Any child between the ages of six and 16 years who shall repeatedly be absent from school, and any child of such age found away from school during school hours whose parent, guardian or other person having charge and control of the child is unable to cause him to attend school and any pupil who is incorrigible, actually vagrant, vicious, or immoral in conduct, shall be deemed to be a juvenile delinquent and shall be proceeded against as such.

The Commissioner of Education, in consultation with the Commissioner of Health, shall develop curriculum guidelines for education programs on drugs, alcohol, anabolic steroids, tobacco and controlled dangerous substances. These guidelines shall be reviewed annually, and shall be updated as necessary to insure that the curriculum reflects the most current information available on the nature and treatment of drug, alcohol, anabolic steroids, tobacco and controlled dangerous substance abuse and treatment. The
guidelines shall provide for a sequential course of study for each grade, K-12, and shall, at a minimum, include:

a. Detailed, factual information regarding the physiological, psychological, sociological and legal aspects of substance abuse;

b. Detailed information concerning the availability of help and assistance for pupils and their families with chemical dependency problems;

c. Decision making and coping skills; and,

d. The development of activities and attitudes which are consistent with a healthy lifestyle.

The guidelines shall include model instructional units, shall define specific behavioral and learning objectives and shall recommend instructional materials suitable for each grade level.

18A:40A-3. Initial in-service training programs; curriculum; availability.

a. Upon completion of the curriculum guidelines required pursuant to section 2 of this act, the Commissioner of Education, in consultation with the Commissioner of Health, shall establish inservice workshops and training programs to train selected public school teachers to teach an education program on drugs, alcohol, anabolic steroids, tobacco and controlled dangerous substances. The inservice training programs may utilize existing county or regional offices, or such other institutions, agencies or persons as the Commissioner of Education deems appropriate. The programs and workshops shall provide instructional preparation for the teaching of the drug, alcohol, anabolic steroids, tobacco and controlled dangerous substances curriculum, and shall, in addition to the curriculum material, include information on the history, pharmacology, physiology and psychosocial aspects of drugs, alcohol, anabolic steroids, tobacco and controlled dangerous substances, symptomatic behavior associated with substance abuse, the availability of rehabilitation and treatment programs, and the legal aspects of substance abuse. Each local board of education shall provide time for the inservice training during the usual school schedule in order to insure that appropriate teaching staff members are prepared to teach the education program in each grade in each school district.

b. Upon completion of the initial inservice training program, the Commissioner of Education shall ensure that programs and workshops that reflect the most current information on substance abuse are prepared and are made available to teaching staff members at regular intervals.

c. In addition to providing inservice training programs for teaching staff members who will provide instruction on substance abuse in the public schools, the Commissioner of Education shall make these training programs available to such other instructional and supervisory personnel as he deems necessary and appropriate.

In addition to the provisions for inservice training established pursuant to this act, the commissioner shall ensure that the preservice training of individuals intending to enter the teaching profession provides for an adequate treatment of the subject of substance abuse.

No certificate to teach in the public schools shall be issued to any teaching staff member who has not passed a satisfactory examination in (1) physiology and hygiene; and (2) substance abuse issues which includes material on the physiological, psychological, sociological and legal aspects of drug and alcohol abuse, methods of educating students on the negative effects of substance abuse, and intervention strategies for dealing with students engaged in substance abuse.

The board of education in each school district in the State in which a nonpublic school is located shall have the power and duty to loan to all pupils attending nonpublic schools located within the district all
educational materials developed by the Commissioner of Education pursuant to this act for the instruction of public school pupils on the nature and effects of drugs, alcohol, anabolic steroids, tobacco and controlled dangerous substances. The Commissioner of Education shall make these materials available so that the local board of education shall not be required to expend funds for the loan of these materials.

The Commissioner of Education, in consultation with the Commissioner of Health, shall establish and administer a system for the evaluation of the effectiveness of instructional programs established pursuant to this act. Programs which are shown to be effective shall be made available to other school districts throughout the State.

18A:40A-7.1. Confidentiality of certain information provided by pupil; exceptions.
a. Except as provided by section 3 of P.L.1971, c.437 (C.9:6-8.10), if a public or private elementary or secondary school pupil who is participating in a school-based drug and alcohol abuse counseling program provides information during the course of a counseling session in that program which indicates that the pupil's parent or guardian or other person residing in the pupil's household is dependent upon or illegally using a substance as that term is defined in section 2 of P.L.1987, c.387 (C.18A:40A-9), that information shall be kept confidential and may be disclosed only under the circumstances expressly authorized under subsection b. of this section.

b. The information provided by a pupil pursuant to subsection a. of this section may be disclosed:
   (1) subject to the pupil's written consent, to another person or entity whom the pupil specifies in writing in the case of a secondary school pupil, or to a member of the pupil's immediate family or the appropriate school personnel in the case of an elementary school pupil;
   (2) pursuant to a court order;
   (3) to a person engaged in a bona fide research purpose, except that no names or other information identifying the pupil or the person with respect to whose substance abuse the information was provided, shall be made available to the researcher; or
   (4) to the Division of Child Protection and Permanency or to a law enforcement agency, if the information would cause a person to reasonably suspect that the elementary or secondary school pupil or another child may be an abused or neglected child as the terms are used in R.S.9:6-1, or as the terms are defined in section 2 of P.L.1971, c.437 (C.9:6-8.9), or section 1 of P.L.1974, c.119 (C.9:6-8.21).

c. Any disclosure made pursuant to paragraph (1) or (2) of subsection b. of this section shall be limited to that information which is necessary to carry out the purpose of the disclosure, and the person or entity to whom the information is disclosed shall be prohibited from making any further disclosure of that information without the pupil's written consent. The disclosure shall be accompanied by a written statement advising the recipient that the information is being disclosed from records the confidentiality of which is protected by P.L.1997, c.362 (C.18A:40A-7.1 et seq.), and that this law prohibits any further disclosure of this information without the written consent of the person from whom the information originated. Nothing in P.L.1997, c.362 (C.18A:40A-7.1 et seq.) shall be construed as prohibiting the Division of Child Protection and Permanency or a law enforcement agency from using or disclosing the information in the course of conducting an investigation or prosecution. Nothing in P.L.1997, c.362 shall be construed as authorizing the violation of any federal law.

d. The prohibition on the disclosure of information provided by a pupil pursuant to subsection a. of this section shall apply whether the person to whom the information was provided believes that the person seeking the information already has it, has other means of obtaining it, is a law enforcement or other
public official, has obtained a subpoena, or asserts any other justification for the disclosure of this information.

Except as provided by section 6 of P.L.1971, c.437 (C.9:6-8.13), a person who discloses or willfully permits the disclosure of information provided by a pupil in violation of the provisions of section 1 of this act is subject to a fine of not more than $500 for a first offense and not more than $5,000 for a second and each subsequent offense. The penalty shall be collected and enforced in summary proceedings under "the penalty enforcement law" (N.J.S.2A:58-1 et seq.).

The Legislature finds and declares that:
   a. A significant number of young people are unfortunately already involved in the abuse of alcohol and other drugs;
   b. Research indicates that particular groups of youngsters, such as the children of alcoholic parents, may in fact face an increased risk of developing alcohol and other substance abuse problems and that early intervention services can be critical in their prevention, detection and treatment; and,
   c. School-based initiatives have proven particularly effective in identifying and assisting students at a high risk of developing alcohol and other drug disturbances and in reducing absenteeism, decreasing the consumption of alcohol and other drugs, and in lessening the problems associated with such addictions.

For the purposes of this act:
"Substance" shall mean alcoholic beverages, controlled dangerous substances as defined in section 2 of P.L.1970, c.266 (C.24:21-2), anabolic steroids or any chemical or chemical compound which releases vapors or fumes causing a condition of intoxication, inebriation, excitement, stupefaction or dulling of the brain or nervous system including, but not limited to, glue containing a solvent having the property of releasing toxic vapors or fumes as defined in section 1 of P.L.1965, c.41 (C.2A:170-25.9).
"Substance abuse" shall mean the consumption or use of any substance as defined herein for purposes other than for the treatment of sickness or injury as prescribed or administered by a person duly authorized by law to treat sick and injured human beings.

Each local board of education shall, pursuant to guidelines developed by the Commissioner of Education, in consultation with the Commissioner of Health, establish a comprehensive substance abuse intervention, prevention and treatment referral program in the public elementary and secondary schools of the district. The purpose of the program shall be to identify pupils who are substance abusers, assess the extent of these pupils’ involvement with these substances and, where appropriate, refer pupils and their families to organizations and agencies approved by the Department of Health to offer competent professional treatment. Treatment shall not be at the expense of the local board of education.
Each school district shall develop a clear written policy statement which outlines the district's program to combat substance abuse and which provides for the identification, evaluation, referral for treatment and discipline of pupils who are substance abusers. Copies of the policy statement shall be distributed to pupils and their parents at the beginning of each school year.

Each board of education shall adopt and implement, in accordance with rules and regulations promulgated by the State board, policies and procedures for the evaluation, referral for treatment and discipline of pupils involved in incidents of possession or abuse of substances as defined in section 2 [C.18A:40A-9] of this act, on school property or at school functions, or who show significant symptoms of the use of those substances on school property or at school functions. In adopting and implementing these policies and procedures, the board shall consult and work closely with a local organization involved with the prevention, detection and treatment of substance abuse approved by the Department of Health.

18A:40A-12. Reporting of pupils under influence; examination; report; return home; evaluation of possible need for treatment; referral for treatment.

a. Whenever it shall appear to any teaching staff member, school nurse or other educational personnel of any public school in this State that a pupil may be under the influence of substances as defined pursuant to section 2 [C.18A:40A-9] of this act, other than anabolic steroids, that teaching staff member, school nurse, or other educational personnel shall report the matter as soon as possible to the school nurse or medical inspector, as the case may be, or to a student assistance coordinator, and to the principal or, in his absence, to his designee. The principal or his designee, shall immediately notify the parent or guardian and the superintendent of schools, if there be one, or the administrative principal and shall arrange for an immediate examination of the pupil by a doctor selected by the parent or guardian, or if that doctor is not immediately available, by the medical inspector, if he is available. If a doctor or medical inspector is not immediately available, the pupil shall be taken to the emergency room of the nearest hospital for examination accompanied by a member of the school staff designated by the principal and a parent or guardian of the pupil if available. The pupil shall be examined as soon as possible for the purpose of diagnosing whether or not the pupil is under such influence. A written report of that examination shall be furnished within 24 hours by the examining physician to the parent or guardian of the pupil and to the superintendent of schools or administrative principal. If it is determined that the pupil was under the influence of a substance, the pupil shall be returned to the pupil's home as soon as possible and shall not resume attendance at school until the pupil submits to the principal a written report certifying that the pupil is physically and mentally able to return thereto, which report shall be prepared by a personal physician, the medical inspector, or the physician who examined the pupil pursuant to the provisions of this act.

In addition, the pupil shall be interviewed by a student assistance coordinator or another appropriately trained teaching staff member for the purpose of determining the extent of the pupil's involvement with these substances and possible need for treatment. In order to make this determination the coordinator or other teaching staff member may conduct a reasonable investigation which may include interviews with the pupil's teachers and parents. The coordinator or other teaching staff member may also consult with experts in the field of substance abuse as may be necessary and appropriate. If it is determined that the pupil's involvement with and use of these substances represents a danger to the pupil's health and well-being, the coordinator or other teaching staff member shall refer the pupil to an appropriate treatment program which has been approved by the Commissioner of Health.

b. Whenever any teaching staff member, school nurse, or other educational personnel of any public school in this State shall have reason to believe that a pupil has used or may be using anabolic steroids, that teaching staff member, school nurse, or other educational personnel shall report the matter as soon as possible to the school nurse or medical inspector, as the case may be, or to a student assistance coordinator, and to the principal or, in his absence, to his designee. The principal or his designee, shall immediately notify the parent or guardian and the superintendent of schools, if there be one, or the administrative principal and shall arrange for an examination of the pupil by a doctor selected by the parent or guardian or by the medical inspector. The pupil shall be examined as soon as possible for the
purpose of diagnosing whether or not the pupil has been using anabolic steroids. A written report of that examination shall be furnished by the examining physician to the parent or guardian of the pupil and to the superintendent of schools or administrative principal. If it is determined that the pupil has been using anabolic steroids, the pupil shall be interviewed by a student assistance coordinator or another appropriately trained teaching staff member for the purpose of determining the extent of the pupil's involvement with these substances and possible need for treatment. In order to make this determination the coordinator or other teaching staff member may conduct a reasonable investigation which may include interviews with the pupil's teachers and parents. The coordinator or other teaching staff member may also consult with experts in the field of substance abuse as may be necessary and appropriate. If it is determined that the pupil's involvement with and use of these substances represents a danger to the pupil's health and well-being, the coordinator or other teaching staff member shall refer the pupil to an appropriate treatment program which has been approved by the Commissioner of Health.

a. The Commissioner of Education, in consultation with the Commissioner of Health, shall develop an inservice training program for public school teachers to enable the teachers to recognize and respond to substance abuse by public school pupils. The program shall, at a minimum, include:

(1) Instruction to assist the teacher in the identification of the symptoms and behavioral patterns which might indicate that a child may be involved in substance abuse;

(2) Appropriate intervention strategies; and,

(3) Information on the State, local and community organizations which are available for the prevention, early intervention, treatment and rehabilitation of individuals who show symptoms of substance abuse.

The inservice training program required pursuant to this section shall be updated at regular intervals in order to insure that teaching staff members have the most current information available on this subject.

b. Each local board of education shall insure that all teaching staff members in the district who are involved in the instruction of pupils are provided with the inservice training program developed pursuant to this section. The inservice training program of the local board of education shall also include information concerning the policy of the board regarding the referral for treatment of pupils involved in substance abuse, as required pursuant to section 5 [C.18A:40A-12] of this act.

a. The Commissioner of Education, in consultation with the Commissioner of Health, shall establish guidelines for substance abuse education programs to be offered by local boards of education to the parents or legal guardians of public school pupils. The program shall, at a minimum, provide:

(1) A thorough and comprehensive review of the substance abuse education curriculum which will be taught to the child of the parent or guardian during the school year, with recommendations as to the ways in which the parent or guardian may enhance, reinforce and supplement that program;

(2) Information on the pharmacology, physiology, psychosocial and legal aspects of substance abuse, and instruction to assist the parent or guardian in the identification of the symptoms and behavioral patterns which might indicate that a child may be involved in substance abuse; and

(3) Information on the State, local and community organizations which are available for the prevention, early intervention, treatment and rehabilitation of individuals who show symptoms of substance abuse.

b. In addition to the guidelines required pursuant this section, the Commissioner of Education, in consultation with the Commissioner of Health, shall develop and provide to local boards of education suggested materials for the substance abuse education program for parents or legal guardians of school pupils, and shall maintain and continuously update a roster of individuals or groups available to assist boards of education in implementing this program and a list of State and local agencies and organizations
which are approved by the Department of Health to provide services for the prevention, early intervention, treatment or rehabilitation of individuals who show symptoms of substance abuse.

18A:40A-17. Outreach program.
a. Under the guidelines established by the Commissioner of Education, each local board of education shall establish an outreach program to provide substance abuse education for the parents or legal guardians of the pupils of the district. In establishing the program, the local board of education shall consult with such local organizations and agencies as are recommended by the commissioner. The board of education shall insure that the program is offered at times and places convenient to the parents of the district on school premises, or in other suitable facilities.
b. In addition to the substance abuse education program required pursuant to this section, each local board of education shall establish policies and procedures to provide assistance to parents or legal guardians who believe that their child may be involved in substance abuse. These policies and procedures shall be consistent with the policies and procedures for intervention by school personnel developed pursuant to this act.
c. The board of education in each school district in the State in which a nonpublic school is located shall have the power and duty to loan to the parents or legal guardians of all pupils attending nonpublic schools located within the district all educational materials developed by the Commissioner of Education for the instruction of the parents or legal guardians of public school pupils on the nature and effects of substances and substance abuse. The Commissioner of Education shall make these materials available so that the local board of education shall not be required to expend funds for the loan of these materials.

The Commissioner of Education, in consultation with the Commissioner of Health, shall develop and administer a program which provides for the employment of student assistance coordinators in certain school districts.

a. Within 90 days of the effective date of this act [C.18A:40A-8 et seq.], the Commissioner of Education shall forward to each local school board a request for a proposal for the employment of a student assistance coordinator. A board which wants to participate in the program shall submit a proposal to the commissioner which outlines the district's plan to provide substance abuse prevention, intervention, and treatment referral services to students through the employment of a student assistance coordinator. Nothing shall preclude a district which employs a student assistance coordinator at the time of the effective date of this act from participating in this program. The commissioner shall select school districts to participate in the program through a competitive grant process. The participating districts shall include urban, suburban, and rural districts from the north, central, and southern geographic regions of the State with at least one school district per county. In addition to all other State aid to which the local district is entitled under the provisions of P.L.2007, c.260 (C.18A:7F-43 et al.) and other pertinent statutes, each board of education participating in the program shall receive from the State, for a three-year period, the amount necessary to pay the salary of its student assistance coordinator.
b. The position of student assistance coordinator shall be separate and distinct from any other employment position in the district, including, but not limited to district guidance counselors, school social workers, and school psychologists. The State Board of Education shall approve the education and experience criteria necessary for employment as a student assistance coordinator. The criteria shall include a requirement for certification by the State Board of Examiners. In addition to the criteria established by the State board, the Department of Education and the Department of Health shall jointly conduct orientation and training programs for student assistance coordinators, and shall also provide for continuing education programs for coordinators.
c. It shall be the responsibility of student assistance coordinators to assist local school districts in the effective implementation of this act. Coordinators shall assist with the in service training of school district staff concerning substance abuse issues and the district program to combat substance abuse; serve as an information resource for substance abuse curriculum development and instruction; assist the district in revising and implementing substance abuse policies and procedures; develop and administer intervention services in the district; provide counseling services to pupils regarding substance abuse problems; and, where necessary and appropriate, cooperate with juvenile justice officials in the rendering of substance abuse treatment services.

d. The Commissioner of Education, in consultation with the Commissioner of Health, shall implement a plan to collect data on the effectiveness of the program in treating problems associated with substance abuse and in reducing the incidence of substance abuse in local school districts. Six months prior to the expiration of the program authorized pursuant to this section, the Commissioner of Education shall submit to the Governor and the Legislature an evaluation of the program and a recommendation on the advisability of its continuation or expansion to all school districts in the State.

The Commissioner of Education is authorized to make grants to local school districts in such amounts as he shall determine, to assist the districts in the implementation of innovative pilot programs designed to educate pupils of elementary and secondary schools and members of the general public on the subject of substance abuse, and to prevent the abuse of those substances. Application for grants shall be made on forms furnished by the Commissioner of Education and shall set forth the program proposed and appropriate administrative procedures for the proper and efficient implementation of the program. These pilot programs shall, at a minimum, include:

a. An early intervention competitive grant pilot program to be established by the Commissioner of Education, in consultation with the Commissioner of Health and the Commissioner of Human Services, to enable local school districts to identify and assist elementary school pupils who are affected by family substance abuse problems or who are at risk of developing such problems themselves. The purpose of the program shall be to encourage the creation of effective model programs for the early identification of children at risk for substance abuse related problems and to provide for effective intervention when these children are identified.

Grants shall be awarded to boards of education through a competitive grant process based upon written applications submitted by local boards of education. The Commissioner of Education shall select not more than eight of the proposals submitted by boards of education for participation in the pilot program. The commissioner, in addition to considering the overall quality of each proposal and the likelihood that the proposal can be replicated in other districts, shall seek to achieve the broadest geographic distribution of recipients consistent with the purposes of this act.

b. The pilot program established in Ocean County by the Department of Education in conjunction with the Juvenile Services Unit in the Family Division of the Administrative Office of the Courts, to coordinate the efforts of school and juvenile justice personnel in the county to combat alcohol and substance abuse by students.

The commissioner shall evaluate the effectiveness of the model program developed and tested pursuant to this section and disseminate information about successful model programs to school districts that do not participate in the pilot program.

The Commissioner of Education, in consultation with the Commissioner of Health and the Commissioner of Human Services, shall develop procedures for the evaluation of the impact of the programs established pursuant to this act and shall report annually to the Governor and the Legislature on the effects of these
programs. That report shall include data concerning the incidence of substance abuse in the public schools; the nature and scope of intervention, prevention and treatment referral programs; an assessment of the impact of those programs on the problem of substance abuse; and, any recommendations for modifications in the programs established pursuant to this act.

18A:40A-22. Findings, declarations relative to substance abuse testing policies in public school districts.

The Legislature finds and declares that there are many school districts within the State with a growing problem of drug abuse among their students. The Legislature further finds that federal and State courts have held that it may be appropriate for school districts to combat this problem through the random drug testing of students participating in extracurricular activities, including interscholastic athletics, and students who possess school parking permits. The Legislature also finds that a random drug testing program may have a positive effect on attaining the important objectives of deterring drug use and providing a means for the early detection of students with drug problems so that counseling and rehabilitative treatment may be offered.

18A:40A-23. Adoption of policy for random testing of certain students.

A board of education may adopt a policy, pursuant to rules and regulations adopted by the State Board of Education in consultation with the Department of Human Services, which are consistent with the New Jersey Constitution and the federal Constitution, for the random testing of the district's students in grades 9-12 who participate in extracurricular activities, including interscholastic athletics, or who possess school parking permits, for the use of controlled dangerous substances as defined in N.J.S. 2C:35-2 and anabolic steroids. The testing shall be conducted by the school physician, school nurse or a physician, laboratory or health care facility designated by the board of education and the cost shall be paid by the board. Any disciplinary action taken against a student who tests positive for drug use or who refuses to consent to testing shall be limited to the student's suspension from or prohibition against participation in extracurricular activities, or revocation of the student's parking permits.

26:2BB-7. Alliance to prevent alcoholism and drug abuse.

a. There is created an Alliance to Prevent Alcoholism and Drug Abuse, hereinafter referred to as the "Alliance," in the Governor's Council on Alcoholism and Drug Abuse. The purpose of the Alliance is to create a network comprised of all the communities in New Jersey which is dedicated to a comprehensive and coordinated effort against alcoholism and drug abuse. The Alliance shall be a mechanism both for implementing policies to reduce alcoholism and drug abuse at the municipal level, and for providing funds, including moneys from mandatory penalties on drug offenders, to member communities to support appropriate county and municipal-based alcohol and drug abuse education and public awareness activities.

b. The Governor's Council on Alcoholism and Drug Abuse shall adopt rules and regulations for participation in, and the operation of, the Alliance and for the awarding of grants to municipalities and counties from funds appropriated for such purposes pursuant to P.L.1989, c.51 (C.26:2BB-1 et al.), section 5 of P.L.1993, c.216 (C.54:43-1.3) and funds derived from the "Drug Enforcement and Demand Reduction Fund" established pursuant to N.J.S. 2C:35-15, for the purpose of developing:

1. Organized and coordinated efforts involving schools, law enforcement, business groups and other community organizations for the purpose of reducing alcoholism and drug abuse;
2. In cooperation with local school districts, comprehensive and effective alcoholism and drug abuse education programs in grades kindergarten through 12;
3. In cooperation with local school districts, procedures for the intervention, treatment and discipline of students abusing alcohol or drugs;
(4) Comprehensive alcoholism and drug abuse education, support and outreach efforts for parents in the community; and

(5) Comprehensive alcoholism and drug abuse community awareness programs.

c. Funds disbursed under this section shall not supplant local funds that would have otherwise been made available for alcoholism and drug abuse initiatives. Communities shall provide matching funds when and to the extent required by the regulations adopted pursuant to this section.

d. The county agency or individual designated by the governing body of each county pursuant to subsection a. of section 4 of P.L.1983, c.531 (C.26:2B-33), is authorized to receive from the Governor's Council on Alcoholism and Drug Abuse moneys made available pursuant to this section. The designated county agency or individual shall establish a separate fund for the receipt and disbursement of these moneys.

REGULATIONS

6A:16-3.1. Establishment of comprehensive alcohol, tobacco and other drug abuse programs.

(a) Each district board of education shall establish a comprehensive program of prevention, intervention, referral for evaluation, referral for treatment, and continuity of care for student alcohol, tobacco, and other drug abuse in the school district's public elementary and secondary schools, in accordance with N.J.S.A. 18A:40A-3, 10, and 15.

1. The purpose of the prevention component of the program shall be to:

Gang-related Activity

LAWS

18A:11-7. Findings, declarations relative to school dress codes.
The Legislature finds and declares that many educators believe that school dress can significantly influence pupil behavior and that schools that have adopted dress codes, including dress codes which require school uniforms and which prohibit clothing indicating membership in certain gangs, experience greater school pride and improved behavior in and out of the classroom. The Legislature further finds that to assist in controlling the environment in public schools, to facilitate and maintain an effective learning environment, and to keep the focus of the classroom on learning, school districts should be specifically authorized to implement uniform clothing requirements for their students.

A board of education may adopt a dress code policy to prohibit students from wearing, while on school property, any type of clothing, apparel or accessory which indicates that the student has membership in, or affiliation with, any gang associated with criminal activities. The local law enforcement agency shall advise the board, upon its request, of gangs which are associated with criminal activities.

a. There is established in the Department of Education the New Jersey School Safety Specialist Academy. It shall be the purpose of the academy to serve as a central repository for best practices, training standards, and compliance oversight in all matters regarding school safety and security, including prevention efforts, intervention efforts, and emergency preparedness planning. The academy shall: provide, free of charge, ongoing professional development on national and State best practices, as well as the most current resources on school safety and security; assume a lead role in setting the vision for school safety and security in the State; and provide a coordinated and interdisciplinary approach to providing technical assistance and guidance to schools throughout the State.

b. The academy shall develop and implement a School Safety Specialist Certification Program. A school safety specialist appointed pursuant to section 2 [C.18A:17-43.3] of this act shall be required to acquire the certification. The certification program shall provide training, free of charge, to newly-appointed school safety specialists in the areas of bullying, hazing, truancy, Internet safety, emergency planning, emergency drills, drugs, weapons, gangs and school policing, and any other areas deemed necessary by the academy. The academy shall also offer annual training sessions for certified school safety specialists. The academy shall develop training modules in both traditional and online formats.

Each board of education that operates an educational program for elementary school students shall offer instruction in gang violence prevention and in ways to avoid membership in gangs. The instruction shall take place as part of the district's implementation of the Core Curriculum Content Standards in
Comprehensive Health and Physical Education, and the comprehensive health and physical education curriculum framework shall provide school districts with sample materials that may be used to support implementation of the instructional requirement.

52:17B-4.7. Gang education seminars for school administrators.

b. A superintendent, assistant superintendent, principal or other administrator employed by a public school district shall attend a gang education seminar offered pursuant to this section within the first year of initial employment as an administrator with a public school district. An administrator employed by a school district prior to the effective date [Oct.12, 2007] of this act shall attend the first seminar offered in the county subsequent to its enactment. A superintendent, assistant superintendent, principal or other administrator shall be exempt from the requirements of this section if that person has successfully completed a gang education seminar conducted by a public school district which is substantially equivalent to the seminar required pursuant to this section.
c. A gang education seminar offered pursuant to this section shall be open to all public and nonpublic school administrators.

a. Beginning with the first full school year following the effective date of this act, a public school district shall provide a daily recess period of at least 20 minutes for students in grades kindergarten through 5. The recess period shall be held outdoors, if feasible. A student shall not be denied recess for any reason, except as a consequence of a violation of the district's code of student conduct, including a harassment, intimidation, or bullying investigation pursuant to P.L.2002, c.83 (C.18A:37-13 et seq.). If a student is denied recess, except under conditions set forth in subsection b. of this section, the student shall be provided restorative justice activities during the recess period. A student may not be denied recess more than twice per week.

A school district shall not be required to provide a recess period on a school day in which the day is substantially shortened due to a delayed opening or early dismissal.

The recess period shall not be used to meet the course requirements set forth in N.J.S.18A:35-5.
b. Nothing in this section shall be construed to prohibit school staff from denying recess for a student on the advice of a medical professional, school nurse, or based on the provisions of a student's 504 plan.
c. For purposes of this section, "restorative justice activities" means activities designed to improve the socioemotional and behavioral responses of students through the use of more appropriate, and less punitive, interventions thereby establishing a more supportive and inclusive school culture.

a. The Commissioner of Education shall develop and distribute to school districts guidelines concerning transgender students. The purposes of the guidelines shall be to provide direction for schools in addressing common issues concerning the needs of transgender students, and to assist schools in establishing policies and procedures that ensure a supportive and nondiscriminatory environment for transgender students.

b. The guidelines developed by the commissioner shall include, but not be limited to, information and guidance regarding the following:

   (2) maintaining a safe and supportive learning environment that is free from discrimination and harassment for transgender students, including students going through a gender transition;

c. The guidelines shall include information on organizations or other resources available to students and parents that provide support to transgender individuals.

d. The commissioner shall periodically review the guidelines developed pursuant to this section, and shall update or modify the guidelines, as appropriate, in accordance with current State or federal laws and regulations concerning the rights of transgender students.

Any pupil who is guilty of continued and willful disobedience, or of open defiance of the authority of any teacher or person having authority over him, or of the habitual use of profanity or of obscene language, or who shall cut, deface or otherwise injure any school property, shall be liable to punishment and to suspension or expulsion from school.

Conduct which shall constitute good cause for suspension or expulsion of a pupil guilty of such conduct shall include, but not be limited to, any of the following:

   k. Harassment, intimidation, or bullying.

The Legislature finds and declares that: a safe and civil environment in school is necessary for students to learn and achieve high academic standards; harassment, intimidation or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe environment; and since students learn by example, school administrators, faculty, staff, and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation or bullying.

The Legislature finds and declares that:

a. A 2009 study by the United States Departments of Justice and Education, "Indicators of School Crime and Safety," reported that 32% of students aged 12 through 18 were bullied in the previous school year. The study reported that 25% of the responding public schools indicated that bullying was a daily or weekly problem;

b. A 2009 study by the United States Centers for Disease Control and Prevention, "Youth Risk Behavior Surveillance," reported that the percentage of students bullied in New Jersey is 1 percentage point higher than the national median;

c. In 2010, the chronic persistence of school bullying has led to student suicides across the country, including in New Jersey;
d. Significant research has emerged since New Jersey enacted its public school anti-bullying statute in 2002, and since the State amended that law in 2007 to include cyber-bullying and in 2008 to require each school district to post its anti-bullying policy on its website and distribute it annually to parents or guardians of students enrolled in the district;

e. School districts and their students, parents, teachers, principals, other school staff, and board of education members would benefit by the establishment of clearer standards on what constitutes harassment, intimidation, and bullying, and clearer standards on how to prevent, report, investigate, and respond to incidents of harassment, intimidation, and bullying;

f. It is the intent of the Legislature in enacting this legislation to strengthen the standards and procedures for preventing, reporting, investigating, and responding to incidents of harassment, intimidation, and bullying of students that occur in school and off school premises;

g. Fiscal responsibility requires New Jersey to take a smarter, clearer approach to fight school bullying by ensuring that existing resources are better managed and used to make our schools safer for students;

h. In keeping with the aforementioned goal of fiscal responsibility and in an effort to minimize any burden placed on schools and school districts, existing personnel and resources shall be utilized in every possible instance to accomplish the goals of increased prevention, reporting, and responsiveness to incidents of harassment, intimidation, or bullying, including in the appointment of school anti-bullying specialists and district anti-bullying coordinators;

i. By strengthening standards for preventing, reporting, investigating, and responding to incidents of bullying this act will help to reduce the risk of suicide among students and avert not only the needless loss of a young life, but also the tragedy that such loss represents to the student's family and the community at large; and

j. Harassment, intimidation, and bullying is also a problem which occurs on the campuses of institutions of higher education in this State, and by requiring the public institutions to include in their student codes of conduct a specific prohibition against bullying, this act will be a significant step in reducing incidents of such activity.

As used in this act:

"Electronic communication" means a communication transmitted by means of an electronic device, including, but not limited to, a telephone, cellular phone, computer, or pager;

"Harassment, intimidation or bullying" means any gesture, any written, verbal or physical act, or any electronic communication, whether it be a single incident or a series of incidents, that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability, or by any other distinguishing characteristic, that takes place on school property, at any school-sponsored function, on a school bus, or off school grounds as provided for in section 16 of P.L.2010, c.122 (C.18A:37-15.3), that substantially disrupts or interferes with the orderly operation of the school or the rights of other students and that:
a. a reasonable person should know, under the circumstances, will have the effect of physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or emotional harm to his person or damage to his property;
b. has the effect of insulting or demeaning any student or group of students; or
c. creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student.

18A:37-15. Adoption of policy concerning harassment, intimidating or bullying by each school district.

a. Each school district shall adopt a policy prohibiting harassment, intimidation or bullying on school property, at a school-sponsored function or on a school bus. The school district shall adopt the policy through a process that includes representation of parents or guardians, school employees, volunteers, students, administrators, and community representatives.

b. A school district shall have local control over the content of the policy, except that the policy shall contain, at a minimum, the following components:
   (1) a statement prohibiting harassment, intimidation or bullying of a student;
   (2) a definition of harassment, intimidation or bullying no less inclusive than that set forth in section 2 of P.L.2002, c.83 (C.18A:37-14);
   (3) a description of the type of behavior expected from each student;
   (4) consequences and appropriate remedial action for a person who commits an act of harassment, intimidation or bullying;
   (5) a procedure for reporting an act of harassment, intimidation or bullying, including a provision that permits a person to report an act of harassment, intimidation or bullying anonymously; however, this shall not be construed to permit formal disciplinary action solely on the basis of an anonymous report.

All acts of harassment, intimidation, or bullying shall be reported verbally to the school principal on the same day when the school employee or contracted service provider witnessed or received reliable information regarding any such incident. The principal shall inform the parents or guardians of all students involved in the alleged incident, and may discuss, as appropriate, the availability of counseling and other intervention services. All acts of harassment, intimidation, or bullying shall be reported in writing to the school principal within two school days of when the school employee or contracted service provider witnessed or received reliable information that a student had been subject to harassment, intimidation, or bullying;

(6) a procedure for prompt investigation of reports of violations and complaints, which procedure shall at a minimum provide that:

   (a) the investigation shall be initiated by the principal or the principal's designee within one school day of the report of the incident and shall be conducted by a school anti-bullying specialist. The principal may appoint additional personnel who are not school anti-bullying specialists to assist in the investigation. The investigation shall be completed as soon as possible, but not later than 10 school days from the date of the written report of the incident of harassment, intimidation, or bullying. In the event that there is information relative to the investigation that is anticipated but not yet received by the end of the 10-day period, the school anti-bullying specialist may amend the original report of the results of the investigation to reflect the information;
   (b) the results of the investigation shall be reported to the superintendent of schools within two school days of the completion of the investigation, and in accordance with regulations promulgated by the State Board of Education pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), the superintendent may decide to provide intervention services, establish training programs
to reduce harassment, intimidation, or bullying and enhance school climate, impose discipline, order counseling as a result of the findings of the investigation, or take or recommend other appropriate action;

(c) the results of each investigation shall be reported to the board of education no later than the date of the board of education meeting next following the completion of the investigation, along with information on any services provided, training established, discipline imposed, or other action taken or recommended by the superintendent;

(d) parents or guardians of the students who are parties to the investigation shall be entitled to receive information about the investigation, in accordance with federal and State law and regulation, including the nature of the investigation, whether the district found evidence of harassment, intimidation, or bullying, or whether discipline was imposed or services provided to address the incident of harassment, intimidation, or bullying. This information shall be provided in writing within 5 school days after the results of the investigation are reported to the board. A parent or guardian may request a hearing before the board after receiving the information, and the hearing shall be held within 10 days of the request. The board shall meet in executive session for the hearing to protect the confidentiality of the students. At the hearing the board may hear from the school anti-bullying specialist about the incident, recommendations for discipline or services, and any programs instituted to reduce such incidents;

(e) at the next board of education meeting following its receipt of the report, the board shall issue a decision, in writing, to affirm, reject, or modify the superintendent's decision. The board's decision may be appealed to the Commissioner of Education, in accordance with the procedures set forth in law and regulation, no later than 90 days after the issuance of the board's decision; and

(f) a parent, student, guardian, or organization may file a complaint with the Division on Civil Rights within 180 days of the occurrence of any incident of harassment, intimidation, or bullying based on membership in a protected group as enumerated in the "Law Against Discrimination," P.L.1945, c.169 (C.10:5-1 et seq.);

(7) the range of ways in which a school will respond once an incident of harassment, intimidation or bullying is identified, which shall be defined by the principal in conjunction with the school anti-bullying specialist, but shall include an appropriate combination of services that are available within the district such as counseling, support services, intervention services, and other programs, as defined by the commissioner. In the event that the necessary programs and services are not available within the district, the district may apply to the Department of Education for a grant from the "Bullying Prevention Fund" established pursuant to section 25 of P.L.2010, c.122 (C.18A:37-28) to support the provision of out-of-district programs and services;

(8) a statement that prohibits reprisal or retaliation against any person who reports an act of harassment, intimidation or bullying and the consequence and appropriate remedial action for a person who engages in reprisal or retaliation;

(9) consequences and appropriate remedial action for a person found to have falsely accused another as a means of retaliation or as a means of harassment, intimidation or bullying;

(10) a statement of how the policy is to be publicized, including notice that the policy applies to participation in school-sponsored functions;

(11) a requirement that a link to the policy be prominently posted on the home page of the school district's website and distributed annually to parents and guardians who have children enrolled in a school in the school district; and

(12) a requirement that the name, school phone number, school address and school email address of the district anti-bullying coordinator be listed on the home page of the school district's website and that
on the home page of each school's website the name, school phone number, school address and school email address of the school anti-bullying specialist and the district anti-bullying coordinator be listed. The information concerning the district anti-bullying coordinator and the school anti-bullying specialists shall also be maintained on the department's website.

c. A school district shall adopt a policy and transmit a copy of its policy to the appropriate executive county superintendent of schools by September 1, 2003. A school district shall annually conduct a re-evaluation, reassessment, and review of its policy, making any necessary revisions and additions. The board shall include input from the school anti-bullying specialists in conducting its re-evaluation, reassessment, and review. The district shall transmit a copy of the revised policy to the appropriate executive county superintendent of schools within 30 school days of the revision. The first revised policy following the effective date of P.L.2010, c.122 (C.18A:37-13.1 et al.) shall be transmitted to the executive county superintendent of schools by September 1, 2011.

d. (1) To assist school districts in developing policies for the prevention of harassment, intimidation, or bullying, the Commissioner of Education shall develop a model policy applicable to grades kindergarten through 12. This model policy shall be issued no later than December 1, 2002.

