Compilation of School Discipline Laws and Regulations

Prepared: April 3, 2019
**Introduction**
This compilation presents school discipline-related laws and regulations for U.S. states, U.S. territories, and the District of Columbia, and, where available, links to education agency websites or resources related to school discipline and student conduct. The discipline laws and regulations presented in this compilation have been categorized by type of specific discipline issue covered, according to an organizational framework developed by the National Center for Safe and Supportive Learning Environments (NCSSLE). For example, one major category encompasses all laws or regulations governing states or territories that mandate specific disciplinary sanctions (such as suspension) for specific offenses (such as drug possession on school grounds). The school discipline laws and regulations were compiled through exhaustive searches of legislative websites that identified all laws and regulations relevant to each specific category. Compiled materials were subsequently reviewed by state education agency (SEA) representatives in the 50 states, Washington D.C., and the U.S. territories.

Discipline categories were not mutually exclusive. Laws and regulations often appeared across multiple categories. For jurisdictions with more extensive laws covering a breadth of topical areas, relevant sections were excerpted from the larger legislative text for inclusion in the appropriate discipline category. Laws, ordered by chapter and section number, appear first within each category followed by regulations. All laws and regulations listed within categories in the compilation also appear in the sources cited section of the document, which lists laws by chapter and section number and title, and where available, includes active hyperlinks to source websites supported or maintained by state legislatures. Additional links to government websites or resources are provided at the end of this document.

**Notes & Disclaimers**

e. Has pled guilty or nolo contendere, been found guilty, or been adjudicated delinquent of any crime against another individual which is not otherwise specified in this section if the court determines that registration is warranted by the nature of the crime and therefore orders registration for the individual. If the court orders an individual to register as an offender under this section, the individual shall comply with all of the registration requirements in this chapter.

7. Registration consists of a written statement signed by the individual, giving the information required by the attorney general, and the biometric data and photograph of the individual. An individual who is not required to provide a sample of blood and other body fluids under section 31-13-03 or by the individual's state or court of conviction or adjudication shall submit a sample of blood and other body fluids for inclusion in a centralized database of DNA identification records under section 31-13-05. The collection, submission, testing and analysis of, and records produced from, samples of blood and other body fluids, are subject to chapter 31-13. Evidence of the DNA profile comparison is admissible in accordance with section 31-13-02. A report of the DNA analysis certified by the state crime laboratory is admissible in accordance with section 31-13-05. A district court shall order an individual who refuses to submit a sample of blood or other body fluids for registration purposes to show cause at a specified time and place why the individual should not be required to submit the sample required under this subsection. Within three days after registration, the registering law enforcement agency shall forward the statement, biometric data, and photograph to the attorney general and shall submit the sample of the individual's blood and body fluids to the state crime laboratory. If an individual required to register under this section has a change in vehicle or computer online identity, the individual shall register, within three days after the change, with the law enforcement agency with which that individual last registered of the individual's new vehicle or computer online identity. If an individual required to register pursuant to this section has a change in name, school, or residence or employment address, that individual shall register, at least ten days before the change, with the law enforcement agency with which that individual last registered of the individual's new name, school, residence address, or employment address. A change in school or employment address includes the termination of school or employment for which an individual required to register under this section, the individual shall register within three days of the termination with the law enforcement agency with which the individual last registered. The law enforcement agency, within three days after receipt of the information, shall forward it to the attorney general. The attorney general shall forward the appropriate registration data to the law enforcement agency having local jurisdiction of the new place of residence, school, or employment. Upon a change of address, the individual required to register shall also register within three days at the law enforcement agency having local jurisdiction of the new place of residence, school, or employment. The individual registering under this section shall periodically confirm the information required under this subsection in a manner and at an interval determined by the attorney general. A law enforcement agency that has previously registered an offender may omit the biometric data portion of the registration if that agency has a set of biometric data on file for that individual and is personally familiar with and can visually identify the offender. These provisions also apply in any other state that requires registration.

1. As used in this section:

   a. "Protected activity" means an expression of free speech or freedom of the press.

   b. "School-sponsored media" means any material that is prepared, substantially written, published, or broadcast by a student journalist at a public school, distributed or generally made available to members of the student body, and prepared under the direction of a student media adviser. The term does not
include any media intended for distribution or transmission solely in the classroom in which the media is produced.

c. "Student journalist" means a public school student who gathers, compiles, writes, edits, photographs, records, or prepares information for dissemination in school-sponsored media.

d. "Student media adviser" means an individual employed, appointed, or designated by a school district to supervise or provide instruction relating to school-sponsored media.

2. Except as provided in subsection 3, a student journalist has the right to exercise freedom of speech and of the press in school-sponsored media, regardless of whether the media is supported financially by the school district, by use of facilities of the school district, or produced in conjunction with a class in which the student is enrolled. Subject to subsection 3, a student journalist is responsible for determining the news, opinion, feature, and advertising content of school-sponsored media. This subsection may not be construed to prevent a student media adviser from teaching professional standards of English and journalism to student journalists. A student media adviser may not be dismissed, suspended, or disciplined for acting to protect a student journalist engaged in a protected activity or for refusing to infringe on a protected activity.

3. This section does not authorize or protect expression by a student that:

   a. Is libelous, slanderous, or obscene;
   b. Constitutes an unwarranted invasion of privacy;
   c. Violates federal or state law; or
   d. So incites students as to create a clear and present danger of the commission of an unlawful act, the violation of school district policy, or the material and substantial disruption of the orderly operation of the school.

4. A school district may not authorize any prior restraint of any school-sponsored media except when the media:

   a. Is libelous, slanderous, or obscene;
   b. Constitutes an unwarranted invasion of privacy;
   c. Violates federal or state law; or
   d. So incites students as to create a clear and present danger of the commission of an unlawful act, the violation of school district policies, or the material and substantial disruption of the orderly operation of the school.

5. A school district may not sanction a student operating as an independent journalist.

6. Each school district shall adopt a written student freedom of expression policy in accordance with this section. The policy must include reasonable provisions for the time, place, and manner of student expression. The policy may also include limitations to language that may be defined as profane, harassing, threatening, or intimidating. An expression of free speech or freedom of the press made by a student journalist under this section may not be construed as an expression of school policy. A school, school official, employee, or parent or legal guardian of a student journalist may not be liable in any civil or criminal action for an expression of free speech or freedom of the press made by a student journalist, except in the case of willful or wanton misconduct.

b. The superintendent of public instruction has declared the school in which the student was enrolled to be an unsafe school; or
c. The superintendent of public instruction has identified the school in which the student was enrolled as one that requires program improvement for six consecutive years.

2. The school district receiving an application under subsection 1 shall review the application to ensure compliance with the provisions of subsection 1 and shall notify the student's parent and the student's school district of residence of the arrangements for the student's transfer within five days from the date the application was received.

3. The student's school district of residence shall consider the student transferred as of the date of enrollment by the admitting district.

4. Upon transfer of a student under this section, the board of the admitting district and the board of the student's school district of residence shall enter into a tuition agreement. The student's school district of residence shall reimburse the admitting district for all costs incurred by the admitting district in providing education for the student.

The student's school district of residence shall transport the student to school in the admitting district or shall reimburse the admitting district for all costs incurred in transporting the student or providing for the transportation of the student to school in the admitting district. These transportation costs are not reimbursable through state transportation funds.

6.
