LAWS

RCW 28A.150.300. Corporal punishment prohibited — Adoption of policy.
The use of corporal punishment in the common schools is prohibited. The superintendent of public instruction shall develop and adopt a policy prohibiting the use of corporal punishment in the common schools. The policy shall be adopted and implemented in all school districts.

(1) By September 1, 2003, each school district board of directors shall adopt a policy that addresses the following issues:
   (a) Procedures for providing notice of threats of violence or harm to the student or school employee who is the subject of the threat. The policy shall define "threats of violence or harm";
   (b) Procedures for disclosing information that is provided to the school administrators about a student's conduct, including but not limited to the student's prior disciplinary records, official juvenile court records, and history of violence, to classroom teachers, school staff, and school security who, in the judgment of the principal, should be notified; and
   (c) Procedures for determining whether or not any threats or conduct established in the policy may be grounds for suspension or expulsion of the student.
(2) The superintendent of public instruction, in consultation with educators and representatives of law enforcement, classified staff, and organizations with expertise in violence prevention and intervention, shall adopt a model policy that includes the issues listed in subsection (1) of this section by January 1, 2003. The model policy shall be posted on the superintendent of public instruction's web site. The school districts, in drafting their own policies, shall review the model policy.
(3) School districts, school district boards of directors, school officials, and school employees providing notice in good faith as required and consistent with the board's policies adopted under this section are immune from any liability arising out of such notification.
(4) A person who intentionally and in bad faith or maliciously, knowingly makes a false notification of a threat under this section is guilty of a misdemeanor punishable under RCW 9A.20.021.

RCW 28A.600.010. Enforcement of rules of conduct – Due process guarantees – Computation of days for short-term and long-term suspensions.
Every board of directors, unless otherwise specifically provided by law, shall:
   (1) Enforce the rules prescribed by the superintendent of public instruction for the government of schools, pupils, and certificated employees.
   (2) Adopt and make available to each pupil, teacher and parent in the district reasonable written rules regarding pupil conduct, discipline, and rights, including but not limited to short-term suspensions as referred to in RCW 28A.600.015 and suspensions in excess of ten consecutive days. Such rules shall not be inconsistent with any of the following: Federal statutes and regulations, state statutes, common law, and the rules of the superintendent of public instruction. The board's rules shall include such substantive and procedural due process guarantees as prescribed by the superintendent of public instruction under RCW 28A.600.015. When such rules are made available to each pupil, teacher, and
parent, they shall be accompanied by a detailed description of rights, responsibilities, and authority of teachers and principals with respect to the discipline of pupils as prescribed by state statutory law, the superintendent of public instruction, and the rules of the school district.

For the purposes of this subsection, computation of days included in "short-term" and "long-term" suspensions shall be determined on the basis of consecutive school days.

(3) Suspend, expel, or discipline pupils in accordance with RCW 28A.600.015.

**RCW 28A.600.015. Rules incorporating due process guarantees of pupils with regard to expulsions and suspensions.**

(1) The superintendent of public instruction shall adopt and distribute to all school districts lawful and reasonable rules prescribing the substantive and procedural due process guarantees of pupils in the common schools. Such rules shall authorize a school district to use informal due process procedures in connection with the short-term suspension of students to the extent constitutionally permissible: PROVIDED, That the superintendent of public instruction deems the interest of students to be adequately protected. When a student suspension or expulsion is appealed, the rules shall authorize a school district to impose the suspension or expulsion temporarily after an initial hearing for no more than ten consecutive school days or until the appeal is decided, whichever is earlier. Any days that the student is temporarily suspended or expelled before the appeal is decided shall be applied to the term of the student suspension or expulsion and shall not limit or extend the term of the student suspension or expulsion. An expulsion or suspension of a student may not be for an indefinite period of time.

**RCW 28A.600.040. Pupils to comply with rules and regulations.**

All pupils who attend the common schools shall comply with the rules and regulations established in pursuance of the law for the government of the schools, shall pursue the required course of studies, and shall submit to the authority of the teachers of such schools, subject to such disciplinary or other action as the local school officials shall determine.

**RCW 28A.600.460. Classroom discipline – Policies – Classroom placement of student offenders – Data on disciplinary actions.**

(1) School district boards of directors shall adopt policies that restore discipline to the classroom. Such policies must provide for at least the following: Allowing each teacher to take disciplinary action to correct a student who disrupts normal classroom activities, abuses or insults a teacher as prohibited by RCW 28A.635.010, willfully disobeys a teacher, uses abusive or foul language directed at a school district employee, school volunteer, or another student, violates school rules, or who interferes with an orderly education process. Disciplinary action may include but is not limited to: Oral or written reprimands; written notification to parents of disruptive behavior, a copy of which must be provided to the principal.

(2) A student committing an offense under chapter 9A.36, 9A.40, 9A.46, or 9A.48 RCW when the activity is directed toward the teacher, shall not be assigned to that teacher's classroom for the duration of the student's attendance at that school or any other school where the teacher is assigned.

(3) A student who commits an offense under chapter 9A.36, 9A.40, 9A.46, or 9A.48 RCW, when directed toward another student, may be removed from the classroom of the victim for the duration of the student's attendance at that school or any other school where the victim is enrolled. A student who commits an offense under one of the chapters enumerated in this section against a student or another school employee, may be expelled or suspended.

(4) Nothing in this section is intended to limit the authority of a school under existing law and rules to expel or suspend a student for misconduct or criminal behavior.
(5) All school districts must collect data on disciplinary actions taken in each school and must record
these actions using the statewide student data system, based on the data collection standards
established by the office of the superintendent of public instruction and the K-12 data governance group.
The information shall be made available to the public, but public release of the data shall not include
personally identifiable information including, but not limited to, a student's social security number, name,
or address.

REGULATIONS

WAC 392-190-059. Harassment, intimidation, and bullying prevention policy and procedure –
School districts.
(1) Each school district must adopt a harassment, intimidation, and bullying prevention policy and
procedure as provided for in RCW 28A.300.285.
(2) If the allegations in a written report of harassment, intimidation, or bullying pursued under the school
district's procedure adopted under RCW 28A.300.285 indicate a potential violation of this chapter or the
guidelines adopted under WAC 392-190-005, the school district's harassment, intimidation, and bullying
compliance officer, designated under RCW 28A.300.285, must promptly notify the district employee
designated under WAC 392-190-060. Or, if during the course of an investigation of harassment,
intimidation, or bullying, the district becomes aware of a potential violation of this chapter or the guidelines
adopted under WAC 392-190-005, the school district staff member investigating the report must promptly
notify the district employee designated under WAC 392-190-060. Upon receipt of this information, the
designated employee must notify the complainant that their complaint will also proceed under the
discrimination complaint procedure in WAC 392-190-065 through 392-190-075, in addition to the
procedures adopted under RCW 28A.300.285. School districts must provide this notice in a language that
the complainant can understand, which may require language assistance for complainants with limited-
English proficiency, in accordance with Title VI of the Civil Rights Act of 1964. In these cases, the
investigation and response timeline set forth in WAC 392-190-065 begins when the school district knows
or should have known that a written report of harassment, intimidation, or bullying involves allegations
that the school district has violated this chapter or the guidelines adopted under WAC 392-190-005.
(3) This section is not intended to limit the scope of RCW 28A.300.285 or the use of a school district's
procedures adopted under RCW 28A.300.285.

WAC 392-400-200. Purpose and application.
The purpose of this chapter is to implement RCW 28A.600.015 by prescribing the substantive and
procedural due process rights of students served by any program or activity conducted by, or on behalf
of, a common school district: Provided that the enforcement of rules adopted by the Washington
interscholastic activity association and like organizations that govern the participation of students in
interschool activities, and appeals in connection therewith, shall be governed by rules of the organization
that have been adopted pursuant to RCW 28A.600.200. The procedures and standards set forth in this
chapter, and those adopted by a school district in conformance with this chapter, shall govern the
imposition of corrective action (i.e., discipline, suspension, and expulsion) upon any student by a school
district and its agents.
The provisions of this chapter are intended to establish the minimum procedural and substantive due
process rights of students. School districts are free to establish additional due process requirements and
limitations and shall do so as necessary to accommodate the constitutional rights of students as now or
hereafter established.
For rules regarding student conduct which supplement this chapter see chapter 392-145 WAC governing
the operation of school buses, particularly WAC 392-145-015(4) regarding the responsibility of bus drivers.
and certificated staff members who accompany students for the behavior of students, and WAC 392-145-035 regarding the duty to adopt and post rules, including rules of conduct, governing school bus

WAC 392-400-220. Student disciplinary boards – Establishment at option of school district – Functions.
The board of directors of any school district may authorize the establishment of one or more student disciplinary boards composed of students, teachers, administrators, or parents, or any combination thereof. Disciplinary boards may be authorized to prescribe reasonable discipline and may recommend, but not prescribe, suspension or expulsion to the appropriate school authority. Such school authority shall be granted the power to set aside or modify any such prescription or recommendation. In addition, disciplinary boards may be authorized to periodically review rules of the school district defining the types of misconduct for which corrective action may be imposed and to recommend amendments to the board of directors.

RCW 28A.225.005. Information for students and parents.
(1) Each school within a school district shall inform the students and the parents of the students enrolled in the school about: The benefits of regular school attendance; the potential effects of excessive absenteeism, whether excused or unexcused, on academic achievement, and graduation and dropout rates; the school’s expectations of the parents and guardians to ensure regular school attendance by the child; the resources available to assist the child and the parents and guardians; the role and responsibilities of the school; and the consequences of truancy, including the compulsory education requirements under this chapter. Reasonable efforts must be made to enable parents to request and receive the information in a language in which they are fluent. A parent must date and acknowledge review of this information online or in writing before or at the time of enrollment of the child at a new school and at the beginning of each school year.

(2) The office of the superintendent of public instruction shall develop a template that schools may use to satisfy the requirements of subsection (1) of this section and shall post the information on its web site.

RCW 28A.320.211. Discipline policies, procedures, and rules—Dissemination of information—Use of disaggregated data—Review.
(1) School districts shall annually disseminate discipline policies and procedures to students, families, and the community.

**RCW 28A.600.010. Enforcement of rules of conduct – Due process guarantees – Computation of days for short-term and long-term suspensions.**

Every board of directors, unless otherwise specifically provided by law, shall:

(2) Adopt and make available to each pupil, teacher and parent in the district reasonable written rules regarding pupil conduct, discipline, and rights, including but not limited to short-term suspensions as referred to in RCW 28A.600.015 and suspensions in excess of ten consecutive days. Such rules shall not be inconsistent with any of the following: Federal statutes and regulations, state statutes, common law, and the rules of the superintendent of public instruction. The board's rules shall include such substantive and procedural due process guarantees as prescribed by the superintendent of public instruction under RCW 28A.600.015. When such rules are made available to each pupil, teacher, and parent, they shall be accompanied by a detailed description of rights, responsibilities, and authority of teachers and principals with respect to the discipline of pupils as prescribed by state statutory law, the superintendent of public instruction, and the rules of the school district.

For the purposes of this subsection, computation of days included in "short-term" and "long-term" suspensions shall be determined on the basis of consecutive school days.

(3) Suspend, expel, or discipline pupils in accordance with RCW 28A.600.015.

(1) The school district's or public charter school's sexual harassment policy must be easily understood and conspicuously posted throughout each school building and provided to each employee.

(2) Information about the school district's or public charter school's sexual harassment policy and complaint procedure must appear in any publication of a school, school district, or public charter school that sets forth the rules, regulations, procedures, and standards of conduct for the school, school district, or charter school. School districts and public charter schools that do not provide such a publication must provide written information about the district's or charter school's sexual harassment policy and complaint procedure to each student, parent or guardian, employee, and volunteer.

(3) Each school district and public charter school must develop a process for discussing the district's or charter school's sexual harassment policy. The process must ensure the discussion addresses the definition of sexual harassment and issues covered in the sexual harassment policy.
WAC 392-190-060. Compliance—School district or public charter school—Designation of responsible employee—Notification.

(1) The superintendent of each school district or the public charter school governing board must designate at least one employee who is responsible for monitoring and coordinating the district's or charter school's compliance with this chapter and the guidelines adopted under WAC 392-190-005. The employee designated under this section is also responsible for ensuring that all complaints communicated to the school district or public charter school under WAC 392-190-065 are promptly investigated and resolved.

(2) Each school district and public charter school must, once each year or more often as deemed necessary, publish notice in a manner that is reasonably calculated to inform all students, students' parents and guardians, and employees of the complaint procedure set forth in WAC 392-190-065, 392-190-070 and 392-190-075. School districts and public charter schools must provide this notice in a language that each parent and guardian can understand, which may require language assistance for parents and guardians with limited-English proficiency, in accordance with Title VI of the Civil Rights Act of 1964.

(3) Each school district and public charter school must include a nondiscrimination statement in written announcements, notices, recruitment materials, employment application forms, and other publications made available to all students, parents, or employees. The statement must include:

   (b) The name or title, office address, and telephone number of the employee or employees designated under this section, as well as the employees designated to ensure compliance with Section 504 of the Rehabilitation Act of 1973 and Title IX of the Education Amendments of 1972; and

(4) School districts and public charter schools must not adopt any policy, procedure, or practice that would limit a person's right to file a complaint under this chapter or have the effect of discouraging any person from utilizing the complaint procedure in WAC 392-190-065 through 392-190-075. School districts and public charter schools must not intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right secured by this chapter or the guidelines adopted under WAC 392-190-005 or because the individual has made a complaint or participated in an investigation under this chapter.

In addition, written procedures for administering corrective action shall be developed and reviewed periodically as follows:

   (a) Each school district shall provide for the development with parent and community participation of written procedures for administering corrective action at each school as required by RCW 28A.600.020(3).

   (b) In a manner consistent with the district procedures developed pursuant to (a) above, the principal and certificated employees in each school building shall confer at least annually for the purpose of
developing, or reviewing, or both, building discipline standards and the uniform enforcement of those standards, as required by RCW 28A.400.110.

(c) School districts shall use disaggregated data collected pursuant to RCW 28A.300.042 to monitor the impact of the school district's discipline policies and procedures, as required by WAC 392-190-048.

(d) School districts, in consultation with school district staff, students, families, and the community, shall periodically review and update their discipline rules, policies, and procedures.

(2) Rules that establish types of misconduct pursuant to this section must have a real and substantial relationship to the lawful maintenance and operation of the school district including, but not limited to, the preservation of the health and safety of students and employees and the preservation of an educational process which is conducive to learning.

(3) The rules set forth in this chapter, the rules of a school district that establish types of misconduct pursuant to subsection (1) above, and the written procedures of a district for administering corrective action adopted pursuant to subsection (1)(a) and (d) of this subsection, shall be published and made available to all students and parents on an annual basis. School districts shall annually disseminate discipline policies and procedures to students, families, and the community.

A district's harassment, intimidation and bullying policy and procedure shall be published and made available to all parents or guardians, students, employees, and volunteers on an annual basis. The district will publish, at a minimum, the following materials: Policy and procedure, an incident reporting form and current contact information for the district's harassment, intimidation and bullying compliance officer. If a school district chooses not to distribute such rules to all parents or guardians, students, employees, and volunteers, then notice which describes the contents of such rules and specifies the person(s) to contact for a copy shall be provided to students and parents on an annual basis in a manner reasonably calculated to come to their attention.

(4) Notwithstanding any provision of this section to the contrary, each teacher is empowered to exclude any student who creates a disruption of the educational process in violation of the building disciplinary standards while under the teacher's immediate supervision from his or her individual classroom and instructional or activity area for all or any portion of the balance of the school day or until the principal or designee and teacher have conferred, whichever occurs first: Provided, That except in emergency

**Alternatives to suspension**

**LAWS**

**RCW 28A.600.410. Alternatives to suspension — Encouraged.**

School districts are encouraged to find alternatives to suspension including reducing the length of a student's suspension conditioned by the commencement of counseling or other treatment services. Consistent with current law, the conditioning of a student's suspension does not obligate the school district to pay for the counseling or other treatment services except for those stipulated and agreed to by the district at the inception of the suspension.

**RCW 28A.600.020. Exclusion of student from classroom – Written disciplinary procedures – Long-term suspension or expulsion.**

(7) Nothing in this section prevents a public school district, educational service district, the Washington state center for childhood deafness and hearing loss, or the state school for the blind if it has suspended or expelled a student from the student's regular school setting from providing educational services to the student in an alternative setting or modifying the suspension or expulsion on a case-by-case basis. An alternative setting should be comparable, equitable, and appropriate to the regular education services a student would have received without the exclusionary discipline. Example alternative settings include alternative high schools, one-on-one tutoring, and online learning.

Use of student and locker searches

LAWS

RCW 28A.225.031. Alcohol or controlled substances testing — Authority to order.
The authority of a court to issue an order for testing to determine whether the child has consumed or used alcohol or controlled substances applies to all persons subject to a petition under RCW 28A.225.030 regardless of whether the petition was filed before July 27, 1997.

The legislature finds that illegal drug activity and weapons in schools threaten the safety and welfare of school children and pose a severe threat to the state educational system. School officials need authority to maintain order and discipline in schools and to protect students from exposure to illegal drugs, weapons, and contraband. Searches of school-issued lockers and the contents of those lockers is a reasonable and necessary tool to protect the interests of the students of the state as a whole.
No right nor expectation of privacy exists for any student as to the use of any locker issued or assigned to a student by a school and the locker shall be subject to search for illegal drugs, weapons, and contraband as provided in RCW 28A.600.210 through 28A.600.240.

(1) A school principal, vice principal, or principal's designee may search a student, the student's possessions, and the student's locker, if the principal, vice principal, or principal's designee has reasonable grounds to suspect that the search will yield evidence of the student's violation of the law or school rules. A search is mandatory if there are reasonable grounds to suspect a student has illegally possessed a firearm in violation of RCW 9.41.280.
(2) Except as provided in subsection (3) of this section, the scope of the search is proper if the search is conducted as follows:
   (a) The methods used are reasonably related to the objectives of the search; and
   (b) Is not excessively intrusive in light of the age and sex of the student and the nature of the suspected infraction.
(3) A principal or vice principal or anyone acting under their direction may not subject a student to a strip search or body cavity search as those terms are defined in RCW 10.79.070.

RCW 28A.600.240. School locker searches – Notice and reasonable suspicion requirements.
(1) In addition to the provisions in RCW 28A.600.230, the school principal, vice principal, or principal's designee may search all student lockers at any time without prior notice and without a reasonable suspicion that the search will yield evidence of any particular student's violation of the law or school rule.
(2) If the school principal, vice principal, or principal's designee, as a result of the search, develops a reasonable suspicion that a certain container or containers in any student locker contain evidence of a student's violation of the law or school rule, the principal, vice principal, or principal's designee may search the container or containers according to the provisions of RCW 28A.600.230(2).

REGULATIONS

WAC 392-400-215. Student rights.
In addition to other rights established by law, each student served by or on behalf of a common school district shall possess the following substantive rights, and no school district shall limit these rights except for good and sufficient cause:
   (3) All students possess the constitutional right to be secure in their persons, papers, and effects against unreasonable searches and seizures.

Grounds for possible suspension or expulsion

LAWS

RCW 28A.600.455. Gang activity – Suspension or expulsion.
(1) A student who is enrolled in a public school or an alternative school may be suspended or expelled if the student is a member of a gang and knowingly engages in gang activity on school grounds.
(2) "Gang" means a group which: (a) Consists of three or more persons; (b) has identifiable leadership; and (c) on an ongoing basis, regularly conspires and acts in concert mainly for criminal purposes.

(3) A student who commits an offense under chapter 9A.36, 9A.40, 9A.46, or 9A.48 RCW, when directed toward another student, may be removed from the classroom of the victim for the duration of the student's attendance at that school or any other school where the victim is enrolled. A student who commits an offense under one of the chapters enumerated in this section against a student or another school employee, may be expelled or suspended.
(4) Nothing in this section is intended to limit the authority of a school under existing law and rules to expel or suspend a student for misconduct or criminal behavior.

REGULATIONS

WAC 392-400-245. Short-term suspension—Conditions and limitations.
A short-term suspension may be imposed upon a student for violation of school district rules adopted pursuant to WAC 392-400-225, subject to the following limitations or conditions, the prior informal conference procedures set forth in WAC 392-400-250, and the grievance procedures set forth in WAC 392-400-255:
(1) The nature and circumstances of the violation must be considered and must reasonably warrant a short-term suspension and the length of the suspension imposed. This requirement does not preclude the boards of directors of school districts from establishing the nature and extent of the corrective actions which, as a general rule, must be imposed as a consequence of proscribed misconduct. Such advance notice to students is advisable, and the imposition of such preestablished corrective action is permissible as long as (a) disciplinarians and hearing officers are allowed to grant exceptions in cases involving extenuating or exceptional circumstances, and (b) short-term suspension is not established as the corrective action for a student's first time offense other than for offenses involving exceptional misconduct as defined in subsection (2) of this section.
(2) As a general rule, no student shall be suspended for a short term unless another form of corrective action reasonably calculated to modify his or her conduct has previously been imposed upon the student as a consequence of misconduct of the same nature. A school district may, however, elect to adopt rules providing for the immediate resort to short-term suspension in cases involving exceptional misconduct as long as disciplinarians and hearing officers may grant exceptions in cases involving extenuating or exceptional circumstances, notwithstanding the fact prior alternative corrective action has not been imposed upon the student(s) involved. For the purpose of this rule, "exceptional misconduct" means misconduct other than absenteeism which a school district has judged, following consultation with an ad hoc citizens committee, to (a) be of such frequent occurrence, notwithstanding
past attempts of district staff to control such misconduct through the use of other forms of corrective action, as to warrant an immediate resort to short-term suspension, or (b) be so serious in nature or so serious in terms of the disruptive effect upon the operation of the school(s) as to warrant an immediate resort to short-term suspension. The ad hoc citizens committee required by this section shall be composed of three or more persons chosen by the school district or the administrative designee(s) of the district, and shall be constituted with the intent and purpose of representing various socioeconomic, minority and majority populations of the school district to the extent deemed practical.

(3) No student in grades kindergarten through grade four shall be subject to short-term suspensions for more than a total of ten school days during any single semester or trimester as the case may be, and no loss of academic grades or credit shall be imposed by reason of the suspension of such a student.

(4) No student in the grade five and above program shall be subjected to short-term suspensions for more than a total of fifteen school days during any single semester or ten school days during any single trimester, as the case may be.

(5) A student may be excluded from a particular classroom or instructional or activity area for the period of suspension, but the school district must provide an opportunity for a student to receive educational services during a period of suspension. Any student subject to a short-term suspension shall be provided the opportunity upon his or her return to make up assignments and tests missed by reason of the short-term suspension if:
   
   (a) Such assignments or tests have a substantial effect upon the student's semester or trimester grade or grades; or
   (b) Failure to complete such assignments or tests would preclude the student from receiving credit for the course or courses.

(6) Any student who has been suspended shall be allowed to make application for readmission at any time. Each school district board of directors shall adopt written rules which provide for such an application for readmission and set forth the procedures to be followed.

A long-term suspension may be imposed upon a student for violation of school district rules adopted pursuant to WAC 392-400-225, subject to the following limitations or conditions and the notice requirements set forth in WAC 392-400-265 and the hearing requirements set forth in WAC 392-400-270:

(1) School districts may not impose long-term suspension as a form of discretionary discipline as defined in WAC 392-400-205(11).

(2) A student may be excluded from a particular classroom or instructional or activity area for the period of suspension, but the school district must provide an opportunity for a student to receive educational services during a period of suspension.

(3) The nature and circumstances of the violation must be considered and must reasonably warrant a long-term suspension and the length of the suspension imposed. This requirement does not preclude the boards of directors of school districts from establishing the nature and extent of the corrective actions which, as a general rule, must be imposed as a consequence of proscribed misconduct. Such advance notice to students is advisable, and the imposition of such preestablished corrective action is permissible as long as (a) disciplinarians and hearing officers are allowed to grant exceptions in cases involving extenuating or exceptional circumstances, and (b) long-term suspension is not established as the corrective action for a student's first time offense other than for offenses involving exceptional misconduct as defined in subsection (4) of this section.

(4) As a general rule, no student shall be suspended for a long term unless another form of corrective action reasonably calculated to modify his or her conduct has previously been imposed upon the
student as a consequence of misconduct of the same nature. A school district may, however, elect to adopt rules providing for the immediate resort to long-term suspension in cases involving exceptional misconduct as long as disciplinarians and hearing officers are allowed to grant exceptions in cases involving extenuating or exceptional circumstances, notwithstanding the fact prior alternative corrective action has not been imposed upon the student(s) involved. For the purpose of this rule, "exceptional misconduct" means misconduct other than absenteeism which a school district has judged following consultation with an ad hoc citizens committee to (a) be of such frequent occurrence, notwithstanding past attempts of district staff to control such misconduct through the use of other forms of corrective action, as to warrant an immediate resort to long-term suspension, or (b) be so serious in nature or so serious in terms of the disruptive effect upon the operation of the school(s) as to warrant an immediate resort to long-term suspension. The ad hoc citizens committee required by this section shall be composed of three or more persons chosen by the school district or the administrative designee(s) of the district, and shall be constituted with the intent and purpose of representing various socioeconomic, minority and majority populations of the school district to the extent deemed practical.

(5) No student in grades kindergarten through four shall be subject to long-term suspension during any single semester or trimester, as the case may be, and no loss of academic grades or credit shall be imposed by reason of the suspension of such a student.

(6) No single long-term suspension shall be imposed upon a student in the grade five and above program in a manner which causes the student to lose academic grades or credit for in excess of one semester or trimester, as the case may be, during the same school year.

(7) Any student who has been suspended shall be allowed to make application for readmission at any time. Each school district board of directors shall adopt written rules which provide for such an application for readmission and set forth the procedures to be followed.

(8) All long-term suspensions and the reasons therefor shall be reported in writing to the superintendent of the school district or his or her designee within twenty-four hours after the imposition of the suspension.

WAC 392-400-275. Expulsion—Conditions and limitations.

A student may be expelled for violation of school district rules adopted pursuant to WAC 392-400-225, subject to the following limitations or conditions, the notice requirements set forth in WAC 392-400-280, and the hearing requirements set forth in WAC 392-400-285:

(1) School districts may not impose expulsion as a form of discretionary discipline as defined in WAC 392-400-205(11).

(2) A student may be excluded from a particular classroom or instructional or activity area for the period of suspension or expulsion, but the school district must provide an opportunity for a student to receive educational services during a period of suspension or expulsion.

(3) The nature and circumstances of the violation must reasonably warrant the harshness of expulsion.

(4) No student shall be expelled unless other forms of corrective action reasonably calculated to modify his or her conduct have failed or unless there is good reason to believe that other forms of corrective action would fail if employed.

(5) An expulsion may not be for an indefinite period of time. An expulsion may not exceed the length of an academic term, as defined by the school board, from the date of the corrective action unless:

(a) The school petitions the district superintendent for an extension; and

(b) The district superintendent authorizes the extension in compliance with the superintendent of public instruction’s rules adopted for this purpose.
(6) The district shall make reasonable efforts to assist students in returning to an educational setting prior to, and no later than, the end date of the corrective action.

(7) Once a student has been expelled in compliance with this chapter, the expulsion shall be brought to the attention of appropriate local and state authorities including, but not limited to, juvenile authorities acting pursuant to chapter 13.04 RCW in order that such authorities may address the student's educational needs.

(8) Any student who has been expelled shall be allowed to make application for readmission at any time. Each school district board of directors shall adopt written rules which provide for such an application for readmission and set forth the procedures to be followed.

(9) All expulsions and the reasons therefor shall be reported in writing to the superintendent of the school district or his or her designee within twenty-four hours after the imposition of the expulsion.

Notwithstanding any other provision of this chapter, a student may be expelled immediately by a school district superintendent or a designee of the superintendent in emergency situations: Provided that the superintendent or designee has good and sufficient reason to believe that the student's presence poses an immediate and continuing danger to students, school staff, or poses an immediate and continuing threat of substantial disruption of the educational process. An emergency expulsion must end or be converted to another form of corrective action within ten school days from the date of the expulsion. A school district must provide notice and due process rights if it converts the emergency expulsion to another form of corrective action.

Limitations, conditions or exclusions for use of suspension and expulsion

LAWS

(1) The superintendent of public instruction shall adopt and distribute to all school districts lawful and reasonable rules prescribing the substantive and procedural due process guarantees of pupils in the
common schools. Such rules shall authorize a school district to use informal due process procedures in connection with the short-term suspension of students to the extent constitutionally permissible:

PROVIDED, That the superintendent of public instruction deems the interest of students to be adequately protected. When a student suspension or expulsion is appealed, the rules shall authorize a school district to impose the suspension or expulsion temporarily after an initial hearing for no more than ten consecutive school days or until the appeal is decided, whichever is earlier. Any days that the student is temporarily suspended or expelled before the appeal is decided shall be applied to the term of the student suspension or expulsion and shall not limit or extend the term of the student suspension or expulsion. An expulsion or suspension of a student may not be for an indefinite period of time.

(2) Short-term suspension procedures may be used for suspensions of students up to and including, ten consecutive school days.

(3) Emergency expulsions must end or be converted to another form of corrective action within ten school days from the date of the emergency removal from school. Notice and due process rights must be provided when an emergency expulsion is converted to another form of corrective action.

(4) School districts may not impose long-term suspension or expulsion as a form of discretionary discipline.

(5) Any imposition of discretionary and nondiscretionary discipline is subject to the bar on suspending the provision of educational services pursuant to subsection (8) of this section.

(6) As used in this chapter, "discretionary discipline" means a disciplinary action taken by a school district for student behavior that violates rules of student conduct adopted by a school district board of directors under RCW 28A.600.010 and this section, but does not constitute action taken in response to any of the following:

(a) A violation of RCW 28A.600.420;
(b) An offense in RCW 13.04.155;
(c) Two or more violations of RCW 9A.46.120, 9.41.280, 28A.600.455, 28A.635.020, or 28A.635.060 within a three-year period; or
(d) Behavior that adversely impacts the health or safety of other students or educational staff.

(7) Except as provided in RCW 28A.600.420, school districts are not required to impose long-term suspension or expulsion for behavior that constitutes a violation or offense listed under subsection (6)(a) through (d) of this section and should first consider alternative actions.

(8) School districts may not suspend the provision of educational services to a student as a disciplinary action. A student may be excluded from a particular classroom or instructional or activity area for the period of suspension or expulsion, but the school district must provide an opportunity for a student to receive educational services during a period of suspension or expulsion.

(9) Nothing in this section creates any civil liability for school districts, or creates a new cause of action or new theory of negligence against a school district board of directors, a school district, or the state.

**RCW 28A.600.020. Exclusion of student from classroom – Written disciplinary procedures – Long-term suspension or expulsion.**

(6) Any corrective action involving a suspension or expulsion from school for more than ten days must have an end date of not more than the length of an academic term, as defined by the school board, from the time of corrective action. Districts shall make reasonable efforts to assist students and parents in returning to an educational setting prior to and no later than the end date of the corrective action. Where warranted based on public health or safety, a school may petition the superintendent of the school district, pursuant to policies and procedures adopted by the office of the superintendent of public instruction, for authorization to exceed the academic term limitation provided in this subsection. The superintendent of
public instruction shall adopt rules outlining the limited circumstances in which a school may petition to exceed the academic term limitation, including safeguards to ensure that the school district has made every effort to plan for the student's return to school. School districts shall report to the office of the superintendent of public instruction the number of petitions made to the school board and the number of petitions granted on an annual basis.

REGULATIONS

WAC 392-400-245. Short-term suspension – Conditions and limitations.

A short-term suspension may be imposed upon a student for violation of school district rules adopted pursuant to WAC 392-400-225, subject to the following limitations or conditions, the prior informal conference procedures set forth in WAC 392-400-250, and the grievance procedures set forth in WAC 392-400-255:

(1) The nature and circumstances of the violation must be considered and must reasonably warrant a short-term suspension and the length of the suspension imposed. This requirement does not preclude the boards of directors of school districts from establishing the nature and extent of the corrective actions which, as a general rule, must be imposed as a consequence of proscribed misconduct. Such advance notice to students is advisable, and the imposition of such preestablished corrective action is permissible as long as (a) disciplinarians and hearing officers are allowed to grant exceptions in cases involving extenuating or exceptional circumstances, and (b) short-term suspension is not established as the corrective action for a student's first time offense other than for offenses involving exceptional misconduct as defined in subsection (2) of this section.

(2) As a general rule, no student shall be suspended for a short term unless another form of corrective action reasonably calculated to modify his or her conduct has previously been imposed upon the student as a consequence of misconduct of the same nature. A school district may, however, elect to adopt rules providing for the immediate resort to short-term suspension in cases involving exceptional misconduct as long as disciplinarians and hearing officers may grant exceptions in cases involving extenuating or exceptional circumstances, notwithstanding the fact prior alternative corrective action has not been imposed upon the student(s) involved. For the purpose of this rule, “exceptional misconduct” means misconduct other than absenteeism which a school district has judged, following consultation with an ad hoc citizens committee, to (a) be of such frequent occurrence, notwithstanding past attempts of district staff to control such misconduct through the use of other forms of corrective action, as to warrant an immediate resort to short-term suspension, or (b) be so serious in nature or so serious in terms of the disruptive effect upon the operation of the school(s) as to warrant an immediate resort to short-term suspension. The ad hoc citizens committee required by this section shall be composed of three or more persons chosen by the school district or the administrative designee(s) of the district, and shall be constituted with the intent and purpose of representing various socioeconomic, minority and majority populations of the school district to the extent deemed practical.

(3) No student in grades kindergarten through grade four shall be subject to short-term suspensions for more than a total of ten school days during any single semester or trimester as the case may be, and no loss of academic grades or credit shall be imposed by reason of the suspension of such a student.

(4) No student in the grade five and above program shall be subjected to short-term suspensions for more than a total of fifteen school days during any single semester or ten school days during any single trimester, as the case may be.

(5) A student may be excluded from a particular classroom or instructional or activity area for the period of suspension, but the school district must provide an opportunity for a student to receive educational services during a period of suspension. Any student subject to a short-term suspension shall be
provided the opportunity upon his or her return to make up assignments and tests missed by reason of the short-term suspension if:

(a) Such assignments or tests have a substantial effect upon the student's semester or trimester grade or grades; or

(b) Failure to complete such assignments or tests would preclude the student from receiving credit for the course or courses.

(6) Any student who has been suspended shall be allowed to make application for readmission at any time. Each school district board of directors shall adopt written rules which provide for such an application for readmission and set forth the procedures to be followed.

A long-term suspension may be imposed upon a student for violation of school district rules adopted pursuant to WAC 392-400-225, subject to the following limitations or conditions and the notice requirements set forth in WAC 392-400-265 and the hearing requirements set forth in WAC 392-400-270:

(1) School districts may not impose long-term suspension as a form of discretionary discipline as defined in WAC 392-400-205(11).

(2) A student may be excluded from a particular classroom or instructional or activity area for the period of suspension, but the school district must provide an opportunity for a student to receive educational services during a period of suspension.

(3) The nature and circumstances of the violation must be considered and must reasonably warrant a long-term suspension and the length of the suspension imposed. This requirement does not preclude the boards of directors of school districts from establishing the nature and extent of the corrective actions which, as a general rule, must be imposed as a consequence of proscribed misconduct. Such advance notice to students is advisable, and the imposition of such preestablished corrective action is permissible as long as (a) disciplinarians and hearing officers are allowed to grant exceptions in cases involving extenuating or exceptional circumstances, and (b) long-term suspension is not established as the corrective action for a student's first time offense other than for offenses involving exceptional misconduct as defined in subsection (4) of this section.

(4) As a general rule, no student shall be suspended for a long term unless another form of corrective action reasonably calculated to modify his or her conduct has previously been imposed upon the student as a consequence of misconduct of the same nature. A school district may, however, elect to adopt rules providing for the immediate resort to long-term suspension in cases involving exceptional misconduct as long as disciplinarians and hearing officers are allowed to grant exceptions in cases involving extenuating or exceptional circumstances, notwithstanding the fact prior alternative corrective action has not been imposed upon the student(s) involved. For the purpose of this rule, "exceptional misconduct" means misconduct other than absenteeism which a school district has judged following consultation with an ad hoc citizens committee to (a) be of such frequent occurrence, notwithstanding past attempts of district staff to control such misconduct through the use of other forms of corrective action, as to warrant an immediate resort to long-term suspension, or (b) be so serious in nature or so serious in terms of the disruptive effect upon the operation of the school(s) as to warrant an immediate resort to long-term suspension. The ad hoc citizens committee required by this section shall be composed of three or more persons chosen by the school district or the administrative designee(s) of the district, and shall be constituted with the intent and purpose of representing various socioeconomic, minority and majority populations of the school district to the extent deemed practical.

(5) No student in grades kindergarten through four shall be subject to long-term suspension during any single semester or trimester, as the case may be, and no loss of academic grades or credit shall be imposed by reason of the suspension of such a student.
(6) No single long-term suspension shall be imposed upon a student in the grade five and above program in a manner which causes the student to lose academic grades or credit for in excess of one semester or trimester, as the case may be, during the same school year.

(7) Any student who has been suspended shall be allowed to make application for readmission at any time. Each school district board of directors shall adopt written rules which provide for such an application for readmission and set forth the procedures to be followed.

(8) All long-term suspensions and the reasons therefor shall be reported in writing to the superintendent of the school district or his or her designee within twenty-four hours after the imposition of the suspension.

WAC 392-400-275. Expulsion—Conditions and limitations.

A student may be expelled for violation of school district rules adopted pursuant to WAC 392-400-225, subject to the following limitations or conditions, the notice requirements set forth in WAC 392-400-280, and the hearing requirements set forth in WAC 392-400-285:

(1) School districts may not impose expulsion as a form of discretionary discipline as defined in WAC 392-400-205(11).

(2) A student may be excluded from a particular classroom or instructional or activity area for the period of suspension or expulsion, but the school district must provide an opportunity for a student to receive educational services during a period of suspension or expulsion.

(3) The nature and circumstances of the violation must reasonably warrant the harshness of expulsion.

(4) No student shall be expelled unless other forms of corrective action reasonably calculated to modify his or her conduct have failed or unless there is good reason to believe that other forms of corrective action would fail if employed.

(5) An expulsion may not be for an indefinite period of time. An expulsion may not exceed the length of an academic term, as defined by the school board, from the date of the corrective action unless:

   (a) The school petitions the district superintendent for an extension; and

   (b) The district superintendent authorizes the extension in compliance with the superintendent of public instruction's rules adopted for this purpose.

(6) The district shall make reasonable efforts to assist students in returning to an educational setting prior to, and no later than, the end date of the corrective action.

(7) Once a student has been expelled in compliance with this chapter, the expulsion shall be brought to the attention of appropriate local and state authorities including, but not limited to, juvenile authorities acting pursuant to chapter 13.04 RCW in order that such authorities may address the student's educational needs.

(8) Any student who has been expelled shall be allowed to make application for readmission at any time. Each school district board of directors shall adopt written rules which provide for such an application for readmission and set forth the procedures to be followed.

(9) All expulsions and the reasons therefor shall be reported in writing to the superintendent of the school district or his or her designee within twenty-four hours after the imposition of the expulsion.

WAC 392-400-295. Emergency expulsion—Limitations.

Notwithstanding any other provision of this chapter, a student may be expelled immediately by a school district superintendent or a designee of the superintendent in emergency situations: Provided that the superintendent or designee has good and sufficient reason to believe that the student's presence poses an immediate and continuing danger to students, school staff, or poses an immediate and continuing threat of substantial disruption of the educational process. An emergency expulsion must end or be
converted to another form of corrective action within ten school days from the date of the expulsion. A school district must provide notice and due process rights if it converts the emergency expulsion to another form of corrective action.

Administrative procedures related to suspension and expulsion

LAWS

(1) The superintendent of public instruction shall adopt and distribute to all school districts lawful and reasonable rules prescribing the substantive and procedural due process guarantees of pupils in the common schools. Such rules shall authorize a school district to use informal due process procedures in connection with the short-term suspension of students to the extent constitutionally permissible:

PROVIDED, That the superintendent of public instruction deems the interest of students to be adequately protected. When a student suspension or expulsion is appealed, the rules shall authorize a school district to impose the suspension or expulsion temporarily after an initial hearing for no more than ten consecutive school days or until the appeal is decided, whichever is earlier. Any days that the student is temporarily suspended or expelled before the appeal is decided shall be applied to the term of the student suspension or expulsion and shall not limit or extend the term of the student suspension or expulsion. An expulsion or suspension of a student may not be for an indefinite period of time.

(2) Short-term suspension procedures may be used for suspensions of students up to and including, ten consecutive school days.

(3) Emergency expulsions must end or be converted to another form of corrective action within ten school days from the date of the emergency removal from school. Notice and due process rights must be provided when an emergency expulsion is converted to another form of corrective action.

(4) School districts may not impose long-term suspension or expulsion as a form of discretionary discipline.

(5) Any imposition of discretionary and nondiscretionary discipline is subject to the bar on suspending the provision of educational services pursuant to subsection (8) of this section.

(6) As used in this chapter, "discretionary discipline" means a disciplinary action taken by a school district for student behavior that violates rules of student conduct adopted by a school district board of directors under RCW 28A.600.010 and this section, but does not constitute action taken in response to any of the following:

(a) A violation of RCW 28A.600.420;

(b) An offense in RCW 13.04.155;

(c) Two or more violations of RCW 9A.46.120, 9.41.280, 28A.600.455, 28A.635.020, or 28A.635.060 within a three-year period; or

(d) Behavior that adversely impacts the health or safety of other students or educational staff.

(7) Except as provided in RCW 28A.600.420, school districts are not required to impose long-term suspension or expulsion for behavior that constitutes a violation or offense listed under subsection (6)(a) through (d) of this section and should first consider alternative actions.

(8) School districts may not suspend the provision of educational services to a student as a disciplinary action. A student may be excluded from a particular classroom or instructional or activity area for the period of suspension or expulsion, but the school district must provide an opportunity for a student to receive educational services during a period of suspension or expulsion.
(9) Nothing in this section creates any civil liability for school districts, or creates a new cause of action or new theory of negligence against a school district board of directors, a school district, or the state.

**RCW 28A.600.020. Exclusion of student from classroom – Written disciplinary procedures – Long-term suspension or expulsion.**

(1) The rules adopted pursuant to RCW 28A.600.010 shall be interpreted to ensure that the optimum learning atmosphere of the classroom is maintained, and that the highest consideration is given to the judgment of qualified certificated educators regarding conditions necessary to maintain the optimum learning atmosphere.

(2) Any student who creates a disruption of the educational process in violation of the building disciplinary standards while under a teacher’s immediate supervision may be excluded by the teacher from his or her individual classroom and instructional or activity area for all or any portion of the balance of the school day, or up to the following two days, or until the principal or designee and teacher have conferred, whichever occurs first. Except in emergency circumstances, the teacher first must attempt one or more alternative forms of corrective action. In no event without the consent of the teacher may an excluded student return to the class during the balance of that class or activity period or up to the following two days, or until the principal or his or her designee and the teacher have conferred.

(3) In order to preserve a beneficial learning environment for all students and to maintain good order and discipline in each classroom, every school district board of directors shall provide that written procedures are developed for administering discipline at each school within the district. Such procedures shall be developed with the participation of parents and the community, and shall provide that the teacher, principal or designee, and other authorities designated by the board of directors, make every reasonable attempt to involve the parent or guardian and the student in the resolution of student discipline problems. Such procedures shall provide that students may be excluded from their individual classes or activities for periods of time in excess of that provided in subsection (2) of this section if such students have repeatedly disrupted the learning of other students. The procedures must be consistent with the rules of the superintendent of public instruction and must provide for early involvement of parents in attempts to improve the student's behavior.

(4) The procedures shall assure, pursuant to RCW 28A.400.110, that all staff work cooperatively toward consistent enforcement of proper student behavior throughout each school as well as within each classroom.

(5)(a) A principal shall consider imposing long-term suspension or expulsion as a sanction when deciding the appropriate disciplinary action for a student who, after July 27, 1997:

(i) Engages in two or more violations within a three-year period of RCW 9A.46.120, 28A.600.455, 28A.600.460, 28A.635.020, 28A.600.020, 28A.635.060, or 9.41.280; or

(ii) Engages in one or more of the offenses listed in RCW 13.04.155.

(b) The principal shall communicate the disciplinary action taken by the principal to the school personnel who referred the student to the principal for disciplinary action.

(6) Any corrective action involving a suspension or expulsion from school for more than ten days must have an end date of not more than the length of an academic term, as defined by the school board, from the time of corrective action. Districts shall make reasonable efforts to assist students and parents in returning to an educational setting prior to and no later than the end date of the corrective action. Where warranted based on public health or safety, a school may petition the superintendent of the school district, pursuant to policies and procedures adopted by the office of the superintendent of public instruction, for authorization to exceed the academic term limitation provided in this subsection. The superintendent of public instruction shall adopt rules outlining the limited circumstances in which a school may petition to exceed the academic term limitation, including safeguards to ensure that the school district has made
every effort to plan for the student's return to school. School districts shall report to the office of the superintendent of public instruction the number of petitions made to the school board and the number of petitions granted on an annual basis.

(7) Nothing in this section prevents a public school district, educational service district, the Washington state center for childhood deafness and hearing loss, or the state school for the blind if it has suspended or expelled a student from the student's regular school setting from providing educational services to the student in an alternative setting or modifying the suspension or expulsion on a case-by-case basis. An alternative setting should be comparable, equitable, and appropriate to the regular education services a student would have received without the exclusionary discipline. Example alternative settings include alternative high schools, one-on-one tutoring, and online learning.

RCW 28A.600.022. Suspended or expelled students – Reengagement plan.

(1) School districts should make efforts to have suspended or expelled students return to an educational setting as soon as possible. School districts must convene a meeting with the student and the student's parents or guardians within twenty days of the student's long-term suspension or expulsion, but no later than five days before the student's enrollment, to discuss a plan to reengage the student in a school program. Families must have access to, provide meaningful input on, and have the opportunity to participate in a culturally sensitive and culturally responsive reengagement plan.

(2) In developing a reengagement plan, school districts should consider shortening the length of time that the student is suspended or expelled, other forms of corrective action, and supportive interventions that aid in the student's academic success and keep the student engaged and on track to graduate. School districts must create a reengagement plan tailored to the student's individual circumstances, including consideration of the incident that led to the student's long-term suspension or expulsion. The plan should aid the student in taking the necessary steps to remedy the situation that led to the student's suspension or expulsion.

(3) Any reengagement meetings conducted by the school district involving the suspended or expelled student and his or her parents or guardians are not intended to replace a petition for readmission.

REGULATIONS

WAC 392-400-205. Definitions.

As used in this chapter the term:

(2) "Suspension" shall mean a denial of attendance (other than for the balance of the immediate class period for "discipline" purposes) for any single subject or class, or for any full schedule of subjects or classes for a stated period of time. A suspension also may include a denial of admission to, or entry upon, real and personal property that is owned, leased, rented, or controlled by the school district.

(3) "Short-term suspension" shall mean a suspension for any portion of a calendar day up to and not exceeding ten consecutive school days.

(c) Cannot be imposed beyond the school year in which the alleged misbehavior occurs.

(5) "Emergency expulsion" shall mean an emergency removal from school for up to, and not exceeding, ten consecutive school days from the student's current school placement by a school district superintendent or a designee of the superintendent. The superintendent or designee must have good and sufficient reason to believe that the student's presence poses an immediate and continuing danger to other students or school staff or an immediate and continuing threat of substantial disruption of the educational process. An emergency expulsion must end or be converted to another form of corrective action within ten school days from the date of the emergency removal from school.

(6) "Expulsion" shall mean a denial of attendance for a period of time up to, but not longer than, the length of an academic term, as defined by the school board, from the time a student is removed from his or her current school placement by a school district superintendent or a designee of the superintendent. An expulsion also may include a denial of admission to, or entry upon, real and personal property that is owned, leased, rented, or controlled by the school district.

(7) "School business day" shall mean any calendar day, exclusive of Saturdays, Sundays, and any federal and school holidays, upon which the office of the superintendent of the school district is open to the public for the conduct of business. A school business day shall be concluded or terminated upon the closure of said office for the calendar day.

(10) "Reengagement plan" shall mean a written plan developed between a school district and a student and his/her parent or guardian designed to aid the student in taking the necessary steps to remedy the situation that led to the student's suspension or expulsion and return the student to the educational setting as soon as possible.

(11) "Discretionary discipline" shall mean a disciplinary action taken by a school district for student behavior that violates rules of student conduct adopted by a school district board of directors under RCW 28A.600.010 and 28A.600.015, but does not constitute action taken in response to any of the following:

(a) A violation of RCW 28A.600.420;
(b) An offense in RCW 13.04.155;
(c) Two or more violations of RCW 9A.46.120, 9A.46.280, 28A.600.455, 28A.635.020, or 28A.635.060 within a three-year period; or
(d) Behavior that adversely impacts the health or safety of other students or educational staff.

WAC 392-400-245. Short-term suspension – Conditions and limitations.
A short-term suspension may be imposed upon a student for violation of school district rules adopted pursuant to WAC 392-400-225, subject to the following limitations or conditions, the prior informal conference procedures set forth in WAC 392-400-250, and the grievance procedures set forth in WAC 392-400-255:
(1) The nature and circumstances of the violation must be considered and must reasonably warrant a short-term suspension and the length of the suspension imposed. This requirement does not preclude the boards of directors of school districts from establishing the nature and extent of the corrective actions which, as a general rule, must be imposed as a consequence of proscribed misconduct. Such advance notice to students is advisable, and the imposition of such preestablished corrective action is permissible as long as (a) disciplinarians and hearing officers are allowed to grant exceptions in cases involving extenuating or exceptional circumstances, and (b) short-term suspension is not established as the corrective action for a student's first time offense other than for offenses involving exceptional misconduct as defined in subsection (2) of this section.

(2) As a general rule, no student shall be suspended for a short term unless another form of corrective action reasonably calculated to modify his or her conduct has previously been imposed upon the student as a consequence of misconduct of the same nature. A school district may, however, elect to adopt rules providing for the immediate resort to short-term suspension in cases involving exceptional misconduct as long as disciplinarians and hearing officers may grant exceptions in cases involving extenuating or exceptional circumstances, notwithstanding the fact prior alternative corrective action has not been imposed upon the student(s) involved. For the purpose of this rule, "exceptional misconduct" means misconduct other than absenteeism which a school district has judged, following consultation with an ad hoc citizens committee, to (a) be of such frequent occurrence, notwithstanding past attempts of district staff to control such misconduct through the use of other forms of corrective action, as to warrant an immediate resort to short-term suspension, or (b) be so serious in nature or so serious in terms of the disruptive effect upon the operation of the school(s) as to warrant an immediate resort to short-term suspension. The ad hoc citizens committee required by this section shall be composed of three or more persons chosen by the school district or the administrative designee(s) of the district, and shall be constituted with the intent and purpose of representing various socioeconomic, minority and majority populations of the school district to the extent deemed practical.

(3) No student in grades kindergarten through grade four shall be subject to short-term suspensions for more than a total of ten school days during any single semester or trimester as the case may be, and no loss of academic grades or credit shall be imposed by reason of the suspension of such a student.

(4) No student in the grade five and above program shall be subjected to short-term suspensions for more than a total of fifteen school days during any single semester or ten school days during any single trimester, as the case may be.

(5) A student may be excluded from a particular classroom or instructional or activity area for the period of suspension, but the school district must provide an opportunity for a student to receive educational services during a period of suspension. Any student subject to a short-term suspension shall be provided the opportunity upon his or her return to make up assignments and tests missed by reason of the short-term suspension if:

   (a) Such assignments or tests have a substantial effect upon the student's semester or trimester grade or grades; or

   (b) Failure to complete such assignments or tests would preclude the student from receiving credit for the course or courses.

(6) Any student who has been suspended shall be allowed to make application for readmission at any time. Each school district board of directors shall adopt written rules which provide for such an application for readmission and set forth the procedures to be followed.

WAC 392-400-250. Short-term suspension – Prior conference required – Notice to parent.

(1) Prior to the short-term suspension of any student a conference shall be conducted with the student as follows:
(a) An oral or written notice of the alleged misconduct and violation(s) of school district rules shall be provided to the student;
(b) An oral or written explanation of the evidence in support of the allegation(s) shall be provided to the student;
(c) An oral or written explanation of the corrective action which may be imposed shall be provided to the student; and
(d) The student shall be provided the opportunity to present his/her explanation.

(2) In the event a short-term suspension is to exceed one calendar day, the parent(s) or guardian(s) of the student shall be notified of the reason for the student's suspension and the duration of the suspension orally and/or by letter deposited in the United States mail as soon as reasonably possible. The notice shall also inform the parent or guardian of the right to an informal conference pursuant to WAC 392-400-255 and that the suspension may possibly be reduced as a result of such conference.

(3) All short-term suspensions and the reasons therefor shall be reported in writing to the superintendent of the school district or his or her designee within twenty-four hours after the imposition of the suspension.

WAC 392-400-255. Short-term suspension – Grievance procedure.
Any student, parent, or guardian who is aggrieved by the imposition of a short-term suspension shall have the right to an informal conference with the building principal or his or her designee for the purpose of resolving the grievance. The employee whose action is being grieved shall be notified of the initiation of a grievance as soon as reasonably possible. During such conference the student, parent, or guardian shall be subject to questioning by the building principal or his or her designee and shall be entitled to question school personnel involved in the matter being grieved. Subsequent to the building level grievance meeting, the student, parent, or guardian, upon two school business days' prior notice, shall have the right to present a written and/or oral grievance to the superintendent of the district or his/her designee. If the grievance is not resolved, the student, parent, or guardian, upon two school business days' prior notice, shall have the right to present a written and/or oral grievance to the board of directors during the board's next regular meeting or to the school district disciplinary appeal council if the board has delegated its responsibility to hear and decide such grievances to the council pursuant to WAC 392-400-317. The board or council shall notify the student, parent, or guardian of its response to the grievance within ten school business days after the date of the meeting. The short-term suspension shall continue notwithstanding the implementation of the grievance procedure set forth in this section unless the principal or his or her designee elects to postpone such action.

A long-term suspension may be imposed upon a student for violation of school district rules adopted pursuant to WAC 392-400-225, subject to the following limitations or conditions and the notice requirements set forth in WAC 392-400-265 and the hearing requirements set forth in WAC 392-400-270:

(1) School districts may not impose long-term suspension as a form of discretionary discipline as defined in WAC 392-400-205(11).
(2) A student may be excluded from a particular classroom or instructional or activity area for the period of suspension, but the school district must provide an opportunity for a student to receive educational services during a period of suspension.
(3) The nature and circumstances of the violation must be considered and must reasonably warrant a long-term suspension and the length of the suspension imposed. This requirement does not preclude the boards of directors of school districts from establishing the nature and extent of the corrective actions which, as a general rule, must be imposed as a consequence of proscribed misconduct. Such advance notice to students is advisable, and the imposition of such preestablished corrective action is
permissible as long as (a) disciplinarians and hearing officers are allowed to grant exceptions in cases involving extenuating or exceptional circumstances, and (b) long-term suspension is not established as the corrective action for a student's first time offense other than for offenses involving exceptional misconduct as defined in subsection (4) of this section.

(4) As a general rule, no student shall be suspended for a long term unless another form of corrective action reasonably calculated to modify his or her conduct has previously been imposed upon the student as a consequence of misconduct of the same nature. A school district may, however, elect to adopt rules providing for the immediate resort to long-term suspension in cases involving exceptional misconduct as long as disciplinarians and hearing officers are allowed to grant exceptions in cases involving extenuating or exceptional circumstances, notwithstanding the fact prior alternative corrective action has not been imposed upon the student(s) involved. For the purpose of this rule, “exceptional misconduct” means misconduct other than absenteeism which a school district has judged following consultation with an ad hoc citizens committee to (a) be of such frequent occurrence, notwithstanding past attempts of district staff to control such misconduct through the use of other forms of corrective action, as to warrant an immediate resort to long-term suspension, or (b) be so serious in nature or so serious in terms of the disruptive effect upon the operation of the school(s) as to warrant an immediate resort to long-term suspension. The ad hoc citizens committee required by this section shall be composed of three or more persons chosen by the school district or the administrative designee(s) of the district, and shall be constituted with the intent and purpose of representing various socioeconomic, minority and majority populations of the school district to the extent deemed practical.

(5) No student in grades kindergarten through four shall be subject to long-term suspension during any single semester or trimester, as the case may be, and no loss of academic grades or credit shall be imposed by reason of the suspension of such a student.

(6) No single long-term suspension shall be imposed upon a student in the grade five and above program in a manner which causes the student to lose academic grades or credit for in excess of one semester or trimester, as the case may be, during the same school year.

(7) Any student who has been suspended shall be allowed to make application for readmission at any time. Each school district board of directors shall adopt written rules which provide for such an application for readmission and set forth the procedures to be followed.

(8) All long-term suspensions and the reasons therefor shall be reported in writing to the superintendent of the school district or his or her designee within twenty-four hours after the imposition of the suspension.

**WAC 392-400-265. Long-term suspension – Notice of hearing – Waiver of hearing.**

(1) Prior to the long-term suspension of a student, written notice of an opportunity for a hearing shall be delivered in person or by certified mail to the student and to his or her parent(s) or guardian(s). The notice shall:

(a) Be provided in the predominant language of a student and/or a parent(s) or guardian(s) who predominantly speak a language other than English, in accordance with Title VI of the Civil Rights Act of 1964;

(b) Specify the alleged misconduct and the school district rule(s) alleged to have been violated;

A schedule of "school business days" potentially applicable to the exercise of such hearing right should be included with the notice.

(2) The student and/or his or her parent(s) or guardian(s) shall reply to the notice of opportunity for a hearing and request a hearing within three school business days after the date of receipt of notice. The evidence submitted by the school district must at a minimum establish either:

       (i) That the district made a reasonable effort to produce the witness and is unable to do so; or

       (ii) That it is not advisable for the student to appear due to an expectation and fear on the part of the responsible district official(s) or the student of retaliation against the student if he or she appears as a witness.