(2) The commissioner shall adopt amendments to the model policy which reflect the provisions of P.L.2010, c.122 (C.18A:37-13.1 et al.) no later than 90 days after the effective date of that act and shall subsequently update the model policy as the commissioner deems necessary.

e. Notice of the school district's policy shall appear in any publication of the school district that sets forth the comprehensive rules, procedures and standards of conduct for schools within the school district, and in any student handbook.

f. Nothing in this section shall prohibit a school district from adopting a policy that includes components that are more stringent than the components set forth in this section.

a. A school district's policy on prohibiting harassment, intimidation or bullying adopted pursuant to section 3 of P.L.2002, c.83 (C.18A:37-15), shall be amended, if necessary, to reflect the provisions of P.L.2007, c.129 (C.18A:37-15.1 et al.). The district shall transmit a copy of the amended policy to the appropriate county superintendent of schools. Notice of the amended policy shall appear in any publication of the school district that sets forth the comprehensive rules, procedures and standards of conduct for schools within the school district, and in any student handbook.

b. In the event that a school district's policy on prohibiting harassment, intimidation or bullying adopted pursuant to section 3 of P.L.2002, c.83 (C.18A:37-15) does not accord with the provisions of subsection a. of this section by the 90th day following the effective date of this act, the district's existing policy prohibiting harassment, intimidation or bullying shall be deemed to include an "electronic communication" as defined in section 2 of P.L.2002, c.83 (C.18A:37-14) as amended by section 1 of P.L.2007, c.129.

a. Beginning with the 2011-2012 school year, each school district shall incorporate dating violence education that is age appropriate into the health education curriculum as part of the district's implementation of the Core Curriculum Content Standards in Comprehensive Health and Physical Education for students in grades 7 through 12.

"Dating violence" means a pattern of behavior where one person threatens to use, or actually uses physical, sexual, verbal, or emotional abuse to control a dating partner.

a. The Department of Education shall establish a task force to develop a policy to address incidents of dating violence involving students at school.    i. While waiting for a parent to take the student to the physician selected by the parent, or while the student is waiting for and receiving the medical examination by the school physician or a physician in an emergency room; and
   ii. Provisions shall be made for the appropriate care of the student while awaiting the results of the medical examination.

9. If the written report of the medical examination is not submitted to the parent, principal, and chief school administrator within 24 hours of the referral of the student for suspected alcohol or other drug use, the student shall be allowed to return to school until such time as a positive determination of alcohol or other drug use is received from the examining physician, unless the student was also removed for violating the code of student conduct.
10. If the written report of the medical examination verifies that alcohol or other drugs do not interfere with the student's physical and mental ability to perform in school, the student shall be immediately returned to school.

11. If there is a positive determination from the medical examination indicating the student's alcohol or other drug use interferes with his or her physical or mental ability to perform in school:
   i. The student shall be returned as soon as possible to the care of a parent;
   ii. Attendance at school shall not resume until a written report has been submitted to the parent, the principal and chief school administrator from a physician licensed to practice medicine or osteopathy who has examined the student to determine whether alcohol or other drug use interferes with his or her physical or mental ability to perform in school;

Conduct an alcohol and other drug assessment of the student and a reasonable investigation of the situation, which may include interviews with the student's teachers and parents and consultation with experts in student alcohol or other drug abuse, for the purpose of making a preliminary determination of the student's need for educational programs, supportive services, or treatment that extend beyond the general school program by virtue of the student's use of alcohol or other drugs.
      (1) The findings of the assessment alone shall not be used to prevent a student from attending school; and
   ii. Cooperate with community agencies as defined in N.J.A.C. 6A:16-4.1(b) and juvenile justice officials in providing evaluation, referral and continuity of care for alcohol or other drug abuse treatment.

   i. The findings of additional evaluations alone shall not be used to prevent a student from attending school.

14. If at any time it is determined that the student's use of alcohol or other drugs presents a danger to the student's health and well-being, an individual who holds the educational services certificate with the student assistance coordinator endorsement issued by the New Jersey State Board of Examiners or an individual who holds one of the following educational services certificate endorsements: school nurse; school nurse/non-instructional; school psychologist; school counselor; school social worker; or student personnel services and is trained in alcohol and other drug abuse treatment referral shall initiate a referral for alcohol or other drug abuse treatment.

   i. To make this determination, school staff members identified in (b)5 above may conduct a reasonable investigation, which may include interviews with the student's teachers and parents and consultation with experts in student alcohol or other drug abuse.

6. If results of a referral for evaluation positively determine the student's involvement with and use of anabolic steroids represents a danger to the student's health and well-being, an individual who holds the educational services certificate with the student assistance coordinator endorsement issued by the New Jersey State Board of Examiners or an individual who holds one of the following educational services certificate endorsements: school nurse; school nurse/non-instructional; school psychologist; school counselor; school social worker; or student personnel services and is trained to assess alcohol and other drug abuse shall initiate a referral for treatment to appropriate community agencies, as defined in N.J.A.C. 6A:16-4.1(b), to out-of-State agencies licensed by the appropriate state regulatory agency for alcohol and other drug services, or to private practitioners certified by the appropriate drug and alcohol licensing board.

18A:17-42. Preamble; purpose of article.
The legislature finds that the safety and welfare of the public school students of this state while attending sessions of the public schools is a matter of prime concern to the citizens of this state; that, in several isolated instances throughout this state, unlawful intruders into the public schools have subjected public school students and their teachers to physical and verbal attacks during sessions of the public schools and on the property of said public schools; that such attacks might have been prevented, and similar attacks will be prevented, if public school law enforcement officers are stationed in said schools; and that state aid to local boards is necessary to help such boards bear the cost of employing and stationing public school law enforcement officers.

(a) The commissioner may, in accordance with rules and regulations promulgated pursuant to this article and upon a finding of need therefor, authorize any board of education to employ, subject to the provisions of Title 11, Civil Service, of the Revised Statutes, one or more public school law enforcement officers, and to station such public school law enforcement officers in public schools of this state during hours when said public schools are normally in session or are occupied by public school students or their teachers.
(b) No such public school law enforcement officer shall be employed, except upon the application of a board of education and with the approval of the county superintendent.

The principal or his or her designee shall be responsible for the removal of any pupil pursuant to section 1 of P.L.1995, c.128 (C.18A:37-2.2). The principal or his or her designee shall immediately report the removal of any pupil to the district's chief school administrator. The principal shall also notify the appropriate law enforcement agency of a possible violation of the New Jersey Code of Criminal Justice.

The State Board of Education, in consultation and cooperation with the Attorney General, shall adopt, pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.) rules and regulations regarding law enforcement activities on school grounds and the reporting of suspected offenses and acts of delinquency to law enforcement.

The principal or his or her designee shall be responsible for the removal of any pupil pursuant to section 2 of P.L.1995, c.127 (C.18A:37-8). The principal or his or her designee shall immediately report the removal
of any pupil to the district's chief school administrator. The district's chief school administrator may modify such removal of a pupil on a case-by-case basis. The principal shall also notify the appropriate law enforcement agency of a possible violation of the New Jersey Code of Criminal Justice.

The Commissioner of Education, in consultation with the Commissioner of Health, shall develop and administer a program which provides for the employment of student assistance coordinators in certain school districts.

a. Within 90 days of the effective date of this act [C.18A:40A-8 et seq.], the Commissioner of Education shall forward to each local school board a request for a proposal for the employment of a student assistance coordinator. A board which wants to participate in the program shall submit a proposal to the commissioner which outlines the district's plan to provide substance abuse prevention, intervention, and treatment referral services to students through the employment of a student assistance coordinator. Nothing shall preclude a district which employs a student assistance coordinator at the time of the effective date of this act from participating in this program. The commissioner shall select school districts to participate in the program through a competitive grant process. The participating districts shall include urban, suburban, and rural districts from the north, central, and southern geographic regions of the State with at least one school district per county. In addition to all other State aid to which the local district is entitled under the provisions of P.L.2007, c.260 (C.18A:7F-43 et al.) and other pertinent statutes, each board of education participating in the program shall receive from the State, for a three-year period, the amount necessary to pay the salary of its student assistance coordinator.

b. The position of student assistance coordinator shall be separate and distinct from any other employment position in the district, including, but not limited to district guidance counselors, school social workers, and school psychologists. The State Board of Education shall approve the education and experience criteria necessary for employment as a student assistance coordinator. The criteria shall include a requirement for certification by the State Board of Examiners. In addition to the criteria established by the State board, the Department of Education and the Department of Health shall jointly conduct orientation and training programs for student assistance coordinators, and shall also provide for continuing education programs for coordinators.

c. It shall be the responsibility of student assistance coordinators to assist local school districts in the effective implementation of this act. Coordinators shall assist with the in service training of school district staff concerning substance abuse issues and the district program to combat substance abuse; serve as an information resource for substance abuse curriculum development and instruction; assist the district in revising and implementing substance abuse policies and procedures; develop and administer intervention services in the district; provide counseling services to pupils regarding substance abuse problems; and, where necessary and appropriate, cooperate with juvenile justice officials in the rendering of substance abuse treatment services.

d. The Commissioner of Education, in consultation with the Commissioner of Health, shall implement a plan to collect data on the effectiveness of the program in treating problems associated with substance abuse and in reducing the incidence of substance abuse in local school districts. Six months prior to the expiration of the program authorized pursuant to this section, the Commissioner of Education shall submit to the Governor and the Legislature an evaluation of the program and a recommendation on the advisability of its continuation or expansion to all school districts in the State.

a. If at least one school building of a school district is equipped with video surveillance equipment that is capable of streaming live video wirelessly to a remote location, the board of education shall enter into a memorandum of understanding with local law enforcement authorities providing the authorities with the
capacity to activate the equipment and view live streaming video. The memorandum of understanding shall include, but need not be limited to, the following:

(1) the designation of individuals who shall be authorized to view live streaming video;
(2) the circumstances under which the designated individuals would view live streaming video; and
(3) a detailed plan for preventing and detecting unauthorized access to live streaming video.

b. In the case of a school building that is located in a municipality in which there is no municipal police department, the board shall enter into a memorandum of understanding with an entity designated by the Superintendent of the State Police.

c. In the event that the parties to the memorandum of understanding are unable to reach an agreement regarding any provision required to be included pursuant to subsection a. of this section, the county prosecutor shall make the final determination regarding that provision.

d. A board shall enter into the memorandum of understanding no later than 180 days following the effective date of this act.

e. Nothing in this section shall be construed as to require the installation of video surveillance equipment capable of streaming live video wirelessly to a remote site.

A board of education of a school district in which a nonpublic school is located shall within the limit of funds appropriated or otherwise made available, adopt policies and procedures to provide the students who are enrolled full-time in the nonpublic school with security services, equipment, or technology to help ensure a safe and secure school environment.

a. The superintendent of schools of each school district in which a nonpublic school is located shall confer annually with the chief school administrator of each of the nonpublic schools to:

(1) advise the nonpublic school of the limit of funds available pursuant to this act [C.18A:58-37.8 et seq.];
(2) agree upon the security services, equipment, or technology to be provided to the students of the nonpublic school, within the limit of the funds that are available; and
(3) agree on the date when the board of education will meet to approve how the security services, equipment, or technology will be provided to the students of the nonpublic school.

b. In the event that the superintendent of schools and the chief school administrator of the nonpublic school are unable to agree regarding the security services, equipment, or technology to be provided for a safe and secure school environment, the executive county superintendent shall be consulted to determine the security services, equipment, or technology to be provided. The decision of the executive county superintendent shall be final.

The State Board of Education shall promulgate rules pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), to effectuate the provisions of this act [C.18A:58-37.8 et seq.] in a manner that comports with the provisions of the State and federal Constitutions, including a list of allowable expenditures for security services, equipment, or technology to ensure a safe and secure school environment for nonpublic school students.

This act shall be known and may be cited as the "Special Law Enforcement Officers’ Act."
40A:14-146.9. Definitions.
As used in this act [C.40A:14-146.8 et seq.]:

a. "Commission" means the Police Training Commission established in the Department of Law and Public Safety pursuant to section 5 of P.L.1961, c.56 (C.52:17B-70);

b. "Emergency" means any sudden, unexpected or unforeseeable event requiring the immediate use or deployment of law enforcement personnel as shall be determined by the chief of police, or in the absence of the chief, other chief law enforcement officer or the mayor or the mayor's designee or, in the case of a county, the county executive or freeholder director or designee, as appropriate, to whom the authority of designating an "emergency" has been prescribed by local ordinance or resolution, as appropriate. Vacations, shortages in police personnel caused by vacancies unfilled by the appointing authority for more than 60 days, or any other condition which could reasonably have been anticipated or foreseen shall not constitute an "emergency" for the purposes of this act; but an "emergency" may continue for the purposes of this act when a vacancy remains unfilled for more than 60 days and when, on application of the appointing authority, the county prosecutor grants an extension for one or more additional 60-day periods upon a showing by the appointing authority of a diligent, good faith effort to fill the vacancy;

c. "Local unit" means any municipality or county having established a regular police force pursuant to law;

d. "Population" means the population of the resort municipality shown in the last federal decennial census;

e. "Public entity" means the State and any county, municipality, district, public authority, public agency and any other political subdivision or public body in the State;

f. "Resort municipality" means a municipality which, because of its recreational or entertainment characteristics or facilities or its close proximity to such characteristics or facilities, experiences a substantial increase during the seasonal period in the number of persons visiting or temporarily residing there;

g. "Seasonal period" means any one period of four consecutive months during the calendar year, except with regard to a resort municipality bordering on the Atlantic ocean, in which case, "seasonal period" means one period of six consecutive months during the calendar year;

h. "Special law enforcement officer" means any person appointed pursuant to this act to temporarily or intermittently perform duties similar to those performed regularly by members of a police force of a local unit, or to provide assistance to a police force during unusual or emergency circumstances, or at individual times or during regular seasonal periods in resort municipalities; and

"County college" means an educational institution established or to be established by one or more counties, offering programs of instruction, extending not more than two years beyond the high school, which may include but need not be limited to specialized or comprehensive curriculums, including college credit transfer courses, terminal courses in the liberal arts and sciences, and technical institute type programs; the term shall include a county vocational school.

40A:14-146.11. Training; classifications.
a. A person shall not commence the duties of a special law enforcement officer unless the person has successfully completed a training course approved by the commission and a special law enforcement officer shall not be issued a firearm unless the officer has successfully completed the basic firearms course approved by the commission for permanent, regularly appointed police and annual requalification examinations as required by subsection b. of section 7 of P.L.1985, c.439 (C.40A:14-146.14). There shall be three classifications for special police officers. The commission shall prescribe by rule or regulation the
training standards to be established for each classification. Training may be in a commission approved academy or in any other training program which the commission may determine appropriate. The classifications shall be based upon the duties to be performed by the special law enforcement officer as follows:

(1) Class One. Officers of this class shall be authorized to perform routine traffic detail, spectator control, and similar duties. If authorized by ordinance or resolution, as appropriate, Class One officers shall have the power to issue summonses for disorderly persons and petty disorderly persons offenses, violations of municipal ordinances, and violations of Title 39 of the Revised Statutes. The use of a firearm by an officer of this class shall be strictly prohibited and a Class One officer shall not be assigned any duties which may require the carrying or use of a firearm.

(2) Class Two. Officers of this class shall be authorized to exercise full powers and duties similar to those of a permanent, regularly appointed full-time police officer. The use of a firearm by an officer of this class may be authorized only after the officer has been fully certified as successfully completing training as prescribed by the commission.

(3) Class Three. Officers of this class shall be authorized to exercise full powers and duties similar to those of a permanent, regularly appointed full-time police officer while providing security at a public or nonpublic school or a county college on the school or college premises during hours when the public or nonpublic school or county college is normally in session or when it is occupied by public or nonpublic school or county college students or their teachers or professors. While on duty in the jurisdiction of employment, an officer may respond to offenses or emergencies off school or college grounds if they occur in the officer's presence while traveling to a school facility or county college, but an officer shall not otherwise be dispatched or dedicated to any assignment off school or college property.

The use of a firearm by an officer of this class shall be authorized pursuant to the provisions of subsection b. of section 7 of P.L.1985, c.439 (C.40A:14-146.14). An officer of this class shall not be authorized to carry a firearm while off duty unless the officer complies with the requirements set forth in subsection l. of N.J.S.2C:39-6 authorizing a retired law enforcement officer to carry a handgun.

b. The commission may, in its discretion, except from the requirements of this section any person who demonstrates to the commission's satisfaction that the person has successfully completed a police training course conducted by any federal, state or other public or private agency, the requirements of which are substantially equivalent to the requirements of this act.

c. The commission shall certify officers who have satisfactorily completed training programs and issue appropriate certificates to those officers. The certificate shall clearly state the category of certification for which the officer has been certified by the commission.

d. All special law enforcement officers appointed and in service on the effective date of this act may continue in service if within 24 months of the effective date of this act they will have completed all training and certification requirements of this act.

40A:14-146.12. Uniforms.

Every special law enforcement officer prior to the commencement of his duties shall be furnished with a uniform which shall identify the officer's function. The uniform shall include, but not be limited to, a hat and appropriate badges which shall bear an identification number or name tag and the name of the local unit in which the officer is employed. The uniform shall also include an insignia issued by the commission which clearly indicates the officer's status as a special law enforcement officer and the type of certification issued pursuant to section 4 of this act. Within six months following the effective date of this act the commission shall issue the insignia. All special law enforcement officers prior to the commencement of duties shall be in uniform properly displaying the appropriate insignia. Nothing in this section shall preclude the designation on an insignia to read either "special police" or "special law enforcement officer."
40A:14-146.13. Fees.

a. Except as specified in subsection b. of this section, a local unit may charge a reasonable fee as may be fixed by the governing body for equipment and uniforms supplied pursuant to this act, but may not charge a fee for the costs of training or issuing a certificate of appointment. The local unit shall not be required to compensate a special law enforcement officer for time spent in training;

b. In addition to charging a reasonable fee as fixed by the governing body for equipment and uniforms supplied pursuant to this act, a local unit with a population in excess of 300,000, according to the 1980 federal decennial census, may charge a fee for the costs of training and for the administrative costs of issuing a certificate of appointment for a special law enforcement officer whose duties consist solely of performing public safety functions for a private employer.

a. Special law enforcement officers may be appointed for terms not to exceed one year, and the appointments may be revoked by the local unit for cause after adequate hearing, unless the appointment is for four months or less, in which event the appointment may be revoked without cause or hearing. Nothing herein shall be construed to require reappointment upon the expiration of the term. The special law enforcement officers so appointed shall not be members of the police force of the local unit, and their powers and duties as determined pursuant to this act shall cease at the expiration of the term for which they were appointed.

b. A special law enforcement officer shall not carry a firearm except while engaged in the actual performance of the officer's official duties and when specifically authorized by the chief of police, or, in the absence of the chief, other chief law enforcement officer of the local unit to carry a firearm and provided that the officer has satisfactorily completed the basic firearms course required by the commission for regular police officers and annual requalification examinations as required for permanent, regularly appointed full-time officers in the local unit.

A special law enforcement officer shall be deemed to be on duty only while the officer is performing the public safety functions on behalf of the local unit pursuant to this act and when the officer is receiving compensation, if any, from the local unit at the rates or stipends as shall be established by ordinance. A special law enforcement officer shall not be deemed to be on duty for purposes of this act while performing private security duties for private employers, which duties are not assigned by the chief of police, or, in the absence of the chief, other chief law enforcement officer of the local unit, or while receiving compensation for those duties from a private employer. A special law enforcement officer may, however, be assigned by the chief of police or, in the absence of the chief, other chief law enforcement officer, to perform public safety functions for a private entity if the chief of police or other chief law enforcement officer supervises the performance of the public safety functions. If the chief of police or other chief law enforcement officer assigns the public safety duties and supervises the performance of those duties, then, notwithstanding that the local unit is reimbursed for the cost of assigning a special law enforcement officer at a private entity, the special law enforcement officer shall be deemed to be on duty.

The reimbursement for the duties of a special law enforcement officer, which is made to a municipality with a population in excess of 300,000, according to the 1980 federal decennial census, may be by direct payments from the employer to the special law enforcement officer, provided that records of the hours worked are forwarded to and maintained by the chief of police or other chief law enforcement officer responsible for assigning the special law enforcement officer those public safety duties.

Any firearm utilized by a special law enforcement officer shall be returned at the end of the officer's workday to the officer in charge of the station house, unless the firearm is owned by the special law enforcement officer and was acquired in compliance with a condition of employment established by the local unit. Any special law enforcement officer first appointed after the effective date of this act shall only
use a firearm supplied by the local unit. A special law enforcement officer shall not carry a revolver or other similar weapon when off duty; but if any special law enforcement officer appointed by the governing body of any municipality having a population in excess of 300,000, according to the 1980 federal census, who is a resident of the municipality and is employed as a special law enforcement officer at least 35 hours per week, or less at the discretion of the chief of police and mayor, shall, at the direction of the chief of police, have taken and successfully completed a firearms training course administered by the Police Training Commission, pursuant to P.L.1961, c.56 (C.52:17B-66 et seq.), and has successfully completed within three years of the effective date of P.L.1985, c.45 or three years of the date of appointment of the special law enforcement officer, whichever is later, 280 hours of training in arrest, search and seizure, criminal law, and the use of deadly force, and shall annually qualify in the use of a revolver or similar weapon, the special law enforcement officer shall be permitted to carry a revolver or other similar weapon when off duty within the municipality where the officer is employed. Specific authorization shall be in the form of a permit which shall not be unreasonably withheld, which is subject to renewal annually and may be revoked at any time by the chief of police. The permit shall be on the person of the special law enforcement officer whenever a revolver or other similar weapon is carried off duty. A permit shall not be issued until the special law enforcement officer has successfully completed all training courses required under this section. Any training courses completed by a special law enforcement officer under the direction of the chief of police in a school and a curriculum approved by the Police Training Commission, pursuant to P.L.1961, c.56 (C.52:17B-66 et seq.), shall be credited towards the 280 hours of training required to be completed by this section. Any training required by this section shall commence within 90 days of the effective date of P.L.1985, c.45 or within 90 days of the date of the appointment of the special law enforcement officer, whichever is later.

c. A special law enforcement officer shall be under the supervision and direction of the chief of police or, in the absence of the chief, other chief law enforcement officer of the local unit wherein the officer is appointed, and shall perform the officer’s duties only in the local unit except when in fresh pursuit of any person pursuant to chapter 156 of Title 2A of the New Jersey Statutes or when authorized to perform duties in another unit pursuant to a mutual aid agreement enacted in accordance with section 1 of P.L.1976, c.45 (C.40A:14-156.1).

d. The officer shall comply with the rules and regulations applicable to the conduct and decorum of the permanent, regularly appointed police officers of the local unit, as well as any rules and regulations applicable to the conduct and decorum of special law enforcement officers.

e. Notwithstanding any provision of P.L.1985, c.439 (C.40A:14-146.8 et seq.) to the contrary, a special law enforcement officer may travel through another local unit to reach a noncontiguous area of the local unit in which the officer’s appointment was issued or to transport persons to and from a correctional facility.

40A:14-146.15. Powers.
The chief of police, or, in the absence of the chief, other chief law enforcement officer of the local unit wherein the officer is appointed, may authorize special law enforcement officers when on duty to exercise the same powers and authority as permanent, regularly appointed police officers of the local unit, including, but not limited to, the carrying of firearms and the power of arrest, subject to rules and regulations, not inconsistent with the certification requirements of this act, as may be established by local ordinance or resolution, as appropriate, adopted by the appropriate authority of the local unit in which they are employed.

40A:14-146.16. Limitation on hours.
a. Except as provided in subsection c. of this section, a special law enforcement officer shall not be employed for more than 20 hours per week by the local unit except that special law enforcement officers
may be employed by the local unit for those hours as the governing body may determine necessary in accordance with the limits prescribed below:

(1) In resort municipalities not to exceed 48 hours per week during any seasonal period.
(2) In all municipalities or counties without limitation as to hours during periods of emergency.
(3) In all municipalities or counties in addition to not more than 20 hours per week including duties assigned pursuant to the provisions of section 7 of P.L.1985, c.439 (C.40A:14-146.14) a special law enforcement officer may be assigned for not more than 20 hours per week to provide public safety and law enforcement services to a public entity.
(4) In municipalities or counties, as provided in subsection b. of section 7 of P.L.1985, c.439 (C.40A:14-146.14), for hours to be determined at the discretion of the director of the municipal or county police force.
(5) A Class Three special law enforcement officer in all municipalities without limitation.

b. Notwithstanding any provision of P.L.1985, c.439 (C.40A:14-146.8 et seq.) to the contrary, special law enforcement officers may be employed only to assist the local law enforcement unit but may not be employed to replace or substitute for full-time, regular police officers or in any way diminish the number of full-time officers employed by the local unit or a school or county college. A Class Three special law enforcement officer may be employed only to assist the local law enforcement unit with security duties and shall not supplant a law enforcement officer employed pursuant to the provisions of N.J.S.18A:17-43 or a safe schools resource officer employed pursuant to the provisions of section 3 of P.L.2005, c.276 (C.18A:17-43.1). A Class Three special law enforcement officer shall not be assigned to an extra-curricular or after-school function at a school or county college unless the assignment has first been made available to full-time members employed by the local unit or school or county college.

c. Each municipality or county may designate one special law enforcement officer to whom the limitations on hours employed set forth in subsection a. of this section shall not be applicable.

d. A Class Three special law enforcement officer appointed pursuant to the provisions of P.L.1985, c.439 (C.40A:14-146.8 et seq.) shall not, based on this appointment, be eligible for health care benefits or enrollment in any State-administered retirement system.

40A:14-146.17. Limitations on number, categories.
The local governing body shall by ordinance or resolution, as appropriate, establish limitations upon the number and categories of special law enforcement officers which may be employed by the local unit in accordance with the certification and other requirements provided for in this act. In communities other than resort municipalities, the number of Class Two special law enforcement officers shall not exceed 25% of the total number of regular police officers, except that no municipality shall be required to reduce the number of Class Two special law enforcement officers or the equivalent thereof in the employ of the municipality as of March 1, 1985. Notwithstanding the provisions of this section, each local unit may appoint two Class Two special law enforcement officers.

52:17B-71.8. Training course for safe schools resource officers, liaisons to law enforcement.
a. The Police Training Commission in the Division of Criminal Justice in the Department of Law and Public Safety, in consultation with the Attorney General, shall develop a training course for safe schools resource officers and public school employees assigned by a board of education to serve as a school liaison to law enforcement. The Attorney General, in conjunction with the Police Training Commission, shall ensure that the training course is developed within 180 days of the effective date of this act. The course shall at a minimum provide comprehensive and consistent training in current school resource officer practices and concepts. The course shall include training in the protection of students from
harassment, intimidation, and bullying, including incidents which occur through electronic communication. The course shall be made available to:

(1) any law enforcement officer or public school employee referred by the board of education of the public school to which assignment as a safe schools resource officer or school liaison to law enforcement is sought; and

(2) any safe schools resource officer or school liaison to law enforcement assigned to a public school prior to the effective date of P.L.2005, c.276 (C.52:17B-71.8 et al.).

b. The training course developed by the commission pursuant to subsection a. of this section shall be offered at each school approved by the commission to provide police training courses pursuant to the provisions of P.L.1961, c.56 (C.52:17B-66 et seq.). The commission shall ensure that an individual assigned to instruct the course is proficient and experienced in current school resource officer practices and concepts.

c. The commission shall award a certificate to each individual who successfully completes the course.

d. The Police Training Commission, in consultation with the Commissioner of Education, shall adopt rules and regulations pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), to implement the provisions of this section.

"County or municipal law enforcement agency" means and includes, but is not limited to, a county or municipal police department or force, a county corrections department and a county sheriff's office;

"Examination costs" means and includes, but is not limited to, the costs of all qualifying examinations and public advertisements for these examinations.

"State law enforcement agency" means and includes, but is not limited to, the police department of a State agency and the State Department of Corrections, but does not include the State Police.

18A:17-42. Preamble; purpose of article.

The legislature finds that the safety and welfare of the public school students of this state while attending sessions of the public schools is a matter of prime concern to the citizens of this state; that, in several isolated instances throughout this state, unlawful intruders into the public schools have subjected public school students and their teachers to physical and verbal attacks during sessions of the public schools and on the property of said public schools; that such attacks might have been prevented, and similar attacks will be prevented, if public school law enforcement officers are stationed in said schools; and that state aid to local boards is necessary to help such boards bear the cost of employing and stationing public school law enforcement officers.
(a) The commissioner may, in accordance with rules and regulations promulgated pursuant to this article and upon a finding of need therefor, authorize any board of education to employ, subject to the provisions of Title 11, Civil Service, of the Revised Statutes, one or more public school law enforcement officers, and to station such public school law enforcement officers in public schools of this state during hours when said public schools are normally in session or are occupied by public school students or their teachers.
(b) No such public school law enforcement officer shall be employed, except upon the application of a board of education and with the approval of the county superintendent.

18A:38-30. Assistance of sheriffs, police officers, etc.
The sheriff and his officers and all police officers and constables shall assist attendance officers in the performance of their duties.

40A:14-146.10. Special law enforcement officers.
a. Any local unit may, as it deems necessary, appoint special law enforcement officers sufficient to perform the duties and responsibilities permitted by local ordinances authorized by N.J.S.40A:14-118 or ordinance or resolution, as appropriate, authorized by N.J.S.40A:14-106 and within the conditions and limitations as may be established pursuant to this act.
b. A person shall not be appointed as a special law enforcement officer unless the person:
   (1) Is a resident of this State during the term of appointment;
   (2) Is able to read, write and speak the English language well and intelligently and has a high school diploma or its equivalent;
   (3) Is sound in body and of good health;
   (4) Is of good moral character;
   (5) Has not been convicted of any offense involving dishonesty or which would make him unfit to perform the duties of his office;
   (6) Has successfully undergone the same psychological testing that is required of all full-time police officers in the municipality or county or, with regard to a special law enforcement officer hired for a seasonal period by a resort municipality which requires psychological testing of its full-time police officers, has successfully undergone a program of psychological testing approved by the commission.
c. Every applicant for the position of special law enforcement officer appointed pursuant to this act shall have fingerprints taken, which fingerprints shall be filed with the Division of State Police and the Federal Bureau of Investigation.
d. No person shall be appointed to serve as a special law enforcement officer in more than one local unit at the same time, nor shall any permanent, regularly appointed full-time police officer of any local unit be appointed as a special law enforcement officer in any local unit. No public official with responsibility for setting law enforcement policy or exercising authority over the budget of the local unit or supervision of the police department of a local unit shall be appointed as a special law enforcement officer.
e. Before any special law enforcement officer is appointed pursuant to this act, the chief of police, or, in the absence of the chief, other chief law enforcement officer of the local unit shall ascertain the eligibility and qualifications of the applicant and report these determinations in writing to the appointing authority.
f. Any person who at any time prior to his appointment had served as a duly qualified, fully-trained, full-time officer in any municipality or county of this State and who was separated from that prior service in good standing, shall be eligible to serve as a special law enforcement officer consistent with guidelines promulgated by the commission. The training requirements set forth in section 4 of P.L.1985, c.439
(C.40A:14-146.11) may be waived by the commission with regard to any person eligible to be appointed as a special law enforcement officer pursuant to the provisions of this section.

g. In addition to the qualifications established in subsection b. of this section, a person shall not be appointed as a Class Three special law enforcement officer unless the person:

(1) is a retired law enforcement officer who is less than 65 years of age; for the purposes of this paragraph, a law enforcement officer shall not be considered retired if the officer's return to employment violates any federal or State law or regulation which would deem the officer's retirement as not being bona fide;

(2) had served as a duly qualified, fully-trained, full-time officer in any law enforcement position eligible for participation in the Police and Firemen's Retirement System or in any federal or bi-state law enforcement agency or as a member of the State Police and was separated from that prior service in good standing;

(6) is hired in a part-time capacity.

For the purposes of this subsection, "good standing" shall exclude a retirement resulting from injury or incapacity.

40A:14-146.13. Fees.

a. Except as specified in subsection b. of this section, a local unit may charge a reasonable fee as may be fixed by the governing body for equipment and uniforms supplied pursuant to this act, but may not charge a fee for the costs of training or issuing a certificate of appointment. The local unit shall not be required to compensate a special law enforcement officer for time spent in training;

b. In addition to charging a reasonable fee as fixed by the governing body for equipment and uniforms supplied pursuant to this act, a local unit with a population in excess of 300,000, according to the 1980 federal decennial census, may charge a fee for the costs of training and for the administrative costs of issuing a certificate of appointment for a special law enforcement officer whose duties consist solely of performing public safety functions for a private employer.

a. Special law enforcement officers may be appointed for terms not to exceed one year, and the appointments may be revoked by the local unit for cause after adequate hearing, unless the appointment is for four months or less, in which event the appointment may be revoked without cause or hearing. Nothing herein shall be construed to require reappointment upon the expiration of the term. The special law enforcement officers so appointed shall not be members of the police force of the local unit, and their powers and duties as determined pursuant to this act shall cease at the expiration of the term for which they were appointed.

b. A special law enforcement officer shall not carry a firearm except while engaged in the actual performance of the officer's official duties and when specifically authorized by the chief of police, or, in the absence of the chief, other chief law enforcement officer of the local unit to carry a firearm and provided that the officer has satisfactorily completed the basic firearms course required by the commission for
regular police officers and annual requalification examinations as required for permanent, regularly appointed full-time officers in the local unit.

