Compilation of School Discipline Laws and Regulations

Prepared: March 31, 2021
**Introduction**

This compilation presents school discipline-related laws and regulations for U.S. states, U.S. territories, and the District of Columbia, and, where available, links to education agency websites or resources related to school discipline and student conduct. The discipline laws and regulations presented in this compilation have been categorized by type of specific discipline issue covered, according to an organizational framework developed by the National Center for Safe and Supportive Learning Environments (NCSSLE). For example, one major category encompasses all laws or regulations governing states or territories that mandate specific disciplinary sanctions (such as suspension) for specific offenses (such as drug possession on school grounds). The school discipline laws and regulations were compiled through exhaustive searches of legislative websites that identified all laws and regulations relevant to each specific category. Compiled materials were subsequently reviewed by state education agency (SEA) representatives in the 50 states, Washington D.C., and the U.S. territories.

Discipline categories were not mutually exclusive. Laws and regulations often appeared across multiple categories. For jurisdictions with more extensive laws covering a breadth of topical areas, relevant sections were excerpted from the larger legislative text for inclusion in the appropriate discipline category. Laws, ordered by chapter and section number, appear first within each category followed by regulations. All laws and regulations listed within categories in the compilation also appear in the sources cited section of the document, which lists laws by chapter and section number and title, and where available, includes active hyperlinks to source websites supported or maintained by state legislatures. Additional links to government websites or resources are provided at the end of this document.

LAWS

15.1-19-02. Corporal punishment - Prohibition - Consistent policies.
1. A school district employee may not inflict, cause to be inflicted, or threaten to inflict corporal punishment on a student.
2. This section does not prohibit a school district employee from using the degree of force necessary:
   a. To quell a physical disturbance that threatens physical injury to an individual or damage to property;
   b. To quell a verbal disturbance;
   c. For self-defense;
   d. For the preservation of order; or
   e. To obtain possession of a weapon or other dangerous object within the control of a student.
3. For purposes of this section, corporal punishment means the willful infliction of physical pain on a student; willfully causing the infliction of physical pain on a student; or willfully allowing the infliction of physical pain on a student. Physical pain or discomfort caused by athletic competition or other recreational activities voluntarily engaged in by a student is not corporal punishment. A school board may not expand through policy the definition of corporal punishment beyond that provided by this subsection.
4. a. The board of each school district shall develop policies setting forth standards for student behavior, procedures to be followed if the standards are not met, and guidelines detailing how all incidents are to be investigated.
   b. The board shall ensure that the policies, procedures, and guidelines applicable to all elementary schools in the district are identical, that the policies, procedures, and guidelines applicable to all middle schools in the district are identical, and that the policies, procedures, and guidelines applicable to all high schools in the district are identical.

1. The board of a school district shall adopt rules regarding the suspension and expulsion of a student. The rules for expulsion must provide for a procedural due process hearing in the manner provided for in subsection 2 of section 15.1-19-10, before the determination to expel a student is made. A student's parent or representative must be allowed to participate in the expulsion hearing.
2. A student may be suspended for up to ten days for insubordination, habitual indolence, disorderly conduct, or for violating a school district weapons policy.
3. A student enrolled in an alternative education program for which state per student payments are available may be suspended for up to twenty days for insubordination, habitual indolence, disorderly conduct, or for violating a school district weapons policy.
4. A student, including one enrolled in an alternative education program, may be expelled from school for insubordination, habitual indolence, or disorderly conduct; provided the expulsion does not last beyond the termination of the current school year. A student who violates the school district's weapons policy may be expelled for up to twelve months.
1. The board of each school district shall adopt a policy governing the possession of weapons and firearms on school property or at a school function and provide for the punishment of any student found to be in violation of the policy.
2. The policy must prohibit the possession of a weapon or a firearm by a student on school property and at school functions and provide for the punishment of any student found to be in violation. Punishment must include immediate suspension from school and expulsion. A student who possesses a firearm in violation of this section must be expelled for at least one year. The school district firearms policy must authorize the school district superintendent or the school principal, if the school district does not have a superintendent, to modify an expulsion for firearms possession under this section on a case-by-case basis in accordance with criteria established by the board. Before expelling a student, a school board or its designated hearing officer, within ten days of the student's suspension, shall provide the student with a hearing at which time the school board or its designated hearing officer shall take testimony and consider evidence, including the existence of mitigating circumstances. If a designated hearing officer orders that a student be expelled, the student may seek a review of the decision by the school board, based on the record of the expulsion hearing.
3. If a school district expels a student under this section, the district may authorize the provision of educational services to the student in an alternative setting.
4. Actions under this section may not conflict with state special education laws or with the Individuals With Disabilities Education Act [Pub. L. 91-230; 84 Stat. 121; 20 U.S.C. 1400 et seq.].
5. This section does not apply to any student participating in a school-sponsored shooting sport, provided the student informs the school principal of the student's participation and the student complies with all requirements set by the principal regarding the safe handling and storage of the firearm.
6. For purposes of this section:
   a. "Firearm" has the meaning provided in Public Law No. 90-351 [82 Stat. 197; 18 U.S.C. 921].
   b. "School property" includes all land within the perimeter of the school site and all school buildings, structures, facilities, and school vehicles, whether owned or leased by a school district, and the site of any school-sponsored event or activity.

1. Each school district shall adopt a policy providing that while at a public school, on school district premises, in a district owned or leased schoolbus or school vehicle, or at any public school or school district sanctioned or sponsored activity or event, a student may not:

   b. Engage in reprisal or retaliation against:
      (1) A victim of bullying;
      (2) An individual who witnesses an alleged act of bullying;
      (3) An individual who reports an alleged act of bullying; or
      (4) An individual who provides information about an alleged act of bullying.
2. The policy required by this section must:
   a. Include a definition of bullying that at least encompasses the conduct described in section 15.1-19-17;
   b. Establish procedures for reporting and documenting alleged acts of bullying, reprisal, or retaliation, and include procedures for anonymous reporting of such acts;