   (d) Present his or her explanation of the alleged misconduct; and

WAC 392-400-275. Expulsion – Conditions and limitations.
A student may be expelled for violation of school district rules adopted pursuant to WAC 392-400-225, subject to the following limitations or conditions, the notice requirements set forth in WAC 392-400-280, and the hearing requirements set forth in WAC 392-400-285:

(1) School districts may not impose expulsion as a form of discretionary discipline as defined in WAC 392-400-205(11).

(2) A student may be excluded from a particular classroom or instructional or activity area for the period of suspension or expulsion, but the school district must provide an opportunity for a student to receive educational services during a period of suspension or expulsion.

(3) The nature and circumstances of the violation must reasonably warrant the harshness of expulsion.

(4) No student shall be expelled unless other forms of corrective action reasonably calculated to modify his or her conduct have failed or unless there is good reason to believe that other forms of corrective action would fail if employed.

(5) An expulsion may not be for an indefinite period of time. An expulsion may not exceed the length of an academic term, as defined by the school board, from the date of the corrective action unless:

(a) The school petitions the district superintendent for an extension; and

(b) The district superintendent authorizes the extension in compliance with the superintendent of public instruction's rules adopted for this purpose.

(6) The district shall make reasonable efforts to assist students in returning to an educational setting prior to, and no later than, the end date of the corrective action.

(7) Once a student has been expelled in compliance with this chapter, the expulsion shall be brought to the attention of appropriate local and state authorities including, but not limited to, juvenile authorities acting pursuant to chapter 13.04 RCW in order that such authorities may address the student's educational needs.

(8) Any student who has been expelled shall be allowed to make application for readmission at any time. Each school district board of directors shall adopt written rules which provide for such an application for readmission and set forth the procedures to be followed.

(9) All expulsions and the reasons therefor shall be reported in writing to the superintendent of the school district or his or her designee within twenty-four hours after the imposition of the expulsion.

(1) Prior to the expulsion of a student, an oral or written notice of an opportunity for a hearing shall be delivered in person, or by certified mail to the student and to his or her parent(s) or guardian(s). The notice shall:

(b) Specify the alleged misconduct and the school district rule(s) or policy alleged to have been violated;

(c) Set forth the corrective action proposed;

(d) Set forth the right of the student and his or her parent(s) or guardian(s) to a hearing for the purpose of contesting the allegation(s); and

(e) Set forth the facts that:

(i) A written or oral request for a hearing must be received by the school district employee designated, or by his or her office, on or before the expiration of the third school business day after receipt of the notice of opportunity for a hearing; and
(ii) If such a request is not received within the prescribed period of time, then the right to a hearing may be deemed to have been waived and the proposed expulsion may be imposed by the school district without any further opportunity for the student or his or her parent(s) or guardian(s) to contest the matter. A schedule of "school business days" potentially applicable to the exercise of such hearing right should be included with the notice; and

(2) The student or his or her parent(s) or guardian(s) shall reply to the notice of opportunity for a hearing and request a hearing within three school business days after the date of receipt of the notice. A request for a hearing shall be provided to the school district employee specified in the notice of opportunity for a hearing, or to his or her office. A request for a hearing shall be accepted if in writing and may be accepted orally.

(3) If a request for a hearing is not received within the required three school business day period, the school district may deem the student and his or her parent(s) or guardian(s) to have waived the right to a hearing and the proposed expulsion may be imposed.

(1) If a request for a hearing is received pursuant to WAC 392-400-280 within the required three school business days, the school district shall schedule a hearing to commence within three school business days after the date upon which the request for a hearing was received.

(2) The student and his or her parent(s) or guardian(s) shall have the right to:

   (a) Inspect in advance of the hearing any documentary and other physical evidence which the school district intends to introduce at the hearing;

   (b) Be represented by legal counsel;

   (c) Question and confront witnesses, unless a school district witness does not appear and the nonappearance of the witness is excused by the person(s) hearing the case based upon evidence of good reason for doing so submitted by the school district. The evidence submitted by the school district must at a minimum establish either:

      (i) That the district made a reasonable effort to produce the witness and is unable to do so; or

      (ii) That it is not advisable for the student to appear due to an expectation and fear on the part of the responsible district official(s) or the student of retaliation against the student if he or she appears as a witness.

   (d) Present his or her explanation of the alleged misconduct; and

   (e) Make such relevant showings by way of witnesses and the introduction of documentary and other physical evidence as he or she desires.

(5) Either a tape-recorded or verbatim record of the hearing shall be made.

(6) A written decision setting forth the findings of fact, conclusions, and the expulsion or lesser form of corrective action to be imposed, if any, shall be provided to the student's legal counsel or, if none, to the student and his or her parent(s) or guardian(s).
Notwithstanding any other provision of this chapter, a student may be expelled immediately by a school district superintendent or a designee of the superintendent in emergency situations: Provided that the superintendent or designee has good and sufficient reason to believe that the student's presence poses an immediate and continuing danger to students, school staff, or poses an immediate and continuing threat of substantial disruption of the educational process. An emergency expulsion must end or be converted to another form of corrective action within ten school days from the date of the expulsion. A school district must provide notice and due process rights if it converts the emergency expulsion to another form of corrective action.

(1) The student and his or her parent(s) or guardian(s) shall be notified of the emergency expulsion of the student and of their opportunity for a hearing either (a) by hand delivering written notice to the student's parent(s) or guardian(s) within twenty-four hours of the expulsion. School districts must document delivery of the notice by obtaining the signature of the parent(s) or guardian(s) acknowledging receipt or the written certification of the person making the delivery; or (b) by certified letter(s) deposited in the United States mail, within twenty-four hours of the expulsion. In addition, if the notice is by certified letter, reasonable attempts shall be made to notify the student and his or her parent(s) or guardian(s) by telephone or in person as soon as reasonably possible. Such written and oral notice shall:

   (d) Set forth the right of the student and/or his or her parent(s) or guardian(s) to a hearing for the purpose of contesting the allegation(s) as soon as reasonably possible; and
   (e) Set forth the facts that:
      (i) A written or oral request for a hearing must be received by the school district employee designated, or by his or her office, on or before the expiration of the third school business day after receipt of the notice of opportunity for a hearing; and
      (ii) If such a request is not received within the prescribed period of time, then the right to a hearing may be deemed to have been waived, and the emergency expulsion may be continued, as deemed necessary, for up to ten school days from the date of the student's emergency removal from school without any further opportunity for the student or his or her parent(s) or guardian(s) to contest the matter. A schedule of "school business days" potentially applicable to the exercise of such hearing right should be included with the notice.

(2) The student and/or his or her parent(s) or guardian(s) shall reply to the notice of opportunity for a hearing and request a hearing within three school business days after the date of receipt of the notice. A request for a hearing shall be provided to the school district employee specified in the notice of opportunity for a hearing, or to his or her office. A request for a hearing shall be accepted if in writing or orally.

(3) If a request for a hearing is not received within the required three school business day period, the school district may deem the student and his or her parent(s) or guardian(s) to have waived the right to a
hearing and the emergency expulsion may be imposed, as deemed necessary, for a period of up to ten school days from the date of the emergency removal from school.

**WAC 392-400-305. Emergency expulsion – Prehearing and hearing process.**

(2) The student and his or her parent(s) or guardian(s) shall have the right to:

   a. Inspect in advance of the hearing any documentary and other physical evidence which the school district intends to introduce at the hearing;

   b. Be represented by legal counsel;

   c. Question and confront witnesses, unless a school district witness does not appear and the nonappearance of the witness is excused by the person(s) hearing the case based upon evidence of good reason for doing so submitted by the school district. The evidence submitted by the school district must at a minimum establish either:

      i. That the district made a reasonable effort to produce the witness and is unable to do so; or

      ii. That it is not advisable for the student to appear due to an expectation and fear on the part of the responsible district official(s) or the student of retaliation against the student if he or she appears as a witness;

   d. Present his or her explanation of the alleged misconduct; and

(6) Within one school business day after the date upon which the hearing concludes, the person(s) hearing the case shall issue a decision regarding whether the emergency expulsion shall continue. The school district shall provide notice of the decision to the student and the student's parent(s), guardian(s), and legal counsel, if any, by depositing a certified letter in the United States mail. The decision shall set forth the findings of fact, the conclusions (including a conclusion as to whether the immediate and continuing danger to students, school staff, or poses an immediate and continuing threat of substantial disruption of the educational process, giving rise to the emergency expulsion has terminated), and whether the emergency expulsion shall be converted to another form of corrective action.

**WAC 392-400-310. Appeals – Long-term suspension and expulsion.**

Appeals from decisions rendered pursuant to WAC 392-400-270, 392-400-285 and 392-400-305 which impose either a long-term suspension or an expulsion upon a student shall be governed as follows:

(1) Any school district board of directors may delegate its authority to hear and decide long-term suspension and expulsion appeals to a school district disciplinary appeal council established by the board. School district disciplinary appeal councils shall be appointed by the school district board of directors for fixed terms and shall consist of not less than three persons.
(2) If the case was not heard and decided by the school district board of directors or school district disciplinary appeal council, the student and his or her parent(s) or guardian(s) shall have the right to appeal the decision to the board of directors or the disciplinary appeal council. Notice indicating that the student or his or her parent(s) or guardian(s) desire to appeal the decision shall be provided to either the office of the school district superintendent or to the office of the person who rendered the decision within three school business days after the date of receipt of the decision. The notice of appeal shall be accepted in writing or orally.

(a) A long-term suspension or nonemergency expulsion may be imposed during the appeal period for no more than ten consecutive school days or until the appeal is decided, whichever is the shortest period;

(b) Any days that a student is temporarily suspended or expelled before the appeal is decided shall be applied to the term of the student's suspension or expulsion and shall not limit or extend the term of the student's suspension or expulsion; and

(c) Any student subjected to a temporary suspension who returns to school before the appeal is decided shall be provided the opportunity upon his or her return to make up assignments and tests missed by reason of the suspension if:

(i) Such assignments or tests have a substantial effect upon the student's semester or trimester grade or grades; or

(ii) Failure to complete such assignments or tests would preclude the student from receiving credit for the course or courses.

(5) An appeal from any decision of a school board or disciplinary appeal council to impose or to affirm the imposition of a long-term suspension or an expulsion shall be to the courts. Whether or not the decision of a school board or disciplinary appeal council shall be postponed pending an appeal to superior court shall be discretionary with the school board or disciplinary appeal council except as ordered otherwise by a court.

WAC 392-400-315. Appeals – Hearing before school board or disciplinary appeal council – Procedures.

The purpose of the meeting shall be to meet and confer with the parties in order to decide upon the most appropriate means of disposing of the appeal as provided for in this section. At that time the student or the student's parent(s) or guardian(s) or legal counsel shall be given the right to be heard and shall be granted the opportunity to present such witnesses and testimony as the board or council deems reasonable. The board or council shall agree to one of the following procedures prior to adjournment or recess:

(a) The student and his or her parent(s) or guardian(s) shall have the right to:

(i) Inspect in advance of the hearing any documentary and other physical evidence which the school district intends to introduce at the hearing,

The evidence submitted by the school district must at a minimum establish either:

(A) That the district made a reasonable effort to produce the witness and is unable to do so; or,

(B) That it is not advisable for the student to appear due to an expectation and fear on the part of the responsible district official(s) or the student of retaliation against the student if he or she appears as a witness,

(2) Only by those board or council members who have not acted as a witness in the matter.

(3) Only at a meeting at which a quorum of the board or council is present and by majority vote.

WAC 392-400-410. Appeal for extension of an expulsion.

The superintendent may exercise his/her discretion to grant the petition in limited circumstances, on a case-by-case basis, so long as there is evidence that, if the student were to return at or before the length of an academic term, as defined by the school board, he/she would pose a risk to public health or safety.
(1) The petition to exceed the academic term limit shall include, at least, the following:
   (a) A detailed description of the student's misconduct, the school rules which were violated, and the public health and/or safety concerns of the district;

The written decision shall also include a description of all rights and procedures for appeal.

(7) If the petition is granted, within ten school business days of the receipt of the decision, the student and/or parent(s)/guardian(s) may appeal the decision to the district's school board in accordance with WAC 392-400-310 and 392-400-315.

**Use of restraint and seclusion**

**LAWS**

**RCW 28A.600.485. Restraint of students—Use of restraint or isolation specified in individualized education programs or plans developed under section 504 of the rehabilitation act of 1973—Procedures—Summary of incidents of isolation or restraint—Publishing to web site.**

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Isolation" means restricting the student alone within a room or any other form of enclosure, from which the student may not leave. It does not include a student's voluntary use of a quiet space for self-calming, or temporary removal of a student from his or her regular instructional area to an unlocked area for purposes of carrying out an appropriate positive behavior intervention plan.

(b) "Restraint" means physical intervention or force used to control a student, including the use of a restraint device to restrict a student's freedom of movement. It does not include appropriate use of a prescribed medical, orthopedic, or therapeutic device when used as intended, such as to achieve proper body position, balance, or alignment, or to permit a student to safely participate in activities.

(c) "Restraint device" means a device used to assist in controlling a student, including but not limited to metal handcuffs, plastic ties, ankle restraints, leather cuffs, other hospital-type restraints, pepper spray, tasers, or batons. Restraint device does not mean a seat harness used to safely transport students. This section shall not be construed as encouraging the use of these devices.

(2) The provisions of this section apply to all students, including those who have an individualized education program or plan developed under section 504 of the rehabilitation act of 1973. The provisions of this section apply only to incidents of restraint or isolation that occur while a student is participating in school-sponsored instruction or activities.

(3)

(a) An individualized education program or plan developed under section 504 of the rehabilitation act of 1973 must not include the use of restraint or isolation as a planned behavior intervention unless a student's individual needs require more specific advanced educational planning and the student's parent or guardian agrees. All other plans may refer to the district policy developed under subsection (3)(b) of this section. Nothing in this section is intended to limit the provision of a free appropriate public education under Part B of the federal individuals with disabilities education improvement act or section 504 of the federal rehabilitation act of 1973.

(b) Restraint or isolation of any student is permitted only when reasonably necessary to control spontaneous behavior that poses an imminent likelihood of serious harm, as defined in RCW 70.96B.010. Restraint or isolation must be closely monitored to prevent harm to the student, and must be discontinued as soon as the likelihood of serious harm has dissipated. Each school district shall adopt a policy providing for the least amount of restraint or isolation appropriate to protect the safety of students and staff under such circumstances.
(4) Following the release of a student from the use of restraint or isolation, the school must implement follow-up procedures. These procedures must include: (a) Reviewing the incident with the student and the parent or guardian to address the behavior that precipitated the restraint or isolation and the appropriateness of the response; and (b) reviewing the incident with the staff member who administered the restraint or isolation to discuss whether proper procedures were followed and what training or support the staff member needs to help the student avoid similar incidents.

(5) Any school employee, resource officer, or school security officer who uses isolation or restraint on a student during school-sponsored instruction or activities must inform the building administrator or building administrator’s designee as soon as possible, and within two business days submit a written report of the incident to the district office. The written report must include, at a minimum, the following information:

(a) The date and time of the incident;
(b) The name and job title of the individual who administered the restraint or isolation;
(c) A description of the activity that led to the restraint or isolation;
(d) The type of restraint or isolation used on the student, including the duration;

(3) If a school district board of directors chooses to initiate specialized programs for students at risk of expulsion or who are failing academically by contracting out with alternative educational service providers identified in subsection (1) of this section, the school district board of directors and the organization must specify the specific learning standards that students are expected to achieve. Placement of the student shall be jointly determined by the school district, the student's parent or legal guardian, and the alternative educational service provider.
(4) For the purpose of this section, the superintendent of public instruction shall adopt rules for reporting and documenting enrollment. Students may reenter at the grade level appropriate to the student's ability. **REGULATIONS**

**WAC 392-172A-05140. Purpose.**

The purpose of WAC 392-172A-05140 through 392-172A-05175 is to ensure that students eligible for special education services are not improperly excluded from school for disciplinary reasons and are provided services in accordance with WAC 392-172A-05145, 392-172A-05148, and 392-172A-05149. Each school district shall take steps to ensure that each employee, contractor, and other agent is knowledgeable of the disciplinary procedures to be followed for students eligible for special education and students who may be deemed to be eligible for special education, and knowledgeable of the rules and procedures contained in chapter 392-400 WAC governing discipline for all students.

**WAC 392-172A-05145. Authority of school personnel.**

(1) School personnel may consider any unique circumstances on a case-by-case basis when determining whether a change in placement, consistent with the other requirements of this section, is appropriate for a student eligible for special education services, who violates a code of student conduct.
(2)(a) School personnel may remove a student eligible for special education who violates a code of student conduct from his or her current placement to an appropriate interim alternative educational setting, another setting, or suspension, for not more than ten consecutive school days to the extent those alternatives are applied to students without disabilities under this section, and for additional removals of not more than ten consecutive school days in that same school year for separate incidents of misconduct as long as those removals do not constitute a change of placement under WAC 392-172A-05155.

(b) A school district is only required to provide services during periods of removal to a student eligible for special education who has been removed from his or her current placement for ten school days or less in that school year, if it provides services to a student without disabilities who is similarly removed. The services may be provided in an interim alternative educational setting.

(3) After a student eligible for special education has been removed from his or her current placement for ten school days in the same school year, and the removal is a change of placement under WAC 392-172A-05155, during any subsequent days of removal the student must continue to receive educational services, that provide a FAPE, so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the student's IEP. The student's IEP team determines appropriate services. The services may be provided in an interim alternative educational setting.

(4) After a student eligible for special education has been removed from his or her current placement for ten school days in the same school year, if the current removal is for not more than ten consecutive school days and is not a change of placement under WAC 392-172A-05155, during any subsequent days of removals, school personnel, in consultation with at least one of the student's teachers, determine the extent to which services are needed, to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the student's IEP. The services may be provided in an interim alternative educational setting.

On the date on which the decision is made to make a removal that constitutes a change of placement of a student eligible for special education because of a violation of a code of student conduct, the school district must notify the parents of that decision and provide the parents the procedural safeguards notice.

WAC 392-172A-05155. Change of placement because of disciplinary removals.
(1) For purposes of removals of a student eligible for special education from the student's current educational placement, because of disciplinary removals, a change of placement occurs if:

(a) The removal is for more than ten consecutive school days; or
(b) The student has been subjected to a series of removals that constitute a pattern:
   (i) Because the series of removals total more than ten school days in a school year;
   (ii) Because the student's behavior is substantially similar to the student's behavior in previous incidents that resulted in the series of removals; and
   (iii) Because of such additional factors as the length of each removal, the total amount of time the student has been removed, and the proximity of the removals to one another.

(2) The school district determines on a case-by-case basis whether a pattern of removals constitutes a change of placement.

(3) The determination regarding a disciplinary change of placement is subject to review through due process and judicial proceedings.
**WAC 392-172A-05160. Appeal of placement decisions and manifestation determinations.**

(1) The parent of a student eligible for special education who disagrees with any decision regarding placement under WAC 392-172A-05145 and 392-172A-05155, or the manifestation determination under WAC 392-172A-05146, or a school district that believes that maintaining the current placement of the student is substantially likely to result in injury to the student or others, may appeal the decision by requesting a due process hearing. The hearing is requested by filing a due process hearing request pursuant to WAC 392-172A-05080 and 392-172A-05085.

(2)(a) An administrative law judge under WAC 392-172A-05095 hears, and makes a determination regarding an appeal under subsection (1) of this section.

(b) In making the determination under (a) of this subsection, the administrative law judge may:

(i) Return the student to the placement from which the student was removed if the administrative law judge determines that the removal was a violation of WAC 392-172A-05145 through 392-172A-05155 or that the student's behavior was a manifestation of the student's disability; or

(ii) Order a change of placement of the student to an appropriate interim alternative educational setting for not more than forty-five school days if the administrative law judge determines that maintaining the current placement of the student is substantially likely to result in injury to the student or others.

(c) The procedures under subsection (1) of this section and (b) of this subsection may be repeated, if the school district believes that returning the student to the original placement is substantially likely to result in injury to the student or to others.

(3) Whenever a hearing is requested under subsection (1) of this section, the parents and the school district involved in the dispute must have an opportunity for an impartial due process hearing consistent with the requirements of WAC 392-172A-05080 through 392-172A-05090 and 392-172A-05100 through 392-172A-05110, except:

(a) The due process hearing must be expedited, and must occur within twenty school days of the date the due process hearing request is filed. The administrative law judge must make a determination within ten school days after the hearing.

(b) Unless the parents and school district agree in writing to waive the resolution meeting described in (b)(i) of this subsection, or agree to use the mediation process:

(i) A resolution meeting must occur within seven days of receiving notice of the due process hearing request; and

(ii) The due process hearing may proceed unless the matter has been resolved to the satisfaction of both parties within fifteen days of the receipt of the due process hearing request.

(4) The administrative hearing decisions on expedited due process hearings may be appealed, by initiating a civil action consistent with WAC 392-172A-05115.

**WAC 392-172A-05165. Placement during an appeal through a due process hearing.**

When either the parent or the school district requests a due process hearing, the student must remain in the interim alternative educational setting pending the decision of the administrative law judge or until the expiration of the time period specified in WAC 392-172A-05148 or 392-172A-05149, whichever occurs first, unless the parent and the school district agree otherwise.

**WAC 392-172A-05170. Protections for students not determined eligible for special education and related services.**

(1) A student who has not been determined to be eligible for special education and related services under this chapter and who has engaged in behavior that violated a code of student conduct, may assert any of
the protections provided for in this chapter if the school district had knowledge as determined in accordance with subsection (2) of this section that the student was a student eligible for special education before the behavior that precipitated the disciplinary action occurred.

(2) Basis of knowledge. A school district must be deemed to have knowledge that a student is eligible for special education if before the behavior that precipitated the disciplinary action occurred:

(a) The parent of the student expressed concern in writing to supervisory or administrative personnel of the appropriate educational agency, or a teacher of the student, that the student is in need of special education and related services;

(b) The parent of the student requested an evaluation of the student pursuant to WAC 392-172A-03005; or

(c) The teacher of the student, or other personnel of the school district, expressed specific concerns about a pattern of behavior demonstrated by the student directly to the director of special education or to other supervisory personnel of the school district.

(3) A school district would not be deemed to have knowledge under subsection (2) of this section if:

(a) The parent of the student:
   (i) Has not allowed an evaluation of the student pursuant to WAC 392-172A-03000 through 392-172A-03080; or
   (ii) Has refused services under this chapter; or

(b) The student has been evaluated in accordance with WAC 392-172A-03005 through 392-172A-03080 and determined to not be eligible for special education and related services under this part.

(4)(a) If a school district does not have knowledge that a student is eligible for special education prior to taking disciplinary measures against the student, the student may be disciplined using the same disciplinary measures applied to students without disabilities who engage in comparable behaviors consistent with (b) of this subsection.

(b)(i) If a request is made for an evaluation of a student during the time period in which the student is subjected to disciplinary measures under WAC 392-172A-05145, 392-172A-05148, or 392-172A-05149 the evaluation must be conducted in an expedited manner.

(ii) Until the evaluation is completed, the student remains in the educational placement determined by school authorities, which can include suspension or expulsion.

(iii) If the student is determined to be eligible for special education services, taking into consideration information from the evaluation conducted by the school district and information provided by the parents, the agency must provide special education and related services in accordance with this chapter and follow the discipline requirements, including the provision of a free appropriate public education for students suspended or expelled from school.

WAC 392-172A-05175. Referral to and action by law enforcement and judicial authorities.

(1) Nothing in this chapter prohibits a school district or other agency from reporting a crime committed by a student to appropriate authorities or prevents state law enforcement and judicial authorities from exercising their responsibilities with regard to the application of federal and state law to crimes committed by a student eligible for special education.

(2) An agency reporting a crime committed by a student eligible for special education must ensure that copies of the special education and disciplinary records of the student are transmitted for consideration by the appropriate authorities to whom the agency reports the crime, to the extent that the transmission is permitted by the Family Educational Rights and Privacy Act.

(g) Any nonstudent at least eighteen years of age who is in lawful possession of an unloaded firearm, secured in a vehicle while conducting legitimate business at the school; or
(h) Any law enforcement officer of the federal, state, or local government agency.

(4) Subsections (1)(c) and (d) of this section do not apply to any person who possesses nun-chu-ka sticks, throwing stars, or other dangerous weapons to be used in martial arts classes authorized to be conducted on the school premises.

(5) Subsection (1)(f)(i) of this section does not apply to any person who possesses a device listed in subsection (1)(f)(i) of this section, if the device is possessed and used solely for the purpose approved by a school for use in a school authorized event, lecture, or activity conducted on the school premises.
(6) Except as provided in subsection (3)(b), (c), (f), and (h) of this section, firearms are not permitted in a public or private school building.

(7) "GUN-FREE ZONE" signs shall be posted around school facilities giving warning of the prohibition of the possession of firearms on school grounds.

Each school district and each private school approved under chapter 28A.195 RCW shall report to the superintendent of public instruction by January 31st of each year all known incidents involving the possession of weapons on school premises, on transportation systems, or in areas of facilities while being used exclusively by public or private schools, in violation of RCW 9.41.280 in the year preceding the report. The superintendent shall compile the data and report it to the house of representatives, the senate, and the governor.

The legislature finds that illegal drug activity and weapons in schools threaten the safety and welfare of school children and pose a severe threat to the state educational system. School officials need authority to maintain order and discipline in schools and to protect students from exposure to illegal drugs, weapons, and contraband. Searches of school-issued lockers and the contents of those lockers is a reasonable and necessary tool to protect the interests of the students of the state as a whole.

RCW 28A.225.005. Information for students and parents.

(1) Each school within a school district shall inform the students and the parents of the students enrolled in the school about: The benefits of regular school attendance; the potential effects of excessive absenteeism, whether excused or unexcused, on academic achievement, and graduation and dropout rates; the school's expectations of the parents and guardians to ensure regular school attendance by the child; the resources available to assist the child and the parents and guardians; the role and responsibilities of the school; and the consequences of truancy, including the compulsory education requirements under this chapter. The school shall provide access to the information before or at the time of enrollment of the child at a new school and at the beginning of each school year. If the school regularly and ordinarily communicates most other information to parents online, providing online access to the information required by this section satisfies the requirements of this section unless a parent or guardian specifically requests information to be provided in written form. Reasonable efforts must be made to enable parents to request and receive the information in a language in which they are fluent. A parent
must date and acknowledge review of this information online or in writing before or at the time of enrollment of the child at a new school and at the beginning of each school year.

(2) The office of the superintendent of public instruction shall develop a template that schools may use to satisfy the requirements of subsection (1) of this section and shall post the information on its web site.

**RCW 28A.225.010. Attendance mandatory — Age — Exceptions.**

(1) All parents in this state of any child eight years of age and under eighteen years of age shall cause such child to attend the public school of the district in which the child resides and such child shall have the responsibility to and therefore shall attend for the full time when such school may be in session unless:

(a) The child is attending an approved private school for the same time or is enrolled in an extension program as provided in RCW 28A.195.010(4);

(b) The child is receiving home-based instruction as provided in subsection (4) of this section;

(c) The child is attending an education center as provided in chapter 28A.205 RCW;

(d) The school district superintendent of the district in which the child resides shall have excused such child from attendance because the child is physically or mentally unable to attend school, is attending a residential school operated by the department of social and health services, is incarcerated in an adult correctional facility, or has been temporarily excused upon the request of his or her parents for purposes agreed upon by the school authorities and the parent: PROVIDED, That such excused absences shall not be permitted if deemed to cause a serious adverse effect upon the student's educational progress: PROVIDED FURTHER, That students excused for such temporary absences may be claimed as full-time equivalent students to the extent they would otherwise have been so claimed for the purposes of RCW 28A.150.250 and 28A.150.260 and shall not affect school district compliance with the provisions of RCW 28A.150.220;

(e) The child is excused from school subject to approval by the student's parent for a reason of faith or conscience, or an organized activity conducted under the auspices of a religious denomination, church, or religious organization, for up to two days per school year without any penalty. Such absences may not mandate school closures. Students excused for such temporary absences may be claimed as full-time equivalent students to the extent they would otherwise have been so claimed for the purposes of RCW 28A.150.250 and 28A.150.260 and may not affect school district compliance with the provisions of RCW 28A.150.220; or

(f) The child is sixteen years of age or older and:

(i) The child is regularly and lawfully employed and either the parent agrees that the child should not be required to attend school or the child is emancipated in accordance with chapter 13.64 RCW;

(ii) The child has already met graduation requirements in accordance with state board of education rules and regulations; or

(iii) The child has received a certificate of educational competence under rules and regulations established by the state board of education under RCW 28A.305.190.

(2) A parent for the purpose of this chapter means a parent, guardian, or person having legal custody of a child.

(3) An approved private school for the purposes of this chapter and chapter 28A.200 RCW shall be one approved under regulations established by the state board of education pursuant to RCW 28A.305.130.

(4) For the purposes of this chapter and chapter 28A.200 RCW, instruction shall be home-based if it consists of planned and supervised instructional and related educational activities, including a curriculum and instruction in the basic skills of occupational education, science, mathematics, language, social studies, history, health, reading, writing, spelling, and the development of an appreciation of art and
music, provided for a number of hours equivalent to the total annual program hours per grade level established for approved private schools under RCW 28A.195.010 and 28A.195.040 and if such activities are:

(a) Provided by a parent who is instructing his or her child only and are supervised by a certificated person. A certificated person for purposes of this chapter and chapter 28A.200 RCW shall be a person certified under chapter 28A.410 RCW. For purposes of this section, "supervised by a certificated person" means: The planning by the certificated person and the parent of objectives consistent with this subsection; a minimum each month of an average of one contact hour per week with the child being supervised by the certificated person; and evaluation of such child's progress by the certificated person. The number of children supervised by the certificated person shall not exceed thirty for purposes of this subsection; or

(b) Provided by a parent who is instructing his or her child only and who has either earned forty-five college level quarter credit hours or its equivalent in semester hours or has completed a course in home-based instruction at a postsecondary institution or a vocational-technical institute; or

(c) Provided by a parent who is deemed sufficiently qualified to provide home-based instruction by the superintendent of the local school district in which the child resides.

(5) The legislature recognizes that home-based instruction is less structured and more experiential than the instruction normally provided in a classroom setting. Therefore, the provisions of subsection (4) of this section relating to the nature and quantity of instructional and related educational activities shall be liberally construed.

RCW 28A.225.018. Conferences to identify barriers to child's school attendance.

(1) Except as provided in subsection (2) of this section, in the event that a child in elementary school is required to attend school under RCW 28A.225.010 or 28A.225.015(1) and has five or more excused absences in a single month during the current school year, or ten or more excused absences in the current school year, the school district shall schedule a conference or conferences with the parent and child at a time reasonably convenient for all persons included for the purpose of identifying the barriers to the child's regular attendance, and the supports and resources that may be made available to the family so that the child is able to regularly attend school. If a regularly scheduled parent-teacher conference day is to take place within thirty days of the absences, the school district may schedule this conference on that day. To satisfy the requirements of this section, the conference must include at least one school district employee such as a nurse, counselor, social worker, teacher, or community human services provider, except in those instances regarding the attendance of a child who has an individualized education program or a plan developed under section 504 of the rehabilitation act of 1973, in which case the reconvening of the team that created the program or plan is required.

(2) A conference pursuant to subsection (1) of this section is not required in the event of excused absences for which prior notice has been given to the school or a doctor's note has been provided and an academic plan is put in place so that the child does not fall behind.

RCW 28A.225.020. School's duties upon child's failure to attend school.

(1) If a child required to attend school under RCW 28A.225.010 fails to attend school without valid justification, the public school in which the child is enrolled shall:

(a) Inform the child's parent by a notice in writing or by telephone whenever the child has failed to attend school after one unexcused absence within any month during the current school year. School officials shall inform the parent of the potential consequences of additional unexcused absences. If the parent is not fluent in English, the school must make reasonable efforts to provide this information in a language in which the parent is fluent;
(b) Schedule a conference or conferences with the parent and child at a time reasonably convenient for all persons included for the purpose of analyzing the causes of the child's absences after three unexcused absences within any month during the current school year. If a regularly scheduled parent-teacher conference day is to take place within thirty days of the third unexcused absence, then the school district may schedule this conference on that day. If the child's parent does not attend the scheduled conference, the conference may be conducted with the student and school official. However, the parent shall be notified of the steps to be taken to eliminate or reduce the child's absence; and

(c) At some point after the second and before the fifth unexcused absence, take data-informed steps to eliminate or reduce the child's absences.

(i) In middle school and high school, these steps must include application of the Washington assessment of the risks and needs of students (WARNS) or other assessment by a school district's designee under RCW 28A.225.026.

(ii) For any child with an existing individualized education plan or 504 plan, these steps must include the convening of the child's individualized education plan or 504 plan team, including a behavior specialist or mental health specialist where appropriate, to consider the reasons for the absences. If necessary, and if consent from the parent is given, a functional behavior assessment to explore the function of the absence behavior shall be conducted and a detailed behavior plan completed. Time should be allowed for the behavior plan to be initiated and data tracked to determine progress.

(iii) With respect to any child, without an existing individualized education plan or 504 plan, reasonably believed to have a mental or physical disability or impairment, these steps must include informing the child's parent of the right to obtain an appropriate evaluation at no cost to the parent to determine whether the child has a disability or impairment and needs accommodations, related services, or special education services. This includes children with suspected emotional or behavioral disabilities as defined in WAC 392-172A-01035. If the school obtains consent to conduct an evaluation, time should be allowed for the evaluation to be completed, and if the child is found to be eligible for special education services, accommodations, or related services, a plan developed to address the child's needs.

(iv) These steps must include, where appropriate, providing an available approved best practice or research-based intervention, or both, consistent with the WARNS profile or other assessment, if an assessment was applied, adjusting the child's school program or school or course assignment, providing more individualized or remedial instruction, providing appropriate vocational courses or work experience, referring the child to a community truancy board, requiring the child to attend an alternative school or program, or assisting the parent or child to obtain supplementary services that might eliminate or ameliorate the cause or causes for the absence from school.

(2) For purposes of this chapter, an "unexcused absence" means that a child:

(a)(i) Has failed to attend the majority of hours or periods in an average school day or has failed to comply with a more restrictive school district policy; and

(ii) Has failed to meet the school district's policy for excused absences; or

(b) Has failed to comply with alternative learning experience program attendance requirements as described by the superintendent of public instruction.

(3) If a child transfers from one school district to another during the school year, the receiving school or school district shall include the unexcused absences accumulated at the previous school or from the previous school district for purposes of this section, RCW 28A.225.030, and 28A.225.015. The sending school district shall provide this information to the receiving school, together with a copy of any previous assessment as required under subsection (1)(c) of this section, history of any best practices or researched-based intervention previously provided to the child by the child's sending school district, and a
copy of the most recent truancy information including any online or written acknowledgment by the parent and child, as provided for in RCW 28A.225.005. All school districts must use the standard choice transfer form for releasing a student to a nonresident school district for the purposes of accessing an alternative learning experience program.

**RCW 28A.225.023. Youth dependent pursuant to chapter 13.34 RCW — Review of unexpected or excessive absences — Support for youth's school work.**

A school district representative or school employee shall review unexpected or excessive absences with a youth who is dependent pursuant to chapter 13.34 RCW and adults involved with that youth, to include the youth's caseworker, educational liaison, attorney if one is appointed, parent or guardians, and foster parents or the person providing placement for the youth. The purpose of the review is to determine the cause of the absences, taking into account: Unplanned school transitions, periods of running from care, in-patient treatment, incarceration, school adjustment, educational gaps, psychosocial issues, and unavoidable appointments during the school day. A school district representative or a school employee must proactively support the youth's school work so the student does not fall behind and to avoid suspension or expulsion based on truancy.

**RCW 28A.225.025. Community truancy boards.**

(1) For purposes of this chapter, "community truancy board" means a board established pursuant to a memorandum of understanding between a juvenile court and a school district and composed of members of the local community in which the child attends school. Community truancy boards must include members who receive training regarding the identification of barriers to school attendance, the use of the Washington assessment of the risks and needs of students (WARNS) or other assessment tools to identify the specific needs of individual children, cultural responsive interactions, trauma-informed approaches to discipline, evidence-based treatments that have been found effective in supporting at-risk youth and their families, and the specific services and treatment available in the particular school, court, community, and elsewhere. Duties of a community truancy board shall include, but not be limited to: Identifying barriers to school attendance, recommending methods for improving attendance such as connecting students and their families with community services, culturally appropriate promising practices, and evidence-based services such as functional family therapy, suggesting to the school district that the child enroll in another school, an alternative education program, an education center, a skill center, a dropout prevention program, or another public or private educational program, or recommending to the juvenile court that a juvenile be offered the opportunity for placement in a HOPE center or crisis residential center, if appropriate.

(2) The legislature finds that utilization of community truancy boards is the preferred means of intervention when preliminary methods to eliminate or reduce unexcused absences as required by RCW 28A.225.020 have not been effective in securing the child's attendance at school. The legislature intends to encourage and support the development and expansion of community truancy boards. Operation of a school truancy board does not excuse a district from the obligation of filing a petition within the requirements of RCW 28A.225.015(3).

**RCW 28A.225.026. Community truancy boards—Memoranda of understanding with juvenile courts—Designation of school district coordinators to address absenteeism and truancy—Community-wide partnerships.**

(1) By the beginning of the 2017-18 school year, juvenile courts must establish, through a memorandum of understanding with each school district within their respective counties, a coordinated and collaborative approach to address truancy through the establishment of a community truancy board or, with respect to certain small districts, through other means as provided in subsection (3) of this section.
(2) Except as provided in subsection (3) of this section, each school district must enter into a memorandum of understanding with the juvenile court in the county in which it is located with respect to the operation of a community truancy board. A community truancy board may be operated by a juvenile court, a school district, or a collaboration between both entities, so long as the agreement is memorialized in a memorandum of understanding. For a school district that is located in more than one county, the memorandum of understanding shall be with the juvenile court in the county that acts as the school district's treasurer.

(3) A school district with fewer than three hundred students must enter into a memorandum of understanding with the juvenile court in the county in which it is located with respect to: (a) The operation of a community truancy board; or (b) addressing truancy through other coordinated means of intervention aimed at identifying barriers to school attendance, and connecting students and their families with community services, culturally appropriate promising practices, and evidence-based services such as functional family therapy. School districts with fewer than three hundred students may work cooperatively with other school districts or the school district's educational service district to ensure access to a community truancy board or to provide other coordinated means of intervention.

(4) All school districts must designate, and identify to the local juvenile court and to the office of the superintendent of public instruction, a person or persons to coordinate school district efforts to address excessive absenteeism and truancy, including tasks associated with: Outreach and conferences pursuant to RCW 28A.225.018; entering into a memorandum of understanding with the juvenile court; establishing protocols and procedures with the court; coordinating trainings; sharing evidence-based and culturally appropriate promising practices; identifying a person within every school to serve as a contact with respect to excessive absenteeism and truancy; and assisting in the recruitment of community truancy board members.

(5) As has been demonstrated by school districts and county juvenile courts around the state that have worked together and led the way with community truancy boards, success has resulted from involving the entire community and leveraging existing dollars from a variety of sources, including public and private, local and state, and court, school, and community. In emulating this coordinated and collaborative approach statewide pursuant to local memoranda of understanding, courts and school districts are encouraged to create strong community-wide partnerships and to leverage existing dollars and resources.

(1) Subject to funds appropriated for this purpose, the office of the superintendent of public instruction shall allocate to community truancy boards grant funds that may be used to supplement existing funds in order to pay for training for board members or the provision of services and treatment to children and their families.

(2) The superintendent of public instruction shall select grant recipients based on the criteria in this section. This is a competitive grant process. A prerequisite to applying for either or both grants is a memorandum of understanding, between a school district and a court, to institute a new or maintain an existing community truancy board that meets the requirements of RCW 28A.225.025.

(3) Successful applicants for an award of grant funds to supplement existing funds to pay for the training of community truancy board members must commit to the provision of training to board members regarding the identification of barriers to school attendance, the use of the Washington assessment of the risks and needs of students (WARNS) or other assessment tools to identify the specific needs of individual children, trauma-informed approaches to discipline, research about adverse childhood experiences, evidence-based treatments and culturally appropriate promising practices, as well as the specific academic and community services and treatments available in the school, court, community, and elsewhere. This training may be provided by educational service districts.
(4) Successful applicants for an award of grant funds to supplement existing funds to pay for services and treatments provided to children and their families must commit to the provision of academic services such as tutoring, credit retrieval and school reengagement supports, community services, and evidence-based treatments that have been found to be effective in supporting at-risk youth and their families, such as functional family therapy, or those that have been shown to be culturally appropriate promising practices.

(1) By requiring an initial stay of truancy petitions for diversion to community truancy boards, the legislature intends to achieve the following outcomes:

(a) Increased access to community truancy boards and other truancy early intervention programs for parents and children throughout the state;

(b) Increased quantity and quality of truancy intervention and prevention efforts in the community;

(c) A reduction in the number of truancy petitions that result in further proceedings by juvenile courts, other than dismissal of the petition, after the initial stay and diversion to a community truancy board;

(d) A reduction in the number of truancy petitions that result in a civil contempt proceeding or detention order; and

(e) Increased school attendance.

(2) No later than January 1, 2021, the Washington state institute for public policy is directed to evaluate the effectiveness of chapter 205, Laws of 2016. An initial report scoping of the methodology to be used to review chapter 205, Laws of 2016 shall be submitted to the fiscal committees of the legislature by January 1, 2018. The initial report must identify any data gaps that could hinder the ability of the institute to conduct its review.

RCW 28A.225.030. Petition to juvenile court for violations by a parent or child — School district responsibilities.

(1) If a child under the age of seventeen is required to attend school under RCW 28A.225.010 and if the actions taken by a school district under RCW 28A.225.020 are not successful in substantially reducing an enrolled student's absences from public school, not later than the seventh unexcused absence by a child within any month during the current school year or not later than the tenth unexcused absence during the current school year the school district shall file a petition and supporting affidavit for a civil action with the juvenile court alleging a violation of RCW 28A.225.010: (a) By the parent; (b) by the child; or (c) by the parent and the child. The petition must include a list of all interventions that have been attempted as set forth in RCW 28A.225.020, include a copy of any previous truancy assessment completed by the child's current school district, the history of approved best practices intervention or research-based intervention previously provided to the child by the child's current school district, and a copy of the most recent truancy information document provided to the parent, pursuant to RCW 28A.225.005. Except as provided in this subsection, no additional documents need be filed with the petition. Nothing in this subsection requires court jurisdiction to terminate when a child turns seventeen or precludes a school district from filing a petition for a child that is seventeen years of age.

(2) The district shall not later than the fifth unexcused absence in a month:

(a) Enter into an agreement with a student and parent that establishes school attendance requirements;

(b) Refer a student to a community truancy board as defined in RCW 28A.225.025. The community truancy board shall enter into an agreement with the student and parent that establishes school attendance requirements and take other appropriate actions to reduce the child's absences; or

(c) File a petition under subsection (1) of this section.
(3) The petition may be filed by a school district employee who is not an attorney.

(4) If the school district fails to file a petition under this section, the parent of a child with five or more unexcused absences in any month during the current school year or upon the tenth unexcused absence during the current school year may file a petition with the juvenile court alleging a violation of RCW 28A.225.010.

(5) Petitions filed under this section may be served by certified mail, return receipt requested. If such service is unsuccessful, or the return receipt is not signed by the addressee, personal service is required.

**RCW 28A.225.035. Petition to juvenile court — Contents — Court action — Referral to community truancy board — Transfer of jurisdiction upon relocation.**

(1) A petition for a civil action under RCW 28A.225.030 or 28A.225.015 shall consist of a written notification to the court alleging that:

   (a) The child has unexcused absences as described in RCW 28A.225.030(1) during the current school year;

   (b) Actions taken by the school district have not been successful in substantially reducing the child's absences from school; and

   (c) Court intervention and supervision are necessary to assist the school district or parent to reduce the child's absences from school.

(2) The petition shall set forth the name, date of birth, school, address, gender, race, and ethnicity of the child and the names and addresses of the child's parents, and shall set forth the languages in which the child and parent are fluent, whether there is an existing individualized education program, and the child's current academic status in school.

(3) The petition shall set forth facts that support the allegations in this section and shall generally request relief available under this chapter and provide information about what the court might order under RCW 28A.225.090.

   (4)(a) When a petition is filed under RCW 28A.225.030 or 28A.225.015, it shall initially be stayed by the juvenile court, and the child and the child's parent must be referred to a community truancy board or other coordinated means of intervention as set forth in the memorandum of understanding under RCW 28A.225.026. The community truancy board must provide to the court a description of the intervention and prevention efforts to be employed to substantially reduce the child's unexcused absences, along with a timeline for completion.

   (b) If a community truancy board or other coordinated means of intervention is not in place as required by RCW 28A.225.026, the juvenile court shall schedule a hearing at which the court shall consider the petition.

(5) When a referral is made to a community truancy board, the truancy board must meet with the child, a parent, and the school district representative and enter into an agreement with the petitioner and respondent regarding expectations and any actions necessary to address the child's truancy within twenty days of the referral. If the petition is based on RCW 28A.225.015, the child shall not be required to attend and the agreement under this subsection shall be between the truancy board, the school district, and the child's parent. The court may permit the truancy board or truancy prevention counselor to provide continued supervision over the student, or parent if the petition is based on RCW 28A.225.015.

(6) If the community truancy board fails to reach an agreement, or the parent or student does not comply with the agreement within the timeline for completion set by the community truancy board, the community truancy board shall return the case to the juvenile court. The stay of the petition shall be lifted, and the juvenile court shall schedule a hearing at which the court shall consider the petition.
(7)(a) Notwithstanding the provisions in subsection (4)(a) of this section, a hearing shall not be required if other actions by the court would substantially reduce the child's unexcused absences. Such actions may include referral to an existing community truancy board, use of the Washington assessment of risks and needs of students (WARNs) or other assessment tools to identify the specific needs of individual children, the provision of community-based services, and the provision of evidence-based treatments that have been found to be effective in supporting at-risk youth and their families. When a juvenile court hearing is held, the court shall:

(i) Separately notify the child, the parent of the child, and the school district of the hearing. If the parent is not fluent in English, notice should be provided in a language in which the parent is fluent as indicated on the petition pursuant to RCW 28A.225.030(1);

(ii) Notify the parent and the child of their rights to present evidence at the hearing; and

(iii) Notify the parent and the child of the options and rights available under chapter 13.32A RCW.

(b) If the child is not provided with counsel, the advisement of rights must take place in court by means of a colloquy between the court, the child if eight years old or older, and the parent.

(8)(a) The court may require the attendance of the child if eight years old or older, the parents, and the school district at any hearing on a petition filed under RCW 28A.225.030.

(b) The court may not issue a bench warrant for a child for failure to appear at a hearing on an initial truancy petition filed under RCW 28A.225.030. If there has been proper service, the court may instead enter a default order assuming jurisdiction under the terms specified in subsection (12) of this section.

(9) A school district is responsible for determining who shall represent the school district at hearings on a petition filed under RCW 28A.225.030 or 28A.225.015.

(10) The court may permit the first hearing to be held without requiring that either party be represented by legal counsel, and to be held without a guardian ad litem for the child under RCW 4.08.050. At the request of the school district, the court shall permit a school district representative who is not an attorney to represent the school district at any future hearings.

(11) If the child is in a special education program or has a diagnosed mental or emotional disorder, the court shall inquire as to what efforts the school district has made to assist the child in attending school.

(12) If the allegations in the petition are established by a preponderance of the evidence, the court shall grant the petition and enter an order assuming jurisdiction to intervene for the period of time determined by the court, after considering the facts alleged in the petition and the circumstances of the juvenile, to most likely cause the juvenile to return to and remain in school while the juvenile is subject to this chapter. In no case may the order expire before the end of the school year in which it is entered.

(13)(a) If the court assumes jurisdiction, the school district shall periodically report to the court any additional unexcused absences by the child, actions taken by the school district, and an update on the child's academic status in school at a schedule specified by the court.

(b) The first report under this subsection (13) must be received no later than three months from the date that the court assumes jurisdiction.

(14) Community truancy boards and the courts shall coordinate, to the extent possible, proceedings and actions pertaining to children who are subject to truancy petitions and at-risk youth petitions in RCW 13.32A.191 or child in need of services petitions in RCW 13.32A.140.

(15) If after a juvenile court assumes jurisdiction in one county the child relocates to another county, the juvenile court in the receiving county shall, upon the request of a school district or parent, assume jurisdiction of the petition filed in the previous county.
**RCW 28A.225.060. Custody and disposition of child absent from school without excuse.**

Any school district official, sheriff, deputy sheriff, marshal, police officer, or any other officer authorized to make arrests, may take into custody without a warrant a child who is required under the provisions of RCW 28A.225.010 through 28A.225.140 to attend school and is absent from school without an approved excuse, and shall deliver the child to: (1) The custody of a person in parental relation to the child; (2) the school from which the child is absent; or (3) a program designated by the school district.

**RCW 28A.225.090. Court orders—Penalties—Parents' defense.**

(1) A court may order a child subject to a petition under RCW 28A.225.035 to do one or more of the following:

(a) Attend the child's current school, and set forth minimum attendance requirements, which shall not consider a suspension day as an unexcused absence;

(b) If there is space available and the program can provide educational services appropriate for the child, order the child to attend another public school, an alternative education program, center, a skill center, dropout prevention program, or another public educational program;

(c) Attend a private nonsectarian school or program including an education center. Before ordering a child to attend an approved or certified private nonsectarian school or program, the court shall: (i) Consider the public and private programs available; (ii) find that placement is in the best interest of the child; and (iii) find that the private school or program is willing to accept the child and will not charge any fees in addition to those established by contract with the student's school district. If the court orders the child to enroll in a private school or program, the child's school district shall contract with the school or program to provide educational services for the child. The school district shall not be required to contract for a weekly rate that exceeds the state general apportionment dollars calculated on a weekly basis generated by the child and received by the district. A school district shall not be required to enter into a contract that is longer than the remainder of the school year. A school district shall not be required to enter into or continue a contract if the child is no longer enrolled in the district;

(d) Submit to a substance abuse assessment if the court finds on the record that such assessment is appropriate to the circumstances and behavior of the child and will facilitate the child's compliance with the mandatory attendance law and, if any assessment, including a urinalysis test ordered under this subsection indicates the use of controlled substances or alcohol, order the minor to abstain from the unlawful consumption of controlled substances or alcohol and adhere to the recommendations of the substance abuse assessment at no expense to the school; or

(e) Submit to a mental health evaluation or other diagnostic evaluation and adhere to the recommendations of the drug assessment, at no expense to the school, if the court finds on the court records that such evaluation is appropriate to the circumstances and behavior of the child, and will facilitate the child's compliance with the mandatory attendance law.

(2)(a) If the child fails to comply with the court order, the court may impose:

(i) Community restitution;

(ii) Nonresidential programs with intensive wraparound services;

(iii) A requirement that the child meet with a mentor for a specified number of times; or

(iv) Other services and interventions that the court deems appropriate.

(b) If the child continues to fail to comply with the court order and the court makes a finding that other measures to secure compliance have been tried but have been unsuccessful and no less restrictive alternative is available, the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e). Failure by a child to comply with an order issued under this subsection shall not be subject to detention for a period greater than that permitted pursuant to a civil contempt proceeding.
against a child under chapter 13.32A RCW. Detention ordered under this subsection may be for no longer than seven days. Detention ordered under this subsection shall preferably be served at a secure crisis residential center close to the child’s home rather than in a juvenile detention facility. A warrant of arrest for a child under this subsection may not be served on a child inside of school during school hours in a location where other students are present.

(3) Any parent violating any of the provisions of either RCW 28A.225.010, 28A.225.015, or 28A.225.080 shall be fined not more than twenty-five dollars for each day of unexcused absence from school. The court shall remit fifty percent of the fine collected under this section to the child’s school district. It shall be a defense for a parent charged with violating RCW 28A.225.010 to show that he or she exercised reasonable diligence in attempting to cause a child in his or her custody to attend school or that the child’s school did not perform its duties as required in RCW 28A.225.020. The court may order the parent to provide community restitution instead of imposing a fine. Any fine imposed pursuant to this section may be suspended upon the condition that a parent charged with violating RCW 28A.225.010 shall participate with the school and the child in a supervised plan for the child’s attendance at school or upon condition that the parent attend a conference or conferences scheduled by a school for the purpose of analyzing the causes of a child’s absence.

(4) If a child continues to be truant after entering into a court-approved order with the truancy board under RCW 28A.225.035, the juvenile court shall find the child in contempt, and the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention such as meaningful community restitution. Failure by a child to comply with an order issued under this subsection may not subject a child to detention for a period greater than that permitted under a civil contempt proceeding against a child under chapter 13.32A RCW.

(5) Subsections (1), (2), and (4) of this section shall not apply to a six or seven year old child required to attend public school under RCW 28A.225.015.

Decisions regarding the expenditure of the funds shall be made by the community truancy board or the courts, whichever is applicable. The amount of the assistance for each child shall be determined in accordance with the omnibus appropriations act. These funds shall be in excess of any other funds provided through RCW 28A.150.260 as basic education and other state, federal, or local sources.

RCW 28A.225.140. Enforcing officers not personally liable for costs.

No officer performing any duty under any of the provisions of RCW 28A.225.010 through 28A.225.140, or under the provisions of any rules that may be passed in pursuance hereof, shall in any wise become liable for any costs that may accrue in the performance of any duty prescribed by RCW 28A.225.010 through 28A.225.140.

(c) The school district or public charter school, upon notice, fails to take prompt and appropriate action to investigate or fails to take prompt and effective steps reasonably calculated to end the harassment, eliminate the hostile environment, prevent its recurrence, and, as appropriate, remedy its effects.

(2) For purposes of administrative enforcement of this chapter under WAC 392-190-060 through 392-190-081, the office of superintendent of public instruction deems a school district or public charter school to have notice of discriminatory harassment if a reasonable employee knew, or in the exercise of reasonable care should have known, about the harassment.

(3) Nothing in this chapter is intended to diminish or otherwise modify an individual's right to bring an action under state or federal law alleging that the individual has been harmed by conduct or communication related to the individual's sex, race, creed, color, national origin, honorably discharged veteran or military status, sexual orientation, gender expression, gender identity, presence of any sensory, mental, or physical disability, or use of a trained dog guide or service animal that creates a hostile or abusive educational or workplace environment.

This policy must apply to all school district and

(1) Definitions consistent with WAC 392-190-056;

(7) Dissemination and implementation of the policy; and
(8) Internal review of the policy.

(1) The school district's or public charter school's sexual harassment policy must be easily understood and conspicuously posted throughout each school building and provided to each employee.

(2) Information about the school district's or public charter school's sexual harassment policy and complaint procedure must appear in any publication of a school, school district, or public charter school that sets forth the rules, regulations, procedures, and standards of conduct for the school, school district, or charter school. School districts and public charter schools that do not provide such a publication must provide written information about the district's or charter school's sexual harassment policy and complaint procedure to each student, parent or guardian, employee, and volunteer.

(1) Each school district must adopt a harassment, intimidation, and bullying prevention policy and procedure as provided for in RCW 28A.300.285.

(2) If the allegations in a written report of harassment, intimidation, or bullying pursued under the school district's procedure adopted under RCW 28A.300.285 indicate a potential violation of this chapter or the guidelines adopted under WAC 392-190-005, the school district's harassment, intimidation, and bullying compliance officer, designated under RCW 28A.300.285, must promptly notify the district employee designated under WAC 392-190-060. Or, if during the course of an investigation of harassment, intimidation, or bullying, the district becomes aware of a potential violation of this chapter or the guidelines adopted under WAC 392-190-005, the school district staff member investigating the report must promptly notify the district employee designated under WAC 392-190-060. Upon receipt of this information, the designated employee must notify the complainant that their complaint will also proceed under the discrimination complaint procedure in WAC 392-190-065 through 392-190-075, in addition to the procedures adopted under RCW 28A.300.285. School districts must provide this notice in a language that the complainant can understand, which may require language assistance for complainants with limited-English proficiency, in accordance with Title VI of the Civil Rights Act of 1964. In these cases, the investigation and response timeline set forth in WAC 392-190-065 begins when the school district knows or should have known that a written report of harassment, intimidation, or bullying involves allegations that the school district has violated this chapter or the guidelines adopted under WAC 392-190-005.
(3) This section is not intended to limit the scope of RCW 28A.300.285 or the use of a school district's procedures adopted under RCW 28A.300.285.

The employee designated under this section is also responsible for ensuring that all complaints communicated to the school district or public charter school under WAC 392-190-065 are promptly investigated and resolved.

(2) Each school district and public charter school must, once each year or more often as deemed necessary, publish notice in a manner that is reasonably calculated to inform all students, students' parents and guardians, and employees of the complaint procedure set forth in WAC 392-190-065, 392-190-070 and 392-190-075. School districts and public charter schools must provide this notice in a language that each parent and guardian can understand, which may require language assistance for parents and guardians with limited-English proficiency, in accordance with Title VI of the Civil Rights Act of 1964.

(3) Each school district and public charter school must include a nondiscrimination statement in written announcements, notices, recruitment materials, employment application forms, and other publications made available to all students, parents, or employees. The statement must include:

School districts and public charter schools must not intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right secured by this chapter or the guidelines adopted under WAC 392-190-005 or because the individual has made a complaint or participated in an investigation under this chapter.

(2) Each school district and public charter school must, once each year or more often as deemed necessary, publish notice in a manner that is reasonably calculated to inform all students, students’ parents and guardians, and employees of the complaint procedure set forth in WAC 392-190-065, 392-190-070 and 392-190-075. School districts and public charter schools must provide this notice in a language that each parent and guardian can understand, which may require language assistance for parents and guardians with limited-English proficiency, in accordance with Title VI of the Civil Rights Act of 1964.