A special law enforcement officer shall be deemed to be on duty only while the officer is performing the public safety functions on behalf of the local unit pursuant to this act and when the officer is receiving compensation, if any, from the local unit at the rates or stipends as shall be established by ordinance. A special law enforcement officer shall not be deemed to be on duty for purposes of this act while performing private security duties for private employers, which duties are not assigned by the chief of police, or, in the absence of the chief, other chief law enforcement officer of the local unit, or while receiving compensation for those duties from a private employer. A special law enforcement officer may, however, be assigned by the chief of police or, in the absence of the chief, other chief law enforcement officer, to perform public safety functions for a private entity if the chief of police or other chief law enforcement officer supervises the performance of the public safety functions. If the chief of police or other chief law enforcement officer assigns the public safety duties and supervises the performance of those duties, then, notwithstanding that the local unit is reimbursed for the cost of assigning a special law enforcement officer at a private entity, the special law enforcement officer shall be deemed to be on duty.

The reimbursement for the duties of a special law enforcement officer, which is made to a municipality with a population in excess of 300,000, according to the 1980 federal decennial census, may be by direct payments from the employer to the special law enforcement officer, provided that records of the hours worked are forwarded to and maintained by the chief of police or other chief law enforcement officer responsible for assigning the special law enforcement officer those public safety duties.

Any firearm utilized by a special law enforcement officer shall be returned at the end of the officer's workday to the officer in charge of the station house, unless the firearm is owned by the special law enforcement officer and was acquired in compliance with a condition of employment established by the local unit. Any special law enforcement officer first appointed after the effective date of this act shall only use a firearm supplied by the local unit. A special law enforcement officer shall not carry a revolver or other similar weapon when off duty; but if any special law enforcement officer appointed by the governing body of any municipality having a population in excess of 300,000, according to the 1980 federal census, who is a resident of the municipality and is employed as a special law enforcement officer at least 35 hours per week, or less at the discretion of the chief of police and mayor, shall, at the direction of the chief of police, have taken and successfully completed a firearms training course administered by the Police Training Commission, pursuant to P.L.1961, c.56 (C.52:17B-66 et seq.), and has successfully completed within three years of the effective date of P.L.1985, c.45 or three years of the date of appointment of the special law enforcement officer, whichever is later, 280 hours of training in arrest, search and seizure, criminal law, and the use of deadly force, and shall annually qualify in the use of a revolver or similar weapon, the special law enforcement officer shall be permitted to carry a revolver or other similar weapon when off duty within the municipality where the officer is employed. Specific authorization shall be in the form of a permit which shall not be unreasonably withheld, which is subject to renewal annually and may be revoked at any time by the chief of police. The permit shall be on the person of the special law enforcement officer whenever a revolver or other similar weapon is carried off duty. A permit shall not be issued until the special law enforcement officer has successfully completed all training courses required under this section. Any training courses completed by a special law enforcement officer under the direction of the chief of police in a school and a curriculum approved by the Police Training Commission, pursuant to P.L.1961, c.56 (C.52:17B-66 et seq.), shall be credited towards the 280 hours of training required to be completed by this section. Any training required by this section shall commence within 90 days of the effective date of P.L.1985, c.45 or within 90 days of the date of the appointment of the special law enforcement officer, whichever is later.

c. A special law enforcement officer shall be under the supervision and direction of the chief of police or, in the absence of the chief, other chief law enforcement officer of the local unit wherein the officer is
appointed, and shall perform the officer's duties only in the local unit except when in fresh pursuit of any person pursuant to chapter 156 of Title 2A of the New Jersey Statutes or when authorized to perform duties in another unit pursuant to a mutual aid agreement enacted in accordance with section 1 of P.L.1976, c.45 (C.40A:14-156.1).

d. The officer shall comply with the rules and regulations applicable to the conduct and decorum of the permanent, regularly appointed police officers of the local unit, as well as any rules and regulations applicable to the conduct and decorum of special law enforcement officers.
e. Notwithstanding any provision of P.L.1985, c.439 (C.40A:14-146.8 et seq.) to the contrary, a special law enforcement officer may travel through another local unit to reach a noncontiguous area of the local unit in which the officer's appointment was issued or to transport persons to and from a correctional facility.

40A:14-146.15. Powers.
The chief of police, or, in the absence of the chief, other chief law enforcement officer of the local unit wherein the officer is appointed, may authorize special law enforcement officers when on duty to exercise the same powers and authority as permanent, regularly appointed police officers of the local unit, including, but not limited to, the carrying of firearms and the power of arrest, subject to rules and regulations, not inconsistent with the certification requirements of this act, as may be established by local ordinance or resolution, as appropriate, adopted by the appropriate authority of the local unit in which they are employed.

40A:14-146.16. Limitation on hours.
a. Except as provided in subsection c. of this section, a special law enforcement officer shall not be employed for more than 20 hours per week by the local unit except that special law enforcement officers may be employed by the local unit for those hours as the governing body may determine necessary in accordance with the limits prescribed below:

1. In resort municipalities not to exceed 48 hours per week during any seasonal period.
2. In all municipalities or counties without limitation as to hours during periods of emergency.
3. In all municipalities or counties in addition to not more than 20 hours per week including duties assigned pursuant to the provisions of section 7 of P.L.1985, c.439 (C.40A:14-146.14) a special law enforcement officer may be assigned for not more than 20 hours per week to provide public safety and law enforcement services to a public entity.
4. In municipalities or counties, as provided in subsection b. of section 7 of P.L.1985, c.439 (C.40A:14-146.14), for hours to be determined at the discretion of the director of the municipal or county police force.
5. A Class Three special law enforcement officer in all municipalities without limitation.
b. Notwithstanding any provision of P.L.1985, c.439 (C.40A:14-146.8 et seq.) to the contrary, special law enforcement officers may be employed only to assist the local law enforcement unit but may not be employed to replace or substitute for full-time, regular police officers or in any way diminish the number of full-time officers employed by the local unit or a school or county college. A Class Three special law enforcement officer may be employed only to assist the local law enforcement unit with security duties and shall not supplant a law enforcement officer employed pursuant to the provisions of N.J.S.18A:17-43 or a safe schools resource officer employed pursuant to the provisions of section 3 of P.L.2005, c.276 (C.18A:17-43.1). A Class Three special law enforcement officer shall not be assigned to an extracurricular or after-school function at a school or county college unless the assignment has first been made available to full-time members employed by the local unit or school or county college.
c. Each municipality or county may designate one special law enforcement officer to whom the limitations on hours employed set forth in subsection a. of this section shall not be applicable.

d. A Class Three special law enforcement officer appointed pursuant to the provisions of P.L.1985, c.439 (C.40A:14-146.8 et seq.) shall not, based on this appointment, be eligible for health care benefits or enrollment in any State-administered retirement system.

40A:14-146.17. Limitations on number, categories.
The local governing body shall by ordinance or resolution, as appropriate, establish limitations upon the number and categories of special law enforcement officers which may be employed by the local unit in accordance with the certification and other requirements provided for in this act. In communities other than resort municipalities, the number of Class Two special law enforcement officers shall not exceed 25% of the total number of regular police officers, except that no municipality shall be required to reduce the number of Class Two special law enforcement officers or the equivalent thereof in the employ of the municipality as of March 1, 1985. Notwithstanding the provisions of this section, each local unit may appoint two Class Two special law enforcement officers.

Compilation of School Discipline Laws and Regulations

Prepared: March 31, 2021

Introduction
This compilation presents school discipline-related laws and regulations for U.S. states, U.S. territories, and the District of Columbia, and, where available, links to education agency websites or resources.
related to school discipline and student conduct. The discipline laws and regulations presented in this compilation have been categorized by type of specific discipline issue covered, according to an organizational framework developed by the National Center for Safe and Supportive Learning Environments (NCSSLE). For example, one major category encompasses all laws or regulations governing states or territories that mandate specific disciplinary sanctions (such as suspension) for specific offenses (such as drug possession on school grounds). The school discipline laws and regulations were compiled through exhaustive searches of legislative websites that identified all laws and regulations relevant to each specific category. Compiled materials were subsequently reviewed by state education agency (SEA) representatives in the 50 states, Washington D.C., and the U.S. territories.

Discipline categories were not mutually exclusive. Laws and regulations often appeared across multiple categories. For jurisdictions with more extensive laws covering a breadth of topical areas, relevant sections were excerpted from the larger legislative text for inclusion in the appropriate discipline category. Laws, ordered by chapter and section number, appear first within each category followed by regulations. All laws and regulations listed within categories in the compilation also appear in the sources cited section of the document, which lists laws by chapter and section number and title, and where available, includes active hyperlinks to source websites supported or maintained by state legislatures. Additional links to government websites or resources are provided at the end of this document.

Codes of Conduct

Authority to Develop and Establish Codes of Conduct

LAWS

22-1-1.2. Legislative findings and purpose.
F. The legislature finds further that the public school governance structure needs to change to provide accountability from the bottom up instead of from the top down. Each school principal, with the help of school councils made up of parents and teachers, must be the instructional leader in the public school, motivating and holding accountable both teachers and students. Each local superintendent must function as the school district's chief executive officer and have responsibility for the day-to-day operations of the school district, including personnel and student disciplinary decisions.

22-5-4.3. School discipline policies; students may self-administer certain medications.
A. Local school boards shall establish student discipline policies and shall file them with the department. The local school board shall involve parents, school personnel and students in the development of these policies, and public hearings shall be held during the formulation of these policies in the high school attendance areas within each school district or on a district-wide basis for those school districts that have no high school.
B. Each school district discipline policy shall establish rules of conduct governing areas of student and school activity, detail specific prohibited acts and activities and enumerate possible disciplinary sanctions, which sanctions may include in-school suspension, school service, suspension or expulsion. Corporal punishment shall be prohibited by each local school board and each governing body of a charter school.

In addition to other duties prescribed by law, a school principal shall:
A. under the general supervision of the local superintendent, assume administrative responsibility and overall instructional leadership for the public school to which he is assigned, including the discipline of students and the planning, operation, supervision and evaluation of the educational program of the school.

22-12A-6. Public school attendance policies; reporting.
A. A public school shall maintain an attendance policy that:
(1) establishes an early warning system that includes evidence-based metrics to identify students at risk of chronic absenteeism or excessive absenteeism;
(2) provides for early identification of chronically absent and excessively absent students;
(3) employs an attendance improvement plan that focuses on:
   (a) keeping students in an educational setting;
   (b) prohibiting out-of-school suspension or expulsion as the punishment for absences;
   (c) assisting a student's family to remove barriers to the student's regular school attendance or attendance in another educational setting; and
   (d) providing additional educational opportunities to students who are struggling with attendance;
(4) limits the ability of a student to withdraw to only after all intervention efforts by the public school or the children, youth and families department to keep the student in an educational setting have been exhausted;

(5) requires that accurate class attendance be taken for every instructional class and school day in a public school or school program;

(6) provides that a public school shall differentiate between different types of absences;

(7) requires a public school to document the following for each chronically or excessively absent student:
   (a) attempts by the public school to notify a parent that the student was absent from class or the school day;
   (b) attempts to improve attendance by talking to a student or parent to identify barriers to school attendance, identify solutions to improve the student's attendance behavior and discuss necessary interventions for the student or the student's family; and
   (c) intervention strategies implemented to support keeping the student in an educational setting, including additional educational opportunities offered to the student;

(8) requires a student or the parent of a student who intends to claim excused absence because of medical condition, pregnancy or parenting to communicate the student's status to the appropriate school personnel and to provide required documentation; and

(9) encourages and supports compliant data sharing, pursuant to the federal Family Educational Rights and Privacy Act of 1974 [20 U.S.C. § 1232g], between a public school and community-based organizations that provide services to students for the purpose of providing more personalized interventions and specialized supports as part of the public school's attendance improvement plan.

22-35-3. Bullying prevention policies; adoption and enforcement.

A. By January 1, 2020, each local school board shall adopt and enforce policies to:

   (1) prevent bullying:
      (a) on its property, including electronic communication on or with the use of its property;
      (b) at sponsored functions; and
      (c) on its to-and-from-school transportation or any school-sponsored transportation; and

   (2) prohibit electronic communication directed at a student, that is published with the intent that it be seen by or disclosed to that student and that substantially interferes with the student's ability to participate in or benefit from the services, activities or privileges provided by the public school.

Teacher Authority to Remove Students From Classrooms

LAWS
No relevant laws found.

REGULATIONS

The authority of the state and of local school boards to prescribe and enforce standards of conduct for public school students must be exercised consistently with constitutional safeguards of individual student rights. The right to a public education is not absolute; it may be taken away, temporarily or permanently, for violations of school rules. The right to a public education is a property right which may only be denied where school authorities have adhered to the minimum procedural safeguards required to afford the student due process of law. This section prescribes minimum requirements for detention, in-school suspension, and temporary, long-term or permanent removal of students from public schools. Local school boards may adopt procedures which afford students more protection than this rule requires. The procedures in this section apply only to disciplinary detentions, suspensions, and expulsions. They do not apply to disenrollment of students who fail to meet immunization, age, residence, or other requirements for valid enrollment, nor to the removal from school membership reports of students who have been absent from school for 10 consecutive school days in accordance with Subsection B of Section 22-8-2 NMSA 1978. Nothing in this section shall be construed as prohibiting school boards or administrative authorities from involving other school staff, students, and members of the community in the enforcement of rules of student conduct to the extent they believe is appropriate.

C. Immediate removal. Students whose presence poses a continuing danger to persons or property or an ongoing threat of interfering with the educational process may be immediately removed from school, subject to the following rules:

(1) A rudimentary hearing, as required for temporary suspensions, shall follow as soon as possible;

(2) Students shall be reinstated after no more than one school day unless within that time a temporary suspension is also imposed after the required rudimentary hearing. In such circumstances, a single hearing will support both the immediate removal and a temporary suspension imposed in connection with the same incident(s); and

(3) The school shall exert reasonable efforts to inform the student's parent of the charges against the student and the action taken as soon as practicable. If the school has not communicated with the parent by telephone or in person by the end of the school day following the immediate removal, the school shall on that day mail a written notice with the required information to the parent's address of record.
Alternatives to Suspension

LAWS

22-5-4.3. School discipline policies; students may self-administer certain medications.
B. Each school district discipline policy shall establish rules of conduct governing areas of student and school activity, detail specific prohibited acts and activities and enumerate possible disciplinary sanctions, which sanctions may include in-school suspension, school service, suspension or expulsion. Corporal punishment shall be prohibited by each local school board and each governing body of a charter school.

As used in the Safe Schools for All Students Act [Chapter 22, Article 35 NMSA 1978]:

G. "progressive discipline" means disciplinary action other than suspension or expulsion from school that is designed to correct and address the basic causes of a student's specific misbehavior while retaining the student in class or in school, or restorative school practices to repair the harm done to relationships and other students from the student's misbehavior, and may include:
   (1) meeting with the student and the student's parents;
   (2) reflective activities, such as requiring the student to write an essay about the student's misbehavior;
   (3) counseling;
   (4) anger management;
   (5) health counseling or intervention;
   (6) mental health counseling;
   (7) participation in skill-building and resolution activities, such as social-emotional cognitive skills building, resolution circles and restorative conferencing;
   (8) community service; and
   (9) in-school detention or suspension, which may take place during lunchtime, after school or during weekends.

22-35-3. Bullying prevention policies; adoption and enforcement.
B. Each local school board shall control the content of its policy; provided that the policy includes:
   (4) a list of consequences, including progressive discipline approaches that can result from an identified incident of bullying that are designed to:
      (a) appropriately correct the bullying behavior;
      (b) prevent another occurrence of bullying or retaliation;
      (c) protect the target of the bullying;
      (d) be flexible so that, in application, the consequences can be unique to the individual incident and varied in method and severity based on: 1) the nature of the incident; 2) the developmental age of the student who is bullying; and 3) any history of problem behavior from the student who is bullying; and
      (e) for cyberbullying incidents, use the least restrictive means necessary to address the interference with the student's ability to participate in or benefit from the services, activities or privileges provided by the school.
REGULATIONS

6.11.2.7. Definitions.

E. "Detention" means requiring a student to remain in a designated area in the student's school outside of instructional time, such as before school, during recess, during lunch, or after school. No detained student shall be denied an opportunity to eat lunch or reasonable opportunities to go to the restroom. [...] K. "In-school suspension" means requiring a student to spend time in a designated area at the same school or in an environment where the student is allowed to continue with their academic learning.

6.11.2.10. Enforcing rules of conduct.

G. Detention, suspension and expulsion. Where detention, suspension, or expulsion is determined to be the appropriate penalty, it may be imposed only in accordance with procedures that provide at least the minimum safeguards prescribed in 6.11.2.12 NMAC. Suspensions or expulsions of students with disabilities shall be subject to the further requirements of Subsection I of 6.11.2.10 NMAC and 6.11.2.11 NMAC.

The authority of the state and of local school boards to prescribe and enforce standards of conduct for public school students must be exercised consistently with constitutional safeguards of individual student rights. The right to a public education is not absolute; it may be taken away, temporarily or permanently, for violations of school rules. The right to a public education is a property right which may only be denied where school authorities have adhered to the minimum procedural safeguards required to afford the student due process of law. This section prescribes minimum requirements for detention, in-school suspension, and temporary, long-term or permanent removal of students from public schools. Local school boards may adopt procedures which afford students more protection than this rule requires. The procedures in this section apply only to disciplinary detentions, suspensions, and expulsions. They do not apply to disenrollment of students who fail to meet immunization, age, residence, or other requirements for valid enrollment, nor to the removal from school membership reports of students who have been absent from school for 10 consecutive school days in accordance with Subsection B of Section 22-8-2 NMSA 1978. Nothing in this section shall be construed as prohibiting school boards or administrative authorities from involving other school staff, students, and members of the community in the enforcement of rules of student conduct to the extent they believe is appropriate.

E. In-school suspension.

(1) In-school suspension may be imposed with or without further restriction of student privileges. Any student who is placed in in-school suspension which exceeds 10 school days must be provided with an instructional program that meets state and local educational requirements. Student privileges, however, may be restricted for longer than 10 school days.

(2) In-school suspensions of any length shall be accomplished according to the procedures for a temporary suspension as set forth in Subsection D of 6.11.2.12 NMAC. A local school board may limit the length of in-school suspensions which may be accomplished under temporary suspension procedures. No student in in-school suspension shall be denied an opportunity to eat lunch or reasonable opportunities to go to the restroom.

F. Detention.

(1) Detention may be imposed in connection with in-school suspension, but is distinct from in-school suspension in that detention does not entail removing the student from any of the student's regular classes.
(2) The authority of the schools to supervise and control the conduct of students includes the authority to impose reasonable periods of detention during the day or outside normal school hours as a disciplinary measure. Reasonable periods of detention may be imposed in accordance with the procedures for temporary suspension.

G. "Progressive discipline " means disciplinary action other than suspension or expulsion from school that is designed to correct and address the basic causes of a student's specific misbehavior while retaining the student in class or in school, or restorative school practices to repair the harm done to relationships and other students from the student's misbehavior, and may include:

(1) meeting with the student and the student's parents;
(2) reflective activities, such as requiring the student to write an essay about the student's misbehavior;
(3) counseling;
(4) anger management;
(5) health counseling or intervention;
(6) mental health counseling or intervention;
(7) participation in skill-building and conflict resolution activities;
(8) community service; and
(9) in-school detention or in-school suspension that is for a constructive purpose and may take place during lunchtime, recess, after school, or during weekends.
**Conditions on Use of Certain Forms of Discipline**

**Corporal Punishment**

**LAWS**

22-5-4.3. School discipline policies; students may self-administer certain medications.

B. Each school district discipline policy shall establish rules of conduct governing areas of student and school activity, detail specific prohibited acts and activities and enumerate possible disciplinary sanctions, which sanctions may include in-school suspension, school service, suspension or expulsion. Corporal punishment shall be prohibited by each local school board and each governing body of a charter school.

**REGULATIONS**

6.11.2.10. Enforcing rules of conduct.

F. Corporal punishment. Corporal punishment shall be prohibited by each local school board pursuant to Subsection B of Section 22-5-4.3 NMSA 1978. Restraint or seclusion techniques used in compliance with Subsection E of 6.11.2.10 NMAC shall not be deemed to be corporal punishment.

**Search and Seizure**

**LAWS**

No relevant laws found.

**REGULATIONS**

6.11.2.10. Enforcing rules of conduct.

B. Search and seizure. School property assigned to a student and a student's person or property while under the authority of a public school are subject to search, and items found are subject to seizure, in accordance with the following requirements:

1. Notice of search policy. Students shall be given reasonable notice, through distribution of written policies or otherwise, of each school's policy on searches at the beginning of each school year or upon admission for students entering during the school year.

2. Who may search. Certified school personnel, school security personnel and school bus drivers are "authorized persons" to conduct searches when a search is permissible as set forth in Subsection B of 6.11.2.10 NMAC. An authorized person who is conducting a search may request the assistance of one or more people, who upon consent become authorized to search for the purpose of that search only.

3. When a search is permissible. Unless local school board policy provides otherwise, an authorized person may conduct a search when the authorized person has a reasonable suspicion that a crime or other breach of disciplinary rules is occurring or has occurred. An administrative authority may direct or conduct a search under the same conditions and also when the administrative authority has reasonable cause to believe that a search is necessary to help maintain school discipline.

4. Conduct of searches and witnesses. The following requirements govern the conduct of permissible searches by authorized persons.

   a. School property, including lockers and school buses, may be searched with or without students present unless a local school board or administrative authority provides otherwise. When students are
not present for locker searches, another authorized person shall serve as a witness whenever
possible. Locks furnished by students should not be destroyed unless a student refuses to open one
or circumstances otherwise render such action necessary in the judgment of the administrative
authority.

(b) Student vehicles when on campus or otherwise under school control and students' personal
effects, which are not within their immediate physical possession, may be searched in accordance
with the requirements for locker searches in Subparagraph (a) of Paragraph (4) of Subsection B of
6.11.2.10 NMAC.

(c) Physical searches of a student's person may be conducted only by an authorized person of the
same sex as the student and, except when circumstances render it impossible, may be conducted
only in the presence of another authorized person of the same sex. The extent of the search must be
reasonably related to the infraction, and the search shall not be excessively intrusive in light of the
student's age and sex, and the nature of the infraction.

(5) Seizure of items. Illegal items, legal items which threaten the safety or security of others and items
which are used to disrupt or interfere with the educational process may be seized by authorized
persons. Seized items shall be released to appropriate authorities or a student's parent or returned to
the student when and if the administrative authority deems appropriate.

(6) Notification of law enforcement authorities. Unless a local school board policy provides otherwise,
an administrative authority shall have discretion to notify the local children's court attorney, district
attorney, or other law enforcement officers when a search discloses illegally possessed contraband
material or evidence of some other crime or delinquent act.

Restraint and Seclusion

LAWS

22-5-4.12. Use of restraint and seclusion; techniques; requirements.
A. A school may permit the use of restraint or seclusion techniques on any student only if both of the
following apply:
   (1) the student's behavior presents an imminent danger of serious physical harm to the student or
       others; and
   (2) less restrictive interventions appear insufficient to mitigate the imminent danger of serious physical
       harm.
B. If a restraint or seclusion technique is used on a student:
   (1) school employees shall maintain continuous visual observation and monitoring of the student while
       the restraint or seclusion technique is in use;
   (2) the restraint or seclusion technique shall end when the student's behavior no longer presents an
       imminent danger of serious physical harm to the student or others;
   (3) the restraint or seclusion technique shall be used only by school employees who are trained in the
       safe and effective use of restraint and seclusion techniques unless an emergency situation does not
       allow sufficient time to summon those trained school employees;
   (4) the restraint technique employed shall not impede the student's ability to breathe or speak; and
   (5) the restraint technique shall not be out of proportion to the student's age or physical condition.
C. Schools shall establish policies and procedures for the use of restraint or seclusion techniques in a
   school safety plan; provided that:
(1) the school safety plan shall not be specific to any individual student; and
(2) any school safety plan shall be drafted by a planning team that includes at least one special
education expert.

D. Schools shall establish reporting and documentation procedures to be followed when a restraint or
seclusion technique has been used on a student. The procedures shall include the following provisions:

(1) a school employee shall provide the student's parent or guardian with written or oral notice on the
same day that the incident occurred, unless circumstances prevent same-day notification. If the notice
is not provided on the same day of the incident, notice shall be given within twenty-four hours after the
incident;

(2) within a reasonable time following the incident, a school employee shall provide the student's parent
or guardian with written documentation that includes information about any persons, locations or
activities that may have triggered the behavior, if known, and specific information about the behavior
and its precursors, the type of restraint or seclusion technique used and the duration of its use; and

(3) schools shall review strategies used to address a student's dangerous behavior if use of restraint or
seclusion techniques for an individual student has occurred two or more times during any thirty-
calendar-day period. The review shall include:

(a) a review of the incidents in which restraint or seclusion techniques were used and an analysis of
how future incidents may be avoided, including whether the student requires a functional behavioral
assessment; and

(b) a meeting of the student's individualized education program team, behavioral intervention plan
team or student assistance team within two weeks of each use of restraint or seclusion after the
second use within a thirty-calendar-day period to provide recommendations for avoiding future
incidents requiring the use of restraint or seclusion.

E. If a school summons law enforcement instead of using a restraint or seclusion technique on a student,
the school shall comply with the reporting, documentation and review procedures established pursuant to
Subsection D of this section.

F. Policies regarding restraint and seclusion shall consider school district support and strategies for
school employees to successfully reintegrate a student who has been restrained or secluded back into
the school or classroom environment.

G. The provisions of this section shall not be interpreted as addressing the conduct of law enforcement or
first responders.

H. The provisions of this section do not apply to any school located within a county juvenile
detention center or a state-operated juvenile facility.

I. For the purposes of this section:

(1) "first responder" means a person based outside of a school who functions within the emergency
medical services system and who is dispatched to a school to provide initial emergency aid;

(2) "mechanical restraint" means the use of any device or material attached or adjacent to the student's
body that restricts freedom of movement or normal access to any portion of the student's body and that
the student cannot easily remove, but "mechanical restraint" does not include mechanical supports or
protective devices;

(3) "physical restraint" means the use of physical force without the use of any device or material that
restricts the free movement of all or a portion of a student's body, but "physical restraint" does not
include physical escort;

(4) "restraint" when not otherwise modified means mechanical or physical restraint; and
(5) seclusion” means the involuntary confinement of a student alone in a room from which egress is prevented. "Seclusion" does not mean the use of a voluntary behavior management technique, including a timeout location, as part of a student's education plan, individual safety plan, behavioral plan or individualized education program that involves the student's separation from a larger group for purposes of calming.

REGULATIONS

6.11.2.7. Definitions.

P. "Mechanical restraint" means the use of any device or material attached or adjacent to the student's body that restricts freedom of movement or normal access to any portion of the student's body and that the student cannot easily remove, but "mechanical restraint" does not include mechanical supports or protective devices. […]

R. "Physical restraint" means the use of physical force without the use of any device or material that restricts the free movement of all or a portion of a student's body, but "physical restraint" does not include physical escort. […]

V. "Restraint" when not otherwise modified means mechanical or physical restraint. […]

X. "Seclusion" means the involuntary confinement of a student alone in a room from which egress is prevented. "Seclusion" does not mean the use of a voluntary behavior management technique, including a timeout location, as part of a student's education plan, individual safety plan, behavioral plan or individualized education program that involves the student's separation from a larger group for purposes of calming.

6.11.2.10. Enforcing rules of conduct.

E. Restraint or seclusion. In accordance with Section 22-5-4.12 NMSA 1978, each school shall establish requirements for the use of restraint and seclusion techniques.

(1) Schools shall establish policies and procedures, as approved by the local school board or governing body, for the use of restraint and seclusion techniques. Schools shall review such policies and procedures on a triennial basis, before submitting the school safety plan.

(a) A school may permit the use of restraint or seclusion techniques on any student only if the student's behavior presents an imminent danger of serious physical harm to the student or others and only if less restrictive interventions appear insufficient to mitigate the imminent danger of serious physical harm. Less restrictive interventions include de-escalation strategies, positive behavioral intervention supports, or other comparable behavior management techniques.

(b) The restraint or seclusion techniques shall be used only by school employees who are trained in de-escalation strategies, positive behavioral intervention supports, and the safe and effective use of restraint and seclusion techniques, unless an emergency does not allow sufficient time to summon those trained school employees.

(c) The restraint or seclusion techniques shall not impede the student's ability to breathe or speak, shall be in proportion to a student's age and physical condition, and shall end when the student's behavior no longer presents an imminent danger of serious physical harm to the student or others.

(d) If a restraint or seclusion technique is used on a student, trained and authorized school employees shall maintain continuous visual observation and monitoring of the student while the restraint or seclusion technique is in use.

(2) In accordance with Section 22-5-4.12 NMSA 1978, schools shall establish policies and procedures for the use of restraint and seclusion techniques in a school safety plan.
(a) A school safety plan, pursuant to requirements of Paragraph (7) of Subsection D of 6.12.6.8 NMAC, shall include the following minimum requirements:

(i) The school safety plan shall not be specific to any individual student; and

(ii) The school safety planning team shall include at least one administrator, one educator, and one special education expert and may include a counselor or social worker, nurse, and school resource officer or security staff. The school safety planning team shall include personnel who are trained as designated school personnel restraint and seclusion.

(b) A school safety plan, pursuant to requirements of Paragraph (7) of Subsection D of 6.12.6.8 NMAC, shall be submitted to the department on a triennial basis, on a schedule determined by the department. The department will provide local education agencies notice of a deadline to submit a school safety plan 90 days prior to the due date.

(3) Policies and procedures for the use of restraint and seclusion techniques shall require and describe appropriate training for designated school personnel.

(a) School districts and charter schools shall provide training for designated school personnel regarding de-escalation strategies, positive behavioral intervention supports, or other comparable behavior management techniques and the use of restraint or seclusion techniques. Designated school personnel shall attend training at least every two years or complete a certification course, exam, or other comparable demonstration of competency that provides evidence that the individual has up-to-date knowledge of proper restraint and seclusion techniques.

(b) In the event that new designated school personnel are identified within the school after the provision of the training, certification course, exam, or other comparable demonstration of competency, the school district or charter school shall ensure that a training or other competency demonstration is provided to new designated school personnel within 60 days of being designated.

(4) Policies regarding restraint or seclusion shall consider school district support and strategies for school employees to successfully reintegrate a student who has been restrained or secluded back into the school or classroom environment.

(5) Schools shall implement the following review procedures for incidents in which restraint or seclusion techniques are used.

(a) If a student has been restrained or secluded two or more times within 30 calendar days, the school shall review strategies used to address the student's behavior and determine whether the student needs a functional behavior assessment or referral to a student assistance team, behavioral intervention plan team, or, if a student has an individualized education program, a referral to the student's individualized education program team.

(b) If a student has been restrained or secluded two or more times within 30 calendar days, the student's individualized education program team, behavioral intervention plan team, or student assistance team shall meet within two weeks of each subsequent use to provide recommendations for avoiding future incidents requiring the use of restraint or seclusion.

(c) The review shall include whether school personnel involved in the incidents were trained in the use of de-escalation strategies, positive behavioral intervention supports, or restraint and seclusion techniques. Additionally, the review shall consider whether the individual who restrained or secluded a student needs additional training.

(d) To improve internal practices relative to incidents of restraint or seclusion, schools shall conduct an annual review and analysis of all incidents in which restraint or seclusion techniques were used, including the number of incidents, the type of incident, personnel involved, the need for additional training, and student demographics.
Schools shall establish documentation and reporting procedures pursuant to the requirements listed in Section 22-5-4.12 NMSA 1978. In addition, schools shall provide written or oral assurance of secure storage and access to written documentation in accordance with this rule, 20 USC. Section 1232(g), 34 CFR Part 99, the Family Educational Rights and Privacy Act, and any other applicable federal or state laws or rules governing the privacy of such documents.

(a) A school employee shall provide the student’s parent with written or oral notice on the same day the incident occurred, unless circumstances prevent same-day notification. If notice is not provided on the same day of the incident, notice shall be given within 24 hours after the incident.

(b) Within a reasonable time following the incident, no longer than two school days, a school employee shall provide the student’s parent with written documentation that includes information about any persons, locations, or activities that may have triggered the behavior, if known, and specific information about the behavior and its precursors, the type of restraint or seclusion technique used, and the duration of its use.

(c) Schools shall report to the department, through the department's data collection and reporting system, the following information on a timeline and reporting frequency established by the department:

- (i) all instances in which a restraint or seclusion technique is used;
- (ii) all instances in which law enforcement is summoned instead of using a restraint or seclusion technique;
- (iii) the names of the students and school personnel involved in an incident in which restraint or seclusion was used; and
- (iv) if a student was restrained, the type of restraint, including mechanical restraint or physical restraint, that was used.

(d) If a school summons law enforcement instead of using a restraint or seclusion technique on a student, the school shall comply with the reporting, documentation, and review procedures established pursuant to this rule and Section 22-5-4.12 NMSA 1978.

      (b) prohibiting out-of-school suspension or expulsion as the punishment for absences.

22-33-5. Medical cannabis; possession; storage; administration; restriction; exemptions.
D. A public school, charter school or school district shall not:
   (1) discipline a student who is a qualified student on the basis that the student requires medical cannabis as a reasonable accommodation necessary for the student to attend school.

REGULATIONS

Due Process

LAWS

22-5-4.7. Additional student discipline policies; weapon-free schools.

B. Student discipline policies shall also provide for placement in an alternative educational setting, for not more than forty-five days, of any student with a disability who is determined to have knowingly brought a weapon to a school under the jurisdiction of the local board. If a parent or guardian of the student requests a due process hearing, then the student shall remain in the alternative educational setting during the pendency of any proceeding, unless the parent or guardian and the school district agree otherwise.

22-12A-12. Excessive absenteeism; enforcement.

A. Each local school board and each governing body of a charter school or private school shall initiate the enforcement of the provisions of the Attendance for Success Act [Chapter 22, Article 12A NMSA 1978] for excessively absent students.

B. If unexcused absences continue after written notice of excessive absenteeism as provided in Section 11 [22-12A-11 NMSA 1978] of the Attendance for Success Act, the local school board or governing body of a charter school or private school, after consultation with the local superintendent or head administrator of a charter school or private school, shall report the excessively absent student to the probation services office of the judicial district in which the student resides for an investigation as to whether the student should be considered to be a neglected child or a child in a family in need of family services because of excessive absenteeism and, thus, subject to the provisions of the Children's Code [Chapter 32A NMSA 1978]. The record of the public school's interventions and the student's and parent's responses to the interventions shall be provided to the juvenile probation services office. The local superintendent or head administrator of a charter school or private school shall provide the documentation to the juvenile probation services office within ten business days of the student being identified as excessively absent.

C. If the juvenile probation services office determines that the student is a child in a family in need of family services, a caseworker from the child or family in need of family services program shall meet with the family at the public school in which the student is enrolled to determine if there are other intervention services that may be provided. The meeting shall include the school principal or other school personnel and, unless the parent objects in writing, appropriate community partners that provide services to children and families. The children, youth and families department shall determine if additional interventions, including monitoring, will positively affect the student's behavior.

22-35-3. Bullying prevention policies; adoption and enforcement.

B. Each local school board shall control the content of its policy; provided that the policy includes:
(6) a procedure for prompt investigation of reports of violations of the policy and of complaints of bullying or retaliation, including:

(d) an appeal process for a student accused of bullying or a student who is the target of bullying who is not satisfied with the outcome of the initial investigation.

REGULATIONS

The authority of the state and of local school boards to prescribe and enforce standards of conduct for public school students must be exercised consistently with constitutional safeguards of individual student rights. The right to a public education is not absolute; it may be taken away, temporarily or permanently, for violations of school rules. The right to a public education is a property right which may only be denied where school authorities have adhered to the minimum procedural safeguards required to afford the student due process of law. This section prescribes minimum requirements for detention, in-school suspension, and temporary, long-term or permanent removal of students from public schools. Local school boards may adopt procedures which afford students more protection than this rule requires. The procedures in this section apply only to disciplinary detentions, suspensions, and expulsions. They do not apply to disenrollment of students who fail to meet immunization, age, residence, or other requirements for valid enrollment, nor to the removal from school membership reports of students who have been absent from school for 10 consecutive school days in accordance with Subsection B of Section 22-8-2 NMSA 1978. Nothing in this section shall be construed as prohibiting school boards or administrative authorities from involving other school staff, students, and members of the community in the enforcement of rules of student conduct to the extent they believe is appropriate.

