pursuant to subdivision (c) of Section 1981, or a juvenile court school, as described in Section 48645.1, or a community day school pursuant to Article 3 (commencing with Section 48660) of Chapter 4 of Part 27.

(b) After a determination has been made, pursuant to a hearing under Section 48918, that an individual expelled from another school district for any act described in subdivision (a) or (c) of Section 48915 does not pose a danger to either the pupils or employees of the school district, the governing board of a school district may permit the individual to enroll in the school district after the term of expulsion, subject to one of the following conditions:

(1) He or she has established legal residence in the school district, pursuant to Section 48200.

(2) He or she is enrolled in the school pursuant to an interdistrict agreement executed between the affected school districts pursuant to Chapter 5 (commencing with Section 46600) of Part 26.

EDC 48916.

(a) An expulsion order shall remain in effect until the governing board, in the manner prescribed in this article, orders the readmission of a pupil. At the time an expulsion of a pupil is ordered for an act other than those described in subdivision (c) of Section 48915, the governing board shall set a date, not later than the last day of the semester following the semester in which the expulsion occurred, when the pupil shall be reviewed for readmission to a school maintained by the district or to the school the pupil last attended. If an expulsion is ordered during summer session or the intersession period of a year-round program the governing board shall set a date, not later than the last day of the semester following the summer session or intersession period in which the expulsion occurred, when the pupil shall be reviewed for readmission to a school maintained by the district or to the school the pupil last attended. For a pupil who has been expelled pursuant to subdivision (c) of Section 48915, the governing board shall set a date of one year from the date the expulsion occurred, when the pupil shall be reviewed for readmission to a
school maintained by the district, except that the governing board may set an earlier date for readmission on a case-by-case basis.

(b) The governing board shall recommend a plan of rehabilitation for the pupil at the time of the expulsion order, which may include, but not be limited to, periodic review as well as assessment at the time of review for readmission. The plan may also include recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service, or other rehabilitative programs.

(c) The governing board of each school district shall adopt rules and regulations establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, the governing board shall readmit the pupil, unless the governing board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety or to other pupils or employees of the school district. A description of the procedure shall be made available to the pupil and the pupil's parent or guardian at the time the expulsion order is entered.

(d) If the governing board denies the readmission of an expelled pupil pursuant to subdivision (c), the governing board shall make a determination either to continue the placement of the pupil in the alternative educational program initially selected for the pupil during the period of the expulsion order or to place the pupil in another program that may include, but need not be limited to, serving expelled pupils, including placement in a county community school.

(e) The governing board shall provide written notice to the expelled pupil and the pupil's parent or guardian describing the reasons for denying the pupil readmittance into the regular school district program. The written notice shall also include the determination of the educational program for the expelled pupil pursuant to subdivision (d). The expelled pupil shall enroll in that educational program unless the parent or guardian of the pupil elects to enroll the pupil in another school district.

EDC 48916.5.

The governing board may require a pupil who is expelled from school for reasons relating to controlled substances, as defined in Sections 11054 to 11058, inclusive, of the Health and Safety Code, or alcohol, prior to returning to school to enroll in a county-supported drug rehabilitation program. No pupil shall be required to enroll in a rehabilitation program pursuant to this section without the consent of his or her parent or guardian.

EDC 48918.

The governing board of each school district shall establish rules and regulations governing procedures for the expulsion of pupils. These procedures shall include, but are not necessarily limited to, all of the following:

(e) Within three school days after the hearing, the hearing officer or administrative panel shall determine whether to recommend the expulsion of the pupil to the governing board of the school district. If the hearing officer or administrative panel decides not to recommend expulsion, the expulsion proceedings shall be terminated and the pupil immediately shall be reinstated and permitted to return to the classroom instructional program from which the expulsion referral was made, unless the parent, guardian, or responsible adult of the pupil requests another school placement in writing. Before the placement decision is made by the parent, guardian, or responsible adult, the superintendent of schools or the superintendent's designee shall consult with school district personnel, including the pupil's teachers, and the parent, guardian, or responsible adult regarding any other school placement options for the pupil in addition to the option to return to his or her classroom instructional program from which the expulsion referral was made. If the hearing officer or administrative panel finds that the pupil committed any of the acts specified in subdivision (c) of Section 48915, but does not recommend expulsion, the pupil shall be immediately reinstated and may be referred to his or her prior school or
another comprehensive school, or, pursuant to the procedures set forth in Section 48432.5, a continuation school of the school district. The decision not to recommend expulsion shall be final.

**EDC 1981.5.**

(a) A pupil who is involuntarily enrolled in a county community school pursuant to subdivision (a) of, or subparagraph (A) of paragraph (1) or paragraph (3) of subdivision (c) of, Section 1981 shall have the right to reenroll in his or her former school or another comprehensive school immediately after being readmitted from the expulsion order pursuant to Section 48916 or court-ordered placement. (g) County boards of education operating county community schools shall ensure that appropriate services and programs designed to address the language needs of pupils identified as English learners are provided in compliance with all applicable state and federal laws and regulatory provisions.

(h) For purposes of this section, "school credit recovery assistance" refers to a pupil passing, and receiving credit for, a course that the pupil previously attempted, but for which the pupil was unsuccessful in earning academic credit towards graduation. The pupil can recover the credit by satisfying requirements for the course in which they were unsuccessful and can focus on earning credit based on competency in the content standards for that particular course. Credit recovery programs aim to help schools graduate more pupils by giving pupils who have fallen behind the chance to recover credits through a multitude of different strategies. Different programs allow pupils to work on their credit recovery classes over the summer, on school breaks, after school, on weekends, at home on their own, at night in school computer labs, online, or even during the schoolday.

EDC 48903.

(a) Except as provided in subdivision (g) of Section 48911 and in Section 48912, the total number of days for which a pupil may be suspended from school shall not exceed 20 schooldays in any school year, unless for purposes of adjustment, a pupil enrolls in or is transferred to another regular school, an opportunity school or class, or a continuation education school or class, in which case the total number of schooldays for which the pupil may be suspended shall not exceed 30 days in any school year.

(b) For the purposes of this section, a school district may count suspensions that occur while a pupil is enrolled in another school district toward the maximum number of days for which a pupil may be suspended in any school year.

EDC 48910.

(a) A teacher may suspend any pupil from class, for any of the acts enumerated in Section 48900, for the day of the suspension and the day following. The teacher shall immediately report the suspension to the principal of the school and send the pupil to the principal or the designee of the principal for appropriate action. If that action requires the continued presence of the pupil at the schoolsite, the pupil shall be under appropriate supervision, as defined in policies and related regulations adopted by the governing board of the school district. As soon as possible, the teacher shall ask the parent or guardian of the pupil to attend a parent-teacher conference regarding the suspension. If practicable, a school counselor or a school psychologist may attend the conference. A school administrator shall attend the conference if the teacher or the parent or guardian so requests. The pupil shall not be returned to the class from which he or she was suspended, during the period of the suspension, without the concurrence of the teacher of the class and the principal.

(b) A pupil suspended from a class shall not be placed in another regular class during the period of suspension. However, if the pupil is assigned to more than one class per day this subdivision shall apply only to other regular classes scheduled at the same time as the class from which the pupil was suspended.

(c) A teacher may also refer a pupil, for any of the acts enumerated in Section 48900, to the principal or the designee of the principal for consideration of a suspension from the school.

EDC 48911.1.

(a) A pupil suspended from a school for any of the reasons enumerated in Sections 48900 and 48900.2 may be assigned, by the principal or the principal's designee, to a supervised suspension classroom for the entire period of suspension if the pupil poses no imminent danger or threat to the campus, pupils, or staff, or if an action to expel the pupil has not been initiated.

(b) Pupils assigned to a supervised suspension classroom shall be separated from other pupils at the schoolsite for the period of suspension in a separate classroom, building, or site for pupils under suspension.

(c) School districts may continue to claim apportionments for each pupil assigned to and attending a supervised suspension classroom provided as follows:

(1) The supervised suspension classroom is staffed as otherwise provided by law.

(2) Each pupil has access to appropriate counseling services.

(3) The supervised suspension classroom promotes completion of schoolwork and tests missed by the pupil during the suspension.

(4) Each pupil is responsible for contacting his or her teacher or teachers to receive assignments to be completed while the pupil is assigned to the supervised suspension classroom. The teacher shall
provide all assignments and tests that the pupil will miss while suspended. If no classroom work is assigned, the person supervising the suspension classroom shall assign schoolwork.

(d) At the time a pupil is assigned to a supervised suspension classroom, a school employee shall notify, in person or by telephone, the pupil's parent or guardian. Whenever a pupil is assigned to a supervised suspension classroom for longer than one class period, a school employee shall notify, in writing, the pupil's parent or guardian.

(e) This section does not place any limitation on a school district's ability to transfer a pupil to an opportunity school or class or a continuation education school or class.

(f) Apportionments claimed by a school district for pupils assigned to supervised suspension shall be used specifically to mitigate the cost of implementing this section.

EDC 48915.

(a)(1) Except as provided in subdivisions (c) and (e), the principal or the superintendent of schools shall recommend the expulsion of a pupil for any of the following acts committed at school or at a school activity off school grounds, unless the principal or superintendent determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the conduct:

(A) Causing serious physical injury to another person, except in self-defense.

(B) Possession of any knife or other dangerous object of no reasonable use to the pupil.

(C) Unlawful possession of any controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, except for either of the following:

(i) The first offense for the possession of not more than one avoirdupois ounce of marijuana, other than concentrated cannabis.

(ii) The possession of over-the-counter medication for use by the pupil for medical purposes or medication prescribed for the pupil by a physician.

(D) Robbery or extortion.

(E) Assault or battery, as defined in Sections 240 and 242 of the Penal Code, upon any school employee.

(2) If the principal or the superintendent of schools makes a determination as described in paragraph (1), he or she is encouraged to do so as quickly as possible to ensure that the pupil does not lose instructional time.

(b) Upon recommendation by the principal or the superintendent of schools, or by a hearing officer or administrative panel appointed pursuant to subdivision (d) of Section 48918, the governing board of a school district may order a pupil expelled upon finding that the pupil committed an act listed in paragraph (1) of subdivision (a) or in subdivision (a), (b), (c), (d), or (e) of Section 48900. A decision to expel a pupil for any of those acts shall be based on a finding of one or both of the following:

(1) Other means of correction are not feasible or have repeatedly failed to bring about proper conduct.

(2) Due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.

(c) The principal or superintendent of schools shall immediately suspend, pursuant to Section 48911, and shall recommend expulsion of a pupil that he or she determines has committed any of the following acts at school or at a school activity off school grounds:

(1) Possessing, selling, or otherwise furnishing a firearm. This subdivision does not apply to an act of possessing a firearm if the pupil had obtained prior written permission to possess the firearm from a certificated school employee, which is concurred in by the principal or the designee of the principal. This subdivision applies to an act of possessing a firearm only if the possession is verified by an employee of a school district. The act of possessing an imitation firearm, as defined in subdivision (m) of Section
48900, is not an offense for which suspension or expulsion is mandatory pursuant to this subdivision and subdivision (d), but it is an offense for which suspension, or expulsion pursuant to subdivision (e), may be imposed.

(2) Brandishing a knife at another person.

(3) Unlawfully selling a controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code.

(4) Committing or attempting to commit a sexual assault as defined in subdivision (n) of Section 48900 or committing a sexual battery as defined in subdivision (n) of Section 48900.

(5) Possession of an explosive.

(d) The governing board of a school district shall order a pupil expelled upon finding that the pupil committed an act listed in subdivision (c), and shall refer that pupil to a program of study that meets all of the following conditions:

(1) Is appropriately prepared to accommodate pupils who exhibit discipline problems.

(2) Is not provided at a comprehensive middle, junior, or senior high school, or at any elementary school.

(3) Is not housed at the schoolsite attended by the pupil at the time of suspension.

(e) Upon recommendation by the principal or the superintendent of schools, or by a hearing officer or administrative panel appointed pursuant to subdivision (d) of Section 48918, the governing board of a school district may order a pupil expelled upon finding that the pupil, at school or at a school activity off of school grounds violated subdivision (f), (g), (h), (i), (j), (k), (l), or (m) of Section 48900, or Section 48900.2, 48900.3, or 48900.4, and either of the following:

(1) That other means of correction are not feasible or have repeatedly failed to bring about proper conduct.

(2) That due to the nature of the violation, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.

(f) The governing board of a school district shall refer a pupil who has been expelled pursuant to subdivision (b) or (e) to a program of study that meets all of the conditions specified in subdivision (d). Notwithstanding this subdivision, with respect to a pupil expelled pursuant to subdivision (e), if the county superintendent of schools certifies that an alternative program of study is not available at a site away from a comprehensive middle, junior, or senior high school, or an elementary school, and that the only option for placement is at another comprehensive middle, junior, or senior high school, or another elementary school, the pupil may be referred to a program of study that is provided at a comprehensive middle, junior, or senior high school, or at an elementary school.

(g) As used in this section, "knife" means any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing, a weapon with a blade fitted primarily for stabbing, a weapon with a blade longer than 3½ inches, a folding knife with a blade that locks into place, or a razor with an unguarded blade.

EDC 48915.01.

If the governing board of a school district has established a community day school pursuant to Section 48661 on the same site as a comprehensive middle, junior, or senior high school, or at any elementary school, the governing board does not have to meet the condition in paragraph (2) of subdivision (d) of Section 48915 when the board, pursuant to subdivision (f) of Section 48915, refers a pupil to a program of study and that program of study is at the community day school. All the other conditions of subdivision (d) of Section 48915 are applicable to the referral as required by subdivision (f) of Section 48915.
EDC 48915.2.
(a) A pupil expelled from school for any of the offenses listed in subdivision (a) or (c) of Section 48915, shall not be permitted to enroll in any other school or school district during the period of expulsion unless it is a county community school pursuant to subdivision (c) of Section 1981, or a juvenile court school, as described in Section 48645.1, or a community day school pursuant to Article 3 (commencing with Section 48660) of Chapter 4 of Part 27.

(b) After a determination has been made, pursuant to a hearing under Section 48918, that an individual expelled from another school district for any act described in subdivision (a) or (c) of Section 48915 does not pose a danger to either the pupils or employees of the school district, the governing board of a school district may permit the individual to enroll in the school district after the term of expulsion, subject to one of the following conditions:

1. He or she has established legal residence in the school district, pursuant to Section 48200.
2. He or she is enrolled in the school pursuant to an interdistrict agreement executed between the affected school districts pursuant to Chapter 5 (commencing with Section 46600) of Part 26.