(3) Each school district and public charter school must include a nondiscrimination statement in written announcements, notices, recruitment materials, employment application forms, and other publications made available to all students, parents, or employees. The statement must include:

School districts and public charter schools must not intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right secured by this chapter or the guidelines adopted under WAC 392-190-005 or because the individual has made a complaint or participated in an investigation under this chapter.
Behavioral interventions and student support services

LAWS

(1) The legislature finds that the provision of drug and alcohol counseling and related prevention and intervention services in schools will enhance the classroom environment for students and teachers, and better enable students to realize their academic and personal potentials.
(2) The legislature finds that it is essential that resources be made available to school districts to provide early drug and alcohol prevention and intervention services to students and their families; to assist in referrals to treatment providers; and to strengthen the transition back to school for students who have had problems of drug and alcohol abuse.
(3) Substance abuse awareness programs funded under this chapter do not fall within the definition of basic education for purposes of Article IX of the state Constitution and the state's funding duty thereunder.
(4) The legislature intends to provide grants for drug and alcohol abuse prevention and intervention in schools, targeted to those schools with the highest concentrations of students at risk.

(1) Grants provided under RCW 28A.170.090 may be used solely for services provided by a substance abuse intervention specialist or for dedicated staff time for counseling and intervention services provided by any school district certificated employee who has been trained by and has access to consultation with a substance abuse intervention specialist. Services shall be directed at assisting students in kindergarten through twelfth grade in overcoming problems of drug and alcohol abuse, and in preventing abuse and addiction to such substances, including nicotine. The grants shall require local matching funds so that the grant amounts support a maximum of eighty percent of the costs of the services funded. The services of a substance abuse intervention specialist may be obtained by means of a contract with a state or community services agency or a drug treatment center. Services provided by a substance abuse intervention specialist may include:
   (a) Individual and family counseling, including preventive counseling;
   (b) Assessment and referral for treatment;
   (c) Referral to peer support groups;
   (d) Aftercare;
   (e) Development and supervision of student mentor programs;
   (f) Staff training, including training in the identification of high-risk children and effective interaction with those children in the classroom; and
   (g) Development and coordination of school drug and alcohol core teams, involving staff, students, parents, and community members.
(2) For the purposes of this section, "substance abuse intervention specialist" means any one of the following, except that diagnosis and assessment, counseling and aftercare specifically identified with treatment of chemical dependency shall be performed only by personnel who meet the same qualifications as are required of a qualified chemical dependency counselor employed by an alcoholism or drug treatment program approved by the department of social and health services.
   (a) An educational staff associate employed by a school district or educational service district who holds certification as a school counselor, school psychologist, school nurse, or school social worker under Washington professional educator standards board rules adopted pursuant to RCW 28A.410.210;
(b) An individual who meets the definition of a qualified drug or alcohol counselor established by the bureau of alcohol and substance abuse;
(c) A qualified professional employed by the department of social and health services;
(d) A psychologist licensed under chapter 18.83 RCW; or
(e) A children’s mental health specialist as defined in RCW 71.34.020.

RCW 28A.225.018. Conferences to identify barriers to child’s school attendance.
(1) Except as provided in subsection (2) of this section, in the event that a child in elementary school is required to attend school under RCW 28A.225.010 or 28A.225.015(1) and has five or more excused absences in a single month during the current school year, or ten or more excused absences in the current school year, the school district shall schedule a conference or conferences with the parent and child at a time reasonably convenient for all persons included for the purpose of identifying the barriers to the child's regular attendance, and the supports and resources that may be made available to the family so that the child is able to regularly attend school. If a regularly scheduled parent-teacher conference day is to take place within thirty days of the absences, the school district may schedule this conference on that day. To satisfy the requirements of this section, the conference must include at least one school district employee such as a nurse, counselor, social worker, teacher, or community human services provider, except in those instances regarding the attendance of a child who has an individualized education program or a plan developed under section 504 of the rehabilitation act of 1973, in which case the reconvening of the team that created the program or plan is required.
(2) A conference pursuant to subsection (1) of this section is not required in the event of excused absences for which prior notice has been given to the school or a doctor's note has been provided and an academic plan is put in place so that the child does not fall behind.

RCW 28A.225.020. School's duties upon child's failure to attend school.
(1) If a child required to attend school under RCW 28A.225.010 fails to attend school without valid justification, the public school in which the child is enrolled shall:
   (a) Inform the child's parent by a notice in writing or by telephone whenever the child has failed to attend school after one unexcused absence within any month during the current school year. School officials shall inform the parent of the potential consequences of additional unexcused absences. If the parent is not fluent in English, the school must make reasonable efforts to provide this information in a language in which the parent is fluent;
   (b) Schedule a conference or conferences with the parent and child at a time reasonably convenient for all persons included for the purpose of analyzing the causes of the child's absences after three unexcused absences within any month during the current school year. If a regularly scheduled parent-teacher conference day is to take place within thirty days of the third unexcused absence, then the school district may schedule this conference on that day. If the child's parent does not attend the scheduled conference, the conference may be conducted with the student and school official. However, the parent shall be notified of the steps to be taken to eliminate or reduce the child's absence; and
   (c) At some point after the second and before the fifth unexcused absence, take data-informed steps to eliminate or reduce the child's absences.
      (i) In middle school and high school, these steps must include application of the Washington assessment of the risks and needs of students (WARNs) or other assessment by a school district's designee under RCW 28A.225.026.
      (ii) For any child with an existing individualized education plan or 504 plan, these steps must include the convening of the child's individualized education plan or 504 plan team, including a behavior specialist or mental health specialist where appropriate, to consider the reasons for the absences. If
necessary, and if consent from the parent is given, a functional behavior assessment to explore the function of the absence behavior shall be conducted and a detailed behavior plan completed. Time should be allowed for the behavior plan to be initiated and data tracked to determine progress.

(iii) With respect to any child, without an existing individualized education plan or 504 plan, reasonably believed to have a mental or physical disability or impairment, these steps must include informing the child's parent of the right to obtain an appropriate evaluation at no cost to the parent to determine whether the child has a disability or impairment and needs accommodations, related services, or special education services. This includes children with suspected emotional or behavioral disabilities as defined in WAC 392-172A-01035. If the school obtains consent to conduct an evaluation, time should be allowed for the evaluation to be completed, and if the child is found to be eligible for special education services, accommodations, or related services, a plan developed to address the child's needs.

(iv) These steps must include, where appropriate, providing an available approved best practice or research-based intervention, or both, consistent with the WARNS profile or other assessment, if an assessment was applied, adjusting the child's school program or school or course assignment, providing more individualized or remedial instruction, providing appropriate vocational courses or work experience, referring the child to a community truancy board, requiring the child to attend an alternative school or program, or assisting the parent or child to obtain supplementary services that might eliminate or ameliorate the cause or causes for the absence from school.

(2) For purposes of this chapter, an "unexcused absence" means that a child:

(a)(i) Has failed to attend the majority of hours or periods in an average school day or has failed to comply with a more restrictive school district policy; and

(ii) Has failed to meet the school district's policy for excused absences; or

(b) Has failed to comply with alternative learning experience program attendance requirements as described by the superintendent of public instruction.

(3) If a child transfers from one school district to another during the school year, the receiving school or school district shall include the unexcused absences accumulated at the previous school or from the previous school district for purposes of this section, RCW 28A.225.030, and 28A.225.015. The sending school district shall provide this information to the receiving school, together with a copy of any previous assessment as required under subsection (1)(c) of this section, history of any best practices or researched-based intervention previously provided to the child by the child's sending school district, and a copy of the most recent truancy information including any online or written acknowledgment by the parent and child, as provided for in RCW 28A.225.005. All school districts must use the standard choice transfer form for releasing a student to a nonresident school district for the purposes of accessing an alternative learning experience program.

RCW 28A.225.023. Youth dependent pursuant to chapter 13.34 RCW — Review of unexpected or excessive absences — Support for youth's school work.

A school district representative or school employee shall review unexpected or excessive absences with a youth who is dependent pursuant to chapter 13.34 RCW and adults involved with that youth, to include the youth's caseworker, educational liaison, attorney if one is appointed, parent or guardians, and foster parents or the person providing placement for the youth. The purpose of the review is to determine the cause of the absences, taking into account: Unplanned school transitions, periods of running from care, in-patient treatment, incarceration, school adjustment, educational gaps, psychosocial issues, and unavoidable appointments during the school day. A school district representative or a school employee must proactively support the youth's school work so the student does not fall behind and to avoid suspension or expulsion based on truancy.

(1) For purposes of this chapter, "community truancy board" means a board established pursuant to a memorandum of understanding between a juvenile court and a school district and composed of members of the local community in which the child attends school. Community truancy boards must include members who receive training regarding the identification of barriers to school attendance, the use of the Washington assessment of the risks and needs of students (WARNS) or other assessment tools to identify the specific needs of individual children, cultural responsive interactions, trauma-informed approaches to discipline, evidence-based treatments that have been found effective in supporting at-risk youth and their families, and the specific services and treatment available in the particular school, court, community, and elsewhere. Duties of a community truancy board shall include, but not be limited to: Identifying barriers to school attendance, recommending methods for improving attendance such as connecting students and their families with community services, culturally appropriate promising practices, and evidence-based services such as functional family therapy, suggesting to the school district that the child enroll in another school, an alternative education program, an education center, a skill center, a dropout prevention program, or another public or private educational program, or recommending to the juvenile court that a juvenile be offered the opportunity for placement in a HOPE center or crisis residential center, if appropriate.

(2) The legislature finds that utilization of community truancy boards is the preferred means of intervention when preliminary methods to eliminate or reduce unexcused absences as required by RCW 28A.225.020 have not been effective in securing the child's attendance at school. The legislature intends to encourage and support the development and expansion of community truancy boards. Operation of a school truancy board does not excuse a district from the obligation of filing a petition within the requirements of RCW 28A.225.015(3).

RCW 28A.225.026. Community truancy boards—Memoranda of understanding with juvenile courts—Designation of school district coordinators to address absenteeism and truancy—Community-wide partnerships.

(1) By the beginning of the 2017-18 school year, juvenile courts must establish, through a memorandum of understanding with each school district within their respective counties, a coordinated and collaborative approach to address truancy through the establishment of a community truancy board or, with respect to certain small districts, through other means as provided in subsection (3) of this section.

(2) Except as provided in subsection (3) of this section, each school district must enter into a memorandum of understanding with the juvenile court in the county in which it is located with respect to the operation of a community truancy board. A community truancy board may be operated by a juvenile court, a school district, or a collaboration between both entities, so long as the agreement is memorialized in a memorandum of understanding. For a school district that is located in more than one county, the memorandum of understanding shall be with the juvenile court in the county that acts as the school district's treasurer.

(3) A school district with fewer than three hundred students must enter into a memorandum of understanding with the juvenile court in the county in which it is located with respect to: (a) The operation of a community truancy board; or (b) addressing truancy through other coordinated means of intervention aimed at identifying barriers to school attendance, and connecting students and their families with community services, culturally appropriate promising practices, and evidence-based services such as functional family therapy. School districts with fewer than three hundred students may work cooperatively with other school districts or the school district's educational service district to ensure access to a community truancy board or to provide other coordinated means of intervention.

(4) All school districts must designate, and identify to the local juvenile court and to the office of the superintendent of public instruction, a person or persons to coordinate school district efforts to address
excessive absenteeism and truancy, including tasks associated with: Outreach and conferences pursuant to RCW 28A.225.018; entering into a memorandum of understanding with the juvenile court; establishing protocols and procedures with the court; coordinating trainings; sharing evidence-based and culturally appropriate promising practices; identifying a person within every school to serve as a contact with respect to excessive absenteeism and truancy; and assisting in the recruitment of community truancy board members.

(5) As has been demonstrated by school districts and county juvenile courts around the state that have worked together and led the way with community truancy boards, success has resulted from involving the entire community and leveraging existing dollars from a variety of sources, including public and private, local and state, and court, school, and community. In emulating this coordinated and collaborative approach statewide pursuant to local memoranda of understanding, courts and school districts are encouraged to create strong community-wide partnerships and to leverage existing dollars and resources.

(1) By requiring an initial stay of truancy petitions for diversion to community truancy boards, the legislature intends to achieve the following outcomes:

(a) Increased access to community truancy boards and other truancy early intervention programs for parents and children throughout the state;

(b) Increased quantity and quality of truancy intervention and prevention efforts in the community;

(c) A reduction in the number of truancy petitions that result in further proceedings by juvenile courts, other than dismissal of the petition, after the initial stay and diversion to a community truancy board;

(d) A reduction in the number of truancy petitions that result in a civil contempt proceeding or detention order; and

(e) Increased school attendance.

(2) No later than January 1, 2021, the Washington state institute for public policy is directed to evaluate the effectiveness of chapter 205, Laws of 2016. An initial report scoping of the methodology to be used to review chapter 205, Laws of 2016 shall be submitted to the fiscal committees of the legislature by January 1, 2018. The initial report must identify any data gaps that could hinder the ability of the institute to conduct its review.

**RCW 28A.225.027. Community truancy boards—Grants for training—Grants for services and treatment.**

(1) Subject to funds appropriated for this purpose, the office of the superintendent of public instruction shall allocate to community truancy boards grant funds that may be used to supplement existing funds in order to pay for training for board members or the provision of services and treatment to children and their families.

(2) The superintendent of public instruction must select grant recipients based on the criteria in this section. This is a competitive grant process. A prerequisite to applying for either or both grants is a memorandum of understanding, between a school district and a court, to institute a new or maintain an existing community truancy board that meets the requirements of RCW 28A.225.025.

(3) Successful applicants for an award of grant funds to supplement existing funds to pay for the training of community truancy board members must commit to the provision of training to board members regarding the identification of barriers to school attendance, the use of the Washington assessment of the risks and needs of students (WARNs) or other assessment tools to identify the specific needs of individual children, trauma-informed approaches to discipline, research about adverse childhood experiences, evidence-based treatments and culturally appropriate promising practices, as well as the
specific academic and community services and treatments available in the school, court, community, and elsewhere. This training may be provided by educational service districts.

4. Successful applicants for an award of grant funds to supplement existing funds to pay for services and treatments provided to children and their families must commit to the provision of academic services such as tutoring, credit retrieval and school reengagement supports, community services, and evidence-based treatments that have been found to be effective in supporting at-risk youth and their families, such as functional family therapy, or those that have been shown to be culturally appropriate promising practices.

**RCW 28A.225.030. Petition to juvenile court for violations by a parent or child — School district responsibilities.**

1. If a child under the age of seventeen is required to attend school under RCW 28A.225.010 and if the actions taken by a school district under RCW 28A.225.020 are not successful in substantially reducing an enrolled student's absences from public school, not later than the seventh unexcused absence by a child within any month during the current school year or not later than the tenth unexcused absence during the current school year the school district shall file a petition and supporting affidavit for a civil action with the juvenile court alleging a violation of RCW 28A.225.010: (a) By the parent; (b) by the child; or (c) by the parent and the child. The petition must include a list of all interventions that have been attempted as set forth in RCW 28A.225.020, include a copy of any previous truancy assessment completed by the child's current school district, the history of approved best practices intervention or research-based intervention previously provided to the child by the child's current school district, and a copy of the most recent truancy information document provided to the parent, pursuant to RCW 28A.225.005. Except as provided in this subsection, no additional documents need be filed with the petition. Nothing in this subsection requires court jurisdiction to terminate when a child turns seventeen or precludes a school district from filing a petition for a child that is seventeen years of age.

2. The district shall not later than the fifth unexcused absence in a month:
   (a) Enter into an agreement with a student and parent that establishes school attendance requirements;
   (b) Refer a student to a community truancy board as defined in RCW 28A.225.025. The community truancy board shall enter into an agreement with the student and parent that establishes school attendance requirements and take other appropriate actions to reduce the child's absences; or
   (c) File a petition under subsection (1) of this section.

3. The petition may be filed by a school district employee who is not an attorney.

4. If the school district fails to file a petition under this section, the parent of a child with five or more unexcused absences in any month during the current school year or upon the tenth unexcused absence during the current school year may file a petition with the juvenile court alleging a violation of RCW 28A.225.010.

5. Petitions filed under this section may be served by certified mail, return receipt requested. If such service is unsuccessful, or the return receipt is not signed by the addressee, personal service is required.

**RCW 28A.225.035. Petition to juvenile court — Contents — Court action — Referral to community truancy board — Transfer of jurisdiction upon relocation.**

1. A petition for a civil action under RCW 28A.225.030 or 28A.225.015 shall consist of a written notification to the court alleging that:
   (a) The child has unexcused absences as described in RCW 28A.225.030(1) during the current school year;
   (b) Actions taken by the school district have not been successful in substantially reducing the child's absences from school; and
(c) Court intervention and supervision are necessary to assist the school district or parent to reduce the child's absences from school.

(2) The petition shall set forth the name, date of birth, school, address, gender, race, and ethnicity of the child and the names and addresses of the child's parents, and shall set forth the languages in which the child and parent are fluent, whether there is an existing individualized education program, and the child's current academic status in school.

(3) The petition shall set forth facts that support the allegations in this section and shall generally request relief available under this chapter and provide information about what the court might order under RCW 28A.225.090.

(4)(a) When a petition is filed under RCW 28A.225.030 or 28A.225.015, it shall initially be stayed by the juvenile court, and the child and the child's parent must be referred to a community truancy board or other coordinated means of intervention as set forth in the memorandum of understanding under RCW 28A.225.026. The community truancy board must provide to the court a description of the intervention and prevention efforts to be employed to substantially reduce the child's unexcused absences, along with a timeline for completion.

(b) If a community truancy board or other coordinated means of intervention is not in place as required by RCW 28A.225.026, the juvenile court shall schedule a hearing at which the court shall consider the petition.

(5) When a referral is made to a community truancy board, the truancy board must meet with the child, a parent, and the school district representative and enter into an agreement with the petitioner and respondent regarding expectations and any actions necessary to address the child's truancy within twenty days of the referral. If the petition is based on RCW 28A.225.015, the child shall not be required to attend and the agreement under this subsection shall be between the truancy board, the school district, and the child's parent. The court may permit the truancy board or truancy prevention counselor to provide continued supervision over the student, or parent if the petition is based on RCW 28A.225.015.

(6) If the community truancy board fails to reach an agreement, or the parent or student does not comply with the agreement within the timeline for completion set by the community truancy board, the community truancy board shall return the case to the juvenile court. The stay of the petition shall be lifted, and the juvenile court shall schedule a hearing at which the court shall consider the petition.

(7)(a) Notwithstanding the provisions in subsection (4)(a) of this section, a hearing shall not be required if other actions by the court would substantially reduce the child's unexcused absences. Such actions may include referral to an existing community truancy board, use of the Washington assessment of risks and needs of students (WARN) or other assessment tools to identify the specific needs of individual children, the provision of community-based services, and the provision of evidence-based treatments that have been found to be effective in supporting at-risk youth and their families. When a juvenile court hearing is held, the court shall:

(i) Separately notify the child, the parent of the child, and the school district of the hearing. If the parent is not fluent in English, notice should be provided in a language in which the parent is fluent as indicated on the petition pursuant to RCW 28A.225.030(1);

(ii) Notify the parent and the child of their rights to present evidence at the hearing; and

(iii) Notify the parent and the child of the options and rights available under chapter 13.32A RCW.

(b) If the child is not provided with counsel, the advisement of rights must take place in court by means of a colloquy between the court, the child if eight years old or older, and the parent.

(8)(a) The court may require the attendance of the child if eight years old or older, the parents, and the school district at any hearing on a petition filed under RCW 28A.225.030.
(b) The court may not issue a bench warrant for a child for failure to appear at a hearing on an initial truancy petition filed under RCW 28A.225.030. If there has been proper service, the court may instead enter a default order assuming jurisdiction under the terms specified in subsection (12) of this section.

(9) A school district is responsible for determining who shall represent the school district at hearings on a petition filed under RCW 28A.225.030 or 28A.225.015.

(10) The court may permit the first hearing to be held without requiring that either party be represented by legal counsel, and to be held without a guardian ad litem for the child under RCW 4.08.050. At the request of the school district, the court shall permit a school district representative who is not an attorney to represent the school district at any future hearings.

(11) If the child is in a special education program or has a diagnosed mental or emotional disorder, the court shall inquire as to what efforts the school district has made to assist the child in attending school.

(12) If the allegations in the petition are established by a preponderance of the evidence, the court shall grant the petition and enter an order assuming jurisdiction to intervene for the period of time determined by the court, after considering the facts alleged in the petition and the circumstances of the juvenile, to most likely cause the juvenile to return to and remain in school while the juvenile is subject to this chapter. In no case may the order expire before the end of the school year in which it is entered.

(13)(a) If the court assumes jurisdiction, the school district shall periodically report to the court any additional unexcused absences by the child, actions taken by the school district, and an update on the child’s academic status in school at a schedule specified by the court.

(b) The first report under this subsection (13) must be received no later than three months from the date that the court assumes jurisdiction.

(14) Community truancy boards and the courts shall coordinate, to the extent possible, proceedings and actions pertaining to children who are subject to truancy petitions and at-risk youth petitions in RCW 13.32A.191 or child in need of services petitions in RCW 13.32A.140.

(15) If after a juvenile court assumes jurisdiction in one county the child relocates to another county, the juvenile court in the receiving county shall, upon the request of a school district or parent, assume jurisdiction of the petition filed in the previous county.

RCW 28A.225.090. Court orders—Penalties—Parents’ defense.

(1) A court may order a child subject to a petition under RCW 28A.225.035 to do one or more of the following:

(a) Attend the child’s current school, and set forth minimum attendance requirements, which shall not consider a suspension day as an unexcused absence;

(b) If there is space available and the program can provide educational services appropriate for the child, order the child to attend another public school, an alternative education program, center, a skill center, dropout prevention program, or another public educational program;

(c) Attend a private nonsectarian school or program including an education center. Before ordering a child to attend an approved or certified private nonsectarian school or program, the court shall: (i) Consider the public and private programs available; (ii) find that placement is in the best interest of the child; and (iii) find that the private school or program is willing to accept the child and will not charge any fees in addition to those established by contract with the student’s school district. If the court orders the child to enroll in a private school or program, the child’s school district shall contract with the school or program to provide educational services for the child. The school district shall not be required to contract for a weekly rate that exceeds the state general apportionment dollars calculated on a weekly basis generated by the child and received by the district. A school district shall not be required to enter
into a contract that is longer than the remainder of the school year. A school district shall not be
required to enter into or continue a contract if the child is no longer enrolled in the district;
(d) Submit to a substance abuse assessment if the court finds on the record that such assessment is
appropriate to the circumstances and behavior of the child and will facilitate the child’s compliance with
the mandatory attendance law and, if any assessment, including a urinalysis test ordered under this
subsection indicates the use of controlled substances or alcohol, order the minor to abstain from the
unlawful consumption of controlled substances or alcohol and adhere to the recommendations of the
substance abuse assessment at no expense to the school; or
(e) Submit to a mental health evaluation or other diagnostic evaluation and adhere to the
recommendations of the drug assessment, at no expense to the school, if the court finds on the court
records that such evaluation is appropriate to the circumstances and behavior of the child, and will
facilitate the child’s compliance with the mandatory attendance law.
(2)(a) If the child fails to comply with the court order, the court may impose:
   (i) Community restitution;
   (ii) Nonresidential programs with intensive wraparound services;
   (iii) A requirement that the child meet with a mentor for a specified number of times; or
   (iv) Other services and interventions that the court deems appropriate.
(b) If the child continues to fail to comply with the court order and the court makes a finding that other
measures to secure compliance have been tried but have been unsuccessful and no less restrictive
alternative is available, the court may order the child to be subject to detention, as provided in RCW
7.21.030(2)(e). Failure by a child to comply with an order issued under this subsection shall not be
subject to detention for a period greater than that permitted pursuant to a civil contempt proceeding
against a child under chapter 13.32A RCW. Detention ordered under this subsection may be for no
longer than seven days. Detention ordered under this subsection shall preferably be served at a secure
crisis residential center close to the child’s home rather than in a juvenile detention facility. A warrant of
arrest for a child under this subsection may not be served on a child inside of school during school
hours in a location where other students are present.
(3) Any parent violating any of the provisions of either RCW 28A.225.010, 28A.225.015, or 28A.225.080
shall be fined not more than twenty-five dollars for each day of unexcused absence from school. The
court shall remit fifty percent of the fine collected under this section to the child's school district. It shall be
a defense for a parent charged with violating RCW 28A.225.010 to show that he or she exercised
reasonable diligence in attempting to cause a child in his or her custody to attend school or that the child's
school did not perform its duties as required in RCW 28A.225.020. The court may order the parent to
provide community restitution instead of imposing a fine. Any fine imposed pursuant to this section may
be suspended upon the condition that a parent charged with violating RCW 28A.225.010 shall participate
with the school and the child in a supervised plan for the child's attendance at school or upon condition
that the parent attend a conference or conferences scheduled by a school for the purpose of analyzing
the causes of a child's absence.
(4) If a child continues to be truant after entering into a court-approved order with the truancy board under
RCW 28A.225.035, the juvenile court shall find the child in contempt, and the court may order the child to
be subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention such
as meaningful community restitution. Failure by a child to comply with an order issued under this
subsection may not subject a child to detention for a period greater than that permitted under a civil
contempt proceeding against a child under chapter 13.32A RCW.
(5) Subsections (1), (2), and (4) of this section shall not apply to a six or seven year old child required to
attend public school under RCW 28A.225.015.

WAC 392-400-410. Appeal for extension of an expulsion.

When warranted because of risk to the public health and safety, the principal or the principal's designee may petition the district's superintendent for authorization to exceed the academic term limitation on an expulsion. The superintendent may exercise his/her discretion to grant the petition in limited circumstances, on a case-by-case basis, so long as there is evidence that, if the student were to return at or before the length of an academic term, as defined by the school board, he/she would pose a risk to public health or safety.

(1) The petition to exceed the academic term limit shall include, at least, the following:

(a) A detailed description of the student's misconduct, the school rules which were violated, and the public health and/or safety concerns of the district;
(b) A detailed description of the student's academic, attendance, and discipline history, if any;
(c) A description of the lesser forms of corrective actions which were considered and reasons why those were rejected;
(d) A description of all alternative learning experiences, vocational programs, and/or other educational services which may be available to the student;
(e) The proposed extended length of the expulsion;
(f) Identification of special education services or accommodations pursuant to Section 504 of the Rehabilitation Act of 1973, if appropriate; and
(g) A proposed date for the reengagement meeting.
(2) Designated staff shall submit the petition at any time after final imposition of an academic term expulsion and prior to the end of that expulsion.
(3) A copy of the petition shall be delivered in person or by certified mail to the student and his/her parent(s)/guardian(s).
(4) The petition shall be provided in the predominant language of the student and/or parent(s)/guardian(s) who speak a language, other than English, in accordance with Title VI of the Civil Rights Act of 1964.
(5) The student and/or parent(s)/guardian(s) may submit a written or verbal response to the petition within ten school business days of the recorded receipt of the petition.
(6) Within eleven school business days, but no later than twenty school business days of the date of the petition's recorded delivery to the student/parent(s)/guardian(s), the district superintendent shall issue a written decision indicating whether the petition is granted or denied. The written decision shall also include a description of all rights and procedures for appeal.
(7) If the petition is granted, within ten school business days of the receipt of the decision, the student and/or parent(s)/guardian(s) may appeal the decision to the district's school board in accordance with WAC 392-400-310 and 392-400-315.

Annually, all school districts shall report the number of petitions submitted, approved and denied to the office of the superintendent of public instruction.

RCW 28A.600.485. Restraint of students—Use of restraint or isolation specified in individualized education programs or plans developed under section 504 of the rehabilitation act of 1973—Procedures—Summary of incidents of isolation or restraint—Publishing to web site.

(3)
    (a) An individualized education program or plan developed under section 504 of the rehabilitation act of 1973 must not include the use of restraint or isolation as a planned behavior intervention unless a student's individual needs require more specific advanced educational planning and the student's parent or guardian agrees. All other plans may refer to the district policy developed under subsection (3)(b) of this section. Nothing in this section is intended to limit the provision of a free appropriate public education under Part B of the federal individuals with disabilities education improvement act or section 504 of the federal rehabilitation act of 1973.
    (b) Restraint or isolation of any student is permitted only when reasonably necessary to control spontaneous behavior that poses an imminent likelihood of serious harm, as defined in RCW 70.96B.010. Restraint or isolation must be closely monitored to prevent harm to the student, and must be discontinued as soon as the likelihood of serious harm has dissipated. Each school district shall adopt a policy providing for the least amount of restraint or isolation appropriate to protect the safety of students and staff under such circumstances.
    (6) The principal or principal's designee must make a reasonable effort to verbally inform the student's parent or guardian within twenty-four hours of the incident, and must send written notification as soon as practical but postmarked no later than five business days after the restraint or isolation occurred. If the school or school district customarily provides the parent or guardian with school-related information in a
language other than English, the written report under this section must be provided to the parent or guardian in that language.

REGULATIONS

WAC 392-400-233. Unexcused absences and tardiness.
(1) Students with one or more unexcused absences and subject to compulsory attendance pursuant to chapter 28A.225 RCW may be subject to corrective action reasonably calculated to modify the student's conduct. If a school district imposes corrective action on a student for one or more unexcused absences, the school district must:
   (a) Provide notice to the student's parent(s) or guardian(s) in writing in English or, if different, the primary language of the parent(s) or guardian(s), that the student has failed to attend school without valid justification, and by other means reasonably necessary to achieve notice of such fact;
   (b) Schedule a conference or conferences with the parent(s) or guardian(s) and the student at a time and place reasonably convenient to all persons included to analyze the causes for the student's absence, and to determine, by appropriate means, whether the student should be made a focus of concern for placement in special programs designed for his or her educational success; and
   (c) Take steps to reduce the student's absence which include, where appropriate in the judgment of local school officials and where possible, discussed with the student, parent(s) or guardian(s), adjustments of the student's school program or school or course assignment or assisting the student or parent to obtain supplementary services that might ameliorate the cause(s) for the student's absence from school.

WAC 392-400-250. Short-term suspension – Prior conference required – Notice to parent.
(1) Prior to the short-term suspension of any student a conference shall be conducted with the student as follows:

   (b) An oral or written explanation of the evidence in support of the allegation(s) shall be provided to the student;
   (c) An oral or written explanation of the corrective action which may be imposed shall be provided to the student; and
   (d) The student shall be provided the opportunity to present his/her explanation.
(2) In the event a short-term suspension is to exceed one calendar day, the parent(s) or guardian(s) of the student shall be notified of the reason for the student's suspension and the duration of the suspension orally and/or by letter deposited in the United States mail as soon as reasonably possible. The notice shall also inform the parent or guardian of the right to an informal conference pursuant to WAC 392-400-255 and that the suspension may possibly be reduced as a result of such conference.
(3) All short-term suspensions and the reasons therefor shall be reported in writing to the superintendent of the school district or his or her designee within twenty-four hours after the imposition of the suspension.

(1) Prior to the long-term suspension of a student, written notice of an opportunity for a hearing shall be delivered in person or by certified mail to the student and to his or her parent(s) or guardian(s). The notice shall:

(ii) If such a request is not received within the prescribed period of time, then the right to a hearing may be deemed to have been waived and the proposed long-term suspension may be imposed by the school district without any further opportunity for the student or his or her parent(s) or guardian(s) to contest the matter. A schedule of “school business days” potentially applicable to the exercise of such hearing right should be included with the notice.

(2) The student and/or his or her parent(s) or guardian(s) shall reply to the notice of opportunity for a hearing and request a hearing within three school business days after the date of receipt of notice. A request for a hearing shall be provided to the school district employee specified in the notice of opportunity for a hearing, or to his or her office. A request for a hearing shall be accepted in writing and may also be accepted orally.

(3) If a request for a hearing is not received within the required three school business day period, the school district may deem the student and his or her parent(s) or guardian(s) to have waived the right to a hearing and the proposed long-term suspension may be imposed.

(1) Prior to the expulsion of a student, an oral or written notice of an opportunity for a hearing shall be delivered in person, or by certified mail to the student and to his or her parent(s) or guardian(s). The notice shall:

A schedule of "school business days" potentially applicable to the exercise of such hearing right should be included with the notice; and
(2) The student or his or her parent(s) or guardian(s) shall reply to the notice of opportunity for a hearing and request a hearing within three school business days after the date of receipt of the notice. A request for a hearing shall be provided to the school district employee specified in the notice of opportunity for a hearing, or to his or her office. A request for a hearing shall be accepted if in writing and may be accepted orally.

(3) If a request for a hearing is not received within the required three school business day period, the school district may deem the student and his or her parent(s) or guardian(s) to have waived the right to a hearing and the proposed expulsion may be imposed.

(1) The student and his or her parent(s) or guardian(s) shall be notified of the emergency expulsion of the student and of their opportunity for a hearing either (a) by hand delivering written notice to the student's parent(s) or guardian(s) within twenty-four hours of the expulsion. School districts must document delivery of the notice by obtaining the signature of the parent(s) or guardian(s) acknowledging receipt or the written certification of the person making the delivery; or (b) by certified letter(s) deposited in the United States mail, within twenty-four hours of the expulsion.    (c) Set forth the date on which the emergency expulsion began and will end;
   (d) Set forth the right of the student and/or his or her parent(s) or guardian(s) to a hearing for the purpose of contesting the allegation(s) as soon as reasonably possible; and
   (e) Set forth the facts that:

      (i) A written or oral request for a hearing must be received by the school district employee designated, or by his or her office, on or before the expiration of the third school business day after receipt of the notice of opportunity for a hearing; and
      (ii) If such a request is not received within the prescribed period of time, then the right to a hearing may be deemed to have been waived, and the emergency expulsion may be continued, as deemed necessary, for up to ten school days from the date of the student's emergency removal from school without any further opportunity for the student or his or her parent(s) or guardian(s) to contest the matter. (ii) Any device, object, or instrument which is used or intended to be used as a weapon with the intent to injure a person by an electric shock, charge, or impulse.

(2) Any such person violating subsection (1) of this section is guilty of a gross misdemeanor. If any person is convicted of a violation of subsection (1)(a) of this section, the person shall have his or her concealed pistol license, if any revoked for a period of three years. Anyone convicted under this subsection is prohibited from applying for a concealed pistol license for a period of three years. The court shall send notice of the revocation to the department of licensing, and the city, town, or county which issued the license.

Any violation of subsection (1) of this section by elementary or secondary school students constitutes grounds for expulsion from the state's public schools in accordance with RCW 28A.600.010. An appropriate school authority shall promptly notify law enforcement and the student's parent or guardian regarding any allegation or indication of such violation.

Upon the arrest of a person at least twelve years of age and not more than twenty-one years of age for violating subsection (1)(a) of this section, the person shall be detained or confined in a juvenile or adult facility for up to seventy-two hours. The person shall not be released within the seventy-two hours until after the person has been examined and evaluated by the designated mental health professional unless the court in its discretion releases the person sooner after a determination regarding probable cause or on probation bond or bail.

Within twenty-four hours of the arrest, the arresting law enforcement agency shall refer the person to the designated mental health professional for examination and evaluation under chapter 71.05 or 71.34 RCW and inform a parent or guardian of the person of the arrest, detention, and examination. The designated mental health professional shall examine and evaluate the person subject to the provisions of chapter 71.05 or 71.34 RCW. The examination shall occur at the facility in which the person is detained or confined. If the person has been released on probation, bond, or bail, the examination shall occur wherever is appropriate.
The designated mental health professional may determine whether to refer the person to the county-designated chemical dependency specialist for examination and evaluation in accordance with chapter 70.96A RCW. The county-designated chemical dependency specialist shall examine the person subject to the provisions of chapter 70.96A RCW. The examination shall occur at the facility in which the person is detained or confined. If the person has been released on probation, bond, or bail, the examination shall occur wherever is appropriate.

Upon completion of any examination by the designated mental health professional or the county-designated chemical dependency specialist, the results of the examination shall be sent to the court, and the court shall consider those results in making any determination about the person.

The designated mental health professional and county-designated chemical dependency specialist shall, to the extent permitted by law, notify a parent or guardian of the person that an examination and evaluation has taken place and the results of the examination. Nothing in this subsection prohibits the delivery of additional, appropriate mental health examinations to the person while the person is detained or confined.

However, a person who is not a commissioned law enforcement officer and who provides school security services under the direction of a school administrator may not possess a device listed in subsection (1)(f) of this section unless he or she has successfully completed training in the use of such devices that is equivalent to the training received by commissioned law enforcement officers;
(c) Any person who is involved in a convention, showing, demonstration, lecture, or firearms safety course authorized by school authorities in which the firearms of collectors or instructors are handled or displayed;

RCW 28A.225.026. Community truancy boards—Memoranda of understanding with juvenile courts—Designation of school district coordinators to address absenteeism and truancy—Community-wide partnerships.

(1) By the beginning of the 2017-18 school year, juvenile courts must establish, through a memorandum of understanding with each school district within their respective counties, a coordinated and collaborative approach to address truancy through the establishment of a community truancy board or, with respect to certain small districts, through other means as provided in subsection (3) of this section.

(2) Except as provided in subsection (3) of this section, each school district must enter into a memorandum of understanding with the juvenile court in the county in which it is located with respect to the operation of a community truancy board. A community truancy board may be operated by a juvenile court, a school district, or a collaboration between both entities, so long as the agreement is memorialized in a memorandum of understanding. For a school district that is located in more than one county, the memorandum of understanding shall be with the juvenile court in the county that acts as the school district's treasurer.

(3) A school district with fewer than three hundred students must enter into a memorandum of understanding with the juvenile court in the county in which it is located with respect to: (a) The operation of a community truancy board; or (b) addressing truancy through other coordinated means of intervention aimed at identifying barriers to school attendance, and connecting students and their families with community services, culturally appropriate promising practices, and evidence-based services such as functional family therapy. School districts with fewer than three hundred students may work cooperatively with other school districts or the school district's educational service district to ensure access to a community truancy board or to provide other coordinated means of intervention.

(4) All school districts must designate, and identify to the local juvenile court and to the office of the superintendent of public instruction, a person or persons to coordinate school district efforts to address excessive absenteeism and truancy, including tasks associated with: Outreach and conferences pursuant to RCW 28A.225.018; entering into a memorandum of understanding with the juvenile court; establishing protocols and procedures with the court; coordinating trainings; sharing evidence-based and culturally appropriate promising practices; identifying a person within every school to serve as a contact with respect to excessive absenteeism and truancy; and assisting in the recruitment of community truancy board members.

(5) As has been demonstrated by school districts and county juvenile courts around the state that have worked together and led the way with community truancy boards, success has resulted from involving the entire community and leveraging existing dollars from a variety of sources, including public and private, local and state, and court, school, and community. In emulating this coordinated and collaborative approach statewide pursuant to local memoranda of understanding, courts and school districts are encouraged to create strong community-wide partnerships and to leverage existing dollars and resources.

(1) By requiring an initial stay of truancy petitions for diversion to community truancy boards, the legislature intends to achieve the following outcomes:
(a) Increased access to community truancy boards and other truancy early intervention programs for parents and children throughout the state;
(b) Increased quantity and quality of truancy intervention and prevention efforts in the community;
(c) A reduction in the number of truancy petitions that result in further proceedings by juvenile courts, other than dismissal of the petition, after the initial stay and diversion to a community truancy board;
(d) A reduction in the number of truancy petitions that result in a civil contempt proceeding or detention order; and
(e) Increased school attendance.

(2) No later than January 1, 2021, the Washington state institute for public policy is directed to evaluate the effectiveness of chapter 205, Laws of 2016. An initial report scoping of the methodology to be used to review chapter 205, Laws of 2016 shall be submitted to the fiscal committees of the legislature by January 1, 2018. The initial report must identify any data gaps that could hinder the ability of the institute to conduct its review.

(1) Subject to funds appropriated for this purpose, the office of the superintendent of public instruction shall allocate to community truancy boards grant funds that may be used to supplement existing funds in order to pay for training for board members or the provision of services and treatment to children and their families.

(2) The superintendent of public instruction must select grant recipients based on the criteria in this section. This is a competitive grant process. A prerequisite to applying for either or both grants is a memorandum of understanding, between a school district and a court, to institute a new or maintain an existing community truancy board that meets the requirements of RCW 28A.225.025.

(3) Successful applicants for an award of grant funds to supplement existing funds to pay for the training of community truancy board members must commit to the provision of training to board members regarding the identification of barriers to school attendance, the use of the Washington assessment of the risks and needs of students (WARNs) or other assessment tools to identify the specific needs of individual children, trauma-informed approaches to discipline, research about adverse childhood experiences, evidence-based treatments and culturally appropriate promising practices, as well as the specific academic and community services and treatments available in the school, court, community, and elsewhere. This training may be provided by educational service districts.

(4) Successful applicants for an award of grant funds to supplement existing funds to pay for services and treatments provided to children and their families must commit to the provision of academic services such as tutoring, credit retrieval and school reengagement supports, community services, and evidence-based treatments that have been found to be effective in supporting at-risk youth and their families, such as functional family therapy, or those that have been shown to be culturally appropriate promising practices.

RCW 28A.225.030. Petition to juvenile court for violations by a parent or child—School district responsibilities.

(1) If a child under the age of seventeen is required to attend school under RCW 28A.225.010 and if the actions taken by a school district under RCW 28A.225.020 are not successful in substantially reducing an enrolled student's absences from public school, not later than the seventh unexcused absence by a child within any month during the current school year or not later than the tenth unexcused absence during the current school year the school district shall file a petition and supporting affidavit for a civil action with the juvenile court alleging a violation of RCW 28A.225.010: (a) By the parent; (b) by the child; or (c) by the parent and the child. The petition must include a list of all interventions that have been attempted as set
forth in RCW 28A.225.020, include a copy of any previous truancy assessment completed by the child's current school district, the history of approved best practices intervention or research-based intervention previously provided to the child by the child's current school district, and a copy of the most recent truancy information document provided to the parent, pursuant to RCW 28A.225.005. Except as provided in this subsection, no additional documents need be filed with the petition. Nothing in this subsection requires court jurisdiction to terminate when a child turns seventeen or precludes a school district from filing a petition for a child that is seventeen years of age.

(2) The district shall not later than the fifth unexcused absence in a month:
   (a) Enter into an agreement with a student and parent that establishes school attendance requirements;
   (b) Refer a student to a community truancy board as defined in RCW 28A.225.025. The community truancy board shall enter into an agreement with the student and parent that establishes school attendance requirements and take other appropriate actions to reduce the child's absences; or
   (c) File a petition under subsection (1) of this section.

(3) The petition may be filed by a school district employee who is not an attorney.

(4) If the school district fails to file a petition under this section, the parent of a child with five or more unexcused absences in any month during the current school year or upon the tenth unexcused absence during the current school year may file a petition with the juvenile court alleging a violation of RCW 28A.225.010.

(5) Petitions filed under this section may be served by certified mail, return receipt requested. If such service is unsuccessful, or the return receipt is not signed by the addressee, personal service is required.

RCW 28A.225.035. Petition to juvenile court—Contents—Court action—Referral to community truancy board or other coordinated intervention—Transfer of jurisdiction upon relocation.

(1) A petition for a civil action under RCW 28A.225.030 or 28A.225.015 shall consist of a written notification to the court alleging that:
   (a) The child has unexcused absences as described in RCW 28A.225.030(1) during the current school year;
   (b) Actions taken by the school district have not been successful in substantially reducing the child's absences from school; and
   (c) Court intervention and supervision are necessary to assist the school district or parent to reduce the child's absences from school.

(2) The petition shall set forth the name, date of birth, school, address, gender, race, and ethnicity of the child and the names and addresses of the child's parents, and shall set forth the languages in which the child and parent are fluent, whether there is an existing individualized education program, and the child's current academic status in school.

(3) The petition shall set forth facts that support the allegations in this section and shall generally request relief available under this chapter and provide information about what the court might order under RCW 28A.225.090.

(4)(a) When a petition is filed under RCW 28A.225.030 or 28A.225.015, it shall initially be stayed by the juvenile court, and the child and the child's parent must be referred to a community truancy board or other coordinated means of intervention as set forth in the memorandum of understanding under RCW 28A.225.026. The community truancy board must provide to the court a description of the intervention and prevention efforts to be employed to substantially reduce the child's unexcused absences, along with a timeline for completion.
(b) If a community truancy board or other coordinated means of intervention is not in place as required by RCW 28A.225.026, the juvenile court shall schedule a hearing at which the court shall consider the petition.

(5) When a referral is made to a community truancy board, the truancy board must meet with the child, a parent, and the school district representative and enter into an agreement with the petitioner and respondent regarding expectations and any actions necessary to address the child’s truancy within twenty days of the referral. If the petition is based on RCW 28A.225.015, the child shall not be required to attend and the agreement under this subsection shall be between the truancy board, the school district, and the child’s parent. The court may permit the truancy board or truancy prevention counselor to provide continued supervision over the student, or parent if the petition is based on RCW 28A.225.015.

(6) If the community truancy board fails to reach an agreement, or the parent or student does not comply with the agreement within the timeline for completion set by the community truancy board, the community truancy board shall return the case to the juvenile court. The stay of the petition shall be lifted, and the juvenile court shall schedule a hearing at which the court shall consider the petition.

(7)(a) Notwithstanding the provisions in subsection (4)(a) of this section, a hearing shall not be required if other actions by the court would substantially reduce the child’s unexcused absences. Such actions may include referral to an existing community truancy board, use of the Washington assessment of risks and needs of students (WARNs) or other assessment tools to identify the specific needs of individual children, the provision of community-based services, and the provision of evidence-based treatments that have been found to be effective in supporting at-risk youth and their families. When a juvenile court hearing is held, the court shall:

(i) Separately notify the child, the parent of the child, and the school district of the hearing. If the parent is not fluent in English, notice should be provided in a language in which the parent is fluent as indicated on the petition pursuant to RCW 28A.225.030(1);

(ii) Notify the parent and the child of their rights to present evidence at the hearing; and

(iii) Notify the parent and the child of the options and rights available under chapter 13.32A RCW.

(b) If the child is not provided with counsel, the advisement of rights must take place in court by means of a colloquy between the court, the child if eight years old or older, and the parent.

(8)(a) The court may require the attendance of the child if eight years old or older, the parents, and the school district at any hearing on a petition filed under RCW 28A.225.030.

(b) The court may not issue a bench warrant for a child for failure to appear at a hearing on an initial truancy petition filed under RCW 28A.225.030. If there has been proper service, the court may instead enter a default order assuming jurisdiction under the terms specified in subsection (12) of this section.

(9) A school district is responsible for determining who shall represent the school district at hearings on a petition filed under RCW 28A.225.030 or 28A.225.015.

(10) The court may permit the first hearing to be held without requiring that either party be represented by legal counsel, and to be held without a guardian ad litem for the child under RCW 4.08.050. At the request of the school district, the court shall permit a school district representative who is not an attorney to represent the school district at any future hearings.

(11) If the child is in a special education program or has a diagnosed mental or emotional disorder, the court shall inquire as to what efforts the school district has made to assist the child in attending school.

(12) If the allegations in the petition are established by a preponderance of the evidence, the court shall grant the petition and enter an order assuming jurisdiction to intervene for the period of time determined by the court, after considering the facts alleged in the petition and the circumstances of the juvenile, to most likely cause the juvenile to return to and remain in school while the juvenile is subject to this chapter. In no case may the order expire before the end of the school year in which it is entered.
(13)(a) If the court assumes jurisdiction, the school district shall periodically report to the court any additional unexcused absences by the child, actions taken by the school district, and an update on the child's academic status in school at a schedule specified by the court.

(b) The first report under this subsection (13) must be received no later than three months from the date that the court assumes jurisdiction.

(14) Community truancy boards and the courts shall coordinate, to the extent possible, proceedings and actions pertaining to children who are subject to truancy petitions and at-risk youth petitions in RCW 13.32A.191 or child in need of services petitions in RCW 13.32A.140.

(15) If after a juvenile court assumes jurisdiction in one county the child relocates to another county, the juvenile court in the receiving county shall, upon the request of a school district or parent, assume jurisdiction of the petition filed in the previous county.

RCW 28A.225.060. Custody and disposition of child absent from school without excuse.

Any school district official, sheriff, deputy sheriff, marshal, police officer, or any other officer authorized to make arrests, may take into custody without a warrant a child who is required under the provisions of RCW 28A.225.010 through 28A.225.140 to attend school and is absent from school without an approved excuse, and shall deliver the child to: (1) The custody of a person in parental relation to the child; (2) the school from which the child is absent; or (3) a program designated by the school district.

RCW 28A.225.090. Court orders—Penalties—Parents' defense.

(1) A court may order a child subject to a petition under RCW 28A.225.035 to do one or more of the following:

(a) Attend the child's current school, and set forth minimum attendance requirements, which shall not consider a suspension day as an unexcused absence;

(b) If there is space available and the program can provide educational services appropriate for the child, order the child to attend another public school, an alternative education program, center, a skill center, dropout prevention program, or another public educational program;

(c) Attend a private nonsectarian school or program including an education center. Before ordering a child to attend an approved or certified private nonsectarian school or program, the court shall: (i) Consider the public and private programs available; (ii) find that placement is in the best interest of the child; and (iii) find that the private school or program is willing to accept the child and will not charge any fees in addition to those established by contract with the student's school district. If the court orders the child to enroll in a private school or program, the child's school district shall contract with the school or program to provide educational services for the child. The school district shall not be required to contract for a weekly rate that exceeds the state general apportionment dollars calculated on a weekly basis generated by the child and received by the district. A school district shall not be required to enter into a contract that is longer than the remainder of the school year. A school district shall not be required to enter into or continue a contract if the child is no longer enrolled in the district;

(d) Submit to a substance abuse assessment if the court finds on the record that such assessment is appropriate to the circumstances and behavior of the child and will facilitate the child's compliance with the mandatory attendance law and, if any assessment, including a urinalysis test ordered under this subsection indicates the use of controlled substances or alcohol, order the minor to abstain from the unlawful consumption of controlled substances or alcohol and adhere to the recommendations of the substance abuse assessment at no expense to the school; or

(e) Submit to a mental health evaluation or other diagnostic evaluation and adhere to the recommendations of the drug assessment, at no expense to the school, if the court finds on the court
records that such evaluation is appropriate to the circumstances and behavior of the child, and will facilitate the child's compliance with the mandatory attendance law.

(2)(a) If the child fails to comply with the court order, the court may impose:

(i) Community restitution;

(ii) Nonresidential programs with intensive wraparound services;

(iii) A requirement that the child meet with a mentor for a specified number of times; or

(iv) Other services and interventions that the court deems appropriate.

(b) If the child continues to fail to comply with the court order and the court makes a finding that other measures to secure compliance have been tried but have been unsuccessful and no less restrictive alternative is available, the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e). Failure by a child to comply with an order issued under this subsection shall not be subject to detention for a period greater than that permitted pursuant to a civil contempt proceeding against a child under chapter 13.32A RCW. Detention ordered under this subsection may be for no longer than seven days. Detention ordered under this subsection shall preferably be served at a secure crisis residential center close to the child's home rather than in a juvenile detention facility. A warrant of arrest for a child under this subsection may not be served on a child inside of school during school hours in a location where other students are present.

(3) Any parent violating any of the provisions of either RCW 28A.225.010, 28A.225.015, or 28A.225.080 shall be fined not more than twenty-five dollars for each day of unexcused absence from school. The court shall remit fifty percent of the fine collected under this section to the child's school district. It shall be a defense for a parent charged with violating RCW 28A.225.010 to show that he or she exercised reasonable diligence in attempting to cause a child in his or her custody to attend school or that the child's school did not perform its duties as required in RCW 28A.225.020. The court may order the parent to provide community restitution instead of imposing a fine. Any fine imposed pursuant to this section may be suspended upon the condition that a parent charged with violating RCW 28A.225.010 shall participate with the school and the child in a supervised plan for the child's attendance at school or upon condition that the parent attend a conference or conferences scheduled by a school for the purpose of analyzing the causes of a child's absence.

(4) If a child continues to be truant after entering into a court-approved order with the truancy board under RCW 28A.225.035, the juvenile court shall find the child in contempt, and the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention such as meaningful community restitution. Failure by a child to comply with an order issued under this subsection may not subject a child to detention for a period greater than that permitted under a civil contempt proceeding against a child under chapter 13.32A RCW.

(5) Subsections (1), (2), and (4) of this section shall not apply to a six or seven year old child required to attend public school under RCW 28A.225.015.

Each school district and each private school approved under chapter 28A.195 RCW shall report to the superintendent of public instruction by January 31st of each year all known incidents involving the possession of weapons on school premises, on transportation systems, or in areas of facilities while being used exclusively by public or private schools, in violation of RCW 9.41.280 in the year preceding the report. The superintendent shall compile the data and report it to the house of representatives, the senate, and the governor.
RCW 28A.600.475. Exchange of information with law enforcement and juvenile court officials – Notification of parents and students.

School districts may participate in the exchange of information with law enforcement and juvenile court officials to the extent permitted by the family educational and privacy rights act of 1974, 20 U.S.C. Sec. 1232g. When directed by court order or pursuant to any lawfully issued subpoena, a school district shall make student records and information available to law enforcement officials, probation officers, court personnel, and others legally entitled to the information. Except as provided in RCW 13.40.480, parents and students shall be notified by the school district of all such orders or subpoenas in advance of compliance with them.

It is the responsibility of each school district to share this policy with parents or guardians, students, volunteers, and school employees in accordance with rules adopted by the superintendent of public instruction. Each school district shall designate one person in the district as the primary contact regarding the antiharassment, intimidation, or bullying policy. The primary contact shall receive copies of all formal and informal complaints, have responsibility for assuring the implementation of the policy and procedure, and serve as the primary contact on the policy and procedures between the school district, the office of the education ombudsman, and the office of the superintendent of public instruction.

(2) "Harassment, intimidation, or bullying" means any intentional electronic, written, verbal, or physical act, including but not limited to one shown to be motivated by any characteristic in RCW 9A.36.080(3), or other distinguishing characteristics, when the intentional electronic, written, verbal, or physical act:

   (c) Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or
   (d) Has the effect of substantially disrupting the orderly operation of the school.

   Nothing in this section requires the affected student to actually possess a characteristic that is a basis for the harassment, intimidation, or bullying.

(3) The policy and procedure should be adopted or amended through a process that includes representation of parents or guardians, school employees, volunteers, students, administrators, and community representatives. It is recommended that each such policy emphasize positive character traits and values, including the importance of civil and respectful speech and conduct, and the responsibility of students to comply with the district's policy prohibiting harassment, intimidation, or bullying.

   (b) The office of the superintendent of public instruction has the authority to update with new technologies access to this information in the safety center, to the extent resources are made available.
(c) Each school district shall by August 15, 2011, provide to the superintendent of public instruction a brief summary of its policies, procedures, programs, partnerships, vendors, and instructional and training materials to be posted on the school safety center web site, and shall also provide the superintendent with a link to the school district's web site for further information. The district's primary contact for bullying and harassment issues shall annually by August 15th verify posted information and links and notify the school safety center of any updates or changes.

(5) The Washington state school directors' association, with the assistance of the office of the superintendent of public instruction, shall convene an advisory committee to develop a model policy prohibiting acts of harassment, intimidation, or bullying that are conducted via electronic means by a student while on school grounds and during the school day. The policy shall include a requirement that materials meant to educate parents and students about the seriousness of cyberbullying be disseminated to parents or made available on the school district's web site. The school directors' association and the advisory committee shall develop sample materials for school districts to disseminate, which shall also include information on responsible and safe internet use as well as what options are available if a student is being bullied via electronic means, including but not limited to, reporting threats to local police and when to involve school officials, the internet service provider, or phone service provider. The school directors' association shall submit the model policy and sample materials, along with a recommendation for local adoption, to the governor and the legislature and shall post the model policy and sample materials on its web site by January 1, 2008. Each school district board of directors shall establish its own policy by August 1, 2008.

(4) School districts and public charter schools must not adopt any policy, procedure, or practice that would limit a person's right to file a complaint under this chapter or have the effect of discouraging any person from utilizing the complaint procedure in WAC 392-190-065 through 392-190-075. School districts and public charter schools must not intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right secured by this chapter or the guidelines adopted under WAC 392-190-005 or because the individual has made a complaint or participated in an investigation under this chapter.

The superintendent of public instruction shall appoint a substance abuse advisory committee comprised of: Representatives of certificated and classified staff; administrators; parents; students; school directors; the bureau of alcohol and substance abuse within the department of social and health services; the traffic safety commission; and county coordinators of alcohol and drug treatment. The committee shall advise the superintendent on matters of local program development, coordination, and evaluation.

(1) For purposes of this chapter, "community truancy board" means a board established pursuant to a memorandum of understanding between a juvenile court and a school district and composed of members of the local community in which the child attends school. Community truancy boards must include members who receive training regarding the identification of barriers to school attendance, the use of the Washington assessment of the risks and needs of students (WARNS) or other assessment tools to
identify the specific needs of individual children, cultural responsive interactions, trauma-informed approaches to discipline, evidence-based treatments that have been found effective in supporting at-risk youth and their families, and the specific services and treatment available in the particular school, court, community, and elsewhere. Duties of a community truancy board shall include, but not be limited to: Identifying barriers to school attendance, recommending methods for improving attendance such as connecting students and their families with community services, culturally appropriate promising practices, and evidence-based services such as functional family therapy, suggesting to the school district that the child enroll in another school, an alternative education program, an education center, a skill center, a dropout prevention program, or another public or private educational program, or recommending to the juvenile court that a juvenile be offered the opportunity for placement in a HOPE center or crisis residential center, if appropriate.

(2) The legislature finds that utilization of community truancy boards is the preferred means of intervention when preliminary methods to eliminate or reduce unexcused absences as required by RCW 28A.225.020 have not been effective in securing the child's attendance at school. The legislature intends to encourage and support the development and expansion of community truancy boards. Operation of a school truancy board does not excuse a district from the obligation of filing a petition within the requirements of RCW 28A.225.015(3).

RCW 28A.225.026. Community truancy boards—Memoranda of understanding with juvenile courts—Designation of school district coordinators to address absenteeism and truancy—Community-wide partnerships.

(1) By the beginning of the 2017-18 school year, juvenile courts must establish, through a memorandum of understanding with each school district within their respective counties, a coordinated and collaborative approach to address truancy through the establishment of a community truancy board or, with respect to certain small districts, through other means as provided in subsection (3) of this section.