C. Immediate removal. Students whose presence poses a continuing danger to persons or property or an ongoing threat of interfering with the educational process may be immediately removed from school, subject to the following rules:

(2) Students shall be reinstated after no more than one school day unless within that time a temporary suspension is also imposed after the required rudimentary hearing. In such circumstances, a single hearing will support both the immediate removal and a temporary suspension imposed in connection with the same incident(s). [...] 

D. Temporary suspension.

(2) A student facing temporary suspension shall be granted a rudimentary hearing in which the student shall first be informed of the charges against the student and, if the student denies them, shall be told what evidence supports the charge(s) and be given an opportunity to present the student's version of the facts. The following rules apply:

(a) the hearing may be an informal discussion and may follow immediately after the notice of the charges is given;

(b) unless the administrative authority decides a delay is essential to permit a fuller exploration of the facts, informal discussion may take place and a temporary suspension may be imposed within minutes after the alleged misconduct has occurred;

(c) a student who denies a charge of misconduct shall be told what act(s) the student is accused of committing, shall be given an explanation of the evidence supporting the accusation(s), and shall be given the opportunity to explain the student's version of the facts. The administrative authority is not required to divulge the identity of informants, although the administrative authority should not withhold such information without good cause. The administrative authority is required to disclose the substance of all evidence on which the administrative authority proposes to base a decision in the matter;
the administrative authority is not required to allow the student to secure counsel, to confront or cross-examine witnesses supporting the charge(s), or to call witnesses to verify the student's version of the incident, but none of these is prohibited; and

(e) the school shall exert reasonable efforts to inform the student's parent(s) of the charges against the student and the possible or actual consequence as soon as practicable. If the school has not communicated with the parent(s) by telephone or in person by the end of the first full day of suspension, the school shall on that day mail a written notice with the required information to the parent's address of record. [...] 

G. Long-term suspension and expulsion.

(1) Each local school board shall authorize appropriate administrative authorities to initiate procedures leading to long-term suspension or expulsion. Where prompt action to suspend a student long-term is deemed appropriate, a temporary suspension may be imposed while the procedures for long-term suspension or expulsion are activated. However, where a decision following the required formal hearing is delayed beyond the end of the temporary suspension, the student shall be returned to school pending the final outcome unless the provisions of Subparagraphs (j) and (k) of Paragraph (4) of Subsection G of 6.11.2.12 NMAC apply. [...] 

(4) The following rules shall govern the imposition of long-term suspensions or expulsions:

(a) Hearing authority and disciplinarian. The same person or group may perform the functions of hearing authority and disciplinarian. Where the functions are divided, the hearing authority's determination of the facts shall be conclusive to the disciplinarian, but the disciplinarian may reject any consequence(s) recommended by the hearing authority.

(b) Review authority. Unless the local school board provides otherwise, a review authority shall have discretion to modify or overrule the disciplinarian's decision, but may not impose harsher consequences. A review authority shall be bound by a hearing authority's factual determinations except as provided in Subparagraph (o) of Paragraph (4) of Subsection G of 6.11.2.12 NMAC.

(c) Disqualification. No person shall act as hearing authority, disciplinarian, or review authority in a case where the person was directly involved in or witnessed the incident(s) in question, or if the person has prejudged disputed facts or is biased for or against any person who will actively participate in the proceedings.

(d) Local school board participation. A local school board may act as hearing authority, disciplinarian, or review authority for any cases involving proposed long-term suspensions or expulsions. However, whenever a quorum of the local school board acts in any such capacity, Section 10-15-1 et seq., NMSA 1978, the Open Meetings Act, requires a public meeting.

(e) Initiation of procedures. An authorized administrative authority shall initiate procedures for long-term suspension or expulsion of a student by designating a hearing authority and disciplinarian in accordance with local school board policies, scheduling a formal hearing in consultation with the hearing authority, and preparing and serving a written notice meeting the requirements of Subparagraph (h) of Paragraph (4) of Subsection G of 6.11.2.12 NMAC.

(f) Service of notice. The written notice shall be addressed to the student, through the student's parent(s), and shall be served upon the parent(s) personally or by mail.

(g) Timing of hearing. The hearing shall be scheduled no sooner than five nor later than 10 school days from the date of receipt of the notice by the parent(s). The hearing authority may grant or deny a request to delay the hearing in accordance with the provisions of Subparagraph (i) of Paragraph (4) of Subsection G of 6.11.2.12 NMAC.
(h) Contents of notice. The written notice must contain all of the following information, parts of which may be covered by appropriate reference to copies of any policies or regulations furnished with the notice:

(i) the school rule(s) alleged to have been violated, a concise statement of the alleged act(s) of the student on which the charge(s) are based, and a statement of the possible penalty;

(ii) the date, time, and place of the hearing, and a statement that both the student and parent(s) are entitled and urged to be present;

(iii) a clear statement that the hearing will take place as scheduled unless the hearing authority grants a delay or the student and parent(s) agree to waive the hearing and comply voluntarily with the proposed disciplinary action or with a negotiated penalty, and a clear and conspicuous warning that a failure to appear will not delay the hearing and may lead to the imposition of the proposed penalty by default;

(iv) a statement that the student has the right to be represented at the hearing by legal counsel, a parent or some other representative designated in a written notice filed at least 72 hours before the hearing with the contact person named pursuant to Item (vi) of Subparagraph (h) of Paragraph (4) of Subsection G of 6.11.2.12 NMAC;

(v) a description of the procedures governing the hearing;

(vi) the name, business address, and telephone number of a contact person through whom the student, parent(s), or designated representative may request a delay or seek further information, including access to any documentary evidence or exhibits which the school proposes to introduce at the hearing; and

(vii) any other information, materials or instructions deemed appropriate by the administrative authority who prepares the notice.

(i) Delay of hearing. The hearing authority shall have discretion to grant or deny a request by the student or the appropriate administrative authority to postpone the hearing. Such discretion may be limited or guided by local school board policies not otherwise inconsistent with this rule.

(j) Student status pending hearing. Where a student has been suspended temporarily and a formal hearing on long-term suspension or expulsion will not occur until after the temporary suspension has expired, the student shall be returned to school at the end of the temporary suspension unless:

(i) the provisions of Subparagraph (k) of Paragraph (4) of Subsection G of 6.11.2.12 NMAC apply, or

(ii) the student and parent(s) have knowingly and voluntarily waived the student's right to return to school pending the outcome of the formal proceedings; or

(iii) the appropriate administrative authority has conducted an interim hearing pursuant to a written local school board policy made available to the student which affords further due process protection sufficient to support the student's continued exclusion pending the outcome of the formal procedures.

(k) Waiver of hearing, voluntary compliance, or negotiated penalty. A student and the student's parent(s) may elect to waive the formal hearing and review procedures and comply voluntarily with the proposed penalty, or may waive the hearing and review and negotiate a mutually acceptable penalty with the designated disciplinarian. Such a waiver and compliance agreement shall be made voluntarily, with knowledge of the rights being relinquished, and shall be evidenced by a written document signed by the student, the parent(s), and the appropriate school official.

(l) Procedure for hearing and decision. The formal hearing is not a trial. The formal hearing is an administrative hearing designed to ensure a calm and orderly determination by an impartial hearing
authority of the facts of a case of alleged serious misconduct. Technical rules of evidence and procedure do not apply. The following rules govern the conduct of the hearing and the ultimate decision:

(i) The school shall have the burden of proof of misconduct.

(ii) The student and the student's parent(s) shall have the following rights: The right to be represented by legal counsel or other designated representative, however, the school is not required to provide representation; the right to present evidence, subject to reasonable requirements of substantiation at the discretion of the hearing authority and subject to exclusion of evidence deemed irrelevant or redundant; the right to confront and cross-examine adverse witnesses, subject to reasonable limitation by the hearing authority; the right to have a decision based solely on the evidence presented at the hearing and the applicable legal rules, including the governing rules of student conduct.

(iii) The hearing authority shall determine whether the alleged act(s) of misconduct have been proved by a preponderance of the evidence presented at a hearing at which the student or a designated representative have appeared.

(iv) If no one has appeared on the student's behalf within a reasonable time after the announced time for the hearing, the hearing authority shall determine whether the student, through the parent(s), received notice of the hearing. If so, the hearing authority shall review the school's evidence to determine whether it is sufficient to support the charge(s) of misconduct.

(v) A hearing authority who is also a disciplinarian shall impose an appropriate sanction if the hearing authority finds that the allegations of misconduct have been proved under the standards of either Item (iii) or (iv) of Subparagraph (l) of Paragraph (4) of Subsection G of 6.11.2.12 NMAC. A hearing authority who is not a disciplinarian shall report the findings, together with any recommended sanction, to the disciplinarian promptly after the hearing.

(vi) Arrangements to make a tape recording or keep minutes of the proceedings shall be made by the administrative authority who scheduled the hearing and prepared the written notice. A verbatim written transcript is not required, but any minutes or other written record shall fairly reflect the substance of the evidence presented.

(vii) The hearing authority may announce a decision on the question of whether the allegation(s) of misconduct have been proved at the close of the hearing. A hearing authority who is also a disciplinarian may also impose a penalty at the close of the hearing.

(viii) In any event, the hearing authority shall prepare and mail or deliver to the student, through the parent(s), a written decision within five working days after the hearing. The decision shall include a concise summary of the evidence upon which the hearing authority based its factual determinations. A hearing authority who is also a disciplinarian shall include in the report a statement of the penalty, if any, to be imposed, and shall state reasons for the chosen penalty. A hearing authority who is not a disciplinarian shall forward a copy of the hearing authority's written decision to the disciplinarian forthwith. The disciplinarian shall prepare a written decision, including reasons for choosing any penalty imposed, and mail or deliver it to the student, through the parent(s), within five working days of receipt of the hearing authority's report.

(ix) A disciplinarian who is not a hearing authority may observe but not participate in the proceedings at a formal hearing. If the disciplinarian is present at the formal hearing and if the hearing authority announces a decision at the close of the hearing, the disciplinarian may also announce the disciplinarian's decision at that time.

(x) The disciplinarian's decision shall take effect immediately upon initial notification to the parent(s), either at the close of the hearing or upon receipt of the written decision. If initial
(m) Effect of decision. If the hearing authority decides that no allegation(s) of misconduct have been proved, or if the disciplinarian declines to impose a penalty despite a finding that an act or acts of misconduct have been proved, the matter shall be closed. If the disciplinarian imposes any sanction on the student, the decision shall take effect immediately upon notification to the parent and shall continue in force during any subsequent review.

(n) Right of review. Unless the local school board was the disciplinarian, a student aggrieved by a disciplinarian's decision after a formal hearing shall have the right to have the decision reviewed if the penalty imposed was at least as severe as a long-term suspension or expulsion, an in-school suspension exceeding one school semester, or a denial or restriction of student privileges for one semester or longer. A local school board may grant a right of review for less severe penalties. Local school boards shall establish appropriate mechanisms for review except where the local board was the disciplinarian, in which case the local school board decision is final and not reviewable administratively. A student request for review must be submitted to the review authority within 10 school days after the student is informed of the disciplinarian's decision.

(o) Conduct of review. Unless the local school board provides otherwise, a review authority shall have discretion to modify the disciplinarian's decision, including imposing any lesser sanction deemed appropriate. A review authority shall be bound by the hearing authority's factual determinations unless the student persuades the review authority that a finding of fact was arbitrary, capricious, or unsupported by substantial evidence or that new evidence, which has come to light since the hearing and which could not with reasonable diligence have been discovered in time for the hearing, would manifestly change the factual determination. Upon any such finding, the review authority shall have discretion to receive new evidence, reconsider evidence introduced at the hearing, or conduct a de novo hearing. In the absence of any such finding, the review shall be limited to an inquiry into the appropriateness of the penalty imposed.

(p) Form of review. Unless the local school board provides otherwise, a review authority shall have discretion to conduct a review on the written record of the hearing and decision in the case, to limit new submissions by the aggrieved student and school authorities to written materials, or to grant a conference or hearing at which the student and the student's representative and school authorities may present their respective views in person. Where a conference or hearing is granted, the record-keeping requirements of Item (vi) of Subparagraph (l) of Paragraph (4) of Subsection G of 6.11.2.12 NMAC apply.

(q) Timing of review. Except in extraordinary circumstances, a review shall be concluded no later than 15 working days after a student's written request for review is received by the appropriate administrative authority.

(r) Decision. A review authority may announce a decision at the close of any conference or hearing held on review. In any event, the review authority shall prepare a written decision, including concise reasons, and mail or deliver it to the disciplinarian, the hearing authority and the student, through the parent(s), within 10 working days after the review is concluded.

(s) Effect of decision. Unless the local school board provides otherwise, a review authority's decision shall be the final administrative action to which a student is entitled.

B. Each local school board and governing body shall control the content of its policy, provided that the policy includes:
a procedure for prompt investigation of reports of violations of the bullying prevention policy and of complaints of bullying or retaliation, including:

(d) an appeal process for a student who is accused of bullying or who is the target of bullying and who is unsatisfied with the outcome of the initial investigation.

REGULATIONS

The authority of the state and of local school boards to prescribe and enforce standards of conduct for public school students must be exercised consistently with constitutional safeguards of individual student rights. The right to a public education is not absolute; it may be taken away, temporarily or permanently, for violations of school rules. The right to a public education is a property right which may only be denied where school authorities have adhered to the minimum procedural safeguards required to afford the student due process of law. This section prescribes minimum requirements for detention, in-school suspension, and temporary, long-term or permanent removal of students from public schools. Local school boards may adopt procedures which afford students more protection than this rule requires. The procedures in this section apply only to disciplinary detentions, suspensions, and expulsions. They do not apply to disenrollment of students who fail to meet immunization, age, residence, or other requirements for valid enrollment, nor to the removal from school membership reports of students who have been absent from school for 10 consecutive school days in accordance with Subsection B of Section 22-8-2 NMSA 1978. Nothing in this section shall be construed as prohibiting school boards or administrative authorities from involving other school staff, students, and members of the community in the enforcement of rules of student conduct to the extent they believe is appropriate.

C. Immediate removal. Students whose presence poses a continuing danger to persons or property or an ongoing threat of interfering with the educational process may be immediately removed from school, subject to the following rules:

(2) Students shall be reinstated after no more than one school day unless within that time a temporary suspension is also imposed after the required rudimentary hearing. In such circumstances, a single hearing will support both the immediate removal and a temporary suspension imposed in connection with the same incident(s).

Alternative Placements

LAWS

22-2C-6. Remediation programs; promotion policies; restrictions.
H. A student who does not demonstrate academic proficiency for two successive school years shall be referred to the student assistance team for placement in an alternative program designed by the school district. Alternative program plans shall be filed with the department.
22-5-4.7. **Additional student discipline policies; weapon-free schools.**

B. Student discipline policies shall also provide for placement in an alternative educational setting, for not more than forty-five days, of any student with a disability who is determined to have knowingly brought a weapon to a school under the jurisdiction of the local board. If a parent or guardian of the student requests a due process hearing, then the student shall remain in the alternative educational setting during the pendency of any proceeding, unless the parent or guardian and the school district agree otherwise.

To set forth the requirements for the implementation of the compulsory school attendance law. Specifically, this rule establishes requirements for the identification, reduction and reporting of truancy in all public schools including charter schools. In addressing truancy, the goal is to keep children in school until age eighteen and not to suspend, expel or outright punish them for being truant.

6.10.8.7. Definitions.
C. “Habitual truant” means a student who has accumulated the equivalent of ten or more unexcused absences within a school year.

6.10.8.8. Requirements.
A. It is the policy of this state that school age persons receive an education and do not dropout or otherwise withdraw prematurely prior to completing an educational program. To that end, a school-age person shall attend public school, private school, home school or a state institution until the school-age person is at least eighteen years of age unless that person has graduated from high school or received a general educational development certificate. A parent may give written, signed permission for the school-age person to leave school in case of a documented hardship approved by the local superintendent.
B. Each local school board and charter school shall develop a written attendance policy that:
   (1) in accordance with the definition of “attendance” stated in this rule, requires that class attendance be taken and maintained by class period for every instructional day for each student in each school or school program in the school district;
   (2) provides excused absences for pregnant and parenting students as follows:
(a) provides at least ten days of excused absences for a student who provides documentation of the birth of the student's child and allows the student a time period to make up the work that the student missed that equals the number of days the student was absent for the birth of a child;

(b) provides excused absences for any additional days missed by a pregnant or parenting student for which a longer period of absence is deemed medically necessary by the student's physician and allows the student a time period to make up the work that the student missed that equals the number of days the student was absent;

(c) provides four days per semester of excused absences, in addition to the number of allowed absences for all students, for a student who provides appropriate documentation of pregnancy or that the student is the parent of a child under the age of thirteen needing care and allows the student a time period to make up the work that the student missed that equals the number of days the student was absent;

(d) clearly states that the pregnant or parenting student is responsible for communicating the student's pregnancy and parenting status to the appropriate school personnel if the student chooses to disclose the information; and

(e) provides that the school district or charter school shall provide a copy of the pregnant and parenting student absence policies to all students in middle, junior high and high schools; and

(3) requires each school to report unexcused absences of two or more classes up to fifty percent of an instructional day as one-half day absence, and the unexcused absence of more than fifty percent of an instructional day to be counted as one full-day absence;

(4) prohibits out-of-school suspension and expulsion as a punishment for unexcused absences and habitual truancy;

(5) uses withdrawal as provided in Section 22-8-2 NMSA 1978 only after exhausting intervention efforts to keep students in educational settings;

(6) provides for early identification of students with unexcused absences, students in need of early intervention, and habitual truants; provides for intervention strategies that focus on keeping students in need of early intervention in an educational setting; and further provides that:

(a) if a student is in need of early intervention, the school district or charter school shall contact the student's parent(s)/guardian(s) to inform them that the student has unexcused absences from school and to discuss possible interventions unless the parent(s)/guardian(s) has contacted the school to explain the absence and the excuse compiles with the school district attendance policy;

(b) a representative of the school district or charter school shall meet with the student in need of early intervention and his or her parent(s)/guardian(s) to identify the causes for the student's unexcused absences, identify what actions can be taken that might prevent the student's unexcused absences, identify possible school district, charter school and community resources to address the causes for the student's unexcused absences, and establish a corrective action plan to address the student's unexcused absences;

(c) the notification to the student's parent(s)/guardian(s) and the meeting with the parent(s)/guardian(s) must be respectful and in a language and in manner that is understandable to the student and the parent(s)/guardian(s);

(d) the corrective action plan must contain follow-up procedures to ensure that the causes for the student's unexcused absences are being addressed;

(e) if the student is a habitual truant, the local school board, charter school or their authorized representatives shall, in addition, give written notice of the habitual truancy by mail to or by personal service on the student's parent(s)/guardian(s); the notice shall include a date, time and place for the
parent to meet with the local school district or charter to develop intervention strategies that focus on keeping the student in an educational setting;

(f) if there is another unexcused absence after delivery of a written notice of habitual truancy, the student shall within seven (7) days of this unexcused absence be reported to the probation services office of the judicial district where the student resides;

(g) if the student is a habitual truant the school shall document the following for each student identified as a habitual truant:

C. If the habitual truant is not referred to the children's court by the juvenile probation office for appropriate disposition, including consideration of initial or renewed suspension of his or her driving privileges, the school district may contact the children's court attorney directly to determine what action will be taken.

D. If a determination and finding has been made by the juvenile probation office that the habitual truancy by a student may have been caused by the parent or guardian of the student, and no charges have been filed against the parent or guardian, the school district may contact the district attorney's office to determine what action will be taken.

E. A copy of the local school board or charter school's attendance policy shall be provided to the public education department's health education coordinator or designated staff for approval within ten (10) days of its adoption by the local school board or governing body of a charter school.

F. The public education department's truancy prevention coordinator shall be permitted access to any records and information related to students in need of early intervention or habitual truancy in any school district, any particular school within a district, or any charter school.

REGULATIONS

6.29.1.9. Procedural requirements.

E. Student intervention system. The school and school district shall follow the multi-layered system of supports (MLSS), which is a three-layer model of student intervention as a proactive system for early intervention for students who demonstrate a need for educational support for learning or behavior. All students shall have access to layer 1, 2, and 3 interventions without a need to convene a SAT team or a referral to special education or related services. At any layer, a referral from a parent, a school staff member, or if other information available to a school or district suggests that a particular student needs educational support for learning or behavior, then the student shall be referred to the SAT. Likewise, at any layer, a parent may request initial evaluation to determine whether a student is a child with a disability requiring special education and related service, in accordance with 6.31.2.10 NMAC. There are no additional documentation requirements under the MLSS outside of what is already required for education professionals.

(5) The department's manual, Multi-Layered System of Supports, shall be the guiding document for schools and districts to use in implementing the student intervention system.
The department shall support schools in their capacity-building to increase participation in the K-5 plus program. Capacity-building includes professional development, curriculum development, teacher recruitment, parent and family outreach, assessment, and program design and evaluation.

Multi-tiered Frameworks and Systems of Support

REGULATIONS
6.29.1.7. Definitions.
AA. “Multi-Layered System of Supports (MLSS)” means a coordinated and comprehensive framework that uses increasingly intensive evidence-based academic and behavioral supports that address student needs as evidenced by student data. It is a model for holistic school improvement that provides progress measures for additional supports such as school-based team structures, professional development, health and wellness, and family and community engagement. MLSS satisfies the definition of “multi-tiered system of supports” contained within the ESSA.

6.29.1.9. Procedural requirements.
E. Student intervention system. The school and school district shall follow the multi-tiered system of supports (MLSS), which is a three-layer model of student intervention as a proactive system for early intervention for students who demonstrate a need for educational support for learning or behavior. All students shall have access to layer 1, 2, and 3 interventions without a need to convene a SAT team or a referral to special education or related services. At any layer, a referral from a parent, a school staff member, or if other information available to a school or district suggests that a particular student needs educational support for learning or behavior, then the student shall be referred to the SAT. Likewise, at any layer, a parent may request initial evaluation to determine whether a student is a child with a disability requiring special education and related service, in accordance with 6.31.2.10 NMAC. There are no additional documentation requirements under the MLSS outside of what is already required for education professionals.

(1) In layer 1, the school and school district shall ensure that adequate universal screening in the areas of general health and well-being, language proficiency status, and academic levels of proficiency has been completed for each student enrolled. If data from universal screening and progress monitoring suggests that a particular student is in need of additional behavioral and academic supports, then teacher teams shall make a determination on whether or not the student would benefit from layer 2 interventions. Teacher teams, when making a determination for moving a student up or down a layer may consult with non-teacher staff such as counselors, paraprofessionals, administrators, and ancillary personnell to inform the teacher team on how to plan and implement relevant learner interventions in the general education environment.

(2) In layer 2, a properly-constituted teacher team shall conduct the student study process and consider, implement, and document the effectiveness of appropriate evidence-based interventions utilizing curriculum-based measures. As part of this process, the teacher team shall address culture and acculturation, socioeconomic status, possible lack of appropriate instruction in reading or math, teaching and learning styles and instructional delivery mechanisms in order to rule out other possible causes of the student's educational difficulties.
In layer 3, students are provided with intensive academic and behavioral supports that are progress monitored on a bi-weekly basis. At the end of each progress monitoring cycle, the teacher team shall evaluate the efficacy of the supports provided using all available data. At that time, the teacher team may decide whether to continue with the current support, change the intensity, or nature of support. If progress monitoring data suggests that the learner has benefited from provided layer 3 supports and does not show concern for recidivism, than the teacher team may decide to move the student out of receiving layer 3 supports.

All students shall have access to the MLSS layers of screening and support without a referral to SAT or an evaluation to determine eligibility for special education and related services. Nothing in this section prevents a school district from evaluating a student during the provision of any layer of MLSS to determine whether the student is a child with a disability requiring special education and related services. A parent may request an initial special education at any time during the public agency's implementation of MLSS, and a school or school district may determine a referral to special education is necessary at any time during the implementation of MLSS if the student is suspected of having a disability. If a school district rejects a request for initial special education evaluation, the parent may use the IDEA procedural safeguards in 34 CFR Secs. 300.506 through 5007 to dispute the rejection of the request to evaluate.

The department's manual, Multi-Layered System of Supports, shall be the guiding document for schools and districts to use in implementing the student intervention system.

I. "Multi-layered system of support" means an umbrella framework that encompasses response to intervention and positive behavioral intervention and supports.

A. K-5 plus programs shall include:
   (5) implementation of the department’s multi-layered system of support.

6.30.12.15. Evaluation and reporting and auditing.
B. All students participating in K-5 plus shall be reported to the department through the department's data collection and reporting system. Required fields include the following:
   (3) services rendered under the multi-layered system of support.

rights. The right to a public education is not absolute; it may be taken away, temporarily or permanently,
for violations of school rules. The right to a public education is a property right which may only be denied
where school authorities have adhered to the minimum procedural safeguards required to afford the
student due process of law. This section prescribes minimum requirements for detention, in-school
suspension, and temporary, long-term or permanent removal of students from public schools. Local
school boards may adopt procedures which afford students more protection than this rule requires. The
procedures in this section apply only to disciplinary detentions, suspensions, and expulsions. They do not
apply to disenrollment of students who fail to meet immunization, age, residence, or other requirements
for valid enrollment, nor to the removal from school membership reports of students who have been
absent from school for 10 consecutive school days in accordance with Subsection B of Section 22-8-2
NMSA 1978. Nothing in this section shall be construed as prohibiting school boards or administrative
authorities from involving other school staff, students, and members of the community in the enforcement
of rules of student conduct to the extent they believe is appropriate.

C. Immediate removal. Students whose presence poses a continuing danger to persons or property or
an ongoing threat of interfering with the educational process may be immediately removed from school,
subject to the following rules:

(3) The school shall exert reasonable efforts to inform the student's parent of the charges against the
student and the action taken as soon as practicable. If the school has not communicated with the
parent by telephone or in person by the end of the school day following the immediate removal, the
school shall on that day mail a written notice with the required information to the parent's address of
record. [...]  

D. Temporary suspension.

(2) A student facing temporary suspension shall be granted a rudimentary hearing in which the
student shall first be informed of the charges against the student and, if the student denies them, shall
be told what evidence supports the charge(s) and be given an opportunity to present the student's
version of the facts. The following rules apply:

(e) the school shall exert reasonable efforts to inform the student's parent(s) of the charges against
the student and the possible or actual consequence as soon as practicable. If the school has not
communicated with the parent(s) by telephone or in person by the end of the first full day of
suspension, the school shall on that day mail a written notice with the required information to the
parent's address of record.

B. Each local school board and governing body shall control the content of its policy, provided that the
policy includes:

(6) a procedure for prompt investigation of reports of violations of the bullying prevention policy and of
complaints of bullying or retaliation, including:

(b) a procedure for notification of the parents of the student alleged to have committed an act of
bullying and the parents of the student targeted by the alleged act; provided that if, in the

Compilation of School Discipline Laws and Regulations

Prepared: March 31, 2021

Introduction
This compilation presents school discipline-related laws and regulations for U.S. states, U.S. territories, and the District of Columbia, and, where available, links to education agency websites or resources related to school discipline and student conduct. The discipline laws and regulations presented in this compilation have been categorized by type of specific discipline issue covered, according to an organizational framework developed by the National Center for Safe and Supportive Learning Environments (NCSSLE). For example, one major category encompasses all laws or regulations governing states or territories that mandate specific disciplinary sanctions (such as suspension) for specific offenses (such as drug possession on school grounds). The school discipline laws and regulations were compiled through exhaustive searches of legislative websites that identified all laws and regulations relevant to each specific category. Compiled materials were subsequently reviewed by state education agency (SEA) representatives in the 50 states, Washington D.C., and the U.S. territories.

Discipline categories were not mutually exclusive. Laws and regulations often appeared across multiple categories. For jurisdictions with more extensive laws covering a breadth of topical areas, relevant sections were excerpted from the larger legislative text for inclusion in the appropriate discipline category. Laws, ordered by chapter and section number, appear first within each category followed by regulations. All laws and regulations listed within categories in the compilation also appear in the sources cited section of the document, which lists laws by chapter and section number and title, and where available, includes active hyperlinks to source websites supported or maintained by state legislatures. Additional links to government websites or resources are provided at the end of this document.

Notes & Disclaimers
To the best of the preparer’s knowledge, this Compilation of School Discipline Laws and Regulations is complete and current as of March 2021. The board of education and the trustees or sole trustee of every school district shall create policies, procedures and guidelines that shall include, but not be limited to:

1. Policies and procedures intended to create a school environment that is free from harassment, bullying and discrimination.

2801. Codes of conduct on school property.
1. For purposes of this section, school property means in or within any building, structure, athletic playing field, playground, parking lot or land contained within the real property boundary line of a public elementary or secondary school; or in or on a school bus, as defined in section one hundred forty-two of the vehicle and traffic law; and a school function shall mean a school-sponsored or school-authorized extra-curricular event or activity regardless of where such event or activity takes place, including any event or activity that may take place in another state.

2. The board of education or the trustees, as defined in section two of this chapter, of every school district within the state, however created, and every board of cooperative educational services and county vocational extension board, shall adopt and amend, as appropriate, a code of conduct for the maintenance of order on school property, including a school function, which shall govern the conduct of students, teachers and other school personnel as well as visitors and shall provide for the enforcement thereof. Such policy may be adopted by the school board or trustees only after at least one public hearing that provides for the participation of school personnel, parents, students and any other interested parties. [...]  

3. The district code of conduct shall be developed in collaboration with student, teacher, administrator, and parent organizations, school safety personnel and other school personnel and shall be approved by the board of education, or other governing body, or by the chancellor of the city school district in the case of the city school district of the city of New York. In the city school district of the city of New York, each community district education council shall be authorized to adopt and implement additional policies, which are consistent with the city district's district-wide code of conduct, to reflect the individual needs of each community school district provided that such additional policies shall require the approval of the chancellor.

REGULATIONS

100.2 (l)(1). Policy on school conduct and discipline.
(i) On or before January 1, 1986 each school district shall adopt and implement a written policy on school conduct and discipline designed to promote responsible behavior, which policy, and any amendments thereto, shall remain in effect until the adoption of a code of conduct pursuant to paragraph (2) of this subdivision, at which time it shall be deemed to be superseded by such code of conduct. The City School District of the City of New York shall adopt and implement a separate written policy for each community school district and for Central Board-administered programs. Such a policy shall be developed locally in
consultation with teachers, administrators, other school service professionals, students and parents and shall include:

(a) a bill of rights and responsibilities of students which focuses upon positive student behavior, and which shall be publicized and explained to all students on an annual basis;

(b) a discipline code for student behavior setting forth prohibited student conduct and the range of penalties which may be imposed for violation of such code, which shall be publicized and explained to all students and provided in writing to all parents on an annual basis. Such code shall describe the roles of teachers, administrators, board of education members, and parents;

(c) strategies and procedures for the maintenance and enforcement of public order on school property which shall govern the conduct of all persons on school premises, in accordance with section 2801 of the Education Law and accepted principles of due process of law;

(d) procedures within each building to involve pupil service personnel, administrators, teachers, parents and students in the early identification and resolution of discipline problems. For students identified as having a disability, such policy shall include procedures for determining when a student's conduct shall constitute a reason for referral to the committee on special education for review and modification if appropriate of the student's individualized education program;

(e) alternative educational programs appropriate to individual student needs;

(f) disciplinary measures for violation of the school policies developed in accordance with subparagraphs (ii) and (iii) of this paragraph. Such measures shall be appropriate to the seriousness of the offense and where applicable to the previous disciplinary record of the student. Any suspension from attendance upon instruction may be imposed only in accordance with section 3214 of the Education Law; and

(g) guidelines and programs for in-service education programs for all district staff members to ensure effective implementation of school policy on school conduct and discipline.

LAWS

2801. Codes of conduct on school property.
2. The board of education or the trustees, as defined in section two of this chapter, of every school district within the state, however created, and every board of cooperative educational services and county vocational extension board, shall adopt and amend, as appropriate, a code of conduct for the maintenance of order on school property, including a school function, which shall govern the conduct of students, teachers and other school personnel as well as visitors and shall provide for the enforcement thereof. Such policy may be adopted by the school board or trustees only after at least one public hearing that provides for the participation of school personnel, parents, students and any other interested parties. Such code of conduct shall include, at a minimum:

  c. provisions for the removal from the classroom and from school property, including a school function, of students and other persons who violate the code.

3214. Student placement, suspensions and transfers.
3-a. Teacher removal of a disruptive pupil. In addition, any teacher shall have the power and authority to remove a disruptive pupil, as defined in subdivision two-a of this section, from such teacher's classroom consistent with discipline measures contained in the code of conduct adopted by the board pursuant to section twenty-eight hundred one of this chapter. The school authorities of any school district shall establish policies and procedures to ensure the provision of continued educational programming and activities for students removed from the classroom pursuant to this subdivision and provided further that nothing in this subdivision shall authorize the removal of a pupil in violation of any state or federal law or regulation. No pupil shall return to the classroom until the principal makes a final determination pursuant to paragraph c of this subdivision, or the period of removal expires, whichever is less.

  a. Such teacher shall inform the pupil and the school principal of the reasons for the removal. If the teacher finds that the pupil's continued presence in the classroom does not pose a continuing danger to persons or property and does not present an ongoing threat of disruption to the academic process, the teacher shall, prior to removing the student from the classroom, provide the student with an explanation of the basis for the removal and allow the pupil to informally present the pupil's version of relevant events. In all other cases, the teacher shall provide the pupil with an explanation of the basis for the removal and an informal opportunity to be heard within twenty-four hours of the pupil's removal, provided that if such twenty-four hour period does not end on a school day, it shall be extended to the corresponding time on the next school day.

  b. The principal shall inform the person in parental relation to such pupil of the removal and the reasons therefor within twenty-four hours of the pupil's removal, provided that if such twenty-four hour period does not end on a school day, it shall be extended to the corresponding time on the next school day. The pupil and the person in parental relation shall, upon request, be given an opportunity for an informal conference with the principal to discuss the reasons for the removal. If the pupil denies the charges, the principal shall provide an explanation of the basis for the removal and allow the pupil and/or person in parental relation to the pupil an opportunity to present the pupil's version of relevant events. Such informal hearing shall be held within forty-eight hours of the pupil's removal, provided that if such forty-eight hour period does not end on a school day, it shall be extended to the corresponding time on the second school day next following the pupil's removal. For purposes of this subdivision, "school day" shall mean a school day as defined pursuant to clause (v) of subparagraph three of paragraph g of subdivision three of this section.
c. The principal shall not set aside the discipline imposed by the teacher unless the principal finds that the charges against the pupil are not supported by substantial evidence or that the pupil's removal is otherwise in violation of law or that the conduct warrants suspension from school pursuant to this section and a suspension will be imposed. The principal's determination made pursuant to this paragraph shall be made by the close of business on the school day next succeeding the end of the forty-eight hour period for an informal hearing contained in paragraph b of this subdivision.

REGULATIONS

100.2 (l)(2). Code of conduct.

(ii) The code of conduct shall include, but is not limited to:

(d) provisions for the removal from the classroom, school property and school functions of students and other persons who violate the code. […]

(p) a minimum suspension period, for any student who repeatedly is substantially disruptive of the educational process or substantially interferes with the teacher's authority over the classroom, provided that the suspending authority may reduce such period on a case by case basis to be consistent with any other State and Federal law. For purposes of this requirement, "repeatedly is substantially disruptive of the educational process or substantially interferes with the teacher's authority over the classroom" shall mean engaging in conduct which results in the removal of the student from the classroom by teacher(s) pursuant to the provisions of Education Law section 3214(3-a) and the provisions set forth in the code of conduct on four or more occasions during a semester, or three or more occasions during a trimester, as applicable.

(1) No public school, BOCES, charter school, approved preschool program, approved private school, State-operated or State-supported school in this State, approved out-of-state day or residential school, or registered nonpublic nursery, kindergarten, elementary or secondary school in this State shall employ the use of aversive behavioral interventions to reduce or eliminate maladaptive behaviors, except as provided pursuant to section 200.22(e) and (f) of this Title.

