Introduction
This compilation presents school discipline-related laws and regulations for U.S. states, U.S. territories, and the District of Columbia, and, where available, links to education agency websites or resources related to school discipline and student conduct. The discipline laws and regulations presented in this compilation have been categorized by type of specific discipline issue covered, according to an organizational framework developed by the National Center for Safe and Supportive Learning Environments (NCSSLE). For example, one major category encompasses all laws or regulations governing states or territories that mandate specific disciplinary sanctions (such as suspension) for specific offenses (such as drug possession on school grounds). The school discipline laws and regulations were compiled through exhaustive searches of legislative websites that identified all laws and regulations relevant to each specific category. Compiled materials were subsequently reviewed by state education agency (SEA) representatives in the 50 states, Washington D.C., and the U.S. territories.

Discipline categories were not mutually exclusive. Laws and regulations often appeared across multiple categories. For jurisdictions with more extensive laws covering a breadth of topical areas, relevant sections were excerpted from the larger legislative text for inclusion in the appropriate discipline category. Laws, ordered by chapter and section number, appear first within each category followed by regulations. All laws and regulations listed within categories in the compilation also appear in the sources cited section of the document, which lists laws by chapter and section number and title, and where available, includes active hyperlinks to source websites supported or maintained by state legislatures. Additional links to government websites or resources are provided at the end of this document.

(c) “In-school suspension” means an exclusion from regular classroom activity for no more than ten consecutive school days, but not exclusion from school, provided such exclusion shall not extend beyond the end of the school year in which such in-school suspension was imposed.
10-233c. Suspension of pupils.

(e) For any pupil who is suspended for the first time pursuant to this section and who has never been expelled pursuant to section 10-233d, the administration may shorten the length of or waive the suspension period if the pupil successfully completes an administration-specified program and meets any other conditions required by the administration. Such administration-specified program shall not require the pupil or the parent or guardian of the pupil to pay for participation in the program.

10-233d. Expulsion of pupils.

(c)(2) For any pupil expelled for the first time pursuant to this section and who has never been suspended pursuant to section 10-233c, except for a pupil who has been expelled based on possession of a firearm or deadly weapon as described in subsection (a) of this section, the local or regional board of education may shorten the length of or waive the expulsion period if the pupil successfully completes a board-specified program and meets any other conditions required by the board. Such board-specified program shall not require the pupil or the parent or guardian of the pupil to pay for participation in the program.

(a) Any local or regional board of education may authorize the administration of schools under its direction to impose an in-school suspension on any pupil whose conduct endangers persons or property or is seriously disruptive of the educational process, or is violative of a publicized policy of such board. No pupil shall be placed in in-school suspension without an informal hearing before the building principal or such principal’s designee at which such pupil shall be informed of the reasons for the disciplinary action and given an opportunity to explain the situation, provided no pupil shall be placed in in-school suspension more than fifteen times or a total of fifty days in one school year, whichever results in fewer days of exclusion.

(b) A local or regional board of education may reassign a pupil to a regular classroom program in a different school in the school district and such reassignment shall not constitute a suspension pursuant to section 10-233c, or an expulsion pursuant to section 10-233d.

USE OF STUDENT AND LOCKER SEARCHES

LAWS

54-33n. Search of school lockers and property.

All local and regional boards of education and all private elementary and secondary schools may authorize the search by school or law enforcement officials of lockers and other school property available for use by students for the presence of weapons, contraband or the fruits of a crime if (1) the search is
justified at its inception and (2) the search as actually conducted is reasonably related in scope to the circumstances which justified the interference in the first place. A search is justified at its inception when there are reasonable grounds for suspecting that the search will turn up evidence that the student has violated or is violating either the law or the rules of the school. A search is reasonably related in scope when the measures adopted are reasonably related to the objectives of the search and not excessively intrusive in light of the age and sex of the student and the nature of the infraction.