(2) Except as provided in subsection (3) of this section, each school district must enter into a memorandum of understanding with the juvenile court in the county in which it is located with respect to the operation of a community truancy board. A community truancy board may be operated by a juvenile court, a school district, or a collaboration between both entities, so long as the agreement is memorialized in a memorandum of understanding. For a school district that is located in more than one county, the memorandum of understanding shall be with the juvenile court in the county that acts as the school district's treasurer.

(3) A school district with fewer than three hundred students must enter into a memorandum of understanding with the juvenile court in the county in which it is located with respect to: (a) The operation of a community truancy board; or (b) addressing truancy through other coordinated means of intervention aimed at identifying barriers to school attendance, and connecting students and their families with community services, culturally appropriate promising practices, and evidence-based services such as functional family therapy. School districts with fewer than three hundred students may work cooperatively with other school districts or the school district's educational service district to ensure access to a community truancy board or to provide other coordinated means of intervention.

(4) All school districts must designate, and identify to the local juvenile court and to the office of the superintendent of public instruction, a person or persons to coordinate school district efforts to address excessive absenteeism and truancy, including tasks associated with: Outreach and conferences pursuant to RCW 28A.225.018; entering into a memorandum of understanding with the juvenile court; establishing protocols and procedures with the court; coordinating trainings; sharing evidence-based and culturally appropriate promising practices; identifying a person within every school to serve as a contact with respect to excessive absenteeism and truancy; and assisting in the recruitment of community truancy board members.
(5) As has been demonstrated by school districts and county juvenile courts around the state that have worked together and led the way with community truancy boards, success has resulted from involving the entire community and leveraging existing dollars from a variety of sources, including public and private, local and state, and court, school, and community. In emulating this coordinated and collaborative approach statewide pursuant to local memoranda of understanding, courts and school districts are encouraged to create strong community-wide partnerships and to leverage existing dollars and resources.

(1) By requiring an initial stay of truancy petitions for diversion to community truancy boards, the legislature intends to achieve the following outcomes:
   
   (a) Increased access to community truancy boards and other truancy early intervention programs for parents and children throughout the state;
   
   (b) Increased quantity and quality of truancy intervention and prevention efforts in the community;
   
   (c) A reduction in the number of truancy petitions that result in further proceedings by juvenile courts, other than dismissal of the petition, after the initial stay and diversion to a community truancy board;
   
   (d) A reduction in the number of truancy petitions that result in a civil contempt proceeding or detention order; and
   
   (e) Increased school attendance.

(2) No later than January 1, 2021, the Washington state institute for public policy is directed to evaluate the effectiveness of chapter 205, Laws of 2016. An initial report scoping of the methodology to be used to review chapter 205, Laws of 2016 shall be submitted to the fiscal committees of the legislature by January 1, 2018. The initial report must identify any data gaps that could hinder the ability of the institute to conduct its review.

(1) Subject to funds appropriated for this purpose, the office of the superintendent of public instruction shall allocate to community truancy boards grant funds that may be used to supplement existing funds in order to pay for training for board members or the provision of services and treatment to children and their families.

(2) The superintendent of public instruction must select grant recipients based on the criteria in this section. This is a competitive grant process. A prerequisite to applying for either or both grants is a memorandum of understanding, between a school district and a court, to institute a new or maintain an existing community truancy board that meets the requirements of RCW 28A.225.025.

(3) Successful applicants for an award of grant funds to supplement existing funds to pay for the training of community truancy board members must commit to the provision of training to board members regarding the identification of barriers to school attendance, the use of the Washington assessment of the risks and needs of students (WARNs) or other assessment tools to identify the specific needs of individual children, trauma-informed approaches to discipline, research about adverse childhood experiences, evidence-based treatments and culturally appropriate promising practices, as well as the specific academic and community services and treatments available in the school, court, community, and elsewhere. This training may be provided by educational service districts.

(4) Successful applicants for an award of grant funds to supplement existing funds to pay for services and treatments provided to children and their families must commit to the provision of academic services such as tutoring, credit retrieval and school reengagement supports, community services, and evidence-based
treatments that have been found to be effective in supporting at-risk youth and their families, such as functional family therapy, or those that have been shown to be culturally appropriate promising practices.

**RCW 28A.225.035. Petition to juvenile court — Contents — Court action — Referral to community truancy board — Transfer of jurisdiction upon relocation.**

(1) A petition for a civil action under RCW 28A.225.030 or 28A.225.015 shall consist of a written notification to the court alleging that:

(a) The child has unexcused absences as described in RCW 28A.225.030(1) during the current school year;
(b) Actions taken by the school district have not been successful in substantially reducing the child's absences from school; and
(c) Court intervention and supervision are necessary to assist the school district or parent to reduce the child's absences from school.

(2) The petition shall set forth the name, date of birth, school, address, gender, race, and ethnicity of the child and the names and addresses of the child's parents, and shall set forth the languages in which the child and parent are fluent, whether there is an existing individualized education program, and the child's current academic status in school.

(3) The petition shall set forth facts that support the allegations in this section and shall generally request relief available under this chapter and provide information about what the court might order under RCW 28A.225.090.

(4)(a) When a petition is filed under RCW 28A.225.030 or 28A.225.015, it shall initially be stayed by the juvenile court, and the child and the child's parent must be referred to a community truancy board or other coordinated means of intervention as set forth in the memorandum of understanding under RCW 28A.225.026. The community truancy board must provide to the court a description of the intervention and prevention efforts to be employed to substantially reduce the child's unexcused absences, along with a timeline for completion.

(b) If a community truancy board or other coordinated means of intervention is not in place as required by RCW 28A.225.026, the juvenile court shall schedule a hearing at which the court shall consider the petition.

(5) When a referral is made to a community truancy board, the truancy board must meet with the child, a parent, and the school district representative and enter into an agreement with the petitioner and respondent regarding expectations and any actions necessary to address the child's truancy within twenty days of the referral. If the petition is based on RCW 28A.225.015, the child shall not be required to attend and the agreement under this subsection shall be between the truancy board, the school district, and the child's parent. The court may permit the truancy board or truancy prevention counselor to provide continued supervision over the student, or parent if the petition is based on RCW 28A.225.015.

(6) If the community truancy board fails to reach an agreement, or the parent or student does not comply with the agreement within the timeline for completion set by the community truancy board, the community truancy board shall return the case to the juvenile court. The stay of the petition shall be lifted, and the juvenile court shall schedule a hearing at which the court shall consider the petition.

(7)(a) Notwithstanding the provisions in subsection (4)(a) of this section, a hearing shall not be required if other actions by the court would substantially reduce the child's unexcused absences. Such actions may include referral to an existing community truancy board, use of the Washington assessment of risks and needs of students (WARNS) or other assessment tools to identify the specific needs of individual children, the provision of community-based services, and the provision of evidence-based
treatments that have been found to be effective in supporting at-risk youth and their families. When a juvenile court hearing is held, the court shall:

(i) Separately notify the child, the parent of the child, and the school district of the hearing. If the parent is not fluent in English, notice should be provided in a language in which the parent is fluent as indicated on the petition pursuant to RCW 28A.225.030(1);

(ii) Notify the parent and the child of their rights to present evidence at the hearing; and

(iii) Notify the parent and the child of the options and rights available under chapter 13.32A RCW.

(b) If the child is not provided with counsel, the advisement of rights must take place in court by means of a colloquy between the court, the child if eight years old or older, and the parent.

(8)(a) The court may require the attendance of the child if eight years old or older, the parents, and the school district at any hearing on a petition filed under RCW 28A.225.030.

(b) The court may not issue a bench warrant for a child for failure to appear at a hearing on an initial truancy petition filed under RCW 28A.225.030. If there has been proper service, the court may instead enter a default order assuming jurisdiction under the terms specified in subsection (12) of this section.

(9) A school district is responsible for determining who shall represent the school district at hearings on a petition filed under RCW 28A.225.030 or 28A.225.015.

(10) The court may permit the first hearing to be held without requiring that either party be represented by legal counsel, and to be held without a guardian ad litem for the child under RCW 4.08.050. At the request of the school district, the court shall permit a school district representative who is not an attorney to represent the school district at any future hearings.

(11) If the child is in a special education program or has a diagnosed mental or emotional disorder, the court shall inquire as to what efforts the school district has made to assist the child in attending school.

(12) If the allegations in the petition are established by a preponderance of the evidence, the court shall grant the petition and enter an order assuming jurisdiction to intervene for the period of time determined by the court, after considering the facts alleged in the petition and the circumstances of the juvenile, to most likely cause the juvenile to return to and remain in school while the juvenile is subject to this chapter. In no case may the order expire before the end of the school year in which it is entered.

(13)(a) If the court assumes jurisdiction, the school district shall periodically report to the court any additional unexcused absences by the child, actions taken by the school district, and an update on the child's academic status in school at a schedule specified by the court.

(b) The first report under this subsection (13) must be received no later than three months from the date that the court assumes jurisdiction.

(14) Community truancy boards and the courts shall coordinate, to the extent possible, proceedings and actions pertaining to children who are subject to truancy petitions and at-risk youth petitions in RCW 13.32A.191 or child in need of services petitions in RCW 13.32A.140.

(15) If after a juvenile court assumes jurisdiction in one county the child relocates to another county, the juvenile court in the receiving county shall, upon the request of a school district or parent, assume jurisdiction of the petition filed in the previous county.

(3) The policy and procedure should be adopted or amended through a process that includes representation of parents or guardians, school employees, volunteers, students, administrators, and community representatives. It is recommended that each such policy emphasize positive character traits
and values, including the importance of civil and respectful speech and conduct, and the responsibility of students to comply with the district's policy prohibiting harassment, intimidation, or bullying.

(4) (a) By August 1, 2010, the superintendent of public instruction, in consultation with representatives of parents, school personnel, the office of the education ombudsman, the Washington state school directors' association, and other interested parties, shall provide to the education committees of the legislature a revised and updated model harassment, intimidation, and bullying prevention policy and procedure. The superintendent of public instruction shall publish on its web site, with a link to the safety center web page, the revised and updated model harassment, intimidation, and bullying prevention policy and procedure, along with training and instructional materials on the components that shall be included in any district policy and procedure. The superintendent shall adopt rules regarding school districts' communication of the policy and procedure to parents, students, employees, and volunteers.

RCW 28A.300.139. Washington integrated student supports protocol.

(1) Subject to the availability of amounts appropriated for this specific purpose, the Washington integrated student supports protocol is established. The protocol shall be developed by the center for the improvement of student learning, established in RCW 28A.300.130, based on the framework described in this section. The purposes of the protocol include:

(a) Supporting a school-based approach to promoting the success of all students by coordinating academic and nonacademic supports to reduce barriers to academic achievement and educational attainment;

(b) Fulfilling a vision of public education where educators focus on education, students focus on learning, and auxiliary supports enable teaching and learning to occur unimpeded;

(c) Encouraging the creation, expansion, and quality improvement of community-based supports that can be integrated into the academic environment of schools and school districts;

(d) Increasing public awareness of the evidence showing that academic outcomes are a result of both academic and nonacademic factors; and

(e) Supporting statewide and local organizations in their efforts to provide leadership, coordination, technical assistance, professional development, and advocacy to implement high-quality, evidence-based, student-centered, coordinated approaches throughout the state.

(2) (a) The Washington integrated student supports protocol must be sufficiently flexible to adapt to the unique needs of schools and districts across the state, yet sufficiently structured to provide all students with the individual support they need for academic success.

(b) The essential framework of the Washington integrated student supports protocol includes:

(i) Needs assessments: A needs assessment must be conducted for all at-risk students in order to develop or identify the needed academic and nonacademic supports within the students' school and community. These supports must be coordinated to provide students with a package of mutually reinforcing supports designed to meet the individual needs of each student.

(ii) Integration and coordination: The school and district leadership and staff must develop close relationships with providers of academic and nonacademic supports to enhance the effectiveness of the protocol.

(iii) Community partnerships: Community partners must be engaged to provide nonacademic supports to reduce barriers to students' academic success, including supports to students' families.

(iv) Data driven: Students' needs and outcomes must be tracked over time to determine student progress and evolving needs.
(c) The framework must facilitate the ability of any academic or nonacademic provider to support the needs of at-risk students, including, but not limited to: Out-of-school providers, social workers, mental health counselors, physicians, dentists, speech therapists, and audiologists.

(1) Subject to the availability of amounts appropriated for this specific purpose, the office of the superintendent of public instruction and the school safety advisory committee shall hold annual school safety summits. Each annual summit must focus on establishing and monitoring the progress of a statewide plan for funding cost-effective methods for school safety that meet local needs. Other areas of focus may include planning and implementation of school safety planning efforts, training of school safety professionals, and integrating mental health and security measures.
(2) Summit participants must be appointed no later than August 1, 2016.
   (a) The majority and minority leaders of the senate shall appoint two members from each of the relevant caucuses of the senate.
   (b) The speaker of the house of representatives shall appoint two members from each of the two largest caucuses of the house of representatives.
   (c) The governor shall appoint one representative.
(3) Other summit participants may include representatives from the office of the superintendent of public instruction, the department of health, educational service districts, educational associations, emergency management, law enforcement, fire departments, parent organizations, and student organizations.
(4) Staff support for the annual summit shall be provided by the office of the superintendent of public instruction and the school safety advisory committee.
(5) Legislative members of the summit are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

RCW 28A.300.801. Legislative youth advisory council.
(1) The legislative youth advisory council is established to examine issues of importance to youth, including but not limited to education, employment, strategies to increase youth participation in state and municipal government, safe environments for youth, substance abuse, emotional and physical health, foster care, poverty, homelessness, and youth access to services on a statewide and municipal basis.
(2) The council consists of twenty-two members as provided in this subsection who, at the time of appointment, are aged fourteen to eighteen. The council shall select a chair from among its members.
(3) Except for initial members, members shall serve two-year terms, and if eligible, may be reappointed for subsequent two-year terms. One-half of the initial members shall be appointed to one-year terms, and these appointments shall be made in such a way as to preserve overall representation on the committee.
(4) (a) By July 2, 2007, and annually thereafter, students may apply to be considered for participation in the program by completing an online application form and submitting the application to the legislative youth advisory council. The council may develop selection criteria and an application review process. The council shall recommend candidates whose names will be submitted to the office of the lieutenant governor for final selection. Beginning May 7, 2009, the office of the lieutenant governor shall notify all applicants of the final selections using existing staff and resources.
   (b) Within existing staff and resources, the office of the lieutenant governor shall make the application available on the lieutenant governor's web site.
(5) If the council has sufficient funds from any source, then the council shall have the following duties:
(a) Advising the legislature on proposed and pending legislation, including state budget expenditures and policy matters relating to youth;

(b) Advising the standing committees of the legislature and study commissions, committees, and task forces regarding issues relating to youth;

(c) Conducting periodic seminars for its members regarding leadership, government, and the legislature;

**RCW 28A.300.2851. School bullying and harassment – Work group.**

(3) The work group must include representatives from the state board of education, the Washington state parent teacher association, the Washington state association of school psychologists, school directors, school administrators, principals, teachers, school counselors, classified school staff, youth, community organizations, and parents.

**RCW 28A.320.211. Discipline policies, procedures, and rules—Dissemination of information—Use of disaggregated data—Review.**

(1) School districts shall annually disseminate discipline policies and procedures to students, families, and the community.

(2) School districts shall use disaggregated data collected pursuant to RCW 28A.300.042 to monitor the impact of the school district's discipline policies and procedures.

(3) School districts, in consultation with school district staff, students, families, and the community, shall periodically review and update their discipline rules, policies, and procedures.

**RCW 28A.600.020. Exclusion of student from classroom – Written disciplinary procedures – Long-term suspension or expulsion.**

(3) In order to preserve a beneficial learning environment for all students and to maintain good order and discipline in each classroom, every school district board of directors shall provide that written procedures are developed for administering discipline at each school within the district. Such procedures shall be developed with the participation of parents and the community, and shall provide that the teacher, principal or designee, and other authorities designated by the board of directors, make every reasonable attempt to involve the parent or guardian and the student in the resolution of student discipline problems. Such procedures shall provide that students may be excluded from their individual classes or activities for periods of time in excess of that provided in subsection (2) of this section if such students have repeatedly disrupted the learning of other students. The procedures must be consistent with the rules of the superintendent of public instruction and must provide for early involvement of parents in attempts to improve the student's behavior.

West Virginia
Compilation of School Discipline Laws and Regulations

Prepared: January 26, 2018
Introduction

This compilation presents school discipline-related laws and regulations for U.S. states, U.S. territories, and the District of Columbia, and, where available, links to education agency websites or resources related to school discipline and student conduct. The discipline laws and regulations presented in this compilation have been categorized by type of specific discipline issue covered, according to an organizational framework developed by the National Center for Safe and Supportive Learning Environments (NCSSLE). For example, one major category encompasses all laws or regulations governing states or territories that mandate specific disciplinary sanctions (such as suspension) for specific offenses (such as drug possession on school grounds). The school discipline laws and regulations were compiled through exhaustive searches of legislative websites that identified all laws and regulations relevant to each specific category. Compiled materials were subsequently reviewed by state education agency (SEA) representatives in the 50 states, Washington D.C., and the U.S. territories.

Discipline categories were not mutually exclusive. Laws and regulations often appeared across multiple categories. For jurisdictions with more extensive laws covering a breadth of topical areas, relevant sections were excerpted from the larger legislative text for inclusion in the appropriate discipline category. Laws, ordered by chapter and section number, appear first within each category followed by regulations. All laws and regulations listed within categories in the compilation also appear in the sources cited section of the document, which lists laws by chapter and section number and title, and where available, includes active hyperlinks to source websites supported or maintained by state legislatures. Additional links to government websites or resources are provided at the end of this document.

The state board of education shall file twenty copies of any rule that it proposes to promulgate, adopt, amend or repeal under the authority of the constitution or of this code with the legislative oversight commission on education accountability pursuant to article three-b, chapter twenty-nine-a of this code. "Rule," as used herein, means a regulation, standard, statement of policy, or interpretation of general application and future effect.

§18-2C-3. Policy prohibiting harassment, intimidation or bullying.
(a) Each county board shall establish a policy prohibiting harassment, intimidation or bullying. Each county board has control over the content of its policy as long as the policy contains, at a minimum, the requirements of subdivision (b) of this section. The policy shall be adopted through a process that includes representation of parents or guardians, school employees, school volunteers, students and community members.

REGULATIONS

§126-42-7. County Board of Education responsibilities.
7.3. The county board of education shall ensure that each school has established and is implementing:

7.3.k. A student code of conduct policy that requires public schools to respond immediately and consistently to incidents of harassment, intimidation, bullying, substance abuse and/or violence or other student code of conduct violations in a manner that effectively deters future incidents and affirms respect for individuals as outlined in WVBE Policy 4373;

§126-81-6. County attendance policy components.
6.1. Each county’s attendance policy shall address the following components:

6.1.c. Development of Processes and Procedures: County school districts are responsible for:

6.1.c.1. developing a process to notify students and their parents/guardians of the county attendance policy and their responsibility and accountability for regular school attendance.

6.1.c.2. developing procedures and reasonable timelines requiring students with excused and unexcused absences to make up school work.

6.1.c.3. requiring a student maintain satisfactory attendance (satisfactory being defined as no unexcused absences) during one complete semester following the revocation of his/her driver’s license.

6.1.c.4. developing an attendance appeal process for students and parents/guardians.

6.1.e. Preventive and Corrective Measures: designed to meet the developmental needs of students, preventive, and corrective measures should include developing:

6.1.e.1. preventive and educational procedures including: incentives to maintain and improve attendance and reduce tardiness.

6.1.e.2. procedures for notification of parents/guardians of absences and procedures for securing parent/guardian involvement to improve student attendance.
6.1.e.3. procedures for providing adequate counseling for issues related to attendance.
6.1.e.4. procedures for interagency involvement.
6.1.e.5. alternative plans and programs that are positive in nature and encourage improved school attendance.
6.1.e.6. assurances that students with a pattern of excessive absenteeism are referred to appropriate student assistance teams/programs (Policy 2510) for appropriate intervention(s), and that these interventions have been reviewed to determine effectiveness.

1.1. Scope. This rule sets the requirements for the development of safe and supportive schools that provide optimum learning conditions for both students and staff. Whereas safety and order is the foundation of a positive school climate/culture that supports student academic achievement and personal-social development, this rule also establishes disciplinary guidelines for student conduct that outline behaviors prohibited in West Virginia schools that must be consistently addressed in order to assure the orderly, safe, drug-free, violence- and harassment-free learning environment.

2.1. The West Virginia Board of Education (WVBE) recognizes the need for students, teachers, administrators, and other school personnel to have a safe and supportive educational environment. The WVBE believes further that public schools should undertake proactive, preventive approaches to ensure a positive school climate/culture that fosters learning and personal-social development. These regulations require county boards of education to design and implement procedures to create and support continuous school climate/culture improvement processes within all schools that will ensure an orderly and safe environment that is conducive to learning. Public schools must create, encourage, and maintain a safe, drug-free, and fear-free school environment in the classroom, on the playground, and at school-sponsored activities. Assuring such an educational environment requires a comprehensive plan supported by everyone in the school organization, as well as parents/guardians and the community.

2.2. These regulations also set forth unacceptable behaviors that undermine a school's efforts to create a positive school climate/culture. These unacceptable behaviors are prohibited on all school property and school sponsored events. West Virginia’s public schools must respond quickly and consistently, in accordance with these regulations, to incidents of these prohibited behaviors in a manner that effectively deters future incidents and affirms respect for individuals.

Any student excluded shall be placed under the control of the principal of the school or a designee. When a student is excluded from a classroom or a school bus two times in one semester, and after exhausting all reasonable methods of classroom discipline provided in the school discipline plan, the student may be readmitted to the classroom or the school bus only after the principal, teacher and, if possible, the parent(s), guardian(s) or custodian(s) of the student have held a conference to discuss the student's disruptive behavior patterns, and the teacher and the principal agree on a course of discipline for the student and inform the parent(s), guardian(s) or custodian(s) of the course of action. (a) In accordance with the provisions of sections three-a and five, article two, chapter seventeen-b of this code, the Division of Motor Vehicles shall deny a license or instruction permit for the operation of a motor vehicle to any person under the age of eighteen who does not at the time of application present a diploma or other certificate of graduation issued to the person from a secondary high school of this state or any other state or documentation that the person: (1) Is enrolled and making satisfactory progress in a course leading to a general educational development certificate (GED) from a state-approved institution or organization or has obtained the certificate; (2) is enrolled and is making satisfactory academic progress in a secondary school of this state or any other state; (3) is excused from the requirement due to circumstances beyond his or her control; or (4) is enrolled in an institution of higher education as a full-time student in this state or any other state.
(b) The attendance director or chief administrator shall upon request provide a driver's eligibility certificate on a form approved by the Department of Education to any student at least fifteen but less than eighteen years of age who is properly enrolled and is making satisfactory academic progress in a school under the jurisdiction of the official for presentation to the Division of Motor Vehicles on application for or reinstatement of an instruction permit or license to operate a motor vehicle.

(c) Whenever a student at least fifteen but less than eighteen years of age, except as provided in subsection (g) of this section, withdraws from school, the attendance director or chief administrator shall notify the Division of Motor Vehicles of the student's withdrawal no later than five days from the date of the withdrawal. Within five days of receipt of the notice, the Division of Motor Vehicles shall send notice to the student that the student's instruction permit or license to operate a motor vehicle will be suspended under the provisions of section six, article three, chapter seventeen-b of this code on the thirtieth day following the date the notice was sent unless documentation of compliance with the provisions of this section is received by the Division of Motor Vehicles before that time. The notice shall also advise the student that he or she is entitled to a hearing before the county superintendent of schools or his or her designee or before the appropriate private school official concerning whether the student's withdrawal from school was due to a circumstance or circumstances beyond the control of the student. If suspended, the division may not reinstate an instruction permit or license until such time as the student returns to school and shows satisfactory academic progress or until such time as the student attains eighteen years of age.

(d) Whenever a student at least fifteen but less than eighteen years of age is enrolled in a secondary school and fails to maintain satisfactory academic progress, the attendance director or chief administrator shall follow the procedures set out in subsection (c) of this section to notify the Division of Motor Vehicles. Within five days of receipt of the notice, the Division of Motor Vehicles shall send notice to the student that the student's instruction permit or license will be suspended under the provisions of section six, article three, chapter seventeen-b of this code on the thirtieth day following the date the notice was sent unless documentation of compliance with the provisions of this section is received by the Division of Motor Vehicles before that time. The notice shall also advise the student that he or she is entitled to a hearing before the county superintendent of schools or his or her designee or before the appropriate private school official concerning whether the student's failure to make satisfactory academic progress was due to a circumstance or circumstances beyond the control of the student. Once suspension is ordered, the division may not reinstate an instruction permit or license until such time as the student shows satisfactory academic progress or until such time as the student attains eighteen years of age.

(e) Upon written request of a student, within ten days of receipt of a notice of suspension as provided by this section, the Division of Motor Vehicles shall afford the student the opportunity for an administrative hearing. The scope of the hearing shall be limited to determining if there is a question of improper identity, incorrect age, or some other clerical error.

(f) For the purposes of this section:

1. Withdrawal is defined as more than ten consecutive or fifteen total days unexcused absences during a school year, or suspension pursuant to subsections (a) and (b) of section one-a, article five, chapter eighteen-a of this code.

2. "Satisfactory academic progress" means the attaining and maintaining of grades sufficient to allow for graduation and course-work in an amount sufficient to allow graduation in five years or by age nineteen, whichever is earlier.

3. "Circumstances outside the control of the student" shall include, but not be limited to, medical reasons, familial responsibilities and the necessity of supporting oneself or another.

4. Suspension or expulsion from school or imprisonment in a jail or a West Virginia correctional facility is not a circumstance beyond the control of the student.
(g) Whenever the withdrawal from school of the student, the student's failure to enroll in a course leading to or to obtain a GED or high school diploma, or the student's failure to make satisfactory academic progress is due to a circumstance or circumstances beyond the control of the student, or the withdrawal from school is for the purpose of transfer to another school as confirmed in writing by the student's parent or guardian, no notice shall be sent to the Division of Motor Vehicles to suspend the student's motor vehicle operator's license and if the student is applying for a license, the attendance director or chief administrator shall provide the student with documentation to present to the Division of Motor Vehicles to excuse the student from the provisions of this section. The school district superintendent (or the appropriate school official of any private secondary school) with the assistance of the county attendance director and any other staff or school personnel shall be the sole judge of whether any of the grounds for denial or suspension of a license as provided by this section are due to a circumstance or circumstances beyond the control of the student.

(h) The state board shall promulgate rules necessary for uniform implementation of this section among the counties and as may otherwise be necessary for the implementation of this section. The rule may not include attainment by a student of any certain grade point average as a measure of satisfactory progress toward graduation.

Administrative procedures related to suspension and expulsion

§18-5-15. Ages of persons to whom schools are open; enrollment of suspended or expelled
student.
(a) The public schools shall be open for the full instructional term to all persons who have attained the
entrance age as stated in section five, article two and section eighteen, article five, chapter eighteen of
this code: Provided, That any student suspended or expelled from public or private school shall only be permitted to enroll in public school upon the approval of the superintendent of the county where the student seeks enrollment: Provided, however, That in making such decision, the principal of the school in which the student may enroll shall be consulted by the superintendent and the principal may make a recommendation to the superintendent concerning the student's enrollment in his or her new school: Provided further, That if enrollment to public school is denied by the superintendent, the student may petition the board of education where the student seeks enrollment.

§18A-5-1a. Possessing deadly weapons on premises of educational facilities; possessing a controlled substance on premises of educational facilities; assaults and batteries committed by students upon teachers or other school personnel; temporary suspension, hearing; procedure, notice and formal hearing; extended suspension; sale of narcotic; expulsion; exception; alternative education.

(d) The actions of any student which may be grounds for his or her suspension or expulsion under the provisions of this section shall be reported immediately to the principal of the school in which the student is enrolled. If the principal determines that the alleged actions of the student would be grounds for suspension, he or she shall conduct an informal hearing for the student immediately after the alleged actions have occurred. The hearing shall be held before the student is suspended unless the principal believes that the continued presence of the student in the school poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process, in which case the student shall be suspended immediately and a hearing held as soon as practicable after the suspension.

The student and his or her parent(s), guardian(s) or custodian(s), as the case may be, shall be given telephonic notice, if possible, of this informal hearing, which notice shall briefly state the grounds for suspension.

At the commencement of the informal hearing, the principal shall inquire of the student as to whether he or she admits or denies the charges. If the student does not admit the charges, he or she shall be given an explanation of the evidence possessed by the principal and an opportunity to present his or her version of the occurrence. At the conclusion of the hearing or upon the failure of the noticed student to appear, the principal may suspend the student for a maximum of ten school days, including the time prior to the hearing, if any, for which the student has been excluded from school.

The principal shall report any suspension the same day it has been decided upon, in writing, to the parent(s), guardian(s) or custodian(s) of the student by regular United States mail. The suspension also shall be reported to the county superintendent and to the faculty senate of the school at the next meeting after the suspension.

(e) Prior to a hearing before the county board, the county board shall cause a written notice which states the charges and the recommended disposition to be served upon the student and his or her parent(s), guardian(s) or custodian(s), as the case may be. The notice shall state clearly whether the board will attempt at hearing to establish the student as a dangerous student, as defined by section one, article one of this chapter. The notice also shall include any evidence upon which the board will rely in asserting its claim that the student is a dangerous student. The notice shall set forth a date and time at which the hearing shall be held, which date shall be within the ten-day period of suspension imposed by the principal.

(f) The county board shall hold the scheduled hearing to determine if the student should be reinstated or should or, under the provisions of this section, must be expelled from school. If the county board determines that the student should or must be expelled from school, it also may determine whether the student is a dangerous student pursuant to subsection (g) of this section. At this, or any hearing before a county board conducted pursuant to this section, the student may be represented by counsel, may call his or her own witnesses to verify his or her version of the incident and may confront and cross-examine
witnesses supporting the charge against him or her. The hearing shall be recorded by mechanical means unless recorded by a certified court reporter. The hearing may be postponed for good cause shown by the student but he or she shall remain under suspension until after the hearing. The state board may adopt other supplementary rules of procedure to be followed in these hearings. At the conclusion of the hearing the county board shall either: (1) Order the student reinstated immediately at the end of his or her initial suspension; (2) suspend the student for a further designated number of days; or (3) expel the student from the public schools of the county.

(g) A county board that did not intend prior to a hearing to assert a dangerous student claim, that did not notify the student prior to the hearing that a dangerous student determination would be considered and that determines through the course of the hearing that the student may be a dangerous student shall schedule a second hearing within ten days to decide the issue. The hearing may be postponed for good cause shown by the student, but he or she remains under suspension until after the hearing.

A county board that expels a student, and finds that the student is a dangerous student, may refuse to provide alternative education. However, after a hearing conducted pursuant to this section for determining whether a student is a dangerous student, when the student is found to be a dangerous student, is expelled and is denied alternative education, a hearing shall be conducted within three months after the refusal by the board to provide alternative education to reexamine whether or not the student remains a dangerous student and whether the student shall be provided alternative education. Thereafter, a hearing for the purpose of reexamining whether or not the student remains a dangerous student and whether the student shall be provided alternative education shall be conducted every three months for so long as the student remains a dangerous student and is denied alternative education. During the initial hearing, or in any subsequent hearing, the board may consider the history of the student's conduct as well as any improvements made subsequent to the expulsion. If it is determined during any of the hearings that the student is no longer a dangerous student or should be provided alternative education, the student shall be provided alternative education during the remainder of the expulsion period.

(h) The superintendent may apply to a circuit judge or magistrate for authority to subpoena witnesses and documents, upon his or her own initiative, in a proceeding related to a recommended student expulsion or dangerous student determination, before a county board conducted pursuant to the provisions of this section. Upon the written request of any other party, the superintendent shall apply to a circuit judge or magistrate for the authority to subpoena witnesses, documents or both on behalf of the other party in a proceeding related to a recommended student expulsion or dangerous student determination before a county board. If the authority to subpoena is granted, the superintendent shall subpoena the witnesses, documents or both requested by the other party. Furthermore, if the authority to subpoena is granted, it shall be exercised in accordance with the provisions of section one, article five, chapter twenty-nine-a of this code.

Any hearing conducted pursuant to this subsection may be postponed: (1) For good cause shown by the student; (2) when proceedings to compel a subpoenaed witness to appear must be instituted; or (3) when a delay in service of a subpoena hinders either party's ability to provide sufficient notice to appear to a witness. A student remains under suspension until after the hearing in any case where a postponement occurs.

The county boards are directed to report the number of students determined to be dangerous students to the State Board of Education. The state board will compile the county boards' statistics and shall report its findings to the Legislative Oversight Commission on Education Accountability.

(i) Students may be expelled pursuant to this section for a period not to exceed one school year, except that if a student is determined to have violated the provisions of subsection (a) of this section the student shall be expelled for a period of not less than twelve consecutive months, subject to the following:
(1) The county superintendent may lessen the mandatory period of twelve consecutive months for the expulsion of the student if the circumstances of the student's case demonstrably warrant;

(2) Upon the reduction of the period of expulsion, the county superintendent shall prepare a written statement setting forth the circumstances of the student's case which warrant the reduction of the period of expulsion. The county superintendent shall submit the statement to the county board, the principal, the faculty senate and the local school improvement council for the school from which the student was expelled. The county superintendent may use the following factors as guidelines in determining whether or not to reduce a mandatory twelve-month expulsion:

   (C) The student's past behavior history;

(l) Each suspension or expulsion imposed upon a student under the authority of this section shall be recorded in the uniform integrated regional computer information system (commonly known as the West Virginia Education Information System) described in subsection (f), section twenty-six, article two, chapter eighteen of this code.

   (1) The principal of the school at which the student is enrolled shall create an electronic record within twenty-four hours of the imposition of the suspension or expulsion.
   (2) Each record of a suspension or expulsion shall include the student's name and identification number, the reason for the suspension or expulsion and the beginning and ending dates of the suspension or expulsion.
   (3) The state board shall collect and disseminate data so that any principal of a public school in West Virginia can review the complete history of disciplinary actions taken by West Virginia public schools against any student enrolled or seeking to enroll at that principal's school. The purposes of this provision are to allow every principal to fulfill his or her duty under subsection (b), section fifteen-f, article five, chapter eighteen of this code to determine whether a student requesting to enroll at a public school in West Virginia is currently serving a suspension or expulsion from another public school in West Virginia and to allow principals to obtain general information about students' disciplinary histories.

Within ten calendar days from the date of the request of the review, the county board shall enter an order affirming, reversing, or modifying the decision of the hearing examiner. A county board may, in its own discretion, hold a hearing to determine any issues in question.

The authority of the county superintendent shall be the same as contained in section one-a of this article.

Any person willfully making a materially false statement or affirmation shall be guilty of a misdemeanor and, upon conviction, the penalty shall be the same as provided for “false swearing” pursuant to section three, article five, chapter sixty-one of this code.

(b) Prior to the admission of a student to any public school, the principal of that school or his or her designee shall consult the uniform integrated regional computer information system (commonly known as the West Virginia Education Information System) described in subsection (f), section twenty-six, article two, chapter eighteen of this code, to determine whether the student requesting admission is, at the time of the request for admission, serving a suspension or expulsion from another public school in West Virginia.

(c) The State Board of Education shall provide for the West Virginia Education Information System to disallow the recording of the enrollment of any student who is, at the time of attempted enrollment, serving a suspension or expulsion from another public school in West Virginia, and for that system to notify the user who has attempted to record the enrollment that the student may not be enrolled, and to notify that user of the reason therefore.

(d) Notwithstanding any other provision of this code to the contrary, any student who has been suspended or expelled from school pursuant to section one-a, article five, chapter eighteen-a of this code, or who has been suspended or expelled from a public or private school in another state, due to actions described in section one-a, article five, chapter eighteen-a of this code, may not be admitted to any public school within the state of West Virginia until the period of suspension or expulsion has expired.

Further admission of the child to school may be refused until such requirements and regulations be complied with. Any such child shall be treated by the school as being unlawfully absent from the school during the time he refuses to comply with such requirements and regulations, and any person having legal or actual control of such child shall be liable to prosecution under the provisions of this article for the absence of such child from school: Provided, That the county board of education does not exclude or expel the suspended child from school.

REGULATIONS

§126-42-7. County Board of Education responsibilities.

7.4. County boards of education must provide student services to ensure that students are able to participate in and benefit from a high-quality education program. These services include, but are not limited to: guidance and counseling, health services, school psychological services, special education and related services, social services and attendance, transportation services, and nutrition services.

7.4.f. Compulsory School Attendance – W. Va. Code §18-8-1a requires compulsory school attendance to begin with the school year in which the 6th birthday is reached prior to September one of such year or upon enrolling in a publicly supported kindergarten program and to continue to the 17th birthday or for as long as the student continues to be enrolled in a school system after the 17th birthday. County boards of education must employ a full-time attendance director if the county has a net enrollment of more than 4,000 pupils and at least a half-time director if net enrollment is less than 4,000 (W. Va. Code §18-8-3 and Section 5.4.g).

§126-81-1. General.

1.1. Scope. This rule provides guidelines for the development of local county attendance policies.

1.3. Filing Date. October 12, 2017.

1.5. Repeal of Former Rule. This legislative rule amends W. Va. 126CSR81, West Virginia Board of Education (WVBE) Policy 4110, Attendance, filed March 9, 2017 and effective April 10, 2017.

§126-81-2. Rationale.

2.1. The WVBE recognizes that a direct relationship exists between students’ daily school attendance and academic performance, graduation, and good work habits. This attendance policy promotes students’ daily school attendance. Each county shall be required to develop and implement a county attendance policy in accordance with this policy. Daily attendance is necessary for students to meet their schools’ academic program standards as each day’s learning builds on the work previously completed. While students and parents/guardians have the ultimate responsibility for daily school attendance, the laws of West Virginia require school administrators to enforce compulsory school attendance, and to provide an environment conducive to, and encouraging of, attendance.

§126-81-3. Policy Development.

3.1. Each county must provide for input from teachers, principals, attendance directors, parents/guardians, and community leaders when developing or revising the attendance policy.

5.3.b.8. All attendance directors hired for more than two-hundred days (200) may be assigned other duties determined by the superintendent during the period in excess of two-hundred (200) days. The county attendance director is responsible under direction of the county superintendent for efficiently administering school attendance in the county.

5.3.b.9. In addition to those duties directly relating to the administration of attendance, the county attendance director and assistant director also shall perform the following duties: 1) Assist in directing the taking of the school census to see that it is taken at the time and in the manner provided by law; 2) Confer with principals and teachers on the comparison of school census and enrollment for the detection of possible non-enrollees; 3) Cooperate with existing state and federal agencies charged with enforcing child labor laws; 4) Promote attendance in the county by compiling data for schools and by furnishing suggestions and recommendations for publication through media, or in such manner as the county superintendent may direct; 5) Participate in school teachers' conferences with parents and students; 6) Assist in such other ways as the county superintendent may direct for improving school attendance; and 7) Make home visits of students who have excessive unexcused absences, as provided above, or if requested by the chief administrator, principal, or assistant principal.

5.3.c.4. A student whose educational services are guided by an existing SAT Plan, IEP, or 504 Plan may warrant special consideration when a pattern of multiple, single, or chronic absences exist. The child’s current status should be reviewed by the SAT, IEP, or Section 504 Plan team as deemed appropriate and in accordance with state and federal laws.

5.4. Each parent, guardian, or custodian is responsible for fully cooperating in and completing the enrollment process by providing: immunization documentation (W. Va. Va. Code §18-8-4.

(d) Nothing in this section or in the policy promulgated in accordance with this section may be construed to prevent a suspension or expulsion executed in accordance with section one-a, article five, chapter eighteen-a of this code.

§18-2C-1. Legislative findings.

The Legislature finds that a safe and civil environment in school is necessary for students to learn and achieve high academic standards. The Legislature finds that harassment, intimidation or bullying, like other disruptive or violent behavior, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe, nonthreatening environment.

The Legislature further finds that students learn by example. The Legislature charges school administrators, faculty, staff and volunteers with demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation or bullying.

§18-2C-2. Definitions.

(a) As used in this article, "harassment, intimidation or bullying" means any intentional gesture, or any intentional electronic, written, verbal or physical act, communication, transmission or threat that:

(1) A reasonable person under the circumstances should know will have the effect of any one or more of the following:
   (A) Physically harming a student;
   (B) Damaging a student's property;
   (C) Placing a student in reasonable fear of harm to his or her person; or
   (D) Placing a student in reasonable fear of damage to his or her property;
(2) Is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening or emotionally abusive educational environment for a student; or
(3) Disrupts or interferes with the orderly operation of the school.

(b) As used in this article, an electronic act, communication, transmission or threat includes but is not limited to one which is administered via telephone, wireless phone, computer, pager or any electronic or wireless device whatsoever, and includes but is not limited to transmission of any image or voice, email or text message using any such device.

§18-2C-3. Policy prohibiting harassment, intimidation or bullying.

(a) Each county board shall establish a policy prohibiting harassment, intimidation or bullying. Each county board has control over the content of its policy as long as the policy contains, at a minimum, the
requirements of subdivision (b) of this section. The policy shall be adopted through a process that includes representation of parents or guardians, school employees, school volunteers, students and community members.

(b) Each county board policy shall, at a minimum, include the following components:

(1) A statement prohibiting harassment, intimidation or bullying of any student on school property, a school bus, at a school bus stop or at school sponsored events;

(2) A definition of harassment, intimidation or bullying no less inclusive than that in section two of this article;

(3) A procedure for reporting prohibited incidents;

(4) A requirement that school personnel report prohibited incidents of which they are aware;

(5) A requirement that parents or guardians of any student involved in an incident prohibited pursuant to this article be notified;

(6) A procedure for documenting any prohibited incident that is reported;

(7) A procedure for responding to and investigating any reported incident;

(8) A strategy for protecting a victim from additional harassment, intimidation or bullying, and from retaliation following a report;

(9) A disciplinary procedure for any student guilty of harassment, intimidation or bullying;

(10) A requirement that any information relating to a reported incident is confidential, and exempt from disclosure under the provisions of chapter twenty-nine-b of this code; and

(11) A requirement that each county board shall input into the uniform integrated regional computer information system (commonly known as the West Virginia Education Information System) described in section twenty-six, article two of this chapter, and compile an annual report regarding the means of harassment, intimidation or bullying that have been reported to them, and the reasons therefor, if known. The West Virginia Department of Education shall compile the information and report it annually beginning July 1, 2012, to the Legislative Oversight Committee on Education Accountability.

(c) Each county board shall adopt the policy and submit a copy to the State Superintendent of Schools by December 1, 2011.

(d) To assist county boards in developing their policies, the West Virginia Department of Education shall develop a model policy applicable to grades kindergarten through twelfth. The model policy shall be issued by September 1, 2011.

(e) Notice of the county board's policy shall appear in any student handbook, and in any county board publication that sets forth the comprehensive rules, procedures and standards of conduct for the school.

§18-2C-4. Immunity.

A school employee, student or volunteer is individually immune from a cause of action for damages arising from reporting said incident, if that person:

(1) In good faith promptly reports an incident of harassment, intimidation or bullying;

(2) Makes the report to the appropriate school official as designated by policy; and

(3) Makes the report in compliance with the procedures as specified in policy.

§18-2C-5. Policy training and education.

(a) Schools and county boards are encouraged, but not required, to form bullying prevention task forces, programs and other initiatives involving school staff, students, teachers, administrators, volunteers, parents, law enforcement and community members.
(b) To the extent state or federal funds are appropriated for these purposes, each school district shall:

(1) Provide training on the harassment, intimidation or bullying policy to school employees and volunteers who have direct contact with students; and

(2) Develop a process for educating students on the harassment, intimidation or bullying policy.

(c) Information regarding the county board policy against harassment, intimidation or bullying shall be incorporated into each school's current employee training program.

Except as provided in section four of this article, nothing in this article prohibits a victim from seeking redress under any other provision of civil or criminal law.

§18A-5-1c. Bill of rights and responsibilities for students and school personnel.
(b) In recognition of the findings in this section, the following Bill of Rights and Responsibilities for Students and School Personnel is established:

(5) The right to a attend a school and ride on a bus that is free from bullying;

§49-4-717. Sexting educational diversion program; requirements.
(a) Before a juvenile petition is filed for activity prescribed by article eight-a or eight-c, chapter sixty-one of this code, or after probable cause has been found to believe a juvenile has committed a violation thereof, but before an adjudicatory hearing on the petition, the court or a prosecuting attorney may direct or allow a minor who engaged in the activity to participate in an educational diversion program which meets the requirements of subsection (b) of this section. The prosecutor or court may refer the minor to the educational diversion program, as part of a prepetition intervention pursuant to section seven hundred two of this article.

(b) The West Virginia Supreme Court of Appeals may develop an educational diversion program for minors who are accused of activity proscribed by article eight-a or eight-c, chapter sixty-one of this code. As a part of any specialized educational diversion program so developed, the following issues and topics should be included:

(1) The legal consequences of and penalties for sharing sexually suggestive or explicit materials, including applicable federal and state statutes;

(2) The nonlegal consequences of sharing sexually suggestive or explicit materials including, but not limited to, the effect on relationships, loss of educational and employment opportunities, and being barred or removed from school programs and extracurricular activities;

(3) How the unique characteristics of cyberspace and the Internet, including searchability, replicability and an infinite audience, can produce long-term and unforeseen consequences for sharing sexually suggestive or explicit materials; and

(4) The connection between bullying and cyber-bullying and minors sharing sexually suggestive or explicit materials.

(c) Once a specialized educational diversion program is established by the West Virginia Supreme Court of Appeals consistent with this section, the minor's successful completion of the educational diversion program shall be duly considered by the prosecutor or the court in their respective decisions to either abstain from filing the juvenile petition or to dismiss the juvenile petition, as follows:

(1) If the minor has not previously been judicially determined to be delinquent, and the minor's activities represent a first offense for a violation of section three-b, article eight-c, chapter sixty-one of this code, the minor is not subject to the requirements of that section, as long as he or she successfully completes the educational diversion program; and
(2) If the minor commits a second or subsequent violation of article eight-a or eight-c, chapter sixty-one of this code, the minor's successful completion of the educational diversion program may be considered as a factor to be considered by the prosecutor and court in deciding to not file a petition or to dismiss a petition, upon successful completion of an improvement plan established by the court.

LAWS

§18-2C-5. Policy training and education.
(a) Schools and county boards are encouraged, but not required, to form bullying prevention task forces, programs and other initiatives involving school staff, students, teachers, administrators, volunteers, parents, law enforcement and community members.

§18-2-7b. Programs in drug prevention and violence reduction.
(a) In order for the schools to become healthy learning environments and to provide a strong defense against drug use and violence, the State Board of Education shall prescribe programs within the existing health and physical education program which teach resistance and life skills to counteract societal and peer pressure to use drugs, alcohol and tobacco, and shall include counselors, teachers and staff in full implementation of the program. The board shall also prescribe programs to coordinate violence reduction efforts in schools and between schools and their communities and to train students, teachers, counselors and staff in conflict resolution skills. The program shall be comprehensive, interdisciplinary and shall begin in elementary school.

(b) No later than the start of the 2018-2019 school year, a county board shall implement comprehensive drug awareness and prevention programs for students in grades K through 12 to receive instruction regarding the dangers of substance abuse. The purpose of the drug awareness and prevention program is to:

(1) Keep students from illegally using alcohol, tobacco or other drugs;

(2) Reduce or eliminate the incidence and prevalence of student’s alcohol, tobacco and other drug abuse;

(3) Reduce the factors that place students at risk of abusing alcohol, tobacco or other drugs through school and a community based planning processes;

(4) Contribute to the development of school environments and alternative activities that are alcohol, tobacco and drug-free;

(5) Increase the knowledge and skills of students, staff and community members for avoiding the harmful effects of alcohol, tobacco and drug use, and of blood borne pathogens;

(6) Actively involve staff, students, parents and community members in the development and implementation of the drug awareness and prevention program plans;

(7) Facilitate an understanding and appreciation of the risks to, duties of, and likely actions by law-enforcement officers when conducting investigations; and

(8) Instruct how to respond to an officer during a vehicular or other stop or police interaction, including problematic or dangerous action and behaviors that could result in a person being detained or arrested.

(c) The county board shall coordinate the delivery of instruction to meet the purposes of subsection (b) of this section with educators, drug rehabilitation specialists and law-enforcement agencies to periodically provide age appropriate student education on their experiences with the impacts of illegal alcohol and drug use.

(d) Beginning with the 2018-2019 school year, instruction required pursuant to section nine of this article in the subject of health education in any of the grades six through twelve as considered
appropriate by the county board shall include at least sixty minutes of instruction for each student on the dangers of opioid use, the additive characteristics of opioids, and safer alternatives to treat pain. §18-5A-2. Local school improvement councils; election.

(l) Each local school improvement council annually shall develop and deliver a report to the countywide council on productive and safe schools. The report shall include:

(1) Guidelines for the instruction and rehabilitation of students who have been excluded from the classroom, suspended from the school or expelled from the school, the description and recommendation of in-school suspension programs, a description of possible alternative settings, schedules for instruction and alternative education programs and an implementation schedule for such guidelines. The guidelines shall include the following:

(B) A preventive discipline program which may include the responsible students program devised by the West Virginia Board of Education as adopted by the county board, pursuant to the provisions of subsection (e), section one, article five, chapter eighteen-a of this code; and

(C) A student involvement program, which may include the peer mediation program or programs devised by the West Virginia Board of Education as adopted by the county board, pursuant to the provisions of subsection (e), section one, article five, chapter eighteen-a of this code; and

§18A-5-1. Authority of teachers and other school personnel; exclusion of students having infectious diseases; suspension or expulsion of disorderly students; corporal punishment abolished.

(f) [...] The county boards also may establish cooperatives with private entities to provide middle educational programs which may include programs focusing on developing individual coping skills, conflict resolution, anger control, self-esteem issues, stress management and decision making for students and any other program related to preventive discipline.

REGULATIONS

§126-81-6. County attendance policy components.

6.1. Each county’s attendance policy shall address the following components:

6.1.e. Preventive and Corrective Measures: designed to meet the developmental needs of students, preventive, and corrective measures should include developing:

6.1.e.1. preventive and educational procedures including: incentives to maintain and improve attendance and reduce tardiness.

6.1.e.2. procedures for notification of parents/guardians of absences and procedures for securing parent/guardian involvement to improve student attendance.

6.1.e.3. procedures for providing adequate counseling for issues related to attendance.

6.1.e.4. procedures for interagency involvement.

6.1.e.5. alternative plans and programs that are positive in nature and encourage improved school attendance.

6.1.e.6. assurances that students with a pattern of excessive absenteeism are referred to appropriate student assistance teams/programs (Policy 2510) for appropriate intervention(s), and that these interventions have been reviewed to determine effectiveness.

2.1. The West Virginia Board of Education (WVBE) recognizes the need for students, teachers, administrators, and other school personnel to have a safe and supportive educational environment. The
WVBE believes further that public schools should undertake proactive, preventive approaches to ensure a positive school climate/culture that fosters learning and personal-social development. These regulations require county boards of education to design and implement procedures to create and support continuous school climate/culture improvement processes within all schools that will ensure an orderly and safe environment that is conducive to learning. Public schools must create, encourage, and maintain a safe, drug-free, and fear-free school environment in the classroom, on the playground, and at school-sponsored activities. Assuring such an educational environment requires a comprehensive plan supported by everyone in the school organization, as well as parents/guardians and the community.

2.2. These regulations also set forth unacceptable behaviors that undermine a school's efforts to create a positive school climate/culture. These unacceptable behaviors are prohibited on all school property and school sponsored events. West Virginia's public schools must respond quickly and consistently, in accordance with these regulations, to incidents of these prohibited behaviors in a manner that effectively deters future incidents and affirms respect for individuals.

§18-2C-5. Policy training and education.
(a) Schools and county boards are encouraged, but not required, to form bullying prevention task forces, programs and other initiatives involving school staff, students, teachers, administrators, volunteers, parents, law enforcement and community members.
(b) To the extent state or federal funds are appropriated for these purposes, each school district shall:
   (1) Provide training on the harassment, intimidation or bullying policy to school employees and volunteers who have direct contact with students; and
   (2) Develop a process for educating students on the harassment, intimidation or bullying policy.
(c) Information regarding the county board policy against harassment, intimidation or bullying shall be incorporated into each school's current employee training program.

§18-5A-2. Local school improvement councils; election.
(1) Guidelines for the instruction and rehabilitation of students who have been excluded from the classroom, suspended from the school or expelled from the school, the description and recommendation of in-school suspension programs, a description of possible alternative settings, schedules for instruction and alternative education programs and an implementation schedule for such guidelines. The guidelines shall include the following:
   (C) A student involvement program, which may include the peer mediation program or programs devised by the West Virginia board of education as adopted by the county board, pursuant to the provisions of subsection (e), section one, article five, chapter eighteen-a of this code.

§18-8-6. The High School Graduation Improvement Act.
(a) This section is known and may be cited as "The High School Graduation Improvement Act."
(b) The Legislature makes the following findings:
   (1) West Virginia has a dire need to implement a comprehensive approach to addressing the high school drop-out crisis, and to develop policies and strategies that successfully assist at-risk students to stay in school, earn a high school diploma, and ultimately become productively contributing members of society;
(2) The current demands for a highly skilled workforce require a high school diploma at the very minimum;

(3) The state has several dynamic programs that are capable of actively engaging students in learning, providing students with a sense of relevancy in academics, and motivating students to succeed in school and ultimately earn a high school diploma;

(4) Raising the compulsory school attendance age alone will neither increase the graduation rate nor decrease the drop-out rate. It is imperative that the state shift the focus from merely compelling students to attend school to instead providing vibrant and engaging programs that allow students to recognize the value of a high school diploma or workforce credential and inspire students to graduate from high school, especially those students who are at risk of dropping out of school;

(5) Investing financially in this focus shift will result in the need for fewer resources to be committed to enforcing compulsory attendance laws and fewer incidents of disruptive student behavior;

(6) Absenteeism is proven to be the highest predictor of course failure. Truant students face low self-confidence in their ability to succeed in school because their absences cause them to fall behind their classmates, and the students find dropping out easier than catching up;

(7) There is a strong relationship between truancy and dropping out of high school. Frequent absences are one of the most common indicators that a student is disengaging from the learning process and likely to drop out of school early. Intervention after fewer absences is likely to have a positive impact on a student’s persistence to graduation;

(8) Students cite many reasons for dropping out of school, some of which include engaging in drug culture, lack of positive influence, role model or parental involvement, absence of boundaries and direction, lack of a positive home environment, peer pressure, and poor community expectations;

(9) Dropping out of school has a profound negative impact on an individual’s future, resulting in limited job choices, substantially lower wages and less earned over a lifetime than high school graduates, and a greater likelihood of depending on public assistance and engaging in criminal activity;

(10) Career-technical education is a dynamic system in West Virginia which offers numerous concentrations that provide students with industry-recognized credentials, while also preparing them for post-secondary education;

(11) All career-technical education students in the state have an opportunity to earn free college credit through the Earn a Degree-Graduate Early (EDGE) program;

(12) The current high school graduation rate for secondary career-technical education completers is significantly higher than the state graduation rate;

(13) Students involved in career-technical education learn a marketable skill, are likely to find jobs, and become prepared for post-secondary education;

(14) A significant number of students who could benefit from participating in a career-technical program are denied access due to a number of factors, such as dropping out of high school prior to enrolling in career-technical education, requirements that students repeat academic courses that they have failed, and scheduling conflicts with the high schools;

(15) There has been a dramatic change over the years from vocational education, which was very basic and lacked high level skills, to the career-technical programs of today which are computer based, require national tests and certification, and often result in jobs with high salaries;

(16) West Virginia’s employers and technical education job placement rates show that the state needs graduates with technical skills to compete in the current and future job markets;

(17) The job placement rate for students graduating from career-technical programs statewide is greater than ninety-five percent;
(18) Among the reasons students cite for dropping out of school are feelings of hopelessness when they have failed classes and cannot recover credits in order to graduate;
(19) The state offers full-day programs consisting of credit recovery, hands-on experiences in career-technical programs and basic education, which are valuable resources for re-engaging students who have dropped out of school, or have a potential for or are at risk of dropping out;
(20) A student is significantly more likely to graduate from high school if he or she completes four units of training in technical education;
(21) Learning is increased and retained at a higher level if the content is taught through a relevant and applied experience, and students who are able to experience academics through real life projects have a higher probability of mastering the appropriate concepts;
(22) Programs such as "GED Option" and "Techademics" are valuable resources for providing relevant and applied experience for students;
(23) The Techademics programs administered by the department of education has embedded math competencies in career-technical program curricula whereby students simultaneously earn credit for mastery of math competencies and career-technical courses;
(24) Students would greatly benefit if West Virginia were designated as a "GED Option" state. Currently, a student is ineligible to take the General Educational Development (GED) exam if he or she is enrolled in school, which requires the student to drop out of high school in order to participate in a GED preparation program or take the exam, even if the student desires to remain enrolled;
(25) A GED Option state designation by the American Council on Education would allow students in this state to remain enrolled in school and continue acquiring academic and career-technical credits while pursuing a GED diploma. The GED Option would be blended with the West Virginia virtual schools or a career-technical education pathway. Upon completion, rather than being a dropout, the student would have a GED diploma and a certification in the chosen career-technical or virtual school pathway;
(26) The Mountaineer Challenge Academy is a positive option for students at risk of dropping out of school, as it provides students with structure, stability, and a focus on positive change, all in an environment where negative influences and distractions can be left behind;
(27) Students attending the Mountaineer Challenge Academy would greatly benefit if the GED Option were implemented at the Academy;
(28) The Health Sciences and Technology Academy (HSTA) program prepares rural, minority and economically disadvantaged students for college and careers in the health sciences, and demonstrates tremendous success in its high percentage of students who graduate from high school and participate in post-secondary education.
(29) The West Virginia GEAR UP (Gaining Early Awareness and Readiness for Undergraduate Programs) program is aimed at increasing the academic performance and rigorous preparation of students, increasing the number of high-poverty, at-risk students who are prepared to enter and succeed in post-secondary education, and increasing the high school graduation rate;
(30) The GEAR UP program successfully aids students in planning, applying and paying for education and training beyond high school;
(31) Each dropout involved in drugs or crime or dependent on public assistance creates a huge fiscal burden on society;
(32) The intense treatment and individual monitoring provided through the state's juvenile drug courts have proven to be highly effective in treating drug addictions, and rehabilitating drug-addicted youth and improving their educational outcomes;
(33) Services provided by juvenile drug courts include substance abuse treatment, intervention, assessment, juvenile and family counseling, heavy supervision by probation officers including school-based probation officers who provide early intervention and diversion services, and addressing some of the underlying reasons why students are not successful in school;

(34) School participation and attendance are required for students participating in juvenile drug courts, and along with academic progress are closely monitored by the courts;

(35) Juvenile drug courts are an important strategy to improve substance abuse treatment outcomes, and serve to save the state significant cost on incarceration of the juveniles, along with the future costs to society of individuals who remain substance abusers;

(36) Juvenile drug courts produce greater cost benefits than other strategies that address criminal activity related to substance abuse and addiction that bring individuals into the criminal justice system;

(37) Funding for the increased number of students enrolled in school during the 2010-2011 school year due to the compulsory school attendance age increase established by this act will not be reflected in the state aid formula allocation until the 2011-2012 school year, which will require additional funds to be provided to county boards for the 2010-2011 school year to accommodate the increased enrollment;

(38) The state will benefit both fiscally and through improved quality of life if scarce state resources are targeted toward programs that result in providing a competitive advantage as adults for those students who are at risk of dropping out of school;

(39) Funds invested toward education and ensuring that students complete high school pay tremendous dividends through the moneys saved on incarceration, unemployment and underemployment as those students reach adulthood;

(40) Increasing the compulsory school attendance age will have little effect in aiding students to complete high school if additional resources, both fiscal and programmatic, are not dedicated to supporting student achievement, providing real-life relevancy in curriculum, and engaging students in learning, particularly for those students who have become so disengaged from school and learning that they are at risk of dropping out of school; and

(41) Schools cannot solve the dropout problem alone. Research shows when educators, parents, elected officials, business leaders, faith-based leaders, human service personnel, judicial personnel and civic leaders collectively work together they are often able to find innovative solutions to address school and community problems. (c) The Legislature intends as follows:

1. The state will continue to explore diverse instructional delivery strategies to accommodate various learning styles and will focus on a state-wide dropout intervention and prevention program to provide support for students having academic difficulty;

2. A general credit recovery program shall be implemented statewide, including delivery through West Virginia virtual schools;

3. The state board will continue to improve the way career-technical education is offered, including expansion of the Techademics program;

4. Up to five additional juvenile drug courts shall be established by January 1, 2012;

5. The state will invest additional state funds and other resources in strategies and programs that engage disconnected and discouraged students in a positive learning environment as a critical first step to ensuring that students persist and graduate;

6. County boards will develop plans to demonstrate how they will use available funds to implement the intent of this section; and

7. The state board shall develop a statewide system in electronic format that will provide schools with easily identifiable early warning indicators of students at risk of not graduating from high school. The
system shall be delivered through the uniform integrated regional computer information system (commonly known as the West Virginia Education Information System) and shall at a minimum incorporate data on the attendance, academic performance and disciplinary infractions of individual students. The state board shall require implementation of the system in Local Solution Dropout Prevention and Recovery Innovation Zones along with a plan of interventions to increase the number of students earning a high school diploma, and may utilize the zones as a pilot test of the system.

