Texas Compilation of School Discipline Laws and Regulations

Prepared: March 31, 2021
Introduction
This compilation presents school discipline-related laws and regulations for U.S. states, U.S. territories, and the District of Columbia, and, where available, links to education agency websites or resources related to school discipline and student conduct. The discipline laws and regulations presented in this compilation have been categorized by type of specific discipline issue covered, according to an organizational framework developed by the National Center for Safe and Supportive Learning Environments (NCSSLE). For example, one major category encompasses all laws or regulations governing states or territories that mandate specific disciplinary sanctions (such as suspension) for specific offenses (such as drug possession on school grounds). The school discipline laws and regulations were compiled through exhaustive searches of legislative websites that identified all laws and regulations relevant to each specific category. Compiled materials were subsequently reviewed by state education agency (SEA) representatives in the 50 states, Washington D.C., and the U.S. territories.

Discipline categories were not mutually exclusive. Laws and regulations often appeared across multiple categories. For jurisdictions with more extensive laws covering a breadth of topical areas, relevant sections were excerpted from the larger legislative text for inclusion in the appropriate discipline category. Laws, ordered by chapter and section number, appear first within each category followed by regulations. All laws and regulations listed within categories in the compilation also appear in the sources cited section of the document, which lists laws by chapter and section number and title, and where available, includes active hyperlinks to source websites supported or maintained by state legislatures. Additional links to government websites or resources are provided at the end of this document.

(3) outline conditions under which a student may be suspended as provided by Section 37.005 or expelled as provided by Section 37.007;

(4) specify that consideration will be given, as a factor in each decision concerning suspension, removal to a disciplinary alternative education program, expulsion, or placement in a juvenile justice alternative education program, regardless of whether the decision concerns a mandatory or discretionary action, to:

(A) self-defense;

(B) intent or lack of intent at the time the student engaged in the conduct;

(C) a student's disciplinary history;

(6) address the notification of a student's parent or guardian of a violation of the student code of conduct committed by the student that results in suspension, removal to a disciplinary alternative education program, or expulsion;

(7) prohibit bullying, harassment, and making hit lists and ensure that district employees enforce those prohibitions;

(8) provide, as appropriate for students at each grade level, methods, including options, for:

(A) managing students in the classroom, on school grounds, and on a vehicle owned or operated by the district;

(B) disciplining students; and

(C) preventing and intervening in student discipline problems, including bullying, harassment, and making hit lists; and

(c) Once the student code of conduct is promulgated, any change or amendment must be approved by the board of trustees.

(d) Each school year, a school district shall provide parents notice of and information regarding the student code of conduct.

Teacher Authority to Remove Students From Classrooms

LAWS

(a) A teacher may send a student to the campus behavior coordinator's office to maintain effective discipline in the classroom. The campus behavior coordinator shall respond by employing appropriate discipline management techniques consistent with the student code of conduct adopted under Section 37.001 that can reasonably be expected to improve the student's behavior before returning the student to the classroom. If the student's behavior does not improve, the campus behavior coordinator shall employ alternative discipline management techniques, including any progressive interventions designated as the responsibility of the campus behavior coordinator in the student code of conduct.

(b) A teacher may remove from class a student:
(1) who has been documented by the teacher to repeatedly interfere with the teacher’s ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn; or

(2) whose behavior the teacher determines is so unruly, disruptive, or abusive that it seriously interferes with the teacher’s ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn.

(b-1) A teacher may document any conduct by a student that does not conform to the student code of conduct adopted under Section 37.001 and may submit that documentation to the principal. A school district may not discipline a teacher on the basis of documentation submitted under this subsection.

(c) If a teacher removes a student from class under Subsection (b), the principal may place the student into another appropriate classroom, into in-school suspension, or into a disciplinary alternative education program as provided by Section 37.008. The principal may not return the student to that teacher's class without the teacher's consent unless the committee established under Section 37.003 determines that such placement is the best or only alternative available. The terms of the removal may prohibit the student from attending or participating in school-sponsored or school-related activity.

(d) A teacher shall remove from class and send to the principal for placement in a disciplinary alternative education program or for expulsion, as appropriate, a student who engages in conduct described under Section 37.006 or 37.007. The student may not be returned to that teacher's class without the teacher’s consent unless the committee established under Section 37.003 determines that such placement is the best or only alternative available. If the teacher removed the student from class because the student has engaged in the elements of any offense listed in Section 37.006(a)(2)(B) or Section 37.007(a)(2)(A) or (b)(2)(C) against the teacher, the student may not be returned to the teacher's class without the teacher's consent. The teacher may not be coerced to consent.

(e) A student who is sent to the campus behavior coordinator's or other administrator's office under Subsection (a) or removed from class under Subsection (b) is not considered to have been removed from the classroom for the purposes of reporting data through the Public Education Information Management System (PEIMS) or other similar reports required by state or federal law.

§ 37.0181. Professional development regarding disciplinary procedures.

(a) Each principal or other appropriate administrator who oversees student discipline shall, at least once every three school years, attend professional development training regarding this subchapter, including training relating to the distinction between a discipline management technique used at the principal's discretion under Section 37.002(a) and the discretionary authority of a teacher to remove a disruptive student under Section 37.002(b).

The student code of conduct must be posted and prominently displayed at each school campus or made
available for review at the office of the campus principal. In addition to establishing standards for student conduct, the student code of conduct must:

(8) provide, as appropriate for students at each grade level, methods, including options, for:

The program must:

(1) be age-appropriate and research-based;
(2) provide models for positive behavior;
(3) promote a positive school environment;
(4) provide alternative disciplinary courses of action that do not rely on the use of in-school suspension, out-of-school suspension, or placement in a disciplinary alternative education program to manage student behavior; and
(5) provide behavior management strategies, including:
   (A) positive behavioral intervention and support;
   (B) trauma-informed practices;
   (C) social and emotional learning;
   (D) a referral for services, as necessary; and
   (E) restorative practices.
(b) Each school district and open-enrollment charter school may annually conduct training for staff employed by the district or school on the program adopted under Subsection (a).

(a) A teacher may send a student to the campus behavior coordinator's office to maintain effective discipline in the classroom. The campus behavior coordinator shall respond by employing appropriate discipline management techniques consistent with the student code of conduct adopted under Section 37.001 that can reasonably be expected to improve the student's behavior before returning the student to the classroom. If the student's behavior does not improve, the campus behavior coordinator shall employ alternative discipline management techniques, including any progressive interventions designated as the responsibility of the campus behavior coordinator in the student code of conduct.
(b) A teacher may remove from class a student:

(1) who has been documented by the teacher to repeatedly interfere with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn; or
(2) whose behavior the teacher determines is so unruly, disruptive, or abusive that it seriously interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn.
(b-1) A teacher may document any conduct by a student that does not conform to the student code of conduct adopted under Section 37.001 and may submit that documentation to the principal. A school district may not discipline a teacher on the basis of documentation submitted under this subsection.

(c) If a teacher removes a student from class under Subsection (b), the principal may place the student into another appropriate classroom, into in-school suspension, or into a disciplinary alternative education program as provided by Section 37.008. The principal may not return the student to that teacher's class without the teacher's consent unless the committee established under Section 37.003 determines that such placement is the best or only alternative available. The terms of the removal may prohibit the student from attending or participating in school-sponsored or school-related activity.

(d) A teacher shall remove from class and send to the principal for placement in a disciplinary alternative education program or for expulsion, as appropriate, a student who engages in conduct described under Section 37.006 or 37.007. The student may not be returned to that teacher's class without the teacher's consent unless the committee established under Section 37.003 determines that such placement is the best or only alternative available. If the teacher removed the student from class because the student has engaged in the elements of any offense listed in Section 37.006(a)(2)(B) or Section 37.007(a)(2)(A) or (b)(2)(C) against the teacher, the student may not be returned to the teacher's class without the teacher's consent. The teacher may not be coerced to consent.

(e) A student who is sent to the campus behavior coordinator's or other administrator's office under Subsection (a) or removed from class under Subsection (b) is not considered to have been removed from the classroom for the purposes of reporting data through the Public Education Information Management System (PEIMS) or other similar reports required by state or federal law.

§ 37.021. Opportunity to complete courses during in-school and certain other placements.

(a) If a school district removes a student from the regular classroom and places the student in in-school suspension or another setting other than a disciplinary alternative education program, the district shall offer the student the opportunity to complete before the beginning of the next school year each course in which the student was enrolled at the time of the removal.

(b) The district may provide the opportunity to complete courses by any method available, including a correspondence course, distance learning, or summer school.

§ 37.115. Threat assessment and safe and supportive school program and team.

(a) In this section:

(1) “Harmful, threatening, or violent behavior” includes behaviors, such as verbal threats, threats of self harm, bullying, cyberbullying, fighting, the use or possession of a weapon, sexual assault, sexual harassment, dating violence, stalking, or assault, by a student that could result in:

(A) specific interventions, including mental health or behavioral supports;
(B) in-school suspension;
(C) out-of-school suspension; or
(D) the student's expulsion or removal to a disciplinary alternative education program or a juvenile justice alternative education program.

§ 37.0011. Use of corporal punishment.

(b) If the board of trustees of an independent school district adopts a policy under Section 37.001(a)(8) under which corporal punishment is permitted as a method of student discipline, a district educator may use corporal punishment to discipline a student unless the student's parent or guardian or other person having lawful control over the student has previously provided a written, signed statement prohibiting the use of corporal punishment as a method of student discipline.

(c) To prohibit the use of corporal punishment as a method of student discipline, each school year a student's parent or guardian or other person having lawful control over the student must provide a separate written, signed statement to the board of trustees of the school district in the manner established by the board.

(d) The student's parent or guardian or other person having lawful control over the student may revoke the statement provided to the board of trustees under Subsection (c) at any time during the school year by submitting a written, signed revocation to the board in the manner established by the board.

(i) A video recording of a student made according to this section is confidential and may not be released or viewed except as provided by this subsection or Subsection (i-1) or (j). A school district or open-enrollment charter school shall release a recording for viewing by:

(4) a peace officer, a school nurse, a district or school administrator trained in de-escalation and restraint techniques as provided by commissioner rule, or a human resources staff member designated by the board of trustees of the school district or the governing body of the open-enrollment charter school in response to a report of an alleged incident or an investigation of district or school personnel or a report of alleged abuse committed by a student.

§ 30.106. Reading and behavior plan.
(c) To increase the positive social behaviors of students in department educational programs and to create an educational environment that facilitates learning, the department shall:

(1) adopt system-wide classroom and individual positive behavior supports that incorporate a continuum of prevention and intervention strategies that:

(A) are based on current behavioral research; and

(B) are systematically and individually applied to students consistent with the demonstrated level of need;

(2) require each teacher and other educational staff member in a department educational program to be trained in implementing the positive behavior support system adopted under Subdivision (1); and

(3) adopt valid assessment techniques to evaluate the effectiveness of the positive behavior support system according to the following criteria:

(A) documentation of school-related disciplinary referrals, disaggregated by the type, location, and time of infraction and by subgroups designated under department rule;

(B) documentation of school-related disciplinary actions, including time-out, placement in security, and use of restraints and other aversive control measures, disaggregated by subgroups designated under department rule;

(C) validated measurement of systemic positive behavioral support interventions; and

(D) the number of minutes students are out of the regular classroom because of disciplinary reasons.

§ 37.0021. Use of confinement, restraint, seclusion, and time-out.
(a) It is the policy of this state to treat with dignity and respect all students, including students with disabilities who receive special education services under Subchapter A, Chapter 29. A student with a disability who receives special education services under Subchapter A, Chapter 29, may not be confined
in a locked box, locked closet, or other specially designed locked space as either a discipline
management practice or a behavior management technique.

(b) In this section:

(1) "Restraint" means the use of physical force or a mechanical device to significantly restrict the free
movement of all or a portion of a student's body.

(2) "Seclusion" means a behavior management technique in which a student is confined in a locked
box, locked closet, or locked room that:

(A) is designed solely to seclude a person; and

(B) contains less than 50 square feet of space.

(3) "Time-out" means a behavior management technique in which, to provide a student with an
opportunity to regain self-control, the student is separated from other students for a limited period in a
setting:

(A) that is not locked; and

(B) from which the exit is not physically blocked by furniture, a closed door held shut from the outside,
or another inanimate object.

(4) "Law enforcement duties" means activities of a peace officer relating to the investigation and
enforcement of state criminal laws and other duties authorized by the Code of Criminal Procedure.

(c) A school district employee or volunteer or an independent contractor of a district may not place a
student in seclusion. This subsection does not apply to the use of seclusion in a court-ordered placement,
other than a placement in an educational program of a school district, or in a placement or facility to which
the following law, rules, or regulations apply:

(1) the Children's Health Act of 2000, Pub. L. No. 106-310, any subsequent amendments to that Act,
any regulations adopted under that Act, or any subsequent amendments to those regulations;

(2) 40 T.A.C. Sections 720.1001-720.1013; or

(3) 25 T.A.C. Section 412.308(e).

(d) The commissioner by rule shall adopt procedures for the use of restraint and time-out by a school
district employee or volunteer or an independent contractor of a district in the case of a student with a
disability receiving special education services under Subchapter A, Chapter 29. A procedure adopted
under this subsection must:

(1) be consistent with:

(A) professionally accepted practices and standards of student discipline and techniques for behavior
management; and

(B) relevant health and safety standards; and

(2) identify any discipline management practice or behavior management technique that requires a
district employee or volunteer or an independent contractor of a district to be trained before using that
practice or technique.

(e) In the case of a conflict between a rule adopted under Subsection (d) and a rule adopted under
Subchapter A, Chapter 29, the rule adopted under Subsection (d) controls.

(f) For purposes of this subsection, "weapon" includes any weapon described under Section 37.007(a)(1).
This section does not prevent a student's locked, unattended confinement in an emergency situation
while awaiting the arrival of law enforcement personnel if:

(1) the student possesses a weapon; and

(2) the confinement is necessary to prevent the student from causing bodily harm to the student or
another person.
(g) This section and any rules or procedures adopted under this section do not apply to:
   (1) a peace officer performing law enforcement duties, except as provided by Subsection (i);
   (2) juvenile probation, detention, or corrections personnel; or
   (3) an educational services provider with whom a student is placed by a judicial authority, unless the services are provided in an educational program of a school district.

(h) This section and any rules or procedures adopted under this section apply to a peace officer only if the peace officer:
   (1) is employed or commissioned by a school district; or
   (2) provides, as a school resource officer, a regular police presence on a school district campus under a memorandum of understanding between the district and a local law enforcement agency.

(i) A school district shall report electronically to the agency, in accordance with standards provided by commissioner rule, information relating to the use of restraint by a peace officer performing law enforcement duties on school property or during a school-sponsored or school-related activity. A report submitted under this subsection must be consistent with the requirements adopted by commissioner rule for reporting the use of restraint involving students with disabilities.

§ 37.0023. Prohibited aversive techniques.

(a) In this section, "aversive technique" means a technique or intervention that is intended to reduce the likelihood of a behavior reoccurring by intentionally inflicting on a student significant physical or emotional discomfort or pain. The term includes a technique or intervention that:
   (1) is designed to or likely to cause physical pain, other than an intervention or technique permitted under Section 37.0011;
   (2) notwithstanding Section 37.0011, is designed to or likely to cause physical pain through the use of electric shock or any procedure that involves the use of pressure points or joint locks;
   (3) involves the directed release of a noxious, toxic, or otherwise unpleasant spray, mist, or substance near the student's face;
   (4) denies adequate sleep, air, food, water, shelter, bedding, physical comfort, supervision, or access to a restroom facility;
   (5) ridicules or demeans the student in a manner that adversely affects or endangers the learning or mental health of the student or constitutes verbal abuse;
   (6) employs a device, material, or object that simultaneously immobilizes all four extremities, including any procedure that results in such immobilization known as prone or supine floor restraint;
   (7) impairs the student's breathing, including any procedure that involves:
      (A) applying pressure to the student's torso or neck; or
      (B) obstructing the student's airway, including placing an object in, on, or over the student's mouth or nose or placing a bag, cover, or mask over the student's face;
   (8) restricts the student's circulation;
   (9) secures the student to a stationary object while the student is in a sitting or standing position;
   (10) inhibits, reduces, or hinders the student's ability to communicate;
   (11) involves the use of a chemical restraint;
   (12) constitutes a use of timeout that precludes the student from being able to be involved in and progress appropriately in the required curriculum and, if applicable, toward the annual goals included in the student's individualized education program, including isolating the student by the use of physical barriers; or
(13) except as provided by Subsection (c), deprives the student of the use of one or more of the student's senses.

(b) A school district or school district employee or volunteer or an independent contractor of a school district may not apply an aversive technique, or by authorization, order, or consent, cause an aversive technique to be applied, to a student.

(c) Notwithstanding Subsection (a)(13), an aversive technique described by Subsection (a)(13) may be used if the technique is executed in a manner that:

(1) does not cause the student pain or discomfort; or

(2) complies with the student's individualized education program or behavior intervention plan.

(d) Nothing in this section may be construed to prohibit a teacher from removing a student from class under Section 37.002.

(e) In adopting procedures under this section, the commissioner shall provide guidance to school district employees, volunteers, and independent contractors of school districts in avoiding a violation of Subsection (b).