(2) As used in this section, aversive intervention means an intervention that is intended to induce pain or discomfort to a student for the purpose of eliminating or reducing maladaptive behaviors, including such interventions as:

(i) contingent application of noxious, painful, intrusive stimuli or activities; strangling, shoving, deep muscle squeezes or other similar stimuli;

The term does not include such interventions as voice control, limited to loud, firm commands; time-limited ignoring of a specific behavior; token fines as part of a token economy system; brief physical prompts to interrupt or prevent a specific behavior; interventions medically necessary for the treatment or protection of the student; or other similar interventions.

200.22. Program standards for behavioral interventions.

(c) Use of time out rooms. A time out room is an area for a student to safely deescalate, regain control and prepare to meet expectations to return to his or her education program. Time out rooms are to be used in conjunction with a behavioral intervention plan in which a student is removed to a supervised area in order to facilitate self-control or to remove a student from a potentially dangerous situation and as provided in paragraph (3) of this subdivision.

(1) Each school which uses a time out room as part of its behavior management approach shall ensure that the school's policy and procedures on the use of the time out room are developed and implemented consistent with this subdivision, including the physical and monitoring requirements, parental rights and IEP requirements for students with disabilities. The school's policy and procedures shall minimally include:

(i) prohibiting placing a student in a locked room or space or in a room where the student cannot be continuously observed and supervised;
(ii) factors which may precipitate the use of the time out room;
(iii) time limitations for the use of the time out room;

(3) Except for unanticipated situations that pose an immediate concern for the physical safety of a student or others, the use of a time out room shall be used only in conjunction with a behavioral intervention plan that is designed to teach and reinforce alternative appropriate behaviors.

(4) The school district shall inform the student's parents prior to the initiation of a behavioral intervention plan that will incorporate the use of a time out room for a student and shall give the parent the opportunity to see the physical space that will be used as a time out room and provide the parent with a copy of the school's policy on the use of time out rooms.

(5) The physical space used as a time out room shall provide a means for continuous visual and auditory monitoring of the student. The room shall be of adequate width, length and height to allow the student to move about and recline comfortably. Wall and floor coverings should be designed to prevent injury to the student and there shall be adequate lighting and ventilation. The temperature of the room shall be within the normal comfort range and consistent with the rest of the building. The room shall be clean and free of objects and fixtures that could be potentially dangerous to a student and shall meet all local fire and safety codes.

(6) The time out room shall be unlocked and the door must be able to be opened from the inside. The use of locked rooms or spaces for purposes of time out is prohibited.

(7) Staff shall continuously monitor the student in a time out room. The staff must be able to see and hear the student at all times.

(8) The school shall establish and implement procedures to document the use of the time out room, including information to monitor the effectiveness of the use of the time out room to decrease specified behaviors.

(9) For an education program operated pursuant to section 112 of the Education Law and Part 116 of this Title, if a provision of this section relating to use of time out rooms conflicts with the rules of the respective State agency operating such program, the rules of such State agency shall prevail and the conflicting provisions of this section shall not apply.

d) Emergency Interventions.

(1) For purposes of this subdivision, emergency means a situation in which immediate intervention involving the use of reasonable physical force pursuant to section 19.5(a)(3) of this Title is necessary.

(2) Use of emergency interventions.

   (i) Emergency interventions shall be used only in situations in which alternative procedures and methods not involving the use of physical force cannot reasonably be employed.

   (ii) Emergency interventions shall not be used as a punishment or as a substitute for systematic behavioral interventions that are designed to change, replace, modify or eliminate a targeted behavior.

(3) Staff training. Staff who may be called upon to implement emergency interventions shall be provided with appropriate training in safe and effective restraint procedures in accordance with section 100.2(d)(1)(i)(g) of this Title and section 200.15(h)(1) of this Part as applicable.

(4) Documentation. The school must maintain documentation on the use of emergency interventions for each student, which shall include the name and date of birth of the student; the setting and the location of the incident; the name of the staff or other persons involved; a description of the incident and the emergency intervention used, including duration; a statement as to whether the student has a current
behavioral intervention plan; and details of any injuries sustained by the student or others, including staff as a result of the incident. The parent of the student shall be notified and documentation of emergency interventions shall be reviewed by school supervisory personnel and, as necessary, the school nurse or other medical personnel.

(5) Applicability. For an education program operated pursuant to section 112 of the Education Law and Part 116 of this Title, if a provision of this section relating to emergency interventions conflicts with the rules of the respective State agency operating such program, the rules of such State agency shall prevail and the conflicting provision of this section shall not apply.

(e) Child-specific exception to use aversive interventions to reduce or modify student behaviors. A child-specific exception to the prohibition of the use of aversive interventions set forth in section 19.5 of this Title may be granted for a school-age student, in accordance with the procedures outlined in this subdivision, only during the 2006-2007, 2007-2008 and 2008-2009 school years; provided that a student whose IEP includes the use of aversive interventions as of June 30, 2009 may be granted a child-specific exception in each subsequent school year, unless the IEP is revised to no longer include such exception. No child-specific exception shall be granted for a preschool student.

(1) Aversive interventions shall be considered only for students who are displaying self-injurious and/or aggressive behaviors that threaten the physical well being of the student or that of others, and only to address such behaviors.

(2) No child-specific exception shall be granted for interventions used as a consequence for behavior which are intended to induce pain or discomfort that include ice applications, hitting, slapping, pinching, deep muscle squeezes, use of an automated aversive conditioning device, the combined simultaneous use of physical or mechanical restraints and the application of an aversive intervention; withholding of sleep, shelter, bedding, bathroom facilities, denial or unreasonable delays in providing regular meals to the student that would result in a student not receiving adequate nutrition; the placement of a child unsupervised or unobserved in a room from which the student cannot exit without assistance or actions similar to these interventions at the discretion of the Commissioner. [...]

(9) Any IEP providing for a child-specific exception allowing the use of aversive interventions shall identify the specific:

(i) self-injurious and/or aggressive targeted behavior(s);
(ii) aversive intervention(s) to be used to address the behavior(s); and
(iii) aversive conditioning device(s) and/or mechanical restraint device(s) where the aversive intervention(s) includes the use of such device(s). [...]

(f) Program standards for the use of aversive interventions.

(2) General requirements. Any program that employs the use of aversive interventions to modify an individual student's behavior as authorized pursuant to subdivision (e) of this section shall comply with the following standards:

(ix) No program may combine the simultaneous use on a student of a physical or mechanical restraint device with another aversive intervention. [...]

(4) Supervision and training requirements. Aversive interventions shall be administered by appropriately licensed professionals or certified special education teachers in accordance with Part 80 of this Title and sections 200.6 and 200.7 of this Part or under the direct supervision and direct observation of such staff. Training shall be provided on a regular, but at least annual basis, which shall include, but not be limited to, training on:

(i) safe and therapeutic emergency physical restraint interventions;
(ii) data collection of the frequency, duration and latency of behaviors;
(iii) identification of antecedent behaviors and reinforcing consequences of the behavior;
(iv) approaches to teach alternative skills or behaviors including functional communication training;
(v) assessment of student preferences for reinforcement;
(vi) assessing and responding to the collateral effects of the use of aversive interventions including, but not limited to, effects on a student's health, increases in aggression, increases in escape behaviors and/or emotional reactions;

b. (1) The board of education, board of trustees, or sole trustee, superintendent of schools, district superintendent of schools and the principal of the school where the pupil attends shall have the power to suspend a pupil for a period not to exceed five school days. In the case of such a suspension, the suspending authority shall provide the pupil with notice of the charged misconduct. If the pupil denies the misconduct, the suspending authority shall provide an explanation of the basis for the suspension. The pupil and the person in parental relation to the pupil shall, on request, be given an opportunity for an informal conference with the principal at which the pupil and/or person in parental relation shall be authorized to present the pupil's version of the event and to ask questions of the complaining witnesses. c. (1) No pupil may be suspended for a period in excess of five school days unless such pupil and the person in parental relation to such pupil shall have had an opportunity for a fair hearing, upon reasonable notice, at which such pupil shall have the right of representation by counsel, with the right to question witnesses against such pupil and to present witnesses and other evidence on his behalf. Where a pupil has been suspended in accordance with this subdivision by a superintendent of schools, district superintendent of schools, or community superintendent, the superintendent shall personally hear and determine the proceeding or may, in his discretion, designate a hearing officer to conduct the hearing. The hearing officer shall be authorized to administer oaths and to issue subpoenas in conjunction with the proceeding before him. A record of the hearing shall be maintained, but no stenographic transcript shall be required and a tape recording shall be deemed a satisfactory record. The hearing officer shall make findings of fact and recommendations as to the appropriate measure of discipline to the superintendent. The report of the hearing officer shall be advisory only, and the superintendent may accept all or any part thereof. An appeal will lie from the decision of the superintendent to the board of education who shall make its decision solely upon the record before it. The board may adopt in whole or in part the decision of the superintendent of schools. Where the basis for the suspension is, in whole or in part, the possession on school grounds or school property by the student of any firearm, rifle, shotgun, dagger, dangerous knife, dirk, razor, stiletto or any of the weapons, instruments or appliances specified in subdivision one of section 265.01 of the penal law, the hearing officer or superintendent shall not be barred from considering the admissibility of such weapon, instrument or appliance as evidence, notwithstanding a determination by a court in a criminal or juvenile delinquency proceeding that the recovery of such weapon, instrument or appliance was the result of an unlawful search or seizure.

(2) Where a pupil has been suspended in accordance with this section by a board of education, the board may in its discretion hear and determine the proceeding or appoint a hearing officer who shall have the same powers and duties with respect to the board that a hearing officer has with respect to a superintendent where the suspension was ordered by him. The findings and recommendations of the hearing officer conducting the proceeding shall be advisory and subject to final action by the board of education, each member of which shall before voting review the testimony and acquaint himself with
the evidence in the case. The board may reject, confirm or modify the conclusions of the hearing officer. [...] 3-a.b. The principal shall inform the person in parental relation to such pupil of the removal and the reasons therefor within twenty-four hours of the pupil's removal, provided that if such twenty-four hour period does not end on a school day, it shall be extended to the corresponding time on the next school day. The pupil and the person in parental relation shall, upon request, be given an opportunity for an informal conference with the principal to discuss the reasons for the removal. If the pupil denies the charges, the principal shall provide an explanation of the basis for the removal and allow the pupil and/or person in parental relation to the pupil an opportunity to present the pupil's version of relevant events. Such informal hearing shall be held within forty-eight hours of the pupil's removal, provided that if such forty-eight hour period does not end on a school day, it shall be extended to the corresponding time on the second school day next following the pupil's removal. For purposes of this subdivision, "school day" shall mean a school day as defined pursuant to clause (v) of subparagraph three of paragraph g of subdivision three of this section.

North Carolina
Introduction
This compilation presents school discipline-related laws and regulations for U.S. states, U.S. territories, and the District of Columbia, and, where available, links to education agency websites or resources related to school discipline and student conduct. The discipline laws and regulations presented in this compilation have been categorized by type of specific discipline issue covered, according to an organizational framework developed by the National Center for Safe and Supportive Learning Environments (NCSSLE). For example, one major category encompasses all laws or regulations governing states or territories that mandate specific disciplinary sanctions (such as suspension) for specific offenses (such as drug possession on school grounds). The school discipline laws and regulations were compiled through exhaustive searches of legislative websites that identified all laws and regulations relevant to each specific category. Compiled materials were subsequently reviewed by state education agency (SEA) representatives in the 50 states, Washington D.C., and the U.S. territories.

Discipline categories were not mutually exclusive. Laws and regulations often appeared across multiple categories. For jurisdictions with more extensive laws covering a breadth of topical areas, relevant sections were excerpted from the larger legislative text for inclusion in the appropriate discipline category. Laws, ordered by chapter and section number, appear first within each category followed by regulations. All laws and regulations listed within categories in the compilation also appear in the sources cited section of the document, which lists laws by chapter and section number and title, and where available, includes active hyperlinks to source websites supported or maintained by state legislatures. Additional links to government websites or resources are provided at the end of this document.

In-School Discipline

Discipline Frameworks

LAWS

115C-105.45. Legislative findings.
The General Assembly finds that all schools should be safe, secure, and orderly. If students are to aim for academic excellence, it is imperative that there is a climate of respect in every school and that every school is free of disruption, drugs, violence, and weapons. All schools must have plans, policies, and procedures for dealing with disorderly and disruptive behavior.

All schools and school units must have effective measures for assisting students who are at risk of academic failure or of engaging in disruptive and disorderly behavior.

115C-390.2. Discipline policies.
A. Code of Conduct. - The governing authority of each public elementary and secondary school shall adopt a student code of conduct for the students in the schools under its jurisdiction. The code of conduct shall be in compliance with all existing rules, regulations, and policies of the school board and of the State Board of Elementary and Secondary Education and all state laws relative to student discipline and shall include any necessary disciplinary action to be taken against any student who violates the code of conduct.

115C-397.1. Management and placement of disruptive students.
If, after a teacher has requested assistance from the principal two or more times due to a student's disruptive behavior, the teacher finds that the student's disruptive behavior continues to interfere with the academic achievement of that student or other students in the class, then the teacher may refer the matter to a school-based committee. The teacher may request that additional classroom teachers participate in the committee's proceedings. For the purposes of this section, the committee shall notify the student's parent, guardian, or legal custodian and shall encourage that person's participation in the proceedings of the committee concerning the student. Nothing in this section requires a student to be screened, evaluated, or identified as a child with a disability under Article 9 of this Chapter. The committee shall review the matter and shall take one or more of the following actions: (i) advise the teacher on managing the student's behavior more effectively, (ii) recommend to the principal the transfer of the student to another class within the school, (iii) recommend to the principal a multidisciplinary evaluation of the student, (iv) recommend to the principal that the student be assigned to an alternative learning program, or (v) recommend to the principal that the student receive any additional services that the school or the school unit has the resources to provide for the student. If the principal does not follow the recommendation of the committee, the principal shall provide a written explanation to the committee, the teacher who referred the matter to the committee, and the superintendent, of any actions taken to resolve the matter and of the reason the principal did not follow the recommendation of the committee.

This section shall be in addition to the supplemental to disciplinary action taken in accordance with any other law. The recommendation of the committee is final and shall not be appealed under G.S. 115C-45(c). Nothing in this section shall authorize a student to refer a disciplinary matter to this committee or to have the matter of the student's behavior referred to this committee before any discipline is imposed on the student.
Teacher Authority to Remove Students From Classrooms

Alternatives to Suspension

115C-390.2. Discipline policies.
(g) Board policies shall not prohibit the superintendent and principals from considering the student's intent, disciplinary and academic history, the potential benefits to the student of alternatives to suspension, and other mitigating or aggravating factors when deciding whether to recommend or impose long-term suspension. [...]

(k) School officials are encouraged to use a full range of responses to violations of disciplinary rules, such as conferences, counseling, peer mediation, behavior contracts, instruction in conflict resolution and anger management, detention, academic interventions, community service, and other similar tools that do not remove a student from the classroom or school building.

115C-397.1. Management and placement of disruptive students.
If, after a teacher has requested assistance from the principal two or more times due to a student's disruptive behavior, the teacher finds that the student's disruptive behavior continues to interfere with the academic achievement of that student or other students in the class, then the teacher may refer the matter to a school-based committee. The teacher may request that additional classroom teachers participate in the committee's proceedings. For the purposes of this section, the committee shall notify the student's parent, guardian, or legal custodian and shall encourage that person's participation in the proceedings of the committee concerning the student. Nothing in this section requires a student to be screened, evaluated, or identified as a child with a disability under Article 9 of this Chapter. The committee shall review the matter and shall take one or more of the following actions: (i) advise the teacher on managing the student's behavior more effectively, (ii) recommend to the principal the transfer of the student to another class within the school, (iii) recommend to the principal a multidisciplinary evaluation of the student, (iv) recommend to the principal that the student be assigned to an alternative learning program, or (v) recommend to the principal that the student receive any additional services that the school or the school unit has the resources to provide for the student. If the principal does not follow the recommendation of the committee, the principal shall provide a written explanation to the committee, the teacher who referred the matter to the committee, and the superintendent, of any actions taken to resolve the matter and of the reason the principal did not follow the recommendation of the committee. This section shall be in addition to the supplemental to disciplinary action taken in accordance with any other law. The recommendation of the committee is final and shall not be appealed under G.S. 115C-45(c). Nothing in this section shall authorize a student to refer a disciplinary matter to this committee or to
have the matter of the student's behavior referred to this committee before any discipline is imposed on the student.

If the parent or guardian does not return the form, corporal punishment may be administered on the student.

Grounds for Suspension or Expulsion

LAWS

115C-390.5. Short-term suspension.
(a) The principal shall have authority to impose short-term suspension on a student who willfully engages in conduct that violates a provision of the Code of Student Conduct authorizing short-term suspension.
(b) If a student's short-term suspensions accumulate to more than 10 days in a semester, to the extent the principal has not already done so, he or she shall invoke the mechanisms provided for in the applicable safe schools plan adopted pursuant to G.S. 115C-105.47(b)(5) and (b)(6).
(c) A student subject to short-term suspension shall be provided the following:
   (1) The opportunity to take textbooks home for the duration of the suspension.
   (2) Upon request, the right to receive all missed assignments and, to the extent practicable, the materials distributed to students in connection with the assignment.
   (3) The opportunity to take any quarterly, semester, or grading period examinations missed during the suspension period.

115C-390.7. Long-term suspension.
(a) A principal may recommend to the superintendent the long-term suspension of any student who willfully engages in conduct that violates a provision of the Code of Student Conduct that authorizes long-term suspension. Only the superintendent has the authority to long-term suspend a student.
(b) Before the superintendent's imposition of a long-term suspension, the student must be provided an opportunity for a hearing consistent with G.S. 115C-390.8.
(c) If the student recommended for long-term suspension declines the opportunity for a hearing, the superintendent shall review the circumstances of the recommended long-term suspension. Following such review, the superintendent (i) may impose the suspension if is it consistent with board policies and appropriate under the circumstances, (ii) may impose another appropriate penalty authorized by board policy, or (iii) may decline to impose any penalty.
(d) If a teacher is assaulted or injured by a student and as a result the student is long-term suspended or reassigned to alternative education services, the student shall not be returned to that teacher's classroom unless the teacher consents.
(e) Disciplinary reassignment of a student to a full-time educational program that meets the academic requirements of the standard course of study established by the State Board of Education as provided in G.S. 115C-12 and provides the student with the opportunity to make timely progress towards graduation and grade promotion is not a long-term suspension requiring the due process procedures described in G.S. 115C-390.8.

115C-390.10. 365-day suspension for gun possession.
(a) All local boards of education shall develop and implement written policies and procedures, as required by the federal Gun Free Schools Act, 20 U.SC. § 7151, requiring suspension for 365 calendar days of any student who is determined to have brought or been in possession of a firearm or destructive device on
educational property, or to a school-sponsored event off of educational property. A principal shall recommend to the superintendent the 365-day suspension of any student believed to have violated board policies regarding weapons. The superintendent has the authority to suspend for 365 days a student who has been recommended for such suspension by the principal when such recommendation is consistent with board policies. Notwithstanding the foregoing, the superintendent may modify, in writing, the required 365-day suspension for an individual student on a case-by-case basis. The superintendent shall not impose a 365-day suspension if the superintendent determines that the student took or received the firearm or destructive device from another person at school or found the firearm or destructive device at school, provided that the student delivered or reported the firearm or destructive device as soon as practicable to a law enforcement officer or a school employee and had no intent to use such firearm or destructive device in a harmful or threatening way.

115C-390.11. Expulsion.

(a) Upon recommendation of the superintendent, a local board of education may expel any student 14 years of age or older whose continued presence in school constitutes a clear threat to the safety of other students or school staff. Prior to the expulsion of any student, the local board shall conduct a hearing to determine whether the student's continued presence in school constitutes a clear threat to the safety of other students or school staff. The student shall be given reasonable notice of the recommendation in accordance with G.S. 115C-390.8(a) and (b), as well as reasonable notice of the time and place of the scheduled hearing.

(1) The procedures described in G.S. 115C-390.8(e)(1)-(8) apply to students facing expulsion pursuant to this section, except that the decision to expel a student by the local board of education shall be based on clear and convincing evidence that the student's continued presence in school constitutes a clear threat to the safety of other students and school staff.

(2) A local board of education may expel any student subject to G.S. 14-208.18 in accordance with the procedures of this section. Prior to ordering the expulsion of a student, the local board of education shall consider whether there are alternative education services that may be offered to the student. As provided by G.S. 14-208.18(f), if the local board of education determines that the student shall be provided educational services on school property, the student shall be under the supervision of school personnel at all times.

(3) At the time a student is expelled under this section, the student shall be provided notice of the right to petition for readmission pursuant to G.S. 115C-390.12.

(b) During the expulsion, the student is not entitled to be present on any property of the local school administrative unit and is not considered a student of the local board of education. Limitations or Conditions on Exclusionary Discipline

LAWS

115C-390.2. Discipline policies.
(d) Board policies shall not allow students to be long-term suspended or expelled from school solely for truancy or tardiness offenses and shall not allow short-term suspension of more than two days for such offenses.
(e) Board policies shall not impose mandatory long-term suspensions or expulsions for specific violations unless otherwise provided in State or federal law.
(f) Board policies shall minimize the use of long-term suspension and expulsion by restricting the availability of long-term suspension or expulsion to those violations deemed to be serious violations of the board's Code of Student Conduct that either threaten the safety of students, staff, or school visitors or threaten to substantially disrupt the educational environment. Examples of conduct that would not be deemed to be a serious violation include the use of inappropriate or disrespectful language, noncompliance with a staff directive, dress code violations, and minor physical altercations that do not involve weapons or injury. The principal may, however, in his or her discretion, determine that aggravating circumstances justify treating a minor violation as a serious violation.
(g) Board policies shall not prohibit the superintendent and principals from considering the student's intent, disciplinary and academic history, the potential benefits to the student of alternatives to suspension, and other mitigating or aggravating factors when deciding whether to recommend or impose long-term suspension.

115C-390.5. Short-term suspension.
(a) The principal shall have authority to impose short-term suspension on a student who willfully engages in conduct that violates a provision of the Code of Student Conduct authorizing short-term suspension.
(b) If a student's short-term suspensions accumulate to more than 10 days in a semester, to the extent the principal has not already done so, he or she shall invoke the mechanisms provided for in the applicable safe schools plan adopted pursuant to G.S. 115C-105.47(b)(5) and (b)(6).
(c) A student subject to short-term suspension shall be provided the following:
   (1) The opportunity to take textbooks home for the duration of the suspension.
   (2) Upon request, the right to receive all missed assignments and, to the extent practicable, the materials distributed to students in connection with the assignment.
   (3) The opportunity to take any quarterly, semester, or grading period examinations missed during the suspension period.

115C-390.6. Short-term suspension procedures.
(a) Except as authorized in this section, no short-term suspension shall be imposed upon a student without first providing the student an opportunity for an informal hearing with the principal. The notice to the student of the charges may be oral or written, and the hearing may be held immediately after the notice is given. The student has the right to be present, to be informed of the charges and the basis for the accusations, and to make statements in defense or mitigation of the charges.
(b) The principal may impose a short-term suspension without providing the student an opportunity for a hearing if the presence of the student creates a direct and immediate threat to the safety of other students or staff, or substantially disrupts or interferes with the education of other students or the maintenance of
discipline at the school. In such cases, the notice of the charges and informal hearing described in subsection (a) of this section shall occur as soon as practicable.

(c) The principal shall provide notice to the student's parent of any short-term suspension, including the reason for the suspension and a description of the alleged student conduct upon which the suspension is based. The notice shall be given by the end of the workday during which the suspension is imposed when reasonably possible, but in no event more than two days after the suspension is imposed. The notice shall be given by certified mail, telephone, facsimile, e-mail, or any other method reasonably designed to achieve actual notice.

(d) If English is the second language of the parent, the notice shall be provided in the parent's primary language, when the appropriate foreign language resources are readily available, and in English, and both versions shall be in plain language and shall be easily understandable.

(e) A student is not entitled to appeal the principal's decision to impose a short-term suspension to the superintendent or local board of education. Further, such a decision is not subject to judicial review. Notwithstanding this subsection, the local board of education, in its discretion, may provide students an opportunity for a review or appeal of a short-term suspension to the superintendent or local board of education.

115C-390.7. Long-term suspension.

(a) A principal may recommend to the superintendent the long-term suspension of any student who willfully engages in conduct that violates a provision of the Code of Student Conduct that authorizes long-term suspension. Only the superintendent has the authority to long-term suspend a student.

(b) Before the superintendent's imposition of a long-term suspension, the student must be provided an opportunity for a hearing consistent with G.S. 115C-390.8.

(c) If the student recommended for long-term suspension declines the opportunity for a hearing, the superintendent shall review the circumstances of the recommended long-term suspension. Following such review, the superintendent (i) may impose the suspension if it is consistent with board policies and appropriate under the circumstances, (ii) may impose another appropriate penalty authorized by board policy, or (iii) may decline to impose any penalty.

(d) If a teacher is assaulted or injured by a student and as a result the student is long-term suspended or reassigned to alternative education services, the student shall not be returned to that teacher's classroom unless the teacher consents.

(e) Disciplinary reassignment of a student to a full-time educational program that meets the academic requirements of the standard course of study established by the State Board of Education as provided in G.S. 115C-12 and provides the student with the opportunity to make timely progress towards graduation and grade promotion is not a long-term suspension requiring the due process procedures described in G.S. 115C-390.8.

115C-390.10. 365-day suspension for gun possession.

(a) All local boards of education shall develop and implement written policies and procedures, as required by the federal Gun Free Schools Act, 20 U.SC. § 7151, requiring suspension for 365 calendar days of any student who is determined to have brought or been in possession of a firearm or destructive device on educational property, or to a school-sponsored event off of educational property. A principal shall recommend to the superintendent the 365-day suspension of any student believed to have violated board policies regarding weapons. The superintendent has the authority to suspend for 365 days a student who has been recommended for such suspension by the principal when such recommendation is consistent with board policies. Notwithstanding the foregoing, the superintendent may modify, in writing, the required 365-day suspension for an individual student on a case-by-case basis. The superintendent shall not
impose a 365-day suspension if the superintendent determines that the student took or received the firearm or destructive device from another person at school or found the firearm or destructive device at school, provided that the student delivered or reported the firearm or destructive device as soon as practicable to a law enforcement officer or a school employee and had no intent to use such firearm or destructive device in a harmful or threatening way.

115C-390.11. Expulsion.
(a) Upon recommendation of the superintendent, a local board of education may expel any student 14 years of age or older whose continued presence in school constitutes a clear threat to the safety of other students or school staff. Prior to the expulsion of any student, the local board shall conduct a hearing to determine whether the student's continued presence in school constitutes a clear threat to the safety of other students or school staff. The student shall be given reasonable notice of the recommendation in accordance with G.S. 115C-390.8(a) and (b), as well as reasonable notice of the time and place of the scheduled hearing.

(1) The procedures described in G.S. 115C-390.8(e)(1)-(8) apply to students facing expulsion pursuant to this section, except that the decision to expel a student by the local board of education shall be based on clear and convincing evidence that the student's continued presence in school constitutes a clear threat to the safety of other students and school staff.

(2) A local board of education may expel any student subject to G.S. 14-208.18 in accordance with the procedures of this section. Prior to ordering the expulsion of a student, the local board of education shall consider whether there are alternative education services that may be offered to the student. As provided by G.S. 14-208.18(f), if the local board of education determines that the student shall be provided educational services on school property, the student shall be under the supervision of school personnel at all times.

(3) At the time a student is expelled under this section, the student shall be provided notice of the right to petition for readmission pursuant to G.S. 115C-390.12.

(b) During the expulsion, the student is not entitled to be present on any property of the local school administrative unit and is not considered a student of the local board of education. Nothing in this section shall prevent a local board of education from offering access to some type of alternative educational services that can be provided to the student in a manner that does not create safety risks to other students and school staff.

(c) The principal shall provide notice to the student's parent of any short-term suspension, including the reason for the suspension and a description of the alleged student conduct upon which the suspension is based. (1) If no hearing is timely requested, the superintendent shall follow the procedures described in G.S. 115C-390.7(c).

(2) If the student or parent requests a postponement of the hearing, or if the hearing is requested beyond the time set for such request, the hearing shall be scheduled, but the student shall not have the right to return to school pending the hearing.

(3) If neither the student nor parent appears for the scheduled hearing, after having been given reasonable notice of the time and place of the hearing, the parent and student are deemed to have waived the right to a hearing and the superintendent shall conduct the review required by G.S. 115C-390.7(c).

(d) The formal hearing may be conducted by the local board of education, by the superintendent, or by a person or group of persons appointed by the local board or superintendent to serve as a hearing officer or hearing panel. Neither the board nor the superintendent shall appoint any individual to serve as a hearing officer or on a hearing panel who is under the direct supervision of the principal recommending suspension. If the hearing is conducted by an appointed hearing officer or hearing panel, such officer or panel shall determine the relevant facts and credibility of witnesses based on the evidence presented at the hearing. Following the hearing, the superintendent or local board shall make a final decision regarding the suspension. The superintendent or board shall adopt the hearing officer's or panel's factual determinations unless they are not supported by substantial evidence in the record.
Long-term suspension hearings shall be conducted in accordance with policies adopted by the board of education. Such policies shall offer the student procedural due process including, but not limited to, the following:

1. The right to be represented at the hearing by counsel or, in the discretion of the local board, a non-attorney advocate.

2. The right to be present at the hearing, accompanied by his or her parents.

3. The right of the student, parent, and the student's representative to review before the hearing any audio or video recordings of the incident and, consistent with federal and State student records laws and regulations, the information supporting the suspension that may be presented as evidence at the hearing, including statements made by witnesses related to the charges consistent with subsection (h) of this section.

4. The right of the student, parent, or the student's representative to question witnesses appearing at the hearing.

5. The right to present evidence on his or her own behalf, which may include written statements or oral testimony, relating to the incident leading to the suspension, as well as any of the factors listed in G.S. 115C-390.2(g).

6. The right to have a record made of the hearing.

7. The right to make his or her own audio recording of the hearing.

8. The right to a written decision, based on substantial evidence presented at the hearing, either upholding, modifying, or rejecting the principal's recommendation of suspension and containing at least the following information:
   a. The basis for the decision, including a reference to any policy or rule that the student is determined to have violated.
   b. Notice of what information will be included in the student's official record pursuant to G.S. 115C-402.
   c. The student's right to appeal the decision and notice of the procedures for such appeal.

Following the issuance of the decision, the superintendent shall implement the decision by authorizing the student's return to school or by imposing the suspension reflected in the decision.

Unless the decision was made by the local board, the student may appeal the decision to the local board in accordance with G.S. 115C-45(c) and policies adopted by the board. Notwithstanding the provisions of G.S. 115C-45(c), a student's appeal to the board of a decision upholding a long-term suspension shall be heard and a final written decision issued in not more than 30 calendar days following the request for such appeal.

Nothing in this section shall compel school officials to release names or other information that could allow the student or his or her representative to identify witnesses when such identification could create a safety risk for the witness.

A decision of the local board to uphold the long-term suspension of a student is subject to judicial review in accordance with Article 4 of Chapter 150B of the General Statutes. The action must be brought within 30 days of the local board's decision. A person seeking judicial review shall file a petition in the superior court of the county where the local board made its decision. Local rules notwithstanding, petitions for judicial review of a long-term suspension shall be set for hearing in the first succeeding term of superior court in the county following the filing of the certified copy of the official record.
115C-390.10. 365-day suspension for gun possession.
(d) At the time the student and parent receive notice that the student is suspended for 365 days under this section, the superintendent shall provide notice to the student and the student's parent of the right to petition the local board of education for readmission pursuant to G.S. 115C-390.12.

115C-390.11. Expulsion.
(a) Upon recommendation of the superintendent, a local board of education may expel any student 14 years of age or older whose continued presence in school constitutes a clear threat to the safety of other students or school staff. Prior to the expulsion of any student, the local board shall conduct a hearing to determine whether the student's continued presence in school constitutes a clear threat to the safety of other students or school staff. The student shall be given reasonable notice of the recommendation in accordance with G.S. 115C-390.8(a) and (b), as well as reasonable notice of the time and place of the scheduled hearing.

   (1) The procedures described in G.S. 115C-390.8(e)(1)-(8) apply to students facing expulsion pursuant to this section, except that the decision to expel a student by the local board of education shall be based on clear and convincing evidence that the student's continued presence in school constitutes a clear threat to the safety of other students and school staff.

   (2) A local board of education may expel any student subject to G.S. 14-208.18 in accordance with the procedures of this section. Prior to ordering the expulsion of a student, the local board of education shall consider whether there are alternative education services that may be offered to the student. As provided by G.S. 14-208.18(f), if the local board of education determines that the student shall be provided educational services on school property, the student shall be under the supervision of school personnel at all times.

   (3) At the time a student is expelled under this section, the student shall be provided notice of the right to petition for readmission pursuant to G.S. 115C-390.12.

(b) During the expulsion, the student is not entitled to be present on any property of the local school administrative unit and is not considered a student of the local board of education. Nothing in this section shall prevent a local board of education from offering access to some type of alternative educational services that can be provided to the student in a manner that does not create safety risks to other students and school staff.

115C-392. Appeal of disciplinary measures.
Appeals of disciplinary measures are subject to the provisions of G.S. 115C-45(c).

115C-397.1. Management and placement of disruptive students.
If, after a teacher has requested assistance from the principal two or more times due to a student's disruptive behavior, the teacher finds that the student's disruptive behavior continues to interfere with the academic achievement of that student or other students in the class, then the teacher may refer the matter to a school-based committee. The teacher may request that additional classroom teachers participate in the committee’s proceedings. For the purposes of this section, the committee shall notify the student's parent, guardian, or legal custodian and shall encourage that person's participation in the proceedings of the committee concerning the student. Nothing in this section requires a student to be screened, evaluated, or identified as a child with a disability under Article 9 of this Chapter. The committee shall review the matter and shall take one or more of the following actions: (i) advise the teacher on managing the student's behavior more effectively, (ii) recommend to the principal the transfer of the student to another class within the school, (iii) recommend to the principal a multidisciplinary evaluation of the student, (iv) recommend to the principal that the student be assigned to an alternative learning program, or (v) recommend to the principal that the student receive any additional services that
the school or the school unit has the resources to provide for the student. If the principal does not follow
the recommendation of the committee, the principal shall provide a written explanation to the committee,
the teacher who referred the matter to the committee, and the superintendent, of any actions taken to
resolve the matter and of the reason the principal did not follow the recommendation of the committee.
This section shall be in addition to the supplemental to disciplinary action taken in accordance with any
other law. The recommendation of the committee is final and shall not be appealed under G.S. 115C-
45(c). Nothing in this section shall authorize a student to refer a disciplinary matter to this committee or to
have the matter of the student's behavior referred to this committee before any discipline is imposed on
the student.

The State Board of Education shall also adopt standards to require that local school administrative units shall use (i) the teachers allocated for students assigned to alternative learning programs pursuant to the regular teacher allotment and (ii) the teachers allocated for students assigned to alternative learning programs only to serve the needs of these students.

The State Board of Education shall provide technical support to local school administrative units to assist them in developing and implementing plans and proposals for alternative learning programs.

The State Board shall evaluate the effectiveness of alternative learning programs and, in its discretion, of any other programs funded from the Alternative Schools/At-Risk Student allotment. Local school administrative units shall report to the State Board of Education on how funds in the Alternative Schools/At-Risk Student allotment are spent and shall otherwise cooperate with the State Board of Education in evaluating the alternative learning programs. In developing these guidelines, local boards shall consider the State Board's standards developed under G.S. 115C-12(24).

The General Assembly urges local boards to adopt policies that prohibit superintendents from assigning to any alternative learning program any professional public school employee who has received within the last three years a rating on a formal evaluation that is less than above standard.

Notwithstanding this subdivision, each local board shall adopt policies based on the State Board's standards developed under G.S. 115C-12(24). These policies shall apply to any new alternative learning program or alternative school that is implemented beginning with the 2006-2007 school year. Local boards of education are encouraged to apply these standards to alternative learning programs and alternative schools implemented before the 2006-2007 school year.