(d) Each county board shall include in its alternative education program plan required by section six, article two, of this chapter a plan to improve student retention and increase the graduation rate in the county. The plan is subject to approval of the state board, and shall include strategies the county board will implement to achieve the following goals:

(1) Increasing the graduation rate for the county;
(2) Identifying at the earliest age possible those students who are at risk of dropping out of school prior to graduation; and
(3) Providing additional options for delivering to at-risk students academic credentials and career-technical training if appropriate or desired by the student. The options may include such programs as Techademics, Earn a Degree-Graduate Early (EDGE), Health Sciences and Technology Academy (HSTA), Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR UP), truancy diversion, early intervention, dropout prevention, prevention resource officers, GED option, credit recovery, alternative learning environments, or any other program or strategy approved by the state board.

(e) As soon as is practicable the state superintendent or his or her designee shall pursue designation of West Virginia as a "GED Option" state by the American Council on Education. If so designated, the state board shall:

(1) Develop and implement a program whereby a student may pursue a GED diploma while remaining enrolled in high school; and
(2) Ensure that the GED Option is offered to students attending the Mountaineer Challenge Academy.

(f) The state board shall continue to expand:

(1) The Techademics program to include each major academic subject and increase the academic credit available through the program to students; and
(2) The Health Sciences and Technology Academy to ensure that the program is available for any school containing any of the grade levels of eligible students.

(g) The state board shall ensure that the dropout information required by section twenty-four, article one-b, chapter fifteen of this code is provided annually to the Mountaineer Challenge Academy.

(h) Some career and technical education programs only accept students in certain upper high school grade levels due to lack of capacity to accept the students in the lower high school grade levels. This can be detrimental to efforts to keep students identified as at risk of dropping out of school prior to graduation in school. Therefore, those career and technical education programs that limit enrollment to students in certain upper high school grade levels may make exceptions for those at risk students and enroll any of those at risk students who are in grades nine and above.

It shall be the duty of the principal, administrative head or other chief administrator of each school, whether public or private, to make prompt reports to the county attendance director, or proper assistant, of all cases of unexcused absences arising within the school which require the services of an attendance worker. Such reports shall be on the form prescribed for such purpose, by telephone, or in person, and shall include essential information about the child and the name and residence of any parent, guardian or custodian of a child.

It shall also be the duty of each principal, administrative head or other chief administrator of each public school to ascertain and report promptly the name of any parent, guardian or custodian of any child of compulsory school age as defined in this article who was or should be enrolled in the school reporting and who has not enrolled in any school that year. By way of ascertaining the status of school attendance, each principal, administrative head or other chief administrator shall compare the school census with the school enrollment at the opening of the school term and each month thereafter, or as directed by the county superintendent of schools, and report the same to the county attendance director: Provided, That any child who was or should be enrolled in a particular school, but who is at the time enrolled in another school shall be considered as attending the school in which enrolled and shall be included only in the report of attendance from the school in which the child is enrolled at the time.
If the principal, administrative head or other chief administrator of a school determines that an enrolled pupil has accumulated unexcused absences from attendance at such school for five instructional days during any one half of the instructional term, the principal, administrative head or other chief administrator shall contact any parent, guardian or custodian of the pupil and shall hold a meeting with any person so contacted, and the pupil, and any other person that the administrator deems a relevant participant in such meeting.

Any student excluded shall be placed under the control of the principal of the school or a designee. The excluded student may be admitted to the classroom or school bus only when the principal, or a designee, provides written certification to the teacher that the student may be readmitted and specifies the specific type of disciplinary action, if any, that was taken. If the principal finds that disciplinary action is warranted, he or she shall provide written and, if possible, telephonic notice of the action to the parent(s), guardian(s) or custodian(s).

(d) [...] The student and his or her parent(s), guardian(s) or custodian(s), as the case may be, shall be given telephonic notice, if possible, of this informal hearing, which notice shall briefly state the grounds for suspension.

At the conclusion of the hearing or upon the failure of the noticed student to appear, the principal may suspend the student for a maximum of ten school days, including the time prior to the hearing, if any, for which the student has been excluded from school.

The principal shall report any suspension the same day it has been decided upon, in writing, to the parent(s), guardian(s) or custodian(s) of the student by regular United States mail. The suspension also shall be reported to the county superintendent and to the faculty senate of the school at the next meeting after the suspension.

Teachers shall also keep such other records and make such other reports as may be required by the board of education employing them.

§49-5-103. Confidentiality of juvenile records; permissible disclosures; penalties; damages.
(a) Any findings or orders of the court in a juvenile proceeding shall be known as the juvenile record and shall be maintained by the clerk of the court.

(b) Records of a juvenile proceeding conducted under this chapter are not public records and shall not be disclosed to anyone unless disclosure is otherwise authorized by this section.
(c) Notwithstanding the provisions of subsection (b) of this section, a copy of a juvenile’s records shall automatically be disclosed to certain school officials, subject to the following terms and conditions:

(1) Only the records of certain juveniles shall be disclosed. These include, and are limited to, cases in which:

(A) The juvenile has been charged with an offense which:

(i) Involves violence against another person;

(ii) Involves possession of a dangerous or deadly weapon; or

(iii) Involves possession or delivery of a controlled substance as that term is defined in section one hundred one, article one, chapter sixty-a of this code; and

(B) The juvenile’s case has proceeded to a point where one or more of the following has occurred:

(i) A circuit court judge or magistrate has determined that there is probable cause to believe that the juvenile committed the offense as charged;

(ii) A circuit court judge or magistrate has placed the juvenile on probation for the offense;

(iii) A circuit court judge or magistrate has placed the juvenile into a preadjudicatory community supervision period in accordance with section seven hundred eight, article four of this chapter; or

(iv) Some other type of disposition has been made of the case other than dismissal.

(2) The circuit court for each judicial circuit in West Virginia shall designate one person to supervise the disclosure of juvenile records to certain school officials.

(3) If the juvenile attends a West Virginia public school, the person designated by the circuit court shall automatically disclose all records of the juvenile’s case to the county superintendent of schools in the county in which the juvenile attends school and to the principal of the school which the juvenile attends, subject to the following:

(A) At a minimum, the records shall disclose the following information:

(i) Copies of the arrest report;

(ii) Copies of all investigations;

(iii) Copies of any psychological test results and any mental health records;

(iv) Copies of any evaluation reports for probation or facility placement; and

(v) Any other material that would alert the school to potential danger that the juvenile may pose to himself, herself or others;

(B) The disclosure of the juvenile’s psychological test results and any mental health records shall only be made in accordance with subdivision (14) of this subsection;

(C) If the disclosure of any record to be automatically disclosed under this section is restricted in its disclosure by the Health Insurance Portability and Accountability Act of 1996, PL 104-191, and any amendments and regulations under the act, the person designated by the circuit court shall provide the superintendent and principal any notice of the existence of the record that is permissible under the act and, if applicable, any action that is required to obtain the record; and

(D) When multiple disclosures are required by this subsection, the person designated by the circuit court is required to disclose only material in the juvenile record that had not previously been disclosed to the county superintendent and the principal of the school which the juvenile attends.

(4) If the juvenile attends a private school in West Virginia, the person designated by the circuit court shall determine the identity of the highest ranking person at that school and shall automatically disclose all records of a juvenile’s case to that person.
(5) If the juvenile does not attend school at the time the juvenile's case is pending, the person designated by the circuit court may not transmit the juvenile's records to any school. However, the person designated by the circuit court shall transmit the juvenile's records to any school in West Virginia which the juvenile subsequently attends.

(6) The person designated by the circuit court may not automatically transmit juvenile records to a school which is not located in West Virginia. Instead, the person designated by the circuit court shall contact the out-of-state school, inform it that juvenile records exist and make an inquiry regarding whether the laws of that state permit the disclosure of juvenile records. If so, the person designated by the circuit court shall consult with the circuit judge who presided over the case to determine whether the juvenile records should be disclosed to the out-of-state school. The circuit judge has discretion in determining whether to disclose the juvenile records and shall consider whether the other state's law regarding disclosure provides for sufficient confidentiality of juvenile records, using this section as a guide. If the circuit judge orders the juvenile records to be disclosed, they shall be disclosed in accordance with subdivision (7) of this subsection.

(7) The person designated by the circuit court shall transmit the juvenile's records to the appropriate school official under cover of a letter emphasizing the confidentiality of those records and directing the official to consult this section of the code. A copy of this section of the code shall be transmitted with the juvenile's records and cover letter.

(8) Juvenile records are absolutely confidential by the school official to whom they are transmitted and nothing contained within the juvenile's records may be noted on the juvenile's permanent educational record. The juvenile records are to be maintained in a secure location and are not to be copied under any circumstances. However, the principal of a school to whom the records are transmitted shall have the duty to disclose the contents of those records to any teacher who teaches a class in which the subject juvenile is enrolled and to the regular driver of a school bus in which the subject juvenile is regularly transported to or from school, except that the disclosure of the juvenile's psychological test results and any mental health records may only be made in accordance with subdivision (14) of this subsection. Furthermore, any school official to whom the juvenile's records are transmitted may disclose the contents of those records to any adult within the school system who, in the discretion of the school official, has the need to be aware of the contents of those records.

(9) If for any reason a juvenile ceases to attend a school which possesses that juvenile's records, the appropriate official at that school shall seal the records and return them to the circuit court which sent them to that school. If the juvenile has changed schools for any reason, the former school shall inform the circuit court of the name and location of the new school which the juvenile attends or will be attending. If the new school is located within West Virginia, the person designated by the circuit court shall forward the juvenile's records to the juvenile's new school in the same manner as provided in subdivision (7) of this subsection. If the new school is not located within West Virginia, the person designated by the circuit court shall handle the juvenile records in accordance with subdivision (6) of this subsection. If the juvenile has been found not guilty of an offense for which records were previously forwarded to the juvenile's school on the basis of a finding of probable cause, the circuit court may not forward those records to the juvenile's new school. However, this does not affect records related to other prior or future offenses. If the juvenile has graduated or quit school or will otherwise not be attending another school, the circuit court shall retain the juvenile's records and handle them as otherwise provided in this article.

(10) Under no circumstances may one school transmit a juvenile's records to another school.

(11) Under no circumstances may juvenile records be automatically transmitted to a college, university or other post-secondary school.
(12) No one may suffer any penalty, civil or criminal, for accidentally or negligently attributing certain juvenile records to the wrong person. However, that person has the affirmative duty to promptly correct any mistake that he or she has made in disclosing juvenile records when the mistake is brought to his or her attention. A person who intentionally attributes false information to a certain person shall be subjected to both criminal and civil penalties in accordance with subsection (e) of this section.

(13) If a circuit judge or magistrate has determined that there is probable cause to believe that a juvenile has committed an offense but there has been no final adjudication of the charge, the records which are transmitted by the circuit court shall be accompanied by a notice which clearly states in bold print that there has been no determination of delinquency and that our legal system requires a presumption of innocence.

(14) The county superintendent shall designate the school psychologist or psychologists to receive the juvenile's psychological test results and any mental health records. The psychologist designated shall review the juvenile's psychological test results and any mental health records and, in the psychologist's professional judgment, may disclose to the principal of the school that the juvenile attends and other school employees who would have a need to know the psychological test results, mental health records and any behavior that may trigger violence or other disruptive behavior by the juvenile. Other school employees include, but are not limited to, any teacher who teaches a class in which the subject juvenile is enrolled and the regular driver of a school bus in which the subject juvenile is regularly transported to or from school.

(d) Notwithstanding the provisions of subsection (b) of this section, juvenile records may be disclosed, subject to the following terms and conditions:

(3) If a juvenile is fourteen years of age or older and a court has determined there is a probable cause to believe the juvenile committed an offense set forth in subsection (g), section seven hundred ten, article four of this chapter, but the case is not transferred to criminal jurisdiction, the juvenile records are open to public inspection pending trial only if the juvenile is released on bond and no longer detained or adjudicated delinquent of the offense.

(4) If a juvenile is younger than fourteen years of age and a court has determined there is probable cause to believe that the juvenile committed the crime of murder under section one, two or three, article two, chapter sixty-one of this code, or the crime of sexual assault in the first degree under section three, article eight-b of chapter sixty-one, but the case is not transferred to criminal jurisdiction, the juvenile records shall be open to public inspection pending trial only if the juvenile is released on bond and no longer detained or adjudicated delinquent of the offense.

(5) Upon a written petition and pursuant to a written order, the circuit court may permit disclosure of juvenile records to:

(A) A court, in this state or another state, which has juvenile jurisdiction and has the juvenile before it in a juvenile proceeding;

(B) A court, in this state or another state, exercising criminal jurisdiction over the juvenile which requests records for the purpose of a presentence report or disposition proceeding;

for transfer, parole or discharge; or
(E) A person who is conducting research. However, juvenile records may be disclosed for research
purposes only upon the condition that information which would identify the subject juvenile or the
juvenile's family may not be disclosed.

(6) Notwithstanding any other provision of this code, juvenile records shall be disclosed, or copies made
available, to a probation officer upon his or her request. Any probation officer may access relevant
juvenile case information contained in any electronic database maintained by or for the Supreme Court
of Appeals and share it with any other probation officer.

(7) Notwithstanding any other provision of this code, juvenile records shall be disclosed, or copies made
available, in response to any lawfully issued subpoena from a federal court or federal agency.

(e) Any records open to public inspection pursuant to this section are subject to the same requirements
governing the disclosure of adult criminal records.

(f) Any person who willfully violates this section is guilty of a misdemeanor and, upon conviction, shall be
fined not more than $1,000, or confined in jail for not more than six months, or both fined and confined. A
person who violates this section is also liable for damages in the amount of $300 or actual damages,

Introduction

This compilation presents school discipline-related laws and regulations for U.S. states, U.S. territories, and the District of Columbia, and, where available, links to education agency websites or resources related to school discipline and student conduct. The discipline laws and regulations presented in this compilation have been categorized by type of specific discipline issue covered, according to an organizational framework developed by the National Center for Safe and Supportive Learning Environments (NCSSLE). For example, one major category encompasses all laws or regulations governing states or territories that mandate specific disciplinary sanctions (such as suspension) for specific offenses (such as drug possession on school grounds). The school discipline laws and regulations were compiled through exhaustive searches of legislative websites that identified all laws and regulations relevant to each specific category. Compiled materials were subsequently reviewed by state education agency (SEA) representatives in the 50 states, Washington D.C., and the U.S. territories.

Discipline categories were not mutually exclusive. Laws and regulations often appeared across multiple categories. For jurisdictions with more extensive laws covering a breadth of topical areas, relevant sections were excerpted from the larger legislative text for inclusion in the appropriate discipline category. Laws, ordered by chapter and section number, appear first within each category followed by regulations. All laws and regulations listed within categories in the compilation also appear in the sources cited section of the document, which lists laws by chapter and section number and title, and where available, includes active hyperlinks to source websites supported or maintained by state legislatures. Additional links to government websites or resources are provided at the end of this document.

(1) The board may adopt a resolution, which is effective only during the school year in which it is adopted, authorizing any of the following to determine pupil expulsion from school under sub. (2) instead of using the procedure under s. 120.13 (1) (c):

(a) An independent hearing panel appointed by the board.

(b) An independent hearing officer appointed by the board.

(2)(a) During any school year in which a resolution adopted under sub. (1) is effective, the independent hearing officer or independent hearing panel appointed by the board:

1. May expel a pupil from school whenever the hearing officer or panel finds that the pupil engaged in conduct that constitutes grounds for expulsion under s. 120.13 (1) (c) 1. or 2.

2. Shall commence proceedings under par. (b) and expel a pupil from school for not less than one year whenever the hearing officer or panel finds that the pupil engaged in conduct that constitutes grounds for expulsion under s. 120.13 (1) (c) 2m.

Prior to expelling a pupil, the hearing officer or panel shall hold a hearing. Upon request of the pupil and, if the pupil is a minor, the pupil's parent or guardian, the hearing shall be closed. The pupil and, if the pupil is a minor, the pupil's parent or guardian, may be represented at the hearing by counsel. The hearing officer or panel shall keep a full record of the hearing. The hearing officer or panel shall inform each party of the right to a complete record of the proceeding. Upon request, the hearing officer or panel shall direct that a transcript of the record be prepared and that a copy of the transcript be given to the pupil and, if the pupil is a minor, the pupil's parent or guardian. Upon the ordering by the hearing officer or panel of the expulsion of a pupil, the school district shall mail a copy of the order to the board, the pupil and, if the pupil is a minor, the pupil's parent or guardian. A school board, hearing officer or panel may disclose the transcript to the parent or guardian of an adult pupil, if the adult pupil is a dependent of his or her parent or guardian under section 152 of the internal revenue code. Within 30 days after the date on which the order is issued, the board shall review the expulsion order and shall, upon review, approve, reverse or modify the order. The order of the hearing officer or panel shall be enforced while the board reviews the order. The expelled pupil or, if the pupil is a minor, the pupil's parent or guardian may appeal the board's decision to the state superintendent. If the board's decision is appealed to the state superintendent, within 60 days after the date on which the state superintendent receives the appeal, the state superintendent shall review the decision and shall, upon review, approve, reverse or modify the decision. The decision of the board shall be enforced while the state superintendent reviews the decision. An appeal from the decision of the state superintendent may be taken within 30 days to the circuit court for the county in which the school is located.

(c) Not less than 5 days' written notice of the hearing under par. (b) shall be sent to the pupil and, if the pupil is a minor, to the pupil's parent or guardian. The notice shall include all of the information specified in s. 120.13 (1) (e) 4.

b. "Early reinstatement condition" means a condition that a pupil is required to meet before he or she may be granted early reinstatement or a condition that a pupil is required to meet after his or her early reinstatement but before the expiration of the term of expulsion specified in the pupil's expulsion order under par. (b).

2. An independent hearing panel or independent hearing officer appointed by the board may specify one or more early reinstatement conditions in the expulsion order under par. (b) if the early reinstatement conditions are related to the reasons for the pupil's expulsion. Within 15 days after the date on which the expulsion order is issued, the expelled pupil or, if the pupil is a minor, the pupil's parent or guardian may appeal the determination regarding whether an early reinstatement condition specified in the expulsion order is related to the reasons for the pupil's expulsion to the board. The decision of the board regarding that determination is final and not subject to appeal.

3. If the superintendent of schools or his or her designee, who shall be someone other than a principal, administrator or teacher in the pupil's school, determines that a pupil has met the early reinstatement conditions that he or she is required to meet before he or she may be granted early reinstatement, the superintendent of schools or designee may grant the pupil early reinstatement. The determination of the superintendent of schools or designee is final.

4. If a pupil violates an early reinstatement condition that the pupil was required to meet after his or her early reinstatement but before the expiration of the term of expulsion, the superintendent of schools or a principal or teacher designated by the superintendent of schools may revoke the pupil's early reinstatement as provided in s. 120.13 (1) (h) 4.

5. Except as provided in subd. 6., if the pupil's early reinstatement is revoked under subd. 4., the pupil's expulsion shall continue to the expiration of the term specified in the expulsion order unless the pupil or, if the pupil is a minor, the pupil's parent or guardian and the board, independent hearing panel or independent hearing officer agree, in writing, to modify the expulsion order.

6. Within 5 school days after the revocation of a pupil's early reinstatement under subd. 4., the pupil or, if the pupil is a minor, the pupil's parent or guardian may request a conference with the superintendent of schools or his or her designee, who shall be someone other than a principal, administrator or teacher in the pupil's school. If a conference is requested, it shall be held within 5 school days following the request. If, after the conference, the superintendent of schools or his or her designee finds that the pupil did not violate an early reinstatement condition or that the revocation was inappropriate, the pupil shall be reinstated to school under the same reinstatement conditions as in the expulsion order and the early reinstatement revocation shall be expunged from the pupil's record. If the superintendent of schools or his or her designee finds that the pupil violated an early reinstatement condition and that the revocation was appropriate, he or she shall mail separate copies of the decision to the pupil and, if the pupil is a minor, to the pupil's parent or guardian. The decision of the superintendent of schools or his or her designee is final.

(c) 4. or (e) 4. or s. 119.25 (2) (c), for not more than a total of 15 consecutive school days for any of the following reasons:

2m. In subdivision 2. c. and d., conduct that endangers a person or property includes making a threat to the health or safety of a person or making a threat to damage property.

3. Prior to any suspension, the pupil shall be advised of the reason for the proposed suspension. The pupil may be suspended if it is determined that the pupil is guilty of noncompliance with a school board rule or a rule adopted under subd. 1., or of the conduct charged, and that the pupil's suspension is reasonably justified. The parent or guardian of a suspended minor pupil shall be given prompt notice of the suspension and the reason for the suspension.

4. The suspended pupil or the pupil's parent or guardian may, within 5 school days following the commencement of the suspension, have a conference with the school district administrator or his or her designee who shall be someone other than a principal, administrator or teacher in the suspended pupil's school. If the school district administrator or his or her designee finds that the pupil was suspended unfairly or unjustly, or that the suspension was inappropriate, given the nature of the alleged offense, or that the pupil suffered undue consequences or penalties as a result of the suspension, reference to the suspension on the pupil's school record shall be expunged. The administrator, or the administrator's designee, shall make a finding within 15 days of the conference.

5. A pupil suspended under this paragraph shall not be denied the opportunity to take any quarterly, semester or grading period examinations or to complete course work missed during the suspension period, as provided in the attendance policy established under s. 118.16 (4) (a).

(c) 1. The school board may expel a pupil from school whenever it finds the pupil guilty of repeated refusal or neglect to obey the rules, or finds that a pupil knowingly conveyed or caused to be conveyed any threat or false information concerning an attempt or alleged attempt being made or to be made to destroy any school property by means of explosives, or finds that the pupil engaged in conduct while at school or while under the supervision of a school authority which endangered the property, health or safety of others, or finds that a pupil while not at school or while not under the supervision of a school authority engaged in conduct which endangered the property, health or safety of others at school or under the supervision of a school authority or endangered the property, health or safety of any employee or school board member of the school district in which the pupil is enrolled, and is satisfied that the interest of the school demands the pupil's expulsion. In this subdivision, conduct that endangers a person or property includes making a threat to the health or safety of a person or making a threat to damage property.
2. In addition to the grounds for expulsion under subd. 1., the school board may expel from school a pupil who is at least 16 years old if the school board finds that the pupil repeatedly engaged in conduct while at school or while under the supervision of a school authority that disrupted the ability of school authorities to maintain order or an educational atmosphere at school or at an activity supervised by a school authority and that such conduct does not constitute grounds for expulsion under subd. 1., and is satisfied that the interest of the school demands the pupil's expulsion.

2m. The school board shall commence proceedings under subd. 3. and expel a pupil from school for not less than one year whenever it finds that the pupil, while at school or while under the supervision of a school authority, possessed a firearm, as defined in 18 USC 921 (a) (3). Annually, the school board shall report to the department the information specified under 20 USC 8921 (d) (1) and (2). This subdivision does not apply to the possession of a firearm while legally hunting in a school forest if allowed under s. 120.13 (38).

3. Prior to expelling a pupil, the school board shall hold a hearing. Upon request of the pupil and, if the pupil is a minor, the pupil's parent or guardian, the hearing shall be closed. The pupil and, if the pupil is a minor, the pupil's parent or guardian may be represented at the hearing by counsel. The school board shall keep written minutes of the hearing. Upon the ordering by the school board of the expulsion of a pupil, the school district clerk shall mail a copy of the order to the pupil and, if the pupil is a minor, to the pupil's parent or guardian. The expelled pupil or, if the pupil is a minor, the pupil's parent or guardian may appeal the expulsion to the state superintendent. If the school board's decision is appealed to the state superintendent, within 60 days after the date on which the state superintendent receives the appeal, the state superintendent shall review the decision and shall, upon review, approve, reverse or modify the decision. The decision of the school board shall be enforced while the state superintendent reviews the decision. An appeal from the decision of the state superintendent may be taken within 30 days to the circuit court of the county in which the school is located.

1. No school board is required to enroll a pupil during the term of his or her expulsion from another school district. Notwithstanding s. 118.125 (2) and (4), if a pupil who has been expelled from one school district seeks to enroll in another school district during the term of his or her expulsion, upon request the school board of the former school district shall provide the school board of the latter school district with a copy of the expulsion findings and order, a written explanation of the reasons why the pupil was expelled and the length of the term of the expulsion.

2. No school board is required to enroll a pupil during the term of his or her expulsion from a public school in another state if the school board determines the conduct giving rise to the pupil's expulsion would have been grounds for expulsion under par. (c) 1., 2., or 2m.

3. No school board is required to enroll a pupil during the term of his or her expulsion from a charter school established under s. 118.40 (2r) or (2x) if the school board determines the conduct giving rise to the pupil's expulsion would have been grounds for expulsion under par. (c) 1., 2., or 2m. If a pupil who has been expelled from a charter school established under s. 118.40 (2r) or (2x) seeks to enroll in a school district during the term of his or her expulsion, upon request of the pupil or, if the pupil is a minor, the pupil's parent or guardian, the governing body of the charter school shall provide the school board of the school district with a copy of the expulsion findings and order, a written explanation of the reasons why the pupil was expelled, and the term of the expulsion.

(g) The school board may modify the requirement under pars. (c) 2m. and (e) 2. b. on a case-by-case basis.

(h)
1. In this paragraph:

ag. "Conditional enrollment" means enrollment of an expelled pupil in a school district other than the school district or out-of-state public school that expelled the pupil before the expiration of the term of expulsion specified in the pupil's expulsion order issued under par. (c) 3. or (e) 3. or by the out-of-state public school.

am. "Early reinstatement" means the reinstatement to school of an expelled pupil before the expiration of the term of expulsion specified in the pupil's expulsion order under par. (c) 3. or (e) 3.

b. "Early reinstatement condition" means a condition that a pupil is required to meet before he or she may be granted early reinstatement or a condition that a pupil is required to meet after his or her early reinstatement but before the expiration of the term of expulsion specified in the pupil's expulsion order under par. (c) 3. or (e) 3.

c. "Enrollment condition" means a condition that a pupil is required to meet before he or she may be granted conditional enrollment or a condition that a pupil is required to meet after his or her conditional enrollment but before the expiration of the term of expulsion specified in the pupil's expulsion order issued under par. (c) 3. or (e) 3. or by the out-of-state public school.

2. A school board, or an independent hearing panel or independent hearing officer acting under par. (e), may specify one or more early reinstatement conditions in the expulsion order under par. (c) 3. or (e) 3. if the early reinstatement conditions are related to the reasons for the pupil's expulsion. Within 15 days after the date on which an expulsion order is issued by an independent hearing panel or independent hearing officer, the expelled pupil or, if the pupil is a minor, the pupil's parent or guardian may appeal the determination regarding whether an early reinstatement condition specified in the expulsion order is related to the reasons for the pupil's expulsion to the school board. The decision of a school board regarding that determination is final and not subject to appeal.

2m. A school board other than the school board or out-of-state public school that expelled a pupil may specify in a written order one or more enrollment conditions instead of or in addition to the early reinstatement conditions, if any, imposed under subd. 2. by the school board, or independent hearing panel or independent hearing officer acting under par. (e), that expelled the pupil or instead of or in addition to any conditions imposed, if any, by the out-of-state public school that expelled the pupil. Any enrollment conditions established under this subdivision shall relate to the reasons for the pupil's expulsion and may not extend the term of expulsion specified in the expulsion order issued under par. (c) 3. or (e) 3. by the out-of-state public school. The school district clerk of the school district other than the school district from which the pupil was expelled shall mail 2 copies of the order to the pupil or, if the pupil is a minor, to the pupil's parent or guardian. The expelled pupil or, if the pupil is a minor, the pupil's parent or guardian shall sign and return one copy of the order to the school board other than the school board that expelled the pupil. Within 15 days after the date on which the order under this subdivision is issued, the expelled pupil or, if the pupil is a minor, the pupil's parent or guardian may appeal the determination regarding whether an enrollment condition specified in the order is related to the reasons for the pupil's expulsion to the school board that specified the enrollment condition. The decision of the school board under this subdivision regarding that determination is final and not subject to appeal.

3. If the school district administrator or his or her designee, who shall be someone other than a principal, administrator or teacher in the pupil's school, determines that a pupil has met the early reinstatement conditions that he or she is required to meet before he or she may be granted early reinstatement, the school district administrator or designee may grant the pupil early reinstatement. The determination of the school district administrator or designee is final.
3m. If the school district administrator, or his or her designee, of a school district other than the school district or out-of-state public school from which a pupil was expelled determines that the pupil has met the enrollment conditions established in a written order under subd. 2m., the school district administrator or designee may grant the pupil conditional enrollment in a school in the school district. The determination of the school district administrator or designee under this subdivision is final.

4. If a pupil granted early reinstatement under subd. 3. violates an early reinstatement condition that the pupil was required to meet after his or her early reinstatement but before the expiration of the term of expulsion, the school district administrator or a principal or teacher designated by the school district administrator may revoke the pupil's early reinstatement. Before revoking the pupil's early reinstatement, the school district administrator or his or her designee shall advise the pupil of the reason for the proposed revocation, including the early reinstatement condition alleged to have been violated, provide the pupil an opportunity to present his or her explanation of the alleged violation, and make a determination that the pupil violated the early reinstatement condition and that revocation of the pupil's early reinstatement is appropriate. If the school district administrator or designee revokes the pupil's early reinstatement, the school district administrator or designee shall give prompt written notice of the revocation and the reason for the revocation, including the early reinstatement condition violated, to the pupil and, if the pupil is a minor, to the pupil's parent or guardian.

4m. If a pupil granted conditional enrollment under subd. 3m. violates an enrollment condition that the pupil was required to meet after his or her conditional enrollment but before the expiration of the term of expulsion, the school district administrator of the school district in which the pupil is enrolled, or a principal or teacher designated by the school district administrator, may revoke the pupil's conditional enrollment. Before revoking the pupil's conditional enrollment, the school district administrator or his or her designee shall advise the pupil of the reason for the proposed revocation, including the enrollment condition alleged to have been violated, provide the pupil an opportunity to present his or her explanation of the alleged violation, and make a determination that the pupil violated the enrollment condition and that revocation of the pupil's conditional enrollment is appropriate. If the school district administrator or designee revokes the pupil's conditional enrollment, the school district administrator or designee shall give prompt written notice of the revocation and the reason for the revocation, including the enrollment condition violated, to the pupil and, if the pupil is a minor, to the pupil's parent or guardian.

5. Except as provided in subd. 6., if a pupil's early reinstatement is revoked under subd. 4., the pupil's expulsion shall continue to the expiration of the term of the expulsion specified in the expulsion order unless the pupil or, if the pupil is a minor, the pupil's parent or guardian and the school board, independent hearing panel or independent hearing officer agree, in writing, to modify the expulsion order.

5m. Except as provided in subd. 6m., if a pupil's conditional enrollment is revoked under subd. 4m., the pupil's expulsion shall continue to the expiration of the term of the expulsion specified in the expulsion order unless the pupil or, if the pupil is a minor, the pupil's parent or guardian and the school board that expelled the pupil, or the independent hearing panel or independent hearing officer, or the out-of-state public school, agree, in writing, to modify the expulsion order.

6. Within 5 school days after the revocation of a pupil's early reinstatement under subd. 4., the pupil or, if the pupil is a minor, the pupil's parent or guardian may request a conference with the school district administrator or his or her designee, who shall be someone other than a principal, administrator or teacher in the pupil's school. If a conference is requested, it shall be held within 5 school days following the request. If, after the conference, the school district administrator or his or
her designee finds that the pupil did not violate an early reinstatement condition or that the revocation was inappropriate, the pupil shall be reinstated to school under the same reinstatement conditions as in the expulsion order and the early reinstatement revocation shall be expunged from the pupil's record. If the school district administrator or his or her designee finds that the pupil violated an early reinstatement condition and that the revocation was appropriate, he or she shall mail separate copies of the decision to the pupil and, if the pupil is a minor, to the pupil's parent or guardian. The decision of the school district administrator or his or her designee is final.

6m. Within 5 school days after the revocation of a pupil's conditional enrollment under subd. 4m., the pupil or, if the pupil is a minor, the pupil's parent or guardian may request a conference with the administrator of the school district in which the pupil is enrolled, or his or her designee, who shall be someone other than a principal, administrator, or teacher in the pupil's school. If a conference is requested, it shall be held within 5 school days following the request. If, after the conference, the school district administrator or his or her designee finds that the pupil did not violate an enrollment condition or that the revocation was inappropriate, the pupil shall be enrolled in school under the same enrollment conditions as in the order issued under subd. 2m. and the conditional enrollment revocation shall be expunged from the pupil's record. If the school district administrator or his or her designee finds that the pupil violated an enrollment condition and that the revocation was appropriate, he or she shall mail separate copies of the decision to the pupil and, if the pupil is a minor, to the pupil's parent or guardian. The decision of the school district administrator or his or her designee is final.

The state superintendent shall do all of the following:

(a) Notify the school board of the receipt of the complaint and direct the school board to submit, if applicable, any of the information under sub. (1m) (a).

(b) Except as provided in sub. (1m), refer the complaint to the division of hearings and appeals for a contested case hearing. The division of hearings and appeals shall schedule a hearing on the referred complaint with reasonable promptness.

(1m)

(a) The state superintendent may determine that no contested case hearing is necessary if, no later than 10 days after being notified of the receipt of the complaint, the school board submits evidence to the state superintendent that demonstrates all of the following:

2. A federally recognized American Indian tribe that has historical ties to this state has entered into an agreement with the school board under which the tribe grants approval to the school board to refer to, depict, or portray the tribe or American Indians, in general, in a specific nickname, logo, or mascot or to use the name of the tribe or American Indians, in general, as a team name in the specific manner used by the school board.

3. The use of the nickname, logo, mascot, or team name that has been approved by a tribe under subd. 2. is the use to which the school district resident objects in the complaint filed under sub. (1).

name promotes discrimination, pupil harassment, or stereotyping, as defined by the state superintendent by rule.

(3)

(a) The division of hearings and appeals shall issue a decision and order within 45 days after the hearing. If the division of hearings and appeals finds that the use of the race-based nickname, logo, mascot, or team name does not promote discrimination, pupil harassment, or stereotyping, the division of hearings and appeals shall dismiss the complaint. Except as provided in pars. (b) and (d), if the division of hearings and appeals finds that the use of the race-based nickname, logo, mascot, or team name promotes discrimination, pupil harassment, or stereotyping, the division of hearings and appeals shall order the school board to terminate its use of the race-based nickname, logo, mascot, or team name within 12 months after issuance of the order.

(b)

(a) pose an undue financial burden on the school district and circumstances in which the work or the requirements for bidding a contract to complete the work required to bring the school district into compliance with the order issued under par. (a) cannot be completed within 12 months after the issuance of the order.

2.

a. If, at the hearing under sub. (2) or after a decision and order have been issued under par. (a), the school board presents evidence to the division of hearings and appeals that extenuating circumstances render full compliance with the decision and order within 12 months after the issuance of that decision and order impossible or impracticable, the division of hearings and appeals may issue an order to extend the time within which the school board must terminate its use of the race-based nickname, logo, mascot, or team name. Except as provided in subd. 2. b., the extension may not exceed 24 months and shall apply only to those portions of the decision and order to which extenuating circumstances apply.

b. The division of hearings and appeals may extend the time granted to a school board under subd. 2. a. if the school board presents evidence to the division of hearings and appeals that compliance with a portion of the decision and order issued under par. (a) may be accomplished through a regularly scheduled maintenance program and that the cost of compliance with that portion of the decision and order exceeds $5,000. The extension granted under this subd. 2. b. may not exceed 96 months and applies only to that portion of the decision and order with which compliance will be accomplished through the regularly scheduled maintenance program and that costs more than $5,000.

(c) Decisions under this subsection are subject to judicial review under ch. 227. The venue for a proceeding to review a decision under this section is the circuit court in any county in which territory of the school district is located.

is race-based unless the use of the nickname, logo, mascot, or team name violates a decision and order issued under sub. (3) on or after December 21, 2013.

(4)

(a) Except as provided in par. (b), the state superintendent shall promulgate rules necessary to implement and administer this section.

(b) The state superintendent may not promulgate a rule that creates a presumption that a nickname, logo, mascot, or team name is race-based or promotes discrimination, pupil harassment, or stereotyping.

(5) Any school board that uses a race-based nickname, logo, mascot, or team name in violation of sub. (3) shall forfeit not less than $100 nor more than $1,000. Each day of use of the race-based nickname, logo, mascot, or team name in violation of sub. (3) constitutes a separate violation. (4)(cm)

1. The school board may establish policies which provide that a pupil of an age eligible for high school enrollment in the school district, as determined by the school board, may be assigned to a period of assessment as a consequence of the pupil's truancy or upon the pupil's return to school from placement in a correctional facility, mental health treatment facility, alcohol and other drug abuse treatment facility or other out-of-school placement. The policies shall specify the conditions under which a pupil may participate in the assessment without being in violation of s. 118.15 and the maximum length of time that a pupil may be assigned to an assessment period.

2. A school board may not assign a pupil to an assessment period without the written approval of the pupil's parent or guardian. A school board may not assign a pupil to an assessment period for longer
than the time necessary to complete the assessment and place the pupil in an appropriate education
program or 8 weeks, whichever is less. A school board may not assign a pupil to an assessment
period more than once and may not assign a pupil to an assessment period if the school district has
an alternative education program, as defined in s. 115.28 (7) (e) 1., available for the pupil that is
appropriate for the pupil's needs. An assessment need not be conducted during the regular school
day.

3. The goals of an assessment period are to develop an educational plan for the pupil, implement an
appropriate transitional plan and facilitate the pupil's placement in an education program in which the
pupil will be able to succeed. The school board shall provide pupils who are assigned to an
assessment period with information on other education programs that the school district or other
community providers have available for the pupil. The assessment may include any of the following

centers for the counseling of children who are taken into custody under s. 938.19 (1) (d) 10. for being
absent from school without an acceptable excuse under s. 118.15.

(5) Except as provided in sub. (5m), before any proceeding may be brought against a child under s.
938.13 (6) for habitual truancy or under s. 938.125 (2) or 938.17 (2) for a violation of an ordinance
enacted under s. 118.163 (2) or against the child's parent or guardian under s. 118.15 for failure to cause
the child to attend school regularly, the school attendance officer shall provide evidence that appropriate
school personnel in the school or school district in which the child is enrolled have, within the school year
during which the truancy occurred, done all of the following:

(a) Met with the child's parent or guardian to discuss the child's truancy or attempted to meet with the
child's parent or guardian and received no response or were refused.

(b) Provided an opportunity for educational counseling to the child to determine whether a change in the
child's curriculum would resolve the child's truancy and have considered curriculum modifications under
s. 118.15 (1) (d).

(c) Evaluated the child to determine whether learning problems may be a cause of the child's truancy
and, if so, have taken steps to overcome the learning problems, except that the child need not be
evaluated if tests administered to the child within the previous year indicate that the child is performing
at his or her grade level.

(d) Conducted an evaluation to determine whether social problems may be a cause of the child's
truancy and, if so, have taken appropriate action or made appropriate referrals.

(5m) Subsection (5) (a) does not apply if a meeting under sub. (2) (cg) 3. is not held within 10 school days
after the date that the notice under sub. (2) (cg) is sent. Subsection (5) (b), (c) and (d) does not apply if
the school attendance officer provides evidence that appropriate school personnel were unable to carry
out the activity due to the child's absences from school.
118.163. Municipal truancy and school dropout ordinances.

(2) A county, city, village or town may enact an ordinance prohibiting a person under 18 years of age from being a habitual truant. The ordinance shall provide which of the following dispositions are available to the court:

(b) An order for the person to participate in counseling or a supervised work program or other community service work as described in s. 938.34 (5g). The costs of any such counseling, supervised work program or other community service work may be assessed against the person, the parents or guardian of the person, or both. Any county department of human services or social services, community agency, public agency or nonprofit charitable organization administering a supervised work program or other community service work to which a person is assigned pursuant to an order under this paragraph acting in good faith has immunity from any civil liability in excess of $25,000 for any act or omission by or impacting on that person.

(d) An order for the person to attend an educational program as described in s. 938.34 (7d).

The victim-witness coordinator may also use the information to disclose the name and address of the juvenile and the juvenile's parents to the victim of the juvenile's act.

7. If a juvenile has been ordered to make restitution for any injury, loss or damage caused by the juvenile and if the juvenile has failed to make that restitution within one year after the entry of the order, the insurer of the victim, as defined in s. 938.02 (20m) (a) 1., may request a law enforcement agency to disclose to the insurer any information in its records relating to the injury, loss or damage suffered by the victim, including the name and address of the juvenile and the juvenile's parents, and the law enforcement agency may, subject to official agency policy, disclose to the victim's insurer that...

The law enforcement agency or fire investigator may use the pupil records only for the purpose of the investigation and may make the pupil records available only to employees of the law enforcement agency or fire investigator who are working on the investigation.

(1j) Law enforcement records, court-ordered disclosure.

(a) Any person who is denied access to a record under sub. (1) (a) or (10) may petition the court to order the disclosure of the record. The petition shall be in writing and shall describe as specifically as possible all of the following:

1. The type of information sought.
2. The reason the information is being sought.
3. The basis for the petitioner's belief that the information is contained in the records.
4. The relevance of the information sought to the petitioner's reason for seeking the information.
5. The petitioner's efforts to obtain the information from other sources.

(b) Subject to par. (bm), the court, on receipt of a petition, shall notify the juvenile, the juvenile's counsel, the juvenile's parents, and appropriate law enforcement agencies in writing of the petition. If any person notified objects to the disclosure, the court may hold a hearing to take evidence relating to the petitioner's need for the disclosure.

(bm) If the petitioner is seeking access to a record under sub. (1) (c) 3., the court shall, without notice or hearing, make the inspection and determinations specified in par. (c) and, if the court determines that disclosure is warranted, shall order disclosure under par. (d). The petitioner shall provide a copy of the disclosure order to the law enforcement agency that denied access to the record, the juvenile, the juvenile's counsel, and the juvenile's parents. Any of those persons may obtain a hearing on the court's determinations by filing a motion to set aside the disclosure order within 10 days after receipt of the order. If no motion is filed within those 10 days or if, after hearing, the court determines that no good cause has been shown for setting aside the order, the law enforcement agency shall disclose the juvenile's record as ordered.

(c) The court shall make an inspection, which may be in camera, of the juvenile's records. If the court determines that the information sought is for good cause and that it cannot be obtained with reasonable effort from other sources, it shall then determine whether the petitioner's need for the information outweighs society's interest in protecting its confidentiality. In making this determination, the court shall balance the following private and societal interests:
1. The petitioner's interest in recovering for the injury, damage or loss he or she has suffered against the juvenile's interest in rehabilitation and in avoiding the stigma that might result from disclosure.

2. The public's interest in the redress of private wrongs through private litigation against the public's interest in protecting the integrity of the juvenile justice system.

3. If the petitioner is a person who was denied access to a record under sub. (1) (c) 3., the petitioner's legitimate educational interests, including safety interests, in the information against society's interest in protecting its confidentiality.

(d) If the court determines that disclosure is warranted, it shall order the disclosure of only as much information as is necessary to meet the petitioner's need for the information.

(e) The court shall record the reasons for its decision to disclose or not to disclose the juvenile's records. All records related to a decision under this subsection are confidential.

district or the governing body of the private school or tribal school in which the juvenile is enrolled or

A school board may not use any information from a juvenile's court records as the sole basis for expelling or suspending a juvenile or as the sole basis for taking any other disciplinary action against a juvenile, but may use information from a juvenile's court records as the sole basis for taking action against a juvenile under the school district's athletic code. A member of a school board or of the governing body of a private school or tribal school or an employee of a school district, private school, or tribal school may not be held personally liable for any damages caused by the nondisclosure of any information specified in this subdivision unless the member or employee acted with actual malice in failing to disclose the information. A school district, private school, or tribal school may not be held liable for any damages caused by the nondisclosure of any information specified in this subdivision unless the school district, private school, or tribal school or its agent acted with gross negligence or with reckless, wanton, or intentional misconduct in failing to disclose the information.

**PI 23.04. ESEA intradistrict safe school transfer options.**
The school board of a school shall allow a pupil to attend another appropriate grade level public school operated by the school district, including a public charter school, if either of the following applies to the pupil:
(1) The pupil attends a school identified as persistently dangerous by the department under s. PI 23.05 (1).

(2) The pupil has been a victim of a violent criminal offense as specified under s. PI 23.06.

**PI 23.05. Persistently dangerous schools.**

(1) The department shall identify persistently dangerous schools using data collected through the school performance report under s. 115.38 (1) (b) 2., Stats., and upon review of information submitted under sub. (3). If the department determines the school is persistently dangerous, it shall notify the school board of the school in writing within 30 days of receiving the information under sub. (3). The department's decision under this section shall be final.

[Note: The department's decision is final but does not preclude possible review under subch. III of ch. 227, Stats.]

(2) A school may be considered persistently dangerous if the school performance reports under s. 115.38 (1) (b) 2., Stats., indicates that the school meets one of the following criteria:

(a) In each of the 3 school years that immediately precede the current school year, weapon-related suspensions at the school in a school year are greater than 5% of the number of pupils enrolled in the school.

(b) In each of the 3 school years that immediately precede the current school year, the greater of either of the following occurred:

1. The school board of the school expelled in a school year at least 1% of the pupils enrolled in the school for assault, endangering behavior or weapons-related offenses.

2. The school board of the school expelled in a school year 5 or more pupils enrolled in the school for assault, endangering behavior or weapons-related offenses.

(3) The department shall notify in writing the school board of the school that meets the criteria under sub. (2) that the school may be considered persistently dangerous. The notice under this subsection shall be given within 30 days after receiving the data under s. 115.38 (1) (b) 2., Stats. A school board that receives a notice under this subsection shall submit all of the following information to the department within 30 days of receiving the notice:

(a) The school's safety plan.

(b) Local efforts to address the school's safety concerns.

(c) Current data the school may have available that is deemed relevant by the school board that is not reflected in the school performance report.

(d) Other information deemed relevant by the department, upon the department's request.

(4) A school board that has received a notice under sub. (1) shall do all of the following:

(a) Within 10 working days of receiving the notice under sub. (1), notify in writing the parents or guardians of the pupils attending the school that it has been identified as persistently dangerous. The notice shall include an offer to pupils attending the school to transfer to another appropriate grade level public school operated by the school district, including a public charter school.

(b) Within 30 working days of receiving the notice under sub. (1), complete the transfer for those pupils who accept the offer under par. (a).

(c) Within 30 working days of receiving the notice under sub. (1), submit a corrective action plan to the department. Corrective action activities may include, but are not limited to, any of the following:

1. Providing additional personnel to supervise children.

2. Providing conflict resolution instructional programs.
3. Collaborating with local law enforcement agencies.
4. Providing school discipline enforcement training for school staff.
5. Providing additional security measures.

(5) If a school has been identified as persistently dangerous under sub. (1) in the previous school year, the department shall review the school's performance report data within 30 days after receiving the data under s. 115.38 (1) (b) 2., Stats., and shall request updated information under sub. (3) within 30 days of receiving this updated information. The department shall notify the school that it is no longer considered persistently dangerous if it meets both of the following criteria:

(a) The school no longer meets the criteria specified under sub. (2).
(b) The department has determined the school is no longer persistently dangerous based on a review of updated information submitted under sub. (3).

PI 23.06. Victims of a violent criminal offense.

(1) A pupil may transfer to another appropriate grade level public school operated by the school district if he or she has been a victim of a violent criminal offense under either of the following circumstances and reports the incident to the appropriate law enforcement agency and to the building principal:

(a) The pupil has been a victim of a violent criminal offense while on the school grounds of the school that the pupil attends during school hours or during a school-sponsored event at the school that the pupil attends that does not occur during school hours.
(b) The pupil has been a victim of a violent criminal offense while being transported to school for the purpose of attending curricular programs during school hours or from school to home immediately following school hours on a school bus owned, leased, or contracted by the school district or by a motor vehicle operated as an alternative method of transportation under s. 121.555, Stats. For a pupil who has been a victim of a violent criminal offense while being transported to or from a school by a common carrier in a school district providing transportation under s. 121.54 (1), Stats., transfer decisions under this section shall be made by the school board or the school board's designee on a case-by-case basis.

[Note: The department also encourages school boards and the community to promote safe pedestrian pathways for pupils walking to school for the purpose of attending curricular programs during school hours or from school to home immediately following school hours.]

(2) A school board or the school board's designee that has a pupil who meets the provisions under sub. (1) shall do all of the following:

(a) Within 10 working days of the incident being reported under sub. (1), do all of the following:
   1. Determine, in consultation with law enforcement officers if necessary, if the incident is a violent criminal offense.
   2. Notify in writing the parents or guardians of the pupil of the choice to transfer to another appropriate grade level public school operated by the school district, including a public charter school if the incident is determined to be a violent criminal offense.
(b) Within 30 working days of the pupil accepting the offer under par. (a) 2., complete the transfer.

(3) A school board does not have to allow a pupil under sub. (1) to transfer to another school if the pupil was a victim of a violent criminal offense under any of the following circumstances:

(a) While away from the school he or she attends but during a school sponsored activity or field trip.
(b) While traveling on the school bus to or from a school-sponsored activity or field trip.
(c) While on school grounds of the school he or she attends but not during school hours or during a school-sponsored event.
Note: Federal law does not require a criminal conviction to qualify a pupil as a victim, 20 USC 7912. Accordingly, the determination by the school board or its designee about whether a violent criminal offense has been committed under the statutory definitions found within Wisconsin's criminal code is not an adjudication of the elements of a crime, as found under Wisconsin law, but rather a determination by the school board or its designee about the nature of the alleged conduct at issue. This determination by the school board or its designee will be based upon the reports it receives from law enforcement and other school authorities, including the building principal.

Note: The transfer provision in this chapter only applies if the district has another appropriate grade level public school, including a public charter school. However, the U. S. Department of Education's Guidance encourages, but does not require, school districts to explore other appropriate options such as an agreement with a neighboring school district to accept transfer pupils if there is not another school in the school district for the transferring pupils.

Compilation of School Discipline Laws and Regulations

Prepared: January 26, 2018
Introduction

This compilation presents school discipline-related laws and regulations for U.S. states, U.S. territories, and the District of Columbia, and, where available, links to education agency websites or resources related to school discipline and student conduct. The discipline laws and regulations presented in this compilation have been categorized by type of specific discipline issue covered, according to an organizational framework developed by the National Center for Safe and Supportive Learning Environments (NCSSLE). For example, one major category encompasses all laws or regulations governing states or territories that mandate specific disciplinary sanctions (such as suspension) for specific offenses (such as drug possession on school grounds). The school discipline laws and regulations were compiled through exhaustive searches of legislative websites that identified all laws and regulations relevant to each specific category. Compiled materials were subsequently reviewed by state education agency (SEA) representatives in the 50 states, Washington D.C., and the U.S. territories.

Discipline categories were not mutually exclusive. Laws and regulations often appeared across multiple categories. For jurisdictions with more extensive laws covering a breadth of topical areas, relevant sections were excerpted from the larger legislative text for inclusion in the appropriate discipline category. Laws, ordered by chapter and section number, appear first within each category followed by regulations. All laws and regulations listed within categories in the compilation also appear in the sources cited section of the document, which lists laws by chapter and section number and title, and where available, includes active hyperlinks to source websites supported or maintained by state legislatures. Additional links to government websites or resources are provided at the end of this document.

Notes & Disclaimers

To the best of the preparer’s knowledge, this Compilation of School Discipline Laws and Regulations is complete and current as of January 2018. Readers should also note that the information in this document was compiled from individual sources that are created by each jurisdiction and which are maintained and updated with varying frequencies. Readers should consult the source information provided directly in order to check for updates to laws and regulations reported in this document or to conduct further research.

Administrative procedures related to suspensions and expulsion

LAWS

§ 21-4-305. Suspension or expulsion; authority; procedure.

(a) The board of trustees of any school district may delegate authority to disciplinarians chosen from the administrative and supervisory staff to suspend any student from school for a period not to exceed ten (10) school days. In addition, the board of trustees shall, subject to the case-by-case modification permitted by this subsection, require the district superintendent to expel from school for a period of one (1) year any student determined to possess, use, transfer, carry or sell a deadly weapon as defined under W.S. 6-1-104(a)(iv) within any school bus as defined by W.S. 31-7-102(a)(xl) or within the boundaries of real property used by the district primarily for the education of students in grades kindergarten through twelve (12). The superintendent with the approval of the board of trustees may modify the period of expulsion on a case-by-case basis based upon the circumstances of the violation. Upon a violation of this subsection and following notice and hearing requirements of this section, the superintendent shall notify the district attorney of the violation together with the specific act in violation of this subsection and the name of the student violating this subsection. Nothing in this subsection prohibits a district from providing educational services to the expelled student in an alternative setting.

(b) The disciplinarian shall give the student to be suspended oral or written notice of the charges against him and an explanation of the evidence the authorities have. The disciplinarian shall give the student an opportunity to be heard and to present his version of the charges against him. No student shall be removed from school without such notice and opportunity to be heard, except as provided by subsection (c) of this section.

(c) The disciplinarian shall give the student to be suspended the opportunity to be heard as soon as practicable after the misconduct, unless the student's presence endangers persons or property, or threatens disruption of the academic process, in which case his immediate removal from school may be justified, but the opportunity to be heard shall follow as soon as practicable, and not later than seventy-two (72) hours after his removal, not counting Saturdays and Sundays. Written notice of suspension shall
be sent to the student's parents, guardians or custodians within twenty-four (24) hours of the decision to conduct them.

(d) The board of trustees of any school district or the superintendent if designated, may suspend a student for a period exceeding ten (10) school days or may expel a student for a period not to exceed one (1) year, provided the student is afforded an opportunity for a hearing in accordance with the procedures of the Wyoming Administrative Procedure Act.

(e) Suspension or expulsion shall not be imposed as an additional punishment for offenses punishable under the laws of the state, except for expulsion by a district superintendent under subsection (a) of this section, or where the offense was committed at a school function, against the property of the school, or is of such nature that continuation of the child in school would clearly be detrimental to the education, welfare, safety or morals of other pupils. No suspension or expulsion shall be for longer than one (1) year.

(f) Any decision of the board, or of a designated superintendent, shall be considered a final decision which may be appealed to the district court of the county in which the school district is located, pursuant to provisions of the Wyoming Administrative Procedure Act. The court may, on application or on its own motion, stay the decision of the board or superintendent pending appeal, considering both the best interests of the child and the need to maintain an orderly environment conducive to learning for other children.

REGULATIONS

Chapter 042. §1. Authority.
The Wyoming rules are authorized by W.S. § 21-2-202(a)(xxxii) and W.S. § 21-3-110(a)(xxxi). These rules govern and regulate the use of seclusion and restraint with students in public school districts providing education to children ages five (5) through the completion of the school year in which the child turns twenty-one (21) pursuant to Wyoming law.