REGULATIONS

19 TAC 89.1053. Procedures for use of restraint and time-out.

(a) Requirement to implement. In addition to the requirements of 34 Code of Federal Regulations (CFR), § 300.324(a)(2)(i), school districts and charter schools must implement the provisions of this section regarding the use of restraint and time-out. In accordance with the provisions of Texas Education Code (TEC), § 37.0021 (Use of Confinement, Restraint, Seclusion, and Time-Out), it is the policy of the state to treat with dignity and respect all students, including students with disabilities who receive special education services under TEC, Chapter 29, Subchapter A.

(b) Definitions.

(1) Emergency means a situation in which a student's behavior poses a threat of:

(A) imminent, serious physical harm to the student or others; or

(B) imminent, serious property destruction.

(2) Restraint means the use of physical force or a mechanical device to significantly restrict the free movement of all or a portion of the student's body.

(3) Time-out means a behavior management technique in which, to provide a student with an opportunity to regain self-control, the student is separated from other students for a limited period in a setting:

(A) that is not locked; and

(B) from which the exit is not physically blocked by furniture, a closed door held shut from the outside, or another inanimate object.

(c) Use of restraint. A school employee, volunteer, or independent contractor may use restraint only in an emergency as defined in subsection (b) of this section and with the following limitations.

(1) Restraint must be limited to the use of such reasonable force as is necessary to address the emergency.

(2) Restraint must be discontinued at the point at which the emergency no longer exists.

(3) Restraint must be implemented in such a way as to protect the health and safety of the student and others.

(4) Restraint must not deprive the student of basic human necessities.
(d) Training on use of restraint. Training for school employees, volunteers, or independent contractors must be provided according to the following requirements.

(1) A core team of personnel on each campus must be trained in the use of restraint, and the team must include a campus administrator or designee and any general or special education personnel likely to use restraint.

(2) Personnel called upon to use restraint in an emergency and who have not received prior training must receive training within 30 school days following the use of restraint.

(3) Training on use of restraint must include prevention and de-escalation techniques and provide alternatives to the use of restraint.

(4) All trained personnel must receive instruction in current professionally accepted practices and standards regarding behavior management and the use of restraint.

(e) Documentation and notification on use of restraint. In a case in which restraint is used, school employees, volunteers, or independent contractors must implement the following documentation requirements.

(1) On the day restraint is utilized, the campus administrator or designee must be notified verbally or in writing regarding the use of restraint.

(2) On the day restraint is utilized, a good faith effort must be made to verbally notify the parent(s) regarding the use of restraint.

(3) Written notification of the use of restraint must be placed in the mail or otherwise provided to the parent within one school day of the use of restraint.

(4) Written documentation regarding the use of restraint must be placed in the student's special education eligibility folder in a timely manner so the information is available to the admission, review, and dismissal (ARD) committee when it considers the impact of the student's behavior on the student's learning and/or the creation or revision of a behavioral intervention plan (BIP).

(5) Written notification to the parent(s) and documentation to the student's special education eligibility folder must include the following:

(A) name of the student;

(B) name of the staff member(s) administering the restraint;

(C) date of the restraint and the time the restraint began and ended;

(D) location of the restraint;

(E) nature of the restraint;

(F) a description of the activity in which the student was engaged immediately preceding the use of restraint;

(G) the behavior that prompted the restraint;

(H) the efforts made to de-escalate the situation and alternatives to restraint that were attempted; and

(I) information documenting parent contact and notification.

(f) Clarification regarding restraint. The provisions adopted under this section do not apply to the use of physical force or a mechanical device that does not significantly restrict the free movement of all or a portion of the student's body. Restraint that involves significant restriction as referenced in subsection (b)(2) of this section does not include:

(1) physical contact or appropriately prescribed adaptive equipment to promote normative body positioning and/or physical functioning;
(2) limited physical contact with a student to promote safety (e.g., holding a student's hand), prevent a potentially harmful action (e.g., running into the street), teach a skill, redirect attention, provide guidance to a location, or provide comfort;

(3) limited physical contact or appropriately prescribed adaptive equipment to prevent a student from engaging in ongoing, repetitive self-injurious behaviors, with the expectation that instruction will be reflected in the individualized education program (IEP) as required by 34 CFR, § 300.324(a)(2)(i) to promote student learning and reduce and/or prevent the need for ongoing intervention; or

(4) seat belts and other safety equipment used to secure students during transportation.

(g) Use of time-out. A school employee, volunteer, or independent contractor may use time-out in accordance with subsection (b)(3) of this section with the following limitations.

(1) Physical force or threat of physical force must not be used to place a student in time-out.

(2) Time-out may only be used in conjunction with an array of positive behavior intervention strategies and techniques and must be included in the student's IEP and/or BIP if it is utilized on a recurrent basis to increase or decrease a targeted behavior.

(3) Use of time-out must not be implemented in a fashion that precludes the ability of the student to be involved in and progress in the general curriculum and advance appropriately toward attaining the annual goals specified in the student's IEP.

(h) Training on use of time-out. Training for school employees, volunteers, or independent contractors must be provided according to the following requirements.

(1) General or special education personnel who implement time-out based on requirements established in a student's IEP and/or BIP must be trained in the use of time-out.

(2) Newly-identified personnel called upon to implement time-out based on requirements established in a student's IEP and/or BIP must receive training in the use of time-out within 30 school days of being assigned the responsibility for implementing time-out.

(3) Training on the use of time-out must be provided as part of a program which addresses a full continuum of positive behavioral intervention strategies, and must address the impact of time-out on the ability of the student to be involved in and progress in the general curriculum and advance appropriately toward attaining the annual goals specified in the student's IEP.

(4) All trained personnel must receive instruction in current professionally accepted practices and standards regarding behavior management and the use of time-out.

(i) Documentation on use of time-out. Necessary documentation or data collection regarding the use of time-out, if any, must be addressed in the IEP or BIP. The ARD committee must use any collected data to judge the effectiveness of the intervention and provide a basis for making determinations regarding its continued use.

(j) Student safety. Any behavior management technique and/or discipline management practice must be implemented in such a way as to protect the health and safety of the student and others. No discipline management practice may be calculated to inflict injury, cause harm, demean, or deprive the student of basic human necessities.

(k) Data reporting. With the exception of actions covered by subsection (f) of this section, data regarding the use of restraint must be electronically reported to the Texas Education Agency (TEA) in accordance with reporting standards specified by the TEA.

(l) Peace officers. The provisions adopted under this section apply to a peace officer only if the peace officer is employed or commissioned by the school district or provides, as a school resource officer, a regular police presence on a school district campus under a memorandum of understanding between the school district and a local law enforcement agency, except that the data reporting requirements in
subsection (k) of this section apply to the use of restraint by any peace officer performing law enforcement duties on school property or during a school-sponsored or school-related activity.

(m) The provisions adopted under this section do not apply to:

1. juvenile probation, detention, or corrections personnel; or
2. an educational services provider with whom a student is placed by a judicial authority, unless the services are provided in an educational program of a school district.

LAWS

§ 37.001. Student code of conduct.
(a) The board of trustees of an independent school district shall, with the advice of its district-level committee established under Subchapter F, Chapter 11, adopt a student code of conduct for the district. The student code of conduct must be posted and prominently displayed at each school campus or made available for review at the office of the campus principal. 4. specify that consideration will be given, as a factor in each decision concerning suspension, removal to a disciplinary alternative education program, expulsion, or placement in a juvenile justice alternative education program, regardless of whether the decision concerns a mandatory or discretionary action, to:
   (A) self-defense;
   (B) intent or lack of intent at the time the student engaged in the conduct;

6. address the notification of a student's parent or guardian of a violation of the student code of conduct committed by the student that results in suspension, removal to a disciplinary alternative education program, or expulsion;
7. prohibit bullying, harassment, and making hit lists and ensure that district employees enforce those prohibitions;
8. provide, as appropriate for students at each grade level, methods, including options, for:
   (A) managing students in the classroom, on school grounds, and on a vehicle owned or operated by the district;
   (B) disciplining students; and
(C) preventing and intervening in student discipline problems, including bullying, harassment, and making hit lists; and

(9) include an explanation of the provisions regarding refusal of entry to or ejection from district property under Section 37.105, including the appeal process established under Section 37.105(h).

(b) In this section:

(1) "Bullying" has the meaning assigned by Section 37.0832.

(2) "Harassment" means threatening to cause harm or bodily injury to another student, engaging in sexually intimidating conduct, causing physical damage to the property of another student, subjecting another student to physical confinement or restraint, or maliciously taking any action that substantially harms another student's physical or emotional health or safety.

(b-1) The methods adopted under Subsection (a)(8) must provide that a student who is enrolled in a special education program under Subchapter A, Chapter 29, may not be disciplined for conduct prohibited in accordance with Subsection (a)(7) until an admission, review, and dismissal committee meeting has been held to review the conduct.

(c) Once the student code of conduct is promulgated, any change or amendment must be approved by the board of trustees.

(d) Each school year, a school district shall provide parents notice of and information regarding the student code of conduct.

(e) Except as provided by Section 37.007(e), this subchapter does not require the student code of conduct to specify a minimum term of a removal under Section 37.006 or an expulsion under Section 37.007.

§ 37.005. Suspension.

(a) The principal or other appropriate administrator may suspend a student who engages in conduct identified in the student code of conduct adopted under Section 37.001 as conduct for which a student may be suspended.

(b) A suspension under this section may not exceed three school days.

(c) A student who is enrolled in a grade level below grade three may not be placed in out-of-school suspension unless while on school property or while attending a school-sponsored or school-related activity on or off of school property, the student engages in:

(C) an alcoholic beverage, as defined by Section 1.04, Alcoholic Beverage Code.

The campus behavior coordinator may coordinate with the school district’s homeless education liaison to identify appropriate alternatives to out-of-school suspension for a student who is homeless. In this subsection, "student who is homeless" has the meaning assigned to the term "homeless children and youths" under 42 U.S.C. Section 11434a.

(e) A school district shall provide to a student during the period of the student's suspension under this section, regardless of whether the student is placed in in-school or out-of-school suspension, an alternative means of receiving all course work provided in the classes in the foundation curriculum under Section 28.002(a)(1) that the student misses as a result of the suspension. The district must provide at least one option for receiving the course work that does not require the use of the Internet.

   (3) releases or threatens to release intimate visual material of a minor or a student who is 18 years of age or older without the student's consent.
(c) Nothing in this section exempts a school from reporting a finding of intimate visual material of a minor.

§ 37.007. Expulsion for serious offenses.
(a) Except as provided by Subsection (k), a student shall be expelled from a school if the student, on school property or while attending a school-sponsored or school-related activity on or off of school property:

(e) In accordance with 20 U.S.C. Section 7151, a local educational agency, including a school district, home-rule school district, or open-enrollment charter school, shall expel a student who brings a firearm, as defined by 18 U.S.C. Section 921, to school. The student must be expelled from the student's regular campus for a period of at least one year, except that:

(1) the superintendent or other chief administrative officer of the school district or of the other local educational agency, as defined by 20 U. S.C. Section 7801, may modify the length of the expulsion in the case of an individual student;

(2) the district or other local educational agency shall provide educational services to an expelled student in a disciplinary alternative education program as provided by Section 37.008 if the student is younger than 10 years of age on the date of expulsion; and

(3) the district or other local educational agency may provide educational services to an expelled student who is 10 years of age or older in a disciplinary alternative education program as provided in Section 37.008.

(g) In addition to any notice required under Article 15.27, Code of Criminal Procedure, a school district shall inform each educator who has responsibility for, or is under the direction and supervision of an educator who has responsibility for, the instruction of a student who has engaged in any violation listed in this section of the student's misconduct. Each educator shall keep the information received under this subsection confidential from any person not entitled to the information under this subsection, except that the educator may share the information with the student's parent or guardian as provided for by state or federal law. The State Board for Educator Certification may revoke or suspend the certification of an educator who intentionally violates this subsection.

(h) Subject to Subsection (e), notwithstanding any other provision of this section, a student who is younger than 10 years of age may not be expelled for engaging in conduct described by this section.

(i) A student who engages in conduct described by Subsection (a) may be expelled from school by the district in which the student attends school if the student engages in that conduct:

(k) A student may not be expelled solely on the basis of the student's use, exhibition, or possession of a firearm that occurs:

2. while participating in or preparing for a school-sponsored shooting sports competition or a shooting sports educational activity that is sponsored or supported by the Parks and Wildlife Department or a shooting sports sanctioning organization working with the department.

(l) Subsection (k) does not authorize a student to bring a firearm on school property to participate in or prepare for a school-sponsored shooting sports competition or a shooting sports educational activity described by that subsection.

§ 37.0081. Expulsion and placement of certain students in alternative settings.

(a) Subject to Subsection (h), but notwithstanding any other provision of this subchapter, the board of trustees of a school district, or the board's designee, after an opportunity for a hearing may expel a student and elect to place the student in an alternative setting as provided by Subsection (a-1) if:

1. the student:
   (A) has received deferred prosecution under Section 53.03, Family Code, for conduct defined as:
      (i) a felony offense in Title 5, Penal Code; or
      (ii) the felony offense of aggravated robbery under Section 29.03, Penal Code;
   (B) has been found by a court or jury to have engaged in delinquent conduct under Section 54.03, Family Code, for conduct defined as:
      (i) a felony offense in Title 5, Penal Code; or
      (ii) the felony offense of aggravated robbery under Section 29.03, Penal Code;
   (C) is charged with engaging in conduct defined as:
      (i) a felony offense in Title 5, Penal Code; or
      (ii) the felony offense of aggravated robbery under Section 29.03, Penal Code;
   (D) has been referred to a juvenile court for allegedly engaging in delinquent conduct under Section 54.03, Family Code, for conduct defined as:
      (i) a felony offense in Title 5, Penal Code; or
      (ii) the felony offense of aggravated robbery under Section 29.03, Penal Code;
   (E) has received probation or deferred adjudication for a felony offense under Title 5, Penal Code, or the felony offense of aggravated robbery under Section 29.03, Penal Code;
   (F) has been convicted of a felony offense under Title 5, Penal Code, or the felony offense of aggravated robbery under Section 29.03, Penal Code; or
   (G) has been arrested for or charged with a felony offense under Title 5, Penal Code, or the felony offense of aggravated robbery under Section 29.03, Penal Code; and

2. the board or the board's designee determines that the student's presence in the regular classroom:
   (A) threatens the safety of other students or teachers;
   (B) will be detrimental to the educational process; or
   (C) is not in the best interests of the district's students.

(a-1) The student must be placed in:
(1) a juvenile justice alternative education program, if the school district is located in a county that operates a juvenile justice alternative education program or the school district contracts with the juvenile board of another county for the provision of a juvenile justice alternative education program; or
(2) a disciplinary alternative education program.

(b) Any decision of the board of trustees or the board's designee under this section is final and may not be appealed.

(c) The board of trustees or the board's designee may expel the student and order placement in accordance with this section regardless of:
(1) the date on which the student's conduct occurred;
(2) the location at which the conduct occurred;
(3) whether the conduct occurred while the student was enrolled in the district; or
(4) whether the student has successfully completed any court disposition requirements imposed in connection with the conduct.

(d) Notwithstanding Section 37.009(c) or (d) or any other provision of this subchapter, a student expelled and ordered placed in an alternative setting by the board of trustees or the board's designee is subject to that placement until:
(1) the student graduates from high school;
(2) the charges described by Subsection (a)(1) are dismissed or reduced to a misdemeanor offense; or
(3) the student completes the term of the placement or is assigned to another program.

(e) A student placed in an alternative setting in accordance with this section is entitled to the periodic review prescribed by Section 37.009(e).

(f) Subsection (d) continues to apply to the student if the student transfers to another school district in the state.

(g) The board of trustees shall reimburse a juvenile justice alternative education program in which a student is placed under this section for the actual cost incurred each day for the student while the student is enrolled in the program. For purposes of this subsection:
(1) the actual cost incurred each day for the student is determined by the juvenile board of the county operating the program; and
(2) the juvenile board shall determine the actual cost each day of the program based on the board's annual audit.

(h) To the extent of a conflict between this section and Section 37.007, Section 37.007 prevails.

§ 37.019. Emergency placement or expulsion.

(a) This subchapter does not prevent the principal or the principal's designee from ordering the immediate placement of a student in a disciplinary alternative education program if the principal or the principal's designee reasonably believes the student's behavior is so unruly, disruptive, or abusive that it seriously interferes with a teacher's ability to communicate effectively with the students in a class, with the ability of the student's classmates to learn, or with the operation of school or a school-sponsored activity.

(b) This subchapter does not prevent the principal or the principal's designee from ordering the immediate expulsion of a student if the principal or the principal's designee reasonably believes that action is necessary to protect persons or property from imminent harm.

(c) At the time of an emergency placement or expulsion, the student shall be given oral notice of the reason for the action. The reason must be a reason for which placement in a disciplinary alternative education program or expulsion may be made on a nonemergency basis. Within a reasonable time after
the emergency placement or expulsion, but not later than the 10th day after the date of the placement or
expulsion, the student shall be accorded the appropriate due process as required under Section 37.009. If
the student subject to the emergency placement or expulsion is a student with disabilities who receives
special education services, the emergency placement or expulsion is subject to federal law and
regulations and must be consistent with the consequences that would apply under this subchapter to a
student without a disability.

(d) A principal or principal's designee is not liable in civil damages for an emergency placement under this
section.