EDC 48915.5.
(a) A pupil expelled from school for any of the offenses listed in subdivision (a) or (c) of Section 48915, shall not be permitted to enroll in any other school or school district during the period of expulsion unless it is a county community school pursuant to subdivision (c) of Section 1981, or a juvenile court school, as described in Section 48645.1, or a community day school pursuant to Article 3 (commencing with Section 48660) of Chapter 4 of Part 27.

(b) After a determination has been made, pursuant to a hearing under Section 48918, that an individual expelled from another school district for any act described in subdivision (a) or (c) of Section 48915 does not pose a danger to either the pupils or employees of the school district, the governing board of a school district may permit the individual to enroll in the school district after the term of expulsion, subject to one of the following conditions:

1. He or she has established legal residence in the school district, pursuant to Section 48200.
2. He or she is enrolled in the school pursuant to an interdistrict agreement executed between the affected school districts pursuant to Chapter 5 (commencing with Section 46600) of Part 26.

EDC 48916.
(c) The governing board of each school district shall adopt rules and regulations establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, the governing board shall readmit the pupil, unless the governing board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety or to other pupils or employees of the school district. A description of the procedure shall be made available to the pupil and the pupil's parent or guardian at the time the expulsion order is entered.

(d) If the governing board denies the readmission of an expelled pupil pursuant to subdivision (c), the governing board shall make a determination either to continue the placement of the pupil in the alternative educational program initially selected for the pupil during the period of the expulsion order or to place the pupil in another program that may include, but need not be limited to, serving expelled pupils, including placement in a county community school.

EDC 48916.1.
(a) At the time an expulsion of a pupil is ordered, the governing board of the school district shall ensure that an educational program is provided to the pupil who is subject to the expulsion order for the period of the expulsion. Except for pupils expelled pursuant to subdivision (d) of Section 48915, the governing
board of a school district is required to implement the provisions of this section only to the extent funds are appropriated for this purpose in the annual Budget Act or other legislation, or both.

(b) Notwithstanding any other provision of law, any educational program provided pursuant to subdivision (a) may be operated by the school district, the county superintendent of schools, or a consortium of districts or in joint agreement with the county superintendent of schools.

(c) Any educational program provided pursuant to subdivision (b) may not be situated within or on the grounds of the school from which the pupil was expelled.

(d) If the pupil who is subject to the expulsion order was expelled from any of kindergarten or grades 1 to 6, inclusive, the educational program provided pursuant to subdivision (b) may not be combined or merged with educational programs offered to pupils in any of grades 7 to 12, inclusive. The district or county program is the only program required to be provided to expelled pupils as determined by the governing board of the school district. This subdivision, as it relates to the separation of pupils by grade levels, does not apply to community day schools offering instruction in any of kindergarten and grades 1 to 8, inclusive, and established in accordance with Section 48660.

(e)(1) Each school district shall maintain the following data:

(A) The number of pupils recommended for expulsion.
(B) The grounds for each recommended expulsion.
(C) Whether the pupil was subsequently expelled.
(D) Whether the expulsion order was suspended.
(E) The type of referral made after the expulsion.
(F) The disposition of the pupil after the end of the period of expulsion.

(2) The Superintendent may require a school district to report this data as part of the coordinated compliance review. If a school district does not report outcome data as required by this subdivision, the Superintendent may not apportion any further money to the school district pursuant to Section 48664 until the school district is in compliance with this subdivision. Before withholding the apportionment of funds to a school district pursuant to this subdivision, the Superintendent shall give written notice to the governing board of the school district that the school district has failed to report the data required by paragraph (1) and that the school district has 30 calendar days from the date of the written notice of noncompliance to report the requested data and thereby avoid the withholding of the apportionment of funds.

(f) If the county superintendent of schools is unable for any reason to serve the expelled pupils of a school district within the county, the governing board of that school district may enter into an agreement with a county superintendent of schools in another county to provide education services for the district's expelled pupils.

EDC 48926.

Each county superintendent of schools in counties that operate community schools pursuant to Section 1980, in conjunction with superintendents of the school districts within the county, shall develop a plan for providing education services to all expelled pupils in that county. The plan shall be adopted by the governing board of each school district within the county and by the county board of education.

The plan shall enumerate existing educational alternatives for expelled pupils, identify gaps in educational services to expelled pupils, and strategies for filling those service gaps. The plan shall also identify alternative placements for pupils who are expelled and placed in district community day school programs, but who fail to meet the terms and conditions of their rehabilitation plan or who pose a danger to other district pupils, as determined by the governing board.

Each county superintendent of schools, in conjunction with the superintendents of the school districts, shall submit to the Superintendent of Public Instruction the county plan for providing educational services
to all expelled pupils in the county no later than June 30, 1997, and shall submit a triennial update to the plan to the Superintendent of Public Instruction, including the outcome data pursuant to Section 48916.1, on June 30th thereafter.

EDC 48929.

Notwithstanding any other law, the governing board of a school district may transfer to another school in that school district a pupil enrolled in that school district who has been convicted of a violent felony, as defined in subdivision (c) of Section 667.5 of the Penal Code, or convicted of a misdemeanor listed in Section 29805 of the Penal Code if the pupil to be transferred and the victim of the crime for which the pupil was convicted are enrolled at the same school, subject to satisfaction of both of the following conditions:

(a) The governing board of the school district has adopted a policy at a regularly scheduled meeting that contains all of the following provisions:

(1) A requirement that the pupil and pupil’s parent or guardian be notified of the right to request a meeting with the school principal or designee of the school or school district.

(2) A requirement that the school first attempt to resolve the conflict before transferring a pupil, including, but not limited to, using restorative justice, counseling, or other services.

(3) Whether the decision to transfer a pupil is subject to periodic review and the procedure for conducting the review.

(4) The process to be used by the governing board of the school district to consider and approve or disapprove of the recommendation of the school principal or other school or school district designee to transfer the pupil.

(b) The governing board of the school district has provided notice of the policy to parents or guardians as part of the annual notification required pursuant to Section 48980.

EDC 58500.

The governing board of any school district may establish and maintain one or more alternative schools within the district.

For the purposes of this article, an alternative school is defined as a school or separate class group within a school which is operated in a manner designed to:

(3) In many school districts and neighborhoods, violence and criminal behavior are increasingly frequent.

(4) Teachers and other educators who are well prepared in principles of school safety may be able to mitigate, to some degree, the detrimental behavior of pupils and others on school campuses.

It is the further intent of the Legislature that the Commission on Teacher Credentialing adopt standards that address the principles of school safety in the preparation of future classroom teachers, school administrators, school counselors, and other pupil personnel service providers as a condition for licensing these prospective practitioners.

(c) Standards adopted by the commission pursuant to paragraph (3) of subdivision (b) of Section 44259, and pursuant to Sections 44266, 44270, 44277, and 44372, shall include the effective preparation of prospective classroom teachers, school administrators, school counselors, and other pupil personnel service providers in principles of school safety. In developing these standards, the commission shall consider, but is not limited to considering, the following principles of school safety:

Chronic Absenteeism and Truancy

LAWS

EDC 32261.

(a) The Legislature hereby recognizes that all pupils enrolled in the state public schools have the inalienable right to attend classes on school campuses that are safe, secure, and peaceful. The Legislature also recognizes that pupils cannot fully benefit from an educational program unless they attend school on a regular basis. In addition, the Legislature further recognizes that school crime, vandalism, truancy, and excessive absenteeism are significant problems on far too many school campuses in the state.

(b) The Legislature hereby finds and declares that the establishment of an interagency coordination system is the most efficient and long-lasting means of resolving school and community problems of truancy and crime, including vandalism, drug and alcohol abuse, gang membership, gang violence, and hate crimes.

EDC 33432.

The school attendance review board or probation officer may require, at any time that it determines proper, the pupil or parents or guardians of the pupil, or both, to furnish satisfactory evidence of participation in the available community services.

(2) If the school attendance review board or probation officer determines that available community services cannot resolve the problem of the truant or insubordinate pupil or if the pupil or the parents or guardians of the pupil, or both, have failed to respond to directives of the school attendance review board or probation officer or to services provided, the school attendance review board may, pursuant to Section 48263.5, notify the district attorney or the probation officer, or both, of the county in which the school district is located, or the probation officer may, pursuant to Section 48263.5, notify the district

(a) The first time a truancy report issued, the pupil and, as appropriate, the parent or legal guardian, may be requested to attend a meeting with a school counselor or other school designee to discuss the root causes of the attendance issue and develop a joint plan to improve the pupil's attendance.

(b) The second time a truancy report issued within the same school year, the pupil may be given a written warning by a peace officer as specified in Section 830.1 of the Penal Code. A record of the written warning may be kept at the school for not less than two years or until the pupil graduates or transfers from that school. If the pupil transfers from that school, the record may be forwarded to the school receiving the pupil's school records. A record of the written warning may be maintained by the law enforcement agency in accordance with that law enforcement agency's policies and procedures. If the school district does not have a truancy mediation program, the pupil may be required to attend a comparable program deemed acceptable by the school district's attendance supervisor. If the pupil does not successfully complete the truancy mediation program or other similar program, the pupil shall be subject to subdivision (d).

(d) The fourth time a truancy is issued within the same school year, the pupil may be within the jurisdiction of the juvenile court that may adjudge the pupil to be a ward of the court pursuant to Section 601 of the Welfare and Institutions Code. If the pupil is adjudged a ward of the court, the pupil shall be required to do one or more of the following:

1. Performance at court-approved community services sponsored by either a public or private nonprofit agency for not less than 20 hours but not more than 40 hours over a period not to exceed 90 days, during a time other than the pupil's hours of school attendance or employment. The probation officer shall report to the court the failure of the pupil to comply with this paragraph.

2. Payment of a fine by the pupil of not more than fifty dollars ($50) for which a parent or legal guardian of the pupil may be jointly liable. The fine described in this paragraph shall not be subject to the assessments of Section 1464 of the Penal Code or any other applicable section.

3. Attendance of a court-approved truancy prevention program.

4. Suspension or revocation of driving privileges pursuant to Section 13202.7 of the Vehicle Code. (2) Provide, in any proposed alternative, for maximum utilization of community and regional resources appropriately employed in behalf of minors prior to any involvement with the judicial system.

All other persons and group representatives shall be appointed by the county board of education.

The juvenile court does not have jurisdiction to order detention in any secure facility or other confinement for failure to comply with a subpoena issued pursuant to this section.

(d) Nothing in this section shall be construed to authorize a county or local school attendance review board to issue a subpoena for the production of written materials or the attendance of any person except as specifically provided in subdivision (a) with respect to the limited purpose of making a proper disposition of the referral of a minor pupil made pursuant to Section 48263.

(e) Nothing in this section shall be construed to authorize a county or local school attendance review board to issue a subpoena or request a subpoena to be issued for the production of written materials or the attendance of any person if it is verified that the minor pupil is enrolled and in regular attendance in a private school maintaining kindergarten or any of grades 1 to 12, inclusive, that has filed an affidavit pursuant to Sections 33190 and 48222 of the Education Code.

EDC 48323.
Each of the departments or agencies authorized to participate in school attendance review boards may assign personnel to represent the department or agency on a continuing basis in accordance with the intent of this article. The duties, obligations, or responsibilities which may be imposed on local governmental entities by this act are such that the related costs are incurred as a part of their normal operating procedures. The minor costs of such services may be borne by each agency or department and each or all of the participants may apply for and utilize state or federal funds as may be available.

EDC 48324.
The county school attendance review board may adopt such rules and regulations not inconsistent with law, as are necessary for its own government and to enable it to carry out the provisions of this article. The rules and regulations may be binding upon the local school attendance review boards which are established pursuant to subdivision (d) of Section 48321.

EDC 48325.
(a) The Legislature finds and declares that statewide policy coordination and personnel training with respect to county attendance review boards will greatly facilitate the achievement of the goals expressed in Section 48320. It is therefore the intent of the Legislature in enacting this section to do the following:

(1) Encourage the cooperation, coordination, and development of strategies to support county school attendance review boards in carrying out their responsibilities to establish local school attendance review boards as necessary. These strategies may include, but need not be limited to, plans for the training of school attendance review board personnel.

(2) Divert pupils with serious attendance and behavioral problems from the juvenile justice system to agencies more directly related to the state public school system by developing a system for gathering and dispensing information on successful community-based and school-based programs.

(3) Reduce duplication of the services of state and county agencies in serving high-risk youth, including youth with school attendance or behavioral problems.

(4) Reduce the number of dropouts in the state public education system by promoting interagency cooperation among those agencies which have as their goals preventing students from dropping out, and increasing the holding power of the public schools.

(b) The Superintendent of Public Instruction shall coordinate and administer a state school attendance review board, as follows:

(1) On or before January 31 of each year, the superintendent shall extend invitations of participation to representatives of appropriate groups throughout the state, including, but not limited to, representatives of school districts, parent groups, county probation departments, county welfare departments, county superintendents of schools, law enforcement agencies, community-based youth service centers, school guidance personnel, child welfare and attendance personnel, the health care profession and state associations having an interest in youth with school attendance or behavioral problems. The superintendent shall also request the participation of representatives from interested state agencies or
departments, including, but not limited to, the Department of the California Youth Authority, the Department of Justice, the State Department of Social Services, and the Office of Criminal Justice Planning. To the extent feasible, members of the board shall include persons who are currently members of county or local school attendance review boards. For every year after the first year that the board is convened, the purpose of the invitations of participation shall be to inform appropriate groups, state agencies, and departments of the purposes of the board, to fill vacancies, and to supplement the membership of the board as necessary.

(2) The superintendent shall prescribe an appropriate deadline for acceptance of invitations of participation as a member of the state school attendance review board for that particular year, and the invitations accepted on or before the deadline shall constitute the board for that year, except that the board shall also include a representative of the State Department of Education designated by the director of that department. The representative of the State Department of Education shall be the chairperson of the board.

(3) The superintendent shall convene the board at least four times during the year. At its first meeting, the board shall elect any officers, other than its chairperson, as it deems necessary. Members of the board shall serve without compensation and without reimbursement of travel and living expenses.

4. Early intervention activities that include, but are not limited to, the identification of pupils who are high risk or have chronic drug abuse problems, assessment, and referral for appropriate services, including ongoing support services.

5. Parent education programs to initiate and maintain parental involvement, with an emphasis for parents of at-risk pupils.

6. Staff and in-service training programs, including both in-depth training for the core team involved in providing program services and general awareness training for all school faculty and administrative, credentialed, and noncredentialed school personnel.

7. In-service training programs for local law enforcement officers.

8. School, law enforcement, and community involvement to ensure coordination of program services. Pursuant to that coordination, the school district or districts and other local agencies are encouraged to use a single community advisory committee or task force for drug, alcohol, and tobacco abuse prevention programs, as an alternative to the creation of a separate group for that purpose under each state or federally funded program.