Chapter 042. §2. Scope.
(a) All provisions W.S. § 21-2-202(a)(xxxii) and W.S. § 21-3-110(a)(xxxi), including any subsequent amendments or revisions of the law and/or rules, apply to every school district as defined in W.S. §§ 21-3-102 through 21-3-104.
(b) Wyoming statute requires the State Superintendent of Public Instruction to ensure the requirements of law, regulation, rule, and educational standards are met in all education programs administered, approved, and/or accredited by the state. Pursuant to W.S. § 21-2-202(a), the State Superintendent shall review the policy of each school district for compliance with the state statute governing Seclusion and Restraint in Schools, and approve those policies only after a determination that compliance has been achieved.

(c) To the extent that these rules governing Seclusion and Restraint in Schools overlap with other state or federal rules or regulations, compliance with the regulation or rule offering greater student protection shall be deemed compliance with this rule. To the extent that these rules governing Seclusion and Restraint in Schools exceed the requirements of other state or federal rules or regulations, school districts must comply with the requirements of this rule. In the event of conflict with another state agency's rules or federal rules or regulations, school districts must ensure compliance with this rule.

Chapter 042. §3. Purpose.
Schools should ensure that students are treated with respect and dignity in an environment that provides for the physical safety and security of students and staff. Each student has a right to be free from seclusion or restraint used as a means of coercion, punishment, convenience, or retaliation. Seclusion and restraint are not instructional tools for the development of prosocial behavior. Proactive and preventative behavioral interventions should be initiated and ongoing to diffuse disruptive and volatile situations.

Chapter 042. §4. Applicability; No Civil Liability Created; Immunity.
(a) This rule shall not be interpreted to prevent a party from seeking redress pursuant to any other applicable civil or criminal law. This rule does not create or alter any civil cause of action for monetary damages against any person or school district nor shall it constitute grounds for any claim or motion raised by either the state or defendant in any proceedings, except that the defense of immunity shall be retained and may be asserted in any action arising under this rule.

Chapter 042. §5. Promulgation, Amendment, or Repeal of Rules.
Any amendments to these rules shall become effective as provided by the Wyoming Administrative Procedure Act (W.S. §§ 16-3-101 through 16-3-115).

Chapter 042. §6. Definitions.

(d) "Behavior Intervention" is a systematic implementation of procedures developed in conjunction with the parent intended to result in lasting positive changes in a student's behavior. Interventions may include positive strategies, program or curricular modifications, and aids and supports required to address the disruptive behaviors.

(e) "Emergency" means a situation constituting an imminent risk to health or safety.
(f) "Escort" includes guiding a student by touching his/her back, arm, or hand, or holding the student's arm or hand to escort the student safely from one area to another as long as the student is not refusing to comply with the escort. The term does not include the use of coercion or force to move a student from one location to another.

(g) "Evidence-Based Training Program" includes programs that are externally developed and have a record of successful implementation in a variety of settings, that at a minimum, emphasize training in de-escalation procedures, the specific techniques used in safe restraint ranging from the least to most restrictive, and the specific techniques to encourage the safe reentry of the student back in to the educational environment.

(h) "Imminent Risk" means an immediate and impending threat of a person causing substantial physical injury to self or others.

(i) "Isolating" means visually, auditorally, or physically separating a student from the learning environment, school activity, or peers.

(j) "Prohibited Practices" means that certain activities or objects are prohibited from being utilized with students under any circumstances. Prohibited elements include:

   (ii) "Locked Seclusion" means a seclusion room with a locking device that is engaged by leverage of an inanimate object, key, or other mechanism to keep the door closed without constant human contact. The term does not include a securing mechanism requiring constant human contact, which upon release immediately permits the door to be opened from the inside.

   (iii) "Mechanical Restraints" include devices or equipment designed or utilized to restrict the free movement of all or a portion of a student's body. The term does not include assistive or protective devices or equipment prescribed by an appropriately trained professional or professional team that are used for the specific and approved purposes for which such devices or equipment were designed and prescribed.

   (iv) "Prone Restraints" include holding a student in a face down position or in any position that will:
      (A) Obstruct a student's airway or otherwise impair the ability to breathe;
      (B) Obstruct a staff member's view of a student's face;
      (C) Restrict a student's ability to communicate distress;
      (D) Place pressure on a student's head, neck, or torso; or
      (E) Straddle a student's torso.

   (k) "Restraint" means the use of physical force, with or without the use of any device or material, to restrict the free movement of all or a portion of a student's body. Restraint does not include comforting or calming a student, holding the hand or arm of a student to escort the student if the student is complying, intervening in a fight or using an assistive or protective device prescribed by an appropriately trained professional or professional team. The term does not encompass any of the prohibited practices described in this rule.

   (l) "School" includes a school district as defined in W.S. §§ 21-3-102 through 21-3-104.

   (n) "Seclusion" means removing a student from a classroom or other school activity and isolating the student in a separate area. Seclusion occurs when a student is placed in a room or location by school personnel, purposefully separated from peers, and prevented from leaving that location. Separation in an area where the student is prevented from leaving is always considered seclusion. There are two distinct
categories: i) Seclusion from the Learning Environment, and ii) Isolation Room. The term does not include a student requested break or in-school-suspension, detention or other appropriate disciplinary measure.

(i) "Seclusion from the Learning Environment" means visually or auditorily isolating the student from the classroom or other school activity, away from peers in an area that obstructs the student's ability to participate in regular classroom or school activities. The student is prevented from rejoining the learning environment or school activity until directed by staff.

(ii) "Isolation Room" means purposefully placing the student in an enclosed room built in compliance with all relevant health and safety codes. The student is not released from the Isolation Room and permitted to rejoin the learning environment or school activity until directed by staff. An Isolation Room is not the same as locked seclusion, which is a prohibited practice.

(o) "Time-out" means providing the student with a brief opportunity to regain self-control in a setting that does not physically remove the student from peers or the learning environment, and the student is not physically prevented from leaving the time-out area. The use of time-out without seclusion is not regulated by these rules.

   (B) Schools shall not utilize aversive interventions, mechanical restraints, or prone restraints at any time.

   (C) Restraint shall be utilized for the minimum amount of time necessary to permit the student to regain control and for staff to restore safety.

   (D) Schools must develop restraint duration guidelines including a release strategy based on the student's ability to regain control and staff's ability to reestablish safety.

LAWS

§ 21-4-101. Definitions.
(a) For the purposes of this article:
   (i) "Unexcused absence" means the absence, as defined in the policies of the local board of trustees, of any child required by this article to attend school when such absence is not excused to the satisfaction of the board of trustees by the parent, guardian, or other person having control of such child;
   (ii) "Habitual truant” means any child with five (5) or more unexcused absences in any one (1) school year;
   (iii) "Private school” is any nonpublic, elementary or secondary school providing a basic academic educational program for children and may include parochial and church or religious schools and home-based educational programs;
(iv) "Parochial, church or religious school" is one operated under the auspices or control of a local church or religious congregation or a denomination established to promote and promulgate the commonly held religious doctrines of the group though it may also include basic academic subjects in its curriculum. Nothing contained in W.S. 21-4-102(b), 21-2-401 or 21-2-406 grants to the state of Wyoming or any of its officers, agencies or subdivisions any right or authority to control, manage, supervise or make any suggestions as to the control, management or supervision of any parochial, church or religious school which meets the requirements of W.S. 21-2-406(a);

(v) A home-based educational program means a program of educational instruction provided to a child by the child's parent or legal guardian or by a person designated by the parent or legal guardian. An instructional program provided to more than one (1) family unit does not constitute a home-based educational program;

(vi) "Basic academic educational program" is one that provides a sequentially progressive curriculum of fundamental instruction in reading, writing, mathematics, civics, history, literature and science. These curriculum requirements do not require any private school or home-based educational program to include in its curriculum any concept, topic or practice in conflict with its religious doctrines or to exclude from its curriculum any concept, topic or practice consistent with its religious doctrines.

§ 21-4-102. When attendance required; exemptions; withdrawal.

(a) Every parent, guardian or other person having control or charge of any child who is a resident of this state and whose seventh birthday falls on or before September 15 of any year and who has not yet attained his sixteenth birthday or completed the tenth grade shall be required to send such child to, and such child shall be required to attend, a public or private school each year, during the entire time that the public schools shall be in session in the district in which the pupil resides; provided, that the board of trustees of each school district may exempt any child from the operation of this article when:

(i) The board believes that compulsory attendance in school would be detrimental to the mental or physical health of such child or the other children in the school; provided, the board may designate at the expense of the district a medical doctor of its choice to guide it and support it in its decision;

(ii) The board feels that compulsory school attendance might work undue hardship. The board may conduct a hearing on issues pursuant to this paragraph by executive session; or

(iii) The child has been legally excluded from the regular schools pursuant to the provisions of W.S. 21-4-306.

(b) A home-based educational program shall meet the requirements of a basic academic educational program pursuant to W.S. 21-4-101(a)(vi). It shall be the responsibility of every person administering a home-based educational program to submit a curriculum to the local board of trustees each year showing that the program complies with the requirements of this subsection. Failure to submit a curriculum showing compliance is prima facie evidence that the home-based educational program does not meet the requirements of this article.

(c) In addition to subsection (a) of this section, the parent, guardian or other person having control or charge of any child under the age of eighteen (18), who has not otherwise notified the district of enrolling that child in a different school district or in a private school or home-based educational program, shall meet in person with a school district counselor or administrator to provide the school district with written consent to the withdrawal of that child from school attendance.

§ 21-4-105. Penalty for failure of parent, guardian or custodian to comply with article.

Any parent, guardian or custodian of any child to whom this article applies who willfully fails, neglects, or refuses to comply with the provisions of this article shall be guilty of a misdemeanor and shall be

District of Columbia
Compilation of School Discipline Laws and Regulations

Prepared: January 26, 2018
Introduction
This compilation presents school discipline-related laws and regulations for U.S. states, U.S. territories, and the District of Columbia, and, where available, links to education agency websites or resources related to school discipline and student conduct. The discipline laws and regulations presented in this compilation have been categorized by type of specific discipline issue covered, according to an organizational framework developed by the National Center for Safe and Supportive Learning Environments (NCSSLE). For example, one major category encompasses all laws or regulations governing states or territories that mandate specific disciplinary sanctions (such as suspension) for specific offenses (such as drug possession on school grounds). The school discipline laws and regulations were compiled through exhaustive searches of legislative websites that identified all laws and regulations relevant to each specific category. Compiled materials were subsequently reviewed by state education agency (SEA) representatives in the 50 states, Washington D.C., and the U.S. territories.

Discipline categories were not mutually exclusive. Laws and regulations often appeared across multiple categories. For jurisdictions with more extensive laws covering a breadth of topical areas, relevant sections were excerpted from the larger legislative text for inclusion in the appropriate discipline category. Laws, ordered by chapter and section number, appear first within each category followed by regulations. All laws and regulations listed within categories in the compilation also appear in the sources cited section of the document, which lists laws by chapter and section number and title, and where available, includes active hyperlinks to source websites supported or maintained by state legislatures. Additional links to government websites or resources are provided at the end of this document.

Notes & Disclaimers
To the best of the preparer's knowledge, this Compilation of School Discipline Laws and Regulations is complete and current as of January 2018. Readers should also note that the information in this document was compiled from individual sources that are created by each jurisdiction and which are maintained and updated with varying frequencies. Readers should consult the source information provided directly in order to check for updates to laws and regulations reported in this document or to conduct further research.

In initiating disciplinary procedures applicable to all children, DCPS must ensure that the special education and disciplinary records of the child with a disability are transmitted for consideration by the person or persons making the final determination regarding the disciplinary action. Such documentation may include, but not be limited to (with any required permission from parent/guardian): the student’s current IEP, discipline file, cumulative file, anecdotal records from teachers or other school personnel, reports or recommendations from health or mental health clinicians.
3. The removal of a student with a disability from his or her current placement for more than ten (10) school days for disciplinary reasons shall require that a determination be made as to whether the subject behavior is related to the student’s disability.
4. If the result of the review is a determination that the behavior of the child with a disability was not a manifestation of the child’s disability, the relevant disciplinary procedures applicable to children without disabilities may be applied to the child in the same manner in which they would be applied to children without disabilities.

5. DCPS may order an immediate removal of a student with a disability from his or her current placement:
   (a) To an appropriate interim Alternative Educational Setting, another setting, or Suspension, for not more than ten (10) consecutive school days (to the extent such alternatives would be applied to children without disabilities); and
   (b) To an appropriate interim alternative educational setting for the same amount of time that a child without a disability would be subject to discipline, up to but not exceeding forty-five (45) days if:
      (1) The student carries a weapon to school or to a school function;
      (2) The student knowingly possesses or uses illegal drugs or solicits the sale of a controlled substance while at school or at a school function; or
      (3) Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction DCPS.

6. DCPS must make a free appropriate public education available to all eligible children with disabilities, including children with disabilities who have been suspended or expelled from school. When a student with a disability is removed from his or her current placement for more than ten (10) school days for disciplinary reasons, DCPS must continue to provide the specialized instruction and related services that are specified on the student’s IEP.

7. Any interim alternative educational setting in which a child is placed must:
   (a) Be selected so as to enable the child to continue to participate in the general curriculum, although in another setting, and to continue to receive those services and modifications, including those described in the child’s current IEP, that will enable the child to meet the goals set out in that IEP; and
   (b) Include services and modifications designed to address the behavior described in § 2511.2 or § 2511.3 so that it does not recur.

8. If a disciplinary action is contemplated as described in § 2511.B2 or § 2511.3 for a behavior of a child with a disability described in either of those subsections, or if a proposed disciplinary action involves removal of a student with a disability from his or her current placement for more than ten (10) consecutive school days:
   (a) Not later than the date on which the decision to take that action is made, the parents must be notified of that decision and of all procedural safeguards accorded by law; and
   (b) Immediately, if possible, but in no case later than ten (10) school days after the date on which the decision to take that action is made, a review must be conducted of the relationship between the child’s disability and the behavior subject to the disciplinary action.

9. Within ten (10) school days of any disciplinary decision to remove a student with a disability from his or her current placement, DCPS, the parent, and relevant members of the child’s IEP Team (as determined by the parent and the DCPS) must review all relevant information in the student’s file, including the child’s IEP, any teacher observations, and any relevant information provided by the parents to determine:
   (a) If the conduct in question was caused by, or had a direct and substantial relationship to, the child’s disability; or
   (b) If the conduct in question was the direct result of DCPS’s failure to implement the IEP.

10. The conduct must be determined to be a manifestation of the child’s disability if DCPS, the parent, and relevant members of the child’s IEP Team determine that a condition in either 34 CFR 300.530(e)(1)(i) or (1)(ii) was met.
11. If the DCPS, the parent, and relevant members of the child’s IEP Team determine the condition described in 34 CFR 300.530(e)(1)(ii) was met, the DCPS must take immediate steps to remedy those deficiencies.

12. In carrying out a review, the IEP Team may determine that the behavior of the child was not a manifestation of such child’s disability only if the IEP Team:

   (a) First considers, in terms of the behavior subject to disciplinary action, all relevant information, including:

      (1) Evaluation and diagnostic and results, or other relevant information supplied by the parents of the child;

      (2) Observations of the child;

      (3) The child’s IEP and placement; and

      (4) Any other material deemed relevant by the IEP Team, including, but not limited to, school progress reports, anecdotal notes and facts related to disciplinary action taken by administrative personnel; and

   (b) Then determines that:

      (1) In relationship to the behavior subject to disciplinary action, the child’s IEP, and placement were appropriate and the special education services, supplementary aids and services, and behavior intervention strategies were provided consistent with the child’s IEP and placement;

      (2) The child’s disability did not impair the ability of the child to understand the impact and consequences of the behavior subject to disciplinary action; and

      (3) The child’s disability did not impair the ability of the child to control the behavior subject to disciplinary action.

13. Either before or not later than ten (10) consecutive school days after taking a disciplinary action described in § 2510.2:

   (a) If DCPS did not conduct a functional behavioral assessment and implement a behavioral intervention plan for such child before the behavior that resulted in the Suspension described above, DCPS must convene an IEP meeting to develop an assessment plan to address that behavior; or

14. If the child’s parent disagrees with a determination that the child’s behavior was not a manifestation of the child’s disability or with any decision regarding placement, the parent may request a hearing.

15. DCPS must arrange for an expedited hearing, which must occur within twenty (20) school days of the date the complaint requesting the hearing is filed, in any case described in this section when requested by a parent.

16. In reviewing a decision with respect to the manifestation determination, the hearing officer must determine whether DCPS has demonstrated that the child’s behavior was not a manifestation of such child’s disability.

17. A disciplinary hearing officer may recommend the removal of a student with a disability from his or her current placement for not more than forty-five (45) days if the hearing officer:

   (a) Determines that DCPS has demonstrated by substantial evidence that maintaining the current placement of such child is substantially likely to result in injury to the child or to others;

   (b) Considers the appropriateness of the child’s current placement;

   (c) Considers whether DCPS has made reasonable efforts to minimize the risk of harm in the child’s current placement, including the use of supplementary aids and services; and

   (d) Determines that the interim alternative educational setting meets the requirements described in § B2510.14 above.
18. In recommending the removal of a student with a disability from his or her current placement removal of a student with a disability from his or her current placement to an alternative education setting for disciplinary reasons, the hearing officer must apply the standards set out in § 2510.17 above.

19. When a parent requests a hearing regarding a disciplinary action to challenge the interim alternative educational setting or the manifestation determination, the child must remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the time period provided for in § 2510.5 (i.e., 45 days), whichever occurs first, unless the parent and DCPS agree otherwise.

20. If a child is in an interim alternative educational setting for disciplinary reasons and school personnel propose to change the child’s educational placement after expiration of the interim Alternative Setting for disciplinary reasons, during the pendency of any proceeding to challenge the proposed change in placement, the child must remain in the current placement (the child’s placement prior to the interim alternative educational setting), except as provided in § 2510.21, below.

21. If school personnel maintain that it is dangerous for the child to be in the current placement (placement prior to removal to the interim alternative education setting) during the pendency of the due process proceedings, DCPS may request an expedited hearing.

22. A child who has not been determined to be eligible for special education and related services under this part and who has engaged in behavior that violated any rule or code of conduct of DCPS, including any behavior described in this chapter, may assert any of the applicable protections provided for in the Individuals with Disabilities Education Improvement Act, as amended, if DCPS had knowledge (as determined in accordance with § 2510.23 below), that the child was a child with a disability before the behavior that precipitated the disciplinary action occurred.

23. DCPS is deemed to have knowledge that a child is a child with a disability if:
   (a) The parent of the child has expressed concern in writing (unless the parent is illiterate or has a disability that prevents compliance with the requirements contained in this clause) to supervisory or administrative personnel of [DCPS], or a teacher of the child, that the child is in need of special education and related services;
   (b) The parent of the child has requested an evaluation of the child; or
   (c) The teacher of the child or other personnel of DCPS has expressed specific concerns about a pattern of behavior or performance of the child to the Director of Special Education or to other DCPS personnel.

24. DCPS is deemed not to have knowledge that a child is a child with a disability if: the parent of the child has not allowed an evaluation of the child pursuant to 34 CFR 300.300 through 300.311 or has refused services under Part B of the IDEA; or the child has been evaluated in accordance with 34 CFR 300.300 through 300.311 and determined to not be a child with a disability under Part B of the IDEA.

25. If DCPS does not have knowledge that a child is a child with a disability in accordance with § 2510.23 prior to taking disciplinary measures against the child, the child may be subjected to the same disciplinary measures applied to children without disabilities who engaged in comparable behaviors.

26. If a request is made for an evaluation of a child during the time period in which the child is subjected to disciplinary measures under this chapter, the evaluation must be conducted in an expedited manner. If the child is determined to be a child with a disability, taking into consideration information from the evaluation conducted by DCPS and information provided by parents, DCPS must provide special education and related services in accordance with the relevant provisions of the Individuals with Disabilities Education Improvement Act, as amended, except that, pending the results of the evaluation, the child must remain in the educational placement determined by school authorities.
27. Nothing in the Individuals with Disabilities Education Improvement Act, as amended, shall be
construed to prevent D.C. law enforcement and judicial authorities from exercising their responsibilities
with regard to the application of federal and state law to crimes committed by a child with a disability.

28. Nothing in the Individuals with Disabilities Education Improvement Act, as amended, shall be
construed to prohibit DCPS from reporting a crime committed by a child with a disability to appropriate
authorities. In reporting a crime committed by a child with a disability to appropriate authorities, DCPS
must ensure that copies of the special education and disciplinary records of the child are transmitted for
consideration by the appropriate authorities to which it reports the crime.

5-E2401. Student Bill of Rights.

14. Each student shall have the right to use reasonable physical means to defend himself or herself from
assault or physical abuse, and shall not be subject to suspension for using limited, reasonable, physical
means to restrain another person from physically assaulting or harming a third person.

REGULATIONS

5-B2504. Policy for suspensions and expulsions.

7. Any Suspension, including on-site Suspension, in excess of two (2) in a single semester must be
approved by a person designated by the Chancellor. 12. If a student’s Suspension or Expulsion is for a
period exceeding the number of school days remaining in the school year, any remaining part of the term
of the Suspension or Expulsion may be applied to the succeeding school year.

13. Students younger than the age of fourteen (14) who have been suspended or expelled shall not be
allowed to leave school grounds during school hours unless accompanied by a parent or guardian, or his
or her designee. Students older than fourteen (14) who have been suspended or expelled shall not be
allowed to leave school grounds during school hours until a parent or guardian, or his or her designee,
has been contacted by phone or in person and given a reasonable opportunity to arrange for proper
supervision of the student. If the parent or guardian of a suspended student cannot be notified by phone
or in person, the student must remain at school until the end of the school day.

14. If the parent or guardian of a student who has been suspended cannot be contacted by phone or in
person before the next school day, and the student arrives at school, he or she must remain in the
building until a parent or guardian can be contacted and given a reasonable opportunity to arrange for
proper supervision of the student or until the end of the school day. The student may be segregated and
must be appropriately supervised during this time. Any such day will count toward fulfilling the term of
the student’s Suspension. 16. For students seeking to enroll in DCPS and who have been suspended or
expelled from their current school, or who have withdrawn while disciplinary action is pending, a person
designated by the Chancellor shall review the facts and circumstances regarding the student’s
Suspension, Expulsion, or withdrawal pending Expulsion, if the infraction for which the student was
disciplined is one for which the student could have been disciplined within DCPS. The purpose of this
review is to determine the appropriate placement within DCPS. 5-B2505. Procedures for suspensions and
expulsions.

1. Authority to impose Suspensions and Expulsions is as follows:
(a) On-site Short-Term Suspension may only be authorized by the principal or a person designated by the Chancellor.

(b) Off-site Short-Term Suspension may only be authorized by the principal or a person designated by the Chancellor.

(c) Off-site Medium-Term Suspension may be proposed by the principal and may be authorized only by a person designated by the Chancellor. A person designated by the Chancellor may modify the proposed action including rescission.

(d) Off-site Long-Term Suspension may be proposed by the principal and may be authorized only by a person designated by the Chancellor. A person designated by the Chancellor may modify the proposed action including rescission.

(e) Expulsion, except Expulsions for violations relating to the Gun-Free Schools Act, may be proposed in writing by the principal to a person designated by the Chancellor and may be authorized only by the head of the Office of Youth Engagement pursuant to the recommendation of a person designated by the Chancellor.

2. Expulsions for violations of the Gun-Free School Act may be modified only by the Chancellor.

3. Any student who is to be suspended or expelled shall be given a conference with the school official responsible for proposing the disciplinary action, prior to the Suspension or Expulsion. In the event that a student is suspended pursuant to § 2504.4 due to emergency conditions, the conference shall be held no more than three (3) school days after the Suspension is initiated.

4. The conference shall include a discussion of the following:

   (a) The grounds for disciplinary action as referred to in this chapter including a citation of the rule(s) upon which the action is based, and a description, in reasonable detail, of the facts and events upon which the disciplinary action is proposed;

   (b) An explanation of the evidence or facts upon which the school official has determined that the student has committed an infraction, as defined in this chapter, including a summary of the recommended disciplinary action;

   (c) An opportunity for the student to present the student's version of the facts or to explain the events or action upon which the alleged infraction is based;

   (d) The decision regarding the infraction and the recommended disciplinary action to be provided after the student has had an opportunity to present his or her version of the facts and/or to explain the events or actions upon which the alleged infraction is based;

   (f) The student's rights to an appeal pursuant to § B2505.13 or to a hearing pursuant to § B2505.14.

   (g) If the principal is recommending Long-Term Suspension or Expulsion, the principal shall report his or her findings and recommendations from the conference in writing to the student and parent or guardian and a person designated by the Chancellor. The principal shall also inform the student and parent or guardian in writing of disciplinary hearing procedures, appeal rights, the intervention supports available to the student, and the requirements for readmission.

5. The conference may include the parent or guardian, witnesses, and/or legal representative, but participation by such party(ies) shall not be required.

7. A principal authorizing Short-Term Suspension shall submit the authorization to a person designated by the Chancellor within one (1) school day.
8. A principal or school official proposing Medium- or Long-Term Suspension must immediately submit the proposal to a person designated by the Chancellor. A person designated by the Chancellor may authorize the proposed Suspension or modify it to reduce the number of days suspended.

9. A principal or school official proposing Expulsion shall make a written recommendation for Expulsion to a person designated by the Chancellor no more than one (1) school day after the Expulsion conference. The principal’s recommendation may be made based upon an initial recommendation from a teacher or other school official. The recommendation to expel shall be supported by sufficient written documentation to enable a person designated by the Chancellor to make an independent decision regarding Expulsion. A copy of this recommendation and any attendant documentation shall also be provided to the parent or guardian of the student involved.

10. No more than five (5) school days after receiving the principal’s findings, a person designated by the Chancellor shall either concur with or modify the recommended action. If a principal recommends Expulsion for bringing a weapon as defined in 18 U.S.C. § 921 into DCPS in violation of the Gun-Free Schools Act, only the Chancellor may modify the Expulsion recommendation.

11. In determining whether to propose an Expulsion, a person designated by the Chancellor shall consider the factors enumerated in § B2500.

12. If a person designated by the Chancellor does not concur with the recommended Expulsion, he or she may propose other disciplinary action.

13. If a person designated by the Chancellor concurs with the recommended Expulsion, he or she shall immediately forward a written proposal for Expulsion to the head of the Office of Youth Engagement.

14. A student who has been suspended for fewer than eleven (11) days may appeal the Suspension as follows:
   
   (a) A Short-Term Suspension may be appealed to the principal.
   
   (b) A Medium-Term Suspension may be appealed to a person designated by a Chancellor.
   
   (c) All appeals must be made by the student’s parent or guardian or the adult student, either orally or in writing to the principal or person designated by the Chancellor, as appropriate, no later than two (2) school days after receiving the notice of Suspension, and may be made prior to receiving formal written notice of the Suspension. An appeal made orally shall be put in writing by the person receiving the request.
   
   (d) All appeals will be heard by the principal (for Short-Term Suspensions) or a person designated by the Chancellor (for Medium-Term Suspensions) no later than one (1) school day after the appeal is requested. Upon request of the adult student or minor student’s parent or guardian, the time for the appeal may be extended up to three (3) school days. The appeal may be held by telephone upon request of the parent or guardian if necessary due to health, work, or childcare.
   
   (e) The student and his or her parent or guardian may present evidence and ask witnesses to speak.
   
   (f) At the conclusion of the conference, the principal or a person designated by the Chancellor, as appropriate, shall render a final decision.
   
   (g) No more than one (1) school day after the conference, the principal or a person designated by the Chancellor, as appropriate, shall give the student and his or her parent or guardian, a person designated by the Chancellor, and the head of the Office of Youth Engagement a written summary of the conference proceedings, including the final decision.

15. Except in cases of immediate emergency Suspensions pursuant to § B2504.4, students shall remain in their regular assigned classroom or education setting until the final determination of the Suspension has been made.
15. A student who has been suspended for eleven (11) days or more or who has been expelled shall have a disciplinary hearing pursuant to the procedures in § 2506.

16. No more than one (1) school day after authorization or modification of a Long-Term Suspension or Expulsion, the person designated by the Chancellor shall forward the recommended Suspension or Expulsion to the hearing office for immediate scheduling and shall provide notice of the intent to schedule a hearing to the parent or guardian or adult student.

17. Once a hearing is scheduled by the hearing office, the student shall be placed on Suspension, or in another appropriate placement until the conclusion of the hearing and appeals processes.

5-B2507. Hearing officer recommendations.

1. Within one (1) school day of the conclusion of a disciplinary hearing, the hearing officer shall issue a written recommendation which shall include the following:
   (a) A statement of the facts, as determined from the testimony and evidence presented at the hearing;
   (b) A conclusion as to whether the required due process procedures have been properly followed or waived;
   (c) A conclusion as to whether the student committed the infraction(s) upon which the disciplinary action is based; and
   (d) A determination regarding the appropriateness of the proposed disciplinary action or an order for a modification thereof, including consideration of the factors enumerated in § 2500.8 and explicit justification for any recommended modification.

2. For Long-Term Suspensions, a person designated by the Chancellor shall render a final decision no later than one (1) school day after receiving the hearing officer’s recommendation.

5. Additional copies of the determination by a person designated by the Chancellor or the head of the Office of Youth Engagement shall be sent, within twenty-four (B24) hours, to the principal or other school official in charge of the school or program in which the student is enrolled, and retained in the files of the student hearing office.

6. If the hearing officer recommends disciplinary action is not warranted, based on the fact that the student did not violate any DCPS rule or policy, the determination shall include an order to destroy all school records regarding the disciplinary action, including any reports that relate to the incident upon which the disciplinary action was proposed, insofar as those reports individually identify the student. If the hearing officer determines that disciplinary action is not warranted and either: (a) fails to state whether a DCPS rule or policy was violated, or, (b) states that a DCPS rule or policy was violated but nevertheless finds the disciplinary action to be unwarranted, the school may maintain documents concerning the alleged infraction until the conclusion of the school year immediately following the incident.

7. Long-Term Suspension may be appealed directly to the head of the Office of Youth Engagement:
   (a) A parent or guardian, or adult student who wishes to appeal a Long-Term Suspension to the head of the Office of Youth Engagement must submit a written or oral request to appeal the proposed Long-Term Suspension within five (5) school days of receiving notification of the Long-Term Suspension. If the request is made orally, it shall be recorded in writing by the person receiving the request.
(b) Upon receipt of an appeal, the head of the Office of Youth Engagement shall schedule a conference with the parent or guardian, or adult student, to be held within three (3) school days of receiving the appeal request.

(c) During the conference, the parent or guardian, or adult student, may present arguments in support of his or her appeal. The student shall have a right, but shall not be required, to have a representative or legal counsel, selected by the parent or guardian or adult student. The appeal may be held by telephone upon request of the parent or guardian. The conference may be recorded by any of the parties.

(d) No more than two (B2) school days after the conclusion of the conference, the head of the Office of Youth Engagement shall render a final decision. The head of the Office of Youth Engagement shall provide the parent or guardian, or adult student, and a person designated by the Chancellor, a written summary of the conference proceedings and decision.

8. If the head of the Office of Youth Engagement has authorized Expulsion for violating the Gun-Free Schools Act, the parent or guardian or adult student may appeal the decision to the Chancellor pursuant to the process outlined in § 2507.9. The decision of the Chancellor shall be final and shall be provided in writing to the parent or guardian, or adult student, person designated by the Chancellor, and the principal of the school from which the student was expelled.

8. Notwithstanding the other provisions of this section, a person designated by the Chancellor may, at his or her discretion, initiate Expulsion action without the recommendation of a principal or designee.

9. An Expulsion may be appealed directly to the Chancellor.

(a) A parent or guardian, or adult student who wishes to appeal an Expulsion directly to the Chancellor must submit a written or oral request to appeal the proposal within five (5) school days of receiving notification of the Expulsion. If the request is made orally, it shall be recorded in writing by the person receiving the request.

(b) Upon receipt of an appeal, the Chancellor or his/her designee shall schedule a conference with the parent or guardian, or adult student, to be held within three (3) school days of receiving the appeal request.

(c) During the conference, the parent or guardian, or adult student, may present arguments in support of his or her appeal. The student shall have a right, but shall not be required, to have a representative or legal counsel, selected by the parent or guardian or adult student. The appeal may be held by telephone upon request of the parent or guardian. The conference may be recorded by any of the parties.

(d) No more than two (B2) school days after the conclusion of the conference, the Chancellor shall render a final decision. The Chancellor shall provide the parent or guardian, or adult student, a person designated by the Chancellor, and the head of the Office of Youth Engagement a written summary of the conference proceedings and his or her final decision.

Introduction
This compilation presents school discipline-related laws and regulations for U.S. states, U.S. territories, and the District of Columbia, and, where available, links to education agency websites or resources related to school discipline and student conduct. The discipline laws and regulations presented in this compilation have been categorized by type of specific discipline issue covered, according to an organizational framework developed by the National Center for Safe and Supportive Learning Environments (NCSSLE). For example, one major category encompasses all laws or regulations governing states or territories that mandate specific disciplinary sanctions (such as suspension) for specific offenses (such as drug possession on school grounds). The school discipline laws and regulations were compiled through exhaustive searches of legislative websites that identified all laws and regulations relevant to each specific category. Compiled materials were subsequently reviewed by state education agency (SEA) representatives in the 50 states, Washington D.C., and the U.S. territories.

Discipline categories were not mutually exclusive. Laws and regulations often appeared across multiple categories. For jurisdictions with more extensive laws covering a breadth of topical areas, relevant sections were excerpted from the larger legislative text for inclusion in the appropriate discipline category. Laws, ordered by chapter and section number, appear first within each category followed by regulations. All laws and regulations listed within categories in the compilation also appear in the sources cited section of the document, which lists laws by chapter and section number and title, and where available, includes active hyperlinks to source websites supported or maintained by state legislatures. Additional links to government websites or resources are provided at the end of this document.

Any student who commits or attempts to induce another student to commit an act or acts of immoral conduct that in the principal's judgment may be harmful to others or may bring discredit to the Department shall be suspended until suitable corrective action can be determined. If it appears that the law may have been violated, the student shall be referred to the proper law enforcement agency. After study of the problem, the student shall either be (1) readmitted or (2) continue on suspension with recommendation for further action.
G. Unlawful Drugs/Alcoholic Beverages. Any student who is found to possess, or to have used recently, or to have in any way encouraged the illegal use by another of any alcoholic beverages, narcotics, or drugs shall be suspended until the problem is investigated. If circumstances and/or tangible evidence cause suspicion that an illegal act has been committed, the student shall be referred to the proper law enforcement agency. The suspension shall continue until it has been determined whether the student's attendance is a threat to the welfare of other students, at which time the student shall be either (1) readmitted to regular school pending clearance, or (2) continued on suspension and recommended for expulsion or other action.

H. Weapons.

1. Implements manufactured, used, or intended for use or on as weapons may not be carried at school way to or from school. Students found in possession of weapons shall immediately be referred to the appropriate law enforcement agency and suspended from school until a thorough investigation is made of the circumstances. Unless there is satisfactory evidence that the student's continued attendance will not be dangerous to other persons, expulsion proceedings shall be initiated.

2. The following items are specifically prohibited: snap-blade knives, non-closing knives, knives with blades, firearms, explosives including caps and firecrackers, "first loads," and "brass knuckles," chairs, iron bars, sling shots, metal cake cutters, water pistols (with chemicals) any form of shell, cartridge or bomb containing or capable of emitting tear gas, or any weapon designed for the use of such a shell, cartridge or bomb, and other objects capable of being used as weapons will be considered as such unless the circumstances indicate the contrary. All weapons, whether or not listed herein, are similarly prohibited. The use of any normally non-dangerous implement such as a stone, table fork, board, stick, or baseball bat as a weapon shall come under the provisions of this section.

Student Policy Handbook. § 54. Safe and drug free policy.

Violators will be reported to the Department of Public Safety as required by law and may face prosecution.

REGULATIONS

Each school principal will follow disciplinary procedures in accordance with those established by the Department. The principal, when feasible, will involve school staff and the parent organization, if any.

A. Classroom Discipline.

4. Disciplinary action should be taken as soon as possible and the student returned to the classroom, unless the behavior warrants a future conference or referral to an alternative program.
C. Detaining Students. Students are not to be deprived of instructional physical education or of necessary time to eat lunch, either for punishment or for special help. When it is necessary for students to make up time or receive special help, the teacher may request them to report before school in the morning or detain them after school for not more than one hour.

Anticipating the natural concern of parents for immediate student return to home, no student will be detained without prior notification. All students who have bus transportation, regardless of grade level, shall have the privilege of going home the first day to inform parents that they will be detained the following day or days.

**Student Policy Handbook. § 22. Control of dangerous and anti-social behavior - Bullying.**

Actions taken to control and correct undesirable student behavior should take individual circumstances into account, but must always be most concerned for the safety and educational welfare of all students. It is the principal's responsibility to take actions as necessary to protect other students and school personnel from dangerous or socially detrimental actions of students. When there is serious doubt, the student should be suspended until the matter is resolved.

**Student Policy Handbook. § 25. Suspension, exemption, excluded, or expelled - Definitions.**

The Department directs that no student be suspended, expelled, exempted, or excluded from school unless such action serves, in the best judgment of appropriate school authority, the welfare of the student or the welfare of other students, the school, or the Department.

**Definitions**

1. Suspension shall mean the temporary removal of a student from school.
2. Exemption shall mean the release from the legal obligation to attend school by the student's voluntary withdrawal before completion of the secondary program.
3. Exclusion shall mean the temporary termination of enrollment because of reasons or conditions such that the student's continued enrollment would be detrimental to the student, to other students, or to the educational program.
4. Expulsion shall mean the termination of enrollment as the result of behavior so serious that future attendance in the regular schools is not contemplated.

**Student Policy Handbook. § 26. Student exclusion from school.**

School expulsion can only be authorized by the Director of Education on the recommendation of the school principal and the Assistant Director of the Elementary or Secondary Division. Recommendations shall include sufficient documentation requesting the action.

a. Review of Expulsion: Upon written request of the parent(s) or guardian(s), the administration will review any expulsion case in accordance with guidelines and limitations specified in approved administrative regulations and procedures. If action by the Director seems advisable, a recommendation will be made based on the findings of the review.

b. Procedures shall be developed governing student dismissal and must comply with appropriate due process requirements and Territorial Statutes.

REGULATIONS

The Department will cooperate with other agencies whose objectives are to promote the mental and physical well-being of youths.

As permitted by law, appropriate information shall be furnished to law enforcement agencies and cooperation given in apprehending law violators. The Department assumes the responsibility for the supervision of children while in school or engaged in school sponsored activities, but will not supervise youth activities not sponsored by the schools. Appropriate action for those students who deviate from expected and desired behavior will be provided.

Regulations and procedures should provide strong and direct support to teachers and administrators in such topics as:

A. Classroom discipline
B. Corporal punishment
C. Detaining students
D. Weapons and dangerous implements
E. Drugs and alcoholic beverages
G. Theft and extortion
H. Destruction of property
I. Disruption of school
J. Physical and verbal assault
K. Search and seizure

Students who violate discipline rules may be subject to suspension, expulsion, or other disciplinary action in accordance with the Territorial statutes. A positive approach to discipline will be practiced whenever possible.

The philosophy adopted by the Department encourages positive thinking in connection with students. It is believed that most children respond to love, respect, and just treatment. It is believed, however, that discipline is sometimes necessary for misconduct and can be of value in building character, but unjust punishment of the innocent and/or guilty is not tolerated.

The Department has established the following regulations and procedures to provide for disciplinary measures within the schools in compliance with the Territorial statutes.

Each school principal will follow disciplinary procedures in accordance with those established by the Department. The principal, when feasible, will involve school staff and the parent organization, if any.

A. Classroom Discipline.

1. Classroom discipline is largely a teacher responsibility and should, in most instances, be handled by the teacher.

2. If the teacher is confronted with a situation so serious that it should be brought to the principal's attention, or is confronted with a situation specified in the department's guidelines as unacceptable behavior, the teacher should refer the students involved to the principal or principal's designee.

3. A written report describing this incident must be sent to the office with the student within 24 hours thereafter. If the teacher desires a student-teacher-administrator conference, the teacher should so indicate in the written report. Every effort should be made to hold such conference immediately following the instructional period to determine the appropriate action.
4. Disciplinary action should be taken as soon as possible and the student returned to the classroom, unless the behavior warrants a future conference or referral to an alternative program.

B. Corporal Punishment.

1. Corporal punishment is strictly prohibited in all phases of education.

C. Detaining Students. Students are not to be deprived of instructional physical education or of necessary time to eat lunch, either for punishment or for special help. When it is necessary for students to make up time or receive special help, the teacher may request them to report before school in the morning or detain them after school for not more than one hour.

Anticipating the natural concern of parents for immediate student return to home, no student will be detained without prior notification. All students who have bus transportation, regardless of grade level, shall have the privilege of going home the first day to inform parents that they will be detained the following day or days.

D. Probation. A student may be placed on probation with the understanding that he must fulfill certain stipulated conditions agreed to by the student, the parents and the school. Failure to comply with the provisions of the probation may result in final suspension from school.

E. Court Referrals. A student who has committed an act in violation of the law should be referred to law enforcement or legal authorities for disposition of the case.

**Student Policy Handbook. § 24. Student suspension, exemption, exclusion.**

The school administration has the final discretionary authority to suspend, exempt, and/or exclude students within the detailed provisions of Territorial Statutes and local administrative regulations and procedures.

**Student Policy Handbook. § 25. Suspension, exemption, excluded, or expelled - Definitions.**

The Department directs that no student be suspended, expelled, exempted, or excluded from school unless such action serves, in the best judgment of appropriate school authority, the welfare of the student or the welfare of other students, the school, or the Department.

Definitions

1. Suspension shall mean the temporary removal of a student from school.

2. Exemption shall mean the release from the legal obligation to attend school by the student's voluntary withdrawal before completion of the secondary program.

3. Exclusion shall mean the temporary termination of enrollment because of reasons or conditions such that the student's continued enrollment would be detrimental to the student, to other students, or to the educational program.

4. Expulsion shall mean the termination of enrollment as the result of behavior so serious that future attendance in the regular schools is not contemplated.

**Student Policy Handbook. § 26. Student exclusion from school.**

School expulsion can only be authorized by the Director of Education on the recommendation of the school principal and the Assistant Director of the Elementary or Secondary Division. Recommendations shall include sufficient documentation requesting the action.

a. Review of Expulsion: Upon written request of the parent(s) or guardian(s), the administration will review any expulsion case in accordance with guidelines and limitations specified in approved administrative regulations and procedures. If action by the Director seems advisable, a recommendation will be made based on the findings of the review.
b. Procedures shall be developed governing student dismissal and must comply with appropriate due process requirements and Territorial Statutes.

**Student Policy Handbook. § 27. Attendance-Checking, absences and excuses.**

The Department requires that students enrolled in schools attend school regularly in accordance with the Territorial statutes. It is the position of the Department that the educational experiences lost during an absence from school are irretrievable as the interaction in the classroom setting can seldom be duplicated through makeup work.

Students who have been absent three (3) or more consecutive school days shall be required to present to the school a written statement signed by the parent, legal guardian, or physician listing the reason for the absence. The determination of whether an absence will be excused or unexcused will be made by the principal.

Students enrolled in grades nine through twelve who accumulate more than three unexcused absences or who accumulate more than twenty combined excused and unexcused absences may be excluded from all classes for the remainder of the semester in which these absences occur. No credits will be earned during that semester by any excluded student. Excuses are to be filed in the individual students' personal folders.

I. Hearing Process

To guarantee due process, any secondary student who has been absent more than the allowable number of times (excused or unexcused absences) will be notified by the school. The parent or legal guardian of the student will then be notified of pending exclusion proceedings.

If the parent, legal guardian or student has reason to believe that there is an error in the attendance record or extenuating circumstances exist, a hearing may be requested. Such a request must be initiated by the parent, student, or legal guardian within two school days after notification. The hearing will be conducted by a review panel established within each school and composed of a principal (designee) and school instructor(s).

The student, parent or legal guardian may appear before the review panel and shall have the right to be represented by an attorney. During the hearing process, the instructors record book shall serve as the legal document of reference and will be used exclusively for determining both excused and unexcused absences.

This review panel shall have the authority to recommend to the Principal that the attendance record of the student be corrected or that the student not be excluded from school. The final determination in all hearing proceedings, rests with the secondary school principal.

J. Makeup Work.

After any absence, a student shall be required to initiate contact with school instructors to obtain appropriate makeup, work within two school days the absence. Teachers may use their discretion in providing makeup work for students who unexcused absence or who are truant. Once the contact has been made with the instructor(s), specific time interval allowed for homework completion will be determined by the instructor(s) directly following.

**Student Policy Handbook. § 52. Student grievances.**

A grievance procedure shall be established by the Division of Student Information Systems & Services to offer recourse to students on matters that are not satisfactorily resolved at the school level. Examples shall include but not limited to grades, suspension, etc.

Attendance and truancy

LAWS

Attendance at a public or private school shall be required of all children between 5 and 18 years of age inclusive, unless excused or excluded for good reason by the Director of Education.

(a) Any adult person having the direct supervision of a child for school purposes shall be regarded as the parent of the child, whether the natural parent or parent by adoption, or guardian or custodian, legal or otherwise.
(b) A parent is responsible for the regular attendance of his child during the period of legal school age.

(a) The truant officer, when notified by any school official, shall investigate all cases of truancy or nonattendance at school.
(b) If any parent fails to send any child under his control to some certified school, the truant officer shall, as soon as practicable after he is notified thereof, give notice to such person that such child shall be present at the proper public school on the day following receipt of such notice.
(c) The truant officer, after giving notice to any person having control of any child not attending school, shall determine whether the notice has been complied with, and if not complied with, the truant officer shall thereupon make complaint against such person before the district court wherein the person resides.
(d) Any person having control of a child who fails to comply with an order of the truant officer shall be fined not more than $15, or confined in prison for not more than 1 month, or both.

REGULATIONS

Students are required to attend school through the age of eighteen or have successfully completed and graduated from the secondary education program.
Special provisions shall be provided for disabled or challenged students from 3 to 21 years of age by the Special Education Division.

Territorial law mandates compulsory education for all children ages 5 to 18 inclusively, or from ECE through Grade 12, unless excused or excluded for good reason by the Director of Education. Non-attendance at the schools without legitimate reason constitutes truancy. Students suspected of being truant are to be referred to the School Principal for appropriate action. The current truancy law provides for prosecution of negligent parents/legal guardians.

Student Policy Handbook. § 27. Attendance-Checking, absences and excuses.
The Department requires that students enrolled in schools attend school regularly in accordance with the Territorial statutes. It is the position of the Department that the educational experiences lost during an absence from school are irretrievable as the interaction in the classroom setting can seldom be duplicated through makeup work.
Students who have been absent three (3) or more consecutive school days shall be required to present to the school a written statement signed by the parent, legal guardian, or physician listing the reason for the absence. The determination of whether an absence will be excused or unexcused will be made by the principal.

Students enrolled in grades nine through twelve who accumulate more than three unexcused absences or who accumulate more than twenty combined excused and unexcused absences may be excluded from all classes for the remainder of the semester in which these absences occur. No credits will be earned during that semester by any excluded student. Excuses are to be filed in the individual students' personal folders.

A. Attendance-Checking.

Attendance shall be checked carefully in accordance with individual school practices. Students not accounted for shall be reported to the Principal so that a check can be made as to their whereabouts. Teachers must take daily attendance in their own classes and home-rooms. This is one responsibility that must not be delegated to a student.

With the availability of today’s technology, teachers are now required to enter student attendance into the Student Management System (SMS) the first 10 minutes of class. [Teachers who have self-contained classrooms are to take daily attendance before instruction.]

B. Cause of Absence.

Each school will include specific directions in the student handbook and/or procedures relative to the manner in which students will be readmitted to class subsequent to an absence. In all cases, schools will insist upon parental confirmation of the reason for absence and/or tardiness.

C. Classification of Absences.

The determination of the proper classification requires the exercise of judgment on the part of the teacher or principal. To support this judgment, the student or parent may be required to furnish reasonable evidence of the cause of absence. For example, although a statement of illness is ordinarily accepted, the statement may be challenged for good reason and the parent is required to obtain a statement from a physician.

To insure uniformity in practice, the following classifications of absences shall be used:

1. Excused Absence for causes over which the student and parent had no control and absences for causes which are acceptable in the estimation of the principal.
2. Unexcused Absence for educationally unacceptable causes, or absence for which the reason has not been determined or verified.
3. Truant-Absence resulting from parent's failure or refusal to require a student's attendance for educationally unacceptable reasons; the student's failure or refusal to attend school when so directed by the parent or school official; or the student's absence without official permission from school or class after arriving at school.

D. Responsibility for Work Missed During Absences.

Teachers shall provide an opportunity for student's makeup work missed because of an excused absence, and students shall be held accountable for the work.

Teachers may use their discretion in providing makeup work for students who have an unexcused absence or who are truant.

The makeup work must be completed within a reasonable length of time. It should be communicated to students that classroom participation is an integral part of their total evaluation and will have a direct bearing on grades.
The primary aim of attendance enforcement is to identify the cause of student absence and through the capacities of the principal, the Department or community agencies, remove the cause of absence so that the student may benefit from the educational opportunities afforded the student.

The Division of Instructional Services is responsible for developing and implementing procedures for attendance enforcement and will specify these procedures in the student and teachers' Manual.

E. Attendance Enforcement for Secondary Schools.

Attendance enforcement is a shared responsibility. The parent, legal guardian, or other person in the Territory having control or charge of any student shall require to send the student to school during all times the public school is in session.

Schools are responsible for maintaining accurate attendance records for each student enrolled. Schools are responsible for notifying the student, parent, or legal guardian of absences that have occurred.

Limitations of Absences

A student will be considered absent when that student is not present for all or any part of a regular school day. For all students in grades nine through twelve, the number of absences shall be limited to three (3) per semester. The number of approved prearranged absences shall be limited to five (5) days per semester. The total number of excused, prearranged, and unexcused absences shall be limited to twenty per semester.

F. Classification of Excuses.

1. Excused absence, as defined by this regulation shall include an absence caused by illness or medical appointments, a death in the immediate family, mandated court appearances, religious holidays, or an emergency outside the control of the student or student's family. Such excuses are subject to the approval of the principal.

2. Prearranged-Approved prearranged absences shall be limited to no more than five school days per semester.

3. Unexcused-Absences for reasons other than those listed above will be classified as unexcused. Examples of unexcused absences include, but are not limited to: class cuts, babysitting personal business, activities while securing a health card, student job hunting or vehicle breakdown.

4. Absences of students who miss class or classes participating in a school-sanctioned activity or while on suspension will not be included in either the excused or unexcused absence totals.

G. Communication from Parents.

Within two school days after any absence, a student shall be required to present to the school a written statement signed by the parent, legal guardian, or physician who lists the reason for the absence. Non-compliance will result in the absence being considered unexcused.

H. Student Exclusion and Communication to Parents.

When a student has been absent the maximum number of times during a semester, the student may be excluded from attendance for the remainder of that school semester and no academic credit may be earned during this time period.

Prior to exclusion, either for excused or unexcused absences, the parent, legal guardian, and student will be notified, in writing, of the attendance record through notices mailed to the recorded residence of the student. These notices will be mailed after the second and fifth unexcused absences. Notices for all other absences will be mailed after the fifth, ninth, fifteenth, and eighteenth total absences.

Schools are required to conduct parent conferences whenever excessive absenteeism is identified. A parent conference must be scheduled after the third absence.

I. Hearing Process
To guarantee due process, any secondary student who has been absent more than the allowable number of times (excused or unexcused absences) will be notified by the school. The parent or legal guardian of the student will then be notified of pending exclusion proceedings.

If the parent, legal guardian or student has reason to believe that there is an error in the attendance record or extenuating circumstances exist, a hearing may be requested. Such a request must be initiated by the parent, student, or legal guardian within two school days after notification. The hearing will be conducted by a review panel established within each school and composed of a principal (designee) and school instructor(s).

The student, parent or legal guardian may appear before the review panel and shall have the right to be represented by an attorney. During the hearing process, the instructor's record book shall serve as the legal document of reference and will be used exclusively for determining both excused and unexcused absences.

This review panel shall have the authority to recommend to the Principal that the attendance record of the student be corrected or that the student not be excluded from school. The final determination in all hearing proceedings, rests with the secondary school principal.

J. Makeup Work.

After any absence, a student shall be required to initiate contact with school instructors to obtain appropriate makeup, work within two school days the absence. Teachers may use their discretion in providing makeup work for students who unexcused absence or who are truant. Once the contact has been made with the instructor(s), specific time interval allowed for homework completion will be determined by the instructor(s) directly following.

If circumstances and/or tangible evidence cause suspicion that an illegal act has been committed, the student shall be referred to the proper law enforcement agency. The suspension shall continue until it has been determined whether the students’ attendance is a threat to the welfare of other students, at which time the student shall be either (1) readmitted to regular school pending clearance, or (2) continued on suspension and recommended for expulsion or other action.

Introduction
This compilation presents school discipline-related laws and regulations for U.S. states, U.S. territories, and the District of Columbia, and, where available, links to education agency websites or resources related to school discipline and student conduct. The discipline laws and regulations presented in this compilation have been categorized by type of specific discipline issue covered, according to an organizational framework developed by the National Center for Safe and Supportive Learning Environments (NCSSLE). For example, one major category encompasses all laws or regulations governing states or territories that mandate specific disciplinary sanctions (such as suspension) for specific offenses (such as drug possession on school grounds). The school discipline laws and regulations were compiled through exhaustive searches of legislative websites that identified all laws and regulations relevant to each specific category. Compiled materials were subsequently reviewed by state education agency (SEA) representatives in the 50 states, Washington D.C., and the U.S. territories.

Discipline categories were not mutually exclusive. Laws and regulations often appeared across multiple categories. For jurisdictions with more extensive laws covering a breadth of topical areas, relevant sections were excerpted from the larger legislative text for inclusion in the appropriate discipline category. Laws, ordered by chapter and section number, appear first within each category followed by regulations. All laws and regulations listed within categories in the compilation also appear in the sources cited section of the document, which lists laws by chapter and section number and title, and where available, includes active hyperlinks to source websites supported or maintained by state legislatures. Additional links to government websites or resources are provided at the end of this document.

REGULATIONS

Board Policy d.405. Student suspension expulsion.
IV. Jurisdiction.

   A. At any time or place on the school campus;
   B. At any school activity, wherever located;
   C. Off-campus at any time if the misconduct interferes directly with the educational
   D. In any circumstances establishing that the student's continued presence in the school mission of the
      school constitutes a threat to others (e.g., a student who is charged with murder outside of school).

Board Policy d.409. Prevention and intervention against harassment, intimidation or bullying,
cyberbullying, sexting, and sexual harassment.
I. Purpose
It is the policy of the Guam Education Board to ensure that students who attend the Department of Education (DOE) are safe, secure, and can count on being treated with respect. Schools shall be free from harassment, intimidation or bullying, cyberbullying, sexting and sexual harassment and shall provide an environment that is conducive to learning. School administrators shall ensure that the school environment is free of any threat while attending school and any school sponsored activities. This requires a fundamental change in the way that administrators and employees in the DOE view harassment, intimidation or bullying, cyberbullying, sexting sexual harassment and fraternization.

The school principal and employees must recognize that minor events, which do not rise to the level of violations of school rules or a crime, may still create an environment which makes students feel uncomfortable or even terrified at the prospect of attending school. This policy is to allow students active participation in school affairs without fear and threat of harassment, intimidation or bullying, cyberbullying, sexting and sexual harassment.

This policy will also follow federal antidiscrimination laws enforced by the Office of Civil Rights (OCR). The statues that OCR enforces includes Title VI of the Civil Rights Act of 1964 (Title VI), which prohibits discrimination on the basis of race, color or national origin; Title IX of the Education Amendments of 1972 (Title IX), which prohibits discrimination on the basis of sex; Section 504 of the Rehabilitation Act of 1973 (Section 504); and Title II of the Americans with Disabilities Act of 1990 (Title II). Section 504 and Title II prohibit discrimination on the basis of disability.

II. Coverage
This policy governs all students within the jurisdiction of DOE and is intended to prohibit bullying, cyberbullying, sexting and sexual harassment in the public school system. The term “at school” is defined in 17 GCA Section 3112.1 that states (a) “at school’ means in a classroom, elsewhere on or immediately adjacent to school premises, on a school bus or other school-related vehicle, at an official bus stop, or at a school-sponsored activity or event whether or not it is held on school premises.”
**Board Policy d.430. Smoking and possession of tobacco products.**

The Board of Education, in consideration of the health and safety of students within the school system, believes that a total ban on student smoking and possession of tobacco products within the school campus would be in the best interest of our school children. It is the policy of this Board that smoking and possession of tobacco products by all public school students is strictly prohibited at all times on any school property, in all school buses and at school activities, both on and off-campus. It is also the policy of the Board that smoking by adults is strictly prohibited on campus in any areas accessible to students. Note: for the purposes of this policy, electronic cigarettes, vapor pens, hookah related products and all other nicotine products or substitutes are included under the category of tobacco products.

**Communication of policy**

**LAWS**

This Section does not require that notice be posted regarding the proscribed conduct for the purposes of prosecution of any violation of this Act.

(b) The Guam Police Department within sixty (60) days of the effective date of this Act shall implement a public relations campaign to inform the general public of its provisions.

**17 GCA § 3112.1. Same: Policy against bullying.**

**Board Policy d.411. Attendance.**
There is a plethora of educational research that shows the strong relationship between student attendance and academic success. The Board acknowledges that students need to be in school and engaged in learning with their teachers and peers. Excessive absences or tardiness erode this understanding and may lead to incomplete and unsatisfactory work, a reduced capacity to meet curricular standards, and lower course grades. Parents/guardians are partners with the school and faculty ensuring that students attend and arrive in class on time every day of the school year. Therefore, parents shall
inform the school immediately when a child does not attend school. School personnel and teachers (to include substitutes or other personnel covering classroom instruction) shall inform parents, as soon as possible, but no later than the end of the school day when a child does not attend class. As partners in education, parents are expected to review their child’s attendance, academics and social behavior on a daily basis using parent portal.