LAWS

§ 37.001. Student code of conduct.
(a) The board of trustees of an independent school district shall, with the advice of its district-level
committee established under Subchapter F, Chapter 11, adopt a student code of conduct for the district.
The student code of conduct must be posted and prominently displayed at each school campus or made
available for review at the office of the campus principal. In addition to establishing standards for student
conduct, the student code of conduct must:

(1) specify the circumstances, in accordance with this subchapter, under which a student may be
removed from a classroom, campus, disciplinary alternative education program, or vehicle owned or
operated by the district;

(2) specify conditions that authorize or require a principal or other appropriate administrator to transfer a
student to a disciplinary alternative education program;

(3) outline conditions under which a student may be suspended as provided by Section 37.005 or
expelled as provided by Section 37.007;

(4) specify that consideration will be given, as a factor in each decision concerning suspension, removal
to a disciplinary alternative education program, expulsion, or placement in a juvenile justice alternative
education program, regardless of whether the decision concerns a mandatory or discretionary action,
to:

(A) self-defense;

(B) intent or lack of intent at the time the student engaged in the conduct;

(C) a student's disciplinary history;

(D) a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the
student's conduct;

(E) a student's status in the conservatorship of the Department of Family and Protective Services; or

(F) a student's status as a student who is homeless;

(5) provide guidelines for setting the length of a term of:

(A) a removal under Section 37.006; and

(B) an expulsion under Section 37.007;
(6) address the notification of a student's parent or guardian of a violation of the student code of conduct committed by the student that results in suspension, removal to a disciplinary alternative education program, or expulsion;

(7) prohibit bullying, harassment, and making hit lists and ensure that district employees enforce those prohibitions;

(8) provide, as appropriate for students at each grade level, methods, including options, for:
   (A) managing students in the classroom, on school grounds, and on a vehicle owned or operated by the district;
   (B) disciplining students; and
   (C) preventing and intervening in student discipline problems, including bullying, harassment, and making hit lists; and

(9) include an explanation of the provisions regarding refusal of entry to or ejection from district property under Section 37.105, including the appeal process established under Section 37.105(h).

(b) In this section:
   (1) "Bullying" has the meaning assigned by Section 37.0832.
   (2) "Harassment" means threatening to cause harm or bodily injury to another student, engaging in sexually intimidating conduct, causing physical damage to the property of another student, subjecting another student to physical confinement or restraint, or maliciously taking any action that substantially harms another student's physical or emotional health or safety.
   (3) "Hit list" means a list of people targeted to be harmed, using:
      (A) a firearm, as defined by Section 46.01(3), Penal Code;
      (B) a knife, as defined by Section 46.01(7), Penal Code; or
      (C) any other object to be used with intent to cause bodily harm.
   (4) "Student who is homeless" has the meaning assigned to the term "homeless children and youths" under 42 U.S.C. Section 11434a.

(b-1) The methods adopted under Subsection (a)(8) must provide that a student who is enrolled in a special education program under Subchapter A, Chapter 29, may not be disciplined for conduct prohibited in accordance with Subsection (a)(7) until an admission, review, and dismissal committee meeting has been held to review the conduct.

(c) Once the student code of conduct is promulgated, any change or amendment must be approved by the board of trustees.

(d) Each school year, a school district shall provide parents notice of and information regarding the student code of conduct.

(e) Except as provided by Section 37.007(e), this subchapter does not require the student code of conduct to specify a minimum term of a removal under Section 37.006 or an expulsion under Section 37.007.

§ 37.005. Suspension.

(c) A student who is enrolled in a grade level below grade three may not be placed in out-of-school suspension unless while on school property or while attending a school-sponsored or school-related activity on or off of school property, the student engages in:
   (1) conduct that contains the elements of an offense related to weapons under Section 46.02 or 46.05, Penal Code;
(2) conduct that contains the elements of a violent offense under Section 22.01, 22.011, 22.02, or 22.021, Penal Code; or
(3) selling, giving, or delivering to another person or possessing, using, or being under the influence of any amount of:
   (A) marihuana or a controlled substance, as defined by Chapter 481, Health and Safety Code, or by 21 U.S.C. Section 801 et seq.;
   (B) a dangerous drug, as defined by Chapter 483, Health and Safety Code; or
   (C) an alcoholic beverage, as defined by Section 1.04, Alcoholic Beverage Code.

§ 37.007. Expulsion for serious offenses.
(e) In accordance with 20 U.S.C. Section 7151, a local educational agency, including a school district, home-rule school district, or open-enrollment charter school, shall expel a student who brings a firearm, as defined by 18 U.S.C. Section 921, to school. The student must be expelled from the student's regular campus for a period of at least one year, except that:
   (1) the superintendent or other chief administrative officer of the school district or of the other local educational agency, as defined by 20 U. S.C. Section 7801, may modify the length of the expulsion in the case of an individual student.

§ 37.009. Conference; hearing; review.
(f) Before a student may be expelled under Section 37.007, the board or the board's designee must provide the student a hearing at which the student is afforded appropriate due process as required by the federal constitution and which the student's parent or guardian is invited, in writing, to attend. At the hearing, the student is entitled to be represented by the student's parent or guardian or another adult who can provide guidance to the student and who is not an employee of the school district. If the school district makes a good-faith effort to inform the student and the student's parent or guardian of the time and place of the hearing, the district may hold the hearing regardless of whether the student, the student's parent or guardian, or another adult representing the student attends. Before ordering the expulsion of a student, the board of trustees must consider whether the student acted in self-defense, the intent or lack of intent at the time the student engaged in the conduct, the student's disciplinary history, and whether the student has a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct, regardless of whether the decision of the board concerns a mandatory or discretionary action. If the decision to expel a student is made by the board's designee, the decision may be appealed to the board. The decision of the board may be appealed by trial de novo to a district court of the county in which the school district's central administrative office is located.

§ 37.010. Court involvement.
(g) If a student was expelled by a school district in another state for a period that exceeds one year and a school district in this state continues the expulsion or places the student in a disciplinary alternative education program under Subsection (g), the district shall reduce the period of the expulsion or placement so that the aggregate period does not exceed one year unless, after a review, the district determines that:
   (1) the student is a threat to the safety of other students or to district employees; or
   (2) extended placement is in the best interest of the student.

§ 37.021. Opportunity to complete courses during in-school and certain other placements.
(a) If a school district removes a student from the regular classroom and places the student in in-school suspension or another setting other than a disciplinary alternative education program, the district shall
offer the student the opportunity to complete before the beginning of the next school year each course in which the student was enrolled at the time of the removal.

(b) The district may provide the opportunity to complete courses by any method available, including a correspondence course, distance learning, or summer school.

Due Process

LAWS

§ 37.001. Student code of conduct.

(a) The board of trustees of an independent school district shall, with the advice of its district-level committee established under Subchapter F, Chapter 11, adopt a student code of conduct for the district. The student code of conduct must be posted and prominently displayed at each school campus or made available for review at the office of the campus principal. In addition to establishing standards for student conduct, the student code of conduct must:

(9) include an explanation of the provisions regarding refusal of entry to or ejection from district property under Section 37.105, including the appeal process established under Section 37.105(h).

§ 37.006. Removal for certain conduct.

(i) The student or the student's parent or guardian may appeal the superintendent's decision under Subsection (h) to the board of trustees. The student may not be returned to the regular classroom pending the appeal. The board shall, at the next scheduled meeting, review the notice provided under Article 15.27(g), Code of Criminal Procedure, and receive information from the student, the student's parent or guardian, and the superintendent or superintendent's designee and confirm or reverse the decision under Subsection (h). The board shall make a record of the proceedings. If the board confirms the decision of the superintendent or superintendent's designee, the board shall inform the student and the student's parent or guardian of the right to appeal to the commissioner under Subsection (j).

(j) Notwithstanding Section 7.057(e), the decision of the board of trustees under Subsection (i) may be appealed to the commissioner as provided by Sections 7.057(b), (c), (d), and (f). The student may not be returned to the regular classroom pending the appeal.

§ 37.009. Conference; hearing; review.

(a) Not later than the third class day after the day on which a student is removed from class by the teacher under Section 37.002(b) or (d) or by the school principal or other appropriate administrator under Section 37.001(a)(2) or 37.006, the campus behavior coordinator or other appropriate administrator shall schedule a conference among the campus behavior coordinator or other appropriate administrator, a parent or guardian of the student, the teacher removing the student from class, if any, and the student. At the conference, the student is entitled to written or oral notice of the reasons for the removal, an explanation of the basis for the removal, and an opportunity to respond to the reasons for the removal. The student may not be returned to the regular classroom pending the conference. Following the conference, and whether or not each requested person is in attendance after valid attempts to require the person's attendance, the campus behavior coordinator, after consideration of the factors under Section 37.001(a)(4), shall order the placement of the student for a period consistent with the student code of conduct. Before ordering the suspension, expulsion, removal to a disciplinary alternative education program, or placement in a juvenile justice alternative education program of a student, the behavior
coordinator must consider whether the student acted in self-defense, the intent or lack of intent at the time the student engaged in the conduct, the student's disciplinary history, and whether the student has a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct, regardless of whether the decision of the behavior coordinator concerns a mandatory or discretionary action. If school district policy allows a student to appeal to the board of trustees or the board's designee a decision of the campus behavior coordinator or other appropriate administrator, other than an expulsion under Section 37.007, the decision of the board or the board's designee is final and may not be appealed. If the period of the placement is inconsistent with the guidelines included in the student code of conduct under Section 37.001(a)(5), the order must give notice of the inconsistency. The period of the placement may not exceed one year unless, after a review, the district determines that the student is a threat to the safety of other students or to district employees.

(b) If a student's placement in a disciplinary alternative education program is to extend beyond 60 days or the end of the next grading period, whichever is earlier, a student's parent or guardian is entitled to notice of and an opportunity to participate in a proceeding before the board of trustees of the school district or the board's designee, as provided by policy of the board of trustees of the district. Any decision of the board or the board's designee under this subsection is final and may not be appealed.

(c) Before it may place a student in a disciplinary alternative education program for a period that extends beyond the end of the school year, the board or the board's designee must determine that:

(1) the student's presence in the regular classroom program or at the student's regular campus presents a danger of physical harm to the student or to another individual; or

(2) the student has engaged in serious or persistent misbehavior that violates the district's student code of conduct.

(d) The board or the board's designee shall set a term for a student's placement in a disciplinary alternative education program. If the period of the placement is inconsistent with the guidelines included in the student code of conduct under Section 37.001(a)(5), the order must give notice of the inconsistency. The period of the placement may not exceed one year unless, after a review, the district determines that:

(1) the student is a threat to the safety of other students or to district employees; or

(2) extended placement is in the best interest of the student.

(e) A student placed in a disciplinary alternative education program shall be provided a review of the student's status, including a review of the student's academic status, by the board's designee at intervals not to exceed 120 days. In the case of a high school student, the board's designee, with the student's parent or guardian, shall review the student's progress towards meeting high school graduation requirements and shall establish a specific graduation plan for the student. The district is not required under this subsection to provide a course in the district's disciplinary alternative education program except as required by Section 37.008(l). At the review, the student or the student's parent or guardian must be given the opportunity to present arguments for the student's return to the regular classroom or campus. The student may not be returned to the classroom of the teacher who removed the student without that teacher's consent. The teacher may not be coerced to consent.

(f) Before a student may be expelled under Section 37.007, the board or the board's designee must provide the student a hearing at which the student is afforded appropriate due process as required by the federal constitution and which the student's parent or guardian is invited, in writing, to attend. At the hearing, the student is entitled to be represented by the student's parent or guardian or another adult who can provide guidance to the student and who is not an employee of the school district. If the school district makes a good-faith effort to inform the student and the student's parent or guardian of the time and place of the hearing, the district may hold the hearing regardless of whether the student, the student's parent or guardian, or another adult representing the student attends. Before ordering the expulsion of a
student, the board of trustees must consider whether the student acted in self-defense, the intent or lack of intent at the time the student engaged in the conduct, the student's disciplinary history, and whether the student has a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct, regardless of whether the decision of the board concerns a mandatory or discretionary action. If the decision to expel a student is made by the board's designee, the decision may be appealed to the board. The decision of the board may be appealed by trial de novo to a district court of the county in which the school district's central administrative office is located.

(g) The board or the board's designee shall deliver to the student and the student's parent or guardian a copy of the order placing the student in a disciplinary alternative education program under Section 37.001, 37.002, or 37.006 or expelling the student under Section 37.007.

(h) If the period of an expulsion is inconsistent with the guidelines included in the student code of conduct under Section 37.001(a)(5), the order must give notice of the inconsistency. The period of an expulsion may not exceed one year unless, after a review, the district determines that:

(1) the student is a threat to the safety of other students or to district employees; or

(2) extended placement is in the best interest of the student. After a school district notifies the parents or guardians of a student that the student has been expelled, the parent or guardian shall provide adequate supervision of the student during the period of expulsion.

(i) If a student withdraws from the district before an order for placement in a disciplinary alternative education program or expulsion is entered under this section, the principal or board, as appropriate, may complete the proceedings and enter an order. If the student subsequently enrolls in the district during the same or subsequent school year, the district may enforce the order at that time except for any period of the placement or expulsion that has been served by the student on enrollment in another district that honored the order. If the principal or board fails to enter an order after the student withdraws, the next district in which the student enrolls may complete the proceedings and enter an order.

(j) If, during the term of a placement or expulsion ordered under this section, a student engages in additional conduct for which placement in a disciplinary alternative education program or expulsion is required or permitted, additional proceedings may be conducted under this section regarding that conduct and the principal or board, as appropriate, may enter an additional order as a result of those proceedings.

§ 37.010. Court involvement.

(g) If an expelled student enrolls in another school district, the board of trustees of the district that expelled the student shall provide to the district in which the student enrolls, at the same time other records of the student are provided, a copy of the expulsion order and the referral to the authorized officer of the juvenile court. The district in which the student enrolls may continue the expulsion under the terms of the order, may place the student in a disciplinary alternative education program for the period specified by the expulsion order, or may allow the student to attend regular classes without completing the period of expulsion. A district may take any action permitted by this subsection if the student was expelled by a school district in another state if:

(1) the out-of-state district provides to the district a copy of the expulsion order; and

(2) the grounds for the expulsion are also grounds for expulsion in the district in which the student is enrolling.

(g-1) If a student was expelled by a school district in another state for a period that exceeds one year and a school district in this state continues the expulsion or places the student in a disciplinary alternative education program under Subsection (g), the district shall reduce the period of the expulsion or placement so that the aggregate period does not exceed one year unless, after a review, the district determines that:

(1) the student is a threat to the safety of other students or to district employees; or
(2) extended placement is in the best interest of the student.

(h) A person is not liable in civil damages for a referral to juvenile court as required by this section.

§ 37.056. Court supervision.

(a) In this section, “court” means a juvenile court or alternate juvenile court designated under Chapter 51, Family Code. The court may delegate responsibility under this section to a referee appointed under Section 51.04, Family Code.

(b) If a representative of the school district, the student, and the parent or guardian for any reason fail to reach an agreement under Section 37.055, the court may, on the request of any party and after a hearing, enter an order establishing the responsibilities and duties of each of the parties as the court considers appropriate.

(c) The court may compel attendance at any hearing held under this section through any legal process, including subpoena and habeas corpus.

(d) If the parties reach an agreement under Section 37.055, and if the written agreement so provides, the court may enter an order that incorporates the terms of the agreement.

(e) Any party who violates an order issued under this section may be punished for contempt of court.

(f) A school district may enter into an agreement to share the costs incurred by a county under this section.

§ 37.0081. Expulsion and placement of certain students in alternative settings.

(a) Subject to Subsection (h), but notwithstanding any other provision of this subchapter, the board of trustees of a school district, or the board's designee, after an opportunity for a hearing may expel a student and elect to place the student in an alternative setting as provided by Subsection (a-1) if:

LAWS

§ 37.001. Student code of conduct.
(a) The board of trustees of an independent school district shall, with the advice of its district-level committee established under Subchapter F, Chapter 11, adopt a student code of conduct for the district. The student code of conduct must be posted and prominently displayed at each school campus or made available for review at the office of the campus principal. In addition to establishing standards for student conduct, the student code of conduct must:
   (9) include an explanation of the provisions regarding refusal of entry to or ejection from district property under Section 37.105, including the appeal process established under Section 37.105(h).

(a) A teacher may send a student to the campus behavior coordinator's office to maintain effective discipline in the classroom. The campus behavior coordinator shall respond by employing appropriate discipline management techniques consistent with the student code of conduct adopted under Section 37.001 that can reasonably be expected to improve the student's behavior before returning the student to the classroom. If the student's behavior does not improve, the campus behavior coordinator shall employ alternative discipline management techniques, including any progressive interventions designated as the responsibility of the campus behavior coordinator in the student code of conduct. [...]  
(c) If a teacher removes a student from class under Subsection (b), the principal may place the student into another appropriate classroom, into in-school suspension, or into a disciplinary alternative education
program as provided by Section 37.008. The principal may not return the student to that teacher's class without the teacher's consent unless the committee established under Section 37.003 determines that such placement is the best or only alternative available. The terms of the removal may prohibit the student from attending or participating in school-sponsored or school-related activity.

(d) A teacher shall remove from class and send to the principal for placement in a disciplinary alternative education program or for expulsion, as appropriate, a student who engages in conduct described under Section 37.006 or 37.007. The student may not be returned to that teacher's class without the teacher's consent unless the committee established under Section 37.003 determines that such placement is the best or only alternative available. If the teacher removed the student from class because the student has engaged in the elements of any offense listed in Section 37.006(a)(2)(B) or Section 37.007(a)(2)(A) or (b)(2)(C) against the teacher, the student may not be returned to the teacher's class without the teacher's consent. The teacher may not be coerced to consent.

§ 37.003. Placement review committee.
(a) Each school shall establish a three-member committee to determine placement of a student when a teacher refuses the return of a student to the teacher's class and make recommendations to the district regarding readmission of expelled students. Members shall be appointed as follows:

(1) the campus faculty shall choose two teachers to serve as members and one teacher to serve as an alternate member; and

(2) the principal shall choose one member from the professional staff of a campus.

(b) The teacher refusing to readmit the student may not serve on the committee.

(c) The committee's placement determination regarding a student with a disability who receives special education services under Subchapter A, Chapter 29, is subject to the requirements of the Individuals with Disabilities Education Act (20 U.S.C. Section 1400 et seq.) and federal regulations, state statutes, and agency requirements necessary to carry out federal law or regulations or state law relating to special education.

§ 37.006. Removal for certain conduct.
(h) On receipt of notice under Article 15.27(g), Code of Criminal Procedure, the superintendent or the superintendent's designee shall review the student's placement in the disciplinary alternative education program. The student may not be returned to the regular classroom pending the review. The superintendent or the superintendent's designee shall schedule a review of the student's placement with the student's parent or guardian not later than the third class day after the superintendent or superintendent's designee receives notice from the office or official designated by the court. After reviewing the notice and receiving information from the student's parent or guardian, the superintendent or the superintendent's designee may continue the student's placement in the disciplinary alternative education program if there is reason to believe that the presence of the student in the regular classroom threatens the safety of other students or teachers.

(i) The student or the student's parent or guardian may appeal the superintendent's decision under Subsection (h) to the board of trustees. The student may not be returned to the regular classroom pending the appeal. The board shall, at the next scheduled meeting, review the notice provided under Article 15.27(g), Code of Criminal Procedure, and receive information from the student, the student's parent or guardian, and the superintendent or superintendent's designee and confirm or reverse the decision under Subsection (h). The board shall make a record of the proceedings. If the board confirms the decision of the superintendent or superintendent's designee, the board shall inform the student and the student's parent or guardian of the right to appeal to the commissioner under Subsection (j).
(j) Notwithstanding Section 7.057(e), the decision of the board of trustees under Subsection (i) may be appealed to the commissioner as provided by Sections 7.057(b), (c), (d), and (f). The student may not be returned to the regular classroom pending the appeal.

§ 37.009. Conference; hearing; review.
(e) A student placed in a disciplinary alternative education program shall be provided a review of the student's status, including a review of the student's academic status, by the board's designee at intervals not to exceed 120 days. In the case of a high school student, the board's designee, with the student's parent or guardian, shall review the student's progress towards meeting high school graduation requirements and shall establish a specific graduation plan for the student. The district is not required under this subsection to provide a course in the district's disciplinary alternative education program except as required by Section 37.008(l). At the review, the student or the student's parent or guardian must be given the opportunity to present arguments for the student's return to the regular classroom or campus. The student may not be returned to the classroom of the teacher who removed the student without that teacher's consent. The teacher may not be coerced to consent.

§ 37.001. Student code of conduct.

(a) The board of trustees of an independent school district shall, with the advice of its district-level committee established under Subchapter F, Chapter 11, adopt a student code of conduct for the district. The student code of conduct must be posted and prominently displayed at each school campus or made available for review at the office of the campus principal. In addition to establishing standards for student conduct, the student code of conduct must:
(1) specify the circumstances, in accordance with this subchapter, under which a student may be
removed from a classroom, campus, disciplinary alternative education program, or vehicle owned or
operated by the district.

(2) specify conditions that authorize or require a principal or other appropriate administrator to transfer a

The principal may not return the student to that teacher's class without the teacher's consent unless the committee established under Section 37.003 determines that such placement is the best or only alternative available. § 37.003. Placement review committee.

(a) Each school shall establish a three-member committee to determine placement of a student when a teacher refuses the return of a student to the teacher’s class and make recommendations to the district regarding readmission of expelled students. Members shall be appointed as follows:

An elementary school student may not be placed in a disciplinary alternative education program with any other student who is not an elementary school student.

(g) The terms of a placement under this section must prohibit the student from attending or participating in a school-sponsored or school-related activity.

(h) On receipt of notice under Article 15.27(g), Code of Criminal Procedure, the superintendent or the superintendent's designee shall review the student's placement in the disciplinary alternative education program. The student may not be returned to the regular classroom pending the review. The superintendent or the superintendent's designee shall schedule a review of the student's placement with the student's parent or guardian not later than the third class day after the superintendent or
superintendent's designee receives notice from the office or official designated by the court. After reviewing the notice and receiving information from the student's parent or guardian, the superintendent or the superintendent's designee may continue the student's placement in the disciplinary alternative education program if there is reason to believe that the presence of the student in the regular classroom threatens the safety of other students or teachers.

(i) The student or the student's parent or guardian may appeal the superintendent's decision under Subsection (h) to the board of trustees. The student may not be returned to the regular classroom pending the appeal. The board shall, at the next scheduled meeting, review the notice provided under Article 15.27(g), Code of Criminal Procedure, and receive information from the student, the student's parent or guardian, and the superintendent or superintendent's designee and confirm or reverse the decision under Subsection (h). The board shall make a record of the proceedings. If the board confirms the decision of the superintendent or superintendent's designee, the board shall inform the student and the student's parent or guardian of the right to appeal to the commissioner under Subsection (j).

(j) Notwithstanding Section 7.057(e), the decision of the board of trustees under Subsection (i) may be appealed to the commissioner as provided by Sections 7.057(b), (c), (d), and (f). The student may not be returned to the regular classroom pending the appeal.

(k) Subsections (h), (i), and (j) do not apply to placements made in accordance with Subsection (a).

(l) Notwithstanding any other provision of this code, other than Section 37.007(e)(2), a student who is younger than six years of age may not be removed from class and placed in a disciplinary alternative education program.

(m) Removal to a disciplinary alternative education program under Subsection (a) is not required if the student is expelled under Section 37.007 for the same conduct for which removal would be required.

(n) A principal or other appropriate administrator may but is not required to remove a student to a disciplinary alternative education program for off-campus conduct for which removal is required under this section if the principal or other appropriate administrator does not have knowledge of the conduct before the first anniversary of the date the conduct occurred.

(o) In addition to any notice required under Article 15.27, Code of Criminal Procedure, a principal or a principal's designee shall inform each educator who has responsibility for, or is under the direction and supervision of an educator who has responsibility for, the instruction of a student who has engaged in any violation listed in this section of the student's misconduct. Each educator shall keep the information received under this subsection confidential from any person not entitled to the information under this subsection, except that the educator may share the information with the student's parent or guardian as provided for by state or federal law. The State Board for Educator Certification may revoke or suspend the certification of an educator who intentionally violates this subsection.

§ 37.0061. Funding for alternative education services in juvenile residential facilities.
A school district that provides education services to pre-adjudicated and post-adjudicated students who are confined by court order in a juvenile residential facility operated by a juvenile board is entitled to count such students in the district's average daily attendance for purposes of receipt of state funds under the Foundation School Program. If the district has a local revenue level greater than the guaranteed local revenue level but less than the level established under Section 48.257, the district in which the student is enrolled on the date a court orders the student to be confined to a juvenile residential facility shall transfer to the district providing education services an amount equal to the difference between the average Foundation School Program costs per student of the district providing education services and the sum of the state aid and the money from the available school fund received by the district that is attributable to the student for the portion of the school year for which the district provides education services to the student.
§ 37.007. Expulsion for serious offenses.

(c) A student may be expelled if the student, while placed in a disciplinary alternative education program, engages in documented serious misbehavior while on the program campus despite documented behavioral interventions. For purposes of this subsection, "serious misbehavior" means:

1. deliberate violent behavior that poses a direct threat to the health or safety of others;
2. extortion, meaning the gaining of money or other property by force or threat;
3. conduct that constitutes coercion, as defined by Section 1.07, Penal Code; or
4. conduct that constitutes the offense of:
   A. public lewdness under Section 21.07, Penal Code;
   B. indecent exposure under Section 21.08, Penal Code;
   C. criminal mischief under Section 28.03, Penal Code;
   D. personal hazing under Section 37.152; or
   E. harassment under Section 42.07(a)(1), Penal Code, of a student or district employee.

(e) In accordance with 20 U.S.C. Section 7151, a local educational agency, including a school district, home-rule school district, or open-enrollment charter school, shall expel a student who brings a firearm, as defined by 18 U.S.C. Section 921, to school. The student must be expelled from the student's regular campus for a period of at least one year, except that:

1. the superintendent or other chief administrative officer of the school district or of the other local educational agency, as defined by 20 U.S.C. Section 7801, may modify the length of the expulsion in the case of an individual student;
2. the district or other local educational agency shall provide educational services to an expelled student in a disciplinary alternative education program as provided by Section 37.008 if the student is younger than 10 years of age on the date of expulsion; and
3. the district or other local educational agency may provide educational services to an expelled student who is 10 years of age or older in a disciplinary alternative education program as provided in Section 37.008.

§ 37.008. Disciplinary alternative education programs.

(a) Each school district shall provide a disciplinary alternative education program that:

1. is provided in a setting other than a student's regular classroom;
2. is located on or off of a regular school campus;
3. provides for the students who are assigned to the disciplinary alternative education program to be separated from students who are not assigned to the program;
4. focuses on English language arts, mathematics, science, history, and self-discipline;
5. provides for students' educational and behavioral needs;
6. provides supervision and counseling; and
7. employs only teachers who meet all certification requirements established under Subchapter B, Chapter 21.

(a-1) The agency shall adopt minimum standards for the operation of disciplinary alternative education programs, including standards relating to:

1. student/teacher ratios;
2. student health and safety;
3. reporting of abuse, neglect, or exploitation of students;
(4) training for teachers in behavior management and safety procedures; and
(5) planning for a student's transition from a disciplinary alternative education program to a regular campus.

(a-2) [Expired pursuant to Acts 2007, 80th Leg., ch. 1171 (H.B. 426), § 1, effective January 15, 2009.]
(a-3) [Expired pursuant to Acts 2007, 80th Leg., ch. 1171 (H.B. 426), § 1, effective January 15, 2009.]
(b) A disciplinary alternative education program may provide for a student's transfer to:
(1) a different campus;
(2) a school-community guidance center; or
(3) a community-based alternative school.
(c) An off-campus disciplinary alternative education program is not subject to a requirement imposed by this title, other than a limitation on liability, a reporting requirement, or a requirement imposed by this chapter or by Chapter 39 or 39A.
(d) A school district may provide a disciplinary alternative education program jointly with one or more other districts.
(e) Each school district shall cooperate with government agencies and community organizations that provide services in the district to students placed in a disciplinary alternative education program.
(f) A student removed to a disciplinary alternative education program is counted in computing the average daily attendance of students in the district for the student's time in actual attendance in the program.
(g) A school district shall allocate to a disciplinary alternative education program the same expenditure per student attending the disciplinary alternative education program, including federal, state, and local funds, that would be allocated to the student's school if the student were attending the student's regularly assigned education program, including a special education program.
(h) A school district may not place a student, other than a student suspended as provided under Section 37.005 or expelled as provided under Section 37.007, in an unsupervised setting as a result of conduct for which a student may be placed in a disciplinary alternative education program.
(i) On request of a school district, a regional education service center may provide to the district information on developing a disciplinary alternative education program that takes into consideration the district's size, wealth, and existing facilities in determining the program best suited to the district.
(j) If a student placed in a disciplinary alternative education program enrolls in another school district before the expiration of the period of placement, the board of trustees of the district requiring the placement shall provide to the district in which the student enrolls, at the same time other records of the student are provided, a copy of the placement order. The district in which the student enrolls shall inform each educator who will have responsibility for, or will be under the direction and supervision of an educator who will have responsibility for, the instruction of the student of the contents of the placement order. Each educator shall keep the information received under this subsection confidential from any person not entitled to the information under this subsection, except that the educator may share the information with the student's parent or guardian as provided for by state or federal law. The district in which the student enrolls may continue the disciplinary alternative education program placement under the terms of the order or may allow the student to attend regular classes without completing the period of placement. A district may take any action permitted by this subsection if:
(1) the student was placed in a disciplinary alternative education program by an open-enrollment charter school under Section 12.131 and the charter school provides to the district a copy of the placement order; or
(2) the student was placed in a disciplinary alternative education program by a school district in another state and:
(A) the out-of-state district provides to the district a copy of the placement order; and
(B) the grounds for the placement by the out-of-state district are grounds for placement in the district in which the student is enrolling.

(j-1) If a student was placed in a disciplinary alternative education program by a school district in another state for a period that exceeds one year and a school district in this state in which the student enrolls continues the placement under Subsection (j), the district shall reduce the period of the placement so that the aggregate period does not exceed one year unless, after a review, the district determines that:

(1) the student is a threat to the safety of other students or to district employees; or
(2) extended placement is in the best interest of the student.

(k) A program of educational and support services may be provided to a student and the student's parents when the offense involves drugs or alcohol as specified under Section 37.006 or 37.007. A disciplinary alternative education program that provides chemical dependency treatment services must be licensed under Chapter 464, Health and Safety Code.

(l) A school district is required to provide in the district's disciplinary alternative education program a course necessary to fulfill a student's high school graduation requirements only as provided by this subsection. A school district shall offer a student removed to a disciplinary alternative education program an opportunity to complete coursework before the beginning of the next school year. The school district may provide the student an opportunity to complete coursework through any method available, including a correspondence course, distance learning, or summer school. The district may not charge the student for a course provided under this subsection.

(l-1) A school district shall provide the parents of a student removed to a disciplinary alternative education program with written notice of the district's obligation under Subsection (l) to provide the student with an opportunity to complete coursework required for graduation. The notice must:

(1) include information regarding all methods available for completing the coursework; and
(2) state that the methods are available at no cost to the student.

(m) The commissioner shall adopt rules necessary to evaluate annually the performance of each district's disciplinary alternative education program established under this subchapter. The evaluation required by this section shall be based on indicators defined by the commissioner, but must include student performance on assessment instruments required under Sections 39.023(a) and (c). Academically, the mission of disciplinary alternative education programs shall be to enable students to perform at grade level.

(m-1) The commissioner shall develop a process for evaluating a school district disciplinary alternative education program electronically. The commissioner shall also develop a system and standards for review of the evaluation or use systems already available at the agency. The system must be designed to identify districts that are at high risk of having inaccurate disciplinary alternative education program data or of failing to comply with disciplinary alternative education program requirements. The commissioner shall notify the board of trustees of a district of any objection the commissioner has to the district's disciplinary alternative education program data or of a violation of a law or rule revealed by the data, including any violation of disciplinary alternative education program requirements, or of any recommendation by the commissioner concerning the data. If the data reflect that a penal law has been violated, the commissioner shall notify the county attorney, district attorney, or criminal district attorney, as appropriate, and the attorney general. The commissioner is entitled to access to all district records the commissioner considers necessary or appropriate for the review, analysis, or approval of disciplinary alternative education program data.
§ 37.0081. Expulsion and placement of certain students in alternative settings.

(a) Subject to Subsection (h), but notwithstanding any other provision of this subchapter, the board of trustees of a school district, or the board's designee, after an opportunity for a hearing may expel a student and elect to place the student in an alternative setting as provided by Subsection (a-1) if:

(1) the student:
   (A) has received deferred prosecution under Section 53.03, Family Code, for conduct defined as:
      (i) a felony offense in Title 5, Penal Code; or
      (ii) the felony offense of aggravated robbery under Section 29.03, Penal Code;
   (B) has been found by a court or jury to have engaged in delinquent conduct under Section 54.03, Family Code, for conduct defined as:
      (i) a felony offense in Title 5, Penal Code; or
      (ii) the felony offense of aggravated robbery under Section 29.03, Penal Code;
   (C) is charged with engaging in conduct defined as:
      (i) a felony offense in Title 5, Penal Code; or
      (ii) the felony offense of aggravated robbery under Section 29.03, Penal Code;
   (D) has been referred to a juvenile court for allegedly engaging in delinquent conduct under Section 54.03, Family Code, for conduct defined as:
      (i) a felony offense in Title 5, Penal Code; or
      (ii) the felony offense of aggravated robbery under Section 29.03, Penal Code;
   (E) has received probation or deferred adjudication for a felony offense under Title 5, Penal Code, or the felony offense of aggravated robbery under Section 29.03, Penal Code;
   (F) has been convicted of a felony offense under Title 5, Penal Code, or the felony offense of aggravated robbery under Section 29.03, Penal Code; or
   (G) has been arrested for or charged with a felony offense under Title 5, Penal Code, or the felony offense of aggravated robbery under Section 29.03, Penal Code; and

(2) the board or the board's designee determines that the student's presence in the regular classroom:
   (A) threatens the safety of other students or teachers;
   (B) will be detrimental to the educational process; or
   (C) is not in the best interests of the district's students.

(a-1) The student must be placed in:

   (1) a juvenile justice alternative education program, if the school district is located in a county that operates a juvenile justice alternative education program or the school district contracts with the juvenile board of another county for the provision of a juvenile justice alternative education program; or
   (2) a disciplinary alternative education program.