LAWS

10-233c. Suspension of pupils.
(a) Any local or regional board of education may authorize the administration of the schools under its direction to suspend from school privileges a pupil whose conduct on school grounds or at a school sponsored activity is violative of a publicized policy of such board or is seriously disruptive of the educational process or endangers persons or property or whose conduct off school grounds is violative of such policy and is seriously disruptive of the educational process. In making a determination as to whether conduct is seriously disruptive of the educational process, the administration may consider, but such consideration shall not be limited to: (1) Whether the incident occurred within close proximity of a school; (2) whether other students from the school were involved or whether there was any gang involvement; (3) whether the conduct involved violence, threats of violence or the unlawful use of a weapon, as defined in section 29-38, and whether any injuries occurred; and (4) whether the conduct involved the use of alcohol. Any such board may authorize the administration to suspend transportation services for a pupil whose conduct while awaiting or receiving transportation to and from school endangers persons or property or is violative of a publicized policy of such board. Unless an emergency exists, no pupil shall be suspended without an informal hearing by the administration, at which such pupil shall be informed of the reasons for the disciplinary action and given an opportunity to explain the situation, provided nothing herein shall be construed to prevent a more formal hearing from being held if the circumstances surrounding the incident so require, and further provided no pupil shall be suspended more than ten times or a total of fifty days in one school year, whichever results in fewer days of exclusion, unless such pupil is granted a formal hearing pursuant to sections 4-176e to 4-180a, inclusive, and section 4-181a. If an emergency situation exists, such hearing shall be held as soon after the suspension as possible.

10-233d. Expulsion of pupils.
(a) (1) Any local or regional board of education, at a meeting at which three or more members of such board are present, or the impartial hearing board established pursuant to subsection (b) of this section, may expel, subject to the provisions of this subsection, any pupil in grades three to twelve, inclusive, whose conduct on school grounds or at a school-sponsored activity is violative of a publicized policy of such board or is seriously disruptive of the educational process or endangers persons or property or whose conduct off school grounds is violative of such policy and is seriously disruptive of the educational process, provided a majority of the board members sitting in the expulsion hearing vote to expel and that at least three affirmative votes for expulsion are cast. In making a determination as to whether conduct is seriously disruptive of the educational process, the board of education or impartial hearing board may consider, but such consideration shall not be limited to: (A) Whether the incident occurred within close proximity of a school; (B) whether other students from the school were involved or whether there was any gang involvement; (C) whether the conduct involved violence, threats of violence or the unlawful use of a weapon, as defined in section 29-38, and whether any injuries occurred; and (D) whether the conduct involved the use of alcohol.

(l) (1) Any student who commits an expellable offense and is subsequently committed to a juvenile detention center, the Connecticut Juvenile Training School or any other residential placement for such
offense may be expelled by a local or regional board of education in accordance with the provisions of this section. The period of expulsion shall run concurrently with the period of commitment to a juvenile detention center, the Connecticut Juvenile Training School or any other residential placement.

10-233d. Expulsion of pupils.
(a) (2) Expulsion proceedings pursuant to this section, except as provided in subsection (i) of this section, shall be required for any pupil in grades kindergarten to twelve, inclusive, whenever there is reason to believe that any pupil (A) on school grounds or at a school-sponsored activity, was in possession of a firearm, as defined in 18 USC 921, as amended from time to time, or deadly weapon, dangerous instrument or martial arts weapon, as defined in section 53a-3, (B) off school grounds, did possess such a firearm in violation of section 29-35 or did possess and use such a firearm, instrument or weapon in the commission of a crime under chapter 952, or (C) on or off school grounds, offered for sale or distribution a controlled substance, as defined in subdivision (9) of section 21a-240, whose manufacture, distribution, sale, prescription, dispensing, transporting or possessing with intent to sell or dispense, offering, or administering is subject to criminal penalties under sections 21a-277 and 21a-278. Such a pupil shall be expelled for one calendar year if the local or regional board of education or impartial hearing board finds that the pupil did so possess or so possess and use, as appropriate, such a firearm, instrument or weapon or did so offer for sale or distribution such a controlled substance, provided the board of education or the hearing board may modify the period of expulsion for a pupil on a case-by-case basis, and as provided for in subdivision (2) of subsection (c) of this section.

(3) Unless an emergency exists, no pupil shall be expelled without a formal hearing held pursuant to sections 4-176e to 4-180a, inclusive, and section 4-181a, provided whenever such pupil is a minor, the notice required by section 4-177 and section 4-180 shall also be given to the parents or guardian of the pupil. 10-233a. Definitions.
Whenever used in sections 10-233a to 10-233g, inclusive:
(d) “Suspension” means an exclusion from school privileges or from transportation services only for no more than ten consecutive school days, provided such exclusion shall not extend beyond the end of the school year in which such suspension was imposed.
“Expulsion” means an exclusion from school privileges for more than ten consecutive school days and shall be deemed to include, but not be limited to, exclusion from the school to which such pupil was assigned at the time such disciplinary action was taken, provided such exclusion shall not extend beyond a period of one calendar year.