(c) The application of the county superintendent of schools shall be submitted to the Office of Emergency Services. Funds made available to the Office of Emergency Services for allocation under
this section are intended to enhance, but shall not supplant, local funds that would, in the absence of the Comprehensive Alcohol and Drug Prevention Education component, be made available to prevent, intervene in, or suppress drug abuse among schoolage children. For districts that are already implementing a comprehensive drug abuse prevention program for pupils in grades 4 to 6, inclusive, the county superintendent shall propose the use of the funds for drug prevention activities in school grades other than 4 to 6, inclusive, compatible with the program components of this section. The expenditure of funds for that alternative purpose shall be approved by the Director of Emergency Services.

(1) Unless otherwise authorized by the Office of Emergency Services, each county superintendent of schools shall be the fiscal agent for any Comprehensive Alcohol and Drug Prevention Education component award, and shall be responsible for ensuring that each school district within that county receives the allocation prescribed by the Office of Emergency Services. Each county superintendent shall develop a countywide plan that complies with program guidelines and procedures established by the Office of Emergency Services pursuant to subdivision (d). A maximum of 5 percent of the county's allocation may be used for administrative costs associated with the project.

(2) Each county superintendent of schools shall establish and chair a local coordinating committee to assist the superintendent in developing and implementing a countywide implementation plan. This committee shall include the county drug administrator, law enforcement executives, school district governing board members and administrators, school faculty, parents, and drug prevention and intervention program executives selected by the superintendent and approved by the county board of supervisors.

(d) The Director of Emergency Services, in consultation with the State Department of Health Care Services and the State Department of Education, shall prepare and issue guidelines and procedures for the Comprehensive Alcohol and Drug Prevention Education component consistent with this section.

(e) The Comprehensive Alcohol and Drug Prevention Education component guidelines shall set forth the terms and conditions upon which the Office of Emergency Services is prepared to award grants of funds pursuant to this section. The guidelines shall not constitute rules, regulations, orders, or standards of general application.

LAWS

EDC 32261.

(a) The Legislature hereby recognizes that all pupils enrolled in the state public schools have the inalienable right to attend classes on school campuses that are safe, secure, and peaceful. The Legislature also recognizes that pupils cannot fully benefit from an educational program unless they attend school on a regular basis. In addition, the Legislature further recognizes that school crime, vandalism, truancy, and excessive absenteeism are significant problems on far too many school campuses in the state.

(b) The Legislature hereby finds and declares that the establishment of an interagency coordination system is the most efficient and long-lasting means of resolving school and community problems of truancy and crime, including vandalism, drug and alcohol abuse, gang membership, gang violence, and hate crimes.

(c) It is the intent of the Legislature in enacting this chapter to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses, and that address the safety concerns of local law enforcement.
agencies, community leaders, parents, pupils, teachers, administrators, school police, and other school employees interested in the prevention of school crime and violence.

(d) It is the intent of the Legislature in enacting this chapter to encourage school districts, county offices of education, law enforcement agencies, and agencies serving youth to develop and implement interagency strategies, in-service training programs, and activities that will improve school attendance and reduce school crime and violence, including vandalism, drug and alcohol abuse, gang membership, gang violence, hate crimes, bullying, including bullying committed personally or by means of an electronic act, teen relationship violence, and discrimination and harassment, including, but not limited to, sexual harassment.

(e) It is the intent of the Legislature in enacting this chapter that the School/Law Enforcement Partnership shall not duplicate any existing gang or drug and alcohol abuse program currently provided for schools.

(f) As used in this chapter, "bullying" has the same meaning as set forth in subdivision (r) of Section 48900.

(g) As used in this chapter, "electronic act" has the same meaning as set forth in subdivision (r) of Section 48900.

EDC 32270.
(a) The partnership shall establish a statewide school safety cadre for the purpose of facilitating interagency coordination and collaboration among school districts, county offices of education, agencies serving youth, allied agencies, community-based organizations, and law enforcement agencies to improve school attendance, encourage good citizenship, and to reduce school violence, school crime, including hate crimes, vandalism, drug and alcohol abuse, gang membership and gang violence, truancy rates, bullying, including acts that are committed personally or by means of an electronic act, teen relationship violence, and discrimination and harassment, including, but not limited to, sexual harassment.

(b) The partnership may appoint up to 100 professionals from educational agencies, community-based organizations, allied agencies, and law enforcement to the statewide cadre.

(c) The partnership shall provide training to the statewide cadre representatives to enable them to initiate and maintain school community safety programs among school districts, county offices of education, agencies serving youth, allied agencies, community-based organizations, and law enforcement agencies in each region.

EDC 32282.
(a) The comprehensive school safety plan shall include, but not be limited to, both of the following: [...] 

(F) The provisions of any schoolwide dress code, pursuant to Section 35183, that prohibits pupils from wearing "gang-related apparel," if the school has adopted that type of a dress code. For those purposes, the comprehensive school safety plan shall define "gang-related apparel." The definition shall be limited to apparel that, if worn or displayed on a school campus, reasonably could be determined to threaten the health and safety of the school environment. A schoolwide dress code established pursuant to this section and Section 35183 shall be enforced on the school campus and at any school-sponsored activity by the principal of the school or the person designated by the principal. For purposes of this paragraph, "gang-related apparel" shall not be considered a protected form of speech pursuant to Section 48950.

EDC 35183.
(a) The Legislature finds and declares each of the following:

(1) The children of this state have the right to an effective public school education. Both students and staff of the primary, elementary, junior and senior high school campuses have the constitutional right to be safe and secure in their persons at school. However, children in many of our public schools are
forced to focus on the threat of violence and the messages of violence contained in many aspects of our society, particularly reflected in gang regalia that disrupts the learning environment.

(2) "Gang-related apparel" is hazardous to the health and safety of the school environment.

(3) Instructing teachers and administrators on the subtleties of identifying constantly changing gang regalia and gang affiliation takes an increasing amount of time away from educating our children.

(4) Weapons, including firearms and knives, have become common place upon even our elementary school campuses. Students often conceal weapons by wearing clothing, such as jumpsuits and overcoats, and by carrying large bags.

(5) The adoption of a schoolwide uniform policy is a reasonable way to provide some protection for students. A required uniform may protect students from being associated with any particular gang. Moreover, by requiring schoolwide uniforms teachers and administrators may not need to occupy as much of their time learning the subtleties of gang regalia.

(6) To control the environment in public schools to facilitate and maintain an effective learning environment and to keep the focus of the classroom on learning and not personal safety, schools need the authorization to implement uniform clothing requirements for our public school children.

(7) Many educators believe that school dress significantly influences pupil behavior. This influence is evident on school dressup days and color days. Schools that have adopted school uniforms experience a "coming together feeling," greater school pride, and better behavior in and out of the classroom.

(b) The governing board of any school district may adopt or rescind a reasonable dress code policy that requires pupils to wear a schoolwide uniform or prohibits pupils from wearing "gang-related apparel" if the governing board of the school district approves a plan that may be initiated by an individual school's principal, staff, and parents and determines that the policy is necessary for the health and safety of the school environment. Individual schools may include the reasonable dress code policy as part of its school safety plan, pursuant to Section 32281.

(c) Adoption and enforcement of a reasonable dress code policy pursuant to subdivision (b) is not a violation of Section 48950. For purposes of this section, Section 48950 shall apply to elementary, high school, and unified school districts. If a schoolwide uniform is required, the specific uniform selected shall be determined by the principal, staff, and parents of the individual school.

(d) A dress code policy that requires pupils to wear a schoolwide uniform shall not be implemented with less than six months' notice to parents and the availability of resources to assist economically disadvantaged pupils.

(e) The governing board shall provide a method whereby parents may choose not to have their children comply with an adopted school uniform policy.

(f) If a governing board chooses to adopt a policy pursuant to this section, the policy shall include a provision that no pupil shall be penalized academically or otherwise discriminated against nor denied attendance to school if the pupil's parents chose not to have the pupil comply with the school uniform policy. The governing board shall continue to have responsibility for the appropriate education of those pupils.

(g) A policy adopted pursuant to this section shall not preclude pupils that participate in a nationally recognized youth organization from wearing organization uniforms on days that the organization has a scheduled meeting.

EDC 51264.

(a) The State Department of Education shall prepare and distribute to school districts and county offices of education guidelines for incorporating in-service training in gang violence and drug and alcohol abuse prevention for teachers, counselors, athletic directors, school board members, and other educational personnel into the staff development plans of all school districts and county offices of education.
(b) The department shall, upon request, assist school districts and county offices of education in developing comprehensive gang violence and drug and alcohol abuse prevention in-service training programs. The department's information and guidelines, to the maximum extent possible, shall encourage school districts and county offices of education to avoid duplication of effort by sharing resources, adapting or adopting model in-service training programs, developing joint and collaborative programs, and coordinating efforts with existing state staff development programs, county gang violence and drug and alcohol staff development programs, county health departments, county and city law enforcement agencies, and other public and private agencies providing health, drug, alcohol, gang violence prevention, or other related services at the local level.

(c) The department shall assist school districts and county offices of education in qualifying for the receipt of federal and state funds to support their gang violence and drug and alcohol abuse prevention in-service training programs.

(d) Each school that chooses to utilize the provisions of this article related to in-service training in gang violence and drug and alcohol abuse prevention, is encouraged to develop a single plan to strengthen its gang violence and drug and alcohol abuse prevention efforts. If a school develops or has developed a school improvement plan pursuant to Article 2 (commencing with Section 52010) of Chapter 6 of Part 28, or a school safety plan pursuant to Article 5 (commencing with Section 32280) of Chapter 2.5 of Part 19, it is encouraged to incorporate into that plan, where appropriate, the gang violence and drug and alcohol prevention plan that it has developed.

(e) The department shall consult with the Office of Emergency Services regarding gang violence.

EDC 51265.

It is the intent of the Legislature that school districts and county offices of education give high priority to gang violence and drug and alcohol abuse prevention in-service training programs, which shall be part of the overall strategy for comprehensive gang violence and drug and alcohol abuse prevention education. "Gang violence and drug and alcohol abuse prevention in-service training" for purposes of this article means the presentation of programs, instruction and curricula that will help educators develop competencies in interacting in a positive manner with children and youth to assist them in developing the positive values, self-esteem, knowledge, and skills to lead productive, gang-free and drug-free lives; develop knowledge of the causes of gang violence and substance abuse, and the properties and effects of tobacco, alcohol, narcotics, and dangerous drugs, including the risk of contracting acquired immune deficiency syndrome (AIDS) associated with intravenous drug use; receive training regarding available information and resources concerning gang violence and drug and alcohol abuse prevention as well as antigang and antisubstance abuse crime trends; develop familiarity with teaching social skills and resistance skills to children and youth; and develop skills in conducting effective education, which includes methods and techniques for helping children and youth to freely express ideas and opinions in a responsible manner and to understand the nature and consequences of their decisions as they relate to gang involvement and drug and alcohol abuse.

EDC 51266.

(a) The Office of Emergency Services, in collaboration with the State Department of Education, shall develop a model gang violence suppression and substance abuse prevention curriculum for grades 2, 4, and 6. The curriculum for grades 2, 4, and 6 shall be modeled after a similar curriculum that has been developed by the Orange County Office of Education for grades 3, 5, and 7. The Office of Emergency Services, in collaboration with the State Department of Education, may contract with a county office of education for the development of the model curriculum. The model curriculum shall be made available to school districts and county offices of education and shall, at a minimum, provide for each of the following:

(1) Lessons for grades 2, 4, and 6 that are aligned with the state curriculum frameworks for history, social science, and English and language arts.
(2) Instructional resources that address issues of ethnic diversity and at-promise pupils.

(3) The integration of the instructional resources of the Office of Emergency Services and the School/Law Enforcement Partnership in order to support the school curriculum and assist in the alignment of the state curriculum framework.

(b) The Office of Emergency Services shall develop an independent evaluation of the pupil outcomes of the model gang violence suppression and substance abuse prevention curriculum program.

3. Are excessively absent from school or are doing poorly in school as identified by personnel from the youth’s school.

(1) Collaborate with other local community-based organizations, nonprofit agencies or local agencies providing similar services, local schools, local law enforcement agencies, residents and families of the local community, private businesses in the local community, and charitable or religious organizations, for purposes of developing plans to provide a program of prevention and intervention services and activities with funds provided under this chapter.

PEN 13826.
The Legislature finds and declares all of the following:
(a) That violent activity by gangs is a serious and growing problem in the State of California.
(b) There is an increasing percentage of school age pupils involved in gang activity.
(c) There are many schools that serve a disproportionate number of youth involved in gang activity which are unable to effectively implement programs designed to prevent youth from becoming involved in gang activity. There is no statewide funded educational program developed for this purpose.
(d) There is evidence that gang involvement among youth begins at an early age.
(e) There is evidence that the parents of gang members lack appropriate parenting skills.
(f) There is evidence that drug activity is increasing among youth involved in gang activity.
(g) There is evidence that gang members have no contact with positive role models.

Funds awarded under this program as local assistance grants shall not be subject to review as specified in Section 10295 of the Public Contract Code.

4. The legal conclusion in the LEA Investigation Report is inconsistent with the law, and/or
5. In a case in which the LEA found noncompliance, the corrective actions fail to provide a proper remedy.

(f) If the CDE determines that the LEA Investigation Report failed to address an allegation raised by the complaint and subject to the UCP process, the CDE shall notify the LEA of such failure and direct the LEA to investigate and address such allegation(s) in accordance with this chapter. The LEA must provide both the CDE and the appellant with an amended investigation report that addresses the complaint allegation(s) that was not addressed in the original Investigation Report within 20 days of such notification. The amended report must also inform the appellant of the right to separately appeal, in accordance with this section, the amended investigation report with respect to the complaint allegation(s) that was not addressed in the original report. The CDE will proceed with its resolution of the appeal of the LEA Investigation Report as to allegations that have been addressed even while, at the same time, the LEA is preparing an amended investigation report as to any allegation(s) that the CDE identified as not having been addressed.

An LEA's failure to provide a timely and complete response may result in the CDE ruling on the appeal without considering information from the LEA.

(b) In deciding an appeal, the CDE shall not consider any information not previously presented to the LEA investigator during the investigation, unless requested by the CDE. Any confidential information or pupil information in the investigative file shall remain confidential and shall not be disclosed by the CDE, to the extent permitted by law.

(c) The CDE may contact the parties for further information, if necessary.