(b) Any decision of the board of trustees or the board's designee under this section is final and may not be appealed.

(c) The board of trustees or the board's designee may expel the student and order placement in accordance with this section regardless of:

   (1) the date on which the student's conduct occurred;
   (2) the location at which the conduct occurred;
   (3) whether the conduct occurred while the student was enrolled in the district; or
(4) whether the student has successfully completed any court disposition requirements imposed in connection with the conduct.

d) Notwithstanding Section 37.009(c) or (d) or any other provision of this subchapter, a student expelled and ordered placed in an alternative setting by the board of trustees or the board's designee is subject to that placement until:

   (1) the student graduates from high school;
   (2) the charges described by Subsection (a)(1) are dismissed or reduced to a misdemeanor offense; or
   (3) the student completes the term of the placement or is assigned to another program.

(e) A student placed in an alternative setting in accordance with this section is entitled to the periodic review prescribed by Section 37.009(e).

(f) Subsection (d) continues to apply to the student if the student transfers to another school district in the state.

(g) The board of trustees shall reimburse a juvenile justice alternative education program in which a student is placed under this section for the actual cost incurred each day for the student while the student is enrolled in the program. For purposes of this subsection:

   (1) the actual cost incurred each day for the student is determined by the juvenile board of the county operating the program; and
   (2) the juvenile board shall determine the actual cost each day of the program based on the board's annual audit.

(h) To the extent of a conflict between this section and Section 37.007, Section 37.007 prevails.

§ 37.0082. Assessment of academic growth of students in disciplinary alternative education programs.

(a) To assess a student's academic growth during placement in a disciplinary alternative education program, a school district shall administer to a student placed in a program for a period of 90 school days or longer an assessment instrument approved by the commissioner for that purpose. The instrument shall be administered:

   (1) initially on placement of the student in the program; and
   (2) subsequently on the date of the student's departure from the program, or as near that date as possible.

(b) The assessment instrument required by this section:

   (1) must be designed to assess at least a student's basic skills in reading and mathematics;
   (2) may be:
      (A) comparable to any assessment instrument generally administered to students placed in juvenile justice alternative education programs for a similar purpose; or
      (B) based on an appropriate alternative assessment instrument developed by the agency to measure student academic growth; and
   (3) is in addition to the assessment instruments required to be administered under Chapter 39.

(c) The commissioner shall adopt rules necessary to implement this section.

§ 37.009. Conference; hearing; review.

(a) Not later than the third class day after the day on which a student is removed from class by the teacher under Section 37.002(b) or (d) or by the school principal or other appropriate administrator under Section 37.001(a)(2) or 37.006, the campus behavior coordinator or other appropriate administrator shall
schedule a conference among the campus behavior coordinator or other appropriate administrator, a parent or guardian of the student, the teacher removing the student from class, if any, and the student. At the conference, the student is entitled to written or oral notice of the reasons for the removal, an explanation of the basis for the removal, and an opportunity to respond to the reasons for the removal. The student may not be returned to the regular classroom pending the conference. Following the conference, and whether or not each requested person is in attendance after valid attempts to require the person's attendance, the campus behavior coordinator, after consideration of the factors under Section 37.001(a)(4), shall order the placement of the student for a period consistent with the student code of conduct. Before ordering the suspension, expulsion, removal to a disciplinary alternative education program, or placement in a juvenile justice alternative education program of a student, the behavior coordinator must consider whether the student acted in self-defense, the intent or lack of intent at the time the student engaged in the conduct, the student's disciplinary history, and whether the student has a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct, regardless of whether the decision of the behavior coordinator concerns a mandatory or discretionary action. If school district policy allows a student to appeal to the board of trustees or the board's designee a decision of the campus behavior coordinator or other appropriate administrator, other than an expulsion under Section 37.007, the decision of the board or the board's designee is final and may not be appealed. If the period of the placement is inconsistent with the guidelines included in the student code of conduct under Section 37.001(a)(5), the order must give notice of the inconsistency. The period of the placement may not exceed one year unless, after a review, the district determines that the student is a threat to the safety of other students or to district employees.

(b) If a student's placement in a disciplinary alternative education program is to extend beyond 60 days or the end of the next grading period, whichever is earlier, a student's parent or guardian is entitled to notice of and an opportunity to participate in a proceeding before the board of trustees of the school district or the board's designee, as provided by policy of the board of trustees of the district. Any decision of the board or the board's designee under this subsection is final and may not be appealed.

(c) Before it may place a student in a disciplinary alternative education program for a period that extends beyond the end of the school year, the board or the board's designee must determine that:

1. the student's presence in the regular classroom program or at the student's regular campus presents a danger of physical harm to the student or to another individual; or
2. the student has engaged in serious or persistent misbehavior that violates the district's student code of conduct.

(d) The board or the board's designee shall set a term for a student's placement in a disciplinary alternative education program. If the period of the placement is inconsistent with the guidelines included in the student code of conduct under Section 37.001(a)(5), the order must give notice of the inconsistency. The period of the placement may not exceed one year unless, after a review, the district determines that:

1. the student is a threat to the safety of other students or to district employees; or
2. extended placement is in the best interest of the student.

(e) A student placed in a disciplinary alternative education program shall be provided a review of the student's status, including a review of the student's academic status, by the board's designee at intervals not to exceed 120 days. In the case of a high school student, the board's designee, with the student's parent or guardian, shall review the student's progress towards meeting high school graduation requirements and shall establish a specific graduation plan for the student. The district is not required under this subsection to provide a course in the district's disciplinary alternative education program except as required by Section 37.008(l). At the review, the student or the student's parent or guardian must be given the opportunity to present arguments for the student's return to the regular classroom or campus.
The student may not be returned to the classroom of the teacher who removed the student without that teacher's consent. The teacher may not be coerced to consent.

(f) Before a student may be expelled under Section 37.007, the board or the board's designee must provide the student a hearing at which the student is afforded appropriate due process as required by the federal constitution and which the student's parent or guardian is invited, in writing, to attend. At the hearing, the student is entitled to be represented by the student's parent or guardian or another adult who can provide guidance to the student and who is not an employee of the school district. If the school district makes a good-faith effort to inform the student and the student's parent or guardian of the time and place of the hearing, the district may hold the hearing regardless of whether the student, the student's parent or guardian, or another adult representing the student attends. Before ordering the expulsion of a student, the board of trustees must consider whether the student acted in self-defense, the intent or lack of intent at the time the student engaged in the conduct, the student's disciplinary history, and whether the student has a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct, regardless of whether the decision of the board concerns a mandatory or discretionary action. If the decision to expel a student is made by the board's designee, the decision may be appealed to the board. The decision of the board may be appealed by trial de novo to a district court of the county in which the school district's central administrative office is located.

(g) The board or the board's designee shall deliver to the student and the student's parent or guardian a copy of the order placing the student in a disciplinary alternative education program under Section 37.001, 37.002, or 37.006 or expelling the student under Section 37.007.

(h) If the period of an expulsion is inconsistent with the guidelines included in the student code of conduct under Section 37.001(a)(5), the order must give notice of the inconsistency. The period of an expulsion may not exceed one year unless, after a review, the district determines that:

1. the student is a threat to the safety of other students or to district employees; or
2. extended placement is in the best interest of the student. After a school district notifies the parents or guardians of a student that the student has been expelled, the parent or guardian shall provide adequate supervision of the student during the period of expulsion.

(i) If a student withdraws from the district before an order for placement in a disciplinary alternative education program or expulsion is entered under this section, the principal or board, as appropriate, may complete the proceedings and enter an order. If the student subsequently enrolls in the district during the same or subsequent school year, the district may enforce the order at that time except for any period of the placement or expulsion that has been served by the student on enrollment in another district that honored the order. If the principal or board fails to enter an order after the student withdraws, the next district in which the student enrolls may complete the proceedings and enter an order.

(j) If, during the term of a placement or expulsion ordered under this section, a student engages in additional conduct for which placement in a disciplinary alternative education program or expulsion is required or permitted, additional proceedings may be conducted under this section regarding that conduct and the principal or board, as appropriate, may enter an additional order as a result of those proceedings.

§ 37.010. Court involvement.
(a) Not later than the second business day after the date a hearing is held under Section 37.009, the board of trustees of a school district or the board's designee shall deliver a copy of the order placing a student in a disciplinary alternative education program under Section 37.006 or expelling a student under Section 37.007 and any information required under Section 52.04, Family Code, to the authorized officer of the juvenile court in the county in which the student resides. In a county that operates a program under Section 37.011, an expelled student shall to the extent provided by law or by the memorandum of understanding immediately attend the educational program from the date of expulsion, except that in a
county with a population greater than 125,000, every expelled student who is not detained or receiving treatment under an order of the juvenile court must be enrolled in an educational program.

(b) If a student is expelled under Section 37.007(c), the board or its designee shall refer the student to the authorized officer of the juvenile court for appropriate proceedings under Title 3, Family Code.

(c) Unless the juvenile board for the county in which the district's central administrative office is located has entered into a memorandum of understanding with the district's board of trustees concerning the juvenile probation department's role in supervising and providing other support services for students in disciplinary alternative education programs, a court may not order a student expelled under Section 37.007 to attend a regular classroom, a regular campus, or a school district disciplinary alternative education program as a condition of probation.

(d) Unless the juvenile board for the county in which the district's central administrative office is located has entered into a memorandum of understanding as described by Subsection (c), if a court orders a student to attend a disciplinary alternative education program as a condition of probation once during a school year and the student is referred to juvenile court again during that school year, the juvenile court may not order the student to attend a disciplinary alternative education program in a district without the district's consent until the student has successfully completed any sentencing requirements the court imposes.

(e) Any placement in a disciplinary alternative education program by a court under this section must prohibit the student from attending or participating in school-sponsored or school-related activities.

(f) If a student is expelled under Section 37.007, on the recommendation of the committee established under Section 37.003 or on its own initiative, a district may readmit the student while the student is completing any court disposition requirements the court imposes. After the student has successfully completed any court disposition requirements the court imposes, including conditions of a deferred prosecution ordered by the court, or such conditions required by the prosecutor or probation department, if the student meets the requirements for admission into the public schools established by this title, a district may not refuse to admit the student, but the district may place the student in the disciplinary alternative education program. Notwithstanding Section 37.002(d), the student may not be returned to the classroom of the teacher under whose supervision the offense occurred without that teacher's consent. The teacher may not be coerced to consent.

(g) If an expelled student enrolls in another school district, the board of trustees of the district that expelled the student shall provide to the district in which the student enrolls, at the same time other records of the student are provided, a copy of the expulsion order and the referral to the authorized officer of the juvenile court. The district in which the student enrolls may continue the expulsion under the terms of the order, may place the student in a disciplinary alternative education program for the period specified by the expulsion order, or may allow the student to attend regular classes without completing the period of expulsion. A district may take any action permitted by this subsection if the student was expelled by a school district in another state if:

(1) the out-of-state district provides to the district a copy of the expulsion order; and
(2) the grounds for the expulsion are also grounds for expulsion in the district in which the student is enrolling.

(g-1) If a student was expelled by a school district in another state for a period that exceeds one year and a school district in this state continues the expulsion or places the student in a disciplinary alternative education program under Subsection (g), the district shall reduce the period of the expulsion or placement so that the aggregate period does not exceed one year unless, after a review, the district determines that:

(1) the student is a threat to the safety of other students or to district employees; or
(2) extended placement is in the best interest of the student.
(h) A person is not liable in civil damages for a referral to juvenile court as required by this section.

§ 37.011. Juvenile justice alternative education program.

(a) The juvenile board of a county with a population greater than 125,000 shall develop a juvenile justice alternative education program, subject to the approval of the Texas Juvenile Justice Department. The juvenile board of a county with a population of 125,000 or less may develop a juvenile justice alternative education program. For the purposes of this subchapter, only a disciplinary alternative education program operated under the authority of a juvenile board of a county is considered a juvenile justice alternative education program. A juvenile justice alternative education program in a county with a population of 125,000 or less:

(1) is not required to be approved by the department; and
(2) is not subject to Subsection (c), (d), (f), or (g).

(a-1) For purposes of this section and Section 37.010(a), a county with a population greater than 125,000 is considered to be a county with a population of 125,000 or less if:

(1) the county had a population of 125,000 or less according to the 2000 federal census; and
(2) the juvenile board of the county enters into, with the approval of the Texas Juvenile Justice Department, a memorandum of understanding with each school district within the county that:

(A) outlines the responsibilities of the board and school districts in minimizing the number of students expelled without receiving alternative educational services; and
(B) includes the coordination procedures required by Section 37.013.

(a-2) For purposes of this section and Section 37.010(a), a county with a population greater than 125,000 is considered to be a county with a population of 125,000 or less if the county:

(1) has a population of 180,000 or less;
(2) is adjacent to two counties, each of which has a population of more than 1.7 million; and
(3) has seven or more school districts located wholly within the county's boundaries.

(a-3) For purposes of this section and Section 37.010(a), a county with a population greater than 125,000 is considered to be a county with a population of 125,000 or less if the county:

(1) has a population of more than 200,000 and less than 220,000;
(2) has five or more school districts located wholly within the county's boundaries; and
(3) has located in the county a juvenile justice alternative education program that, on May 1, 2011, served fewer than 15 students.

(a-4) A school district located in a county considered to be a county with a population of 125,000 or less under Subsection (a-3) shall provide educational services to a student who is expelled from school under this chapter. The district is entitled to count the student in the district's average daily attendance for purposes of receipt of state funds under the Foundation School Program. An educational placement under this section may include:

(1) the district's disciplinary alternative education program; or
(2) a contracted placement with:

(A) another school district;
(B) an open-enrollment charter school;
(C) an institution of higher education;
(D) an adult literacy council; or
(E) a community organization that can provide an educational program that allows the student to complete the credits required for high school graduation.

(a-5) For purposes of Subsection (a-4), an educational placement other than a school district's disciplinary alternative education program is subject to the educational and certification requirements applicable to an open-enrollment charter school under Subchapter D, Chapter 12.

(b) If a student admitted into the public schools of a school district under Section 25.001(b) is expelled from school for conduct for which expulsion is required under Section 37.007(a), (d), or (e), or for conduct that contains the elements of the offense of terroristic threat as described by Section 22.07(c-1), (d), or (e), Penal Code, the juvenile court, the juvenile board, or the juvenile board's designee, as appropriate, shall:

(1) if the student is placed on probation under Section 54.04, Family Code, order the student to attend the juvenile justice alternative education program in the county in which the student resides from the date of disposition as a condition of probation, unless the child is placed in a post-adjudication treatment facility;

(2) if the student is placed on deferred prosecution under Section 53.03, Family Code, by the court, prosecutor, or probation department, require the student to immediately attend the juvenile justice alternative education program in the county in which the student resides for a period not to exceed six months as a condition of the deferred prosecution;

(3) in determining the conditions of the deferred prosecution or court-ordered probation, consider the length of the school district's expulsion order for the student; and

(4) provide timely educational services to the student in the juvenile justice alternative education program in the county in which the student resides, regardless of the student's age or whether the juvenile court has jurisdiction over the student.

(b-1) Subsection (b)(4) does not require that educational services be provided to a student who is not entitled to admission into the public schools of a school district under Section 25.001(b).

(c) A juvenile justice alternative education program shall adopt a student code of conduct in accordance with Section 37.001.

(d) A juvenile justice alternative education program must focus on English language arts, mathematics, science, social studies, and self-discipline. Each school district shall consider course credit earned by a student while in a juvenile justice alternative education program as credit earned in a district school. Each program shall administer assessment instruments under Subchapter B, Chapter 39, and shall offer a high school equivalency program. The juvenile board or the board's designee, with the parent or guardian of each student, shall regularly review the student's academic progress. In the case of a high school student, the board or the board's designee, with the student's parent or guardian, shall review the student's progress towards meeting high school graduation requirements and shall establish a specific graduation plan for the student. The program is not required to provide a course necessary to fulfill a student's high school graduation requirements other than a course specified by this subsection.

(e) A juvenile justice alternative education program may be provided in a facility owned by a school district. A school district may provide personnel and services for a juvenile justice alternative education program under a contract with the juvenile board.

(f) A juvenile justice alternative education program must operate at least seven hours per day and 180 days per year, except that a program may apply to the Texas Juvenile Justice Department for a waiver of the 180-day requirement. The department may not grant a waiver to a program under this subsection for a number of days that exceeds the highest number of instructional days waived by the commissioner during the same school year for a school district served by the program.
(g) A juvenile justice alternative education program shall be subject to a written operating policy developed by the local juvenile justice board and submitted to the Texas Juvenile Justice Department for review and comment. A juvenile justice alternative education program is not subject to a requirement imposed by this title, other than a reporting requirement or a requirement imposed by this chapter or by Chapter 39 or 39A.

(h) Academically, the mission of juvenile justice alternative education programs shall be to enable students to perform at grade level. For purposes of accountability under Chapters 39 and 39A, a student enrolled in a juvenile justice alternative education program is reported as if the student were enrolled at the student's assigned campus in the student's regularly assigned education program, including a special education program. Annually the Texas Juvenile Justice Department, with the agreement of the commissioner, shall develop and implement a system of accountability consistent with Chapters 39 and 39A, where appropriate, to assure that students make progress toward grade level while attending a juvenile justice alternative education program. The department shall adopt rules for the distribution of funds appropriated under this section to juvenile boards in counties required to establish juvenile justice alternative education programs. Except as determined by the commissioner, a student served by a juvenile justice alternative education program on the basis of an expulsion required under Section 37.007(a), (d), or (e) is not eligible for Foundation School Program funding under Chapter 31 or 48 if the juvenile justice alternative education program receives funding from the department under this subchapter.

(i) A student transferred to a juvenile justice alternative education program must participate in the program for the full period ordered by the juvenile court unless the student's school district agrees to accept the student before the date ordered by the juvenile court. The juvenile court may not order a period of transfer under this section that exceeds the term of any probation ordered by the juvenile court.

(j) In relation to the development and operation of a juvenile justice alternative education program, a juvenile board and a county and a commissioners court are immune from liability to the same extent as a school district, and the juvenile board's or county's professional employees and volunteers are immune from liability to the same extent as a school district's professional employees and volunteers.

(k) Each school district in a county with a population greater than 125,000 and the county juvenile board shall annually enter into a joint memorandum of understanding that:

1. outlines the responsibilities of the juvenile board concerning the establishment and operation of a juvenile justice alternative education program under this section;
2. defines the amount and conditions on payments from the school district to the juvenile board for students of the school district served in the juvenile justice alternative education program whose placement was not made on the basis of an expulsion required under Section 37.007(a), (d), or (e);
3. establishes that a student may be placed in the juvenile justice alternative education program if the student engages in serious misbehavior, as defined by Section 37.007(c);
4. identifies and requires a timely placement and specifies a term of placement for expelled students for whom the school district has received a notice under Section 52.041(d), Family Code;
5. establishes services for the transitioning of expelled students to the school district prior to the completion of the student's placement in the juvenile justice alternative education program;
6. establishes a plan that provides transportation services for students placed in the juvenile justice alternative education program;
7. establishes the circumstances and conditions under which a juvenile may be allowed to remain in the juvenile justice alternative education program setting once the juvenile is no longer under juvenile court jurisdiction; and
8. establishes a plan to address special education services required by law.
(l) The school district shall be responsible for providing an immediate educational program to students who engage in behavior resulting in expulsion under Section 37.007(b) and (f) but who are not eligible for admission into the juvenile justice alternative education program in accordance with the memorandum of understanding required under this section. The school district may provide the program or the school district may contract with a county juvenile board, a private provider, or one or more other school districts to provide the program. The memorandum of understanding shall address the circumstances under which such students who continue to engage in serious misbehavior, as defined by Section 37.007(c), shall be admitted into the juvenile justice alternative education program.

(m) Each school district in a county with a population greater than 125,000 and the county juvenile board shall adopt a joint memorandum of understanding as required by this section not later than September 1 of each school year.

(n) If a student who is ordered to attend a juvenile justice alternative education program moves from one county to another, the juvenile court may request the juvenile justice alternative education program in the county to which the student moves to provide educational services to the student in accordance with the local memorandum of understanding between the school district and juvenile board in the receiving county.

(o) In relation to the development and operation of a juvenile justice alternative education program, a juvenile board and a county and a commissioners court are immune from liability to the same extent as a school district, and the juvenile board’s or county’s employees and volunteers are immune from liability to the same extent as a school district’s employees and volunteers.

(p) If a district elects to contract with the juvenile board for placement in the juvenile justice alternative education program of students expelled under Section 37.007(b), (c), and (f) and the juvenile board and district are unable to reach an agreement in the memorandum of understanding, either party may request that the issues of dispute be referred to a binding arbitration process that uses a qualified alternative dispute resolution arbitrator in which each party will pay its pro rata share of the arbitration costs. Each party must submit its final proposal to the arbitrator. If the parties cannot agree on an arbitrator, the juvenile board shall select an arbitrator, the school districts shall select an arbitrator, and those two arbitrators shall select an arbitrator who will decide the issues in dispute. An arbitration decision issued under this subsection is enforceable in a court in the county in which the juvenile justice alternative education program is located. Any decision by an arbitrator concerning the amount of the funding for a student who is expelled and attending a juvenile justice alternative education program must provide an amount sufficient based on operation of the juvenile justice alternative education program in accordance with this chapter. In determining the amount to be paid by a school district for an expelled student enrolled in a juvenile justice alternative education program, the arbitrator shall consider the relevant factors, including evidence of:

1. the actual average total per student expenditure in the district’s alternative education setting;
2. the expected per student cost in the juvenile justice alternative education program as described and agreed on in the memorandum of understanding and in compliance with this chapter; and
3. the costs necessary to achieve the accountability goals under this chapter.

(q) In accordance with rules adopted by the board of trustees for the Teacher Retirement System of Texas, a certified educator employed by a juvenile board in a juvenile justice alternative education program shall be eligible for membership and participation in the system to the same extent that an employee of a public school district is eligible. The juvenile board shall make any contribution that otherwise would be the responsibility of the school district if the person were employed by the school district, and the state shall make any contribution to the same extent as if the person were employed by a school district.
§ 37.012. Funding of juvenile justice alternative education programs.
(a) Subject to Section 37.011(n), the school district in which a student is enrolled on the date the student is expelled for conduct for which expulsion is permitted but not required under Section 37.007 shall, if the student is served by the juvenile justice alternative education program, provide funding to the juvenile board for the portion of the school year for which the juvenile justice alternative education program provides educational services in an amount determined by the memorandum of understanding under Section 37.011(k)(2).
(b) Funds received under this section must be expended on juvenile justice alternative education programs.
(c) The Office of State-Federal Relations shall assist a local juvenile probation department in identifying additional state or federal funds to assist local juvenile probation departments conducting educational or job training programs within juvenile justice alternative education programs.
(d) A school district is not required to provide funding to a juvenile board for a student who is assigned by a court to a juvenile justice alternative education program but who has not been expelled.
(e) Except as otherwise authorized by law, a juvenile justice alternative education program may not require a student or the parent or guardian of a student to pay any fee, including an entrance fee or supply fee, for participating in the program.

§ 37.019. Emergency placement or expulsion.
(a) This subchapter does not prevent the principal or the principal's designee from ordering the immediate placement of a student in a disciplinary alternative education program if the principal or the principal's designee reasonably believes the student's behavior is so unruly, disruptive, or abusive that it seriously interferes with a teacher's ability to communicate effectively with the students in a class, with the ability of the student's classmates to learn, or with the operation of school or a school-sponsored activity.
(b) This subchapter does not prevent the principal or the principal's designee from ordering the immediate expulsion of a student if the principal or the principal's designee reasonably believes that action is necessary to protect persons or property from imminent harm.
(c) At the time of an emergency placement or expulsion, the student shall be given oral notice of the reason for the action. The reason must be a reason for which placement in a disciplinary alternative education program or expulsion may be made on a nonemergency basis. Within a reasonable time after the emergency placement or expulsion, but not later than the 10th day after the date of the placement or expulsion, the student shall be accorded the appropriate due process as required under Section 37.009. If the student subject to the emergency placement or expulsion is a student with disabilities who receives special education services, the emergency placement or expulsion is subject to federal law and regulations and must be consistent with the consequences that would apply under this subchapter to a student without a disability.
(d) A principal or principal's designee is not liable in civil damages for an emergency placement under this section.

§ 37.021. Opportunity to complete courses during in-school and certain other placements.
(a) If a school district removes a student from the regular classroom and places the student in in-school suspension or another setting other than a disciplinary alternative education program, the district shall offer the student the opportunity to complete before the beginning of the next school year each course in which the student was enrolled at the time of the removal.
(b) The district may provide the opportunity to complete courses by any method available, including a correspondence course, distance learning, or summer school.
§ 37.022. Notice of disciplinary action.

(a) In this section:

(1) "Disciplinary action" means a suspension, expulsion, placement in an alternative education program, or other limitation in enrollment eligibility of a student by a district or school.

(2) "District or school" includes an independent school district, a home-rule school district, a campus or campus program charter holder, or an open-enrollment charter school.

(b) If a district or school takes disciplinary action against a student and the student subsequently enrolls in another district or school before the expiration of the period of disciplinary action, the governing body of the district or school taking the disciplinary action shall provide to the district or school in which the student enrolls, at the same time other records of the student are provided, a copy of the order of disciplinary action.

(c) Subject to Section 37.007(e), the district or school in which the student enrolls may continue the disciplinary action under the terms of the order or may allow the student to attend regular classes without completing the period of disciplinary action.

§ 37.023. Transition from alternative education program to regular classroom.

(a) In this section:

(1) "Alternative education program" includes:

(A) a disciplinary alternative education program operated by a school district or open-enrollment charter school;

(B) a juvenile justice alternative education program; and

(C) a residential program or facility operated by or under contract with the Texas Juvenile Justice Department, a juvenile board, or any other governmental entity.

(2) "Licensed clinical social worker" has the meaning assigned by Section 505.002, Occupations Code.

(b) As soon as practicable after an alternative education program determines the date of a student's release from the program, the alternative education program administrator shall:

(1) provide written notice of that date to:

(A) the student's parent or a person standing in parental relation to the student; and

(B) the administrator of the campus to which the student intends to transition; and

(2) provide the campus administrator:

(A) an assessment of the student's academic growth while attending the alternative education program; and

(B) the results of any assessment instruments administered to the student.

(c) Not later than five instructional days after the date of a student's release from an alternative education program, the campus administrator shall coordinate the student's transition to a regular classroom. The coordination must include assistance and recommendations from:

(1) school counselors;

(2) school district peace officers;

(3) school resource officers;

(4) licensed clinical social workers;

(5) campus behavior coordinators;

(6) classroom teachers who are or may be responsible for implementing the student's personalized transition plan developed under Subsection (d); and
(7) any other appropriate school district personnel.

§ 37.115. Threat assessment and safe and supportive school program and team.

(a) In this section:

(1) “Harmful, threatening, or violent behavior” includes behaviors, such as verbal threats, threats of self harm, bullying, cyberbullying, fighting, the use or possession of a weapon, sexual assault, sexual harassment, dating violence, stalking, or assault, by a student that could result in:

(A) specific interventions, including mental health or behavioral supports;

(B) in-school suspension;

(C) out-of-school suspension; or

(D) the student's expulsion or removal to a disciplinary alternative education program or a juvenile justice alternative education program. [...] 

(k) A team must report to the agency in accordance with guidelines developed by the agency the following information regarding the team's activities and other information for each school district campus the team serves:

(4) the total number, disaggregated by student gender, race, and status as receiving special education services, being at risk of dropping out of school, being in foster care, experiencing homelessness, being a dependent of military personnel, being pregnant or a parent, having limited English proficiency, or being a migratory child, of, in connection with an assessment or reported threat by the team:

(D) changes in school placement, including placement in a juvenile justice alternative education program or disciplinary alternative education program.

(b) A school district board of trustees or an educator shall recommend placing in a disciplinary alternative education program any student under the person's control who violates Subsection (a).

(c) An offense under this section is a Class C misdemeanor.

(d) In this section, "public school fraternity, sorority, secret society, or gang" means an organization composed wholly or in part of students of public primary or secondary schools that seeks to perpetuate itself by taking in additional members from the students enrolled in school on the basis of the decision of its membership rather than on the free choice of a student in the school who is qualified by the rules of the school to fill the special aims of the organization. The term does not include an agency for public welfare, including Boy Scouts, Hi-Y, Girl Reserves, DeMolay, Rainbow Girls, Pan-American Clubs, scholarship societies, or other similar educational organizations sponsored by state or national education authorities.

§ 25.0915. Truancy prevention measures.

(a) A school district shall adopt truancy prevention measures designed to:

   (1) address student conduct related to truancy in the school setting before the student engages in conduct described by Section 65.003(a), Family Code; and

   (2) minimize the need for referrals to truancy court for conduct described by Section 65.003(a), Family Code.

(a-1) As a truancy prevention measure under Subsection (a), a school district shall take one or more of the following actions:

   (1) impose:
(A) a behavior improvement plan on the student that must be signed by an employee of the school, that the school district has made a good faith effort to have signed by the student and the student's parent or guardian, and that includes:
   (i) a specific description of the behavior that is required or prohibited for the student;
   (ii) the period for which the plan will be effective, not to exceed 45 school days after the date the contract becomes effective; or

   (2) refer the student to counseling, mediation, mentoring, a teen court program, community-based services, or other in-school or out-of-school services aimed at addressing the student's truancy.

(a-2) A referral made under Subsection (a-1)(2) may include participation by the child's parent or guardian if necessary.

(a-3) A school district shall offer additional counseling to a student and may not refer the student to truancy court if the school determines that the student's truancy is the result of:
   (1) pregnancy;
   (2) being in the state foster program;
   (3) homelessness; or
   (4) being the principal income earner for the student's family.

(a-4) If a student fails to attend school without excuse on three or more days or parts of days within a four-week period but does not fail to attend school for the time described by Section 25.0951(a), the school district shall initiate truancy prevention measures under this section on the student.

(b) Each referral to truancy court for conduct described by Section 65.003(a), Family Code, must:

      (B) the truancy prevention measures failed to meaningfully address the student's school attendance; and
   (2) specify whether the student is eligible for or receives special education services under Subchapter A, Chapter 29.

   (4) is otherwise substantively defective.

(d) Except as provided by Subsection (e), a school district shall employ a truancy prevention facilitator or juvenile case manager to implement the truancy prevention measures required by this section and any other effective truancy prevention measures as determined by the school district or campus. At least annually, the truancy prevention facilitator shall meet to discuss effective truancy prevention measures with a case manager or other individual designated by a truancy court to provide services to students of the school district in truancy cases.
(e) Instead of employing a truancy prevention facilitator, a school district may designate an existing district employee or juvenile case manager to implement the truancy prevention measures required by this section and any other effective truancy prevention measures as determined by the school district or campus.

(f) The agency shall adopt rules:

(1) creating minimum standards for truancy prevention measures adopted by a school district under this section; and

(2) request a conference between school officials and the parent to discuss the absences.

(c) The fact that a parent did not receive a notice under Subsection (a) or (b) does not create a defense under Section 25.093 or under Section 65.003(a), Family Code.

(d) In this section, "parent" includes a person standing in parental relation.

§ 25.0951. School district complaint or referral for failure to attend school.

(b) If a student fails to attend school without excuse as specified by Subsection (a), a school district may file a complaint against the student's parent in a county, justice, or municipal court for an offense under Section 25.093 if the school district provides evidence of the parent's criminal negligence.

In this subsection, "parent" includes a person standing in parental relation.

(c) A court shall dismiss a complaint made by a school district under Subsection (b) that:

(1) does not comply with this section;

(2) does not allege the elements required for the offense;

(4) is otherwise substantively defective.

(d) Notwithstanding Subsection (a), a school district may delay a referral of a student for truant conduct, or may choose to not refer a student for truant conduct, if the school district:
(1) is applying truancy prevention measures to the student under Section 25.0915; and
(2) determines that the truancy prevention measures are succeeding and it is in the best interest of the student that a referral be delayed or not be made.

REGULATIONS

19 TAC 129.21. Requirements for student attendance accounting for state funding purposes.

(h) Attendance for all grades must be determined by the absences recorded at the official attendance-taking time during the campus's instructional day, unless the local school board adopts a district policy, or delegates to the superintendent the authority to establish procedures, for recording absences in an alternative hour, or unless the students for which attendance is being taken are enrolled in and participating in an alternative attendance accounting program approved by the commissioner.

(1) Students enrolled on a half-day basis may earn only one half day of attendance each school day. Attendance is determined for these pupils by recording absences in a period during the half day that they are scheduled to be present. Students enrolled on a full-day basis may earn one full day of attendance each school day.

(2) Students who are enrolled in and participating in an alternative attendance accounting program approved by the commissioner will earn attendance according to the statutory and rule provisions applicable to that program.

(3) The established period in which absences are recorded may not be changed during the school year.

(4) Students absent at the time the attendance roll is taken, during the daily period selected, are counted absent for the entire day, unless the students are enrolled in and participating in an alternative attendance accounting program approved by the commissioner. Students present at the time the attendance roll is taken, during the daily period selected, are counted present for the entire day, unless the students are enrolled in and participating in an alternative attendance accounting program approved by the commissioner.

19 TAC 129.1049. Truancy reporting requirements.

Each school district and open-enrollment charter school shall report truancy data annually through the Texas Student Data System Public Education Information Management System to include:

(1) the number of children who are required to attend school under TEC, § 25.085, are not exempted under TEC, § 25.086, and fail to attend school without excuse for 10 or more days or parts of days within a 6-month period in the same school year;

(2) the number of students for whom the district initiates a truancy prevention measure under TEC, § 25.0915(a-4); and

(3) the number of parents of students against whom an attendance officer or other appropriate school official has filed a complaint under TEC, § 25.093.

The minimum standards for the truancy prevention measure(s) implemented by a school district under Texas Education Code, § 25.0915, include:

(1) identifying the root cause of the student's unexcused absences and actions to address each cause;

(2) maintaining ongoing communication with students and parents on the actions to be taken to improve attendance;

(3) establishing reasonable timelines for completion of the truancy prevention measure; and
(4) establishing procedures to notify the admission, review, and dismissal committee or the Section 504 committee of attendance issues relating to a student with a disability and ensure that the committee considers whether the student's attendance issues warrant an evaluation, a reevaluation, and/or modifications to the student's individualized education program or Section 504 plan, as appropriate.

19 TAC 129.1045. Best practices.
(a) A school district shall consider the following best practices for truancy prevention measures.
   (1) Develop an attendance policy that clearly outlines requirements related to truancy in accordance with Texas Education Code (TEC), Chapter 25, Subchapter C, and communicate this information to parents at the beginning of the school year.
   (2) Create a culture of attendance that includes training staff to talk meaningfully with students and parents about the attendance policy and the root causes of unexcused absences.
   (3) Create incentives for perfect attendance and improved attendance.
   (4) Educate students and their families on the positive impact of school attendance on performance.
   (5) Provide opportunities for students and parents to address causes of absence and/or truancy with district staff and link families to relevant community programs and support.
   (6) Develop collaborative partnerships, including planning, referral, and cross-training opportunities, between appropriate school staff, attendance officers, program-related liaisons, and external partners such as court representatives, community and faith-based organizations, state or locally funded community programs for truancy intervention or prevention, and law enforcement to assist students.
   (7) Determine root causes of unexcused absences and review campus- and district-level data on unexcused absences to identify systemic issues that affect attendance.
   (8) Use existing school programs such as Communities In Schools, 21st Century Community Learning Centers, Restorative Discipline, and Positive Behavior Interventions and Supports (PBIS) to provide students and their parents with services.
   (9) At the beginning of each school year, conduct a needs assessment and identify and list, or map, services and programs available within the school district and the community that a school, a student, or a student's parent or guardian may access to address the student's barriers to attendance and make the information available to staff, students, and parents. The information must include, but is not limited to:

(N) child welfare services and programs;
(O) other state or locally funded programs for truancy prevention and intervention; and
(P) other supportive services that are locally available for students and families through faith-based organizations, local governments, and community-based organizations.

(10) After identifying and listing, or mapping, services available in the district and community, school districts should target any new resources, programs, or services to gaps in services identified during the needs assessment.

(11) School districts should ensure that personnel, including truancy prevention facilitators or juvenile case managers, attendance officers, McKinney-Vento liaisons, foster care liaisons, Title IX coordinators, 504 coordinators, pregnancy and parenting coordinators, dropout prevention coordinators, special education staff, and other appropriate student services personnel, meet to contribute to the needs assessment, discuss opportunities to work together, and identify strategies to coordinate both internally and externally to address students' attendance barriers.

(b) In determining services offered to students identified in TEC, § 25.0915(a-3), a school district shall consider:

(1) offering an optional flexible school day program and evening and online alternatives;
(2) working with businesses that employ students to help students coordinate job and school responsibilities; and
(3) offering before school, after school, and/or Saturday prevention or intervention programs or services that implement best and promising practices.

(b) TEA may request that a school district provide documentation regarding its compliance with required truancy prevention measures in response to a complaint filed with the TEA. (c) A school district may request in writing an informal review of TEA's preliminary report of findings in accordance with § 157.1123 of this title (relating to Informal Review). Following the informal review, or if no informal review is requested by the deadline, a final report will be issued.

(d) The commissioner of education may implement any sanction listed in TEC, § 39.102(a), against a school district found to be out of compliance with TEC, § 25.0915, or this subchapter.

5. include procedures:
   A. to support the return of a student to school following hospitalization or residential treatment for a mental health condition or substance abuse; and  
   B. for suicide prevention, intervention, and postvention. 

(j) The practices and procedures developed under Subsection (i):

1. may address multiple areas listed in Subsection (c) together; and  
2. must prohibit the use without the prior consent of a student's parent or guardian of a medical screening of the student as part of the process of identifying whether the student is possibly in need of early mental health or substance abuse intervention or suicide prevention. [...]  

(n) Nothing in this section is intended to interfere with the rights of parents or guardians and the decision-making regarding the best interest of the child. Practices and procedures developed in accordance with this section are intended to notify a parent or guardian of a need for mental health or substance abuse intervention so that a parent or guardian may take appropriate action. Nothing in this section shall be construed as giving school districts the authority to prescribe medications. Any and all medical decisions are to be made by a parent or guardian of a student.

REGULATIONS

19 TAC 89.1053. Procedures for use of restraint and time-out.
(e) Documentation and notification on use of restraint. In a case in which restraint is used, school employees, volunteers, or independent contractors must implement the following documentation requirements.
   (1) On the day restraint is utilized, the campus administrator or designee must be notified verbally or in writing regarding the use of restraint.
   (2) On the day restraint is utilized, a good faith effort must be made to verbally notify the parent(s) regarding the use of restraint.
   (3) Written notification of the use of restraint must be placed in the mail or otherwise provided to the parent within one school day of the use of restraint.
   (4) Written documentation regarding the use of restraint must be placed in the student's special education eligibility folder in a timely manner so the information is available to the admission, review, and dismissal (ARD) committee when it considers the impact of the student's behavior on the student's learning and/or the creation or revision of a behavioral intervention plan (BIP).

Parental Notification

LAWS

§ 25.095. Warning notices.
(a) A school district or open-enrollment charter school shall notify a student's parent in writing at the beginning of the school year that if the student is absent from school on 10 or more days or parts of days within a six-month period in the same school year:
   (1) the student's parent is subject to prosecution under Section 25.093; and
   (2) the student is subject to referral to a truancy court for truant conduct under Section 65.003(a), Family Code.
(b) A school district shall notify a student's parent if the student has been absent from school, without excuse under Section 25.087, on three days or parts of days within a four-week period. The notice must:
   (1) inform the parent that:
       (A) it is the parent's duty to monitor the student's school attendance and require the student to attend school; and
       (B) the student is subject to truancy prevention measures under Section 25.0915; and
   (2) request a conference between school officials and the parent to discuss the absences.
(c) The fact that a parent did not receive a notice under Subsection (a) or (b) does not create a defense under Section 25.093 or under Section 65.003(a), Family Code.
(d) In this section, "parent" includes a person standing in parental relation.

§ 37.001. Student code of conduct.
(a) The board of trustees of an independent school district shall, with the advice of its district-level committee established under Subchapter F, Chapter 11, adopt a student code of conduct for the district. The student code of conduct must be posted and prominently displayed at each school campus or made available for review at the office of the campus principal. In addition to establishing standards for student conduct, the student code of conduct must:
   (6) address the notification of a student's parent or guardian of a violation of the student code of conduct committed by the student that results in suspension, removal to a disciplinary alternative education program, or expulsion. […]
(d) Each school year, a school district shall provide parents notice of and information regarding the student code of conduct.

§ 37.0012. Designation of campus behavior coordinator.
(d) The campus behavior coordinator shall promptly notify a student's parent or guardian as provided by this subsection if under this subchapter the student is placed into in-school or out-of-school suspension,
placed in a disciplinary alternative education program, expelled, or placed in a juvenile justice alternative education program or is taken into custody by a law enforcement officer. A campus behavior coordinator must comply with this subsection by:

(1) promptly contacting the parent or guardian by telephone or in person; and
(2) making a good faith effort to provide written notice of the disciplinary action to the student, on the day the action is taken, for delivery to the student's parent or guardian.

§ 37.008. Disciplinary alternative education programs.
(i-1) A school district shall provide the parents of a student removed to a disciplinary alternative education program with written notice of the district's obligation under Subsection (l) to provide the student with an opportunity to complete coursework required for graduation. The notice must:
(1) include information regarding all methods available for completing the coursework; and
(2) state that the methods are available at no cost to the student.

§ 37.009. Conference; hearing; review.
(a) Not later than the third class day after the day on which a student is removed from class by the teacher under Section 37.002(b) or (d) or by the school principal or other appropriate administrator under Section 37.001(a)(2) or 37.006, the campus behavior coordinator or other appropriate administrator shall schedule a conference among the campus behavior coordinator or other appropriate administrator, a parent or guardian of the student, the teacher removing the student from class, if any, and the student. At the conference, the student is entitled to written or oral notice of the reasons for the removal, an explanation of the basis for the removal, and an opportunity to respond to the reasons for the removal. The student may not be returned to the regular classroom pending the conference. Following the conference, and whether or not each requested person is in attendance after valid attempts to require the person's attendance, the campus behavior coordinator, after consideration of the factors under Section 37.001(a)(4), shall order the placement of the student for a period consistent with the student code of conduct. Before ordering the suspension, expulsion, removal to a disciplinary alternative education program, or placement in a juvenile justice alternative education program of a student, the behavior coordinator must consider whether the student acted in self-defense, the intent or lack of intent at the time the student engaged in the conduct, the student's disciplinary history, and whether the student has a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct, regardless of whether the decision of the behavior coordinator concerns a mandatory or discretionary action. If school district policy allows a student to appeal to the board of trustees or the board's designee a decision of the campus behavior coordinator or other appropriate administrator, other than an expulsion under Section 37.007, the decision of the board or the board's designee is final and may not be appealed. If the period of the placement is inconsistent with the guidelines included in the student code of conduct under Section 37.001(a)(5), the order must give notice of the inconsistency. The period of the placement may not exceed one year unless, after a review, the district determines that the student is a threat to the safety of other students or to district employees.
(b) If a student's placement in a disciplinary alternative education program is to extend beyond 60 days or the end of the next grading period, whichever is earlier, a student's parent or guardian is entitled to notice of and an opportunity to participate in a proceeding before the board of trustees of the school district or the board's designee, as provided by policy of the board of trustees of the district. Any decision of the board or the board's designee under this subsection is final and may not be appealed.
(c) Before it may place a student in a disciplinary alternative education program for a period that extends beyond the end of the school year, the board or the board's designee must determine that:
(1) the student's presence in the regular classroom program or at the student's regular campus presents a danger of physical harm to the student or to another individual; or

(2) the student has engaged in serious or persistent misbehavior that violates the district's student code of conduct.

(d) The board or the board's designee shall set a term for a student's placement in a disciplinary alternative education program. If the period of the placement is inconsistent with the guidelines included in the student code of conduct under Section 37.001(a)(5), the order must give notice of the inconsistency. The period of the placement may not exceed one year unless, after a review, the district determines that:

(1) the student is a threat to the safety of other students or to district employees; or

(2) extended placement is in the best interest of the student.

(e) A student placed in a disciplinary alternative education program shall be provided a review of the student's status, including a review of the student's academic status, by the board's designee at intervals not to exceed 120 days. In the case of a high school student, the board's designee, with the student's parent or guardian, shall review the student's progress towards meeting high school graduation requirements and shall establish a specific graduation plan for the student. The district is not required under this subsection to provide a course in the district's disciplinary alternative education program except as required by Section 37.008(l). At the review, the student or the student's parent or guardian must be given the opportunity to present arguments for the student's return to the regular classroom or campus. The student may not be returned to the classroom of the teacher who removed the student without that teacher's consent. The teacher may not be coerced to consent.

(f) Before a student may be expelled under Section 37.007, the board or the board's designee must provide the student a hearing at which the student is afforded appropriate due process as required by the federal constitution and which the student's parent or guardian is invited, in writing, to attend. At the hearing, the student is entitled to be represented by the student's parent or guardian or another adult who can provide guidance to the student and who is not an employee of the school district. If the school district makes a good-faith effort to inform the student and the student's parent or guardian of the time and place of the hearing, the district may hold the hearing regardless of whether the student, the student's parent or guardian, or another adult representing the student attends. Before ordering the expulsion of a student, the board of trustees must consider whether the student acted in self-defense, the intent or lack of intent at the time the student engaged in the conduct, the student's disciplinary history, and whether the student has a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct, regardless of whether the decision of the board concerns a mandatory or discretionary action. If the decision to expel a student is made by the board's designee, the decision may be appealed to the board. The decision of the board may be appealed by trial de novo to a district court of the county in which the school district's central administrative office is located.

(g) The board or the board's designee shall deliver to the student and the student's parent or guardian a copy of the order placing the student in a disciplinary alternative education program under Section 37.001, 37.002, or 37.006 or expelling the student under Section 37.007.

(h) If the period of an expulsion is inconsistent with the guidelines included in the student code of conduct under Section 37.001(a)(5), the order must give notice of the inconsistency. The period of an expulsion may not exceed one year unless, after a review, the district determines that:

(1) the student is a threat to the safety of other students or to district employees; or

(2) extended placement is in the best interest of the student. After a school district notifies the parents or guardians of a student that the student has been expelled, the parent or guardian shall provide adequate supervision of the student during the period of expulsion.
(i) If a student withdraws from the district before an order for placement in a disciplinary alternative education program or expulsion is entered under this section, the principal or board, as appropriate, may complete the proceedings and enter an order. If the student subsequently enrolls in the district during the same or subsequent school year, the district may enforce the order at that time except for any period of the placement or expulsion that has been served by the student on enrollment in another district that honored the order. If the principal or board fails to enter an order after the student withdraws, the next district in which the student enrolls may complete the proceedings and enter an order.

(j) If, during the term of a placement or expulsion ordered under this section, a student engages in additional conduct for which placement in a disciplinary alternative education program or expulsion is required or permitted, additional proceedings may be conducted under this section regarding that conduct and the principal or board, as appropriate, may enter an additional order as a result of those proceedings.

§ 37.0091. Notice to noncustodial parent.
(a) A noncustodial parent may request in writing that a school district or school, for the remainder of the school year in which the request is received, provide that parent with a copy of any written notification relating to student misconduct under Section 37.006 or 37.007 that is generally provided by the district or school to a student's parent or guardian.
(b) A school district or school may not unreasonably deny a request authorized by Subsection (a).
(c) Notwithstanding any other provision of this section, a school district or school shall comply with any applicable court order of which the district or school has knowledge.

§ 37.023. Transition from alternative education program to regular classroom.
(b) As soon as practicable after an alternative education program determines the date of a student's release from the program, the alternative education program administrator shall:
   (1) provide written notice of that date to:
       (A) the student's parent or a person standing in parental relation to the student. […]
(e) If practicable, the campus administrator, or the administrator's designee, shall meet with the student's parent or a person standing in parental relation to the student to coordinate plans for the student's transition.

§ 37.054. Parental notice, consent, and access to information.
(a) Before a student is admitted to a school-community guidance center, the administrator of the center must notify the student's parent or guardian that the student has been assigned to attend the center.
(b) The notification must include:
   (1) the reason that the student has been assigned to the center;
   (2) a statement that on request the parent or guardian is entitled to be fully informed in writing of any treatment method or testing program involving the student; and
   (3) a statement that the parent or guardian may request to be advised and to give written, signed consent for any psychological testing or treatment involving the student.
(c) If, after notification, a parent refuses to consent to testing or treatment of the student, the center may not provide any further psychological treatment or testing.
(d) A parent or guardian of a student attending a center is entitled to inspect:
   (1) any instructional or guidance material to be used by the student, including teachers' manuals, tapes, and films; and
   (2) the results of any treatment, testing, or guidance method involving the student.
(e) The administrator of the center may set a schedule for inspection of materials that allows reasonable access but does not interfere with the conduct of classes or business activities of the school.

§ 37.055. Parental involvement.
(a) On admitting a student to a school-community guidance center, a representative of the school district, the student, and the student's parent shall develop an agreement that specifies the responsibilities of the parent and the student. The agreement must include:
   (1) a statement of the student's behavioral and learning objectives;
   (2) a requirement that the parent attend specified meetings and conferences for teacher review of the student's progress; and
   (3) the parent's acknowledgement that the parent understands and accepts the responsibilities imposed by the agreement regarding attendance at meetings and conferences and assistance in meeting other objectives, defined by the district, to aid student remediation.
(b) The superintendent of the school district may obtain a court order from a district court in the school district requiring a parent to comply with an agreement made under this section. A parent who violates a court order issued under this subsection may be punished for contempt of court.
(c) In this section, "parent" includes a legal guardian.

§ 37.0832. Bullying prevention policies and procedures.
(c) The board of trustees of each school district shall adopt a policy, including any necessary procedures, concerning bullying that:
   (3) establishes a procedure for providing notice of an incident of bullying to:
      (A) a parent or guardian of the alleged victim on or before the third business day after the date the incident is reported; and
      (B) a parent or guardian of the alleged bully within a reasonable amount of time after the incident.

§ 37.144. Graduated sanctions for certain school offenses.
(a) A school district that commissions peace officers under Section 37.081 may develop a system of graduated sanctions that the school district may require to be imposed on a child before a complaint is filed under Section 37.145 against the child for a school offense that is an offense under Section 37.124 or 37.126 or under Section 42.01(a)(1), (2), (3), (4), or (5), Penal Code. A system adopted under this section must include multiple graduated sanctions. The system may require:
   (1) a warning letter to be issued to the child and the child's parent or guardian that specifically states the child's alleged school offense and explains the consequences if the child engages in additional misconduct;
   (2) a behavior contract with the child that must be signed by the child, the child's parent or guardian, and an employee of the school and that includes a specific description of the behavior that is required or prohibited for the child and the penalties for additional alleged school offenses, including additional disciplinary action or the filing of a complaint in a criminal court;
   (3) the performance of school-based community service by the child; and
   (4) the referral of the child to counseling, community-based services, or other in-school or out-of-school services aimed at addressing the child's behavioral problems.
(b) A referral made under Subsection (a)(4) may include participation by the child's parent or guardian if necessary.

§ 2.127. School marshals.
(a) Except as provided by Subsection (b), a school marshal may:
(1) make arrests and exercise all authority given peace officers under this code, subject to written regulations adopted by:
(A) the board of trustees of a school district or the governing body of an open-enrollment charter school under Section 37.0811, Education Code;
(B) the governing body of a private school under Section 37.0813, Education Code; or
(C) the governing board of a public junior college under Section 51.220, Education Code; and
(2) only act as necessary to prevent or abate the commission of an offense that threatens serious bodily injury or death of students, faculty, or visitors on school premises.

§ 37.0021. Use of confinement, restraint, seclusion, and time-out.
(h) This section and any rules or procedures adopted under this section apply to a peace officer only if the peace officer:
(1) is employed or commissioned by a school district; or
(2) provides, as a school resource officer, a regular police presence on a school district campus under a memorandum of understanding between the district and a local law enforcement agency.
§ 37.081. School district peace officers, school resource officers, and security personnel.

(a) The board of trustees of any school district may employ security personnel, enter into a memorandum of understanding with a local law enforcement agency for the provision of school resource officers, and commission peace officers to carry out this subchapter. If a board of trustees authorizes a person employed as security personnel to carry a weapon, the person must be a commissioned peace officer. The jurisdiction of a peace officer, a school resource officer, or security personnel under this section shall be determined by the board of trustees and may include all territory in the boundaries of the school district and all property outside the boundaries of the district that is owned, leased, or rented by or otherwise under the control of the school district and the board of trustees that employ the peace officer or security personnel or that enter into a memorandum of understanding for the provision of a school resource officer.

(b) In a peace officer’s jurisdiction, a peace officer commissioned under this section:

   (1) has the powers, privileges, and immunities of peace officers;
   (2) may enforce all laws, including municipal ordinances, county ordinances, and state laws;
   (3) may, in accordance with Chapter 52, Family Code, or Article 45.058, Code of Criminal Procedure, take a child into custody; and
   (4) may dispose of cases in accordance with Section 52.03 or 52.031, Family Code.

(c) A school district peace officer may provide assistance to another law enforcement agency. A school district may contract with a political subdivision for the jurisdiction of a school district peace officer to include all territory in the jurisdiction of the political subdivision.

(d) The board of trustees of the school district shall determine the law enforcement duties of peace officers, school resource officers, and security personnel. The duties must be included in:

   (1) the district improvement plan under Section 11.252;
   (2) the student code of conduct adopted under Section 37.001;
   (3) any memorandum of understanding providing for a school resource officer; and
   (4) any other campus or district document describing the role of peace officers, school resource officers, or security personnel in the district.

(d-1) A school district peace officer, a school resource officer, and security personnel shall perform law enforcement duties for the school district that must include protecting:

   (1) the safety and welfare of any person in the jurisdiction of the peace officer, resource officer, or security personnel; and
   (2) the property of the school district.

(d-2) A school district may not assign or require as duties of a school district peace officer, a school resource officer, or security personnel:

   (1) routine student discipline or school administrative tasks; or
   (2) contact with students unrelated to the law enforcement duties of the peace officer, resource officer, or security personnel.

(d-3) This section does not prohibit a school district peace officer, a school resource officer, or security personnel from informal contact with a student unrelated to:

   (1) the assigned duties of the officer or security personnel; or
   (2) an incident involving student behavior or law enforcement.

(d-4) In determining the law enforcement duties under Subsection (d), the board of trustees of the school district shall coordinate with district campus behavior coordinators and other district employees to ensure that school district peace officers, school resource officers, and security personnel are tasked only with
duties related to law enforcement intervention and not tasked with behavioral or administrative duties better addressed by other district employees.

(e) The board of trustees of the district shall determine the scope of the on-duty and off-duty law enforcement activities of school district peace officers. A school district must authorize in writing any off-duty law enforcement activities performed by a school district peace officer.

(f) The chief of police of the school district police department shall be accountable to the superintendent and shall report to the superintendent. School district police officers shall be supervised by the chief of police of the school district or the chief of police's designee and shall be licensed by the Texas Commission on Law Enforcement.

(g) A school district police department and the law enforcement agencies with which it has overlapping jurisdiction shall enter into a memorandum of understanding that outlines reasonable communication and coordination efforts between the department and the agencies.

(h) A peace officer assigned to duty and commissioned under this section shall take and file the oath required of peace officers and shall execute and file a bond in the sum of $1,000, payable to the board of trustees, with two or more sureties, conditioned that the peace officer will fairly, impartially, and faithfully perform all the duties that may be required of the peace officer by law. The bond may be sued on in the name of any person injured until the whole amount of the bond is recovered. Any peace officer commissioned under this section must meet all minimum standards for peace officers established by the Texas Commission on Law Enforcement.

§ 37.0811. School marshals: public schools.

(a) The board of trustees of a school district or the governing body of an open-enrollment charter school may appoint one or more school marshals for each campus.

(b) The board of trustees of a school district or the governing body of an open-enrollment charter school may select for appointment as a school marshal under this section an applicant who is an employee of the school district or open-enrollment charter school and certified as eligible for appointment under Section 1701.260, Occupations Code. The board of trustees or governing body may, but shall not be required to, reimburse the amount paid by the applicant to participate in the training program under that section.

(c) A school marshal appointed by the board of trustees of a school district or the governing body of an open-enrollment charter school may carry or possess a handgun on the physical premises of a school, but only:

1. in the manner provided by written regulations adopted by the board of trustees or the governing body; and
2. at a specific school as specified by the board of trustees or governing body, as applicable.

(d) Any written regulations adopted for purposes of Subsection (c) must provide that a school marshal may carry a concealed handgun as described by Subsection (c), except that if the primary duty of the school marshal involves regular, direct contact with students, the marshal may not carry a concealed handgun but may possess a handgun on the physical premises of a school in a locked and secured safe within the marshal's immediate reach when conducting the marshal's primary duty. The written regulations must also require that a handgun carried by or within access of a school marshal may be loaded only with frangible duty ammunition approved for that purpose by the Texas Commission on Law Enforcement.

(e) A school marshal may access a handgun under this section only under circumstances that would justify the use of deadly force under Section 9.32 or 9.33, Penal Code.

(f) A school district or charter school employee's status as a school marshal becomes inactive on:
(1) expiration of the employee’s school marshal license under Section 1701.260, Occupations Code;
(2) suspension or revocation of the employee’s license to carry a handgun issued under Subchapter H, Chapter 411, Government Code;
(3) termination of the employee’s employment with the district or charter school; or
(4) notice from the board of trustees of the district or the governing body of the charter school that the employee's services as school marshal are no longer required.

(g) The identity of a school marshal appointed under this section is confidential, except as provided by Section 1701.260(j), Occupations Code, and is not subject to a request under Chapter 552, Government Code.

(h) If a parent or guardian of a student enrolled at a school inquires in writing, the school district or open-enrollment charter school shall provide the parent or guardian written notice indicating whether any employee of the school is currently appointed a school marshal. The notice may not disclose information that is confidential under Subsection (g).

§ 37.109. School safety and security committee.

(b) The committee shall:

(5) consult with local law enforcement agencies on methods to increase law enforcement presence near district campuses.

§ 37.2121. Memoranda of understanding and mutual aid agreements.

(a) The center shall identify and inform school districts of the types of entities, including local and regional authorities, other school districts, and emergency first responders, with whom school districts should customarily make efforts to enter into memoranda of understanding or mutual aid agreements addressing issues that affect school safety and security.

(b) The center shall develop guidelines regarding memoranda of understanding and mutual aid agreements between school districts and the entities identified in accordance with Subsection (a). The guidelines:

(1) must include descriptions of the provisions that should customarily be included in each memorandum or agreement with a particular type of entity;
(2) may include sample language for those provisions; and
(3) must be consistent with the Texas Statewide Mutual Aid System established under Subchapter E-1, Chapter 418, Government Code.

(c) The center shall encourage school districts to enter into memoranda of understanding and mutual aid agreements with entities identified in accordance with Subsection (a) that comply with the guidelines developed under Subsection (b).

(d) Each school district that enters into a memorandum of understanding or mutual aid agreement addressing issues that affect school safety and security shall, at the center’s request, provide the following information to the center:

(1) the name of each entity with which the school district has entered into a memorandum of understanding or mutual aid agreement;
(2) the effective date of each memorandum or agreement; and
(3) a summary of each memorandum or agreement.

(e) The center shall include information regarding the center’s efforts under this section in the report required by Section 37.216.
§ 42.168. School safety allotment.
(b) Funds allocated under this section must be used to improve school safety and security, including costs associated with:

(2) providing security for the district, including:
   (A) employing school district peace officers, private security officers, and school marshals; and
   (B) collaborating with local law enforcement agencies, such as entering into a memorandum of understanding for the assignment of school resource officers to schools in the district.

§ 1701.601. Definition.
In this subchapter, "school resource officer" means a peace officer who is assigned by the officer's employing political subdivision to provide:

The provisions adopted under this section apply to a peace officer only if the peace officer is employed or commissioned by the school district or provides, as a school resource officer, a regular police presence on a school district campus under a memorandum of understanding between the school district and a local law enforcement agency, except that the data reporting requirements in subsection (k) of this section apply to the use of restraint by any peace officer performing law enforcement duties on school property or during a school-sponsored or school-related activity.

Threat Assessment Protocols

LAWS

§ 15.27. Notification to schools required.
(a) A law enforcement agency that arrests any person or refers a child to the office or official designated by the juvenile board who the agency believes is enrolled as a student in a public primary or secondary school, for an offense listed in Subsection (h), shall attempt to ascertain whether the person is so enrolled. If the law enforcement agency ascertains that the individual is enrolled as a student in a public primary or secondary school, the head of the agency or a person designated by the head of the agency
shall orally notify the superintendent or a person designated by the superintendent in the school district in which the student is enrolled of that arrest or referral within 24 hours after the arrest or referral is made, or before the next school day, whichever is earlier. If the law enforcement agency cannot ascertain whether the individual is enrolled as a student, the head of the agency shall orally notify the superintendent or a person designated by the superintendent in the school district in which the student is believed to be enrolled of that arrest or detention within 24 hours after the arrest or detention, or before the next school day, whichever is earlier. If the individual is a student, the superintendent or the superintendent's designee shall immediately notify all instructional and support personnel who have responsibility for supervision of the student. All personnel shall keep the information received in this subsection confidential. The State Board for Educator Certification may revoke or suspend the certification of personnel who intentionally violate this subsection. Within seven days after the date the oral notice is given, the head of the law enforcement agency or the person designated by the head of the agency shall mail written notification, marked “PERSONAL and CONFIDENTIAL” on the mailing envelope, to the superintendent or the person designated by the superintendent. The written notification must include the facts contained in the oral notification, the name of the person who was orally notified, and the date and time of the oral notification. Both the oral and written notice shall contain sufficient details of the arrest or referral and the acts allegedly committed by the student to enable the superintendent or the superintendent's designee to determine whether there is a reasonable belief that the student has engaged in conduct defined as a felony offense by the Penal Code or whether it is necessary to conduct a threat assessment or prepare a safety plan related to the student. The information contained in the notice shall be considered by the superintendent or the superintendent's designee in making such a determination. [...] (k-1) In addition to the information provided under Subsection (k), the law enforcement agency shall provide to the superintendent or superintendent's designee information relating to the student that is requested for the purpose of conducting a threat assessment or preparing a safety plan relating to that student. A school board may enter into a memorandum of understanding with a law enforcement agency regarding the exchange of information relevant to conducting a threat assessment or preparing a safety plan. Absent a memorandum of understanding, the information requested by the superintendent or the superintendent's designee shall be considered relevant.

§ 37.115. Threat assessment and safe and supportive school program and team.

(a) In this section:

(1) “Harmful, threatening, or violent behavior” includes behaviors, such as verbal threats, threats of self harm, bullying, cyberbullying, fighting, the use or possession of a weapon, sexual assault, sexual harassment, dating violence, stalking, or assault, by a student that could result in:

(A) specific interventions, including mental health or behavioral supports;

(B) in-school suspension;

(C) out-of-school suspension; or

(D) the student's expulsion or removal to a disciplinary alternative education program or a juvenile justice alternative education program.

(2) “Team” means a threat assessment and safe and supportive school team established by the board of trustees of a school district under this section.

(b) The agency, in coordination with the Texas School Safety Center, shall adopt rules to establish a safe and supportive school program. The rules shall incorporate research-based best practices for school safety, including providing for:

(1) physical and psychological safety;
(2) a multiphase and multihazard approach to prevention, mitigation, preparedness, response, and recovery in a crisis situation;

(3) a systemic and coordinated multitiered support system that addresses school climate, the social and emotional domain, and behavioral and mental health; and

(4) multidisciplinary and multiagency collaboration to assess risks and threats in schools and provide appropriate interventions, including rules for the establishment and operation of teams.

(c) The board of trustees of each school district shall establish a threat assessment and safe and supportive school team to serve at each campus of the district and shall adopt policies and procedures for the teams. The team is responsible for developing and implementing the safe and supportive school program under Subsection (b) at the district campus served by the team. The policies and procedures adopted under this section must:

(1) be consistent with the model policies and procedures developed by the Texas School Safety Center;

(2) require each team to complete training provided by the Texas School Safety Center or a regional education service center regarding evidence-based threat assessment programs; and

(3) require each team established under this section to report the information required under Subsection (k) regarding the team's activities to the agency.

(d) The superintendent of the district shall ensure that the members appointed to each team have expertise in counseling, behavior management, mental health and substance use, classroom instruction, special education, school administration, school safety and security, emergency management, and law enforcement. A team may serve more than one campus of a school district, provided that each district campus is assigned a team.

(e) The superintendent of a school district may establish a committee, or assign to an existing committee established by the district, the duty to oversee the operations of teams established for the district. A committee with oversight responsibility under this subsection must include members with expertise in human resources, education, special education, counseling, behavior management, school administration, mental health and substance use, school safety and security, emergency management, and law enforcement.

(f) Each team shall:

(1) conduct a threat assessment that includes:

(A) assessing and reporting individuals who make threats of violence or exhibit harmful, threatening, or violent behavior in accordance with the policies and procedures adopted under Subsection (c); and

(B) gathering and analyzing data to determine the level of risk and appropriate intervention, including:

(i) referring a student for mental health assessment; and

(ii) implementing an escalation procedure, if appropriate based on the team's assessment, in accordance with district policy;

(2) provide guidance to students and school employees on recognizing harmful, threatening, or violent behavior that may pose a threat to the community, school, or individual; and

(3) support the district in implementing the district's multihazard emergency operations plan.

(g) A team may not provide a mental health care service to a student who is under 18 years of age unless the team obtains written consent from the parent of or person standing in parental relation to the student before providing the mental health care service. The consent required by this subsection must be submitted on a form developed by the school district that complies with all applicable state and federal law. The student's parent or person standing in parental relation to the student may give consent for a student to receive ongoing services or may limit consent to one or more services provided on a single occasion.
(h) On a determination that a student or other individual poses a serious risk of violence to self or others, a team shall immediately report the team's determination to the superintendent. If the individual is a student, the superintendent shall immediately attempt to inform the parent or person standing in parental relation to the student. The requirements of this subsection do not prevent an employee of the school from acting immediately to prevent an imminent threat or respond to an emergency.

(i) A team identifying a student at risk of suicide shall act in accordance with the district's suicide prevention program. If the student at risk of suicide also makes a threat of violence to others, the team shall conduct a threat assessment in addition to actions taken in accordance with the district's suicide prevention program.

(j) A team identifying a student using or possessing tobacco, drugs, or alcohol shall act in accordance with district policies and procedures related to substance use prevention and intervention.

(k) A team must report to the agency in accordance with guidelines developed by the agency the following information regarding the team's activities and other information for each school district campus the team serves:

1. the occupation of each person appointed to the team;
2. the number of threats and a description of the type of the threats reported to the team;
3. the outcome of each assessment made by the team, including:
   (A) any disciplinary action taken, including a change in school placement;
   (B) any action taken by law enforcement; or
   (C) a referral to or change in counseling, mental health, special education, or other services;
4. the total number, disaggregated by student gender, race, and status as receiving special education services, being at risk of dropping out of school, being in foster care, experiencing homelessness, being a dependent of military personnel, being pregnant or a parent, having limited English proficiency, or being a migratory child, of, in connection with an assessment or reported threat by the team:
   (A) citations issued for Class C misdemeanor offenses;
   (B) arrests;
   (C) incidents of uses of restraint;
   (D) changes in school placement, including placement in a juvenile justice alternative education program or disciplinary alternative education program;
   (E) referrals to or changes in counseling, mental health, special education, or other services;
   (F) placements in in-school suspension or out-of-school suspension and incidents of expulsion;
   (G) unexcused absences of 15 or more days during the school year; and
   (H) referrals to juvenile court for truancy; and
5. the number and percentage of school personnel trained in:
   (A) a best-practices program or research-based practice under Section 161.325, Health and Safety Code, including the number and percentage of school personnel trained in:
      (i) suicide prevention; or
      (ii) grief and trauma-informed practices;
   (B) mental health or psychological first aid for schools;
   (C) training relating to the safe and supportive school program established under Subsection (b); or

(l) The commissioner may adopt rules to implement this section.
§ 37.220. Model threat assessment team policies and procedures.

(a) The center, in coordination with the agency, shall develop model policies and procedures to assist school districts in establishing and training threat assessment teams.

(b) The model policies and procedures developed under Subsection (a) must include procedures, when appropriate, for:

1. the referral of a student to a local mental health authority or health care provider for evaluation or treatment;
2. the referral of a student for a full individual and initial evaluation for special education services under Section 29.004; and