10-233c. Suspension of pupils.

(a) Any local or regional board of education may authorize the administration of the schools under its direction to suspend from school privileges a pupil whose conduct on school grounds or at a school sponsored activity is violative of a publicized policy of such board or is seriously disruptive of the educational process or endangers persons or property or whose conduct off school grounds is violative of such policy and is seriously disruptive of the educational process. In making a determination as to whether conduct is seriously disruptive of the educational process, the administration may consider, but such consideration shall not be limited to: (1) Whether the incident occurred within close proximity of a school; (2) whether other students from the school were involved or whether there was any gang involvement; (3) whether the conduct involved violence, threats of violence or the unlawful use of a weapon, as defined in section 29-38, and whether any injuries occurred; and (4) whether the conduct involved the use of alcohol. Any such board may authorize the administration to suspend transportation services for a pupil whose conduct while awaiting or receiving transportation to and from school endangers persons or property or is violative of a publicized policy of such board. Unless an emergency exists, no pupil shall be suspended without an informal hearing by the administration, at which such pupil shall be informed of the reasons for the disciplinary action and given an opportunity to explain the situation, provided nothing herein shall be construed to prevent a more formal hearing from being held if the circumstances surrounding the incident so require, and further provided no pupil shall be suspended more than ten times or a total of fifty days in one school year, whichever results in fewer days of exclusion, unless such pupil is granted a formal hearing pursuant to sections 4-176e to 4-180a, inclusive, and section 4-181a. If an emergency situation exists, such hearing shall be held as soon after the suspension as possible.

(g) On and after July 1, 2015, all suspensions pursuant to this section shall be in-school suspensions, except a local or regional board of education may authorize the administration of schools under its direction to impose an out-of-school suspension on any pupil in (1) grades three to twelve, inclusive, if, during the hearing held pursuant to subsection (a) of this section, (A) the administration determines that the pupil being suspended poses such a danger to persons or property or such a disruption of the educational process that the pupil shall be excluded from school during the period of suspension, or (B) the administration determines that an out-of-school suspension is appropriate for such pupil based on evidence of (i) previous disciplinary problems that have led to suspensions or expulsion of such pupil, and (ii) efforts by the administration to address such disciplinary problems through means other than out-of-school suspension or expulsion, including positive behavioral support strategies, or (2) grades preschool to two, inclusive, if during the hearing held pursuant to subsection (a) of this section, the administration determines that an out-of-school suspension is appropriate for such pupil based on evidence that such pupil’s conduct on school grounds is of a violent or sexual nature that endangers persons. An in-school suspension may be served in the school that the pupil attends, or in any school building under the jurisdiction of the local or regional board of education, as determined by such board. Nothing in this section shall limit a person’s duty as a mandated reporter pursuant to section 17-101a to report suspected child abuse or neglect.

10-233d. Expulsion of pupils.

(i) Prior to conducting an expulsion hearing for a child requiring special education and related services described in subparagraph (A) of subdivision (5) of section 10-76a, a planning and placement team shall
convene to determine whether the misconduct was caused by the child’s disability. If it is determined that the misconduct was caused by the child’s disability, the child shall not be expelled. The planning and placement team shall reevaluate the child for the purpose of modifying the child’s individualized education program to address the misconduct and to ensure the safety of other children and staff in the school. If it is determined that the misconduct was not caused by the child’s disability, the child may be expelled in accordance with the provisions of this section applicable to children who do not require special education and related services. Notwithstanding the provisions of subsections (d) and (e) of this section, whenever a child requiring such special education and related services is expelled, an alternative educational opportunity, consistent with such child’s educational needs shall be provided during the period of expulsion.

(a) Any local or regional board of education may authorize the administration of schools under its direction to impose an in-school suspension on any pupil whose conduct endangers persons or property or is seriously disruptive of the educational process, or is violative of a publicized policy of such board. No pupil shall be placed in in-school suspension without an informal hearing before the building principal or such principal’s designee at which such pupil shall be informed of the reasons for the disciplinary action and given an opportunity to explain the situation, provided no pupil shall be placed in in-school suspension more than fifteen times or a total of fifty days in one school year, whichever results in fewer days of exclusion.
(b) A local or regional board of education may reassign a pupil to a regular classroom program in a different school in the school district and such reassignment shall not constitute a suspension pursuant to section 10-233c, or an expulsion pursuant to section 10-233d.

Administrative procedures related to suspension and expulsion

LAWS

10-233a. Definitions.
Whenever used in sections 10-233a to 10-233g, inclusive:
(d) “Suspension” means an exclusion from school privileges or from transportation services only for no more than ten consecutive school days, provided such exclusion shall not extend beyond the end of the school year in which such suspension was imposed.
(e) “Expulsion” means an exclusion from school privileges for more than ten consecutive school days and shall be deemed to include, but not be limited to, exclusion from the school to which such pupil was assigned at the time such disciplinary action was taken, provided such exclusion shall not extend beyond a period of one calendar year.

10-233c. Suspension of pupils.

(a) Any local or regional board of education may authorize the administration of the schools under its direction to suspend from school privileges a pupil whose conduct on school grounds or at a school sponsored activity is violative of a publicized policy of such board or is seriously disruptive of the educational process or endangers persons or property or whose conduct off school grounds is violative of such policy and is seriously disruptive of the educational process. In making a determination as to whether conduct is seriously disruptive of the educational process, the administration may consider, but such consideration shall not be limited to: (1) Whether the incident occurred within close proximity of a school; (2) whether other students from the school were involved or whether there was any gang involvement; (3) whether the conduct involved violence, threats of violence or the unlawful use of a weapon, as defined in section 29-38, and whether any injuries occurred; and (4) whether the conduct involved the use of alcohol. Any such board may authorize the administration to suspend transportation services for a pupil whose conduct while awaiting or receiving transportation to and from school endangers persons or property or is violative of a publicized policy of such board. Unless an emergency exists, no pupil shall be suspended without an informal hearing by the administration, at which such pupil shall be informed of the reasons for the disciplinary action and given an opportunity to explain the situation, provided nothing herein shall be construed to prevent a more formal hearing from being held if the circumstances surrounding the incident so require, and further provided no pupil shall be suspended more than ten times or a total of fifty days in one school year, whichever results in fewer days of exclusion, unless such pupil is granted a formal hearing pursuant to sections 4-176e to 4-180a, inclusive, and section 4-181a. If an emergency situation exists, such hearing shall be held as soon after the suspension as possible.

(b) In determining the length of a suspension period, the administration may receive and consider evidence of past disciplinary problems which have led to removal from a classroom, suspension or expulsion of such pupil.

(c) Whenever any administration suspends a pupil, such administration shall not later than twenty-four hours after the suspension notify the superintendent or such superintendent’s designee as to the name of the pupil against whom such disciplinary action was taken and the reason therefor.

(d) Any pupil who is suspended shall be given an opportunity to complete any classwork including, but not limited to, examinations which such pupil missed during the period of suspension.

(e) For any pupil who is suspended for the first time pursuant to this section and who has never been expelled pursuant to section 10-233d, the administration may shorten the length of or waive the suspension period if the pupil successfully completes an administration-specified program and meets any other conditions required by the administration. Such administration-specified program shall not require the pupil or the parent or guardian of the pupil to pay for participation in the program.

(f) Whenever a pupil is suspended pursuant to the provisions of this section, notice of the suspension and the conduct for which the pupil was suspended shall be included on the pupil’s cumulative educational record. Such notice shall be expunged from the cumulative educational record by the local or regional board of education if a pupil graduates from high school, or in the case of a suspension of a pupil for which the length of the suspension period is shortened or the suspension period is waived pursuant to subsection (e) of this section, such notice shall be expunged from the cumulative educational record by the local or regional board of education (1) if the pupil graduates from high school, or (2) if the administration so chooses, at the time the pupil completes the administration-specified program and
meets any other conditions required by the administration pursuant to said subsection (e), whichever is earlier.

(g) On and after July 1, 2015, all suspensions pursuant to this section shall be in-school suspensions, except a local or regional board of education may authorize the administration of schools under its direction to impose an out-of-school suspension on any pupil in (1) grades three to twelve, inclusive, if, during the hearing held pursuant to subsection (a) of this section, (A) the administration determines that the pupil being suspended poses such a danger to persons or property or such a disruption of the educational process that the pupil shall be excluded from school during the period of suspension, or (B) the administration determines that an out-of-school suspension is appropriate for such pupil based on evidence of (i) previous disciplinary problems that have led to suspensions or expulsion of such pupil, and (ii) efforts by the administration to address such disciplinary problems through means other than out-of-school suspension or expulsion, including positive behavioral support strategies, or (2) grades preschool to two, inclusive, if during the hearing held pursuant to subsection (a) of this section, the administration determines that an out-of-school suspension is appropriate for such pupil based on evidence that such pupil's conduct on school grounds is of a violent or sexual nature that endangers persons. An in-school suspension may be served in the school that the pupil attends, or in any school building under the jurisdiction of the local or regional board of education, as determined by such board. Nothing in this section shall limit a person's duty as a mandated reporter pursuant to section 17-101a to report suspected child abuse or neglect.

10-233d. Expulsion of pupils.

(a)(1) Any local or regional board of education, at a meeting at which three or more members of such board are present, or the impartial hearing board established pursuant to subsection (b) of this section, may expel, subject to the provisions of this subsection, any pupil in grades three to twelve, inclusive, whose conduct on school grounds or at a school-sponsored activity is violative of a publicized policy of such board or is seriously disruptive of the educational process or endangers persons or property or whose conduct off school grounds is violative of such policy and is seriously disruptive of the educational process, provided a majority of the board members sitting in the expulsion hearing vote to expel and that at least three affirmative votes for expulsion are cast. In making a determination as to whether conduct is seriously disruptive of the educational process, the board of education or impartial hearing board may consider, but such consideration shall not be limited to: (A) Whether the incident occurred within close proximity of a school; (B) whether other students from the school were involved or whether there was any gang involvement; (C) whether the conduct involved violence, threats of violence or the unlawful use of a weapon, as defined in section 29-38, and whether any injuries occurred; and (D) whether the conduct involved the use of alcohol.

(2) Expulsion proceedings pursuant to this section, except as provided in subsection (i) of this section, shall be required for any pupil in grades kindergarten to twelve, inclusive, whenever there is reason to believe that any pupil (A) on school grounds or at a school-sponsored activity, was in possession of a firearm, as defined in 18 USC 921, as amended from time to time, or deadly weapon, dangerous instrument or martial arts weapon, as defined in section 53a-3, (B) off school grounds, did possess such a firearm in violation of section 29-35 or did possess and use such a firearm, instrument or weapon in the commission of a crime under chapter 952, or (C) on or off school grounds, offered for sale or distribution a controlled substance, as defined in subdivision (9) of section 21a-240, whose manufacture, distribution, sale, prescription, dispensing, transporting or possessing with intent to sell or dispense, offering, or administering is subject to criminal penalties under sections 21a-277 and 21a-278. Such a pupil shall be expelled for one calendar year if the local or regional board of education or impartial hearing board finds that the pupil did so possess or so possess and use, as appropriate, such a firearm, instrument or weapon or did so offer for sale or distribution such a controlled substance,
provided the board of education or the hearing board may modify the period of expulsion for a pupil on a case-by-case basis, and as provided for in subdivision (2) of subsection (c) of this section.

(3) Unless an emergency exists, no pupil shall be expelled without a formal hearing held pursuant to sections 4-176e to 4-180a, inclusive, and section 4-181a, provided whenever such pupil is a minor, the notice required by section 4-177 and section 4-180 shall also be given to the parents or guardian of the pupil. If an emergency exists, such hearing shall be held as soon after the expulsion as possible. The notice shall include information concerning legal services provided free of charge or at a reduced rate that are available locally and how to access such services.

(b) For purposes of conducting expulsion hearings as required by subsection (a) of this section, any local or regional board of education or any two or more of such boards in cooperation may establish an impartial hearing board of one or more persons. No member of any such board or boards shall be a member of the hearing board. The hearing board shall have the authority to conduct the expulsion hearing and render a final decision in accordance with the provisions of sections 4-176e to 4-180a, inclusive, and section 4-181a.

(c) (1) In determining the length of an expulsion and the nature of the alternative educational opportunity to be offered under subsection (d) of this section, the local or regional board of education, or the impartial hearing board established pursuant to subsection (b) of this section, may receive and consider evidence of past disciplinary problems that have led to removal from a classroom, suspension or expulsion of such pupil.

(2) For any pupil expelled for the first time pursuant to this section and who has never been suspended pursuant to section 10-233c, except for a pupil who has been expelled based on possession of a firearm or deadly weapon as described in subsection (a) of this section, the local or regional board of education may shorten the length of or waive the expulsion period if the pupil successfully completes a board-specified program and meets any other conditions required by the board. Such board-specified program shall not require the pupil or the parent or guardian of the pupil to pay for participation in the program.

(d) Notwithstanding the provisions of subsection (a) of section 10-220, local and regional boards of education shall only be required to offer an alternative educational opportunity in accordance with this section. Any pupil under sixteen years of age who is expelled shall be offered an alternative educational opportunity during the period of expulsion, provided any parent or guardian of such pupil who does not choose to have his or her child enrolled in an alternative educational program shall not be subject to the provisions of section 10-184. Any pupil expelled for the first time who is between the ages of sixteen and eighteen and who wishes to continue his or her education shall be offered an alternative educational opportunity if he or she complies with conditions established by his or her local or regional board of education. Such alternative educational opportunity may include, but shall not be limited to, the placement of a pupil who is at least seventeen years of age in an adult education program pursuant to section 10-69. Any pupil participating in an adult education program during a period of expulsion shall not be required to withdraw from school under section 10-184. A local or regional board of education shall count the expulsion of a pupil when he was under sixteen years of age for purposes of determining whether an alternative educational opportunity is required for such pupil when he is between the ages of sixteen and eighteen. A local or regional board of education may offer an alternative educational opportunity to a pupil for whom such alternative educational opportunity is not required pursuant to this section.

(e) Notwithstanding the provisions of subsection (d) of this section concerning the provision of an alternative educational opportunity for pupils between the ages of sixteen and eighteen, local and regional boards of education shall not be required to offer such alternative to any pupil between the ages of sixteen and eighteen who is expelled because of conduct which endangers persons if it is determined at the expulsion hearing that the conduct for which the pupil is expelled involved (1) possession of a firearm,
as defined in 18 USC 921, as amended from time to time, or deadly weapon, dangerous instrument or martial arts weapon, as defined in section 53a-3, on school property or at a school-sponsored activity, or
(2) offering for sale or distribution on school property or at a school-sponsored activity a controlled substance, as defined in subdivision (9) of section 21a-240, whose manufacture, distribution, sale, prescription, dispensing, transporting or possessing with the intent to sell or dispense, offering, or administration is subject to criminal penalties under sections 21a-277 and 21a-278. If a pupil is expelled pursuant to this section for possession of a firearm or deadly weapon the board of education shall report the violation to the local police department or in the case of a student enrolled in a technical high school to the state police. If a pupil is expelled pursuant to this section for the sale or distribution of such a controlled substance, the board of education shall refer the pupil to an appropriate state or local agency for rehabilitation, intervention or job training, or any combination thereof, and inform the agency of its action. Whenever a local or regional board of education notifies a pupil between the ages of sixteen and eighteen or the parents or guardian of such pupil that an expulsion hearing will be held, the notification shall include a statement that the board of education is not required to offer an alternative educational opportunity to any pupil who is found to have engaged in the conduct described in this subsection.

(f) Whenever a pupil is expelled pursuant to the provisions of this section, notice of the expulsion and the conduct for which the pupil was expelled shall be included on the pupil’s cumulative educational record. Such notice, except for notice of an expulsion of a pupil in grades nine to twelve, inclusive, based on possession of a firearm or deadly weapon as described in subsection (a) of this section, (1) shall be expunged from the cumulative educational record by the local or regional board of education if a pupil graduates from high school, or (2) may be expunged from the cumulative educational record by the local or regional board of education before a pupil graduates from high school if (A) in the case of a pupil for which the length of the expulsion period is shortened or the expulsion period is waived pursuant to subdivision (2) of subsection (c) of this section, such board determines that an expungement is warranted at the time such pupil completes the board-specified program and meets any other conditions required by such board pursuant to subdivision (2) of subsection (c) of this section, or (B) such pupil has demonstrated to such board that the conduct and behavior of such pupil in the years following such expulsion warrants an expungement. A local or regional board of education, in determining whether to expunge such notice under subparagraph (B) of this subdivision, may receive and consider evidence of any subsequent disciplinary problems that have led to removal from a classroom, suspension or expulsion of such pupil.

(g) A local or regional board of education may adopt the decision of a pupil expulsion hearing conducted by another school district provided such local or regional board of education or impartial hearing board shall hold a hearing pursuant to the provisions of subsection (a) of this section which shall be limited to a determination of whether the conduct which was the basis for the expulsion would also warrant expulsion under the policies of such board. The pupil shall be excluded from school pending such hearing. The excluded student shall be offered an alternative educational opportunity in accordance with the provisions of subsections (d) and (e) of this section.

(h) Whenever a pupil against whom an expulsion hearing is pending withdraws from school after notification of such hearing but before the hearing is completed and a decision rendered pursuant to this section, (1) notice of the pending expulsion hearing shall be included on the pupil’s cumulative educational record, and (2) the local or regional board of education or impartial hearing board shall complete the expulsion hearing and render a decision. If such pupil enrolls in school in another school district, such pupil shall not be excluded from school in the other district pending completion of the expulsion hearing pursuant to this subsection unless an emergency exists, provided nothing in this subsection shall limit the authority of the local or regional board of education for such district to suspend the pupil or to conduct its own expulsion hearing in accordance with this section.
(i) Prior to conducting an expulsion hearing for a child requiring special education and related services described in subparagraph (A) of subdivision (5) of section 10-76a, a planning and placement team shall convene to determine whether the misconduct was caused by the child’s disability. If it is determined that the misconduct was caused by the child’s disability, the child shall not be expelled. The planning and placement team shall reevaluate the child for the purpose of modifying the child’s individualized education program to address the misconduct and to ensure the safety of other children and staff in the school. If it is determined that the misconduct was not caused by the child’s disability, the child may be expelled in accordance with the provisions of this section applicable to children who do not require special education and related services. Notwithstanding the provisions of subsections (d) and (e) of this section, whenever a child requiring such special education and related services is expelled, an alternative educational opportunity, consistent with such child’s educational needs shall be provided during the period of expulsion.

(j) An expelled pupil may apply for early readmission to school. Except as provided in this subsection, such readmission shall be at the discretion of the local or regional board of education. The board of education may delegate authority for readmission decisions to the superintendent of schools for the school district. If the board delegates such authority, readmission shall be at the discretion of the superintendent. Readmission decisions shall not be subject to appeal to Superior Court. The board or superintendent, as appropriate, may condition such readmission on specified criteria.

(k) Local and regional boards of education shall submit to the Commissioner of Education such information on expulsions for the possession of weapons as required for purposes of the Gun-Free Schools Act of 1994, 20 USC 8921 et seq., as amended from time to time.

(l) (1) Any student who commits an expellable offense and is subsequently committed to a juvenile detention center, the Connecticut Juvenile Training School or any other residential placement for such offense may be expelled by a local or regional board of education in accordance with the provisions of this section. The period of expulsion shall run concurrently with the period of commitment to a juvenile detention center, the Connecticut Juvenile Training School or any other residential placement.

(a) As used in this section, “alternative education” means a school or program maintained and operated by a local or regional board of education that is offered to students in a nontraditional educational setting and addresses the social, emotional, behavioral and academic needs of such students.
(b) A local or regional board of education may provide alternative education to students, in accordance with guidelines established by the State Board of Education pursuant to section 10-74k. A local or regional board of education may use space in an existing school or establish a new school for the purposes of providing alternative education to students. Alternative education shall be provided in accordance with the provisions of sections 10-15 and 10-16 and shall be subject to all federal and state laws governing public schools.
(c) Each local and regional board of education shall make available on its Internet web site information relating to alternative education offered under this section, including, but not limited to, the purpose, location, contact information, staff directory and enrollment criteria for such alternative education.

(a) The Department of Education shall develop guidelines for the provision of alternative education, as defined in section 10-74j. Such guidelines shall include, but not be limited to, a description of the purpose and expectations of alternative education, criteria for who is eligible to receive alternative education and criteria for how and when a student may enter or exit alternative education.
(b) The department shall assign an identification code and organization code to each school or program of alternative education provided by a local or regional board of education for purposes of collecting, tracking and monitoring such alternative education in the public school information system, pursuant to section 10-10a.

10-233d. Expulsion of pupils.
(d) No local or regional board of education is required to offer an alternative educational opportunity, except in accordance with this section. Any pupil under sixteen years of age who is expelled shall be offered an alternative educational opportunity, which shall be (1) alternative education, as defined by section 10-74j, with an individualized learning plan, if such board provides such alternative education, or (2) in accordance with the standards adopted by the State Board of Education, pursuant to section 3 of this act, during the period of expulsion, provided any parent or guardian of such pupil who does not choose to have his or her child enrolled in an alternative educational opportunity shall not be subject to
the provisions of section 10-184. Any pupil expelled for the first time who is between the ages of sixteen and eighteen and who wishes to continue his or her education shall be offered such an alternative educational opportunity if he or she complies with conditions established by his or her local or regional board of education. Such alternative educational opportunity may include, but shall not be limited to, the placement of a pupil who is at least seventeen years of age in an adult education program pursuant to section 10-69. Any pupil participating in any such adult education program during a period of expulsion shall not be required to withdraw from school under section 10-184. A local or regional board of education shall count the expulsion of a pupil when he was under sixteen years of age for purposes of determining whether an alternative educational opportunity is required for such pupil when he is between the ages of sixteen and eighteen. A local or regional board of education may offer an alternative educational opportunity to a pupil for whom such alternative educational opportunity is not required pursuant to this section.

(e) Notwithstanding the provisions of subsection (d) of this section concerning the provision of an alternative educational opportunity for pupils between the ages of sixteen and eighteen, local and regional boards of education shall not be required to offer such alternative to any pupil between the ages of sixteen and eighteen who is expelled because of conduct which endangers persons if it is determined at the expulsion hearing that the conduct for which the pupil is expelled involved (1) possession of a firearm, as defined in 18 USC 921, as amended from time to time, or deadly weapon, dangerous instrument or martial arts weapon, as defined in section 53a-3, on school property or at a school-sponsored activity, or (2) offering for sale or distribution on school property or at a school-sponsored activity a controlled substance, as defined in subdivision (9) of section 21a-240, whose manufacture, distribution, sale, prescription, dispensing, transporting or possessing with the intent to sell or dispense, offering, or administration is subject to criminal penalties under sections 21a-277 and 21a-278. If a pupil is expelled pursuant to this section for possession of a firearm or deadly weapon the board of education shall report the violation to the local police department or in the case of a student enrolled in a technical high school to the state police. If a pupil is expelled pursuant to this section for the sale or distribution of such a controlled substance, the board of education shall refer the pupil to an appropriate state or local agency for rehabilitation, intervention or job training, or any combination thereof, and inform the agency of its action. Whenever a local or regional board of education notifies a pupil between the ages of sixteen and eighteen or the parents or guardian of such pupil that an expulsion hearing will be held, the notification shall include a statement that the board of education is not required to offer an alternative educational opportunity to any pupil who is found to have engaged in the conduct described in this subsection.

(a) Any local or regional board of education may authorize the administration of schools under its direction to impose an in-school suspension on any pupil whose conduct endangers persons or property or is seriously disruptive of the educational process, or is violative of a publicized policy of such board. No pupil shall be placed in in-school suspension without an informal hearing before the building principal or such principal’s designee at which such pupil shall be informed of the reasons for the disciplinary action and given an opportunity to explain the situation, provided no pupil shall be placed in in-school suspension more than fifteen times or a total of fifty days in one school year, whichever results in fewer days of exclusion.

(b) A local or regional board of education may reassign a pupil to a regular classroom program in a different school in the school district and such reassignment shall not constitute a suspension pursuant to section 10-233c, or an expulsion pursuant to section 10-233d.
**House Bill 7276 (Public Act No. 17-220) Section 3.**

Not later than August 15, 2017, the State Board of Education shall adopt standards for the provision of an adequate alternative educational opportunity, offered pursuant to subsection (d) of section 10-233d of the general statutes, as amended by this act.