(d) The CDE shall review the investigation file, the complaint procedures, documents and any other evidence received from the LEA and determine whether:

3. The material findings of fact in the LEA Investigation Report are supported by substantial evidence;
4. The LEA Investigation Report includes a legal conclusion(s) that is consistent with the law; and

(e) If the CDE determines that the LEA Investigation Report meets the criteria in subsection (d) above, the appeal shall be denied.
(f) If the CDE determines that the LEA Investigation Report is deficient because it does not meet the criteria in subsection (d) above, the CDE may:

(1) Notify the LEA of such deficiencies and return the LEA Investigation Report to the LEA for further processing and instruct the LEA to provide both the CDE and the complainant with an amended Investigation Report within 20 days of such notification, which amended report must inform the complainant of the right to appeal in accordance with section 4632.; or

(2) Issue a Decision based on the evidence in the investigation file received from the LEA; or

(3) Conduct a further investigation of the allegations which are the basis for the appeal and issue a Decision.

(g) An appeal decision issued by the CDE shall include the following:

With respect to a pupil fee complaint, corrective actions shall include a remedy that comports with Education Code section 49013(d) and section 4600(t).

(h) The CDE must issue a written Decision regarding an appeal to the appellant within 60 days of the CDE's receipt of the appeal, unless extended by written agreement with the appellant, or the CDE documents exceptional circumstances and informs the appellant, or the CDE receives notice that the matter has been resolved at the local level, or the CDE receives notice that the matter has been judicially decided.

§ 4640. Filing a state complaint that has not first been filed at the Local Educational Agency (LEA); time lines, notice, appeal rights.

(a) If a complaint is erroneously filed with the CDE without first being filed with and investigated by the LEA, the CDE shall immediately forward the complaint to the LEA for processing in accordance with article 4 of this chapter, unless extraordinary circumstances exist necessitating direct state intervention as described at section 4650.

(b) The CDE will notify the complainant in writing that:

(1) The CDE does not have jurisdiction, at this time, over the complaint and that the complaint should have been filed with the LEA in the first instance;

(2) That the complaint has been transferred to the LEA requesting the LEA to process and investigate the allegation in the complaint; and

(3) That the complainant may file an appeal to the CDE following the issuance of the LEA Investigation Report, pursuant to section 4632.

§ 4650. Basis of direct state intervention.

(a) The CDE may at its discretion directly intervene without waiting for an LEA investigation if one or more of the following situations exist:

(1) The complaint includes an allegation that an LEA failed to comply with the complaint procedures required by this chapter and its local rules and regulations, including, but not limited to, the failure or refusal of the LEA to cooperate with the investigation;

(2) The complainant requests anonymity because the complainant would be in danger of retaliation and would suffer immediate and irreparable harm if the complainant filed a complaint with the LEA (except for complaints identified in section 4630(e), which may be filed anonymously at the local level);
(3) The complainant alleges that the LEA failed or refused to implement the final LEA Investigation Report resulting from its local investigation or local mediation agreement or a CDE appeal Decision;

(4) The complainant alleges that through no fault of the complainant, no action has been taken by the LEA within 60 calendar days of the date the complaint was filed. Prior to direct intervention, the CDE shall attempt to work with the LEA to allow it to complete the investigation and issue an LEA Investigation Report; or

(5) The complainant alleges that the complainant would suffer immediate and irreparable harm as a result of an application of a district-wide policy that is in conflict with state or federal law covered by this chapter, and that filing a complaint with the LEA would be futile.

(b) The CDE shall directly intervene without waiting for LEA investigation if the complaint alleges that an agency that is not an LEA violated laws relating to a Child Care and Development program;

(c) The complaint shall identify the basis, as described in subdivision (a) or subdivision (b) above, for filing the complaint directly to the CDE. The complainant must present the CDE with evidence that supports the basis for the direct filing.

§ 4651. Notification.

(a) When the Department accepts, a complaint requesting direct state intervention pursuant to section 4650, it will immediately notify the complainant in writing of the determination. If the complaint is not accepted, it shall be referred to the LEA for local investigation, or referred to another agency pursuant to section 4611.

(a) The Legislature hereby recognizes that all pupils enrolled in the state public schools have the inalienable right to attend classes on school campuses that are safe, secure, and peaceful. The Legislature also recognizes that pupils cannot fully benefit from an educational program unless they attend school on a regular basis. In addition, the Legislature further recognizes that school crime, vandalism, truancy, and excessive absenteeism are significant problems on far too many school campuses in the state.

(b) The Legislature hereby finds and declares that the establishment of an interagency coordination system is the most efficient and long-lasting means of resolving school and community problems of truancy and crime, including vandalism, drug and alcohol abuse, gang membership, gang violence, and hate crimes.

(c) It is the intent of the Legislature in enacting this chapter to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses, and that address the safety concerns of local law enforcement agencies, community leaders, parents, pupils, teachers, administrators, school police, and other school employees interested in the prevention of school crime and violence.

(d) It is the intent of the Legislature in enacting this chapter to encourage school districts, county offices of education, law enforcement agencies, and agencies serving youth to develop and implement interagency strategies, in-service training programs, and activities that will improve school attendance and reduce school crime and violence, including vandalism, drug and alcohol abuse, gang membership, gang violence, hate crimes, bullying, including bullying committed personally or by means of an electronic act, teen relationship violence, and discrimination and harassment, including, but not limited to, sexual harassment.

(e) It is the intent of the Legislature in enacting this chapter that the School/Law Enforcement Partnership shall not duplicate any existing gang or drug and alcohol abuse program currently provided for schools.

WIC 4343.

The Legislature recognizes that prevention and early intervention services have long been slighted in the
community mental health programs and has identified, as a goal of the Bronzan-McCorquodale program,
the prevention of serious mental disorders and psychological problems. It is the intent of the Legislature
to establish throughout the state a school-based primary intervention program designed for the early
detection and prevention of emotional, behavioral, and learning problems in primary grade children with
services provided by child aides or unpaid volunteers under the supervision of mental health
professionals. The Legislature recognizes the documented significant improvement of children who have
participated in the program over time. The goal of the primary intervention program is to help young
children derive maximum profit from the school experience and, in so doing, prevent later-life problems of
school failure, unemployment, delinquency, criminal behavior, and substance abuse.

WIC 4344.

Primary intervention programs shall be developed in accordance with the guidelines and principles set
forth in this chapter. To this end, school districts, publicly funded preschool programs, and local mental
health programs may implement primary intervention programs with available funds, or may jointly apply

(d) The programs shall serve children referred by either a screening process, a teacher, school-based
mental health professionals, other school personnel who have had opportunities to observe children in
interpersonal contacts, or parents. If a screening process is utilized, behavior rating scales shall
constitute the primary instrument from which referrals to primary intervention programs are made. To a
more limited extent, observations of children working on structured tasks and standardized projective
tests may also be used.

(e) The programs may include a parent involvement component.

(f) Before acceptance of a child into a primary intervention program, parental consent is required.

WIC 4346.

(a) Each primary intervention program shall have a core team consisting of school-based mental health
professionals, including credentialed school psychologists, school counselors, school social workers, or

(c) Child aides, under supervision of the school-based mental health professional, shall conduct weekly play sessions with children served in the primary intervention programs. Child aides may be salaried school aides, unpaid volunteers or other persons with time and interest in working with young children, and who may be provided stipends to meet expenses.

(d) All aides shall undergo a time-limited period of training that is focused on the main intervention strategies of the particular program and is provided prior to direct contacts with the children served in the primary intervention programs. Training shall, at a minimum, include basic child development, crisis intervention, techniques of nondirective play, other intervention skills appropriate to identified problem areas, and instruction in utilizing supervision and consultation.

WIC 4350.

local procedures adopted pursuant to section 4621 and prepare a written LEA Investigation Report. This
60-day time period may be extended with the written agreement of the complainant.

(b) The investigation shall include an opportunity for the complainant, or the complainant's representative,

(c) Refusal by the complainant to provide the investigator with documents or other evidence related to the
allegations in the complaint, or to otherwise fail or refuse to cooperate in the investigation or engage in
any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of
evidence to support the allegations.

(d) Refusal by the LEA to provide the investigator with access to records and/or other information related
to the allegation in the complaint, or to otherwise fail or refuse to cooperate in the investigation or engage
in any other obstruction of the investigation, may result in a finding based on evidence collected that a
violation has occurred and may result in the imposition of a remedy in favor of the complainant.

(e) The LEA shall issue an LEA Investigation Report based on the evidence. The LEA Investigation
Report shall be in writing and sent to the complainant within 60 days from receipt of the complaint by the
LEA, subject to any extension under subsection (a) above. The LEA Investigation Report shall include:

the LEA has used its local uniform complaint procedures to address a complaint not described in
section 4610(b); and

(5) procedures to be followed for initiating an appeal to the CDE.

(f) Nothing in this chapter shall prohibit the parties from utilizing alternative methods to resolve the
allegations in the complaint, including, but not limited to, local mediation.

(g) Nothing in this chapter shall prohibit an LEA from resolving complaints prior to the formal filing of a
written complaint.

§ 4632. Appeal of LEA investigation report - grounds.
(a) The complainant may appeal an LEA Investigation Report for a complaint described in section 4610(b) to the CDE by filing a written appeal within 30 days of the date of the LEA Investigation Report.

(b) In order to request an appeal, the complainant must specify and explain the basis for the appeal, including at least one of the following:

(1) The LEA failed to follow its complaint procedures, and/or
(2) Relative to the allegations of the complaint, the LEA Investigation Report lacks material findings of fact necessary to reach a conclusion of law, and/or
(3) The material findings of fact in the LEA Investigation Report are not supported by substantial evidence, and/or
(4) The legal conclusion in the LEA Investigation Report is inconsistent with the law, and/or
(5) In a case in which the LEA found noncompliance, the corrective actions fail to provide a proper remedy.

(c) The appeal shall be accompanied by:

(1) a copy of the locally filed complaint; and
(2) a copy of the LEA Investigation Report.

(d) Appeals that do not comply with subsections (a) through (c), or do not pertain to subject matter described in section 4610(b), will not be processed. The CDE will notify the appellant of the deficiencies.

(e) If the CDE determines the appeal raises issues not contained in the local complaint, the CDE will refer those new issues back to the LEA for resolution as a new complaint under section 4630 or 4631.

(f) If the CDE determines that the LEA Investigation Report failed to address an allegation raised by the complaint and subject to the UCP process, the CDE shall notify the LEA of such failure and direct the LEA to investigate and address such allegation(s) in accordance with this chapter. The LEA must provide both the CDE and the appellant with an amended investigation report that addresses the complaint allegation(s) that was not addressed in the original Investigation Report within 20 days of such notification. The amended report must also inform the appellant of the right to separately appeal, in accordance with this section, the amended investigation report with respect to the complaint allegation(s) that was not addressed in the original report. The CDE will proceed with its resolution of the appeal of the LEA Investigation Report as to allegations that have been addressed even while, at the same time, the LEA is preparing an amended investigation report as to any allegation(s) that the CDE identified as not having been addressed.

§ 4633. Appeal of LEA investigation report.

(a) If the LEA Investigation Report is appealed and meets the requirements of section 4632, subdivisions (a) through (c), the CDE shall notify the LEA of the appeal. Upon notification by the CDE that the LEA Investigation Report has been appealed, the LEA shall forward the following to the CDE within 10 days of the date of notification:

(1) A copy of the original complaint;
(2) A copy of the LEA Investigation Report;
(3) A copy of the investigation file, including but not limited to, all notes, interviews and documents submitted by the parties or gathered by the investigator;
(4) A report of any action taken to resolve the complaint;
(5) A copy of the LEA complaint procedures; and
(6) Such other relevant information as the CDE may request.

An LEA’s failure to provide a timely and complete response may result in the CDE ruling on the appeal without considering information from the LEA.
(b) In deciding an appeal, the CDE shall not consider any information not previously presented to the LEA investigator during the investigation, unless requested by the CDE. Any confidential information or pupil information in the investigative file shall remain confidential and shall not be disclosed by the CDE, to the extent permitted by law.

c) The CDE may contact the parties for further information, if necessary.

d) The CDE shall review the investigation file, the complaint procedures, documents and any other evidence received from the LEA and determine whether:

   1. The LEA followed its complaint procedures;
   2. The LEA Investigation Report includes material findings of fact necessary to reach a conclusion of law on the subject of the appeal;
   3. The material findings of fact in the LEA Investigation Report are supported by substantial evidence;
   4. The LEA Investigation Report includes a legal conclusion(s) that is consistent with the law; and
   5. In a case in which the LEA found noncompliance, the corrective actions provide a proper remedy.

(e) If the CDE determines that the LEA Investigation Report meets the criteria in subsection (d) above, the appeal shall be denied.

(f) If the CDE determines that the LEA Investigation Report is deficient because it does not meet the criteria in subsection (d) above, the CDE may:

   1. Notify the LEA of such deficiencies and return the LEA Investigation Report to the LEA for further processing and instruct the LEA to provide both the CDE and the complainant with an amended Investigation Report within 20 days of such notification, which amended report must inform the complainant of the right to appeal in accordance with section 4632.; or
   2. Issue a Decision based on the evidence in the investigation file received from the LEA; or
   3. Conduct a further investigation of the allegations which are the basis for the appeal and issue a Decision.

(g) An appeal decision issued by the CDE shall include the following:

   1. A finding that the LEA complied or did not comply with its complaint procedures;
   2. The CDE's determination as to the LEA's findings of fact and conclusions of law regarding the issue on appeal; and
   3. Corrective actions as appropriate and including a remedy to the affected pupil, or in the case of complaints related to subsections (a)(1)(I), (a)(1)(J), (a)(1)(K), and (a)(1)(L) of Education Code section 33315 , or as otherwise required by law, a remedy to all affected pupils, parents, and guardians. With respect to a pupil fee complaint, corrective actions shall include a remedy that comports with Education Code section 49013(d) and section 4600(t).

(h) The CDE must issue a written Decision regarding an appeal-to the appellant within 60 days of the CDE's receipt of the appeal, unless extended by written agreement with the appellant, or the CDE documents exceptional circumstances and informs the appellant, or the CDE receives notice that the matter has been resolved at the local level, or the CDE receives notice that the matter has been judicially decided.

§ 4640. Filing a state complaint that has not first been filed at the Local Educational Agency (LEA); time lines, notice, appeal rights.

(a) If a complaint is erroneously filed with the CDE without first being filed with and investigated by the LEA, the CDE shall immediately forward the complaint to the LEA for processing in accordance with article 4 of this chapter, unless extraordinary circumstances exist necessitating direct state intervention as described at section 4650.

(b) The CDE will notify the complainant in writing that:
(1) The CDE does not have jurisdiction, at this time, over the complaint and that the complaint should have been filed with the LEA in the first instance;
(2) That the complaint has been transferred to the LEA requesting the LEA to process and investigate the allegation in the complaint; and
(3) That the complainant may file an appeal to the CDE following the issuance of the LEA Investigation Report, pursuant to section 4632.

§ 4650. Basis of direct state intervention.
(a) The CDE may at its discretion directly intervene without waiting for an LEA investigation if one or more of the following situations exist:

(1) The complaint includes an allegation that an LEA failed to comply with the complaint procedures required by this chapter and its local rules and regulations, including, but not limited to, the failure or refusal of the LEA to cooperate with the investigation;
(2) The complainant requests anonymity because the complainant would be in danger of retaliation and would suffer immediate and irreparable harm if the complainant filed a complaint with the LEA (except for complaints identified in section 4630(e), which may be filed anonymously at the local level);
(3) The complainant alleges that the LEA failed or refused to implement the final LEA Investigation Report resulting from its local investigation or local mediation agreement or a CDE appeal Decision;
(4) The complainant alleges that through no fault of the complainant, no action has been taken by the LEA within 60 calendar days of the date the complaint was filed. Prior to direct intervention, the CDE shall attempt to work with the LEA to allow it to complete the investigation and issue an LEA Investigation Report; or
(5) The complainant alleges that the complainant would suffer immediate and irreparable harm as a result of an application of a district-wide policy that is in conflict with state or federal law covered by this chapter, and that filing a complaint with the LEA would be futile.

(b) The CDE shall directly intervene without waiting for LEA investigation if the complaint alleges that an agency that is not an LEA violated laws relating to a Child Care and Development program;

(c) The complaint shall identify the basis, as described in subdivision (a) or subdivision (b) above, for filing the complaint directly to the CDE. The complainant must present the CDE with evidence that supports the basis for the direct filing.

§ 4651. Notification.
(a) When the Department accepts, a complaint requesting direct state intervention pursuant to section 4650, it will immediately notify the complainant in writing of the determination. If the complaint is not accepted, it shall be referred to the LEA for local investigation, or referred to another agency pursuant to section 4611.

(b) When the CDE declines direct intervention for a complainant who requests anonymity pursuant to section 4650(a)(2), the CDE will not forward the complaint to the LEA pursuant to section 4640 without the complainant’s permission.

§ 4664. Department investigation report.
(a) In cases of direct state intervention, the CDE shall issue a Department Investigation Report. The Department Investigation Report shall include the following:

(1) A summary of the allegations in the complaint;
(2) A description of the general procedures of the investigation;
(3) Citations of applicable law and regulations;
(4) Department findings of facts;
(5) Department conclusions;
(6) Corrective actions for the LEA or other public agency as defined in section 3200, if applicable;

(7) Time line for corrective actions, if applicable;

(8) Notice that any party may request reconsideration of the Department Investigation Report from the Superintendent within 30 days of the date of the report;

(9) For those federal programs for which there is a right to appeal to the United States Secretary of Education, the parties shall be notified of that right.

(b) The CDE must issue a written Department Investigation Report to the complainant within 60 days of receipt of the complaint, unless the parties have agreed to extend the time line or the CDE documents exceptional circumstances and informs the complainant, or the matter has been resolved at the local level or judicially decided.

§ 4665. Reconsideration of department investigation report.

(a) Within 30 days of the date of the Department Investigation Report, either party may request reconsideration by the Superintendent or the Superintendent's designee. The request for reconsideration shall specify and explain why:

1. Relative to the allegation(s), the Department Investigation Report lacks material findings of fact necessary to reach a conclusion of law on the subject of the complaint, and/or

2. The material findings of fact in the Department Investigation Report are not supported by substantial evidence, and/or

3. The legal conclusion in the Department Investigation Report is inconsistent with the law, and/or

4. In a case in which the CDE found noncompliance, the corrective actions fail to provide a proper remedy.

(b) In evaluating or deciding on a request for reconsideration, the CDE will not consider any information not previously submitted to the CDE by a party during the investigation unless such information was unknown to the party at time of the investigation and, with due diligence, could not have become known to the party. This prohibition does not prohibit the CDE from seeking and obtaining information from any source necessary to issue an accurate Department Investigation Report.

(c) Within 60 days of the receipt of the request for reconsideration, the Superintendent or the Superintendent's designee shall respond in writing to the parties. Such response may include a denial of the request for reconsideration, or modifications to the Department Investigation Report necessary to ensure factual and legal accuracy. Pending the Superintendent's response to a request for reconsideration, the Department Investigation Report remains in effect and enforceable, unless stayed by a court.

(d) Appeals from investigations of complaints involving Child Development contractors, whether public or private, shall be made to the Superintendent of Public Instruction as provided in subsection (a) except as otherwise provided in division 19 of title 5 of the Code of California Regulations.

(e) For those federal programs for which there is a right to appeal to the United States Secretary of Education, the parties shall be notified of that right.

LAWS

EDC 48213.

If a pupil is excluded from attendance pursuant to Section 120230 of the Health and Safety Code or Section 49451 of this code, or if a principal or his or her designee determines that the continued presence of the child would constitute a clear and present danger to the life, safety, or health of a pupil or school personnel, the governing board is not required to send prior notice of the exclusion to the parent or
guardian of the pupil. The governing board shall send a notice of the exclusion as soon as is reasonably possible after the exclusion.

EDC 48240.

(a) The governing board of each school district and each county superintendent of schools shall appoint a supervisor of attendance and any assistant supervisors of attendance as may be necessary to supervise the attendance of pupils in the school district or county. The governing board of the school district or county superintendent of schools shall prescribe the duties of the supervisor of attendance and assistant supervisors of attendance to include, among other duties that may be required, those specific duties related to compulsory full-time education, truancy, work permits, compulsory continuation education, and opportunity schools, classes, and programs, now required of the attendance supervisors by this chapter and Article 4 (commencing with Section 48450) of Chapter 3 and Article 2 (commencing with Section 48640) of Chapter 4.

(b) It is the intent of the Legislature that in performing his or her duties, the supervisor of attendance promote a culture of attendance and establish a system to accurately track pupil attendance in order to achieve all of the following:

1. Raise the awareness of school personnel, parents, guardians, caregivers, community partners, and local businesses of the effects of chronic absenteeism and truancy and other challenges associated with poor attendance.
2. Identify and respond to grade level or pupil subgroup patterns of chronic absenteeism or truancy.
3. Identify and address factors contributing to chronic absenteeism and habitual truancy, including suspension and expulsion.
4. Ensure that pupils with attendance problems are identified as early as possible to provide applicable support services and interventions.
5. Evaluate the effectiveness of strategies implemented to reduce chronic absenteeism rates and truancy rates.

(c) When a pupil with a temporary disability, as defined in Section 48206.3, is receiving individual instruction in the home or a hospital or other residential health facility, the supervisor of attendance shall ensure that absences from the pupil's regular school program are excused until the pupil is able to return to the regular school program.

(d) The supervisor of attendance may provide support services and interventions, which may include, but are not limited to, any or all of the following:

1. A conference between school personnel, the pupil's parent or guardian, and the pupil.
2. Promoting cocurricular and extracurricular activities that increase pupil connectedness to school, such as tutoring, mentoring, the arts, service learning, or athletics.
3. Recognizing pupils who achieve excellent attendance or demonstrate significant improvement in attendance.
4. Referral to a school nurse, school counselor, school psychologist, school social worker, and other pupil support personnel for case management and counseling.
5. Collaboration with child welfare services, law enforcement, courts, public health care agencies, or government agencies, or medical, mental health, and oral health care providers to receive necessary services.
6. Collaborating with school study teams, guidance teams, school attendance review teams, or other intervention-related teams to assess the attendance or behavior problem in partnership with the pupil and his or her parents, guardians, or caregivers.
7. In schools with significantly higher rates of chronic absenteeism, identify barriers to attendance that may require schoolwide strategies rather than case management.
(8) Referral for a comprehensive psychosocial or psychoeducational assessment, including for purposes of creating an individualized education program for an individual with exceptional needs, as that term is defined in Section 56026, or plan adopted for a qualified handicapped person, as that term is defined in regulations promulgated by the United States Department of Education pursuant to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794).

(9) Referral to a school attendance review board established by the county or by a school district pursuant to Section 48321 or to the probation department pursuant to Section 48263.

(10) Referral to a truancy mediation program operated by the county's district attorney or probation officer pursuant to Section 48260.6.

EDC 48260.5.

Upon a pupil's initial classification as a truant, the school district shall notify the pupil's parent or guardian using the most cost-effective method possible, which may include electronic mail or a telephone call:

(a) That the pupil is truant.

(b) That the parent or guardian is obligated to compel the attendance of the pupil at school.

(c) That parents or guardians who fail to meet this obligation may be guilty of an infraction and subject to prosecution pursuant to Article 6 (commencing with Section 48290).

(d) That alternative educational programs are available in the school district.

(e) That the parent or guardian has the right to meet with appropriate school personnel to discuss solutions to the pupil's truancy.

(f) That the pupil may be subject to prosecution under Section 48264.

(g) For a pupil under 18 years of age but 13 years of age or older, that the pupil may be subject to suspension, restriction, or delay of the pupil's driving privilege pursuant to Section 13202.7 of the Vehicle Code.

(h) That it is recommended that the parent or guardian accompany the pupil to school and attend classes with the pupil for one day.

EDC 48262.

Any pupil is deemed an habitual truant who has been reported as a truant three or more times per school year, provided that no pupil shall be deemed an habitual truant unless an appropriate district officer or employee has made a conscientious effort to hold at least one conference with a parent or guardian of the pupil and the pupil himself, after the filing of either of the reports required by Section 48260 or Section 48261. For purposes of this section, a conscientious effort means attempting to communicate with the parents of the pupil at least once using the most cost-effective method possible, which may include electronic mail or a telephone call.

EDC 48263.

(a) If a minor pupil in a school district of a county is a habitual truant, or is a chronic absentee, as defined in Section 60901, or is habitually insubordinate or disorderly during attendance at school, the pupil may be referred to a school attendance review board, or to the probation department for services if the probation department has elected to receive these referrals. The school district supervisor of attendance, or any other persons the governing board of the school district or county may designate, making the referral shall provide documentation of the interventions undertaken at the school to the pupil, the pupil's parents or guardians, and the school attendance review board or probation department and shall notify the pupil and parents or guardians of the pupil, in writing, of the name and address of the school attendance review board or probation department to which the matter has been referred and of the reason for the referral. The notice shall indicate that the pupil and parents or guardians of the pupil will be required, along with the referring person, to meet with the school attendance review board or probation officer to consider a proper disposition of the referral.
(b)(1) If the school attendance review board or probation officer determines that available community services can resolve the problem of the truant or insubordinate pupil, then the school attendance review board or probation officer shall direct the pupil or the pupil's parents or guardians, or both, to make use of those community services. The school attendance review board or probation officer may require, at any time that it determines proper, the pupil or parents or guardians of the pupil, or both, to furnish satisfactory evidence of participation in the available community services.

(2) If the school attendance review board or probation officer determines that available community services cannot resolve the problem of the truant or insubordinate pupil or if the pupil or the parents or guardians of the pupil, or both, have failed to respond to directives of the school attendance review board or probation officer or to services provided, the school attendance review board may, pursuant to Section 48263.5, notify the district attorney or the probation officer, or both, of the county in which the school district is located, or the probation officer may, pursuant to Section 48263.5, notify the district attorney, if the district attorney or the probation officer has elected to participate in the truancy mediation program described in that section.

c) In any county that has not established a school attendance review board, if the school district determines that available community resources cannot resolve the problem of the truant or insubordinate pupil, or if the pupil or the pupil's parents or guardians, or both, have failed to respond to the directives of the school district or the services provided, the school district, pursuant to Section 48260.6, may notify the district attorney or the probation officer, or both, of the county in which the school district is located, if the district attorney or the probation officer has elected to participate in the truancy mediation program described in Section 48260.6.

EDC 48263.5.

(a) In any county which has established a county school attendance review board pursuant to Section 48321, the school attendance review board may notify the district attorney or the probation officer, or both, of the county in which the school district is located, or the probation officer may notify the district attorney, by first-class mail or other reasonable means, of the following if the district attorney or the probation officer has elected to participate in the truancy mediation program described in subdivision (b):

(1) The name of each pupil who has been classified as a truant and concerning whom the school attendance review board or the probation officer has determined:

(A) That available community services cannot resolve the truancy or insubordination problem.

(B) That the pupil or the parents or guardians of the pupil, or both, have failed to respond to directives of the school attendance review board or probation officer or to services provided.

(2) The name and address of the parent or guardian of each pupil described in paragraph (1).

(b) Upon receipt of notification provided pursuant to subdivision (a), the district attorney or the probation officer may notify the parents or guardians of each pupil concerning whom notification has been received, by first-class mail or other reasonable means, that they may be subject to prosecution pursuant to Article 6 (commencing with Section 48290) of Chapter 2 of Part 27 for failure to compel the attendance of the pupil at school. The district attorney or the probation officer may also request the parents or guardians and the child to attend a meeting in the district attorney's office or at the probation department pursuant to Section 601.3 of the Welfare and Institutions Code to discuss the possible legal consequences of the child's truancy. Notice of the meeting shall be given pursuant to Section 601.3 of the Welfare and Institutions Code.

EDC 48266.

Any person taking action pursuant to Sections 48264 and 48265 shall report the matter, and the disposition made by him of the minor to the school authorities of the city, or city and county, or school district and to the minor's parent or guardian.
EDC 48900.1.

(a) The governing board of each school district may adopt a policy authorizing teachers to require the parent or guardian of a pupil who has been suspended by a teacher pursuant to Section 48910 for reasons specified in subdivision (i) or (k) of Section 48900, to attend a portion of a schoolday in the classroom of his or her child or ward. The policy shall take into account reasonable factors that may prevent compliance with a notice to attend. The attendance of the parent or guardian shall be limited to the class from which the pupil was suspended.

(b) The policy shall be adopted pursuant to the procedures set forth in Sections 35291 and 35291.5. Parents and guardians shall be notified of this policy prior to its implementation. A teacher shall apply any policy adopted pursuant to this section uniformly to all pupils within the classroom.

The adopted policy shall include the procedures that the district will follow to accomplish the following:

1. Ensure that parents or guardians who attend school for the purposes of this section meet with the school administrator or his or her designee after completing the classroom visitation and before leaving the schoolsite.

2. Contact parents or guardians who do not respond to the request to attend school pursuant to this section.

(c) If a teacher imposes the procedure pursuant to subdivision (a), the principal shall send a written notice to the parent or guardian stating that attendance by the parent or guardian is pursuant to law. This section shall apply only to a parent or guardian who is actually living with the pupil.

(d) A parent or guardian who has received a written notice pursuant to subdivision (c) shall attend class as specified in the written notice. The notice may specify that the attendance of the parent or guardian be on the day the pupil is scheduled to return to class, or within a reasonable period of time thereafter, as established by the policy of the board adopted pursuant to subdivision (a).

EDC 48904.

(a)(1) Notwithstanding Section 1714.1 of the Civil Code, the parent or guardian of any minor whose willful misconduct results in injury or death to any pupil or any person employed by, or performing volunteer services for, a school district or private school or who willfully cuts, defaces, or otherwise injures in any way any property, real or personal, belonging to a school district or private school, or personal property of any school employee, shall be liable for all damages so caused by the minor. The liability of the parent or guardian shall not exceed ten thousand dollars ($10,000), adjusted annually for inflation. The parent or guardian shall be liable also for the amount of any reward not exceeding ten thousand dollars ($10,000), adjusted annually for inflation, paid pursuant to Section 53069.5 of the Government Code. The parent or guardian of a minor shall be liable to a school district or private school for all property belonging to the school district or private school loaned to the minor and not returned upon demand of an employee of the school district or private school authorized to make the demand.

(2) The Superintendent annually shall compute an adjustment of the liability limits prescribed by this subdivision to reflect the percentage change in the average annual value of the Implicit Price Deflator for State and Local Government Purchases of Goods and Services for the United States, as published by the United States Department of Commerce for the 12-month period ending in the prior fiscal year. The annual adjustment shall be rounded to the nearest one hundred dollars ($100).

(b)(1) Any school district or private school whose real or personal property has been willfully cut, defaced, or otherwise injured, or whose property is loaned to a pupil and willfully not returned upon demand of an employee of the school district or private school authorized to make the demand may, after affording the pupil his or her due process rights, withhold the grades, diploma, and transcripts of the pupil responsible for the damage until the pupil or the pupil's parent or guardian has paid for the damages thereto, as provided in subdivision (a).
(2) The school district or private school shall notify the parent or guardian of the pupil in writing of the pupil's alleged misconduct before withholding the pupil's grades, diploma, or transcripts pursuant to this subdivision. When the minor and parent are unable to pay for the damages, or to return the property, the school district or private school shall provide a program of voluntary work for the minor in lieu of the payment of monetary damages. Upon completion of the voluntary work, the grades, diploma, and transcripts of the pupil shall be released.

(3) The governing board of each school district or governing body of each private school shall establish rules and regulations governing procedures for the implementation of this subdivision. The procedures shall conform to, but are not necessarily limited to, those procedures established in this code for the expulsion of pupils.

EDC 48906.

When a principal or other school official releases a minor pupil to a peace officer for the purpose of removing the minor from the school premises, the school official shall take immediate steps to notify the parent, guardian, or responsible relative of the minor regarding the release of the minor to the officer, and regarding the place to which the minor is reportedly being taken, except when a minor has been taken into custody as a victim of suspected child abuse, as defined in Section 11165.6 of the Penal Code, or pursuant to Section 305 of the Welfare and Institutions Code. In those cases, the school official shall provide the peace officer with the address and telephone number of the minor's parent or guardian. The peace officer shall take immediate steps to notify the parent, guardian, or responsible relative of the minor that the minor is in custody and the place where he or she is being held. If the officer has a reasonable belief that the minor would be endangered by a disclosure of the place where the minor is being held, or that the disclosure would cause the custody of the minor to be disturbed, the officer may refuse to disclose the place where the minor is being held for a period not to exceed 24 hours. The officer shall, however, inform the parent, guardian, or responsible relative whether the child requires and is receiving medical or other treatment. The juvenile court shall review any decision not to disclose the place where the minor is being held at a subsequent detention hearing.

EDC 48909.

When a petition is requested in juvenile court or a complaint is filed in any court alleging that a minor of compulsory school attendance age or any pupil currently enrolled in a public school in a grade to and including grade 12 is a person who (a) has used, sold, or possessed narcotics or other hallucinogenic drugs or substances; (b) has inhaled or breathed the fumes of, or ingested any poison classified as such in Section 4160 of the Business and Professions Code; or (c) has committed felonious assault, homicide, or rape the district attorney may, within 48 hours, provide written notice to the superintendent of the school district of attendance, notwithstanding the provisions of Section 827 of the Welfare and Institutions Code, and to the pupil's parent or guardian.

EDC 48910.

(a) A teacher may suspend any pupil from class, for any of the acts enumerated in Section 48900, for the day of the suspension and the day following. The teacher shall immediately report the suspension to the principal of the school and send the pupil to the principal or the designee of the principal for appropriate action. If that action requires the continued presence of the pupil at the schoolsite, the pupil shall be under appropriate supervision, as defined in policies and related regulations adopted by the governing board of the school district. As soon as possible, the teacher shall ask the parent or guardian of the pupil to attend a parent-teacher conference regarding the suspension. If practicable, a school counselor or a school psychologist may attend the conference. A school administrator shall attend the conference if the teacher or the parent or guardian so requests. The pupil shall not be returned to the class from which he or she was suspended, during the period of the suspension, without the concurrence of the teacher of the class and the principal.
(b) A pupil suspended from a class shall not be placed in another regular class during the period of suspension. However, if the pupil is assigned to more than one class per day this subdivision shall apply only to other regular classes scheduled at the same time as the class from which the pupil was suspended.

(c) A teacher may also refer a pupil, for any of the acts enumerated in Section 48900, to the principal or the designee of the principal for consideration of a suspension from the school.

EDC 48911.

(a) The principal of the school, the principal's designee, or the district superintendent of schools may suspend a pupil from the school for any of the reasons enumerated in Section 48900, and pursuant to Section 48900.5, for no more than five consecutive schooldays.

(b) Suspension by the principal, the principal's designee, or the district superintendent of schools shall be preceded by an informal conference conducted by the principal, the principal's designee, or the district superintendent of schools between the pupil and, whenever practicable, the teacher, supervisor, or school employee who referred the pupil to the principal, the principal's designee, or the district superintendent of schools. At the conference, the pupil shall be informed of the reason for the disciplinary action, including the other means of correction that were attempted before the suspension as required under Section 48900.5, and the evidence against him or her, and shall be given the opportunity to present his or her version and evidence in his or her defense.

(c) A principal, the principal's designee, or the district superintendent of schools may suspend a pupil without affording the pupil an opportunity for a conference only if the principal, the principal's designee, or the district superintendent of schools determines that an emergency situation exists. "Emergency situation," as used in this article, means a situation determined by the principal, the principal's designee, or the district superintendent of schools to constitute a clear and present danger to the life, safety, or health of pupils or school personnel. If a pupil is suspended without a conference before suspension, both the parent and the pupil shall be notified of the pupil's right to a conference and the pupil's right to return to school for the purpose of a conference. The conference shall be held within two schooldays, unless the pupil waives this right or is physically unable to attend for any reason, including, but not limited to, incarceration or hospitalization. The conference shall then be held as soon as the pupil is physically able to return to school for the conference.

(d) At the time of suspension, a school employee shall make a reasonable effort to contact the pupil's parent or guardian in person or by telephone. If a pupil is suspended from school, the parent or guardian shall be notified in writing of the suspension.

(e) A school employee shall report the suspension of the pupil, including the cause for the suspension, to the governing board of the school district or to the district superintendent of schools in accordance with the regulations of the governing board of the school district.

(f)(1) The parent or guardian of a pupil shall respond without delay to a request from school officials to attend a conference regarding his or her child's behavior.

(2) No penalties shall be imposed on a pupil for failure of the pupil's parent or guardian to attend a conference with school officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil's parent or guardian at the conference.

(g) In a case where expulsion from a school or suspension for the balance of the semester from continuation school is being processed by the governing board of the school district, the district superintendent of schools or other person designated by the district superintendent of schools in writing may extend the suspension until the governing board of the school district has rendered a decision in the action. However, an extension may be granted only if the district superintendent of schools or the district superintendent's designee has determined, following a meeting in which the pupil and the pupil's parent or guardian are invited to participate, that the presence of the pupil at the school or in an alternative school placement would cause a danger to persons or property or a threat of disrupting the instructional
process. If the pupil is a foster child, as defined in Section 48853.5, the district superintendent of schools or the district superintendent's designee, including, but not limited to, the educational liaison for the school district, shall also invite the pupil's attorney and an appropriate representative of the county child welfare agency to participate in the meeting. If the pupil or the pupil's parent or guardian has requested a meeting to challenge the original suspension pursuant to Section 48914, the purpose of the meeting shall be to decide upon the extension of the suspension order under this section and may be held in conjunction with the initial meeting on the merits of the suspension.

EDC 48911.1.
(a) A pupil suspended from a school for any of the reasons enumerated in Sections 48900 and 48900.2 may be assigned, by the principal or the principal's designee, to a supervised suspension classroom for the entire period of suspension if the pupil poses no imminent danger or threat to the campus, pupils, or staff, or if an action to expel the pupil has not been initiated.
(b) Pupils assigned to a supervised suspension classroom shall be separated from other pupils at the schoolsite for the period of suspension in a separate classroom, building, or site for pupils under suspension.
(c) School districts may continue to claim apportionments for each pupil assigned to and attending a supervised suspension classroom provided as follows:
   (1) The supervised suspension classroom is staffed as otherwise provided by law.
   (2) Each pupil has access to appropriate counseling services.
   (3) The supervised suspension classroom promotes completion of schoolwork and tests missed by the pupil during the suspension.
   (4) Each pupil is responsible for contacting his or her teacher or teachers to receive assignments to be completed while the pupil is assigned to the supervised suspension classroom. The teacher shall provide all assignments and tests that the pupil will miss while suspended. If no classroom work is assigned, the person supervising the suspension classroom shall assign schoolwork.
(d) At the time a pupil is assigned to a supervised suspension classroom, a school employee shall notify, in person or by telephone, the pupil's parent or guardian. Whenever a pupil is assigned to a supervised suspension classroom for longer than one class period, a school employee shall notify, in writing, the pupil's parent or guardian.
(e) This section does not place any limitation on a school district's ability to transfer a pupil to an opportunity school or class or a continuation education school or class.
(f) Apportionments claimed by a school district for pupils assigned to supervised suspension shall be used specifically to mitigate the cost of implementing this section.

EDC 48912.
(a) The governing board may suspend a pupil from school for any of the acts enumerated in Section 48900 for any number of schooldays within the limits prescribed by Section 48903.
(b) Notwithstanding the provisions of Section 35145 of this code and Section 54950 of the Government Code, the governing board of a school district shall, unless a request has been made to the contrary, hold closed sessions if the board is considering the suspension of, disciplinary action against, or any other action against, except expulsion, any pupil, if a public hearing upon that question would lead to the giving out of information concerning a school pupil which would be in violation of Article 5 (commencing with Section 49073) of Chapter 6.5.
(c) Before calling a closed session to consider these matters, the governing board shall, in writing, by registered or certified mail or by personal service, notify the pupil and the pupil's parent or guardian, or the pupil if the pupil is an adult, of the intent of the governing board to call and hold a closed session. Unless the pupil or the pupil's parent or guardian shall, in writing, within 48 hours after receipt of the
written notice of the board’s intention, request that the hearing be held as a public meeting, the hearing to consider these matters shall be conducted by the governing board in closed session. In the event that a written request is served upon the clerk or secretary of the governing board, the meeting shall be public, except that any discussion at that meeting which may be in conflict with the right to privacy of any pupil other than the pupil requesting the public meeting, shall be in closed session.

EDC 48914.

Each school district is authorized to establish a policy that permits school officials to conduct a meeting with the parent or guardian of a suspended pupil to discuss the causes, the duration, the school policy involved, and other matters pertinent to the suspension.

EDC 48929.

Notwithstanding any other law, the governing board of a school district may transfer to another school in that school district a pupil enrolled in that school district who has been convicted of a violent felony, as defined in subdivision (c) of Section 667.5 of the Penal Code, or convicted of a misdemeanor listed in Section 29805 of the Penal Code if the pupil to be transferred and the victim of the crime for which the pupil was convicted are enrolled at the same school, subject to satisfaction of both of the following conditions:

(a) The governing board of the school district has adopted a policy at a regularly scheduled meeting that contains all of the following provisions:

(1) A requirement that the pupil and pupil’s parent or guardian be notified of the right to request a meeting with the school principal or designee of the school or school district.

(2) A requirement that the school first attempt to resolve the conflict before transferring a pupil, including, but not limited to, using restorative justice, counseling, or other services.

(3) Whether the decision to transfer a pupil is subject to periodic review and the procedure for conducting the review.

(4) The process to be used by the governing board of the school district to consider and approve or disapprove of the recommendation of the school principal or other school or school district designee to transfer the pupil.

(b) The governing board of the school district has provided notice of the policy to parents or guardians as part of the annual notification required pursuant to Section 48980.

EDC 49332.

The parent or guardian of a pupil from whom an injurious object has been taken pursuant to this section may be notified by school personnel of the taking.

School personnel may retain protective possession of any injurious object taken pursuant to this section until the risk of its use as a weapon has dissipated, unless prior to dissipation of the risk, the parent or guardian requests that the school personnel retain the object, in which case, the school personnel shall retain the object until the parent or guardian or another adult with the written consent of the parent or guardian appears personally to take possession of the injurious object from the school personnel.

EDC 56521.1.

(a) Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs, or others, and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. [..]

(e) To prevent emergency interventions from being used in lieu of planned, systematic behavioral interventions, the parent, guardian, and residential care provider, if appropriate, shall be notified within one schoolday if an emergency intervention is used or serious property damage occurs. A behavioral
emergency report shall immediately be completed and maintained in the file of the individual with exceptional needs. The behavioral emergency report shall include all of the following:

(1) The name and age of the individual with exceptional needs.

(b) The school accountability report card shall include, but is not limited to, assessment of the following school conditions:
   (10) Suspension and expulsion rates for the most recent three-year period. [...]

If the information is determined to be inaccurate, the school district remains eligible for reimbursement if the information is corrected by May 15.
(d) It is the intent of the Legislature that schools make a concerted effort to notify parents of the purpose of the school accountability report cards, as described in this section, and ensure that all parents receive a copy of the report card; to ensure that the report cards are easy to read and understandable by parents; to ensure that local educational agencies with access to the Internet make available current copies of the report cards through the Internet; and to ensure that administrators and teachers are available to answer any questions regarding the report cards.

EDC 48202.
The county board of education of each county may establish, by resolution, the following regulation requiring the reporting of various types of severance of attendance of or by any pupil subject to the compulsory education laws of California or of any one or more of the types of severance enumerated in subdivision (a) below and may require such reporting of any or all of the private and public schools of the county:
(a) The administration of each private school and public school district of the county shall, upon the severance of attendance by any pupil subject to the compulsory education laws of California, whether by expulsion, exclusion, exemption, transfer, suspension beyond 10 schooldays, or other reasons, report such severance to the county superintendent of schools in the jurisdiction. The report shall include names, ages, last known address and the reason for each such severance.
(b) It shall be the duty of the county superintendent of such county to examine such reports and draw to the attention of the county board of education and local district board of education any cases in which the interests of the child or the welfare of the state may need further examination.

(c) After preliminary study of available information in cases so referred to it, the county board of education may, on its own action, hold hearings on such cases in the manner provided in Sections 48915 through 48920 and with the same powers of final decision as therein provided.

EDC 48273.

EDC 48911.2.

(a) If the number of pupils suspended from school during the prior school year exceeded 30 percent of the school's enrollment, the school should consider doing at least one of the following:

(1) Implement the supervised suspension program described in Section 48911.1.

If a school district does not report outcome data as required by this subdivision, the Superintendent may not apportion any further money to the school district pursuant to Section 48664 until the school district is in compliance with this subdivision. Before withholding the apportionment of funds to a school district pursuant to this subdivision, the Superintendent shall give written notice to the
governing board of the school district that the school district has failed to report the data required by paragraph (1) and that the school district has 30 calendar days from the date of the written notice of noncompliance to report the requested data and thereby avoid the withholding of the apportionment of funds.

EDC 60901.

(a) Contingent upon the receipt of federal funds for this purpose, the department, in consultation with the Department of Finance and the Legislative Analyst's Office, shall prepare the California Longitudinal Pupil Achievement Data System established pursuant to Section 60900 to include data on a quarterly rate of pupil attendance. Preparation shall include all of the following:

1. The addition of fields to facilitate the transfer of data.
2. System development activities including any business rules and definitions that would be needed to improve the quality and consistency of the data.
3. Processes for the transfer of data from local educational agencies.
4. Consultation with organizations representing school, district, and county education administrators, classified and certified staff, and parents in order to develop the criteria and frequency of reports on pupil attendance data and other indicators as may be submitted by local educational agencies.

(b) The system shall support local educational agencies in their efforts to identify and support pupils at risk of dropping out and shall be capable of issuing to local educational agencies periodic reports that include, but may not be limited to, district, school, class, and individual pupil reports on both of the following:

1. Rates of absence.
2. Chronic absentees.

(c)(1) For purposes of this section, "chronic absentee" means a pupil who is absent on 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.

2. Once available, chronic absentee rates shall be incorporated into the annual report on dropouts required pursuant to Section 48070.6.

(d) It is the intent of the Legislature to support the development of early warning systems to enable the identification and support of individual pupils who are at risk of academic failure or dropping out of school. The systems shall encompass the following characteristics:

1. The utilization of highly predictive indicators, including attendance, course grades or completion, performance on assessments of pupil achievement, suspensions, and expulsions.
2. A thorough validation process to ensure the predictive reliability of the systems.
3. Periodic reports that inform principals, teachers, and parents in a manner that enables timely identification and support of individual pupils who are at risk of academic failure or dropping out.

(e) When the system established pursuant to Section 60900 is prepared to accept data on a quarterly rate of pupil attendance, a local educational agency may submit data to the department on a quarterly rate of pupil attendance and other indicators as identified by the department. It is the intent of the Legislature that schools identified on the list of persistently lowest-achieving schools will fully utilize the early warning systems described in subdivision (d).

(f) A local educational agency that reports attendance data for pupils to the system established pursuant to Section 60900 may request, and the department shall provide, the early warning report described in subdivision (d) up to four times each school year.
(g) The department shall notify local educational agencies that reporting pupil attendance and chronic absentee data pursuant to this section is voluntary. The notice shall include a description of the benefits of reporting pupil attendance and chronic absentee data in fostering the development of effective supports and interventions for at-promise pupils.

(h) This section shall not be implemented unless federal funds are appropriated specifically for the purposes of this section.

REGULATIONS

§ 700. Definitions.

(a) "Aggregated data," means the information contained on all of the completed California Safe Schools Assessment School Crime and Incident Reporting Forms (July 1, 2001) collected during each reporting period by the school district or county office of education from each school, program, or camp within the jurisdiction of the superintendent of the respective school district or county office of education.

§ 701. School crime and incident reporting procedures.

(a) All school district superintendents and county office of education superintendents who operate educational programs are required to submit to the California Department of Education safe school assessment reports that contain specific numerical data on the incidents of crime, including hate crimes or hate motivated incidents, occurring on their respective school campuses. Each school district or county office of education shall utilize the following procedure to report crime and hate motivated incident data from school or program sites to the respective school district or county office of education superintendent, and to the California Department of Education:

(1) Each administrator of a school site or county office of education program, or designee, shall complete a California Safe Schools Assessment School Crime and Incident Reporting Form (July 1, 2001) for each incident of crime, including hate crime or hate motivated incidents. The information on the form includes, but is not limited to, identification of the crime or hate motivated incident, victim characteristics, suspect characteristics, if known at the time of the incident, and the actual or estimated dollar loss to the school district or county office of education resulting from a criminal act directed against property of the school district or county office of education. The site or program administrator shall use the crime and hate motivated incident classification definitions as specified above in Section 700(b) and (d) and the reporting guidelines as specified below in Section 702(a) to determine if a crime or an incident is reportable for the purposes of the Safe Schools Assessment Program.

(2) The site or program administrator, or designee, shall retain on file for not less than three years the individual reports of crimes and hate motivated incidents on which the aggregate data is based, and any other required documentation, as specified below in Section 702(b).

(3) Each month the data regarding reportable school crimes and hate motivated incidents shall be reported to the designated person at the respective school district or county office of education.

(4) Any school district that has its own police department may have the chief of its police force or other administrator of the police department prepare the California Safe Schools Assessment School Crime and Incident Reporting Form (July 1, 2001) for its schools and submit the aggregated data to the California Department of Education.

(5) On or before February 1 and August 1 of each year, the respective school district or county office of education superintendent, or designee, shall aggregate the school crime and hate motivated incident data reported by schools or programs within their jurisdiction and report the aggregated data to the California Department of Education.

(6) Beginning February 1, 1997 and thereafter, if a school district or county office of education chooses to submit its data to the California Department of Education in an electronic format, it must do so in a format designated by the California Department of Education. For the purposes of this section, an electronic format includes, computer disk, modem transfer, or other electronic means.
California Compilation of School Discipline Laws and Regulations

(b) Reportable crimes and hate motivated incidents occurring at a school in the jurisdiction of another school district or county office of education shall be reported by the education agency in which the crime or hate motivated incident occurred.

§ 702. Guidelines for reporting and required documentation.
Site or program administrators and school district and county office of education superintendents shall use (1) crime and hate motivated incident classifications based on existing statutes, as specified above in Section 700(b) and (d), (2) reporting guidelines as specified in subsection (a) below, and (3) guidelines for required documentation as specified in subsection (b) below to complete the reporting procedures as specified above in Section 701.

(a) Reporting guidelines
The site or program administrator or designee shall report a crime or hate motivated incident when it has been determined that a reportable crime or hate motivated incident, as specified above in Section 700(b) and (d), has been committed on a school location, as specified above in Section 700(f). If more than one crime or hate motivated incident is committed during an occurrence, the most serious crime or incident in the judgment of the site or program administrator or designee shall be reported. The suspect(s) need not be apprehended for a crime or hate motivated incident to be reportable. The site or program administrator or designee may consult with local law enforcement to confirm that the occurrences reported on the forms are crimes or hate motivated incidents as defined in statute.

(b) Required documentation
The school district or county office of education superintendent responsible for reporting school crime and hate motivated incident data shall make available, for not less than three years from the date the report was submitted, supporting data which verifies information contained on the California Safe Schools Assessment School Crime and Incident Reporting Form (July 1, 2001). Such data shall include, but not be limited to, reports to local law enforcement officers and suspension and expulsion reports which have been reported to the respective local governing board, for the crime classifications specified in Education Code section 48915(a) through (d); and insurance claims, maintenance records, and other documents to verify economic loss, if applicable. In addition, staff should be available to participate in interviews during site visits from the California Department of Education.

§ 704. Certification of report.
Each school district or county office of education superintendent or designee shall certify to the best of their knowledge and belief that the information in each crime and hate motivated incident reporting form is true, accurate, and complete prior to submission to the California Department of Education.

§ 705. Failure to submit or intentionally submitting misleading data.
School districts or county offices of education failing to submit a report or intentionally submitting misleading data may be sanctioned by the Superintendent of Public Instruction. The sanction is withholding a dollar amount not to exceed one-half of the annual salary of the superintendent of either the reporting school district or the county office of education from the school district's or county office of education's next state funding apportionment.

(a) A California public elementary or secondary school is "persistently dangerous" if, in each of three consecutive fiscal years, one of the following criteria has been met:

(1) For a school of fewer than 300 enrolled students, the number of incidents of firearm violations committed by non-students on school grounds during school hours or during a school-sponsored activity, plus the number of student expulsions for any of the violations delineated in subsection (b) is greater than three.
(2) For a larger school, the number of incidents of firearm violations committed by non-students on school grounds during school hours or during a school-sponsored activity, plus the number of student expulsions for any of the violations delineated in subsection (b) is greater than one per 100 enrolled students or a fraction thereof.

(b) Applicable violations include:

(1) Assault or battery upon a school employee (Education Code section 48915(a)(5));
(2) Brandishing a knife (Education Code section 48915(c)(2));
(3) Causing serious physical injury to another person, except in self-defense (Education Code section 48915(a)(1));
(4) Hate violence (Education Code section 48900.3);
(5) Possessing, selling or furnishing a firearm (Education Code section 48915(c)(1));
(6) Possession of an explosive (Education Code section 48915(c)(5));
(7) Robbery or extortion (Education Code section 48915(a)(4));
(8) Selling a controlled substance (Education Code section 48915(c)(3)); and
(9) Sexual assault or sexual battery (Education Code section 48915(c)(4)).

(c) In instances where a student committed a violation enumerated in subsection (b) for which expulsion proceedings would have been instituted, but is no longer a student and therefore cannot be expelled, that violation must be reported in the total number of incidents and expulsions referenced in subsection (a).

§ 11993. Definitions.

(k) An "incident" of a firearm violation by non-student(s) for the purpose of section 11992 is an event on school grounds during school hours, or at a school-sponsored activity, involving a person or persons not enrolled in the school who unlawfully brings or possesses a handgun, rifle, shotgun, or other type of firearm. An event shall be counted as a single incident when it happens at the same time in the same location, regardless of the number of non-students involved. School site administrators or designees are responsible for documenting the incident and reporting the incident to the local educational agency (LEA) staff who are responsible for collecting expulsion data.

§ 11994. Data collection.

Local educational agencies (LEAs) will submit to the California Department of Education (CDE) the number of incidents of non-student firearm violations and student expulsions specified in section 11992 above for determining persistently dangerous schools. The CDE will use the information collected to determine if a school site meets the criteria in this subchapter. If an LEA contests the CDE's determination that one or more of its schools is persistently dangerous, the LEA may appeal that determination to the State Board of Education based on incorrect data or circumstances that caused the school to be identified as persistently dangerous, but actually increased student and teacher safety at the school.

(3) The schoolsite council shall consult with a representative from a law enforcement agency, a fire department, and other first responder entities in the writing and development of the comprehensive school safety plan. The comprehensive school safety plan and any updates to the plan shall be shared with the law enforcement agency, the fire department, and the other first responder entities.

(4) In the absence of a schoolsite council, the members specified in paragraph (2) shall serve as the school safety planning committee.

(c) This article does not limit or take away the authority of school boards as guaranteed under this code.

(d)(1) Subdivision (b) shall not apply to a small school district, as defined in paragraph (2), if the small school district develops a districtwide comprehensive school safety plan that is applicable to each schoolsite.

(2) As used in this article, "small school district" means a school district that has fewer than 2,501 units of average daily attendance at the beginning of each fiscal year.

(e)(1) When a principal or his or her designee verifies through local law enforcement officials that a report has been filed of the occurrence of a violent crime on the schoolsite of an elementary or secondary school at which he or she is the principal, the principal or the principal's designee may send to each pupil's parent or legal guardian and each school employee a written notice of the occurrence and general nature of the crime. If the principal or his or her designee chooses to send the written notice, the Legislature encourages the notice be sent no later than the end of business on the second regular workday after the verification. If, at the time of verification, local law enforcement officials determine that notification of the violent crime would hinder an ongoing investigation, the notification authorized by this subdivision shall be made within a reasonable period of time, to be determined by the local law enforcement agency and the school district. For purposes of this section, an act considered a "violent crime" shall meet the definition of Section 67381 and be an act for which a pupil could or would be expelled pursuant to Section 48915.
(2) This subdivision does not create any liability in a school district or its employees for complying with paragraph (1).

(f)(1) Notwithstanding subdivision (b), a school district or county office of education may, in consultation with law enforcement officials, elect to not have its schoolsite council develop and write those portions of its comprehensive school safety plan that include tactical responses to criminal incidents that may result in death or serious bodily injury at the schoolsite. The portions of a comprehensive school safety plan that include tactical responses to criminal incidents may be developed by administrators of the school district or county office of education in consultation with law enforcement officials and with a representative of an exclusive bargaining unit of employees of that school district or county office of education, if he or she chooses to participate. The school district or county office of education may elect not to disclose those portions of the comprehensive school safety plan that include tactical responses to criminal incidents.

(2) As used in this article, "tactical responses to criminal incidents" means steps taken to safeguard pupils and staff, to secure the affected school premises, and to apprehend the criminal perpetrator or perpetrators.

(3) This subdivision does not preclude the governing board of a school district or county office of education from conferring in a closed session with law enforcement officials pursuant to Section 54957 of the Government Code to approve a tactical response plan developed in consultation with those officials pursuant to this subdivision. Any vote to approve the tactical response plan shall be announced in open session following the closed session.

(4) This subdivision does not reduce or eliminate the requirements of Section 32282.

(b) It is the intent of the Legislature that in performing his or her duties, the supervisor of attendance promote a culture of attendance and establish a system to accurately track pupil attendance in order to achieve all of the following:

(c) When a pupil with a temporary disability, as defined in Section 48206.3, is receiving individual instruction in the home or a hospital or other residential health facility, the supervisor of attendance shall ensure that absences from the pupil's regular school program are excused until the pupil is able to return to the regular school program.

6. Collaborating with school study teams, guidance teams, school attendance review teams, or other intervention-related teams to assess the attendance or behavior problem in partnership with the pupil and his or her parents, guardians, or caregivers.
7. In schools with significantly higher rates of chronic absenteeism, identify barriers to attendance that may require schoolwide strategies rather than case management.
8. Referral for a comprehensive psychosocial or psychoeducational assessment, including for purposes of creating an individualized education program for an individual with exceptional needs, as that term is defined in Section 56026, or plan adopted for a qualified handicapped person, as that term is defined in regulations promulgated by the United States Department of Education pursuant to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794).
9. Referral to a school attendance review board established by the county or by a school district pursuant to Section 48321 or to the probation department pursuant to Section 48263.

The coursework shall be transferred by means of the standard state transcript. If a pupil completes the graduation requirements of his or her school district of residence while being detained, the school district of residence shall issue to the pupil a diploma from the school the
pupil last attended before detention or, in the alternative, the county superintendent of schools may issue the diploma.

EDC 48646.

(a) The Legislature encourages each county superintendent of schools or governing board of a school district, as determined by the county board of education pursuant to subdivision (b) of Section 48645.2, and the county chief probation officer to enter into a memorandum of understanding or equivalent mutual agreement to support a collaborative process for meeting the needs of wards of the court who are receiving their education in juvenile court schools. The memorandum of understanding or equivalent mutual agreement may include, but is not limited to, a process for communication, decisionmaking, mutually established goals, and conflict resolution. The purpose of this memorandum of understanding or equivalent mutual agreement is to develop a collaborative model that will foster an educational and residential environment that nurtures the whole child and consistently supports services that will meet the educational needs of the pupils.

(b) A memorandum of understanding or equivalent mutual agreement on providing educational and related services for juvenile court school pupils developed in accordance with this section may include, but is not limited to, the following provisions:

1. Mutually developed goals and objectives that are reviewed annually, including, but not limited to, the following:
   (A) Building resiliency and strengthening life skills.
   (B) Fostering prosocial attitudes and behaviors.
   (C) Assigning pupils to appropriate classrooms based on their educational needs.
   (D) Ensuring regular classroom attendance.
   (E) Providing clean, safe, and appropriate educational facilities.
   (F) Improving academic achievement and vocational preparation.

2. Clear delineation of responsibilities among the educational and residential or custodial service providers.

3. A process for communicating, collaborating, and resolving conflicts. Whenever possible, resolution of issues shall be reached by consensus through a collaborative process that would promote decisionmaking at the site where services are delivered. A working group charged with this responsibility may be appointed by the county superintendent of schools, or the superintendent of the school district with responsibility for providing juvenile court school services, and the county chief probation officer, or their designees. The working group is responsible for establishing and maintaining open communication, collaboration, and resolution of issues that arise.

4. A clearly identified mechanism for resolving conflicts.
(5) A joint process for performing an intake evaluation for each ward to determine educational needs and ability to participate in all educational settings once the ward enters the local juvenile facility. The process shall recognize the limitations on academic evaluation and planning that can result from short-term placements. The evaluation team shall include staff from the responsible educational agency and the county probation department, and may include other participants as appropriate, and as mutually agreed upon by the education and probation members of the team. The evaluation process specified in the memorandum of understanding or equivalent mutual agreement may:

(A) Include a timeline for evaluation once a ward is assigned to a local facility.

(B) Result in an educational plan for a ward while assigned to a local juvenile facility that is integrated with other rehabilitative and behavioral management programs, and that supports the educational needs of the pupil.

It is the intent that this shared information about each ward placed in a juvenile court school shall assist both the county superintendent of schools and the county chief probation officer in meeting the needs of wards in their care and promoting a system of comprehensive services.

(c) The memorandum of understanding or equivalent mutual agreement shall not cede responsibility or authority prescribed by statute or regulation from one party to another party unless mutually agreed upon by both parties.

EDC 48647.

(a) Local educational agencies are strongly encouraged to enter into memoranda of understanding and create joint policies, systems, including data sharing systems, transition centers, and other joint structures that will allow for the immediate transfer of educational records, create uniform systems for calculating and awarding course credit, and allow for the immediate enrollment of pupils transferring from juvenile court schools.

**PEN 13860.**

The Legislature finds and declares that a substantial drug abuse and drug trafficking problem exists among school-age children on and around school campuses in the State of California. By enacting this chapter, it is the intention of the Legislature to support increased efforts by local law enforcement agencies, working in conjunction with school districts and county drug offices to suppress trafficking and prevent drug abuse among school age children on and around school campuses through the development of innovative and model programs by local law enforcement agencies and schools and drug abuse agencies. As used in this chapter, drugs are defined as marijuana, inhalants, narcotics, dangerous drugs, pharmaceuticals, glue and alcohol. It is the further intention of the Legislature to establish a program of financial and technical assistance for local law enforcement and school districts.

**PEN 13861.**

There is hereby created in the Office of Emergency Services the Suppression of Drug Abuse in Schools Program. All funds made available to the Office of Emergency Services for the purposes of this chapter shall be administered and disbursed by the Director of Emergency Services in consultation with the State Suppression of Drug Abuse in Schools Advisory Committee established pursuant to Section 13863.

(a) The Director of Emergency Services, in consultation with the State Suppression of Drug Abuse in Schools Advisory Committee, is authorized to allocate and award funds to local law enforcement agencies and public schools jointly working to develop drug abuse prevention and drug trafficking suppression programs in substantial compliance with the policies and criteria set forth in Sections 13862 and 13863.

(b) The allocation and award of funds shall be made upon the joint application by the chief law enforcement officer of the coapplicant law enforcement agency and approved by the law enforcement agency’s legislative body and the superintendent and board of the school district coapplicant. The joint
application of the law enforcement agency and the school district shall be submitted for review to the Local Suppression of Drug Abuse in Schools Advisory Committee established pursuant to paragraph (4) of subdivision (a) of Section 13862. After review, the application shall be submitted to the Office of Emergency Services. Funds disbursed under this chapter may enhance but shall not supplant local funds that would, in the absence of the Suppression of Drug Abuse in Schools Program, be made available to suppress and prevent drug abuse among schoolage children and to curtail drug trafficking in and around school areas.

(c) The coapplicant local law enforcement agency and the coapplicant school district may enter into interagency agreements between themselves which will allow the management and fiscal tasks created pursuant to this chapter and assigned to both the law enforcement agency and the school district to be performed by only one of them.

(d) Within 90 days of the effective date of this chapter, the Director of Emergency Services, in consultation with the State Suppression of Drug Abuse in Schools Advisory Committee established pursuant to Section 13863, shall prepare and issue administrative guidelines and procedures for the Suppression of Drug Abuse in Schools Program consistent with this chapter. In addition to all other formal requirements that may apply to the enactment of these guidelines and procedures, a complete and final draft shall be submitted within 60 days of the effective date of this chapter to the Chairpersons of the Committee on Criminal Law and Public Safety of the Assembly and the Judiciary Committee of the Senate of the California Legislature.

PEN 13862.

Law enforcement agencies and school districts receiving funds under this chapter shall concentrate enhanced apprehension, prevention, and education efforts and resources on drug abuse and drug trafficking in and around school campuses.

(a) These enhanced apprehension, prevention, and education efforts shall include, but not be limited to:

(1) Drug traffic intervention programs.

However, if the agency receiving funds under this chapter is a city agency and the program does not involve any county agency, or if a county agency is involved and the county board of supervisors consents, the committee shall be established and appointed by the city council. These efforts shall include, but not be limited to, the concentration of apprehension efforts in "problem" areas identified by local school authorities.

(c) Funds appropriated pursuant to this chapter may be used in part to support state-level development and statewide distribution of appropriate written and audio-visual aids for public awareness and training of school and law enforcement staff for handling drug-related problems and offenses. When existing aids can be identified, these aids may be utilized in lieu of the development of new aids.

PEN 13864.

There is hereby created in the Office of Emergency Services the Comprehensive Alcohol and Drug Prevention Education component of the Suppression of Drug Abuse in Schools Program in public elementary schools in grades 4 to 6, inclusive. Notwithstanding Section 13861 or any other provision in this code, all Comprehensive Alcohol and Drug Prevention Education component funds made available to the Office of Emergency Services in accordance with the Classroom Instructional Improvement and Accountability Act shall be administered by and disbursed to county superintendents of schools in this state by the Director of Emergency Services. All applications for that funding shall be reviewed and evaluated by the Office of Emergency Services, in consultation with the State Department of Health Care Services and the State Department of Education.

(a) The Director of Emergency Services is authorized to allocate and award funds to county department superintendents of schools for allocation to individual school districts or to a consortium of two or more school districts. Applications funded under this section shall comply with the criteria, policies, and procedures established under subdivision (b) of this section.

(b) As a condition of eligibility for the funding described in this section, the school district or consortium of school districts shall have entered into an agreement with a local law enforcement agency to jointly implement a comprehensive alcohol and drug abuse prevention, intervention, and suppression program developed by the Office of Emergency Services, in consultation with the State Department of Health Care Services and the State Department of Education, containing all of the following components:

(1) A standardized age-appropriate curriculum designed for pupils in grades 4 to 6, inclusive, specifically tailored and sensitive to the socioeconomic and ethnic characteristics of the target pupil population. Although new curricula shall not be required to be developed, existing curricula may be modified and adapted to meet local needs. The elements of the standardized comprehensive alcohol and drug prevention education program curriculum shall be defined and approved by the Governor's Policy Council on Drug and Alcohol Abuse, as established by Executive Order No. D-70-80.

(2) A planning process that includes assessment of the school district's characteristics, resources, and the extent of problems related to juvenile drug abuse, and input from local law enforcement agencies.
(3) A school district governing board policy that provides for a coordinated intervention system that, at a minimum, includes procedures for identification, intervention, and referral of at-risk alcohol- and drug-involved youth, and identifies the roles and responsibilities of law enforcement, school personnel, parents, and pupils.

(4) Early intervention activities that include, but are not limited to, the identification of pupils who are high risk or have chronic drug abuse problems, assessment, and referral for appropriate services, including ongoing support services.

(5) Parent education programs to initiate and maintain parental involvement, with an emphasis for parents of at-risk pupils.

(6) Staff and in-service training programs, including both indepth training for the core team involved in providing program services and general awareness training for all school faculty and administrative, credentialed, and noncredentialed school personnel.

(7) In-service training programs for local law enforcement officers.

(8) School, law enforcement, and community involvement to ensure coordination of program services. Pursuant to that coordination, the school district or districts and other local agencies are encouraged to use a single community advisory committee or task force for drug, alcohol, and tobacco abuse prevention programs, as an alternative to the creation of a separate group for that purpose under each state or federally funded program.

(c) The application of the county superintendent of schools shall be submitted to the Office of Emergency Services. Funds made available to the Office of Emergency Services for allocation under this section are intended to enhance, but shall not supplant, local funds that would, in the absence of the Comprehensive Alcohol and Drug Prevention Education component, be made available to prevent, intervene in, or suppress drug abuse among schoolage children. For districts that are already implementing a comprehensive drug abuse prevention program for pupils in grades 4 to 6, inclusive, the county superintendent shall propose the use of the funds for drug prevention activities in school grades other than 4 to 6, inclusive, compatible with the program components of this section. The expenditure of funds for that alternative purpose shall be approved by the Director of Emergency Services.

(1) Unless otherwise authorized by the Office of Emergency Services, each county superintendent of schools shall be the fiscal agent for any Comprehensive Alcohol and Drug Prevention Education component award, and shall be responsible for ensuring that each school district within that county receives the allocation prescribed by the Office of Emergency Services. Each county superintendent shall develop a countywide plan that complies with program guidelines and procedures established by the Office of Emergency Services pursuant to subdivision (d). A maximum of 5 percent of the county's allocation may be used for administrative costs associated with the project.

(2) Each county superintendent of schools shall establish and chair a local coordinating committee to assist the superintendent in developing and implementing a countywide implementation plan. This committee shall include the county drug administrator, law enforcement executives, school district governing board members and administrators, school faculty, parents, and drug prevention and intervention program executives selected by the superintendent and approved by the county board of supervisors.

(d) The Director of Emergency Services, in consultation with the State Department of Health Care Services and the State Department of Education, shall prepare and issue guidelines and procedures for the Comprehensive Alcohol and Drug Prevention Education component consistent with this section.

(e) The Comprehensive Alcohol and Drug Prevention Education component guidelines shall set forth the terms and conditions upon which the Office of Emergency Services is prepared to award grants of funds pursuant to this section. The guidelines shall not constitute rules, regulations, orders, or standards of general application.

The comprehensive school safety plan and any updates to the plan shall be shared with the law enforcement agency, the fire department, and the other first responder entities.

(4) In the absence of a schoolsite council, the members specified in paragraph (2) shall serve as the school safety planning committee.

(c) This article does not limit or take away the authority of school boards as guaranteed under this code.
(d)(1) Subdivision (b) shall not apply to a small school district, as defined in paragraph (2), if the small school district develops a districtwide comprehensive school safety plan that is applicable to each schoolsite.

(2) As used in this article, "small school district" means a school district that has fewer than 2,501 units of average daily attendance at the beginning of each fiscal year.

If the principal or his or her designee chooses to send the written notice, the Legislature encourages the notice be sent no later than the end of business on the second regular workday after the verification. If, at the time of verification, local law enforcement officials determine that notification of the violent crime would hinder an ongoing investigation, the notification authorized by this subdivision shall be made within a reasonable period of time, to be determined by the local law enforcement agency and the school district. For purposes of this section, an act considered a "violent crime" shall meet the definition of Section 67381 and be an act for which a pupil could or would be expelled pursuant to Section 48915.

The portions of a comprehensive school safety plan that include tactical responses to criminal incidents may be developed by administrators of the school district or county office of education in consultation with law enforcement officials and with a representative of an exclusive bargaining unit of employees of that school district or county office of education, if he or she chooses to participate. The school district or county office of education may elect not to disclose those portions of the comprehensive school safety plan that include tactical responses to criminal incidents.

(2) As used in this article, "tactical responses to criminal incidents" means steps taken to safeguard pupils and staff, to secure the affected school premises, and to apprehend the criminal perpetrator or perpetrators.

(3) This subdivision does not preclude the governing board of a school district or county office of education from conferring in a closed session with law enforcement officials pursuant to Section 54957 of the Government Code to approve a tactical response plan developed in consultation with those officials pursuant to this subdivision. Any vote to approve the tactical response plan shall be announced in open session following the closed session.

A chief of security or school chief of police shall comply with the prior employment or training requirement set forth in this subdivision as of January 1, 1993, or a date one year subsequent to the initial employment of the chief of security or school chief of police by the school district, whichever occurs later.