The Board acknowledges that academic achievement entails many components and those academic credentials should reflect more than just the product of quizzes, examinations, and papers. These alone do not adequately prepare students for the challenges awaiting them after graduation. An additional essential component of academic excellence is the development of good work habits necessary to successfully compete in an increasingly competitive work force. Attendance is the cornerstone for the development of such good work habits. The Board believes that the Department must place great emphasis on student attendance and do everything possible to ensure students come to school every day.

Students who are under the compulsory education age are required to attend school full-time, notwithstanding their inability to receive a passing grade in any course. A compulsory aged student who has incurred twelve (12) or more unexcused absences in a school year shall be referred to the Superintendent of Education. Pursuant to 17 GGA §6402, the Superintendent of Education has the explicate authority to review and approve all habitual truant petition to family court.

Upon enactment of this policy, the Superintendent shall establish uniform procedures across elementary, middle, and high schools for tracking student attendance. The Student Conduct Procedural Manual (SOP 1200-018) can be referenced to further clarify definitions and language addressed in this policy.

REGULATIONS

Board Policy d.409. Prevention and intervention against harassment, intimidation or bullying, cyberbullying, sexting, and sexual harassment.

Message from the Board of Education:

The Department of Education (DOE) does not condone or tolerate acts of sexual misconduct perpetrated against our students. Public education is grounded in public trust. In upholding that trust, we remain committed to creating and maintaining a public school system where no student will be fearful of coming to school or assigned worksite. Students must feel safe and secure at all times. DOE is committed to providing a supportive, secure and safe learning environment and workplace that is free of all forms of harassment and sexual misconduct.

Whereas, it is the Board’s intent to ensure students are free of sexual misconduct and harassment within the public school system as follows:

I. Purpose

It is the policy of the Guam Education Board to ensure that students who attend the Department of Education (DOE) are safe, secure, and can count on being treated with respect. Schools shall be free from harassment, intimidation or bullying, cyberbullying, sexting and sexual harassment and shall provide an environment that is conducive to learning. School administrators shall ensure that the school environment is free of any threat while attending school and any school sponsored activities. This requires a fundamental change in the way that administrators and employees in the DOE view harassment, intimidation or bullying, cyberbullying, sexting sexual harassment and fraternization.

The school principal and employees must recognize that minor events, which do not rise to the level of violations of school rules or a crime, may still create an environment which makes students feel uncomfortable or even terrified at the prospect of attending school. This policy is to allow students active participation in school affairs without fear and threat of harassment, intimidation or bullying, cyberbullying, sexting and sexual harassment.

This policy will also follow federal antidiscrimination laws enforced by the Office of Civil Rights (OCR). The statutes that OCR enforces includes Title VI of the Civil Rights Act of 1964 (Title VI), which prohibits discrimination on the basis of race, color or national origin; Title IX of the Education Amendments of 1972 (Title IX), which prohibits discrimination on the basis of sex; Section 504 of the Rehabilitation Act of 1973 (Section 504); and Title II of the Americans with Disabilities Act of 1990 (Title II). Section 504 and Title II prohibit discrimination on the basis of disability.

II. Coverage

This policy governs all students within the jurisdiction of DOE and is intended to prohibit bullying, cyberbullying, sexting and sexual harassment in the public school system. The term “at school” is defined in 17 GCA Section 3112.1 that states (a) “at school’ means in a classroom, elsewhere on or immediately adjacent to school premises, on a school bus or other school-related vehicle, at an official bus stop, or at a school-sponsored activity or event whether or not it is held on school premises.”

9 GCA § 28.100. Illegal use of a computer or telecommunications device to disseminate prohibited materials involving a minor - sexting; crime.

(a) A minor is guilty of an offense of Illegal Use of a Computer Telecommunications Device Involving a Minor, otherwise known as Sexting, if the minor, by use of a computer or any telecommunications device, recklessly or knowingly creates, receives, exchanges, sends, disseminates, transmits or possesses a photograph, video, depiction or other material that shows himself or herself, or of another minor, in a state of nudity.

(b) It is no defense to a charge under this Section that the minor creates, receives, exchanges, sends, or possesses a photograph, video, or other material that shows themselves in a state of nudity.

(c) Applicability. This Section shall not apply to the use of a computer or a telecommunications device to transmit or distribute a photograph or other depiction involving sexual intercourse, deviate sexual intercourse, sadism, masochism or masturbation. This Section does not prohibit a person guilty under this Section to be charged with other chargeable criminal sex offenses under Guam law.

(d) An offense under this Section constitutes a "status offense". Any minor found to commit an offense under this Section shall be found guilty of illegal use of a telecommunications device involving a minor in a state of nudity, a delinquent act that would be a misdemeanor if it could be committed as an adult.

(e) A minor who violates this Section is guilty of a separate offense for each separate photograph, video, or other material that shows a minor in a state of nudity which is created, received, exchanged, sent, or possessed.

(f) Any minor who is convicted of a violation of this Section shall be ordered in addition to the sentence ordered by the Court, as part of his or her sentence, to participate in the educational program similar to that discussed under Subsection (g) of this Section.

(g) A juvenile or minor who commits the offense of Illegal Use of a Computer or Telecommunications Device to Disseminate Prohibited Materials Involving a Minor - Sexting, may be eligible for a diversionary program.

(1) As used herein, 'eligible offense' means an offense chargeable under this Section where:

(A) the facts of the case involve the creation, exhibition or distribution without malicious intent of a photograph depicting nudity as defined in that section through the use of a telecommunications device or a computer; and

(B) the creator and subject of the photograph are juveniles or were juveniles at the time of its making.

(2) The Office of the Attorney General, Family Division, or whichever designated division of the Office of the Attorney General that addresses matters involving juveniles in the community of Guam, will incorporate such a diversionary program under its current services. Such diversionary program would be similar to or incorporated under the current Pre-Adjudicatory Diversionary Program that the Office of the Attorney General currently utilizes. The program would require the Office of the Attorney General to develop an educational program for juveniles who commit an eligible offense as defined in this Act. The Office of the Attorney General shall then consult with the Judiciary of Guam, Juvenile Probation Division, to discuss and implement such educational program, to include the same or similar conditions as the current Pre-Adjudicatory Diversionary Program in place between the Office of the Attorney General and Judiciary of Guam, Juvenile Probation Office. The Office of the Attorney General shall be the sole agency responsible for the determination as to whether a minor may be admitted into the diversionary program. A juvenile who successfully completes the program would have the opportunity to
avoid prosecution, and any records relating to such an offense, upon completion of the program, would be dismissed and expunged.

(3) Admission to the program shall be limited to juveniles who:

(A) have not previously been adjudicated delinquent for or convicted of a criminal offense under Title 9 of the Guam Code Annotated that constitutes a third degree felony or greater;

(B) were not aware that their actions could constitute and did not have the intent to commit a criminal offense;

(C) may be harmed by the imposition of criminal sanctions; and

(D) would likely be deterred from engaging in similar conduct in the future by completing the program.

(4) The educational program shall provide information concerning:

(A) the legal consequences of and penalties for sharing sexually suggestive or explicit materials, including applicable local and federal statutes;

(B) the non-legal consequences of sharing sexually suggestive or explicit materials including, but not limited to, the effect on relationships, loss of educational and employment opportunities, and being barred or removed from school programs and extracurricular activities;

(C) how the unique characteristics of cyberspace and the Internet, including searchability, replicability, and an infinite audience, can produce long-term and unforeseen consequences for sharing sexually suggestive or explicit materials;

(D) the connection between bullying and cyberbullying and juveniles sharing sexually suggestive or explicit materials.

(5) The Attorney General may promulgate guidelines to effectuate the provisions of this Section.

REGULATIONS

Board Policy d.406. Student cell phone use on school campus.

Introduction:

It is the policy of Department of Education that the use of cellular phones by students is a privilege that is allowed on school campuses within the parameters of this policy. The purpose of this policy is to ensure that student possession and use of cellular phones does not interfere with academic instruction, does not disrupt school operations, and its use is not in violation of the law.

Rationale:

In order to properly prepare students for life and promote excellence, the Department of Education embraces the appropriate use of technology. DOE students need to be exposed to available and newly developed technologies in order to properly prepare for higher education, the world of work, and as contributing citizens in society. However, inappropriate use and corresponding consequences need to be clearly delineated.

The Guam Education Board, in consideration of student safety and academic integrity within the school system, believes that appropriate standard operating procedures should govern student possession and use of cell phones within the school campus. Educators from across the country are exploring the
integration and instructional use of technology, including camera cell phones, web-enabled cell phones, and cell phones with multimedia capabilities. However, school districts, including Guam, have also had to deal with such devices being used inappropriately on school campuses, causing disruption, leading to academic dishonesty, cyber bullying and sexting.

Policy:

1. Cellular phone use by students is ALLOWED, if part of academic instruction and for students with specific needs that require such devices as per their Individualized Education Program (IEP), 504 Plan, or Individualized Health Plan (IHP).

2. The Superintendent shall develop a Standard Operating Procedures (SOP) governing the possession and use of cell phones. The Superintendent shall ensure the implementation of the policy.

3. The SOP developed under this policy shall outline when confiscation shall occur.

4. GPSS is responsible to help each pupil and employee in the most constructive way possible.

When Action is initiated by Law Enforcement:

a) The school may permit law enforcement officers to interview minor students at the school provided at least one (1) parent or legal guardian is present and consents in writing to the interview. Such consent to the interview at the school is independent of, and prior to, any warnings the officers may be required to give to the minor student prior to the interview. If at all possible, the interview should be conducted away from school.

b) Law enforcement shall first report to the principal in the school’s main office and should indicate to the principal the reason they are on campus and why they want to talk to a student or employee.

c) The officer is required to identify himself to the principal. If the principal is not satisfied with the identification, he should check with the agency in question.

When Action is initiated by the School:

The principal should call law enforcement when a case, in his/her judgment, warrants such assistance. If this occurs, the principal should immediately endeavor to notify the Office of the Superintendent, as well as the Public Information Officer.

When Action is initiated by Law Enforcement or by the School:

The principal should provide a private room for questioning.

1. The Guam Education Policy Board wholeheartedly condemns any strategy, which would encourage the use of any student or employee as an undercover agent for law enforcement.
2. The Guam Education Policy Board is morally opposed to the concept that any other agency, department, business or organization is justified in suborning any student or employee of the Guam Public School System to bribery or promises of reward for performance of nefarious acts.
3. The Guam Education Policy Board unanimously endorses education for children in a healthy, mentally stimulating atmosphere and feels that education is its own reward.

**Board Policy d.473. Children’s Internet Protection Act: Internet content filtering/safety policy.**

In compliance with the Children’s Internet Protection Act (CIPA) and Regulations of the Federal Communications Commission (FCC), the Guam Department of Education (GDOE, District) has adopted and will enforce this Internet Safety Policy that ensures the use of technology protection measures (i.e.
filtering or blocking of access to certain material on the Internet) on all District computers with Internet access. Such technology protection measures apply to Internet access by both adults and minors with regard to visual depictions that are, or may be considered obscene, child pornography, or, with respect to the use of computers by minors, considered harmful to such students. Further, appropriate monitoring of online activities of minors as determined by the school administrator, will also be enforced to ensure the safety of students when accessing the internet.

The Guam Education Board’s (GEB) decision to utilize technology protection measures and other safety procedures for staff and students when accessing the Internet fosters the educational mission of the schools including the selection of appropriate teaching/instructional materials and activities to enhance the school’s programs. This policy will help ensure the safety of personnel and students while online.

However, no filtering technology can guarantee that staff and students will be prevented from accessing all inappropriate locations. Proper safety procedures, as deemed necessary by the applicable school administrators and division heads, will be enforced to ensure compliance with CIPA.

In addition to the use of technology protection measures, the monitoring of online activities and access by minors to inappropriate matter on the Internet and World Wide Web may include, but shall not be limited to, the following guidelines:

1. Ensuring the presence of a teacher and/or other appropriate district personnel when students are accessing the Internet including, but not limited to, the supervision of minors when using electronic mail, chat rooms, instant messaging and other forms of direct electronic communications. As determined by the appropriate school administrator, the use of email and chat rooms may be blocked as deemed necessary to ensure the safety of such students;

2. Monitoring logs of access in order to keep track of the web sites visited by students as a measure to restrict access to materials harmful to minors;

3. In compliance with this internet Safety Policy as well as the District’s Acceptable Use Policy, unauthorized access (including so-called “hacking”) and other unlawful activities Children’s Internet Protection Act: Internet Content Filtering / Safety Policy by minors are prohibited by the District and student violations of such policies may result in disciplinary action; and

4. Appropriate supervision and notification to minors regarding the prohibition as to unauthorized disclosure, use and dissemination of personal identification information regarding such students.

The determination of what is “inappropriate” for minors shall be determined by the District and/or designated school official(s). It is acknowledged that the determination of such “inappropriate” material may vary depending upon the circumstances of the situation and the age of the students involved in online research.

The terms “minor”, “child pornography,” “harmful to minors”, “obscene”, “technology protection measure”, “sexual act”, and “sexual contact” will be as defined in accordance with CIPA and other applicable laws/regulations as may be appropriate and implemented pursuant to the District’s educational mission.

Under certain specified circumstances, the blocking or filtering technology measure(s) may be disabled for adults engaged in bona fide research or other lawful purposes. The power to disable can only be exercised by an administrator, supervisor or other person authorized by the Guam Department of Education.

GDOE shall provide certification, pursuant to the requirements of CIPA, to document the District’s adoption and enforcement of its Internet Safety Policy, including the operation and enforcement of technology protection measures (i.e., block/filtering of access to certain material on the Internet) for all School District computers with Internet access.

Internet Safety Instruction:
In accordance with CIPA, GDOE will provide, to students in Kindergarten through 12th Grade, instruction designed to promote the proper and safe use of the internet. To be in compliance with FCC regulations for CIPA and E-Rate, GDOE is required to provide students instruction in appropriate online behavior, Social Networking and Cyber Bullying. Curricula for such a course of study shall be age appropriate and developed according to the needs and abilities of students at successive grade levels in order to provide awareness, skills, information and support to aid in the safe usage of the internet.

Notification/Authorization:

As adopted in Board Policy 379, GDOE’s Acceptable Use Policy and accompanying Regulations will be disseminated to parents and students in order to provide notice of the school’s requirements, expectations, and student’s obligations when accessing the internet.

Student’s use of the District’s computer system is conditioned upon written agreement by all students and their parents/guardians that student use of the district’s computer system will conform to the requirements of this policy and any regulations adopted to ensure acceptable use of the district’s computer system. All such Acceptable Use Agreements shall be kept on file by the Schools or Divisions and must be furnished upon request.

GDOE has provided reasonable public notice and has held at least one (1) public hearing or meeting to address the proposed Internet Content Filtering/Safety Policy prior to Board adoption. Furthermore, appropriate actions will be taken to ensure the ready availability to the public of the GDOE’s Internet Content Filtering/Safety Policy, as well as any other District policies relating to the use of technology.

Commonwealth of the Northern Mariana Islands
Compilation of School Discipline Laws and Regulations

Prepared: January 26, 2018
**Introduction**

This compilation presents school discipline-related laws and regulations for U.S. states, U.S. territories, and the District of Columbia, and, where available, links to education agency websites or resources related to school discipline and student conduct. The discipline laws and regulations presented in this compilation have been categorized by type of specific discipline issue covered, according to an organizational framework developed by the National Center for Safe and Supportive Learning Environments (NCSSLE). For example, one major category encompasses all laws or regulations governing states or territories that mandate specific disciplinary sanctions (such as suspension) for specific offenses (such as drug possession on school grounds). The school discipline laws and regulations were compiled through exhaustive searches of legislative websites that identified all laws and regulations relevant to each specific category. Compiled materials were subsequently reviewed by state education agency (SEA) representatives in the 50 states, Washington D.C., and the U.S. territories.

Discipline categories were not mutually exclusive. Laws and regulations often appeared across multiple categories. For jurisdictions with more extensive laws covering a breadth of topical areas, relevant sections were excerpted from the larger legislative text for inclusion in the appropriate discipline category. Laws, ordered by chapter and section number, appear first within each category followed by regulations. All laws and regulations listed within categories in the compilation also appear in the sources cited section of the document, which lists laws by chapter and section number and title, and where available, includes active hyperlinks to source websites supported or maintained by state legislatures. Additional links to government websites or resources are provided at the end of this document.

**Notes & Disclaimers**

To the best of the preparer’s knowledge, this Compilation of School Discipline Laws and Regulations is complete and current as of January 2018. Readers should also note that the information in this document was compiled from individual sources that are created by each jurisdiction and which are maintained and updated with varying frequencies. Readers should consult the source information provided directly in order to check for updates to laws and regulations reported in this document or to conduct further research.

For further information, including definitions of the different policy categories, please refer to the Discipline Laws and Regulations Compendium posted on the Center’s website.

      (A) To inspect and review the student’s educational records.
      (B) To request changes to the educational records to ensure that the records are not inaccurate, misleading, or otherwise in violation of the student’s privacy or other rights.
      (C) To consent to disclosures of personally identifiable information contained in the student’s educational records, except to the extent that federal and state law authorize disclosure without such consent; and
      (D) To obtain a copy of this section and guidelines.
   (ii) The annual notification will also inform parent/guardian and eligible students where copies of the section and guidelines are located.

§ 60-20-540. Library, media, and technology services; Student Internet usage.
(c) Parental Notification and Responsibility
   (1) The PSS will notify the parents about the PSS network and the policies governing its use. Parents must sign an agreement to allow their student to have an individual account. Parents may request alternative activities for their child(ren) that do not require internet access.
   (2) Parents have the right at any time to investigate the contents of their child(ren)’s e-mail files. Parents have the right to request the termination of their child(ren)’s individual account at any time.
(3) The PSS acceptable use policy contains restrictions on accessing inappropriate material. There is a wide range of material available on the internet, some of which may not be fitting with the particular values of the families of the students. It is not practically possible for the PSS to monitor and enforce a wide range of social values in student use of the internet. Further, the PSS recognizes that parents bear primary responsibility for transmitting their particular set of family values to their children. The PSS will encourage parents to specify to their child(ren) what material is and is not acceptable for their child(ren) to access through the PSS-ESN.

(4) The PSS will provide students and parents with guidelines for student safety while using the internet.

(5) (Optional, if dial-up access is provided) Parents are responsible for monitoring their student’s use of the internet when they are accessing the system from home.

REGULATIONS

§ 60-20-404. Searches by school personnel.
(a) Reasonable Suspicion
(1) Searches of students shall only be conducted when a school official has reasonable suspicion predicated on one or more of the following:
   (i) Reliable reports or information from credible sources made known to school officials. If the source is anonymous, the informant must show that the information has a relationship with the school or students so as to give it credibility.
   (ii) Suspicious or evasive behavior suggesting violation of a school policy or law, or concealment of contraband, weapons or stolen property.
   (iii) Observation of a student engaging in prohibited conduct or being in a restricted area.
(2) The more of these factors that are found, the greater the inference of reasonable suspicion. The school official may also take into account the student's history in the development of reasonable suspicion.
(b) Reasonable Scope
(1) The scope of the search conducted must be reasonably related to the objective sought and the evidence searched for. The search shall be no more intrusive than necessary to serve the school's legitimate objectives. In determining if the search is related to the objectives sought, the school official should consider:
   (i) The nature and severity of the violation to determine the permissible amount of intrusion into the student's privacy rights.
   (ii) The area to be searched so that it will be no more extensive than required to serve the school's legitimate objectives.
   (iii) The time and place where the search is conducted so that it will be as close as possible to the time and place of the suspected violation.
   (iv) The duration of the search so that it will be no longer than necessary to serve the school's legitimate objectives.
(2) Whenever reasonably possible the search should be conducted by school official who is the same sex as the student to be searched.
(c) Locker, Automobile and Desk Searches. Searches of lockers, desks, storage spaces and other property owned jointly by the PSS and the student may be conducted whenever reasonable suspicion
exists to believe that contraband, weapons or prohibited items are concealed therein. Notice of the joint 
ownership of lockers and desks shall be given to the student body at the beginning of each school year or 
more often as required. (See form 2150 for an example of such a notice).

(d) Canine Searches. Canine searches shall never be conducted on a student’s person and if undertaken, 
shall be restricted to desks, lockers and parking lots.

(e) Surveillance. Surveillance shall only be conducted in hallways, school buses and other areas open to 
public view where the students are permitted.

(f) Consent Searches. Whenever possible the student’s voluntary informed consent shall be sought 
before a search is conducted. However, searches normally should not be based solely on consent.

(g) Police Involvement. Police involvement shall be sought whenever school officials uncover evidence of 
a violation of Commonwealth or federal law or when school officials deem such involvement necessary or 
helpful in maintaining school discipline or safety.

(h) Reports. After a search has been conducted, school officials shall prepare a written report, specifically 
detailing the objectives of the search, the scope of the search, and the circumstances and information 
giving rise to reasonable suspicion for the search. Copies of the report shall be immediately filed with the 
Commissioner of Education and PSS legal counsel.

§ 60-20-462. Student vehicle use.

Building principals have the authority to regulate student use of automobiles at school. Use of school 
property for student parking purposes is a privilege that may be denied due to violation of PSS 
regulations and school policies. Student vehicles parked on PSS property are subject to search by school 
officials where there is reason to believe a vehicle contains materials prohibited by PSS regulations.

§ 60-20-540. Library, media, and technology services; Student Internet usage.

(e) Your Rights

(2) Searches and Seizure

(i) You should expect only limited privacy in the contents of your personal files on the PSS system. 
The situation is similar to the rights you have in the privacy of your locker.

(ii) Routine maintenance and monitoring of PSS-ESN may lead to discovery that you have violated 
this section, the student disciplinary code, or the law.

(iii) An individual search will be conducted if there is reasonable suspicion that you have violated this 
section, the student disciplinary code, or the law. The investigation will be reasonable and related to 
the suspected violation.

REGULATIONS

§ 60-20-450. Expulsion.
(a) Expulsion is permanent exclusion from public school attendance, school activities and school property. Expulsion shall be used only in severe cases, or where other means of corrective disciplinary action have failed, or where no other reasonable alternatives are available. An expulsion may be recommended if the student persistently engages in conduct that warrants suspension, or if the student by means of a single action evidences behavior that is serious enough to warrant removal to protect the rights or safety of others.
(b) Only the Commissioner of Education may expel a student. The principal recommending expulsion shall prepare written documentation in justification of such action.

§ 60-20-456. Discipline of students with disabilities.
(a) The obligation and the responsibility to attend school regularly and to comply with the Board’s discipline policies applies to all students. When appropriate, the PSS may discipline a student with a disability who is eligible for special education and related services under the Individuals with Disabilities Education Act (IDEA) in a manner that is consistent with the IDEA law and regulations and PSS policies, including the special education procedural manual, and applicable law.
(b) A special education student will be provided a free appropriate public education consistent with the IDEA if the student has been removed from school for more than ten school days in a school year. If a special education student is removed ten cumulative school days or less, special educational services will be provided only if such services are provided to students without disabilities who have been similarly removed.
(c) Please refer to applicable law and special education procedural manual.

REGULATIONS

§ 60-20-442. Detention.
(a) The provisions of a detention program for student violations of policies, rules and regulations shall provide principals with an additional alternative for dealing with disciplinary problems that occur in the schools. Detention is an assigned before-school and/or after-school period, during which student activity is closely monitored and severely restricted. Students will be required to adhere to all detention rules.
(b) School administrators and certified personnel detain students after normal school hours for a reasonable time provided the following conditions are observed, but not longer than daily instructional hours:
(1) Parents will be notified before detention so that transportation is arranged beforehand.
(2) The names of all students detained must be reported to the principal or designee.

§ 60-20-444. In-school suspension.
In-school suspension is a structured disciplinary action in which a student is removed from regular classroom activities, but is not dismissed from the school setting. The principal/designee may assign students to the in-school suspension program for a reasonable and specified period of time. All schools are required to have In-school Suspension policies that ensure students are provided instructional services during ISS.

§ 60-20-448. Suspension.
(e) When a student is suspended, the principal/designee shall attempt to reach the student's parent/guardian to inform them of the school’s action and to request that they come to school for the student. If the parent/guardian is unable to come for the student, the principal/designee may ask the parent/guardian for permission to send the student home. If the parent/guardian cannot be reached or if the above request is refused, the student must remain on school property until the close of the school day.

(f) The student's parent or guardian shall also be notified, in writing, on the day the suspension decision is made of the reason(s) for the suspension and the right of the student or parent or guardian to appeal the suspension to the Commissioner of Education within ten calendar days of the notification. Copies of all notifications shall be sent to the Commissioner of Education and the PSS legal counsel.

(g) The appeal procedures for suspensions of less than ten days are described in section (h) of this section (below). The appeal procedures for suspensions of ten days or more are described in § 60-20-452.

(h) If the parent and/or student wishes to appeal a suspension of ten days or less, the Commissioner of Education or a designee who shall be someone other than a principal, administrator or teacher in the suspended student's school, shall meet with the student and/or the parent or guardian to discuss the suspension. If the Commissioner of Education or designee finds that the student was suspended unfairly or unjustly, or that the suspension was inappropriate given the nature of the alleged offense, or that the student suffered undue consequences or penalties, the suspension may be overturned and any reference to the suspension in school records will be expunged. Such findings shall be made in writing within ten school days of the conference.

§ 60-20-450. Expulsion.
(a) Expulsion is permanent exclusion from public school attendance, school activities and school property. Expulsion shall be used only in severe cases, or where other means of corrective disciplinary action have failed, or where no other reasonable alternatives are available. An expulsion may be recommended if the student persistently engages in conduct that warrants suspension, or if the student by means of a single action evidences behavior that is serious enough to warrant removal to protect the rights or safety of others.

(b) Only the Commissioner of Education may expel a student. The principal recommending expulsion shall prepare written documentation in justification of such action.

(c) The Commissioner of Education reserves the right to exclude students for other than disciplinary reasons if the expulsion is deemed in the best interest of the student or the operation of the school (i.e. student with a contagious health problem).
(d) In the event of criminal conduct or other serious action committed by a student, the Commissioner of Education may expel the student immediately and for an unlimited period with a hearing to be held in accordance with § 60-20-452.

(e) Prior to any expulsion ordered by the Commissioner of Education, the student shall be advised by the principal or his designee of the specific conduct resulting in the action, the student shall be given the opportunity to explain his or her version of the facts surrounding the alleged misconduct and the student shall be advised of the applicable hearing procedures.

§ 60-20-452. Hearing procedures.

(a) A due process hearing will be held if requested by the student parent/guardian for suspensions of more than ten days and expulsions. The hearing will be closed unless the student, parent/guardian or others having custodial care requests an open hearing.

(b) Upon a determination by the principal or the Commissioner of Education that a suspension of more than ten days or an expulsion is necessary, the student and his/her parents or guardians must be sent on the same day the suspension or expulsion recommendation is made, a copy of PSS’s student disciplinary policy and written notice of the following:

(1) The Public School System’s intent to suspend the student for more than ten days or to expel the student;
(2) The charges that necessitate the suspension or expulsion;
(3) That a full and fair hearing will be held before an impartial adjudicator if requested, in writing, within ten days of notification; and
(4) Failure to request a hearing, in writing, within ten school days after being notified of the Public School System’s intention to suspend or expel the student shall constitute a waiver of the right to a hearing.

(c) In the event that a hearing is requested, the student may not be suspended for more than ten consecutive school days before the hearing is held and written notice of the following will be sent to the parents or guardian of the student:

(1) The place, date and time of the proposed hearing (allowing sufficient time for a defense to be prepared);
(2) The student’s right to legal counsel at his/her own expense;
(3) That the student will be given the opportunity to present evidence at the hearing including the testimony of witnesses;
(4) That the student will be given the opportunity to cross-examine opposing witnesses at the hearing; and
(5) The availability of a written record of the hearing. This section shall not be construed to prohibit the use of a recording device to record the hearing.

(d) Within ten school days, if practicable, after a hearing is requested in writing, the hearing shall be held. The hearing shall be an informal proceeding where relaxed evidence rules will apply.

(e) The Commissioner of Education or his/her designee shall preside and ensure that all of the aforementioned rights are afforded the student.

(f) If, based on the evidence presented at the hearing, the Commissioner of Education or his/her designee finds that the student has committed an act which warrants disciplinary action, he or she may order any appropriate disciplinary action, including, but not limited to, suspension or expulsion.

(g) When determining whether the disciplinary action and/or the length of suspension/expulsion is appropriate, the Commissioner of Education or his/her designee may consider the severity of the offense,
prior disciplinary actions taken against the student by the Public School System and any other prior bad acts of the student.

(h) Within ten school days after the conclusion of the hearing, the Commissioner of Education or his/her designee shall inform the student, parent or guardian of his/her decision. The decision must be in the form of a final, written opinion regarding whether or not any disciplinary action, such as expulsion or suspension, is warranted.

§ 60-20-454 Appeal to the board of education.

(a) The student and/or his or her parent or guardian shall have the right to appeal to the Commissioner of Education’s or his/her designee’s decision regarding a suspension of more than ten days or an expulsion to the Board of Education.

(b) The Board of Education must be notified, in writing, of the student’s and/or parent or guardian’s desire to appeal within ten school days from the date the student, parent or guardian was informed of the disciplinary decision.

(c) Once a disciplinary decision is appealed, the Board shall meet to review the decision within thirty calendar days of when the written notice of the appeal is received by the Board.

(d) The disciplinary decision of the Commissioner of Education or his/her designee shall remain in effect until the Board issues its own decision.

(e) The Board’s decision on appeal shall be based solely on the record developed at the expulsion or suspension hearing and the Commissioner of Education or designee’s written opinion. The Board shall review the suspension or expulsion solely on the record of the hearing and decision of the Commissioner of Education or his/her designee. The Board shall receive no new evidence.

(f) At the hearing the sole issue for the Board to determine is whether the Commissioner of Education’s or his/her designee’s decision to suspend or expel the student constitutes an abuse of authority. The Board of Education shall render its decision by a majority vote of those members in attendance.

(g) The Board does not have the authority to modify the Commissioner of Education’s or his/her designee’s expulsion decision. In such cases, the Board may either uphold the Commissioner of Education’s decision, overturn it completely, or overturn it and order that a new hearing be conducted in compliance with their order.

   (1) The student has been convicted of one of the offenses listed below.
   (2) The student been charged with one of the offenses and there has been no final judgment.

   (9) Kidnapping under the laws of the CNMI.
(e)(1) Nothing in this section shall be construed to prevent the PSS from imposing discipline under its regulations for conduct underlying the above-listed offenses, even if the adult charge or juvenile charge has been dismissed, or the student has been acquitted or adjudicated not to have committed such acts in a criminal or juvenile court - if by a preponderance of the evidence, it can be established that the student engaged in the underlying conduct. The PSS may enroll a student otherwise excluded under this section, in an alternative education program if the PSS determines that such enrollment is appropriate.

(2) Student denied enrollment because of conviction of one of the acts set out in this section or due to an existing suspension or expulsion from another school will be advised of the reasons for denial of enrollment and will be given an opportunity to respond to those reasons.

REGULATIONS

§ 60-20-490. Policy.
The Board of Education believes that maintaining an orderly, safe environment conducive to learning is an expectation of all staff members of the CNMI Public School System. An individual who is a teacher, administrator or school employee may, within the scope of that person’s employment, use the amount of force as is reasonable and necessary to accomplish the following purposes:

(a) To retrain a student from an act of wrongdoing;
(b) To quell a disturbance threatening physical injury to self or others.

§ 60-20-491. Definitions.

(a) "Extended restraint": A physical restraint the duration of which is more than twenty minutes. Extended restraints increase the risk of injury and, therefore, require additional written documentation as described in this regulation.
(b) "Physical escort": Touching or holding a student without the use of force for the purpose of directing the student.
(c) "Physical restraint": The use of bodily force to limit a student's freedom of movement.
(d) "Restraint" - Other: Limiting the physical freedom of an individual student by mechanical means or seclusion in a limited space or location, or temporarily controlling the behavior of a student by chemical means. The use of chemical or mechanical restraint is prohibited unless explicitly authorized by a physician and approved in writing by the parent or guardian.

(1) "Mechanical Restraint": The use of a physical device to restrict the movement of a student or the movement or normal function of a portion of his or her body. A protective or stabilizing device ordered by a physician shall not be considered mechanical restraint.
(2) "Seclusion Restraint": Physically confining a student alone in a room or limited space without access to school staff. The use of “time out” procedures during which a staff member remains accessible to the student shall not be considered “seclusion restraint.”
(3) "Chemical restraint": The administration of medication for the purpose of restraint.
§ 60-50-492. Procedures and training.

(a) Procedures. The Commissioner of Education or his/her designee shall develop written procedures regarding appropriate responses to student behavior that may require immediate intervention. Such procedures shall be annually reviewed and provided to school staff and made available to parents of enrolled students. Such procedures shall include, but not be limited to:

1. Methods for preventing student violence, self-injurious behavior, and suicide, including de-escalation of potentially dangerous behavior occurring among groups of students or with an individual student;
2. PSS policy regarding restraint that provides a description and explanation of the method of physical restraint, a description of the training requirements, reporting requirements and follow-up procedures, and a procedure for receiving and investigating complaints regarding restraint practices.

(b) Required training for all staff. Each principal or director shall determine a time and method to provide all program staff with training regarding the PSS’s restraint policy. Such training shall occur within the first month of each school year and, for employees hired after the school year begins, within a month of their employment. Training shall include information on the following:

1. The program's restraint policy;
2. Interventions that may preclude the need for restraint, including de-escalation of problematic behaviors;
3. Types of restraints and related safety considerations, including information regarding the increased risk of injury to a student when an extended restraint is used; and
4. Administering physical restraint in accordance with known medical or psychological limitations and/or behavioral intervention plans applicable to an individual student.

(c) In-depth staff training in the use of physical restraint. At the beginning of each school year, the Commissioner or his/her designee shall identify PSS staff that are authorized to serve as a school-wide resource to assist in ensuring proper administration of physical restraint. Such staff shall participate in in-depth training in the use of physical restraint.

1. Content of in-depth training. In-depth training in the proper administration of physical restraint shall include, but not be limited to:
   i. Appropriate procedures for preventing the need for restraint, including the de-escalation of problematic behavior, relationship building and the use of alternatives to restraint;
   ii. A description and identification of dangerous behaviors on the part of students that may indicate the need for physical restraint and methods for evaluating the risk of harm in individual situations in order to determine whether the use of restraint is warranted;
   iii. The simulated experience of administering and receiving physical restraint, instruction regarding the effect(s) on the person restrained, including instruction on monitoring physical signs of distress and obtaining medical assistance;
   iv. Instruction regarding documentation and reporting requirements and investigation of injuries and complaints; and
   v. Demonstration by participants of proficiency in administering physical restraint.

§ 60-20-493. Determining when physical restraint may be used.

(a) Use of restraint. Physical restraint may be used only in the following circumstances:

1. Non-physical interventions would not be effective; and
2. The student's behavior poses a threat of imminent, serious, physical harm to self and/or others.
(b) Limitations on use of restraint. Physical restraint in a public education program shall be limited to the use of such reasonable force as is necessary to protect a student or another member of the school community from assault or imminent, serious, physical harm.

(c) Prohibitions. Physical restraint is prohibited in the following circumstances:

(1) As a means of punishment; or

(2) For the convenience of staff; or

(3) As a substitute for less restrictive alternatives; or

(4) As a response to property destruction, disruption of school order, a student's refusal to comply with a school rule or staff directive, or verbal threats that do not constitute a threat of imminent, serious, physical harm; or

(d) Referral to law enforcement or other public agencies. Nothing in these regulations prohibits:

(1) The right of any individual to report to appropriate authorities a crime committed by a student or other individual;

(2) Law enforcement, judicial authorities, or school security personnel from exercising their responsibilities, including the physical detainment of a student or other person alleged to have committed a crime or posing a security risk; or

(3) The exercise of an individual's responsibilities as a mandated reporter pursuant to BOE, CNMI and Federal regulation. These regulations shall not be used to deter any individual from reporting neglect or abuse to an appropriate public agency.

§ 60-20-494. Proper administration of physical restraint.

(a) Trained personnel. Only school personnel who have received training pursuant to this subpart shall administer physical restraint on students. Whenever possible, the administration of a restraint shall be witnessed by at least one adult who does not participate in the restraint. The training requirements contained herein shall not preclude a teacher or employee of PSS from using reasonable force to protect students, other persons or themselves from assault or imminent, serious, physical harm.

(b) Use of force. A person administering a physical restraint shall use only the amount of force necessary to protect the student or others from physical injury or harm.

(c) Safest method. A person administering physical restraint shall use the safest method available and appropriate to the situation subject to the safety requirements. Floor or prone restraints shall be prohibited unless the staff member administering the restraint has received in-depth training and, in the judgment of the trained staff member, such method is required to provide safety for the student or others present;

(d) Duration of restraint. A person administering physical restraint shall discontinue such restraint as soon as possible. If, due to unusual circumstances, a restraint continues for more than twenty minutes, it shall be considered an "extended restraint" for purposes of the reporting requirements.

(e) Safety requirements. Additional requirements for the use of physical restraint:

(1) No restraint shall be administered in such a way that the student is prevented from breathing or speaking. During the administration of a restraint, a staff member shall continuously monitor the physical status of the student, including skin color and respiration. A restraint shall be released immediately upon a determination by the staff member administering the restraint that the student is no longer at risk of causing imminent physical harm to him or herself or others.

(2) Restraint shall be administered in such a way so as to prevent or minimize physical harm. If, at any time during a physical restraint, the student demonstrates significant physical distress, the student shall be released from the restraint immediately, and school staff shall take steps to seek medical assistance.
(3) Program staff shall review and consider any known medical or psychological limitations and/or behavioral intervention plans regarding the use of physical restraint on an individual student.

(4) Following the release of a student from a restraint, the program shall implement follow-up procedures. These procedures shall include reviewing the incident with the student to address the behavior that precipitated the restraint, reviewing the incident with the staff person(s) who administered the restraint to discuss whether proper restraint procedures were followed, and consideration of whether any follow-up is appropriate for students who witnessed the incident.

§ 60-20-495. Reporting requirements.

(a) Circumstances under which a physical restraint must be reported.

   (1) PSS staff shall report the use of physical restraint after administration of a physical restraint that results in any injury to a student or staff member, or any physical restraint of duration longer than five minutes.

(b) Informing school administration.

   (1) The PSS staff who administered the restraint shall verbally inform the administration of the restraint as soon as possible and by written report no later than the next school working day.

   (2) The written report shall be provided to the principal or his/her designee, except that the principal or director shall prepare the report if the principal or director has administered the restraint.

   (3) The principal or director or his/her designee shall maintain an on-going record of all reported instances of physical restraint.

(c) Informing parents.

   (1) The principal or his/her designee shall verbally inform the student’s parents or guardians of the restraint as soon as possible, and by written report no later than three school working days following the use of restraint.

(d) Contents of report. The written report shall include:

   (1) The names and job titles of the staff who administered the restraint, and observers, if any; the date of the restraint; the time the restraint began and ended; and the name of the administrator who was verbally informed following the restraint.

   (2) A description of the activity in which the restrained student and other students and staff in the same room or vicinity were engaged immediately preceding the use of physical restraint; the behavior that prompted the restraint; the efforts made to de-escalate the situation; alternatives to restraint that were attempted; and the justification for initiating physical restraint.

   (3) A description of the administration of the restraint including the holds used and reasons such holds were necessary; the student’s behavior and reactions during the restraint; how the restraint ended; and documentation of injury to the student and/or staff, if any, during the restraint and any medical care provided.

   (4) For extended restraints, the written report shall describe the alternatives to extended restraint that were attempted, the outcome of those efforts, and the justification for administering the extended restraint.

   (5) Information regarding any further action(s) that the school has taken or may take, including any disciplinary sanctions that may be imposed on the student.

   (6) Information regarding opportunities for the student’s parents or guardians to discuss with school officials the administration of the restraint, any disciplinary sanctions that may be imposed on the student, and/or any other related matter.
§ 60-20-496. Students with disabilities.
(a) Students with Disabilities. Restraint administered to a student with a disability pursuant to an Individualized Education Plan (“IEP”) or other written plan developed in accordance with local and federal law shall be deemed to meet the requirements of this regulation, except that the limitations on chemical, mechanical, and seclusion restraint, the training requirements, and the reporting requirements set forth in this subpart shall apply.

§ 60-20-530. Alternative learning settings.
(a) Pursuant to CNMI law (3 CMC § 1132), the Board “shall establish and provide such academic and vocational programs as are appropriate and beneficial to the students and shall serve the needs of the community.” As part of this responsibility, the Board has adopted this section to address instructional programs for students at-risk and to establish alternative learning settings to enable students to achieve their educational goals and requirements, such as grade promotions and high school graduation.

(b) Advanced Development Institute (ADI)
   (1) ADI is an alternative high school program. The purpose of ADI is to allow students aged sixteen and older, who have not completed high school, to achieve success by making a positive connection with academic and vocational training, employers and work, mentors and tutors, families and community in an atmosphere that is welcoming, comfortable and sensitive to their individual needs, skills and learning styles. ADI teaches students to develop their critical, creative, communication and occupational skills through course offerings including reading and writing, consumer economics, health, government and law, occupational knowledge, and community resources. Graduates of ADI move into the private and public workforce with the skills necessary to achieve success.
   (2) The CNMI Board of Education is authorized by law and Board regulations to award diplomas for secondary education. Graduates of ADI must complete two phases to receive an alternative high school diploma. The first phase consists of the ADI academic courses, including English, math, community resources, consumer economics, government and law, occupational knowledge and health. Five academic courses in the first phase must be passed. The second phase requires the students to gain career experience through a vocational or occupational program at a post-secondary institution or by working or volunteering in the community.
   (3) A minimum of ninety minutes of daily instructional time shall be provided to students in the alternative high school program of ADI. The subjects are the academic courses in the first phase listed above. Any departure from the time and/or subject requirements will require express prior approval from the Commissioner of Education that is subject to Board review upon request.

(c) Lina’la’ Malawasch Academy (LMA). The Lina’la’ Malawasch Academy (LMA) is an alternative learning setting for students grades seven and eight who have demonstrated behavioral problems that require intervention. Lina’la’ malawasch means life, well-being and a new beginning in the Chamorro and Carolinian languages. The goal of LMA is to offer a second chance to students by creating an environment for students to improve their behavior, attendance and academic performance to enable them to reenter the general student population and proceed towards graduation from high school. The
academic requirements for LMA students are similar to the PSS requirements and Board regulations regarding other junior high school students.

REGULATIONS

(a) The Board is the governing and policy-making body of the Department of Education. The Board establishes policy, and the Department of Education implements policy and administers programs, which shall include but are not limited to the following:

(7) Enforcement of standards of attendance and laws pertaining to compulsory attendance.

§ 60-20-420. Student attendance.
The Public School System recognizes two types of absences: excused or unexcused.

(a) Excused absence is absence necessitated because of illness or death in the family, or absence with the written approval of parent/guardian when such approval is not inconsistent with the academic needs of the student as determined by the principal.

(b) Unexcused absences are those which are not excused. They may generally be categorized as being of such a nature that prudence would have avoided or precluded the absence. Suspensions and expulsions are considered unexcused absences.

(c) All students who participate in sanctioned school activities that remove the student from regular classroom attendance shall be considered as present. Sanctioned activities must have an educational purpose and students must make up any lesson or assignment missed as a result of such activity. Educational purposes include the discovery and understanding of life skills, community awareness, cultural diversity, language development, natural resources, social structures, political systems, historical perspectives and character development.

(d) School principals/designees have the authority to make determination of whether or not an absence will be considered excused or unexcused.

(e) Student Absences

(1) Secondary school students (grades 7-12) who incur thirteen or more unexcused absences in a course during one semester shall be considered excessively absent and shall not receive a passing grade for that course for that semester. Students under block scheduling who incur seven or more unexcused absences during a term shall be considered excessively absent and shall not receive a passing grade for that course during that term.

(2) Secondary students who do not receive a passing grade for a semester as a result of excessive absences shall receive a "no credit" (NC or 0.00) on their academic record, irrespective of the grade the student would have received before the excessive absences. The course must be repeated and the no credit may be deleted only upon successful completion of the repeated course.

(3) Elementary school students with 25 or more absences in a school year will not receive credit and will not be promoted, unless an exemption is granted by the Commissioner.

(4) For the purpose of this section, three unexcused tardies within a term or semester from a course/class shall equal one unexcused absence from the course/class for that term or semester.

(f) Tardiness. The term tardy is defined as being late to school, class or an activity with or without permission of parent/guardian. A student is considered tardy if he/she arrives after the designated time of the class or activity, regardless of whether the student is late by five minutes or fifteen minutes. A student who misses more than half of the class or activity shall be considered absent for the entire class or activity.

(g) Counseling for Absenteeism and Tardiness Problems. The teacher should counsel those students who are developing a pattern of being absent and/or tardy. The teacher will refer to a school
administrator specifically designated by the school principal to handle such problems, those students who, in the teacher’s judgment, are not making progress toward correcting the problem.

(1) Upon the first referral by a teacher, the administrator should attempt to determine the nature of the problem, inform the student and the student’s parent/guardian of the absence and tardy policy and regulation.

(2) The teacher must refer the student to a school administrator and a parent conference must be held to discuss the problem and to explain the Board regulations and any appropriate discipline alternatives under the following circumstances:

   (i) Under block scheduling, after the third unexcused absence or sixth tardy in a quarter.

   (ii) For secondary schools without block scheduling, after the sixth tardy or sixth unexcused absence in a semester.

   (iii) For elementary schools, after the sixth tardy in a semester or the sixth unexcused absence in a semester.

(3) In addition to counseling after teacher referrals, principals shall require doctor’s excuses for absences in the following circumstances, unless a waiver for the absence is obtained from the school principal:

   (i) Under block scheduling, a doctor’s excuse will be required for any absence after the third in a term.

   (ii) For secondary schools without block scheduling, a doctor’s excuse will be required for any absence after the sixth in a semester.

   (iii) For elementary schools, a doctor’s excuse will be required for any absence after the sixth in a semester.

(h) Absenteeism and/or tardiness problems for special education students must be referred to the student’s IEP team to address the problem and discuss any appropriate learning and/or disciplinary alternatives.

§ 60-20-426. Truancy and educational neglect procedures.

(a) Truancy

(1) The principal upon receiving a report from a teacher that a student has accumulated two unexplained absence shall immediately provide counseling to the truant student and promptly issue a truancy report to the student’s parent/guardian with a copy provided to the Commissioner of Education. The report shall include recommendation(s) by the school prescribing corrective measures for parent/guardian and student. Any repeated truancy by the student shall be reported to the Division of Youth Services, Community and Cultural Affairs Offices for counseling and other necessary actions, and parent-teacher conferences may also be held.

(2) The Division of Youth Services shall have access to student records with or without prior parent/guardian approval as stated in § 60-20-428. However, such privilege is limited only to the particular caseworker and/or counselor assigned to the case.

(3) All communication with a student’s parent/guardian and student contact and reports from referral agencies must be accurately recorded in writing and filed in the student’s cumulative folder.

(b) Educational Neglect

(1) Commonwealth law requires that any parent, guardian or other person responsible for a child between the age of six and sixteen shall send the child to a public or nonpublic* unless the Commissioner of Education grants a waiver. 3 CMC § 1141.
(2) Educational neglect may be defined as when a person who is responsible for a child six through sixteen who through willful or negligent act or omission fails to provide the child with adequate supervision to ensure attendance at school. Individuals who commit educational neglect are subject to criminal prosecution in accordance with the law.

(3) School employees who suspect that a child is subject to educational neglect shall report this as soon as possible to the principal/designee.

(4) The principal/designee shall review the report and confer with the parent/guardian to resolve the situation. When appropriate, a school counselor, social worker, or nurse may be instructed to offer any appropriate social or health services.

(5) If appropriate school intervention does not correct the student’s truancy, and reasonable cause for educational neglect has been determined, the principal/designee shall call the Division of Youth Services and report the alleged child educational neglect. A report of this call shall be forwarded to the Commissioner and carbon copied to PSS legal counsel.

§ 60-20-446. Offense categories.
The offense categories set out in this section are intended to be illustrative but not an exclusive listing of acts of misconduct and the consequences for each. Misconduct that is not specifically listed in this section may be deemed to warrant discipline up to and including expulsion following provision of all due process procedures. In addition, the disciplinary consequence listed for each offense may be increased or decreased by the administration or the Board due to mitigating or aggravating circumstances.

(a) Category I - Examples of offenses which may result in suspension:

REGULATIONS

§ 60-20-401. Discrimination and harassment prohibited.
(a) All students, employees and parents have the right to be free from discrimination and harassment on the basis of race, creed, religion, color, sex, sexual orientation, national origin, age, cultural or socio-
economic status or disabling condition. Employees shall not participate in, or permit others to engage in, any act of discrimination against students, parents or coworkers based on the above factors or in retaliation for the exercise of any of their rights.

(b) Definitions

(1) Discrimination is the singling out of a person or persons for different treatment, regardless whether good or bad, based on the factors listed above. Discrimination includes not only the creation of a hostile environment, but also favoritism based on any of these factors. Simply put, students and employees are required to treat all persons equally.

(2) Harassment may be defined as abusive behavior or other verbal or physical conduct towards a person based on that person's sex, sexual orientation, race, creed, color, religion, national origin, age, cultural or socio-economic status or disabling condition which has the purpose or effect of creating an intimidating, hostile or offensive environment that interferes with a student’s participation in or receipt of benefits, services or opportunities in a school's programs and activities. Examples of harassment include, but are not limited to, jokes, comments, slurs, epithets and disparaging remarks.

(c) Complaints

(1) Any student who believes that he or she is a victim of discrimination or harassment should report the matter immediately to the building principal. If the student feels more comfortable speaking to someone other than the building principal, the student may inform any teacher, counselor or the PSS EEO Officer. If the situation is not satisfactorily resolved by the building principal, the student or parent should contact the PSS EEO Officer.

(2) Students, parents and employees should review § 60-20-402 for more information regarding sexual harassment and follow the procedures set forth in § 60-20-402 to address discrimination or harassment of any kind on the basis of race, creed, religion, color, sex, sexual orientation, national origin, age, cultural or socioeconomic status or disabling condition.

(3) There will be no retaliation against, or adverse treatment of any student who uses this procedure to resolve a concern when such complaint has been brought in the good faith belief that the complainant has been subjected to discrimination or harassment.

(4) The responsible administrator shall follow up regularly with the complaining student to ensure that the discrimination and/or harassment has stopped and that no retaliation has occurred.

(d) Discipline/Consequences

(1) Any student who engages in discrimination and/or harassment while on school property or while participating in school activities will be subject to disciplinary action, up to and including expulsion.

(2) Any employee who permits or engages in the discrimination and/or harassment of students will be subject to disciplinary action, up to and including dismissal.

(3) Any employee who receives a complaint of discrimination and/or harassment from a student and who does not act promptly to forward that complaint to the principal and PSS EEO Officer shall be disciplined appropriately.

(4) Any student who brings a false charge of discrimination and/or harassment shall receive appropriate discipline. The term “false charge” means charges brought in bad faith, that is, without the good faith belief that one has been subjected to sexual harassment. The term “false charge” does not include a charge that was brought be good faith but which the PSS was unable to substantiate.

(e) The PSS EEO Officer will be available to answer all questions regarding this regulation or its implementation.
§ 60-20-402. Sexual harassment of students.

The Board of Education is committed to maintaining a learning environment for its students that is free from sexual harassment. Furthermore, the Board of Education strongly believes that no person in the PSS shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any educational program or activity.

(a) Definition of Sexual Harassment

(1) Title IX forbids discrimination on the basis of sex in any educational program or activity that receives federal funds. This includes a prohibition on sexual harassment. The Office for Civil Rights of the U.S. Department of Education defines sexual harassment under title IX as follows: “Verbal or physical conduct of a sexual nature, imposed on the basis of sex, by an employee or agent of a recipient that denies, limits, provides different, or conditions the provisions of aid, benefits, services or treatment protected under title IX.”

(2) Sexual harassment under title IX includes, but is not limited to, unwelcome sexual advances, requests for sexual favors, and verbal or physical conduct of a sexual nature when:

(i) Submission to such conduct is made either implicitly or explicitly a term or condition of an individual's academic status or progress, or employment.

(ii) Submission to or rejection of such conduct by an individual is the basis for educational or employment decisions affecting that individual.

(iii) Such conduct creates an intimidating, hostile, or offensive educational or work environment.

(iv) Qualified students are denied educational or employment opportunities or benefits because the opportunities or benefits are given to another student or employee who submitted to sexual advances or requests for sexual favors. Sexual harassment of students by adults who otherwise come within this policy is absolutely prohibited regardless of whether the conduct is “welcome.”

(b) Examples of Sexual Harassment

(1) Unwelcome Sexual Advances. Whether the advance is “unwelcome” is determined on a case-by-case basis. Unwelcome advances may include, but are not limited to, the following:

(i) Any invitation (even subtle) intended to result in a sexual liaison.

(ii) Invitations to dinner or social events, when refusal results in the loss of academic status or in other adverse educational decisions.

(iii) Propositioning a student.

(2) Unwelcome Verbal Conduct of a Sexual Nature. This may include, but is not limited to, the following:

(i) Sexually provocative or explicit speech.

(ii) Publicly expressed sexual fantasies.

(iii) Jokes of a sexual or crude nature.

(iv) Derogatory comments directed to males or females as a class (language directed toward a specific student is more likely to be viewed as sexual harassment).

(v) Demeaning comments.

(vi) Threats for not agreeing to submit to sexual advances.

(vii) Writing sexually explicit memos.

(3) Unwelcome Physical Conduct of a Sexual Nature. This may include, but is not limited to, the following:

(i) Grabbing or twisting an individual’s arm.
(ii) Any unwarranted touching.
(iii) Sexually offensive pranks.
(iv) Drawing sexually explicit cartoons, other drawings, or graffiti.
(v) Gestures indicating sexual behavior.
(vi) Suggestive winks.
(vii) Kissing.

(4) Student Specific. In addition to the foregoing examples, students may experience harassment that is unique to their situation, some of which may not be immediately recognized as sexual harassment. Such harassment may include, but is not limited to, the following:

(i) Unwanted sexual behavior, such as touching, oral comments, sexual name calling, spreading sexual rumors, jokes, pictures, leers, overly personal conversation, cornering or blocking a student’s movement, pulling at clothes, students “making out” on school premises.

(ii) A student in a predominately single-gender class who is subjected to sexual remarks by a teacher or students who regard the comments as joking and part of the usual class environment.

(iii) Interfering with a student’s achievement in a predominately or historically single-gender class by hiding tools or equipment, questioning the student’s ability to handle the work, or suggesting that the student is “abnormal” for enrolling in the class.

(iv) Purposefully limiting or denying students access to educational resources because of their gender.

(v) Teasing a student about the student’s enrollment in a predominately or historically single-gender class. Sexual harassment of students by adults who otherwise come within this policy is absolutely prohibited regardless of whether the conduct is “welcome.”

(c) Nature of Sexual Harassment. Sexual harassment is not limited to conduct by males toward females. Sexual harassment may occur between any or all of the following:

(1) Student to student.
(2) Staff to student.
(3) Student to staff.
(4) Male to male.
(5) Female to female.
(6) Male to female.
(7) Female to male.

(d) Investigation of Sexual Harassment Complaints

(1) If a student believes he/she is being sexually harassed, the student should bring the concern to the attention of the building principal.

(2) If the student feels that such contact with the building principal would be inappropriate or if the student simply feels more comfortable speaking to someone other than the building principal, the student may inform any teacher, counselor or the PSS EEO Officer for the PSS. If the situation is not satisfactorily resolved by the building principal, the student should contact the PSS EEO Officer.

(3) If neither the student’s building principal nor the PSS EEO Officer is of the same sex as the student, or the student for any other reason would prefer to report the student’s concern to another administrator within the PSS, the student may do so. However, it is essential that the report be made to someone with the authority and obligation to act upon the concern.
(4) Any teacher, counselor, or administrator who receives a report, orally or in writing, from any student regarding sexual harassment of that student or another student by a student or adult in the educational setting must forward that report to the building principal and the PSS EEO Officer within twenty-four hours, or within a reasonable extension of time thereafter, for good cause shown.

(5) Oral complaints of sexual harassment will be put in writing by the complainant or by the person who receives the complaint, and should be signed by the complainant. However, the complainant’s refusal to sign a complaint does not relieve the PSS of the obligation to investigate the complaint.

(6) A student who believes that he/she has been subjected to sexual harassment shall not be required to confront the alleged harasser prior to making the report.

(7) Following receipt of the report, PSS personnel will promptly and fully investigate the complaint and will notify the student and the alleged harasser of the results of the investigation. Investigations will be conducted with full recognition of the rights of all parties involved.

(8) Upon receipt of the report, the principal and/or the PSS EEO Officer will appoint an investigator to investigate the complaint. Such investigation shall commence within forty-eight hours after such appointment.

(9) The PSS will maintain the confidentiality of the complaint and the details of the investigation to the fullest extent possible.

(10) The investigator will put his/her findings in writing and will forward a copy to the principal and the PSS EEO Officer within two weeks after concluding the investigation, or within a reasonable extension of time thereafter, for good cause shown.

(11) If the investigation substantiates the complaint, the PSS will take appropriate disciplinary action against the offender(s), commensurate to the severity of the harassment (up to and including termination of employment). If the offender is another student, disciplinary action will be taken in accordance with Board policies and regulations. If the offender is not an employee of the PSS, the PSS will take appropriate action within the scope of its authority to eliminate and redress the harassment.

(12) If the investigation is indeterminate, the matter will still be designated as unresolved, and the investigation file will be maintained by the PSS EEO Officer in a file separate and apart from any student or personnel file.

(13) There will be no retaliation against or adverse treatment of any student who uses this procedure to resolve a concern when such complaint has been brought in the good faith belief that the complainant has been subjected to sexual harassment.

(14) The responsible administrator shall follow up regularly with the complaining student to ensure that the harassment has stopped and that no retaliation has occurred.

(e) Enforcement. Each building administrator is responsible for maintaining an educational and work environment free from sexual harassment. Principals shall take appropriate action to ensure that the students are aware of and knowledgeable about these policies and that discipline action is taken whenever warranted. In accordance with their responsibilities, each building administrator, or his/her designee, shall take appropriate actions to enforce the PSS’s sexual harassment policy, including but not limited to following:

(1) All vulgar or sexually offensive graffiti shall be removed from the premises.

(2) The building administrator shall provide an in-service regarding sexual harassment (including sexual harassment involving students) to all staff by the end of the first four calendar weeks of school.
(3) Student instruction regarding sexual harassment shall be provided annually by the end of September to all students in grades six through twelve. Age appropriate instruction will also be presented to pre-kindergarten through fifth grade students.

(4) Designated teachers shall discuss this policy with their students within one month after its adoption by the Board and during the first week of the school year thereafter. Written copies of the policy shall be given to each student in grades six through twelve (and in lower grades as may be appropriate) as part of these discussions. Discussion shall be conducted in age appropriate manner and should assure students they need not tolerate any form of sexual harassment.

(5) All teacher, counselors, and administrators shall instruct students on the procedures for reporting sexual harassment within the educational setting on an as-needed basis.

(6) The building administrator shall take prompt action to investigate all complaints of sexual harassment.

(7) The building administrator shall take appropriate disciplinary action, as necessary.

(f) Notifications. A copy of the PSS sexual harassment policy shall:

(1) Be included in the notifications that are sent to parents/guardians at the beginning of each school year.

(2) Be displayed in a prominent location near each school principal’s office.

(3) Be included in any orientation program conducted for new students in grades six through twelve.

(4) Appear in any PSS or Board of Education publication that sets forth the PSS or building’s comprehensive rules, regulations, procedures, and standards of conduct for students.

(g) Discipline/Consequences

(1) Any student who engages in sexual harassment while on school property or while participating in school activities will be subject to disciplinary action, up to and including expulsion.

(2) Any employee who permits or engages in the sexual harassment of students will be subject to disciplinary action, up to and including dismissal.

(3) Any employee who receives a complaint of sexual harassment from a student and who does not act promptly to forward that complaint to the principal and PSS EEO Officer shall be disciplined appropriately.

(4) Any student who brings a false charge of sexual harassment shall receive appropriate discipline. The term “false charge” mean charges brought in bad faith, that is, without the good faith belief that one has been subjected to sexual harassment. The term “false charge” does not include a charge that was brought in good faith but which the PSS was unable to substantiate.

(5) The PSS EEO Officer will be available to answer all questions regarding this regulation or its implementation.

(h) Title IX Grievance Procedure (Sexual Harassment)

(1) Level 1: Principal or Immediate Supervisor (informal and optional - may be bypassed by grievant). An informal meeting with the parties and the principal or the PSS EEO Officer can solve many problems. A student who believes that he/she has been subjected to sexual harassment is encouraged to first discuss it with the teacher, counselor, or building administrator involved with the objective of resolving the matter promptly and informally. If the individual’s teacher/supervisor is the person alleged to have engaged in sexual harassment then the grievant should skip level 1 and go directly to level 2.

(2) Level 2: The Investigation
(i) If the complaint or issue is not resolved at level 1 or if the grievant chooses to skip level 1, the grievant may file a signed, written grievance stating:
   (A) The nature of the grievance;
   (B) The remedy requested; and
   (C) The date the grievance was submitted. The level 2 written grievance should be filed with the PSS EEO Officer within fifteen days of the event or incident, or from the date the grievant could reasonably become aware of such occurrence.

(ii) The PSS EEO Officer may appoint an investigator to investigate a written grievance. If possible, the investigator will resolve the grievance. If the parties cannot agree on a resolution, the PSS EEO Office or appointed investigator will prepare a written report of the investigation that shall include:
   (A) A clear statement of the allegations of the grievance and remedy sought by the grievant.
   (B) A statement of the facts as contended by each of the parties.
   (C) A statement of the facts as found by the appointed investigator and identification of evidence to support each fact.
   (D) A list of all witnesses interviewed and documents reviewed during the investigation.
   (E) A narrative describing attempts to resolve the grievance.
   (F) The appointed investigator’s conclusion as to whether the allegations in the grievance are meritorious.

(iii) The investigator shall consult with the EEO Officer during the investigation and attempted resolution of the grievance.

(iv) The appointed investigator will complete the investigation and file the report within thirty days after receipt of the written grievance. The investigator shall file the report with the EEO Officer and the EEO officer will make any necessary recommendations and forward the report to the Commissioner’s office.

(v) If the Commissioner/designee agrees with the recommendations of PSS EEO Officer, the recommendations will be implemented. The Commissioner/designee will inform the grievant in writing of his or her decision and any action that will be taken.

(3) Level 3: The Board of Education. If the Commissioner rejects the recommendations of the EEO Officer, and/or either party is not satisfied with the recommendations from level 2, either party may make a written appeal within ten days of receiving the report of the Commissioner to the Board of Education. On receipt of the written appeal, the matter shall be placed on the agenda of the Board of Education for consideration within thirty days. A decision shall be made and reported in writing to all parties within thirty days of that meeting. The decision of the Board of Education will be final.

(4) Other Options for Grievant. At any time during this process, a grievant may file a complaint with the U.S. Department of Education, Office for Civil Rights, the Equal Employment Opportunity Commission and/or the Federal Omnibudsman to the Commonwealth.

**REGULATIONS**

§ 60-20-404. Searches by school personnel.
(g) Police Involvement. Police involvement shall be sought whenever school officials uncover evidence of a violation of Commonwealth or federal law or when school officials deem such involvement necessary or helpful in maintaining school discipline or safety.

§ 60-20-406. Releasing and referring students to the department of public safety.
The following guidelines are to be used by school administrators when considering referring students to the Department of Public Safety (DPS) for conduct committed on campus:
(a) It is the responsibility of all citizens who have direct knowledge of a committed felony to report it to DPS. If a student is suspected of committing a felony, the school administrator must report it to DPS.
(See also policy and regulation 2670 and § 60-20-472 - Reporting Violent Behavior and Student Abuse.)

(b) In cases involving a misdemeanor, the principal must exercise his/her professional judgment whether to report the student to DPS. In general, the more serious the misdemeanor, the greater likelihood it should be referred to DPS. Minor infractions (e.g. a minor caught smoking a cigarette) should be dealt with at the school level.

(c) All incidents involving the use of dangerous weapons should be reported to DPS. (See policy and regulation 2670.)

(d) If a principal or school administrator has evidence of a crime in progress, he/she has the authority to make a citizen’s arrest and then must report the crime to DPS immediately.

(e) Upon arriving on campus, DPS personnel must report first to the principal’s office. The only exception to first reporting to principal’s office is when there is a crime in progress. DPS then has the right to make an immediate arrest and report afterwards to the principal’s office.

(f) No student is to be turned over to a non-uniformed policeman without verifying his/her proper identification.

(g) Whenever a student is turned over to DPS, it is the responsibility of the school administrator to immediately notify the student’s parent/guardian.

§ 60-20-408. Employees of department of public safety on campus.
Whenever a student is on campus during school operating hours and is wanted by the Department of Public Safety (DPS) for an alleged offense(s) not reported by the school, the following guidelines shall apply:

(a) In all cases, upon arriving on campus, DPS personnel must report first to the principal’s office to inform the principal of the student(s) sought by DPS and to explain the purpose of their visit to the school. The only exception to first reporting to the principal’s office is when there is a crime in progress. DPS then has the right to make an immediate arrest and report afterwards to the principal’s office. The principal shall immediately notify the parent/guardian of a student who has been arrested by DPS on campus.

(b) In cases involving a felony when DPS personnel wish to question a student during school hours, the parents must be informed before such questioning may begin. The principal may be present during the questioning. A student may be released to DPS if DPS demonstrates to the school that such release is necessary in the interests of law enforcement and public safety, such as a copy of a warrant or indictment. The principal shall immediately notify the parent/guardian of a student who has been released to DPS.

(c) In cases involving a misdemeanor, DPS will make every effort to locate and question a student involved in or knowledgeable of a misdemeanor outside of school operating hours and will only resort to questioning a student during school hours when all other methods fail. In the event that questioning a student during school hours is necessary, the parent must be informed before such questioning may begin and DPS may only question a student when a principal is present. A principal does not need to release a student to DPS in cases involving a misdemeanor.

§ 60-20-426. Truancy and educational neglect procedures.

(b) Educational Neglect

   (1) Commonwealth law requires that any parent, guardian or other person responsible for a child between the age of six and sixteen shall send the child to a public or nonpublic unless the Commissioner of Education grants a waiver. 3 CMC § 1141.
(2) Educational neglect may be defined as when a person who is responsible for a child six through sixteen who through willful or negligent act or omission fails to provide the child with adequate supervision to ensure attendance at school. Individuals who commit educational neglect are subject to criminal prosecution in accordance with the law.

(3) School employees who suspect that a child is subject to educational neglect shall report this as soon as possible to the principal/designee.

(4) The principal/designee shall review the report and confer with the parent/guardian to resolve the situation. When appropriate, a school counselor, social worker, or nurse may be instructed to offer any appropriate social or health services.

(5) If appropriate school intervention does not correct the student’s truancy, and reasonable cause for educational neglect has been determined, the principal/designee shall call the Division of Youth Services and report the alleged child educational neglect. A report of this call shall be forwarded to the Commissioner and carbon copied to PSS legal counsel.

§ 60-20-466. Student participation in secret organizations and gangs.

(f) To further discourage the influence of gangs, PSS administrators shall:

(3) Work closely with the local law enforcement authorities and county juvenile officers who work with students and parents/guardians involved in gang activity.

§ 60-20-468. Student use and care of school property.

(a) The Board of Education recognizes that acts of destruction, defacing, trespassing, burglary and theft of PSS property are contrary to the interests of students, staff and taxpayers. PSS officials will cooperate fully with all law enforcement agencies in the prevention of crimes against PSS property as well as in the prosecution of persons involved in such conduct.

§ 60-20-493. Determining when physical restraint may be used.

(d) Referral to law enforcement or other public agencies. Nothing in these regulations prohibits:

(1) The right of any individual to report to appropriate authorities a crime committed by a student or other individual;

(2) Law enforcement, judicial authorities, or school security personnel from exercising their responsibilities, including the physical detainment of a student or other person alleged to have committed a crime or posing a security risk; or

(3) The exercise of an individual's responsibilities as a mandated reporter pursuant to BOE, CNMI and Federal regulation. These regulations shall not be used to deter any individual from reporting neglect or abuse to an appropriate public agency.

§ 60-20-540. Library, media, and technology services; Student Internet usage.

(d) Unacceptable Uses. The following uses of PSS-ESN are considered unacceptable:

(9) Consequences or Unacceptable Uses

(iii) Any illegal uses may be reported to the Department of Public Safety or the Federal Bureau of Investigations.

(2) When a student reaches the age of 18, or attends a post-secondary institution of education the parent/guardian rights under this policy will transfer from the parent/guardian to the student.

(3)(i) The PSS will annually disseminate a notice of the rights available under this section to parent/guardian and eligible students. The annual notification will include a statement that the parent/guardian or eligible student is entitled:

(4) Prior to making directory information public, the PSS will notify the parent/guardian regarding the categories of information that it has designated as directory. In addition, the PSS will allow a reasonable period of time after such notice for the parent/guardian or eligible student to inform the PSS that any or all of the designated directory information should not be released without the parents/guardians’ or eligible student’s consent.

The PSS’s designee shall respond to all reasonable requests for explanation or interpretation.

(4) The PSS will not destroy any education record if there is an outstanding request to inspect and review that record.

(5) The PSS may charge a fee for copies of education records that are made for a parent/guardian or eligible student, unless that fee would prevent a parent/guardian or eligible student from exercising their rights to inspect and review the student’s education records. The PSS will not charge a fee to search for or retrieve a student’s education records.

(6) If a student’s education records contain information on more than one student, the parent/guardian or eligible student may inspect, review or be informed of only the specific information about that student.

(2) If the parent/guardian or eligible student so requests, the PSS will provide him/her with a copy of the records disclosed.

(e) Disclosure of Personally Identifiable Information Where Consent Is Not Required. The PSS may disclose personally identifiable information from a student’s education records without the written consent of the parent/guardian or eligible student in the following circumstances:

(1) Disclosure may be made to other school officials, including teachers, within the PSS whom the PSS has determined to have legitimate educational interests. The PSS designates the principal to make the determination as to whether a particular school official has a legitimate educational interest in accessing a student’s education records. Before making the determination, the principal shall consult with the PSS legal counsel. Before obtaining access any student’s education records, the school official seeking access must submit a written request to the principal. (10) Disclosure may be made to organizations conducting studies for, or on behalf of, educational agencies or institutions to develop, validate or administer predictive tests; administer student aid programs; or improve instruction, if the study is conducted in a way that does not permit personal identification of parent/guardian and students, and the information is destroyed when no longer needed for the purposes for which the study was conducted.

(11) Disclosure may be made to accrediting organizations to carry out their accrediting functions.

(12) Disclosure may be made to comply with a judicial order or lawfully issued subpoena and only after the PSS makes a reasonable effort to notify the parent/guardian or eligible student of the order or subpoena in advance of the compliance.

(13) Disclosure may be made where the disclosure is in connection with a health or safety emergency and the information is necessary to protect the health or safety of the student or other individuals.

(14) Disclosure may be made where the disclosure is of information the PSS has designated to be directory information.

(15) Disclosure may be made to the parent/guardian of a non-eligible student or to an eligible student.

Each party to whom disclosure may be made under this policy must first sign a statement in which he/she agrees to abide by this provision and agrees to use the information disclosed only for the purposes for which the disclosure was made. (3) List the name or names of agency personnel authorized to have access to information being sought.

(g) Procedures to Request Amendment of a Student’s Educational Records

(1) If a parent/guardian or eligible student believes the education records for that student contain information that is inaccurate, misleading, or in violation of the student’s rights of privacy or other rights, he/she may ask the PSS to amend the record. All such requests should be directed to the building administrator.

(2) The PSS’s designee, in consultation with the administration or Board of Education as needed, shall decide whether to amend the record as requested within a reasonable time after the request.

(3) If the PSS’s designee decides not to amend the record, he/she shall inform the parent/guardian or eligible student of that decision and of their right to request a hearing.
(4) If a hearing is requested, the PSS will hold the hearing within a reasonable time after it has received the request and will give the parent/guardian or eligible student reasonable advance notice of the date, time and place of the hearing. Any individual, including an employee of the PSS, who does not have a direct interest in the outcome of the hearing, may conduct the hearing. The PSS will give the parent/guardian or eligible student a full and fair opportunity to present evidence relevant to the issue(s) raised by the parent/guardian or eligible student’s request. The parent/guardian or eligible student may, at their own expense, be assisted or represented at the hearing by any individual of their choice, including an attorney.

(5) The PSS will make its decision in writing within a reasonable period of time after the hearing. The decision will be based solely on the evidence presented at the hearing, and will include a statement of the evidence and the reasons for the decision.

(i) If the PSS decides, as a result of the hearing, that the information is inaccurate, misleading or violates the student’s rights, the PSS shall amend the record and inform the parent/guardian or eligible student of the amendment in writing.

(ii) If the PSS decides, as a result of the hearing, that the information is not inaccurate, misleading, or otherwise in violation of the student’s rights, the PSS shall inform the parent/guardian or student of his/her right to place a statement in the record commenting on the contested information or stating why he/she disagrees with the PSS’s decision, or both. If the parent/guardian or eligible student submits such a statement, the PSS will maintain that statement with the student’s education records as long as the record is maintained and will disclose the statement whenever it discloses the portion of the record to which the statement relates.

(4) If the PSS discloses personally identifiable information from an educational record under the exceptions enumerated in the earlier sections, the PSS will record the names of those persons to whom that party may disclose the information on behalf of the PSS and the legitimate interests which each of the additional parties has in requesting or obtaining the information.

(b) Physical or violent behavior will result in a ban by the Commissioner/designee or the Board of Education from school premises and activities and will be referred to law enforcement.

(c) Visitors shall not chew betel-nut or use tobacco products while on school property.

(d) No visitor may use, possess or be under the influence of alcohol or illegal drugs while on school property.

(e) Failure to comply with the restricted access provided in the regulations in this section will result in the filing of civil and/or criminal charges.

§ 60-20-460. Closed campus.
(a) Students may not leave school grounds from the time of their arrival until the time they leave at the end of the day unless they have written permission from a parent/guardian, a signed liability waiver form suitable to the Commissioner and the permission of the principal/designee.

(b) "Parent/guardian" shall mean the person designated as such in the student’s school registration materials.

§ 60-20-540. Library, media, and technology services; Student Internet usage.
The CNMI - Public School System (PSS) is now offering internet access for student use. This section contains the acceptable use regulations for your use of Public School System Educational Systems Network (PSS-ESN).

(a) Educational Purpose

(1) PSS-ESN has been established for a limited educational purpose. The term “educational purpose” in this policy and regulations includes classroom activities, career development, and limited high-quality self-discovery activities.

(2) PSS-ESN has not been established as a public access service or a public forum. PSS has the right to place reasonable restrictions on the material you access or post through the system. You are also expected to follow the rules set forth in (disciplinary code)* and the law in your use of PSS-ESN.

(3) You may not use PSS-ESN for commercial purposes. This means you may not offer, provide, or purchase products or services through PSS-ESN.

(4) You may not use PSS-ESN for political lobbying. But you may use the system to communicate with elected representatives and to express your opinion on political issues.

(b) Student Internet Access
(1) The PSS acceptable use policy, set forth will govern all use of the PSS-ESN. The student code of conduct will also govern student use of the system. Employee use will also be governed by (PSS policy, collective bargaining agreement).

(2) Classroom Accounts. Elementary age students will be granted e-mail access only through a classroom account. Elementary students may be provided with an individual account under special circumstances at the request of their teacher and with the approval of their parent. An agreement will only be required for an individual account, which must be signed by the student and his or her parent. Parents may specifically request that their child(ren) not be provided access through the classroom account by notifying the PSS in writing (or whatever procedure the PSS uses for other permissions).

(3) Individual E-mail Accounts for Students. Secondary students may be provided with individual e-mail accounts. Secondary students may have dial-up access to the system. An agreement will be required for an individual e-mail account. The student and his or her parent must sign this agreement.

(4) All students will have access to internet world wide web information resources through their classroom, library, or school computer lab.

(5) Students will have e-mail access only under their teacher’s direct supervision using a classroom account. Students may be provided with individual e-mail accounts under special circumstances, at the request of their teacher and with the approval of the school principal and the student’s parent/guardian.

(6) You and your parent/guardian must sign an account agreement to be granted an individual e-mail account on PSS-ESN. The agreement will not exceed a year in duration, but may be renewed on an annual basis. Your parent can withdraw their approval at any time.

(7) If approved by your school principal, you may create a personal web page on PSS-ESN. All material placed on your web page must be pre-approved in a manner specified by the school. Material placed on your web page must relate to your school and career preparation activities.

(c) Parental Notification and Responsibility

(1) The PSS will notify the parents about the PSS network and the policies governing its use. Parents must sign an agreement to allow their student to have an individual account. Parents may request alternative activities for their child(ren) that do not require internet access.

(2) Parents have the right at any time to investigate the contents of their child(ren)’s e-mail files. Parents have the right to request the termination of their child(ren)’s individual account at any time.

(3) The PSS acceptable use policy contains restrictions on accessing inappropriate material. There is a wide range of material available on the internet, some of which may not be fitting with the particular values of the families of the students. It is not practically possible for the PSS to monitor and enforce a wide range of social values in student use of the internet. Further, the PSS recognizes that parents bear primary responsibility for transmitting their particular set of family values to their children. The PSS will encourage parents to specify to their child(ren) what material is and is not acceptable for their child(ren) to access through the PSS-ESN.

(4) The PSS will provide students and parents with guidelines for student safety while using the internet.

(5) (Optional, if dial-up access is provided) Parents are responsible for monitoring their student’s use of the internet when they are accessing the system from home.

(d) Unacceptable Uses. The following uses of PSS-ESN are considered unacceptable:

(1) Personal Safety

   (i) You will not post personal contact information about yourself or other people. Personal contact information includes your address, telephone, school address, work address, etc.
(ii) You will not agree to meet with someone you have met online without your parent’s approval. Your parent should accompany you to such a meeting.

(iii) You will promptly disclose to your teacher or other school employee any message you receive that is inappropriate or makes you feel uncomfortable in any way.

(2) Illegal Activities

(i) You will not attempt to gain unauthorized access to PSS-ESN or to any other computer system through PSS-ESN or go beyond your authorized access. This includes attempting to log in through another person’s account or access another person’s files. These actions are illegal, even if only for the purposes of “browsing.”

(ii) You will not make deliberate attempts to disrupt the computer system or destroy data by spreading computer viruses or by any other means. These actions are illegal.

(iii) You will not use PSS-ESN to engage in any other illegal act, such as arranging for a drug sale or the purchase of alcohol, engaging in criminal gang activity, threatening the safety of person, etc.

(3) System Security

(i) You are responsible for your individual account and should take all reasonable precautions to prevent others from being able to use your account. Under no conditions should you provide your password to another person.

(ii) You will immediately notify a teacher or the school system administrator if you have identified a possible security problem. Do not go looking for security problems, because this may be construed as an illegal attempt to gain access.

(iii) You will avoid the inadvertent spread of computer viruses by following the district virus protection procedures if you download software.

(4) Inappropriate Language

(i) Restrictions against inappropriate language apply to public messages, private messages, and material posted on web pages.

(ii) You will not use obscene, profane, lewd, vulgar, rude, inflammatory, threatening, or disrespectful language.

(iii) You will not post information that could cause damage or a danger of disruption.

(iv) You will not engage in personal attacks, including prejudicial or discriminatory attacks.

(v) You will not harass another person. Harassment is persistently acting in a manner that distresses or annoys another person. If you are told by a person to stop sending them messages, you must stop.

(vi) You will not knowingly or recklessly post false or defamatory information about a person or organization.

(5) Respect for Privacy

(i) You will not repost a message that was sent to you privately without permission of the person who sent you the message.

(ii) You will not post private information about another person.

(6) Respecting Resource Limits

(i) You will use the system only for educational and career development activities and limited, high-quality, self-discovery activities. There is no limit on use for education and career development activities. The limit on self-discovery activities is no more than 5 hours per week.
(ii) You will not download large files unless absolutely necessary. If necessary, you will download
the file at a time when the system is not being heavily used and immediately remove the file from
the system computer to your personal computer.

(iii) You will not post chain letters or engage in “spamming.” Spamming is sending an annoying or
unnecessary message to a large number of people.

(iv) You will check your e-mail frequently, delete unwanted messages promptly, and stay within your
e-mail quota.

(v) You will subscribe only to high quality discussion group mail lists that are relevant to your
education or career development.

(7) Plagiarism and Copyright Infringement

(i) You will not plagiarize works that you find on the internet. Plagiarism is taking the ideas or
writings of others and presenting them as if they were yours.

(ii) You will respect the rights of copyright owners. Copyright infringement occurs when you
inappropriately reproduce a work that is protected by a copyright. If a work contains language that
specifies appropriate use of that work, you should follow the expressed requirements. If you are
unsure whether or not you can use a work, you should request permission from the copyright
owner. Copyright law can be very confusing. If you have questions ask a teacher.

(8) Inappropriate Access to Material

(i) You will not use PSS-ESN to access material that is profane or obscene (pornography), that
advocates illegal acts, or that advocates violence or discrimination towards other people (hate
literature). A special exception may be made for hate literature if the purpose of your access is to
conduct research and both your teacher and parent have approved.

(ii) When you mistakenly access inappropriate information, you should immediately tell your teacher
or school administrator (or disclose this access in the manner specified by your school). This will
protect you against a claim that you have intentionally violated this section.

(iii) Your parents should instruct you if there are additional materials that they think are
inappropriate for you to access. You and your parent/guardian should inform your teacher of such
materials. PSS fully expects that you will follow your parent’s instructions in this matter.

(9) Consequences or Unacceptable Uses

(i) Your classroom teacher, your school administrator, or the PSS Technology Coordinator may
revoke your privileges under this policy for any unacceptable uses, including uses not specifically
listed herein.

(ii) Unacceptable uses by a student may result in disciplinary action, including suspension or
expulsion.

(iii) Any illegal uses may be reported to the Department of Public Safety or the Federal Bureau of
Investigations.

(e) Your Rights

(1) Free Speech. Your right to free speech applies to your communication on the internet. The
exercise of your free speech rights may not disrupt the educational process. The PSS-ESN is
considered a limited forum, similar to the school newspaper, and therefore PSS may restrict your
speech for valid educational reasons. PSS will not restrict your speech on the basis of a
disagreement with the opinions you are expressing.

(2) Searches and Seizure

(i) You should expect only limited privacy in the contents of your personal files on the PSS system.
The situation is similar to the rights you have in the privacy of your locker.
(ii) Routine maintenance and monitoring of PSS-ESN may lead to discovery that you have violated this section, the student disciplinary code, or the law.

(iii) An individual search will be conducted if there is reasonable suspicion that you have violated this section, the student disciplinary code, or the law. The investigation will be reasonable and related to the suspected violation.

(iv) Your parents have the right at any time to request to see the contents of your e-mail files.

(3) Due Process

(i) PSS will cooperate fully with local, state, or federal officials in any investigation related to any illegal activities conducted through PSS-ESN.

(ii) In the event there is a claim that you have violated this section or student disciplinary code in your use of the PSS-ESN, you will be provided the due process and hearing rights set forth in the student disciplinary regulations. Additional restrictions may be placed on your use of your internet account.

(f) Limitation of Liability. PSS makes no guarantee that the functions or the services provided by or through the PSS system will be error-free or without defect. PSS will not be responsible for any damage you may suffer, including but not limited to, loss of data or interruptions of service. PSS is not responsible for the accuracy or quality of the information obtained through or stored on the system. PSS will not be responsible for financial obligations arising through the unauthorized use of the system.

(g) Personal Responsibility. When you are using the PSS-ESN, it may feel like you can more easily break a rule and not get caught. This is not really true because whenever you do something on a network you leave little "electronic footprints," so the odds of getting caught maybe even more likely than they are in the real world. But the fact that you can do something or think you can do something without being caught does not make it right to do so. Even if you don’t get caught, there is always one person who will know whether you have done wrong - and that person is you. Your use of the internet can be a mirror that will show you what kind of a person you are. Please enjoy learning from your internet access but remember to use this privilege wisely.

Puerto Rico
Compilation of School Discipline Laws and Regulations

Prepared: January 26, 2018
Introduction
This compilation presents school discipline-related laws and regulations for U.S. states, U.S. territories, and the District of Columbia, and, where available, links to education agency websites or resources related to school discipline and student conduct. The discipline laws and regulations presented in this compilation have been categorized by type of specific discipline issue covered, according to an organizational framework developed by the National Center for Safe and Supportive Learning Environments (NCSSLE). For example, one major category encompasses all laws or regulations governing states or territories that mandate specific disciplinary sanctions (such as suspension) for specific offenses (such as drug possession on school grounds). The school discipline laws and regulations were compiled through exhaustive searches of legislative websites that identified all laws and regulations relevant to each specific category. Compiled materials were subsequently reviewed by state education agency (SEA) representatives in the 50 states, Washington D.C., and the U.S. territories.

Discipline categories were not mutually exclusive. Laws and regulations often appeared across multiple categories. For jurisdictions with more extensive laws covering a breadth of topical areas, relevant sections were excerpted from the larger legislative text for inclusion in the appropriate discipline category. Laws, ordered by chapter and section number, appear first within each category followed by regulations. All laws and regulations listed within categories in the compilation also appear in the sources cited section of the document, which lists laws by chapter and section number and title, and where available, includes active hyperlinks to source websites supported or maintained by state legislatures. Additional links to government websites or resources are provided at the end of this document.

Notes & Disclaimers
To the best of the preparer’s knowledge, this Compilation of School Discipline Laws and Regulations is complete and current as of January 2018. Readers should also note that the information in this document was compiled from individual sources that are created by each jurisdiction and which are maintained and updated with varying frequencies. Readers should consult the source information provided directly in order to check for updates to laws and regulations reported in this document or to conduct further research.

For further information, including definitions of the different policy categories, please refer to the Discipline Laws and Regulations Compendium posted on the Center’s website.

LAWS

3 L.P.R.A. § 144g. School environment.
The Secretary shall promulgate Student Regulations for the Public Education System. The School Boards shall also adopt complementary regulations for their schools. These regulations shall specify the rights and obligations of the students, the standards of behavior in the schools and shall establish the corresponding sanctions for their infraction. The regulations that are promulgated by the Secretary, as well as those adopted by the school boards, shall recognize the right of the students to their personal safety, free from harassment and bullying; to study in a wholesome environment; to privacy and personal dignity; to promote the development of student organizations; to a fair evaluation of their academic work; to a careful custody of the documents related to their academic history and student life; to select their trade or profession freely; to receive vocational guidance services or other specialized services; to an education that shall allow them to continue their higher education or provide access to the job market in and outside of Puerto Rico; and to organize and participate in the activities of their schools.
The regulations shall also recognize the students’ obligation to attend school; to comply with their school assignments; to be honest; to help their fellow students; to respect the physical and moral integrity of their teachers and fellow students; to render services to their school and the community in case of an emergency; and to respect the other students right to study.

3 L.P.R.A. § 144g-1. School Environment. – Public policy for the prevention of harassment and bullying of students.
The Secretary shall promulgate within the Students Regulations for the Public Education System an energetic public policy on the prohibition and prevention of acts of harassment and bullying of students within the school building or grounds or areas surrounding them, in activities sponsored by schools and in school buses.
The Student Regulations for the Public Education System shall include within its text, the following definition of the act of harassing and bullying. This act shall be defined as any action carried out intentionally, by means of a gesture, whether verbal, written or physical, that has the effect of frightening students and that interferes with their education, their academic opportunities and their performance in the classroom.
For the purposes of this Act, in general terms said act must be continuous in order for it to be considered harassment and bullying. However, a single event could be considered harassment and bullying due to the severity of the same, as provided by the Secretary through regulation and adopted by the School Boards, upon consultation with the parents of students associations.
All the above stated shall be considered within the perspective of what a reasonable person would deem to be a noxious or risky situation for students or their property. With respect to the conduct of the bully, it shall be examined within the abovementioned perspective. The pertinent authorities shall take into consideration the severity, persistence or continuity of the actions within this conceptual framework as well as the consequences thereof upon creating an environment of harassment and bullying for the affected student or students.
Likewise, within the abovementioned Regulation the following shall be established: the prohibition of harassment and bullying acts; what shall constitute the act or conduct of harassment and bullying; the
methods for reporting incidents of harassment or bullying; the process to be established to process these cases; and the consequences for the students who violate these norms.

The Secretary, through the authorized personnel, shall remit a copy of these regulations and of the code of conduct for students to all students of the Public Education System. The Secretary is authorized to make these documents available to all private schools in Puerto Rico that wish to establish said public policy within their educational institution.

The School Boards, in coordination with the student’s parent associations shall adopt complementary regulations to implement the public policy on harassment and bullying of students established by the Secretary in their schools.

3 L.P.R.A. § 144g-2. School Environment. – Establishment of a code of conduct for students.

The Secretary shall adopt, within the Student Regulations for the Public Education System, a code of conduct for its students, which shall be in harmony with the norms, rules and public policy established in § 144g-1 of this title.

3 L.P.R.A. § 145u. Administrative duties and obligations.

In his/her duty as Administrative Director of the Puerto Rico Public Education System, the Secretary shall:

(g) Establish school discipline regulations in order to ensure the uninterrupted operations of the System. Said regulations shall establish behavioral standards for the teaching and administrative personnel of the Department, the students and the school visitors.

3 L.P.R.A. § 149a. Public policy.

It is the public policy of the Commonwealth of Puerto Rico to ensure that the students have the right to pursue their studies free from the pressure of sexual harassment in the learning institutions of Puerto Rico. Provided, That the regulatory bodies shall have the responsibility to oversee the adoption of the public policy on sexual harassment in learning institutions and that the same is available, in a visible form, in said institutions.

Article II, Section 5, of the Constitution of Puerto Rico guarantees that every person has the right to an education which shall be directed to the full development of the human personality and to the strengthening of respect for human rights and fundamental freedoms.'

The Legislature is duty bound to respond with legislation that guarantees the rights and establishes the responsibilities of the components of the school community in order to reduce the problem of violence in the schools. This bill shall create the Bill of Rights and Responsibilities of the School Community for Security in the Schools and sets forth the rights and duties of the school community members in order to maintain a climate of peace in the schools.

This Bill of Rights and Responsibilities integrates the external and surrounding community to the schools, as well as the Commonwealth and municipal government dependencies and the private sector, in seeking to institute various efforts directed toward the reduction of acts of violence within the schools.

Said regulations shall be adopted pursuant to §§ 2101 et seq. of Title 3, known as the 'Uniform Administrative Procedures Act of the Commonwealth of Puerto Rico', and shall be filed immediately after approval thereof.
(b) The administrative authorities, as well as the teaching and non-teaching personnel, shall have the
duty to ensure compliance with the General Regulations for the Student of the Puerto Rico Public
Education System and the Internal Security Regulations, especially provisions related to the codes of
conduct and behavior.

3 L.P.R.A. § 144m. Bearing of arms.

[…] The Department shall provide, in coordination with the agencies concerned, alternate education services to the student for the term of his/her suspension, and upon conclusion thereof, shall place the student at the corresponding grade and level.
18 L.P.R.A. § 13 Department of Education

(k) The Department of Education shall use alternative educational environments for those students who have faced school violence problems so as to guarantee a safe school community.

The Legislative Assembly of Puerto Rico recognizes there is an urgent need to encourage support for successful models of alternative education in order to address, in an integrated manner, specific cognitive, academic and bio-psychological-social needs, together with the vocational and entrepreneurial needs of both children and the population of young people who are out of school or are at a high risk of becoming potential school deserters.

The goal of alternative education is to foster potential productive entrepreneur citizens with high academic, community and leadership skills committed to their personal development and that of their families and communities.

As the aforementioned, the Legislative Assembly of Puerto Rico resolves and states that alternative education in Puerto Rico must be ruled by the following principles:

(a) All children and the population of young people hold the right to an education of higher quality.

(b) Children and young people as school deserters and those at a high risk of becoming school deserters represent a population with a high potential of human development which requires education tailored to social-economic and educational characteristics and to their distinct interests.

(c) Considering the high incidence of students out of school and the high risk potential of school desertion, alternative education is considered a pedagogical tendency within the mainstream.

(d) Alternative education for children and adolescents and/or young people out of school or at a potential high risk of school desertion, must be characterized by the attention given to this population, by encouraging space for participation, academic preparation, physical fitness and sports abilities, self-confidence in their abilities, discipline, respect for human dignity, opportunities for exploration and development of their talents, including artistic expressions plus technological and occupational training which provides the tools to enhance self-management.

(e) The state recognizes the benefits of its alliance and partnership with the municipalities of Puerto Rico and the consortiums, with the governmental and non-governmental not-for-profit organizations, with non-profit higher education institutions, both governmental and private and on promoting joint strategies, their contribution to a better quality of life conditions in Puerto Rico. The relationship between the government and the institutions and organizations aforementioned should be one of an alliance among all three sharing the principles stated in this Act in order to mainstream the resources that promote conditions that ensure the continuity of the services provided.

(f) Children and the population of young people out of school and with a potential of high risk of school desertion require that the models of education presented be varied and of proven effectiveness to satisfy the needs and distinct characteristics of this population.

(g) For the purposes of addressing the needs and distinct interests of both the population of children and young people, the organizations of alternative education enjoy managerial, operational and curricular autonomy and flexibility, in compliance with its objectives and educational model, but subject to the compliance with the benchmarks and requirements stated in this Act akin to the regulations adopted for thereunder. Furthermore, total compliance with the licensing requirements disclosed by the Board of Education of Puerto Rico, in agreement with the Reorganization Plan No.1 of July 26, 2010 as amended.

Likewise, and taking into consideration that current educational trends are not subject to unyielding regulation which hinders what should be a natural progression, we pursue that the alternative model of
education transforms into one that embraces, and comprehensively focuses on the distinct interests and needs of the talented students of Puerto Rico in forthright solidarity. Whether by means of creating specific educational centers or the establishment of collaborative agreements among extant institutions in association with related organizations with expertise and proven experience, we are of the opinion this to be the logical step to take once our trust placed on this educational model advances.

18 L.P.R.A. § 3812. Objectives.

This chapter has the following objectives:

(1) Recognize the alternative education as an education tendency within the educational system of Puerto Rico;

(2) Establish a structure with a clear and efficient legal framework to ensure the quality of alternative education offered in Puerto Rico, as well as the availability of funds

(3) Validate educational services that take into consideration the developmental stage characteristics of the children and youth that are not served by the regular classes and who are out of school or have potentially high risk of dropping out, so that through alternative education they can optimally develop their potential, knowledge, attitudes and skills;

(4) Promote the formation and support the process of career training, entrepreneurship or business training of the participants, based on the needs and expectations of business and employment of the population, their qualified insertion in the changing labor market and their ability to self-manage, prioritizing those actions aimed at social and economic advancement and citizen participation of students;

(5) Establish quality standards and accountability mechanisms for alternative education institutions through the auditing of the use of funds for the intended purposes and the achievement of concrete results;

(6) Contribute to the documentation of effective alternative education practices, thus contributing to the improvement of the education system in general and

(7) Promote the collection of historical data and relevant statistics of individual participants in alternative education programs for the benefit of the educational system of Puerto Rico.

Introduction

This compilation presents school discipline-related laws and regulations for U.S. states, U.S. territories, and the District of Columbia, and, where available, links to education agency websites or resources related to school discipline and student conduct. The discipline laws and regulations presented in this compilation have been categorized by type of specific discipline issue covered, according to an organizational framework developed by the National Center for Safe and Supportive Learning Environments (NCSSLE). For example, one major category encompasses all laws or regulations governing states or territories that mandate specific disciplinary sanctions (such as suspension) for specific offenses (such as drug possession on school grounds). The school discipline laws and regulations were compiled through exhaustive searches of legislative websites that identified all laws and regulations relevant to each specific category. Compiled materials were subsequently reviewed by state education agency (SEA) representatives in the 50 states, Washington D.C., and the U.S. territories.

Discipline categories were not mutually exclusive. Laws and regulations often appeared across multiple categories. For jurisdictions with more extensive laws covering a breadth of topical areas, relevant sections were excerpted from the larger legislative text for inclusion in the appropriate discipline category. Laws, ordered by chapter and section number, appear first within each category followed by regulations. All laws and regulations listed within categories in the compilation also appear in the sources cited section of the document, which lists laws by chapter and section number and title, and where available, includes active hyperlinks to source websites supported or maintained by state legislatures. Additional links to government websites or resources are provided at the end of this document.

Alternative placements

LAWS

17 V.I.C. § 823. Student eligibility and program criteria.
All programs funded pursuant to the provisions of this chapter must be positive and reflect strong parental and community involvement. In addition, specific programs must meet the following criteria:

(a) Educational Alternative Programs.

(1) Educational alternative programs are programs that differ from traditional educational programs and schools in scheduling, administrative structure, philosophy, curriculum, or setting. These programs also employ alternative teaching methodologies, curricula, learning activities or diagnostic and assessment procedures in order to meet the needs, interests, abilities, and talents of eligible students. Student participation in such programs must be voluntary. The minimum period of time during which the student participates in the program must be equivalent to three instructional periods per day of traditional school, unless the program utilizes a resource or tutorial model rather than regularly scheduled courses.

(2) The student will be identified as being a potential retention or dropout candidate based upon one of the following criteria:

(A) The student has shown a lack of motivation in school through grades which are not commensurate with documented ability levels;

(B) The student has a high rate of absenteeism;

(C) The student appears to have a drug or substance abuse problem;

(D) The student has been unsuccessful in school as determined by retention, failing grades, or low achievement test scores, and has needs and interests that cannot be met through government conducted educational programs or special education programs; or

(E) The student has been identified as a potential retention or school dropout candidate by school or student services personnel.

(b) Teenage Parent Programs.

(1) Teenage parent programs provide young men, pregnant students or students who are already parents with the option of participating in regular classroom activities or enrolling in a special program designed to meet their needs. Students participating in the teenage parent programs are exempt from the minimum attendance requirements for absences related to pregnancy, but shall be required to make up work missed due to those absences.

(2) The curriculum must include instruction in such topics as prenatal and postnatal health care, parenting skills, and child growth and development.

(3) Ancillary services such as: child care, health care, social services, and transportation may be provided through the coordination of existing programs and services.
(c) Substance Abuse Programs.

(1) Substance abuse programs provide basic educational instruction for students participating in non-school based residential or day substance abuse treatment programs. Such educational programs must provide curricula and related services which support the program goals and which are appropriate for the completion of a high school diploma or its equivalent.

(2) The program must provide school-based programs that serve students who have documented drug or alcohol-related problems and shall include instruction designed to prevent substance abuse.

(d) Disciplinary Programs.

(1) Disciplinary programs serve the student who has a disruptive behavior in school or has committed an offense that warrants suspension, adjudication as a person in need of supervision, or expulsion from school according to the code of student conduct. For the purposes of this program, disruptive behavior is behavior that:

(A) interferes with the student's own learning or the educational process of others and requires attention and assistance beyond that which the traditional program can provide, or results in frequent conflicts of a disruptive nature while the student is under the jurisdiction of the school either in or out of the classrooms; or

(B) severely threatens the general welfare of the student or others with whom the student comes into contact.

(2) The program includes, but is not necessarily limited to, in-school suspension, alternatives to expulsion, counseling centers, and crisis intervention centers.

(3) Students who have been placed in detention or a court-adjudicated commitment program or a person adjudicated in need of supervision must be evaluated by school district personnel upon the completion of the program prior to the placement of the students into an educational program. Such students must not be automatically assigned to a disciplinary program upon re-entering the school system.

(4) Prior to assigning a student to a disciplinary program of more than 10 days in duration, the insular superintendent shall attempt a continuum of education and student services to identify the causes of the disruptive behavior, to modify the behavior, or to provide more appropriate educational services to the student; however, students who have committed an offense which warrants expulsion according to the code of student conduct may be assigned to a disciplinary program without attempting a continuum of services.

(e) Youth Services Programs.

(1) These programs are designed to serve the student who is participating in a detention, commitment, or a rehabilitation program that is sponsored by a community-based agency or is operated or contracted for by the Department of Human Services.

(2) A program must be provided that shall consist of appropriate basic academic, vocational, or exceptional curricula and related services that support the rehabilitation program goals and that leads to the completion of the requirements for a high school diploma or its equivalent.

(3) School age children are required to participate in the program.

(4) The insular superintendent shall make every effort to provide students in youth services programs with a wide range of educational programs.

(5) The Department of Education may contract with a private nonprofit entity to provide educational programs to clients of the Department of Human Services.
17 V.I.C. § 824. Program planning and implementation.

(a) Each district may establish one or more alternative programs for dropout prevention at the elementary, junior high school or high school level.

(b) Any school district desiring to receive state funding for a dropout prevention program shall develop a comprehensive dropout prevention program plan that describes all of the programs and services that the district will make available to the students pursuant to § 824 of this chapter. School districts that do not implement all of the programs outlined in § 824 shall provide evidence that such programs are not needed within the district, or that the needs of the students are being provided through existing public or private agencies or entities, or that the district is unable to provide the program.

(1) In order to be approved, each plan must include the following components:

(A) emphasis on parental, community, and business involvement;
(B) interagency coordination in order to maximize existing human and fiscal resources;
(C) a method for early identification of potential dropouts;
(D) dropout retrieval activities;
(E) employment skills and other career awareness activities related to preparation for the work force;
(F) the commitment of the district in achieving the goals and objectives of this section, as evidenced by the assignment of at least one person to be responsible for the implementation and administration of the district's dropout prevention program.

(2) For each program provided by the district under § 824, the following information must be provided in the program plan:

(A) student eligibility criteria;
(B) student admission procedures;
(C) operating procedures;
(D) program goals and outcome objectives;
(E) qualifications of program personnel;
(F) the program budget, including identification of all federal, local, or other funds which will be used to support the program;
(G) a schedule for staff development activities; and
(H) evaluation procedures which describe how objectives will be achieved and measured.

(c) Prior to the implementation of the program, the Insular Superintendents must submit the district comprehensive dropout prevention program plans to the Commissioner of Education for approval no later than 60 days subsequent to the passage of this legislation. In subsequent years, the insular superintendents shall submit supplemental plans to the initial dropout prevention plan.

(d) The insular superintendents may modify courses listed in the state curriculum for the purpose of providing dropout prevention programs pursuant to the provisions of this chapter. The Commissioner must approve the modifications that may include the lengthening or shortening of the time allocated for in-class study, alternate methods of assessment of student performance, and the integration of curriculum frameworks or student performance standards to produce interdisciplinary units of instruction.

Bullying, harassment, or hazing

LAWS

17 V.I.C. § 780. Purpose.
The purpose of this chapter is to provide for the creation of a bullying prevention, gang resistance education and training program.

17 V.I.C. § 781. Legislative findings; intent.
(a) The Legislature finds that bullying has a negative effect on the social environment of schools, creates a climate of fear among students, inhibits their ability to learn, and leads to other antisocial behavior:
   (1) Sexual, discrimination due to sexual orientation; and
   (2) Harassment.
(b) Bullying behavior has been linked to other forms of antisocial behavior, such as: vandalism, shoplifting, truancy and non-completion of school, fighting, using drugs and alcohol, sexual harassment, and sexual violence.
(c) The Legislature further finds that the number of youth delinquent gangs continues to rise on a territory-wide basis. Given the higher rates of criminal offenses by gang members, as well as the availability of increasingly lethal weapons, the spiraling level of criminal activity by gang members has taken on greater importance for law enforcement agencies, schools, the community, and prevention efforts.

17 V.I.C. § 782 Definitions
As used in this chapter:
   (a) "Board" means the Virgin Islands Board of Education;
(b) "Bullying prevention" includes but is not limited to instruction in the prevention and strategies for student-centered problem solving all of the following:

1. Intimidation;
2. Student victimization;
3. Sexual harassment;
4. Sexual violence;
5. Sexual discrimination due to sexual orientation; and
6. Harassment.

(c) "Gang resistance education and training" means instruction in, without limitation, each of the following subject matters when accompanied by a stated objective of reducing gang activity and educating children in grades K through 12 about the consequences of gang involvement:

1. Conflict resolution;
2. Cultural sensitivity;
3. Personal goal setting; and
4. Resisting peer pressure.

17 V.I.C. § 57. Alcohol education week—Designation.
The school week following the first Sunday in February of each year is hereby designated as Alcohol Education Week in the public schools of the Territory of the Virgin Islands.

17 V.I.C. § 58. Instructions concerning use of alcoholic beverages and narcotics.
During this week, each school principal or other designated person shall instruct each class from the seventh grade upward for at least 30 minutes on 3 days concerning the risks and dangers involved in the use of alcoholic beverages and narcotics. The principal, or such other designated person, shall also have at least one assembly session during the week of not less than 45 minutes, at which time the subject of the dangerous effect of alcohol shall be presented.

17 V.I.C. § 59. Duty of Commissioner of Education.
The Commissioner of Education shall each year call to the attention of each school principal Alcohol Education Week, and shall through the Division of Education Programs provide suitable printed materials and other aids for use in the observance of the week.

17 V.I.C. § 761. Legislative findings; intent.
The Legislature of the United States Virgin Islands hereby finds that school violence is a problem in the territory's schools. The Legislature also finds that there needs to be a reshaping of the approach to combating school violence. The Legislature further finds that the imposition of penalties alone is an insufficient and ultimately unworkable device for curbing school violence. As such, the Legislature finds that there currently exist a need for the insertion of an in-school mechanism for assisting our youngsters with handling inter-personal and inter-group conflicts without resorting to violent behavior. The Legislature proposes to implement a school-based, conflict resolution education program. The intent of conflict resolution education and consequently this chapter is to reduce violence, vandalism, chronic absence, and suspension in Virgin Islands schools. The goals of conflict resolution education are as follows:

(1) offer problem-solving processes that can improve the school climate;
(2) offer Virgin Islands students an alternative to self-destructive violent behavior when faced with interpersonal and inter-group conflicts;
(3) help students and teachers deepen their understanding of themselves and others, thus developing important life skills;
(4) provide training in negotiation, mediation, and consensus decision making as a means of encouraging a high level of citizenship activity;
(5) shift the responsibility for solving nonviolent conflicts to students so that adults can be free to concentrate more on teaching and less on discipline; and
(6) create behavior management systems that are more effective than detention, suspension, or expulsion in order to deal with conflict in the school setting.
17 V.I.C. § 762. Definitions.

(1) "Conflict resolution" means the process of transforming individuals involved in interpersonal or inter-group confrontations from being adversaries to being partners in a side-by-side search for a fair agreement that is advantageous to both.

(2) "Consensus decision making" means a group problem-solving process in which all of the parties in the dispute or representatives of each party collaborate to resolve the dispute by crafting a plan of action that all parties can and will support. This process may or may not be facilitated by a neutral party.

(3) "Mediation" means a problem-solving process in which the two parties in the dispute or their representative meet face to face to work together to resolve the dispute assisted by a neutral third party called the "mediator."

(4) "Negotiation" means a problem-solving process in which either the two parties in the dispute or their representative meet face to face to work together unassisted to resolve the dispute between the parties.

The conflict resolution education approach that shall be utilized in schools throughout the Virgin Islands is the "Peaceable School" approach. The peaceable school approach is a comprehensive whole-school methodology that utilizes conflict resolution as a system of operation for managing the school as well as the classroom. Conflict resolution principles and processes are learned and utilized by every member of the school community-librarians, teachers, counselors, students, principals, and parents.

The peaceable school approach integrates conflict resolution into the operation of the school. Every member of the school community learns and uses conflict resolution concepts and skills. Peaceable school climates reflect caring, honesty, cooperation, and appreciation for diversity. Peaceable schools incorporate:

(1) cooperative learning environments;
(2) direct instruction and practice of conflict resolution skills and processes;
(3) noncoercive school and classroom management systems; and
(4) integration of conflict resolution concepts and skills into the curriculum.

Peaceable schools value and encourage diversity and promote peacemaking as the normative behavior of adults and students. Participants in the peaceable school apply conflict resolution skills to address interpersonal and inter-group problems and issues that confront students, faculty, administrators, and parents. Peaceable school programs offer all of the school community training in the problem-solving processes of conflict resolution. Consensus decision making characterizes each classroom. Negotiation is used by all members of the school community to resolve conflicts equitably. Peer mediation can be applied school-wide and as a service in the classroom to help disputing students settle their differences constructively. The goal of the peaceable school is to create a school wide discipline program focused on empowering students to regulate and control their own behavior. Educators are allowed to model an orderly, productive system through cooperation and persistent pursuit of constructive behavior.

17 V.I.C. § 765. Tasks required.

The tasks required for the establishment of peaceable schools throughout the Virgin Islands shall include but not be limited to:

(1) instituting conflict resolution training for adults;
(2) designing behavior expectations and management systems in concert with conflict resolution theory;
(3) building cooperation by incorporating cooperative learning and interaction activities into the classroom;
(4) developing the scope and sequence of conflict resolution skills taught to students;
(5) providing opportunities for an age-appropriate understanding of conflict and of peace and peacemaking;
(6) providing opportunities for an age-appropriate understanding of the principles of conflict resolution based on integrative negotiation theory;
(7) providing opportunities for each student to learn and practice problem-solving strategies of negotiation and/or consensus decision making within the classroom;
(8) providing opportunities for students to serve as mediators in their classrooms to help peers resolve issues that they choose not to resolve or cannot resolve through negotiation or consensus decision making;
(9) providing mediation training for those who want to become mediators in the school-wide program; and
(10) developing an evaluation process to reach the goal of becoming a peaceable school.

17 V.I.C. § 766. Fundamental skills.
The skills necessary for the effective development of a conflict resolution education program utilizing the peaceable school approach shall include but shall not be limited to the following:

(1) Building a peaceable climate: Responsibility and cooperation are the foundation for all other skills in the peaceable school. To manage student behavior without coercion, adults must take the attitude that effective behavior is the responsibility of the student and strive to develop a sense of responsibility in each.

(2) Understanding conflict: For students to engage in successful conflict resolution, they must have a shared understanding of the nature of conflict. The idea that psychological needs are the underlying cause of conflict is useful to students as they seek to resolve disputes through common interests.

(3) Understanding peace and peacemaking: Peacemaking activities help students understand and practice the concept of peace. Students shall be taught that specific behaviors are associated with peacemaking, namely appreciating diversity, understanding perceptions, empathizing, dealing with emotions, managing anger, countering bias, and communicating. Principles of conflict resolution shall also be taught as peacemaking behaviors.

(4) Mediation: Mediation involves assisted conflict resolution between disputants to be used in the classroom as a school wide vehicle for resolving conflicts. Training activities shall entail a mediation process that allows students to acquire the skills to act as impartial third parties when facilitating conflict resolution between disputants.

(5) Negotiation: Disputants shall be taught to resolve their conflicts unassisted by stating their individual needs, focusing on their interests rather than their positions, and in so doing generate options for mutual gain.

(6) Group Problem Solving: Group problem solving shall be taught as a creative strategy for dealing with conflicts involving a number of students within the class-room, within groups, and between groups in the school. The objective of the group shall be to achieve a consensus decision that, when implemented, will resolve the conflict.

17 V.I.C. § 767. Illinois Institute for Dispute Resolution as model.
(a) The fundamental skill areas are parts of the curriculum of the Creating a Peaceable School model of the Illinois Institute for Dispute Resolution ("IIDR"). It is the intent of this chapter to have the IIDR model
adopted throughout the territory's schools to the extent applicable and appropriate. Each school in the
Virgin Islands shall have the flexibility to decide whether or not to adopt the IIDR model given its level of
intra-school conflict, needs, and level of violent behavior. If the IIDR model is adopted by a school, that
school shall develop a peer mediation program.
(b) A broad-base coalition of administrators, classroom teachers, special educators, counselors, deans,
social workers, and health educators interested in developing a conflict resolution program will be
necessary for a successful program.
(c) The conflict resolution program team of any school utilizing the IIDR model may also include parents,
students, and/or community members.
(d) A school in the Virgin Islands opting for the IIDR model shall include the following six phases of the
peer mediation-based, conflict resolution program.
   (1) Develop the Program Team and Commitment
   (2) Design and Plan the Program
   (3) Select and Train the Mediators
   (4) Educate a Critical Mass
   (5) Develop and Execute a Promotional Campaign
   (6) Program Operation and Maintenance
(e) PHASE I shall include the following activities:
   (1) creating the program team
   (2) training the program team
   (3) designating the program coordinators
   (4) conducting a needs assessment
   (5) building faculty consensus for program development
(f) Following phase I, the school is encouraged to establish an advisory committee of 10 to 12 members
representing the diverse interests of the school and community, including parents, teachers, school and
district administrators, students, support staff, community representatives and corporate sponsors. The
advisory committee shall oversee the development of the program, including the role of mediation within
the school's discipline program: assist the program team in developing timelines for implementation; and
identify and develop funding sources.
(g) PHASE III entail recruiting, selecting, and training student mediators. Nominations shall be broadly
solicited from among staff and students, including self-nominations. Student mediation training shall
involve 12 to 15 hours of basic training and 12 to 15 hours of additional advanced training. Basic training
shall include understanding conflict, responses to conflict, sources of conflict, communication skills, the
role of the mediator, and the mediation process. Advanced training includes bias awareness,
social/cultural diversity, advanced communication, uncovering hidden interests, dealing with anger,
caucusing, negotiation, group problem solving.
(h) PHASE IV focuses on educating a critical mass about conflict, conflict resolution, and the mediation
process by using workshops for faculty, students, parents, and the community. An in service training
program shall be established for the purpose of helping staff develop a common understanding of conflict,
learn the principles of conflict resolution, develop an understanding of the mediation process, learn how to
support the peer mediation program through curriculum integration and referral of conflicts to mediation,
and prepare to conduct student workshops.
(i) Because peer mediation can be greeted with skepticism, promoting the program among the student
population is crucial to its success.
(j) PHASE VI encompasses requesting mediation, scheduling mediations and mediators, supervising mediators, recording mediation data, providing ongoing training and support, and evaluating programs.

17 V.I.C. § 768. Effective date.
The Conflict Resolution Education program shall be implemented by all schools in the Virgin Islands by no later than January 31, 1999.

(a) Educational Alternative Programs.
   (1) Educational alternative programs are programs that differ from traditional educational programs and schools in scheduling, administrative structure, philosophy, curriculum, or setting. These programs also employ alternative teaching methodologies, curricula, learning activities or diagnostic and assessment procedures in order to meet the needs, interests, abilities, and talents of eligible students. Student participation in such programs must be voluntary. The minimum period of time during which the student participates in the program must be equivalent to three instructional periods per day of traditional school, unless the program utilizes a resource or tutorial model rather than regularly scheduled courses.

(B) The student has a high rate of absenteeism;
(C) The student appears to have a drug or substance abuse problem;

Such students must not be automatically assigned to a disciplinary program upon re-entering the school system.
(4) Prior to assigning a student to a disciplinary program of more than 10 days in duration, the insular superintendent shall attempt a continuum of education and student services to identify the causes of the disruptive behavior, to modify the behavior, or to provide more appropriate educational services to the student; however, students who have committed an offense which warrants expulsion according to the code of student conduct may be assigned to a disciplinary program without attempting a continuum of services.

(e) Youth Services Programs.

(1) These programs are designed to serve the student who is participating in a detention, commitment, or a rehabilitation program that is sponsored by a community-based agency or is operated or contracted for by the Department of Human Services.

(2) A program must be provided that shall consist of appropriate basic academic, vocational, or exceptional curricula and related services that support the rehabilitation program goals and that leads to the completion of the requirements for a high school diploma or its equivalent.

The manual must be made available to school districts at the beginning of the 2008-2009 school year.