Local boards shall assess on a regular basis whether the unit’s alternative schools and alternative learning programs comply with the State Board’s standards developed under G.S. 115C-12(24) and whether they incorporate best practices for improving student academic performance and reducing disruptive behavior, are staffed with professional public school employees who are well trained and
provided with appropriate staff development, are organized to provide coordinated services, and provide students with high quality and rigorous academic instruction. [...]

[...] 

(b) During the expulsion, the student is not entitled to be present on any property of the local school administrative unit and is not considered a student of the local board of education. 115C-397.1. Management and placement of disruptive students.

If, after a teacher has requested assistance from the principal two or more times due to a student's disruptive behavior, the teacher finds that the student's disruptive behavior continues to interfere with the academic achievement of that student or other students in the class, then the teacher may refer the matter to a school-based committee. The principal shall be responsible for implementing such additional policies concerning compulsory attendance as shall be adopted by the board of directors, including regulations concerning lawful and unlawful absences, permissible excuses for temporary absences, maintenance of attendance records, and attendance counseling.

115C-378. Children required to attend.

(a) Every parent, guardian or custodian in this State having charge or control of a child between the ages of seven and 16 years shall cause the child to attend school continuously for a period equal to the time which the public school to which the child is assigned shall be in session. Every parent, guardian, or custodian in this State having charge or control of a child under age seven who is enrolled in a public school in grades kindergarten through two shall also cause the child to attend school continuously for a period equal to the time which the public school to which the child is assigned shall be in session unless the child has withdrawn from school.

(b) No person shall encourage, entice or counsel any child of compulsory school age to be unlawfully absent from school. The parent, guardian, or custodian of a child shall notify the school of the reason for each known absence of the child, in accordance with local school board policy.

(c) The principal, superintendent, or a designee of the principal or superintendent shall have the right to excuse a child temporarily from attendance on account of sickness or other unavoidable cause that does not constitute unlawful absence as defined by the State Board of Education. The term "school" as used in this section includes all public schools and any nonpublic schools which have teachers and curricula that are approved by the State Board of Education.

(d) All nonpublic schools receiving and instructing children of compulsory school age shall be required to make, maintain, and render attendance records of those children and maintain the minimum curriculum standards required of public schools. If a nonpublic school refuses or neglects to make, maintain, and render required attendance records, attendance at that school shall not be accepted in lieu of attendance at the public school of the district to which the child shall be assigned. Instruction in a nonpublic school shall not be regarded as meeting the requirements of the law unless the courses of instruction run concurrently with the term of the public school in the district and extend for at least as long a term.

(e) The principal or the principal's designee shall notify the parent, guardian, or custodian of his or her child's excessive absences after the child has accumulated three unexcused absences in a school year. After not more than six unexcused absences, the principal or the principal's designee shall notify the parent, guardian, or custodian by mail that he or she may be in violation of the Compulsory Attendance Law and may be prosecuted if the absences cannot be justified under the established attendance policies of the State and local boards of education. Once the parents are notified, the school attendance counselor shall work with the child and the child's family to analyze the causes of the absences and determine steps, including adjustment of the school program or obtaining supplemental services, to
eliminate the problem. The attendance counselor may request that a law enforcement officer accompany
him or her if the attendance counselor believes that a home visit is necessary.

(f) After 10 accumulated unexcused absences in a school year, the principal or the principal's designee
shall review any report or investigation prepared under G.S. 115C-381 and shall confer with the student
and the student's parent, guardian, or custodian, if possible, to determine whether the parent, guardian, or
custodian has received notification pursuant to this section and made a good faith effort to comply with
the law. If the principal or the principal's designee determines that the parent, guardian, or custodian has
not made a good faith effort to comply with the law, the principal shall notify the district attorney and the
director of social services of the county where the child resides. If the principal or the principal's designee
determines that the parent, guardian, or custodian has made a good faith effort to comply with the law,
the principal may file a complaint with the juvenile court counselor pursuant to Chapter 7B of the General
Statutes that the child is habitually absent from school without a valid excuse. Upon receiving notification
by the principal or the principal's designee, the director of social services shall determine whether to
undertake an investigation under G.S. 7B-302.

(g) Documentation that demonstrates that the parents, guardian, or custodian were notified and that the
child has accumulated 10 absences which cannot be justified under the established attendance policies
of the local board shall constitute prima facie evidence that the child's parent, guardian, or custodian is
responsible for the absences.

115C-381. School social workers; reports; prosecutions.
The Superintendent of Public Instruction shall prepare such rules and procedures and furnish such blanks
for teachers and other school officials as may be necessary for reporting such case of unlawful absence
or lack of attendance to the school social worker of the respective local school administrative units. Such
rules shall provide, among other things, for a notification in writing, to the person responsible for the
nonattendance of any child, that the case is to be reported to the school social worker of the local school
administrative unit unless the law is complied with immediately. Upon recommendation of the
superintendent, local boards of education may employ school social workers and such school social
workers shall have authority to report and verify on oath the necessary criminal warrants or other
documents for the prosecutions of violations of this Part: Provided, that local school administrative units
shall provide in their local operating budgets for travel and necessary office expense for such school
social workers as may be employed through State or local funds, or both. The State Board of Education
shall determine the process for allocating school social workers to the various local school administrative
units, establish their qualifications, and develop a salary schedule which shall be applicable to such
personnel: Provided, that persons now employed by local boards of education as attendance counselors
shall be deemed qualified as school social workers under the terms of this Part subject to the approval of
said local boards of education.

The school social worker shall investigate all violators of the provisions of this Part. The reports of
unlawful absence required to be made by teachers and principals to the school social worker shall, in his
hands, in case of any prosecution, constitute prima facie evidence of the violation of this Part and the
burden of proof shall be upon the defendant to show the lawful attendance of the child or children upon
an authorized school.

115C-390.2. Discipline policies.
(d) Board policies shall not allow students to be long-term suspended or expelled from school solely for
truancy or tardiness offenses and shall not allow short-term suspension of more than two days for such
offenses.
REGULATIONS

16 NCAC 06E.0103. Enforcement.

16 NCAC 06E.0104. Involuntary suspensions.
The absence of a student which results from the suspension or expulsion of that student for misconduct pursuant to the provisions of G.S. 115C-391 shall not be used for a compulsory attendance violation action.

16 NCAC 06E.0106. Definition of "student chronic absentee".
20 U.S.C. 6311 (h)(1)(C)(viii), requires North Carolina to disseminate an annual State report card that includes student chronic absentee rates. When local school administrative units report student chronic absentee rates, a "Student Chronic Absentee" shall mean a student who has been enrolled in a North Carolina public school for at least 10 school days during a school year and who has been absent for at least 10 percent of the days enrolled.

The policy shall further prohibit the use of all tobacco products by persons attending a school-sponsored event at a location not listed in this subsection when in the presence of students or school personnel or in an area where smoking is otherwise prohibited by law.

(b) The policy shall include at least all of the following elements:
   (1) Adequate notice to students, parents, the public, and school personnel of the policy.

(c) The policy may permit tobacco products to be included in instructional or research activities in public school buildings if the activity is conducted or supervised by the faculty member overseeing the
instruction or research and the activity does not include smoking, chewing, or otherwise ingesting the tobacco product.

(d) The North Carolina Health and Wellness Trust Fund Commission shall work with local boards of education to provide assistance with the implementation of this policy including providing information regarding smoking cessation and prevention resources. Nothing in this section, G.S. 143-595 through G.S. 143-601, or any other section prohibits a local board of education from adopting and enforcing a more restrictive policy on the use of tobacco in school buildings, in school facilities, on school campuses, or at school-related or school-sponsored events, and in or on other school property.

A student who is convicted under G.S. 14-458.2 of cyber-bullying a school employee shall be transferred to another school within the local school administrative unit. If there is no other appropriate school within the local school administrative unit, the student shall be transferred to a different class or assigned to a teacher who was not involved as a victim of the cyber-bullying. Notwithstanding the provisions in this section, the superintendent may modify, in writing, the required transfer of an individual student on a case-by-case basis.

115C-407.15. Bullying and harassing behavior.
(a) As used in this Article, “bullying or harassing behavior” is any pattern of gestures or written, electronic, or verbal communications, or any physical act or any threatening communication, that takes place on school property, at any school-sponsored function, or on a school bus, and that:

(1) Places a student or school employee in actual and reasonable fear of harm to his or her person or damage to his or her property; or
(2) Creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities, or benefits. For purposes of this section, "hostile environment" means that the victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior.

Bullying or harassing behavior includes, but is not limited to, acts reasonably perceived as being motivated by any actual or perceived differentiating characteristic, such as race, color, religion, ancestry, national origin, gender, socioeconomic status, academic status, gender identity, physical appearance, sexual orientation, or mental, physical, developmental, or sensory disability, or by association with a person who has or is perceived to have one or more of these characteristics.

(b) No student or school employee shall be subjected to bullying or harassing behavior by school employees or students.

(b) The policy shall contain, at a minimum, the following components:

   (1) A statement prohibiting bullying or harassing behavior.

   (2) A definition of bullying or harassing behavior no less inclusive than that set forth in this Article.

   (3) A description of the type of behavior expected for each student and school employee.

   (4) Consequences and appropriate remedial action for a person who commits an act of bullying or harassment.

   (5) A procedure for reporting an act of bullying or harassment, including a provision that permits a person to report such an act anonymously. This shall not be construed to permit formal disciplinary action solely on the basis of an anonymous report.

   (6) A procedure for prompt investigation of reports of serious violations and complaints of any act of bullying or harassment, identifying either the principal or the principal's designee as the person responsible for the investigation.

   (7) A statement that prohibits reprisal or retaliation against any person who reports an act of bullying or harassment, and the consequence and appropriate remedial action for a person who engages in reprisal or retaliation.

   (8) A statement of how the policy is to be disseminated and publicized, including notice that the policy applies to participation in school-sponsored functions.

(c) Nothing in this Article shall prohibit a local school administrative unit from adopting a policy that includes components beyond the minimum components provided in this section or that is more inclusive than the requirements of this Article.
(d) At the beginning of each school year, the principal shall provide the local school administrative unit's policy prohibiting bullying and harassing behavior, including cyber-bullying, to staff, students, and parents as defined in G.S. 115C-390.1(b)(8). Notice of the local policy shall appear in any school unit publication that sets forth the comprehensive rules, procedures, and standards of conduct for schools within the school unit and in any student and school employee handbook.

(e) Information regarding the local policy against bullying or harassing behavior shall be incorporated into a school's employee training program.

(f) To the extent funds are appropriated for these purposes, a local school administrative unit shall, by March 1, 2010, provide training on the local policy to school employees and volunteers who have significant contact with students.

Schools shall develop and implement methods and strategies for promoting school environments that are free of bullying or harassing behavior.

115C-407.18. Construction of this article.
(a) This Article shall not be construed to permit school officials to punish student expression or speech based on an undifferentiated fear or apprehension of disturbance or out of a desire to avoid the discomfort and unpleasantness that always accompany an unpopular viewpoint.

(b) This Article shall not be interpreted to prevent a victim of bullying or harassing behavior from seeking redress under any other available law, either civil or criminal.

(c) Nothing in this Article shall be construed to require an exhaustion of the administrative complaint process before civil or criminal law remedies may be pursued regarding bullying or harassing behavior.

(d) The provisions of this Article are severable, and if any provision of this Article is held invalid by a court of competent jurisdiction, the invalidity shall not affect other provisions of this Article which can be given effect without the invalid provision.

(e) The provisions of this Article shall be liberally construed to give effect to its purposes.

(f) Nothing in this act shall be construed to create any classification, protected class, suspect category, or preference beyond those existing in present statute or case law.

The notice shall be given by certified mail, telephone, facsimile, e-mail, or any other method reasonably designed to achieve actual notice.

(d) If English is the second language of the parent, the notice shall be provided in the parent's primary language, when the appropriate foreign language resources are readily available, and in English, and both versions shall be in plain language and shall be easily understandable.

(a) When a student is recommended by the principal for long-term suspension, the principal shall give written notice to the student's parent. The notice shall be provided to the student's parent by the end of the workday during which the suspension was recommended when reasonably possible or as soon thereafter as practicable. 8. A reference to the local board policy on the expungement of discipline records as required by G.S. 115C-402.

(3) The identity and phone number of a school employee that the parent may call to obtain assistance in understanding the English language information included in the document.

(c) No long-term suspension shall be imposed on a student until an opportunity for a formal hearing is provided to the student. (2) If the student or parent requests a postponement of the hearing, or if the hearing is requested beyond the time set for such request, the hearing shall be scheduled, but the student shall not have the right to return to school pending the hearing.

(3) If neither the student nor parent appears for the scheduled hearing, after having been given reasonable notice of the time and place of the hearing, the parent and student are deemed to have waived the right to a hearing and the superintendent shall conduct the review required by G.S. 115C-390.7(c).

115C-397.1. Management and placement of disruptive students.

If, after a teacher has requested assistance from the principal two or more times due to a student's disruptive behavior, the teacher finds that the student's disruptive behavior continues to interfere with the academic achievement of that student or other students in the class, then the teacher may refer the matter to a school-based committee. The teacher may request that additional classroom teachers participate in the committee's proceedings. For the purposes of this section, the committee shall notify the student's parent, guardian, or legal custodian and shall encourage that person's participation in the proceedings of the committee concerning the student. Nothing in this section requires a student to be screened, evaluated, or identified as a child with a disability under Article 9 of this Chapter. The committee shall review the matter and shall take one or more of the following actions: (i) advise the teacher on managing the student's behavior more effectively, (ii) recommend to the principal the transfer of the student to another class within the school, (iii) recommend to the principal a multidisciplinary evaluation of the student, (iv) recommend to the principal that the student be assigned to an alternative learning program, or (v) recommend to the principal that the student receive any additional services that the school or the school unit has the resources to provide for the student. This section shall be in addition to the supplemental to disciplinary action taken in accordance with any other law. The recommendation of the committee is final and shall not be appealed under G.S. 115C-45(c). Introduction

This compilation presents school discipline-related laws and regulations for U.S. states, U.S. territories, and the District of Columbia, and, where available, links to education agency websites or resources related to school discipline and student conduct. The discipline laws and regulations presented in this compilation have been categorized by type of specific discipline issue covered, according to an organizational framework developed by the National Center for Safe and Supportive Learning Environments (NCSSLE). For example, one major category encompasses all laws or regulations governing states or territories that mandate specific disciplinary sanctions (such as suspension) for specific offenses (such as drug possession on school grounds). The school discipline laws and regulations were compiled through exhaustive searches of legislative websites that identified all laws and regulations relevant to each specific category. Compiled materials were subsequently reviewed by state education agency (SEA) representatives in the 50 states, Washington D.C., and the U.S. territories.

Discipline categories were not mutually exclusive. Laws and regulations often appeared across multiple categories. For jurisdictions with more extensive laws covering a breadth of topical areas, relevant sections were excerpted from the larger legislative text for inclusion in the appropriate discipline category. Laws, ordered by chapter and section number, appear first within each category followed by regulations. All laws and regulations listed within categories in the compilation also appear in the sources cited section of the document, which lists laws by chapter and section number and title, and where available, includes
active hyperlinks to source websites supported or maintained by state legislatures. Additional links to government websites or resources are provided at the end of this document.

Notes & Disclaimers
To the best of the preparer’s knowledge, this Compilation of School Discipline Laws and Regulations is complete and current as of March 2021. Readers should also note that the information in this document was compiled from individual sources that are created by each jurisdiction and which are maintained and updated with varying frequencies. Readers should consult the source information provided directly in order to check for updates to laws and regulations reported in this document or to conduct further research.

For further information, including definitions of the different policy categories, please refer to the Discipline Laws and Regulations Compendium posted on the Center’s website.

**15.1-19-02. Corporal punishment - Prohibition - Consistent policies.**

1. A school district employee may not inflict, cause to be inflicted, or threaten to inflict corporal punishment on a student.
2. This section does not prohibit a school district employee from using the degree of force necessary:
   a. To quell a physical disturbance that threatens physical injury to an individual or damage to property;
   b. To quell a verbal disturbance;
   c. For self-defense;
   d. For the preservation of order; or
   e. To obtain possession of a weapon or other dangerous object within the control of a student.
3. For purposes of this section, corporal punishment means the willful infliction of physical pain on a student; willfully causing the infliction of physical pain on a student; or willfully allowing the infliction of physical pain on a student. Physical pain or discomfort caused by athletic competition or other recreational activities voluntarily engaged in by a student is not corporal punishment. A school board may not expand through policy the definition of corporal punishment beyond that provided by this subsection.

4.a. The board of each school district shall develop policies setting forth standards for student behavior, procedures to be followed if the standards are not met, and guidelines detailing how all incidents are to be investigated.
   b. The board shall ensure that the policies, procedures, and guidelines applicable to all elementary schools in the district are identical, that the policies, procedures, and guidelines applicable to all middle schools in the district are identical, and that the policies, procedures, and guidelines applicable to all high schools in the district are identical.

**15.1-19-09. Students - Suspension and expulsion - Rules.**

1. The board of a school district shall adopt rules regarding the suspension and expulsion of a student. The rules for expulsion must provide for a procedural due process hearing in the manner provided for in subsection 2 of section 15.1-19-10, before the determination to expel a student is made. A student's parent or representative must be allowed to participate in the expulsion hearing.
2. A student may be suspended for up to ten days for insubordination, habitual indolence, disorderly conduct, or for violating a school district weapons policy.
3. A student enrolled in an alternative education program for which state per student payments are available may be suspended for up to twenty days for insubordination, habitual indolence, disorderly conduct, or for violating a school district weapons policy.
4. A student, including one enrolled in an alternative education program, may be expelled from school for insubordination, habitual indolence, or disorderly conduct; provided the expulsion does not last beyond the termination of the current school year. A student who violates the school district's weapons policy may be expelled for up to twelve months.

1. The board of each school district shall adopt a policy governing the possession of weapons and firearms on school property or at a school function and provide for the punishment of any student found to be in violation of the policy.

2. The policy must prohibit the possession of a weapon or a firearm by a student on school property and at school functions and provide for the punishment of any student found to be in violation. Punishment must include immediate suspension from school and expulsion. A student who possesses a firearm in violation of this section must be expelled for at least one year. The school district firearms policy must authorize the school district superintendent or the school principal, if the school district does not have a superintendent, to modify an expulsion for firearms possession under this section on a case-by-case basis in accordance with criteria established by the board. Before expelling a student, a school board or its designated hearing officer, within ten days of the student's suspension, shall provide the student with a hearing at which time the school board or its designated hearing officer shall take testimony and consider evidence, including the existence of mitigating circumstances. If a designated hearing officer orders that a student be expelled, the student may seek a review of the decision by the school board, based on the record of the expulsion hearing.

3. If a school district expels a student under this section, the district may authorize the provision of educational services to the student in an alternative setting.

4. Actions under this section may not conflict with state special education laws or with the Individuals With Disabilities Education Act [Pub. L. 91-230; 84 Stat. 121; 20 U.S.C. 1400 et seq.].

Ohio
Compilation of School Discipline Laws and Regulations

Prepared: March 31, 2021

Introduction
This compilation presents school discipline-related laws and regulations for U.S. states, U.S. territories, and the District of Columbia, and, where available, links to education agency websites or resources related to school discipline and student conduct. The discipline laws and regulations presented in this compilation have been categorized by type of specific discipline issue covered, according to an organizational framework developed by the National Center for Safe and Supportive Learning Environments (NCSSLE). For example, one major category encompasses all laws or regulations governing states or territories that mandate specific disciplinary sanctions (such as suspension) for specific offenses (such as drug possession on school grounds). The school discipline laws and regulations were compiled through exhaustive searches of legislative websites that identified all laws and regulations relevant to each specific category. Compiled materials were subsequently reviewed by state education agency (SEA) representatives in the 50 states, Washington D.C., and the U.S. territories.

Discipline categories were not mutually exclusive. Laws and regulations often appeared across multiple categories. For jurisdictions with more extensive laws covering a breadth of topical areas, relevant sections were excerpted from the larger legislative text for inclusion in the appropriate discipline category. Laws, ordered by chapter and section number, appear first within each category followed by regulations. All laws and regulations listed within categories in the compilation also appear in the sources cited section of the document, which lists laws by chapter and section number and title, and where available, includes active hyperlinks to source websites supported or maintained by state legislatures. Additional links to government websites or resources are provided at the end of this document.

Notes & Disclaimers
To the best of the preparer’s knowledge, this Compilation of School Discipline Laws and Regulations is complete and current as of March 2021. Readers should also note that the information in this document
was compiled from individual sources that are created by each jurisdiction and which are maintained and updated with varying frequencies. Readers should consult the source information provided directly in order to check for updates to laws and regulations reported in this document or to conduct further research.

For further information, including definitions of the different policy categories, please refer to the Discipline Laws and Regulations Compendium posted on the Center’s website.

(A) The board of education of a school district or the governing board of an educational service center shall make any rules that are necessary for its government and the government of its employees, pupils of its schools, and all other persons entering upon its school grounds or premises. Rules regarding entry of persons other than students, staff, and faculty upon school grounds or premises shall be posted conspicuously at or near the entrance to the school grounds or premises, or near the perimeter of the school grounds or premises, if there are no formal entrances, and at the main entrance to each school building.

(B)(1) The board of education of each city, local, exempted village, or joint vocational school district may adopt a written policy that authorizes principals of public schools within the district or their designees to do one or both of the following:

(a) Search any pupil's locker and the contents of the locker that is searched if the principal reasonably suspects that the locker or its contents contains evidence of a pupil's violation of a criminal statute or a school rule;

(b) Search any pupil's locker and the contents of any pupil's locker at any time if the board of education posts in a conspicuous place in each school building that has lockers available for use by pupils a notice that the lockers are the property of the board of education and that the lockers and the contents of all the lockers are subject to random search at any time without regard to whether there is a reasonable suspicion that any locker or its contents contains evidence of a violation of a criminal statute or a school rule.

(2) A board of education's adoption of or failure to adopt a written policy pursuant to division (B)(1) of this section does not prevent the principal of any school from searching at any time the locker of any pupil and the contents of any locker of any pupil in the school if an emergency situation exists or appears to exist that immediately threatens the health or safety of any person, or threatens to damage or destroy any property, under the control of the board of education and if a search of lockers and the contents of the lockers is reasonably necessary to avert that threat or apparent threat.

(C) Any employee may receive compensation and expenses for days on which he is excused, in accordance with the policy statement of the board, by the superintendent of such board or by a responsible administrative official designated by the superintendent for the purpose of attending professional meetings as defined by the board policy, and the board may provide and pay the salary of a substitute for such days. The expenses thus incurred by an employee shall be paid by the board from the appropriate fund of the school district or the educational service center governing board fund provided that statements of expenses are furnished in accordance with the policy statement of the board.

(D) Each city, local, and exempted village school district shall adopt a written policy governing the attendance of employees at professional meetings.

**3313.66. Suspension, expulsion or permanent exclusion - removal from curricular or extracurricular activities.**

(A)(1) Except as provided under division (B)(2) of this section, and subject to section 3313.668 of the Revised Code, the superintendent of schools of a city, exempted village, or local school district, or the
principal of a public school may suspend a pupil from school for not more than ten school days. The board of education of a city, exempted village, or local school district may adopt a policy granting assistant principals and other administrators the authority to suspend a pupil from school for a period of time as specified in the policy of the board of education, not to exceed ten school days. If at the time an out-of-school suspension is imposed there are fewer than ten school days remaining in the school year in which the incident that gives rise to the suspension takes place, the superintendent shall not apply any remaining part of the period of the suspension to the following school year. The superintendent may instead require the pupil to participate in a community service program or another alternative consequence for a number of hours equal to the remaining part of the period of the suspension. The pupil shall be required to begin the pupil's community service or alternative consequence during the first full week day of summer break. Each school district, in its discretion, may develop an appropriate list of alternative consequences. In the event that a pupil fails to complete community service or the assigned alternative consequence, the school district may determine the next course of action, which shall not include requiring the pupil to serve the remaining time of the out-of-school suspension at the beginning of the following school year.

3313.66. Suspension, expulsion or permanent exclusion - removal from curricular or extracurricular activities.
(A)(1) Except as provided under division (B)(2) of this section, and subject to section 3313.668 of the Revised Code, the superintendent of schools of a city, exempted village, or local school district, or the principal of a public school may suspend a pupil from school for not more than ten school days. The board of education of a city, exempted village, or local school district may adopt a policy granting assistant principals and other administrators the authority to suspend a pupil from school for a period of time as specified in the policy of the board of education, not to exceed ten school days. If at the time an out-of-school suspension is imposed there are fewer than ten school days remaining in the school year in which the incident that gives rise to the suspension takes place, the superintendent shall not apply any remaining part of the period of the suspension to the following school year. (2) If a pupil is issued an in-school suspension, the superintendent or principal shall ensure the pupil is serving the suspension in a supervised learning environment. [...]

If a board adopts guidelines under this division, they shall permit, except with regard to an expulsion pursuant to division (B)(2) of section 3313.66 of the Revised Code, a superintendent to impose a community service requirement beyond the end of the school year in lieu of applying an expulsion into the following school year. (B)(4) Nothing in division (B) of this section shall be construed to limit the authority of a school district or school to issue an in-school suspension to a student in any of grades pre-kindergarten through three, provided that the in-school suspension is served in a supervised learning environment in accordance with divisions (A)(2) and (K)(2) of section 3313.66 of the Revised Code.

If a board of education adopts a resolution pursuant to division (B)(3) of section 3313.66 of the Revised Code, the policy shall define the term "knife capable of causing serious bodily injury" or "firearm," as applicable, for purposes of expulsion under that resolution and shall specify any reasons for which the superintendent of the district may reduce any required expulsion period on a case-by-case basis. If a board of education adopts a resolution pursuant to division (B)(4) or (5) of section 3313.66 of the Revised Code, the policy shall specify any reasons for which the superintendent of the district may reduce any required expulsion period on a case-by-case basis. The policy also shall set forth the acts listed in section 3313.662 of the Revised Code for which a pupil may be permanently excluded.

Limitations or Conditions on Exclusionary Discipline

LAWS

3313.66. Suspension, expulsion or permanent exclusion - removal from curricular or extracurricular activities.
(A)(1) Except as provided under division (B)(2) of this section, and subject to section 3313.668 of the Revised Code, the superintendent of schools of a city, exempted village, or local school district, or the principal of a public school may suspend a pupil from school for not more than ten school days. The board of education of a city, exempted village, or local school district may adopt a policy granting assistant principals and other administrators the authority to suspend a pupil from school for a period of time as specified in the policy of the board of education, not to exceed ten school days. If at the time an out-of-school suspension is imposed there are fewer than ten school days remaining in the school year in which the incident that gives rise to the suspension takes place, the superintendent shall not apply any remaining part of the period of the suspension to the following school year. The superintendent may instead require the pupil to participate in a community service program or another alternative consequence for a number of hours equal to the remaining part of the period of the suspension. The pupil shall be required to begin the pupil's community service or alternative consequence during the first full week day of summer break. Each school district, in its discretion, may develop an appropriate list of alternative consequences. In the event that a pupil fails to complete community service or the assigned alternative consequence, the school district may determine the next course of action, which shall not include requiring the pupil to serve the remaining time of the out-of-school suspension at the beginning of the following school year.

No pupil shall be issued an out-of-school suspension unless prior to the suspension the superintendent or principal does both of the following:

(a) Gives the pupil written notice of the intention to suspend the pupil and the reasons for the intended suspension and, if the proposed suspension is based on a violation listed in division (A) of section 3313.662 of the Revised Code and if the pupil is sixteen years of age or older, includes in the notice a statement that the superintendent may seek to permanently exclude the pupil if the pupil is convicted of or adjudicated a delinquent child for that violation;
(b) Provides the pupil an opportunity to appear at an informal hearing before the principal, assistant principal, superintendent, or superintendent’s designee and challenge the reason for the intended suspension or otherwise to explain the pupil’s actions.

(2) If a pupil is issued an in-school suspension, the superintendent or principal shall ensure the pupil is serving the suspension in a supervised learning environment.

3313.661. Policy regarding suspension, expulsion, removal, and permanent exclusion.

(A) Subject to the limitations set forth in section 3313.668 of the Revised Code, the board of education of each city, exempted village, and local school district shall adopt a policy regarding suspension, expulsion, removal, and permanent exclusion that specifies the types of misconduct for which a pupil may be suspended, expelled, or removed. The types of misconduct may include misconduct by a pupil that occurs off of property owned or controlled by the district but that is connected to activities or incidents that have occurred on property owned or controlled by that district and misconduct by a pupil that, regardless of where it occurs, is directed at a district official or employee, or the property of such official or employee. The policy shall specify the reasons for which the superintendent of the district may reduce the expulsion requirement in division (B)(2) of section 3313.66 of the Revised Code. If a board of education adopts a resolution pursuant to division (B)(3) of section 3313.66 of the Revised Code, the policy shall define the term "knife capable of causing serious bodily injury" or "firearm," as applicable, for purposes of expulsion under that resolution and shall specify any reasons for which the superintendent of the district may reduce any required expulsion period on a case-by-case basis. If a board of education adopts a resolution pursuant to division (B)(4) or (5) of section 3313.66 of the Revised Code, the policy shall specify any reasons for which the superintendent of the district may reduce any required expulsion period on a case-by-case basis. The policy also shall set forth the acts listed in section 3313.662 of the Revised Code for which a pupil may be permanently excluded.

3313.668. Removal from school based on absences; removal of students in grades pre-K through three.

(A) On and after July 1, 2017, no school district or school shall suspend, expel, or remove a student from school under section 3313.66 of the Revised Code solely on the basis of the student's absences from school without legitimate excuse.

(B)(1) Except as described in division (B) of this section, no school district or school shall issue an out-of-school suspension or expulsion to a student in grades pre-kindergarten through three.

   (a) A school district or school may issue an out-of-school suspension or expulsion, in accordance with section 3313.66 of the Revised Code, to a student in any of grades pre-kindergarten through three who has engaged in any of the behaviors described in divisions (B)(2) to (5) of section 3313.66 of the Revised Code.

   (b) A school district or school may issue an out-of-school suspension not to exceed ten days or an expulsion to a student in any of grades pre-kindergarten through three who has not engaged in any of the behaviors described in divisions (B)(2) to (5) of section 3313.66 of the Revised Code only as necessary to protect the immediate health and safety of the student, the student's fellow classmates, the classroom staff and teachers, or other school employees.

3321.191. Adoption of policy regarding student absences; intervention strategies.

(F) Nothing in this section shall be construed to limit the duty or authority of a district board of education or governing body of an educational service center to develop other policies related to truancy or to limit the duty or authority of any employee of the school district or service center to respond to pupil truancy. However, a board shall be subject to the prohibition against suspending, expelling, or otherwise
preventing a student from attending school for excessive absences as prescribed by section 3313.668 of the Revised Code.

3301.121. Adjudication procedure to determine whether to permanently exclude pupil.

(A) In addition to the duties and responsibilities of the superintendent of public instruction set forth in section 3301.12 of the Revised Code, the superintendent, in accordance with this section and section 3313.662 of the Revised Code, shall conduct an adjudication procedure to determine whether to permanently exclude from attending any of the public schools of this state any pupil who is the subject of a resolution forwarded to the superintendent by a board of education pursuant to division (D) of section 3313.662 of the Revised Code.

(B)(1) Except as provided in division (B)(3) of this section, within fourteen days after receipt of a resolution forwarded by a board of education pursuant to division (D) of section 3313.662 of the Revised Code, the superintendent of public instruction or the superintendent's designee shall provide the pupil who is the subject of the resolution and that pupil's parent, guardian, or custodian with a notice of an opportunity for an adjudication hearing on the proposed permanent exclusion of the pupil from attending any of the public schools of this state. The notice shall include all of the following:

   (a) The date, time, and place of the permanent exclusion adjudication hearing;
   (b) A statement informing the pupil and the pupil's parent, guardian, or custodian that the pupil may attend the adjudication hearing at the date, time, and place set forth in the notice, that the failure of the pupil or the pupil's parent, guardian, or custodian to attend the adjudication hearing will result in a waiver of the pupil's right to present evidence, testimony, and factors in mitigation of the pupil's permanent exclusion at an adjudication hearing on the proposed permanent exclusion, and that the pupil shall be accorded all of the following rights:

      (i) The right to testify, to present evidence and the testimony of witnesses, and to confront, cross-examine, and compel the attendance of witnesses;
      (ii) The right to a record of the hearing;
      (iii) The right to written findings.
   (c) A statement informing the pupil and the pupil's parent, guardian, or custodian that the pupil has the right to be represented by counsel at the adjudication hearing.
   (d) A statement informing the pupil and the pupil's parent, guardian, or custodian that, if the pupil by failing to attend the hearing waives the pupil's right to present evidence, testimony, and factors in mitigation of the pupil's permanent exclusion at an adjudication hearing on the proposed permanent exclusion, the superintendent is required to review the information relevant to the permanent exclusion that is available to the superintendent and is permitted to enter an order requiring the pupil's permanent exclusion from attending any of the public schools of this state at any time within seven days after the conclusion of the adjudication hearing.

(2) The superintendent or the superintendent's designee shall provide the notice required by division (B)(1) of this section to the pupil and to the pupil's parent, guardian, or custodian by certified mail or personal service.
(3)(a) If a pupil who is the subject of a resolution forwarded to the superintendent of public instruction by a board of education pursuant to section 3313.662 of the Revised Code is in the custody of the department of youth services pursuant to a disposition under any provision of Chapter 2152. of the Revised Code, other than division (A)(1)(a) of section 2152.16 of the Revised Code, at the time the resolution is forwarded, the department shall notify in writing the superintendent of public instruction and the board of education that forwarded the resolution of that fact. Upon receipt of the notice, the superintendent shall delay providing the notice required by division (B)(1) of this section and the adjudication of the request for permanent exclusion until the superintendent receives further notice from the department pursuant to division (B)(3)(b) of this section.

(b) At least sixty days before a pupil described in division (B)(3)(a) of this section will be released from institutionalization or institutionalization in a secure facility by the department of youth services, the department shall notify in writing the superintendent of public instruction and the board of education that forwarded the resolution pursuant to section 3313.662 of the Revised Code of the impending release and shall provide in that notice information regarding the extent of the education the pupil received while in the custody of the department, including whether the pupil has obtained a certificate of high school equivalence.

If the pupil has not obtained a certificate of high school equivalence while in the custody of the department of youth services, the superintendent of public instruction shall provide the notice required by division (B)(1) of this section and, at least thirty days before the pupil is to be released from institutionalization or institutionalization in a secure facility, conduct an adjudication procedure to determine whether to permanently exclude the pupil from attending the public schools of this state in accordance with this section. If the pupil has obtained a certificate of high school equivalence while in the custody of the department, the superintendent, in the superintendent's discretion, may conduct the adjudication.

(C)(1) Except as provided in division (B)(3) of this section, the date of the adjudication hearing set forth in the notice required by division (B)(1) of this section shall be a date no less than fourteen days nor more than twenty-one days from the date the superintendent sends the notice by certified mail or initiates personal service of the notice.

(2) The superintendent, for good cause shown on the written request of the pupil or the pupil's parent, guardian, or custodian, or on the superintendent's own motion, may grant reasonable continuances of any adjudication hearing held under this section but shall not grant either party total continuances in excess of ten days.

(3) If a pupil or the pupil's parent, guardian, or custodian does not appear at the adjudication hearing on a proposed permanent exclusion, the superintendent or the referee appointed by the superintendent shall proceed to conduct an adjudication hearing on the proposed permanent exclusion on the date for the adjudication hearing that is set forth in the notice provided pursuant to division (B)(1) of this section or on the date to which the hearing was continued pursuant to division (C)(2) of this section.

(D)(1) The superintendent or a referee appointed by the superintendent may conduct an adjudication hearing to determine whether to permanently exclude a pupil in one of the following counties:

(a) The county in which the superintendent holds the superintendent's office;

(b) Upon the request of the pupil or the pupil's parent, guardian, custodian, or attorney, in the county in which the board of education that forwarded the resolution requesting the permanent exclusion is located if the superintendent, in the superintendent's discretion and upon consideration of evidence of hardship presented on behalf of the requesting pupil, determines that the hearing should be conducted in that county.

(2) The superintendent of public instruction or a referee appointed by the superintendent shall conduct an adjudication hearing on a proposed permanent exclusion of a pupil. The referee may be an attorney
admitted to the practice of law in this state but shall not be an attorney that represents the board of education that forwarded the resolution requesting the permanent exclusion.

(3) The superintendent or referee who conducts an adjudication hearing under this section may administer oaths, issue subpoenas to compel the attendance of witnesses and evidence, and enforce the subpoenas by a contempt proceeding in the court of common pleas as provided by law. The superintendent or referee may require the separation of witnesses and may bar from the proceedings any person whose presence is not essential to the proceedings.

(4) The superintendent of public instruction shall request the department of rehabilitation and correction, the sheriff, the department of youth services, or any publicly funded out-of-home care entity that has legal custody of a pupil who is the subject of an adjudication hearing held pursuant to this section to transport the pupil to the place of the adjudication hearing at the time and date set for the hearing. The department, sheriff, or publicly funded out-of-home care entity that receives the request shall provide transportation for the pupil who is the subject of the adjudication hearing to the place of the hearing at the time and date set for the hearing. The department, sheriff, or entity shall pay the cost of transporting the pupil to and from the hearing.

(E)(1) An adjudication hearing held pursuant to this section shall be adversary in nature, shall be conducted fairly and impartially, and may be conducted without the formalities of a criminal proceeding. A pupil whose permanent exclusion is being adjudicated has the right to be represented by counsel at the adjudication hearing. If the pupil has the financial capacity to retain counsel, the superintendent or the referee is not required to provide counsel for the pupil. At the adjudication hearing, the pupil also has the right to cross-examine witnesses against the pupil, to testify, to present evidence and the testimony of witnesses on the pupil's behalf, and to raise factors in mitigation of the pupil's being permanently excluded.

(2) In an adjudication hearing held pursuant to this section and section 3313.662 of the Revised Code, a representative of the school district of the board of education that adopted and forwarded the resolution requesting the permanent exclusion of the pupil shall present the case for permanent exclusion to the superintendent or the referee. The representative of the school district may be an attorney admitted to the practice of law in this state. At the adjudication hearing, the representative of the school district shall present evidence in support of the requested permanent exclusion. The superintendent or the superintendent's designee shall consider the entire school record of the pupil who is the subject of the adjudication and shall consider any of the following information that is available:

(a) The academic record of the pupil and a record of any extracurricular activities in which the pupil previously was involved;

(b) The disciplinary record of the pupil and any available records of the pupil's prior behavioral problems other than the behavioral problems contained in the disciplinary record;

(c) The social history of the pupil;

(d) The pupil's response to the imposition of prior discipline and sanctions imposed for behavioral problems;

(e) Evidence regarding the seriousness of and any aggravating factors related to the offense that is the basis of the resolution seeking permanent exclusion;

(f) Any mitigating circumstances surrounding the offense that gave rise to the request for permanent exclusion;

(g) Evidence regarding the probable danger posed to the health and safety of other pupils or of school employees by the continued presence of the pupil in a public school setting;

(h) Evidence regarding the probable disruption of the teaching of any school district's graded course of study by the continued presence of the pupil in a public school setting;
Evidence regarding the availability of alternative sanctions of a less serious nature than permanent exclusion that would enable the pupil to remain in a public school setting without posing a significant danger to the health and safety of other pupils or of school employees and without posing a threat of the disruption of the teaching of any district's graded course of study.

In any adjudication hearing conducted pursuant to this section and section 3313.662 of the Revised Code, a court order that proves the adjudication or conviction that is the basis for the resolution of the board of education seeking permanent exclusion is sufficient evidence to prove that the pupil committed a violation as specified in division (F)(1) of this section.

The superintendent or the referee shall make or cause to be made a record of any adjudication hearing conducted pursuant to this section.

A referee who conducts an adjudication hearing pursuant to this section shall promptly report the referee's findings in writing to the superintendent at the conclusion of the adjudication hearing.

If an adjudication hearing is conducted or a determination is made pursuant to this section and section 3313.662 of the Revised Code, the superintendent shall review and consider the evidence presented, the entire school record of the pupil, and any available information described in divisions (E)(2)(a) to (i) of this section and shall not enter an order of permanent exclusion unless the superintendent or the superintendent's appointed referee finds, by a preponderance of the evidence, both of the following:

1. That the pupil was convicted of or adjudicated a delinquent child for committing a violation listed in division (A) of section 3313.662 of the Revised Code and that the violation was committed when the child was sixteen years of age or older;
2. That the pupil's continued attendance in the public school system may endanger the health and safety of other pupils or school employees.

Within seven days after the conclusion of an adjudication hearing that is conducted pursuant to this section, the superintendent of public instruction shall enter an order in relation to the permanent exclusion of the pupil who is the subject of the hearing or determination.

If the superintendent or a referee makes the findings described in divisions (F)(1) and (2) of this section, the superintendent shall issue a written order that permanently excludes the pupil from attending any of the public schools of this state and immediately shall send a written notice of the order to the board of education that forwarded the resolution, to the pupil who was the subject of the resolution, to that pupil's parent, guardian, or custodian, and to that pupil's attorney, that includes all of the following:

(a) A copy of the order of permanent exclusion;
(b) A statement informing the pupil and the pupil's parent, guardian, or custodian of the pupil's right to appeal the order of permanent exclusion pursuant to division (H) of this section and of the possible revocation of the permanent exclusion pursuant to division (I) of this section if a final judicial determination reverses the conviction or adjudication that was the basis for the permanent exclusion;
(c) A statement informing the pupil and the pupil's parent, guardian, or custodian of the provisions of divisions (F), (G), and (H) of section 3313.662 of the Revised Code.

If the superintendent or a referee does not make the findings described in divisions (F)(1) and (2) of this section, the superintendent shall issue a written order that rejects the resolution of the board of education and immediately shall send written notice of that fact to the board of education that forwarded the resolution, to the pupil who was the subject of the proposed resolution, and to that pupil's parent, guardian, or custodian.

A pupil may appeal an order of permanent exclusion made by the superintendent of public instruction pursuant to this section and section 3313.662 of the Revised Code to the court of common pleas of the
county in which the board of education that forwarded the resolution requesting the permanent exclusion is located. The appeal shall be conducted in accordance with Chapter 2505. of the Revised Code.

(I) If a final judicial determination reverses the conviction or adjudication that is the basis of a permanent exclusion ordered under this section, the superintendent of public instruction, upon receipt of a certified copy of an order reflecting that final determination from the pupil or that pupil's parent, guardian, custodian, or attorney, shall revoke the order of permanent exclusion.

(J) As used in this section:

(1) “Permanently exclude” and “permanent exclusion” have the same meanings as in section 3313.662 of the Revised Code.

3313.66. Suspension, expulsion or permanent exclusion - removal from curricular or extracurricular activities.

(A)(1) No pupil shall be issued an out-of-school suspension unless prior to the suspension the superintendent or principal does both of the following:

(a) Gives the pupil written notice of the intention to suspend the pupil and the reasons for the intended suspension and, if the proposed suspension is based on a violation listed in division (A) of section 3313.662 of the Revised Code and if the pupil is sixteen years of age or older, includes in the notice a statement that the superintendent may seek to permanently exclude the pupil if the pupil is convicted of or adjudicated a delinquent child for that violation;

(b) Provides the pupil an opportunity to appear at an informal hearing before the principal, assistant principal, superintendent, or superintendent's designee and challenge the reason for the intended suspension or otherwise to explain the pupil's actions. [...] 

(B)(6) No pupil shall be expelled under division (B)(1), (2), (3), (4), or (5) of this section unless, prior to the pupil's expulsion, the superintendent does both of the following:

(a) Gives the pupil and the pupil's parent, guardian, or custodian written notice of the intention to expel the pupil;

(b) Provides the pupil and the pupil's parent, guardian, custodian, or representative an opportunity to appear in person before the superintendent or the superintendent's designee to challenge the reasons for the intended expulsion or otherwise to explain the pupil's actions.

The notice required in this division shall include the reasons for the intended expulsion, notification of the opportunity of the pupil and the pupil's parent, guardian, custodian, or representative to appear before the superintendent or the superintendent's designee to challenge the reasons for the intended expulsion or otherwise to explain the pupil's action, and notification of the time and place to appear. The time to appear shall not be earlier than three nor later than five school days after the notice is given, unless the superintendent grants an extension of time at the request of the pupil or the pupil's parent, guardian, custodian, or representative. If an extension is granted after giving the original notice, the superintendent shall notify the pupil and the pupil's parent, guardian, custodian, or representative of the new time and place to appear. If the proposed expulsion is based on a violation listed in division (A) of section 3313.662 of the Revised Code and if the pupil is sixteen years of age or older, the notice shall include a statement that the superintendent may seek to permanently exclude the pupil if the pupil is convicted of or adjudicated a delinquent child for that violation.

(7) A superintendent of schools of a city, exempted village, or local school district shall initiate expulsion proceedings pursuant to this section with respect to any pupil who has committed an act warranting expulsion under the district's policy regarding expulsion even if the pupil has withdrawn from school for any reason after the incident that gives rise to the hearing but prior to the hearing or decision to impose the expulsion. If, following the hearing, the pupil would have been expelled for a period of time had the
pupil still been enrolled in the school, the expulsion shall be imposed for the same length of time as on
a pupil who has not withdrawn from the school. […]

(C)(3) If a pupil is removed under division (C)(1) or (2) of this section from a curricular activity or from the
school premises, written notice of the hearing and of the reason for the removal shall be given to the pupil
as soon as practicable prior to the hearing, which shall be held on the next school day after the initial
removal is ordered. The hearing shall be held in accordance with division (A) of this section unless it is
probable that the pupil may be subject to expulsion, in which case a hearing in accordance with division
(B) of this section shall be held, except that the hearing shall be held on the next school day after the date
of the initial removal. The individual who ordered, caused, or requested the removal to be made shall be
present at the hearing. […]

(D) The superintendent or principal, within one school day after the time of a pupil's expulsion or
suspension, shall notify in writing the parent, guardian, or custodian of the pupil of the expulsion or
suspension. In the case of an expulsion, the superintendent or principal, within one school day after the
time of a pupil's expulsion, also shall notify in writing the treasurer of the board of education. Each notice
shall include the reasons for the expulsion or suspension, notification of the right of the pupil or the pupil's
parent, guardian, or custodian to appeal the expulsion or suspension to the board of education or to its
designee, to be represented in all appeal proceedings, to be granted a hearing before the board or its
designee in order to be heard against the suspension or expulsion, and to request that the hearing be
held in executive session, notification that the expulsion may be subject to extension pursuant to division
(F) of this section if the pupil is sixteen years of age or older, and notification that the superintendent may
seek the pupil's permanent exclusion if the suspension or expulsion was based on a violation listed in
division (A) of section 3313.662 of the Revised Code that was committed when the child was sixteen
years of age or older and if the pupil is convicted of or adjudicated a delinquent child for that violation.

In accordance with the policy adopted by the board of education under section 3313.661 of the Revised
Code, the notice provided under this division shall specify the manner and date by which the pupil or the
pupil's parent, guardian, or custodian shall notify the board of the pupil's, parent's, guardian's, or
custodian's intent to appeal the expulsion or suspension to the board or its designee. […]

(E) A pupil or the pupil's parent, guardian, or custodian may appeal the pupil's expulsion by a
superintendent or suspension by a superintendent, principal, assistant principal, or other administrator to
the board of education or to its designee. If the pupil or the pupil's parent, guardian, or custodian intends
to appeal the expulsion or suspension to the board or its designee, the pupil or the pupil's parent,
guardian, or custodian shall notify the board in the manner and by the date specified in the notice
provided under division (D) of this section. The pupil or the pupil's parent, guardian, or custodian may be
represented in all appeal proceedings and shall be granted a hearing before the board or its designee in
order to be heard against the suspension or expulsion. At the request of the pupil or of the pupil's parent,
guardian, custodian, or attorney, the board or its designee may hold the hearing in executive session but
shall act upon the suspension or expulsion only at a public meeting. The board, by a majority vote of its
full membership or by the action of its designee, may affirm the order of suspension or expulsion,
reinstate the pupil, or otherwise reverse, vacate, or modify the order of suspension or expulsion.

The board or its designee shall make a verbatim record of hearings held under this division. The
decisions of the board or its designee may be appealed under Chapter 2506. of the Revised Code.

This section shall not be construed to require notice and hearing in accordance with division (A), (B), or
(C) of this section in the case of normal disciplinary procedures in which a pupil is removed from a
curricular activity for a period of less than one school day and is not subject to suspension or expulsion.

(F)(1) If a pupil is expelled pursuant to division (B) of this section for committing any violation listed in
division (A) of section 3313.662 of the Revised Code and the pupil was sixteen years of age or older at
the time of committing the violation, if a complaint, indictment, or information is filed alleging that the pupil
is a delinquent child based upon the commission of the violation or the pupil is prosecuted as an adult for the commission of the violation, and if the resultant juvenile court or criminal proceeding is pending at the time that the expulsion terminates, the superintendent of schools that expelled the pupil may file a motion with the court in which the proceeding is pending requesting an order extending the expulsion for the lesser of an additional eighty days or the number of school days remaining in the school year. Upon the filing of the motion, the court immediately shall schedule a hearing and give written notice of the time, date, and location of the hearing to the superintendent and to the pupil and the pupil's parent, guardian, or custodian. At the hearing, the court shall determine whether there is reasonable cause to believe that the pupil committed the alleged violation that is the basis of the expulsion and, upon determining that reasonable cause to believe the pupil committed the violation does exist, shall grant the requested extension.

(2) If a pupil has been convicted of or adjudicated a delinquent child for a violation listed in division (A) of section 3313.662 of the Revised Code for an act that was committed when the child was sixteen years of age or older, if the pupil has been expelled pursuant to division (B) of this section for that violation, and if the board of education of the school district of the school from which the pupil was expelled has adopted a resolution seeking the pupil's permanent exclusion, the superintendent may file a motion with the court that convicted the pupil or adjudicated the pupil a delinquent child requesting an order to extend the expulsion until an adjudication order or other determination regarding permanent exclusion is issued by the superintendent of public instruction pursuant to section 3301.121 and division (D) of section 3313.662 of the Revised Code. Upon the filing of the motion, the court immediately shall schedule a hearing and give written notice of the time, date, and location of the hearing to the superintendent of the school district, the pupil, and the pupil's parent, guardian, or custodian. At the hearing, the court shall determine whether there is reasonable cause to believe the pupil's continued attendance in the public school system may endanger the health and safety of other pupils or school employees and, upon making that determination, shall grant the requested extension.

3313.661. Policy regarding suspension, expulsion, removal, and permanent exclusion.

The policy adopted under this division shall specify the date and manner by which a pupil or a pupil's parent, guardian, or custodian may notify the board of the pupil's, parent's, guardian's, or custodian's intent to appeal an expulsion or suspension to the board or its designee pursuant to division (E) of section 3313.66 of the Revised Code. In the case of any expulsion, the policy shall not specify a date that is less than fourteen days after the date of the notice provided to the pupil or the pupil's parent, guardian, or custodian under division (D) of that section.

3313.668. Removal from school based on absences; removal of students in grades pre-K through three.

(B)(3) A student in any of grades pre-kindergarten through three who is suspended or expelled shall be afforded the same notice and hearing, procedural, and educational opportunities as prescribed for a suspension or expulsion pursuant to section 3313.66 of the Revised Code.

3321.13. Duties of teacher and superintendent upon withdrawal or habitual absence of child from school - forms.

(B)[…] The notification to the child and the child's parent, guardian, or custodian required by division (B)(2) of this section shall set forth the information received by the superintendent and shall inform the child and the child's parent, guardian, or custodian of the scheduled date, time, and place of the appearance that they may have before the superintendent or a designee. The date scheduled for the appearance shall be no earlier than three and no later than five days after the notification is given, provided that an extension may be granted upon request of the child or the child's parent, guardian, or
custodian. If an extension is granted, the superintendent shall schedule a new date, time, and place for
the appearance and shall inform the child and the child's parent, guardian, or custodian of the new date,
time, and place.

If the child and the child's parent, guardian, or custodian do not appear before the superintendent or a
designee on the scheduled date and at the scheduled time and place, or if the child and the child's parent,
guardian, or custodian appear before the superintendent or a designee on the scheduled date and at the
scheduled time and place but the superintendent or a designee determines that the information the
superintendent received indicating that, during the semester or term, the child had been absent without
legitimate excuse from the school the child was supposed to attend for more than sixty consecutive hours
or for at least ninety total hours, the superintendent shall notify the registrar of motor vehicles and the
juvenile judge of the county in which the district is located that the child has been absent for that period of
time and that the child does not have any legitimate excuse for the habitual absence. A notification to the
registrar required by this division shall be given in the manner the registrar by rule requires and a
notification to the juvenile judge required by this division shall be given in writing. Each notificati
on shall
be given within two weeks after the receipt of the information of the habitual absence from school without
legitimate excuse, or, if the child and the child's parent, guardian, or custodian appear before the
superintendent or a designee to challenge the information, within two weeks after the appearance.

LAWS

3313.66. Suspension, expulsion or permanent exclusion - removal from curricular or extracurricular activities.
(1) Whenever a student is expelled under this section, the expulsion shall result in removal of the student from the student's regular school setting. However, during the period of the expulsion, the board of education of the school district that expelled the student or any board of education admitting the student during that expulsion period may provide educational services to the student in an alternative setting.

3313.97. Alternative school open enrollment policy procedures.
Notwithstanding division (D) of section 3311.19 and division (D) of section 3311.52 of the Revised Code, this section does not apply to any joint vocational or cooperative education school district.

(B) The board of education of each city, local, and exempted village school district shall adopt an open enrollment policy allowing students entitled to attend school in the district pursuant to section 3313.64 or 3313.65 of the Revised Code to enroll in an alternative school. (3) A requirement that students enrolled in a school building or living in any attendance area of the school building established by the superintendent or board be given preference over applicants;

Each policy may permit a student to permanently transfer to an alternative school so that the student need not reapply annually for permission to attend the alternative school.

(C) Except as provided in section 3313.982 of the Revised Code, the procedures for admitting applicants to alternative schools shall not include:

(1) Any requirement of academic ability, or any level of athletic, artistic, or other extracurricular skills;

(2) Limitations on admitting applicants because of disabling conditions, except that a board may require a student receiving services under Chapter 3323. of the Revised Code to attend school where the services described in the student's IEP are available;

(3) A requirement that the student be proficient in the English language;

(4) Rejection of any applicant because the student has been subject to disciplinary proceedings, except that if an applicant has been suspended or expelled for ten consecutive days or more in the term for
which admission is sought or in the term immediately preceding the term for which admission is sought, the procedures may include a provision denying admission of such applicant to an alternative school.

3313.533. Alternative school - plan.

(2) Notwithstanding division (A)(2) of this section, any alternative school to which division (G) of this section applies shall include only grades six through twelve.

(3) Notwithstanding anything in division (A)(3)(a) of this section to the contrary, the characteristics of students who may be assigned to an alternative school to which division (G) of this section applies shall include only disruptive and low-performing students.

(H) When any district board of education determines to contract with a nonprofit or for-profit entity to operate an alternative school under this section, the board shall use the procedure set forth in this division.

The board shall determine whether to agree to the request and shall inform the respondent in writing of its decision. If the board agrees to nondisclosure of specified information in a proposal, such information shall not become a public record under section 149.43 of the Revised Code. If the respondent withdraws its proposal at any time prior to the execution of a contract, the proposal shall not be a public record under section 149.43 of the Revised Code.

If the child and the child's parent, guardian, or custodian do not appear before the superintendent or a designee on the scheduled date and at the scheduled time and place, or if the child and the child's parent, guardian, or custodian appear before the superintendent or a designee on the scheduled date and at the scheduled time and place but the superintendent or a designee determines that the information the superintendent received indicating that, during the semester or term, the child had been absent without legitimate excuse from the school the child was supposed to attend for more than sixty consecutive hours or for at least ninety total hours, the superintendent shall notify the registrar of motor vehicles and the juvenile judge of the county in which the district is located that the child has been absent for that period of time and that the child does not have any legitimate excuse for the habitual absence. A notification to the registrar required by this division shall be given in the manner the registrar by rule requires and a notification to the juvenile judge required by this division shall be given in writing. Each notification shall be given within two weeks after the receipt of the information of the habitual absence from school without legitimate excuse, or, if the child and the child's parent, guardian, or custodian appear before the superintendent or a designee to challenge the information, within two weeks after the appearance.

For purposes of division (B)(2) of this section, a legitimate excuse for absence from school includes, but is not limited to, the fact that the child in question has enrolled in another school or school district in this or another state, the fact that the child in question was excused from attendance for any of the reasons specified in section 3321.04 of the Revised Code, or the fact that the child in question has received an age and schooling certificate in accordance with section 3331.01 of the Revised Code.

(3) Whenever a pupil is suspended or expelled from school pursuant to section 3313.66 of the Revised Code and the reason for the suspension or expulsion is the use or possession of alcohol, a drug of abuse, or alcohol and a drug of abuse, the superintendent of schools of that district may notify the registrar and the juvenile judge of the county in which the district is located of such suspension or expulsion. Any such notification of suspension or expulsion shall be given to the registrar, in the manner by rule requires and shall be given to the juvenile judge in writing. The notifications shall be given within two weeks after the suspension or expulsion.

(4) Whenever a pupil is suspended, expelled, removed, or permanently excluded from a school for misconduct included in a policy that the board of education of a city, exempted village, or local school district has adopted under division (A) of section 3313.661 of the Revised Code, and the misconduct involves a firearm or a knife or other weapon as defined in that policy, the superintendent of schools of that district shall notify the registrar and the juvenile judge of the county in which the district is located of the suspension, expulsion, removal, or permanent exclusion. The notification shall be given to the registrar in the manner the registrar, by rule, requires and shall be given to the juvenile judge in writing. The notifications shall be given within two weeks after the suspension, expulsion, removal, or permanent exclusion.

(C) A notification of withdrawal, habitual absence without legitimate excuse, suspension, or expulsion given to the registrar or a juvenile judge under division (B)(1), (2), (3), or (4) of this section shall contain
the name, address, date of birth, school, and school district of the child. If the superintendent finds, after

giving a notification of withdrawal, habitual absence without legitimate excuse, suspension, or expulsion
to the registrar and the juvenile judge under division (B)(1), (2), (3), or (4) of this section, that the
notification was given in error, the superintendent immediately shall notify the registrar and the juvenile
judge of that fact.

3321.16. Investigation of nonattendance; complaint.

(A) An attendance officer or assistant provided for by section 3321.14 or 3321.15 of the Revised Code
may investigate any case of nonattendance at school or part-time school of a child under eighteen years
of age or supposed to be under eighteen years of age resident in the district for which such attendance
officer or assistant is employed, or of any such child found in the district or enrolled in any school within
the district and of any child above eighteen years of age if enrolled in any school within the district, and
may take such action as the superintendent of schools directs or as such attendance officer or assistant
deems proper in the absence of specific direction.

(B)(1) Subject to divisions (B)(2) and (3) of this section, the attendance officer shall file a complaint in the
juvenile court against a student on the sixty-first day after the implementation of an absence intervention
plan or other intervention strategies, provided that all of the following apply:

(a) The student was absent without legitimate excuse from the public school the child is supposed to
attend for thirty or more consecutive hours, forty-two or more hours in one school month, or seventy-
two or more hours in a school year.

(b) The school district or school has made meaningful attempts to re-engage the student through the
absence intervention plan, other intervention strategies, and any offered alternatives to adjudication
described under division (C)(2)(b) of section 3321.191 of the Revised Code.

(c) The student has refused to participate in or failed to make satisfactory progress on the plan, as
determined by the absence intervention team, or any offered intervention strategies or alternative to
adjudication.

(2) If the student, at any time during the implementation phase of the absence intervention plan or other
intervention strategies, is absent without legitimate excuse for thirty or more consecutive hours or forty-
two or more hours in one school month, the attendance officer shall file a complaint in juvenile court
against that student, unless the absence intervention team has determined that the student has made
substantial progress on the absence intervention plan.

(3) In the event that the sixty-first day after the implementation of the absence intervention plan or other
intervention strategies falls on a day during the summer months, in the school district's discretion, the
absence intervention team or the attendance officer may extend the implementation of the plan and
delay the filing of the complaint for an additional thirty days from the first day of instruction of the next
school year.

3321.17. Attendance officer and assistants - powers.

The attendance officer and assistants provided for by section 3321.14 or 3321.15 of the Revised Code
shall be vested with police powers, may serve warrants, and may enter workshops, factories, stores, and
all other places where children are employed and do whatever is necessary in the way of investigation or
otherwise to enforce the laws relating to compulsory education and the employment of minors. The
attendance officer or assistant may also take into custody any youth of compulsory school age not legally
employed on an age and schooling certificate who is not attending school and shall conduct such youth to
the school he has been attending or should rightfully attend.
3321.18. Enforcement proceedings.
The attendance officer provided for by section 3321.14 or 3321.15 of the Revised Code shall institute proceedings against any officer, parent, guardian, or other person violating laws relating to compulsory education and the employment of minors, and otherwise discharge the duties described in sections 3321.14 to 3321.21 of the Revised Code, and perform any other service that the superintendent of schools or board of education of the district by which the attendance officer is employed considers necessary to preserve the morals and secure the good conduct of school children, and to enforce those laws.
The attendance officer shall be furnished with copies of the enumeration in each school district in which the attendance officer serves and of the lists of pupils enrolled in the schools and shall report to the superintendent discrepancies between these lists and the enumeration.
The attendance officer and assistants shall cooperate with the director of commerce in enforcing the laws relating to the employment of minors. The attendance officer shall furnish upon request any data that the attendance officer and the attendance officer's assistants have collected in their reports of children from six to eighteen years of age and also concerning employers to the director and upon request to the state board of education. The attendance officer shall keep a record of the attendance officer's transactions for the inspection and information of the superintendent of schools and the board of education; and shall make reports to the superintendent of schools as often as required by the superintendent. The state board of education may prescribe forms for the use of attendance officers in the performance of their duties. The blank forms and record books or indexes shall be furnished to the attendance officers by the boards of education by which they are employed.

3321.19. Examination into cases of truancy - failure of parent, guardian or responsible person to cause child's attendance at school.
(A) As used in this section and section 3321.191 of the Revised Code, "habitual truant" has the same meaning as in section 2151.011 of the Revised Code.
(B) When a board of education of any city, exempted village, local, joint vocational, or cooperative education school district or the governing board of any educational service center determines that a student in its district has been truant and the parent, guardian, or other person having care of the child has failed to cause the student's attendance at school, the board may require the parent, guardian, or other person having care of the child pursuant to division (B) of this section to attend an educational program established pursuant to rules adopted by the state board of education for the purpose of encouraging parental involvement in compelling the attendance of the child at school.
No parent, guardian, or other person having care of a child shall fail without good cause to attend an educational program described in this division if the parent, guardian, or other person has been served notice pursuant to division (C) of this section.
(C) On the request of the superintendent of schools, the superintendent of any educational service center, the board of education of any city, exempted village, local, joint vocational, or cooperative education school district, or the governing board of any educational service center or when it otherwise comes to the notice of the attendance officer or other appropriate officer of the school district, the attendance officer or other appropriate officer shall examine into any case of supposed truancy within the district and shall warn the child, if found truant, and the child's parent, guardian, or other person having care of the child, in writing, of the legal consequences of being truant. When any child of compulsory school age, in violation of law, is not attending school, the attendance or other appropriate officer shall notify the parent, guardian, or other person having care of that child of the fact, and require the parent, guardian, or other person to cause the child to attend school immediately. The parent, guardian, or other person having care of the child shall cause the child's attendance at school. Upon the failure of the parent, guardian, or other
person having care of the child to do so, the attendance officer or other appropriate officer, if so directed by the superintendent, the district board, or the educational service center governing board, shall send notice requiring the attendance of that parent, guardian, or other person at a parental education program established pursuant to division (B) of this section and, subject to divisions (D) and (E) of this section, may file a complaint against the parent, guardian, or other person having care of the child in any court of competent jurisdiction.

(D)(1) Upon the failure of the parent, guardian, or other person having care of the child to cause the child's attendance at school, if the child is considered an habitual truant, the board of education of the school district or the governing board of the educational service center, within ten days, subject to division (E) of this section, shall assign the student to an absence intervention team as described in division (C) of section 3321.191 of the Revised Code.

(2) The attendance officer shall file a complaint in the juvenile court of the county in which the child has a residence or legal settlement or in which the child is supposed to attend school jointly against the child and the parent, guardian, or other person having care of the child, in accordance with the timelines and conditions set forth in division (B) of section 3321.16 of the Revised Code. A complaint filed in the juvenile court under this division shall allege that the child is an unruly child for being an habitual truant and that the parent, guardian, or other person having care of the child has violated section 3321.38 of the Revised Code.

(E) A school district with a chronic absenteeism percentage that is less than five per cent, as displayed on the district's most recent report card issued under section 3302.03 of the Revised Code, and the school buildings within that district, shall be exempt from the requirement to assign habitually truant students to an absence intervention team for the following school year and shall instead take any appropriate action as an intervention strategy contained in the policy developed by the district board pursuant to divisions (A) and (B) of section 3321.191 of the Revised Code. In the event that those intervention strategies fail, within sixty-one days after their implementation, the attendance officer shall file a complaint, provided that the conditions described in division (B) of section 3321.16 of the Revised Code are satisfied.

3321.20. Warning of legal consequences of truancy - complaint.

When any child, in violation of section 3321.08 or 3321.09 of the Revised Code, is not attending a part-time school or class, the attendance officer shall warn the child and the child's parent, guardian, or other person in charge of the child in writing of the legal consequences of the child's failure to attend the part-time school or class. If the parent, guardian, or other person in charge of that child fails to cause the child's attendance at the part-time school or class, the attendance officer shall make complaint against the parent, guardian, or other person in charge of the child in the juvenile court of the county in which the child has a residence or legal settlement or in which the child is supposed to attend the part-time school or class.

3321.141. Contacting parent, guardian, or other person having care of any absent student.

(A)(1) Within one hundred twenty minutes after the beginning of each school day, the attendance officer, attendance officer's assistant for each individual school building, or other person the attendance officer designates to take attendance for each school building shall make at least one attempt to contact, in accordance with division (A)(2) of this section, the parent, guardian, or other person having care of any student who was absent without legitimate excuse from the school the student is required to attend as of the beginning of that school day.

(2) An attempt to contact a student's parent, guardian, or other person having care of the student shall be made through one of the following methods:

(a) A telephone call placed in person;
(b) An automated telephone call via a system that includes verification that each call was actually placed, and either the call was answered by its intended recipient or a voice mail message was left by the automated system relaying the required information;

(c) A notification sent through the school's automated student information system;

(d) A text-based communication sent to the parent's, guardian's, or other person's electronic wireless communications device, as defined in division (G)(1) of section 4511.204 of the Revised Code;

(f) A visit, in person, to the student's residence of record;

(g) Any other notification procedure that has been adopted by resolution of the board of education of a school district.

(B) If the parent, guardian, or other person having care of a student initiates a telephone call or other communication notifying the school or building administration of the student's excused or unexcused absence within one hundred twenty minutes after the beginning of the school day, the school is under no further obligation with respect to the requirement prescribed in division (A) of this section.

3321.191. Adoption of policy regarding student absences; intervention strategies.

(A) Effective beginning with the 2017-2018 school year, the board of education of each city, exempted village, local, joint vocational, and cooperative education school district and the governing board of each educational service center shall adopt a new or amended policy to guide employees of the school district or service center in addressing and ameliorating student absences. In developing the policy, the appropriate board shall consult with the judge of the juvenile court of the county or counties in which the district or service center is located, with the parents, guardians, or other persons having care of the pupils attending school in the district, and with appropriate state and local agencies.

(B) The policy developed under division (A) of this section shall include as an intervention strategy all of the following actions, if applicable:

   (1) Providing a truancy intervention plan for any student who is excessively absent from school, as described in the first paragraph of division (C) of this section;

   (2) Providing counseling for an habitual truant;

   (3) Requesting or requiring a parent, guardian, or other person having care of an habitual truant to attend parental involvement programs, including programs adopted under section 3313.472 or 3313.663 of the Revised Code;

   (4) Requesting or requiring a parent, guardian, or other person having care of an habitual truant to attend truancy prevention mediation programs;

   (5) Notification of the registrar of motor vehicles under section 3321.13 of the Revised Code;

   (6) Taking legal action under section 2919.222, 3321.20, or 3321.38 of the Revised Code.

(C)(1) In the event that a child of compulsory school age is absent with a nonmedical excuse or without legitimate excuse from the public school the child is supposed to attend for thirty-eight or more hours in one school month, or sixty-five or more hours in a school year, the attendance officer of that school shall notify the child's parent, guardian, or custodian of the child's absences, in writing, within seven days after the date after the absence that triggered the notice requirement. At the time notice is given, the school also may take any appropriate action as an intervention strategy contained in the policy developed by the board pursuant to division (A) of this section.

   (2)(a) If the absences of a student surpass the threshold for an habitual truant as set forth in section 2151.011 of the Revised Code, the principal or chief administrator of the school or the superintendent of the school district shall assign the student to an absence intervention team. Within fourteen school days
after the assignment of a student to an absence intervention team, the team shall develop an
intervention plan for that student in an effort to reduce or eliminate further absences. Each intervention
plan shall vary based on the individual needs of the student, but the plan shall state that the attendance
officer shall file a complaint not later than sixty-one days after the date the plan was implemented, if the
child has refused to participate in, or failed to make satisfactory progress on, the intervention plan or an
alternative to adjudication under division (C)(2)(b) of section 3321.191 of the Revised Code. Within
seven days after the development of the plan, the school district or school shall make reasonable efforts
to provide the student's parent, guardian, custodian, guardian ad litem, or temporary custodian with
written notice of the plan.

(b) As part of the absence intervention plan described in division (C)(2) of this section, the school
district or school, in its discretion, may contact the appropriate juvenile court and ask to have a
student informally enrolled in any alternative to adjudication described in division (G) of section
2151.27 of the Revised Code. If the school district or school chooses to have students informally
enrolled in an alternative to adjudication, the school district or school shall develop a written policy
regarding the use of, and selection process for, offering alternatives to adjudication to ensure
fairness.

(c) The superintendent of each school district, or the superintendent's designee, shall establish an
absence intervention team for the district to be used by any schools of the district that do not establish
their own absence intervention team as permitted under division (C)(2)(d) of this section. Membership
of each absence intervention team may vary based on the needs of each individual student but shall
include a representative from the child's school district or school, another representative from the
child's school district or school who knows the child, and the child's parent or parent's designee, or
the child's guardian, custodian, guardian ad litem, or temporary custodian. The team also may include
a school psychologist, counselor, social worker, or representative of a public or nonprofit agency
designed to assist students and their families in reducing absences.

(d) The principal or chief administrator of each school may establish an absence intervention team or
series of teams to be used in lieu of the district team established pursuant to division (C)(2)(c) of this
section. Membership of each absence intervention team may vary based on the needs of each
individual student but shall include a representative from the child's school district or school, another
representative from the child's school district or school who knows the child, and the child's parent or
parent's designee, or the child's guardian, custodian, guardian ad litem, or temporary custodian. The
team also may include a school psychologist, counselor, social worker, or representative of a public
or nonprofit agency designed to assist students and their families in reducing absences.

(e) A superintendent, as described in division (C)(2)(c) of this section, or principal or chief
administrator, as described in division (C)(2)(d) of this section, shall select the members of an
absence intervention team within seven school days of the triggering event described in division
(C)(2)(a) of this section. The superintendent, principal, or chief administrator, within the same period
of seven school days, shall make at least three meaningful, good faith attempts to secure the
participation of the student's parent, guardian, custodian, guardian ad litem, or temporary custodian
on that team. If the student's parent responds to any of those attempts, but is unable to participate for
any reason, the representative of the school district shall inform the parent of the parent's right to
appear by designee. If seven school days elapse and the student's parent, guardian, custodian,
guardian ad litem, or temporary custodian fails to respond to the attempts to secure participation, the
school district or school shall do both of the following:

(i) Investigate whether the failure to respond triggers mandatory reporting to the public children
services agency for the county in which the child resides in the manner described in section
2151.421 of the Revised Code;
(ii) Instruct the absence intervention team to develop an intervention plan for the child notwithstanding the absence of the child's parent, guardian, custodian, guardian ad litem, or temporary custodian.

(f) In the event that a student becomes habitually truant within twenty-one school days prior to the last day of instruction of a school year, the school district or school may, in its discretion, assign one school official to work with the child's parent, guardian, custodian, guardian ad litem, or temporary custodian to develop an absence intervention plan during the summer. If the school district or school selects this method, the plan shall be implemented not later than seven days prior to the first day of instruction of the next school year. In the alternative, the school district or school may toll the time periods to accommodate for the summer months and reconvene the absence intervention process upon the first day of instruction of the next school year.

(3) For purposes of divisions (C)(2)(c) and (d) of this section, the state board of education shall develop a format for parental permission to ensure compliance with the “Family Educational Rights and Privacy Act of 1974,” 88 Stat. 571, 20 U.S.C. 1232g, as amended, and any regulations promulgated under that act, and section 3319.321 of the Revised Code.

(D) Each school district or school may consult or partner with public and nonprofit agencies to provide assistance as appropriate to students and their families in reducing absences.

(E) Beginning with the 2017-2018 school year, each school district shall report to the department of education, as soon as practicable, and in a format and manner determined by the department, any of the following occurrences:

1. When a notice required by division (C)(1) of this section is submitted to a parent, guardian, or custodian;
2. When a child of compulsory school age has been absent without legitimate excuse from the public school the child is supposed to attend for thirty or more consecutive hours, forty-two or more hours in one school month, or seventy-two or more hours in a school year;
3. When a child of compulsory school age who has been adjudicated an unruly child for being an habitual truant violates the court order regarding that adjudication;
4. When an absence intervention plan has been implemented for a child under this section.

(F) Nothing in this section shall be construed to limit the duty or authority of a district board of education or governing body of an educational service center to develop other policies related to truancy or to limit the duty or authority of any employee of the school district or service center to respond to pupil truancy. However, a board shall be subject to the prohibition against suspending, expelling, or otherwise preventing a student from attending school for excessive absences as prescribed by section 3313.668 of the Revised Code.

Compilation of School Discipline Laws and Regulations

Prepared: March 31, 2021

Introduction
This compilation presents school discipline-related laws and regulations for U.S. states, U.S. territories, and the District of Columbia, and, where available, links to education agency websites or resources related to school discipline and student conduct. The discipline laws and regulations presented in this compilation have been categorized by type of specific discipline issue covered, according to an organizational framework developed by the National Center for Safe and Supportive Learning Environments (NCSSLE). For example, one major category encompasses all laws or regulations governing states or territories that mandate specific disciplinary sanctions (such as suspension) for specific offenses (such as drug possession on school grounds). The school discipline laws and regulations were compiled through exhaustive searches of legislative websites that identified all laws and regulations relevant to each specific category. Compiled materials were subsequently reviewed by state education agency (SEA) representatives in the 50 states, Washington D.C., and the U.S. territories.

Discipline categories were not mutually exclusive. Laws and regulations often appeared across multiple categories. For jurisdictions with more extensive laws covering a breadth of topical areas, relevant sections were excerpted from the larger legislative text for inclusion in the appropriate discipline category. Laws, ordered by chapter and section number, appear first within each category followed by regulations. All laws and regulations listed within categories in the compilation also appear in the sources cited section of the document, which lists laws by chapter and section number and title, and where available, includes
active hyperlinks to source websites supported or maintained by state legislatures. Additional links to government websites or resources are provided at the end of this document.

**Notes & Disclaimers**

REGULATIONS

(a) Definitions. The following terms, when used in this Section, shall have the following meanings unless the context clearly indicates otherwise:

(1) "Behavior Intervention Plan (BIP)" means a plan that is based on the results of a functional behavioral assessment (FBA) and, at a minimum, includes a description of the problem behavior, global and specific hypotheses as to why the problem behavior occurs, and intervention strategies that include positive behavioral supports and services to address the behavior.

(2) "Chemical restraint" means a drug or medication used on a student to control behavior or restrict freedom of movement, when such substance is not administered as prescribed to the student by a licensed physician or other qualified health professional acting under the scope of their professional authority.

(3) "Corporal punishment" means, as defined in 70 O.S. § 13-116, the deliberate infliction of physical pain by hitting, paddling, spanking, slapping, or any other physical force used as a means of discipline.

(4) "Functional Behavioral Assessment (FBA)" means a process that uses direct and indirect data collection to determine why a student engages in behaviors that impede learning, and how the student's behavior relates to the environment. The FBA includes, but is not limited to: the identification of the problem behavior, the definition of the behavior in concrete terms, the identification of the contextual factors that contribute to the behavior, and the formulation of a hypothesis regarding the general conditions under which a behavior usually occurs and probably consequences that serve to maintain it.

(5) "Mechanical restraint" means the use of any device or equipment to restrict a student's freedom of movement. This term does not include motor vehicle safety restraints or devices utilized by a student, or appropriately trained school personnel, which are used as prescribed by a medical or related services professional for specific approved purposes such as: mechanical supports used to achieve proper body position or allow greater freedom of mobility, restraints for medical immobilization, or orthopedically prescribed devices.

(6) "Physical escort" means a temporary touching or holding of the hand, wrist, arm, shoulder, or back for the purpose of directing a student to move to a safe location if they are in distress or acting out.

(7) "Physical restraint" means a personal restriction that immobilizes or reduces the ability of a student to move their torso, arms, legs, or head freely. Physical restraint does not include an appropriately applied temporary physical escort.
(8) “Prone restraint” means a prohibited type of physical restraint that positions a student face down on their stomach, potentially restricting the student's ability to breathe freely.

(9) "Seclusion" means the involuntary confinement of a student alone in a room or area which the student is physically prevented from leaving. Seclusion does not include short-term monitored separation in a monitored and non-locked timeout setting.

(10) "Seclusion room" means a room or other confined area in which a student is involuntarily placed in isolation from other persons and which the student is physically prevented from leaving.

(11) "Timeout" means a technique that is part of an approved behavior management program and involves the monitored separation of the student in a non-locked setting for the purpose of calming.

(b) Student seclusion. Seclusion should never be used for the purposes of discipline, punishment, forcing compliance, or as a convenience to staff. Seclusion may only be used under emergency circumstances as outlined below.

(1) Circumstances under which seclusion of a student is authorized. A student may be placed in seclusion only if:

(A) The student's actions pose an imminent danger of serious physical harm to the student or other individuals, and not merely a threat to property;

(B) Positive behavior intervention strategies and less restrictive measures appropriate to the behavior exhibited by the student are currently being implemented, but have not effectively de-escalated the threat of danger or harm;

(C) School personnel are present who have completed appropriate training that addresses conflict de-escalation, the crisis cycle and associated interventions, appropriate use of seclusion rooms, and possible effects of seclusion; and

(D) The seclusion only lasts as long as necessary to resolve the threat of danger or harm.

(2) Conditions required during an authorized use of seclusion. If a student is placed in seclusion during an emergency situation that meets the criteria of (b)(1) above, the following precautions must be exercised throughout the time the student is in seclusion:

(A) The student must be continuously monitored visually and aurally by an appropriately trained school employee;

(B) The student must be allowed to go to the restroom upon request;

(C) The student must be permitted to drink water upon request; and

(D) Immediate action must be taken if the student displays any signs of medical distress.

(3) Requirements for seclusion rooms. A room or area where a student is placed in seclusion must meet the following criteria:

(A) Continuous visual and aural monitoring of a secluded student is possible;

(B) There must be adequate space for the student to sit or lie down;

(C) There must be adequate lighting;

(D) The room must be equipped with heating, cooling, and ventilation systems comparable to such systems in the rest of the building where the seclusion room or area is located;

(E) The room or area used for seclusion must be free of any objects that pose a potential risk of harm to a student with disabilities or a student in distress; and

(F) If equipped with a door that locks, the lock must automatically disengage in case of an emergency such as a fire or severe weather.

(c) Student restraint. Chemical restraint and/or mechanical restraint of a student is prohibited in Oklahoma public schools. Physical restraint of a student should never be used for the purposes of discipline,
punishment, forcing compliance, or as a convenience to staff. In cases where a student has a history of dangerous behavior for which physical restraint was used or considered, the school should have a plan in place for teaching and supporting more appropriate behavior and determining positive methods to prevent behavioral escalations that have previously resulted in the use or consideration of restraint. Physical restraint may only be used under emergency circumstances as outlined below.

1) Circumstances under which physical restraint of a student is authorized. A student may be physically restrained only if:
   (A) The student's actions pose an imminent danger of serious physical harm to the student or other individuals, and not merely a threat to property;
   (B) Positive behavior intervention strategies and less restrictive measures appropriate to the behavior exhibited by the student are currently being implemented, but have not effectively de-escalated the threat of danger or harm;
   (C) The physical restraint is applied by school personnel who have completed appropriate training that addresses conflict de-escalation, the crisis cycle and associated interventions, CPR and First Aid (including certifications), possible effects of physical restraint, and monitoring the wellbeing of a restrained student; and
   (D) The physical restraint lasts only as long as necessary to resolve the threat of danger or harm.

2) Conditions required during an authorized use of physical restraint. If a student is placed in physical restraint during an emergency situation that meets the criteria of (c)(1) above, the following precautions must be exercised throughout the time the student is restrained:
   (A) Under no circumstances may a student be restrained using a prone (facedown) restraint, any restraint that prevents the student from breathing or speaking, or any maneuver that places pressure or weight on the chest, sternum, lungs, diaphragm, neck, throat, or back;
   (B) The degree of restriction of the student's freedom of movement may not exceed what is necessary to protect the student or other individuals from the threat of serious physical harm; and
   (C) The restraint of the student is continuously witnessed by at least one school employee who is not involved in the physical restraint.

(d) Corporal punishment of students with disabilities not authorized. For all students, the State Department of Education strongly encourages Oklahoma schools to implement disciplinary policies and practices that use evidence based, developmentally appropriate methods informed by an awareness that many students have endured Adverse Childhood Experiences (ACEs) and related trauma. As applied to students with disabilities entitled to special education services under the Individuals with Disabilities Education Act (IDEA), the use of corporal punishment by employees or agents of an Oklahoma public school is prohibited beginning in the 2020-2021 school year.

(e) Incident reporting. Each incident of seclusion, restraint, or corporal punishment of a student with disabilities shall be reported immediately to a school site administrator and documented using the statewide online IEP reporting system. A copy of the documentation shall be placed in the student's file and provided to the student's parent(s) or guardian(s). For each incident of seclusion, restraint, or corporal punishment of a student, the student's parent(s) or guardian(s) shall be notified as soon as possible, and must be notified no later than the school day following the incident or within twenty-four (24) hours of the incident, whichever is first. An IEP meeting may be needed to review or implement a Behavior Intervention Plan (BIP) for the student.

(f) End-of-year reporting. At the end of each school year, and no later than June 30th, each school district or charter school shall report to the State Department of Education (OSDE) Office of Special Education Services information regarding all incidents of seclusion, restraint, or corporal punishment of a student with disabilities within the district during the school year that just closed. The end-of-year summary report
shall include the total number of each type of incident, as well as the number and type of incidents associated with each student to whom seclusion, physical restraint, or corporal punishment was applied. This information will be used to identify districts in need of additional support, training, and guidance in the areas of conflict de-escalation, crisis intervention, Functional Behavior Assessments, the possible effects of seclusion and restraint, and effective behavior intervention planning.

REGULATIONS

The following words and terms, when used in this Subchapter, shall have the following meaning, unless the context clearly indicates otherwise.

"Alternative Education" means an educational process incorporating appropriate structure, curriculum, interaction, and reinforcement strategies to stimulate learning with students who have not utilized their capacity to do so within traditional educational settings. Alternative education programs must meet all requirements listed at 70 O.S. § 1210.568 and at section 210:35-29-7 of this title.

An alternative education program must provide the additional services and supports outlined in statute, and not merely an opportunity for credit recovery. To qualify as an approved alternative education program, a school district's alternative school or alternative education program must meet all requirements listed at 70 O.S. § 1210.568, including:

(1) Student-teacher ratios conducive to effective learning for at-risk students;

(6) Collaboration with state and local agencies;
(7) Courses that meet the curricular standards adopted by the State Board of Education and additional remedial courses;
(8) Individualized instruction;
(9) Clear and measurable program goals and objectives;
(10) Counseling and social service components;
(11) Graduation plan for each student;
(12) Life skills instruction;
(13) Opportunities for arts education;
(14) A proposed annual budget;
(15) An evaluation component that includes an annual written self-evaluation;
(16) Service to students in grades six (6) through twelve (12) who are most at risk of not completing high school for reasons other than disability; and
(17) Opportunities for student participation in vocational programs and extra-curricular activities such as athletics, band, and clubs.

(b) Submission of alternative education plan. Each school district shall submit and certify an Alternative Education Implementation Plan to the State Department of Education by September 15 of each year. This plan shall outline how the district will meet the criteria listed in subsection (a) to serve its at-risk students. The plan must be submitted and certified by school districts providing their own alternative education programs, as well as districts which offer alternative education through interlocal cooperative arrangements, and districts which have no alternative education program and receive no alternative education funding.

(c) Alternative education waiver available for elementary school districts. For an elementary school district, which does not offer high school grades, the State Board of Education is authorized at 70 O.S. § 1210.568(F) to grant a waiver from the statutory requirement to implement and provide an alternative education program. §1210.229-2. Findings and intent of legislature.
The Legislature finds that for the purpose of preventing drug and alcohol abuse among our young people, and for preventing or alleviating problems which lead to and are closely associated with drug and alcohol abuse, it is desirable that all Oklahoma school districts develop and implement a curriculum for drug and alcohol abuse prevention for all grade levels. Such curriculum may include training in life skills, such as problem-solving, responsibility, communication and decision-making skills, which enable young people to successfully resist social and other pressures to engage in activities which are destructive to their health and future. The Legislature encourages all school districts to adopt as a goal for the year 1990 the full implementation of drug and alcohol abuse prevention programs in their schools. In order to expand and enhance the ability of school districts to implement drug and alcohol prevention programs, it is the intent of the Legislature that local school districts participate in the federal Drug-Free Schools and Communities Act of 1986, 20 A.S.C., Section 4601 et seq. and the provisions of Public Law No. 101-647, Drug-Free School Zones.
In order to derive maximum benefit from their drug and alcohol prevention programs, it is further the intent of the Legislature that the school districts coordinate their efforts and activities with the Oklahoma Drug and Alcohol Abuse Policy Board, and with appropriate state and local drug and alcohol abuse, health and law enforcement agencies and programs within the community which provide drug education, prevention, treatment and rehabilitation.
It is further the intent of the Legislature to encourage school districts to establish programs concerning the danger and criminal consequences of the possession and/or use of firearms or other dangerous or deadly weapons in school zones.

Compilation of School Discipline Laws and Regulations
Introduction
This compilation presents school discipline-related laws and regulations for U.S. states, U.S. territories, and the District of Columbia, and, where available, links to education agency websites or resources related to school discipline and student conduct. The discipline laws and regulations presented in this compilation have been categorized by type of specific discipline issue covered, according to an organizational framework developed by the National Center for Safe and Supportive Learning Environments (NCSSLE). For example, one major category encompasses all laws or regulations governing states or territories that mandate specific disciplinary sanctions (such as suspension) for specific offenses (such as drug possession on school grounds). The school discipline laws and regulations were compiled through exhaustive searches of legislative websites that identified all laws and regulations relevant to each specific category. Compiled materials were subsequently reviewed by state education agency (SEA) representatives in the 50 states, Washington D.C., and the U.S. territories.

Discipline categories were not mutually exclusive. Laws and regulations often appeared across multiple categories. For jurisdictions with more extensive laws covering a breadth of topical areas, relevant sections were excerpted from the larger legislative text for inclusion in the appropriate discipline category. Laws, ordered by chapter and section number, appear first within each category followed by regulations. All laws and regulations listed within categories in the compilation also appear in the sources cited section of the document, which lists laws by chapter and section number and title, and where available, includes active hyperlinks to source websites supported or maintained by state legislatures. Additional links to government websites or resources are provided at the end of this document.

339.250. Duty of student to comply with rules; policies on discipline, suspension, expulsion, threats of violence or harm, firearms and physical force; student handbook or code of conduct; enforcement of policies.

(1) Public school students shall comply with rules for the government of such schools, pursue the prescribed course of study, use the prescribed textbooks and submit to the teachers' authority.

(2) Each district school board shall adopt written policies for the discipline, suspension or expulsion of any refractory student. The policies:

(a) May allow discipline, suspension or expulsion for conduct that includes, but is not limited to:
   (A) Willful disobedience;
   (B) Open defiance of the authority of a school employee;
   (C) Possession or distribution of tobacco, alcohol, drugs or other controlled substances;
   (D) Use or display of profane or obscene language;
   (E) Willful damage or injury to school property;
   (F) Use of threats, intimidation, harassment or coercion against a student or a school employee;
   (G) Assault of a school employee or another student; or
   (H) Intentional attempts, by word or conduct, to place a school employee or another student in fear of imminent serious physical injury.

(b) Must require consideration of the age of a student and the past pattern of behavior of a student prior to imposing the suspension or expulsion of a student.

(c) Must limit the use of expulsion to the following circumstances:
   (A) For conduct that poses a threat to the health or safety of students or school employees;
   (B) When other strategies to change student conduct have been ineffective, except that expulsion may not be used to address truancy; or
   (C) When the expulsion is required by law.

(d) In addition to any limitations imposed by paragraph (c) of this subsection, for a student who is in fifth grade or lower, must limit the use of out-of-school suspension or of expulsion to the following circumstances:
   (A) For nonaccidental conduct causing serious physical harm to a student or school employee;
   (B) When a school administrator determines, based upon the administrator's observation or upon a report from a school employee, that the student's conduct poses a direct threat to the health or safety of students or school employees; or
   (C) When the suspension or expulsion is required by law.

(e) When an out-of-school suspension is imposed as provided under paragraph (d) of this subsection, must require the school district to take steps to prevent the recurrence of the behavior that led to the
out-of-school suspension and return the student to a classroom setting so that the disruption of the student's academic instruction is minimized.

(f) Must be limited so that:

   (A) The duration of an expulsion may not be more than one calendar year.

   (B) The duration of a suspension may not be more than 10 school days.

(g) Notwithstanding ORS 336.010, may require a student to attend school during nonschool hours as an alternative to suspension if the total number of hours does not exceed the equivalent of 10 school days.

(3) Pursuant to the policies adopted as provided by subsection (2) of this section, each school district shall develop a student handbook, code of conduct or other document that:

   (a) Defines and helps create a learning environment that students respect;

   (b) Defines acceptable norms of behavior for students and the types of behavior that are subject to discipline;

   (c) Establishes procedures to address behavior or circumstances that pose a threat to the safety of students or employees of the school;

   (d) Establishes a system of consequences that are designed to correct student misconduct and promote behavior within acceptable norms; and

   (e) Makes the system of consequences known to the school community through the dissemination of information to students, parents, legal guardians and school district employees.

(4) Each district school board shall adopt written policies on managing students who threaten violence or harm in public schools. The policies adopted by a district school board under this section shall include all of the following:

   (a) Staff reporting methods.

   (b) Provisions that allow an administrator to consider and implement any of the following options:

      (A) Immediately removing from the classroom setting any student who has threatened to injure another person or to severely damage school property.

      (B) Placing the student in a setting where the behavior will receive immediate attention, including, but not limited to, the office of the school principal, vice principal, assistant principal, counselor or a school psychologist licensed by the Teacher Standards and Practices Commission or the office of any licensed mental health professional.

      (C) Requiring that a school obtain an evaluation of a student by a licensed mental health professional before allowing the student to return to the classroom setting. A student who is removed from the classroom setting for an evaluation may not be removed for more than 10 school days unless the administrator is able to show good cause that an evaluation could not be completed in that time period. The policy must describe the circumstances under which the district school board may enter into contracts with licensed mental health professionals to perform any evaluations required under this subparagraph.

   (c) The requirement that an administrator provide to the parent or legal guardian of the student notification that describes the student's behavior and the school's response.

   (d) A provision for the allocation of any funds necessary for the school district to implement the policies described in this subsection.

(5) In establishing and enforcing discipline, suspension and expulsion policies, a district school board shall ensure that the policy is designed to:

   (a) Protect students and school employees from harm;

   (b) Provide opportunities for students to learn from their mistakes;
(c) Foster positive learning communities;
(d) Keep students in school and attending class;
(e) Impose disciplinary sanctions without bias against students from a protected class, as defined in ORS 339.351;
(f) Implement a graduated set of age-appropriate responses to misconduct that are fair, nondiscriminatory and proportionate in relation to each student's individual conduct;
(g) Employ a range of strategies for prevention, intervention and discipline that take into account a student's developmental capacities and that are proportionate to the degree and severity of the student's misbehavior;
(h) Propose, prior to a student's expulsion or leaving school, alternative programs of instruction or instruction combined with counseling for the student that are appropriate and accessible to the student in the following circumstances:
   (A) Following a second or subsequent occurrence within any three-year period of a severe disciplinary problem with the student; or
   (B) When a parent or legal guardian applies for the student's exemption from compulsory attendance on a semiannual basis as provided in ORS 339.030 (2);
(i) To the extent practicable, use approaches that are shown through research to be effective in reducing student misbehavior and promoting safe and productive social behavior; and
(j) Ensure that school conduct and discipline codes comply with all state and federal laws concerning the education of students with disabilities.
(6) Except for policies adopted under subsection (7) of this section, any policies adopted under this section must provide for the dissemination of information about alternative programs of instruction or instruction combined with counseling, as described in subsection (5)(h) of this section, in writing to the student and the parent, legal guardian or person in parental relationship with the student at least once every six months, unless the information has changed because of the availability of new programs.
(7) Each district school board shall adopt a written policy involving firearms, as defined in 18 U.S.C. 921. The policy shall:
(a) Require expulsion from school for a period of not less than one year of any student who is determined to have:
   (A) Brought a firearm to a school, to school property under the jurisdiction of the school district or to an activity under the jurisdiction of the school district;
   (B) Possessed, concealed or used a firearm in a school, on school property under the jurisdiction of the school district or at an activity under the jurisdiction of the school district; or
   (C) Brought to or possessed, concealed or used a firearm at an interscholastic activity administered by a voluntary organization.
(b) Allow exceptions:
   (A) For courses, programs and activities approved by the school district that are conducted on school property, including, but not limited to, hunter safety courses, Reserve Officer Training Corps programs, firearm-related sports or firearm-related vocational courses; and
   (B) Identified by and adopted by the State Board of Education by rule.
(c) Allow a superintendent of a school district to:
   (A) Modify the expulsion requirement for a student on a case-by-case basis.
   (B) Propose alternative programs of instruction or instruction combined with counseling for a student that are appropriate and accessible to the student. If alternative programs are appropriate for a
student, the superintendent shall ensure that information about programs of instruction or instruction combined with counseling is provided in writing to the student and the parent, legal guardian or person in parental relationship with the student at least once every six months, or at any time the information changes because of the availability of new programs.

(d) Require a referral to the appropriate law enforcement agency of any student who is expelled under this subsection.

(e) Require an annual reporting to the Department of Education of the name of each school that had an expulsion under this subsection and the number of students expelled from each school.

(8) Each district school board shall adopt and disseminate written policies for the use of physical force upon a student. The policies must allow an individual who is a teacher, administrator, school employee or school volunteer to use reasonable physical force upon a student when and to the extent the application of force is consistent with ORS 339.285 to 339.303.

(9)(a) The authority to discipline a student does not authorize the infliction of corporal punishment. Every resolution, bylaw, rule, ordinance or other act of a district school board, a public charter school or the Department of Education that permits or authorizes the infliction of corporal punishment upon a student is void and unenforceable.

(b) As used in this subsection:

(A) “Corporal punishment” means the willful infliction of, or willfully causing the infliction of, physical pain on a student.

(B) “Corporal punishment” does not include:

(i) The use of physical force authorized by ORS 161.205 for the reasons specified therein; or

(ii) Physical pain or discomfort resulting from or caused by participation in athletic competition or other such recreational activity, voluntarily engaged in by a student.

(10) For purposes of this section, calculations of the number of school days that a student is removed from a classroom setting shall be as follows:

(a) As a half day if the student is out of school for half, or less than half, of the scheduled school day; and

(b) As a full day if the student is out of school for more than half of the scheduled school day.

REGULATIONS

581-015-2405. Disciplinary removals for up to 10 school days for children with disabilities.

(1) School districts may remove a child with a disability who violates a code of student conduct from the child's current educational placement to an appropriate interim alternative educational setting, another setting, or suspension, for up to ten school days in a school year to the same extent, and with the same notice, as for children without disabilities. These removals are not considered a change in placement.

(2) During disciplinary removals described in section (1) of this rule:

(a) School districts are not required to provide access to special education and the general curriculum unless students without disabilities are provided access during this time.

(b) School districts are not required to determine whether the child's behavior resulting in disciplinary removal is a manifestation of the child's disability.

(3) For the purpose of counting days of suspensions under OAR 581-015-2405 through 581-015-2445:

(a) Suspensions of a half day or less are counted as a half day; and

(b) Suspensions of more than a half-day are counted as a whole day.
(4) For the purposes of determining "current educational placement" in subsection (1) of this rule:
   (a) Children who received special education services in another state and are found eligible for special
       education in Oregon are treated as initially placed in special education in Oregon, and any days of
       suspension accrued in the former state are not counted toward the ten days.
   (b) For children who move from one school district to another school district in Oregon, any days of
       suspension from the former district carry over to the new school district unless the school district does
       not have actual knowledge of the previous suspensions.

581-015-2410. Additional disciplinary removals of up to 10 school days each (no pattern).
(1) School districts may remove a child with a disability who violates a code of student conduct from the
child's current educational placement to an appropriate interim alternative educational setting, another
setting, or suspension for additional periods of up to ten school days in a school year to the same extent,
and with the same notice, as for children without disabilities, if the removals do not constitute a pattern
under section (2) of this rule. These removals are not considered a change in placement.
(2) School personnel must determine, on a case-by-case basis, whether the series of removals constitute
a pattern:
   (a) Because the child's behavior is substantially similar to the child's behavior in previous incidents that
       resulted in the series of removals; and
   (b) Because of such additional factors as the length of each removal, the total amount of time the child
       has been removed, and the proximity of removals to one another.
(3) Services. During removals described in section (1) of this rule:
   (a) School districts must provide services that are necessary to enable the child:
       (A) To continue to participate in the general education curriculum, although in another setting; and
       (B) To progress toward meeting the goals in the child's IEP.
   (b) School personnel, in consultation with at least one of the child's teachers, determine the extent to
       which the services described in subsection (3)(a) of this rule are needed, and the location for delivery of
       those services.
   (c) School districts are not required to determine whether the behavior resulting in removal is a
       manifestation of the child's disability.
(4) The determination in subsection (2) is subject to review under OAR 581-015-2445.

581-021-0055. Standards of conduct.
(1) Students shall comply with the written rules of the school district board, pursue the prescribed course
of study, submit to the lawful authority of teachers and school officials, and conduct themselves in an
orderly fashion.
(2) Students shall be liable to discipline, suspension, or expulsion for misconduct, including but not limited
to:
   (a) Theft;
   (b) Disruption of the school;
   (c) Damage or destruction of school property;
   (d) Damage or destruction of private property on school premises or during a school activity;
   (e) Assault or threats of harm;
   (f) Unauthorized use of weapons or dangerous instruments;
   (g) Unlawful use of drugs, narcotics, or alcoholic beverages;
(h) Persistent failure to comply with rules of the lawful directions of teachers or school officials.

person in parental relationship with the student at least once every six months, or at any time the
information changes because of the availability of new programs.

(d) Require a referral to the appropriate law enforcement agency of any student who is expelled under
this subsection.

(e) Require an annual reporting to the Department of Education of the name of each school that had an
expulsion under this subsection and the number of students expelled from each school.

(8) Each district school board shall adopt and disseminate written policies for the use of physical force
upon a student. The policies must allow an individual who is a teacher, administrator, school employee or

(9)(a) The authority to discipline a student does not authorize the infliction of corporal punishment. Every

   (a) As a half day if the student is out of school for half, or less than half, of the scheduled school day;
   and
   (b) As a full day if the student is out of school for more than half of the scheduled school day.

REGULATIONS

581-015-2415. Disciplinary removals of more than 10 school days (pattern or consecutive).

(1) A disciplinary removal is considered a change in educational placement and the school district must
follow special education due process procedures if:
   (a) The removal will be for more than 10 consecutive school days (e.g. expulsion); or
   (b) The child will be removed for more than 10 cumulative school days from their current educational
   placement in a school year, and those removals constitute a pattern under OAR 581-015-2410(2).

(2) School personnel may consider any unique circumstances on a case-by-case basis when determining
whether to order a disciplinary removal under subsection (1) for a child with a disability who violates a
code of conduct.

(3) Manifestation determination. Within 10 school days of any decision to change the placement of a child
with a disability because of a violation of a code of student conduct, the school district must determine
whether the child's behavior is a manifestation of the student's disability in accordance with OAR 581-015-
2420.

(4) Manifestation. If the determination under subsection (3) is that the child's behavior is a manifestation
of the child's disability, the school district must:
   (a) Return the child to the placement from which the child was removed, unless:
(A) The parent and school district agree to a change of placement as part of the modification of the behavioral intervention plan under subsection (4)(b);

(B) The school district removes the child to an interim alternative educational setting under OAR 581-015-2425 for a weapons or drug violation or for infliction of serious bodily injury; or

(C) The school district obtains an order from an administrative law judge under OAR 581-015-2430 allowing a change in placement to an interim alternative educational setting for injurious behavior; and

(b) Either:

(A) Conduct a functional behavioral assessment, unless the school district conducted a functional behavioral assessment before the behavior occurred that prompted the disciplinary action, and implement a behavior intervention plan; or

(B) If the student already has a behavior plan, review the behavioral intervention plan and modify it, as necessary, to address the behavior.

(5) No manifestation. If the determination under subsection (3) is that the child's behavior is not a manifestation of the child's disability:

(a) The school district may proceed with disciplinary action applicable to children without disabilities under section (1) of this rule, in the same manner and for the same duration in which the procedures would be applied to children without disabilities.

(b) If the school district takes such action applicable to all children, the school district must:

(A) On the date on which the decision is made to remove the student under subsection (5), notify the parents of that decision and provide the parents with notice of procedural safeguards under OAR 581-015-2315.

(B) Provide services to the student in an interim alternative educational setting, determined by the IEP team, in accordance with OAR 581-015-2435; and

(C) Provide, as appropriate, a functional behavioral assessment, and behavior intervention services and modifications that are designed to address the behavior violation so that it does not recur.

(6) Placement pending due process hearing. If a parent requests a due process hearing because of a disagreement with the manifestation determination or any decision about placement related to the disciplinary removal in section (1) of this rule, the child remains in the interim alternative educational setting pending the decision of the administrative law judge under OAR 581-015-2445, or until the end of the disciplinary removal under subsection (1), whichever occurs first, unless the parent and school district agree otherwise.

581-015-2420. Manifestation determination.

(1) In determining whether the child's behavior is a manifestation of the child's disability, the school district, the parent, and relevant members of the IEP team (as determined by the parent and the district) must review all relevant information in the student's file, including the child's IEP, any teacher observations, and any relevant information provided by the parents to determine:

(a) If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or

(b) If the conduct in question was the direct result of the school district's failure to implement the IEP.

(2) If the school district, the parent, and relevant members of the IEP team determine that either subsection (1)(a) or (b) is applicable for the child, the conduct must be determined to be a manifestation of the child's disability.

(3) If the basis for the team's determination is that the school district did not implement the child's IEP, the school district must take immediate steps to remedy those deficiencies.
581-021-0065. Suspension.

(1) Students may be suspended when such suspension contains within its procedures the elements of prior notice (OAR 581-021-0075), specification of charges, and an opportunity for the student to present his or her view of the alleged misconduct. The suspending official shall notify the student's parent or guardian of the suspension, the conditions for reinstatement, and appeal procedures, where applicable. These procedures may be postponed in emergency situations relating to health and safety.

(2) Emergency situations shall be limited to those instances where there is a serious risk that substantial harm will occur if suspension does not take place immediately.

(3) School district boards shall provide students suspended under emergency conditions with the rights outlined in section (1) of this rule as soon as the emergency condition has passed.

(4) In all suspensions ordered by the executive officer of the school district or designated representative, the district school board shall have the right of final review if the action is not taken by the school board itself.

(5) School district boards shall limit suspension to a specific maximum number of days. That maximum shall not exceed ten school days.

(6) School district boards shall adopt policies that require consideration of the age of a student and the past pattern of behavior of a student prior to imposing the suspension or expulsion of a student. For students in fifth grade or lower, the policies must limit the use of out-of-school suspension to the following circumstances:

(a) for non-accidental conduct causing serious physical harm to a student or school employee;
(b) when a school administrator determines, based upon the administrators observation or upon a report from a school employee, that the students conduct poses a direct threat to the health or safety of students or school employees; or
(c) when the suspension or expulsion is required by law.

(7) When an out of school suspension is imposed for a student who is fifth grade or younger, district policies must require schools to take steps to prevent the recurrence of the behavior that led to the out-of-school suspension and return the student to a classroom setting so that the disruption of the students academic instruction is minimized.

(8) School district boards or designated representatives shall specify the methods and conditions, if any, under which the student's school work can be made up. Students shall be allowed to make up school work upon their return from the suspension if that work reflects achievement over a greater period of time than the length of the suspension. For example, the students shall be allowed to make up final, mid-term, and unit examinations, without an academic penalty, but it is within the districts' discretion as to whether the students may be allowed to make up daily assignments, laboratory experiments, class discussions or presentations.

(9) In special circumstances a suspension may be continued until some specific pending action occurs, such as a physical or mental examination, or incarceration by court action.

(1) Each district school board shall adopt written policies that limit the use of expulsion to the following circumstances:

(a) For conduct that poses a threat to the health or safety of students of school employees;
(b) When other strategies to change student conduct have been ineffective, except that expulsion may not be used to address truancy; or
(c) When the expulsion is required by law.

REGULATIONS

581-021-0065. Suspension.
(1) Students may be suspended when such suspension contains within its procedures the elements of prior notice (OAR 581-021-0075), specification of charges, and an opportunity for the student to present his or her view of the alleged misconduct. The suspending official shall notify the student's parent or guardian of the suspension, the conditions for reinstatement, and appeal procedures, where applicable. These procedures may be postponed in emergency situations relating to health and safety.
(2) Emergency situations shall be limited to those instances where there is a serious risk that substantial harm will occur if suspension does not take place immediately.
(3) School district boards shall provide students suspended under emergency conditions with the rights outlined in section (1) of this rule as soon as the emergency condition has passed.
(4) In all suspensions ordered by the executive officer of the school district or designated representative, the district school board shall have the right of final review if the action is not taken by the school board itself.
(5) School district boards shall limit suspension to a specific maximum number of days. That maximum shall not exceed ten school days.
(6) School district boards shall adopt policies that require consideration of the age of a student and the past pattern of behavior of a student prior to imposing the suspension or expulsion of a student. For students in fifth grade or lower, the policies must limit the use of out-of-school suspension to the following circumstances:

(a) for non-accidental conduct causing serious physical harm to a student or school employee;
(b) when a school administrator determines, based upon the administrators observation or upon a report from a school employee, that the students conduct poses a direct threat to the health or safety of students or school employees; or

(8) School district boards or designated representatives shall specify the methods and conditions, if any, under which the student's school work can be made up. Students shall be allowed to make up school work upon their return from the suspension if that work reflects achievement over a greater period of time than the length of the suspension.    (ii) When a school administrator determines, based upon the administrators observation or upon a report from a school employee, that the students conduct poses a direct threat to the health or safety of students or school employees;

(2) A school district board may expel, or delegate authority to a hearings officer to expel, a student provided the student is not expelled without a hearing unless the student's parent(s) or guardian, or the student, if 18 years of age, waives the right to a hearing. Waiver may take place by the parent or the student, if 18 years of age, notifying the school district in writing of waiver of the right to a hearing. Waiver may also take place by the parent, or the student, if age 18 or over, failing to appear after notice, at the place and time set for the hearing:
