

Virginia Compilation of School Discipline Laws and Regulations

Prepared: January 31, 2020

Introduction

This compilation presents school discipline-related laws and regulations for U.S. states, U.S. territories, and the District of Columbia, and, where available, links to education agency websites or resources related to school discipline and student conduct. The discipline laws and regulations presented in this compilation have been categorized by type of specific discipline issue covered, according to an organizational framework developed by the National Center for Safe and Supportive Learning Environments (NCSSE). For example, one major category encompasses all laws or regulations governing states or territories that mandate specific disciplinary sanctions (such as suspension) for specific offenses (such as drug possession on school grounds). The school discipline laws and regulations were compiled through exhaustive searches of legislative websites that identified all laws and regulations relevant to each specific category. Compiled materials were subsequently reviewed by state education agency (SEA) representatives in the 50 states, Washington D.C., and the U.S. territories.

Discipline categories were not mutually exclusive. Laws and regulations often appeared across multiple categories. For jurisdictions with more extensive laws covering a breadth of topical areas, relevant sections were excerpted from the larger legislative text for inclusion in the appropriate discipline category. Laws, ordered by chapter and section number, appear first within each category followed by regulations. All laws and regulations listed within categories in the compilation also appear in the sources cited section of the document, which lists laws by chapter and section number and title, and where available, includes active hyperlinks to source websites supported or maintained by state legislatures. Additional links to government websites or resources are provided at the end of this document.

General Provisions

Authority to develop and establish rules of conduct

LAWS

§ 22.1-79.5. Policy regarding electronic cigarettes.

Each school board shall develop and implement a policy to prohibit, at any time, the use and distribution of any tobacco product or nicotine vapor product, as those terms are defined in Section 18.2-371.2, on a school bus, on school property, or at an on-site or off-site school-sponsored activity.

Such policy shall include (i) provisions for its enforcement among students, employees, and visitors, including the enumeration of possible sanctions or disciplinary action consistent with state or federal law, and (ii) referrals to resources to help staff and students overcome tobacco addiction.

Each school board shall work to ensure adequate notice of this policy.

§ 22.1-277.07. Expulsion of students under certain circumstances; exceptions.

B. The Board of Education is designated as the state education agency to carry out the provisions of the federal Improving America's Schools Act of 1994 and shall administer the funds to be appropriated to the Commonwealth under this act.

§ 22.1-279.6. Board of Education guidelines and model policies for codes of student conduct: school board regulations.

A. The Board of Education shall establish guidelines and develop model policies for codes of student conduct to aid local school boards in the implementation of such policies. The guidelines and model policies shall include, but not be limited to, (i) criteria for the removal of a student from a class, the use of suspension, expulsion, and exclusion as disciplinary measures, the grounds for suspension and expulsion and exclusion, and the procedures to be followed in such cases, including proceedings for such suspension, expulsion, and exclusion decisions and all applicable appeals processes; (ii) standards, consistent with state, federal and case laws, for school board policies on alcohol and drugs, gang-related activity, hazing, vandalism, trespassing, threats, search and seizure, disciplining of students with disabilities, intentional injury of others, self-defense, bullying, the use of electronic means for purposes of bullying, harassment, and intimidation, and dissemination of such policies to students, their parents, and school personnel; and (iii) standards for in-service training of school personnel in and examples of the appropriate management of student conduct and student offenses in violation of school board policies.

In accordance with the most recent enunciation of constitutional principles by the Supreme Court of the United States of America, the Board's standards for school board policies on alcohol and drugs and search and seizure shall include guidance for procedures relating to voluntary and mandatory drug testing in schools, including, but not limited to, which groups may be tested, use of test results, confidentiality of test information, privacy considerations, consent to the testing, need to know, and release of the test results to the appropriate school authority.

In the case of suspension and expulsion, the procedures set forth in this article shall be the minimum procedures that the school board may prescribe.

B. School boards shall adopt and revise, as required by § 22.1-253.13:7 and in accordance with the requirements of this section, regulations on codes of student conduct that are consistent with, but may be more stringent than, the guidelines of the Board. School boards shall include, in the regulations on codes of student conduct, procedures for suspension, expulsion, and exclusion decisions and shall biennially

review the model student conduct code to incorporate discipline options and alternatives to preserve a safe, nondisruptive environment for effective teaching and learning.

C. Each school board shall include in its code of student conduct prohibitions against hazing and profane or obscene language or conduct. School boards shall also cite in their codes of student conduct the provisions of § 18.2-56, which defines and prohibits hazing and imposes a Class 1 misdemeanor penalty for violations, that is, confinement in jail for not more than 12 months and a fine of not more than \$2,500, either or both.

D. Each school board shall include in its code of student conduct, by July 1, 2014, policies and procedures that include a prohibition against bullying. Such policies and procedures shall be consistent with the standards for school board policies on bullying and the use of electronic means for purposes of bullying developed by the Board pursuant to subsection A.

Such policies and procedures shall not be interpreted to infringe upon the First Amendment rights of students and are not intended to prohibit expression of religious, philosophical, or political views, provided that such expression does not cause an actual, material disruption of the work of the school.

E. A school board may regulate the use or possession of beepers or other portable communications devices and laser pointers by students on school property or attending school functions or activities and establish disciplinary procedures pursuant to this article to which students violating such regulations will be subject.

F. Nothing in this section shall be construed to require any school board to adopt policies requiring or encouraging any drug testing in schools. However, a school board may, in its discretion, require or encourage drug testing in accordance with the Board of Education's guidelines and model student conduct policies required by subsection A and the Board's guidelines for student searches required by § 22.1-279.7.

G. The Board of Education shall establish standards to ensure compliance with the federal Improving America's Schools Act of 1994 (Part F-Gun-Free Schools Act of 1994), as amended, in accordance with § 22.1-277.07.

This subsection shall not be construed to diminish the authority of the Board of Education or to diminish the Governor's authority to coordinate and provide policy direction on official communications between the Commonwealth and the United States government.

H. Each school board shall include in its code of student conduct a prohibition on possessing any tobacco product or nicotine vapor product, as those terms defined in § 18.2-371.2, on a school bus, on school property, or at an on-site or off-site school-sponsored activity.

1. Restraint and seclusion, except when it is necessary to protect the student or others from personal harm, injury, or death and other less restrictive interventions were unsuccessful;

3. Deprivation of drinking water or food;
4. Limitation on contacts and visits from the student's probation officer, social worker, placing agency representative, or other service provider as appropriate;
5. Any action that is humiliating, degrading, or abusive;
6. Corporal punishment;
7. Deprivation of approved prescription medication or other necessary services;
8. Denial of access to toilet facilities;

8 VAC 20-671-660. Managing student behavior in emergency situations.

A. Each school shall have written policies and procedures made available annually to students, parents, and placing agencies that include, but are not limited to:

1. Methods for preventing student violence, self-injurious behavior, and suicide, including de-escalation of potentially dangerous behavior occurring among groups of students or with an individual student.
2. A statement that corporal punishment and abusive techniques and interventions are not authorized, permitted, or condoned.
3. A statement that behavior management techniques are applied in order of their degree of intrusiveness or restrictiveness and the conditions under which they may be used by trained personnel.

B. Physical restraint or seclusion is allowed only in an emergency situation and only when it is necessary to protect the student or another person from imminent danger of serious physical harm after less intrusive interventions have been attempted and failed to manage that particular behavior and there is a substantial explanation for why other interventions were deemed inadequate or inappropriate.

1. The use of restraint or seclusion, particularly when there is repeated use for an individual child, multiple uses within the same classroom, or multiple uses by the same individual, shall trigger a review

and, if appropriate, a revision of behavioral strategies currently in place to address dangerous behavior. If positive behavioral strategies are not in place, staff shall develop them.

2. In cases where a student has a history of dangerous behavior for which restraint or seclusion was considered or used, a school shall have a plan developed in consultation with the parent for (i) teaching and supporting more appropriate behavior and (ii) determining positive methods to prevent behavioral escalations that have previously resulted in the use of restraint or seclusion.

3. Physical restraint or seclusion shall not be used for disciplinary reasons, as a punishment, or retaliation, or for staff's convenience.

4. Each student is entitled to be completely free from any unnecessary use of physical restraint or seclusion.

5. Staff shall continuously monitor the use of physical restraint and seclusion and shall not rely on an electronic surveillance device.

6. Physical restraint may only be implemented, monitored, or discontinued by staff who have received proper training.

7. The door to any room in which a student is secluded may be held shut only when a staff member is personally securing it. The door must immediately disengage when the staff member steps away from it. The room must meet specification including size and viewing panels that ensure the student's safety at all times including during a fire or other emergency.

8. Schools shall permit parents to inspect any area used during an emergency for the purpose of seclusion.

9. The parent shall be informed on the day of each incident of physical restraint or seclusion. The student's home school division and placing agency shall be informed as soon as possible but within 24 hours of the occurrence.

10. Each application of physical restraint or seclusion shall be fully documented in the student's record including date, time, staff involved, justification for the physical restraint or seclusion, behavior antecedents, less restrictive interventions that were unsuccessfully attempted prior to using physical restraint or seclusion, duration, description of method or methods of physical restraint techniques used, signature of the person completing the report and date, and reviewer's signature and date. The written report shall be made available to the parent within two business days of the occurrence and opportunity given for the parent and student, as appropriate, to discuss the matter with school staff.

11. Schools shall collect and annually report to the department the number of times restraint and seclusion were used during the school year. The data shall be disaggregated by students and number of occurrences.

§ 22.1-277.07. Expulsion of students under certain circumstances; exceptions.

A. In compliance with the federal Improving America's Schools Act of 1994 (Part F-Gun-Free Schools Act of 1994), a school board shall expel from school attendance for a period of not less than one year any student whom such school board has determined, in accordance with the procedures set forth in this article, to have possessed a firearm on school property or at a school-sponsored activity as prohibited by § 18.2-308.1 or to have possessed a firearm or destructive device as defined in subsection E, a firearm muffler or firearm silencer, or a pneumatic gun as defined in subsection E of § 15.2-915.4 on school property or at a school-sponsored activity. A school board may promulgate guidelines for determining what constitutes special circumstances. In addition, a school board may, by regulation, authorize the division superintendent or his designee to conduct a preliminary review of such cases to determine whether a disciplinary action other than expulsion is appropriate. Such regulations shall ensure that, if a determination is made that another disciplinary action is appropriate, any such subsequent disciplinary action is to be taken in accordance with the procedures set forth in this article. Nothing in this section shall be construed to require a student's expulsion regardless of the facts of the particular situation.

E. As used in this section:

§ 22.1-277.04. Short-term suspension; procedures; readmission.

A pupil may be suspended for not more than ten school days by either the school principal, any assistant principal, or, in their absence, any teacher. The principal, assistant principal, or teacher may suspend the pupil after giving the pupil oral or written notice of the charges against him and, if he denies them, an explanation of the facts as known to school personnel and an opportunity to present his version of what

occurred. In the case of any pupil whose presence poses a continuing danger to persons or property, or whose presence is an ongoing threat of disruption, the pupil may be removed from school immediately and the notice, explanation of facts, and opportunity to present his version shall be given as soon as practicable thereafter.

§ 22.1-277.05. Long-term suspensions; procedures; readmission.

A. A pupil may be suspended from attendance at school for 11 to 45 school days after providing written notice to the pupil and his parent of the proposed action and the reasons therefor and of the right to a hearing before the school board, or a committee thereof, or the superintendent or his designee, in accordance with regulations of the school board. If the regulations provide for a hearing by the superintendent or his designee, the regulations shall also provide for an appeal of the decision to the full school board. Such appeal shall be decided by the school board within 30 days.

If the regulations provide for a hearing by a committee of the school board, the regulations shall also provide that such committee may confirm or disapprove the suspension of a student. Any such committee of the school board shall be composed of at least three members. If the committee's decision is not unanimous, the pupil or his parent may appeal the committee's decision to the full school board. Such appeal shall be decided by the school board within 30 days.

B. A school board shall include in the written notice of a suspension for 11 to 45 school days required by this section notification of the length of the suspension. In the case of a suspension for 11 to 45 school days, such written notice shall provide information concerning the availability of community-based educational, alternative education, or intervention programs. Such notice shall also state that the student is eligible to return to regular school attendance upon the expiration of the suspension or to attend an appropriate alternative education program approved by the school board during or upon the expiration of the suspension. The costs of any community-based educational, alternative education, or intervention program that is not a part of the educational program offered by the school division that the student may attend during his suspension shall be borne by the parent of the student.

Nothing in this section shall be construed to prohibit the school board from permitting or requiring students suspended pursuant to this section to attend an alternative education program provided by the school board for the term of such suspension.

C. Notwithstanding the provisions of subsections A and B, a long-term suspension may extend beyond a 45-school-day period but shall not exceed 364 calendar days if (i) the offense is one described in § 22.1-277.07 or 22.1-277.08 or involves serious bodily injury or (ii) the school board or division superintendent or his designee finds that aggravating circumstances exist, as defined by the Department. LAWS

§ 22.1-277.04. Short-term suspension; procedures; readmission.

A pupil may be suspended for not more than ten school days by either the school principal, any assistant principal, or, in their absence, any teacher. The principal, assistant principal, or teacher may suspend the pupil after giving the pupil oral or written notice of the charges against him and, if he denies them, an explanation of the facts as known to school personnel and an opportunity to present his version of what

occurred. In the case of any pupil whose presence poses a continuing danger to persons or property, or whose presence is an ongoing threat of disruption, the pupil may be removed from school immediately and the notice, explanation of facts, and opportunity to present his version shall be given as soon as practicable thereafter.

Upon suspension of any pupil, the principal, assistant principal, or teacher responsible for such suspension shall report the facts of the case in writing to the division superintendent or his designee and the parent of the pupil suspended. The division superintendent or his designee shall review forthwith the action taken by the principal, assistant principal, or teacher upon a petition for such review by any party in interest and confirm or disapprove such action based on an examination of the record of the pupil's behavior.

The decision of the division superintendent or his designee may be appealed to the school board or a committee thereof in accordance with regulations of the school board; however, the decision of the division superintendent or his designee shall be final if so prescribed by school board regulations.

The school board shall require that any oral or written notice to the parent of a student who is suspended from school attendance for not more than ten days include notification of the length of the suspension, information regarding the availability of community-based educational programs, alternative education programs or other educational options, and of the student's right to return to regular school attendance upon the expiration of the suspension. The costs of any community-based educational program, or alternative education program or educational option, which is not a part of the educational program offered by the school division, shall be borne by the parent of the student.

§ 22.1-277.05. Long-term suspensions; procedures; readmission.

A. A pupil may be suspended from attendance at school for 11 to 45 school days after providing written notice to the pupil and his parent of the proposed action and the reasons therefor and of the right to a hearing before the school board, or a committee thereof, or the superintendent or his designee, in accordance with regulations of the school board. If the regulations provide for a hearing by the superintendent or his designee, the regulations shall also provide for an appeal of the decision to the full school board. Such appeal shall be decided by the school board within 30 days.

If the regulations provide for a hearing by a committee of the school board, the regulations shall also provide that such committee may confirm or disapprove the suspension of a student. Any such committee of the school board shall be composed of at least three members. If the committee's decision is not unanimous, the pupil or his parent may appeal the committee's decision to the full school board. Such appeal shall be decided by the school board within 30 days.

B. A school board shall include in the written notice of a suspension for 11 to 45 school days required by this section notification of the length of the suspension. In the case of a suspension for 11 to 45 school days, such written notice shall provide information concerning the availability of community-based educational, alternative education, or intervention programs. Such notice shall also state that the student is eligible to return to regular school attendance upon the expiration of the suspension or to attend an appropriate alternative education program approved by the school board during or upon the expiration of the suspension. The costs of any community-based educational, alternative education, or intervention program that is not a part of the educational program offered by the school division that the student may attend during his suspension shall be borne by the parent of the student.

Nothing in this section shall be construed to prohibit the school board from permitting or requiring students suspended pursuant to this section to attend an alternative education program provided by the school board for the term of such suspension.

C. Notwithstanding the provisions of subsections A and B, a long-term suspension may extend beyond a 45-school-day period but shall not exceed 364 calendar days if (i) the offense is one described in § 22.1-

277.07 or 22.1-277.08 or involves serious bodily injury or (ii) the school board or division superintendent or his designee finds that aggravating circumstances exist, as defined by the Department. Such definition shall include a consideration of a student's disciplinary history.

§ 22.1-277.06. Expulsions; procedures; readmission.

A. Pupils may be expelled from attendance at school after written notice to the pupil and his parent of the proposed action and the reasons therefor and of the right to a hearing before the school board or a committee thereof in accordance with regulations of the school board.

If the regulations provide for a hearing by a committee of the school board, the regulations shall also provide that such committee may confirm or disapprove the expulsion of a student. Any such committee of the school board shall be composed of at least three members. If the committee's decision is not unanimous, the pupil or his parent may appeal the committee's decision to the full school board. Such appeal shall be decided by the school board within 30 days.

The regulations shall also provide for subsequent confirmation or disapproval of the proposed expulsion by the school board, or a committee thereof, as may be provided in regulation, regardless of whether the pupil exercised the right to a hearing.

B. The written notice required by this section shall include notification of the length of the expulsion and shall provide information to the parent of the student concerning the availability of community-based educational, training, and intervention programs. Such notice shall state further whether or not the student is eligible to return to regular school attendance, or to attend an appropriate alternative education program approved by the school board, or an adult education program offered by the school division, during or upon the expiration of the expulsion, and the terms or conditions of such readmission. The costs of any community-based educational, training, or intervention program that is not a part of the educational program offered by the school division that the student may attend during his expulsion shall be borne by the parent of the student.

Nothing in this section shall be construed to prohibit the school board from permitting or requiring students expelled pursuant to this section to attend an alternative education program provided by the school board for the term of such expulsion.

If the school board determines that the student is ineligible to return to regular school attendance or to attend during the expulsion an alternative education program or an adult education program in the school division, the written notice shall also advise the parent of such student that the student may petition the school board for readmission to be effective one calendar year from the date of his expulsion, and of the conditions, if any, under which readmission may be granted.

School boards shall establish, by regulation, a schedule pursuant to which such students may apply and reapply for readmission to school. Such schedule shall be designed to ensure that any initial petition for readmission will be reviewed by the school board or a committee thereof, or the division superintendent, and, if granted, would enable the student to resume school attendance one calendar year from the date of the expulsion. If the division superintendent or a committee of the school board denies such petition, the student may petition the school board for review of such denial.

C. Recommendations for expulsion for actions other than those specified in §§ 22.1-277.07 and 22.1-277.08 shall be based on consideration of the following factors:

1. The nature and seriousness of the violation;
2. The degree of danger to the school community;
3. The student's disciplinary history, including the seriousness and number of previous infractions;
4. The appropriateness and availability of an alternative education placement or program;
5. The student's age and grade level;

6. The results of any mental health, substance abuse, or special education assessments;
7. The student's attendance and academic records; and
8. Such other matters as he deems appropriate.

No decision to expel a student shall be reversed on the grounds that such factors were not considered.

Nothing in this subsection shall be deemed to preclude a school board from considering any of these factors as "special circumstances" for purposes of §§ 22.1-277.07 and 22.1-277.08.

§ 22.1-277.2. Authority to exclude students under certain circumstances; petition for readmission; alternative education program.

A. A student, who has been expelled or suspended for more than thirty days from attendance at school by a school board or a private school in this Commonwealth or in another state or for whom admission has been withdrawn by a private school in this Commonwealth or in another state may be excluded from attendance by a local school board in Virginia, regardless of whether such student has been admitted to another school division or private school in the Commonwealth or in another state subsequent to such expulsion, suspension, or withdrawal of admission upon a finding that the student presents a danger to the other students or staff of the school division after (i) written notice to the student and his parent that the student may be subject to exclusion, the reasons therefor, and, in the event of such exclusion, of the right to appeal the decision at a hearing before the school board or a committee thereof; and (ii) a review of the case has been conducted by the division superintendent or his designee and exclusion has been recommended.

In the case of a suspension of more than thirty days, the term of the exclusion may not exceed the duration of such suspension.

In excluding any such expelled student from school attendance, the local school board may accept or waive any or all of any conditions for readmission imposed upon such student by the expelling school board pursuant to § 22.1-277.06. The excluding school board shall not impose additional conditions for readmission to school.

If the decision by the superintendent or his designee to exclude has been appealed to a committee of the school board, the student or his parent shall be provided written notice of the right to appeal the decision to the full board, which shall, within thirty days following any such hearing, in the case of an expulsion or withdrawal of admission and, in the case of a suspension of more than thirty days, within fifteen days following any such hearing, notify in writing the student or his parent of its decision.

B. In lieu of the procedures established in subsection A, a school board may adopt regulations providing that a student may be excluded from attendance after (i) written notice to the student and his parent that the student may be subject to exclusion, including the reasons therefor, and notice of the opportunity for the student or his parent to participate in a hearing to be conducted by the division superintendent or his designee regarding such exclusion; and (ii) a hearing of the case has been conducted by the division superintendent or his designee, and the decision has been to exclude the student from attendance. The decision of the superintendent or his designee to exclude shall be final unless altered by the school board, upon timely written petition, as established in regulation, of the student so excluded or his parent, for a review of the record by the school board.

C. Upon the expiration of the exclusion period for an expulsion or a withdrawal of admission, which period shall be established by the school board, committee thereof, or superintendent or his designee, as the case may be, at the relevant hearing, the student may re-petition the school board for admission. If the petition for admission is rejected, the school board shall identify the length of the continuing exclusion period and the subsequent date upon which such student may re-petition the school board for admission.

D. The school board may permit students excluded pursuant to this section to attend an alternative education program provided by the school board for the term of such exclusion.

Such notice shall state further whether or not the student is eligible to return to regular school attendance, or to attend an appropriate alternative education program approved by the school board, or an adult education program offered by the school division, during or upon the expiration of the expulsion, and the terms or conditions of such readmission. If the decision by the superintendent or his designee to exclude has been appealed to a committee of the school board, the student or his parent shall be provided written notice of the right to appeal the decision to the full board, which shall, within thirty days following any such hearing, in the case of an expulsion or withdrawal of admission and, in the case of a suspension of more than thirty days, within fifteen days following any such hearing, notify in writing the student or his parent of its decision.

B. In lieu of the procedures established in subsection A, a school board may adopt regulations providing that a student may be excluded from attendance after (i) written notice to the student and his parent that the student may be subject to exclusion, including the reasons therefor, and notice of the opportunity for the student or his parent to participate in a hearing to be conducted by the division superintendent or his designee regarding such exclusion; and (ii) a hearing of the case has been conducted by the division superintendent or his designee, and the decision has been to exclude the student from attendance. The decision of the superintendent or his designee to exclude shall be final unless altered by the school board, upon timely written petition, as established in regulation, of the student so excluded or his parent, for a review of the record by the school board.

C. Upon the expiration of the exclusion period for an expulsion or a withdrawal of admission, which period shall be established by the school board, committee thereof, or superintendent or his designee, as the case may be, at the relevant hearing, the student may re-petition the school board for admission. If the petition for admission is rejected, the school board shall identify the length of the continuing exclusion period and the subsequent date upon which such student may re-petition the school board for admission.

D. The school board may permit students excluded pursuant to this section to attend an alternative education program provided by the school board for the term of such exclusion.

§ 22.1-279.3. Parental responsibility and involvement requirements.

F. No suspended student shall be admitted to the regular school program until such student and his parent have met with school officials to discuss improvement of the student's behavior, unless the school

principal or his designee determines that readmission, without parent conference, is appropriate for the student.

Use of restraint and seclusion

LAWS

§ 22.1-279.1:1. The use of seclusion and restraint in public schools; Board of Education regulations.

The Board shall adopt regulations on the use of seclusion and restraint in public elementary and secondary schools in the Commonwealth that (i) are consistent with its Guidelines for the Development of Policies and Procedures for Managing Student Behavior in Emergency Situations and the Fifteen Principles contained in the U.S. Department of Education's Restraint and Seclusion: Resource Document; (ii) include definitions, criteria for use, restrictions for use, training requirements, notification requirements, reporting requirements, and follow-up requirements; and (iii) address distinctions, including distinctions in emotional and physical development, between (a) the general student population and the special education student population and (b) elementary school students and secondary school students. The Board shall specifically (1) identify and prohibit the use of any method of restraint or seclusion that it determines poses a significant danger to the student and (2) establish safety standards for seclusion.

REGULATIONS

8 VAC 20-671-650. Prohibitions.

The following actions are prohibited:

1. Restraint and seclusion, except when it is necessary to protect the student or others from personal harm, injury, or death and other less restrictive interventions were unsuccessful;
2. Prone "face down" restraints, mechanical restraints, pharmacological restraints, and any other restraint that restricts breathing or harms the child or interferes with the child's ability to communicate;
3. Deprivation of drinking water or food;
4. Limitation on contacts and visits from the student's probation officer, social worker, placing agency representative, or other service provider as appropriate;
5. Any action that is humiliating, degrading, or abusive;
6. Corporal punishment;
7. Deprivation of approved prescription medication or other necessary services;
8. Denial of access to toilet facilities;

8 VAC 20-671-660. Managing student behavior in emergency situations.

A. Each school shall have written policies and procedures made available annually to students, parents, and placing agencies that include, but are not limited to:

1. Methods for preventing student violence, self-injurious behavior, and suicide, including de-escalation of potentially dangerous behavior occurring among groups of students or with an individual student.
 2. A statement that corporal punishment and abusive techniques and interventions are not authorized, permitted, or condoned.
 3. A statement that behavior management techniques are applied in order of their degree of intrusiveness or restrictiveness and the conditions under which they may be used by trained personnel.
- B. Physical restraint or seclusion is allowed only in an emergency situation and only when it is necessary to protect the student or another person from imminent danger of serious physical harm after less intrusive interventions have been attempted and failed to manage that particular behavior and there is a substantial explanation for why other interventions were deemed inadequate or inappropriate.
1. The use of restraint or seclusion, particularly when there is repeated use for an individual child, multiple uses within the same classroom, or multiple uses by the same individual, shall trigger a review and, if appropriate, a revision of behavioral strategies currently in place to address dangerous behavior. If positive behavioral strategies are not in place, staff shall develop them.
 2. In cases where a student has a history of dangerous behavior for which restraint or seclusion was considered or used, a school shall have a plan developed in consultation with the parent for (i) teaching and supporting more appropriate behavior and (ii) determining positive methods to prevent behavioral escalations that have previously resulted in the use of restraint or seclusion.
 3. Physical restraint or seclusion shall not be used for disciplinary reasons, as a punishment, or retaliation, or for staff's convenience.
 4. Each student is entitled to be completely free from any unnecessary use of physical restraint or seclusion.
 5. Staff shall continuously monitor the use of physical restraint and seclusion and shall not rely on an electronic surveillance device.
 6. Physical restraint may only be implemented, monitored, or discontinued by staff who have received proper training.
 7. The door to any room in which a student is secluded may be held shut only when a staff member is personally securing it. The door must immediately disengage when the staff member steps away from it. The room must meet specification including size and viewing panels that ensure the student's safety at all times including during a fire or other emergency.
 8. Schools shall permit parents to inspect any area used during an emergency for the purpose of seclusion.
 9. The parent shall be informed on the day of each incident of physical restraint or seclusion. The student's home school division and placing agency shall be informed as soon as possible but within 24 hours of the occurrence.
 10. Each application of physical restraint or seclusion shall be fully documented in the student's record including date, time, staff involved, justification for the physical restraint or seclusion, behavior antecedents, less restrictive interventions that were unsuccessfully attempted prior to using physical restraint or seclusion, duration, description of method or methods of physical restraint techniques used, signature of the person completing the report and date, and reviewer's signature and date. The written report shall be made available to the parent within two business days of the occurrence and opportunity given for the parent and student, as appropriate, to discuss the matter with school staff.
 11. Schools shall collect and annually report to the department the number of times restraint and seclusion were used during the school year. The data shall be disaggregated by students and number of occurrences.

Alternative Placements

LAWS

§ 22.1-209.1:2. Regional alternative education programs for certain students.

A. With such funds as may be appropriated for this purpose, the Board of Education shall establish a program consisting of regional alternative education options for elementary, middle, and high school students in compliance with subdivision D 7 of § 22.1-253.13:1 who (i) have committed an offense in violation of school board policies relating to weapons, alcohol or drugs, or intentional injury to another person, or against whom a petition or warrant has been filed alleging such acts or school board charges alleging such policy violations are pending; (ii) have been expelled from school attendance or have received one suspension for an entire semester, or have received two or more long-term suspensions within one school year; or (iii) have been released from a juvenile correctional center and have been identified by the Superintendent of the Department of Juvenile Justice's Division of Education and the relevant division superintendent as requiring a regional alternative education program. Based on available space, a student may also be administratively assigned to a regional alternative education program either at the request of the parent and with the consent of the division superintendent or by the division superintendent after written notice to the student and his parent. Such notice of the opportunity for the student and/or his parent to participate in a hearing conducted by the division superintendent or his designee regarding such placement shall be issued and the assignment shall be final unless altered by the school board, upon timely written petition, in accordance with regulations of the school board, by the student or his parent, for a review of the record by the school board. However, no child shall be assigned to any regional alternative education program described in this section for more than one school year without an annual assessment of the placement to determine the appropriateness of transitioning the child into the school division's regular program.

B. Applications for grants shall include the following components:

1. An agreement executed by two or more school divisions and approval of their respective governing bodies to offer a regional alternative education option as provided in subsection A, and a plan for the apportionment of responsibilities for the administration, management, and support of the program, including, but not limited to, the facilities and location for the program, daily operation and oversight, staffing, instructional materials and resources, transportation, funding and in-kind services, and the program of instruction.
2. A procedure for obtaining the participation in or support for the program, as may be determined, of the parents, guardian or other person having charge or control of a child placed in the program.
3. An interagency agreement for cooperation executed by the local departments of health and social services or welfare; the juvenile and domestic relations district court; law-enforcement agencies; institutions of higher education and other postsecondary training programs; professional and community organizations; the business and religious communities; dropout prevention and substance abuse prevention programs; community services boards located in the applicants' respective jurisdictions; and the Department of Juvenile Justice.
4. A curriculum developed for intensive, accelerated instruction designed to establish high standards and academic achievement for participating students.
5. An emphasis on building self-esteem and the promotion of personal and social responsibility.
6. A low pupil/teacher ratio to promote a high level of interaction between the students and the teacher.
7. An extended day program, where appropriate, to facilitate remediation; tutoring; counseling; organized, age-appropriate, developmental education for elementary and middle school children; and

opportunities that enhance acculturation and permit students to improve their social and interpersonal relationship skills.

8. Community outreach to build strong school, business, and community partnerships, and to promote parental involvement in the educational process of participating children.

9. Specific, measurable goals and objectives and an evaluation component to determine the program's effectiveness in reducing acts of crime and violence by students, the dropout rate, the number of youth committed to juvenile correctional centers, and recidivism; and in increasing the academic achievement levels and rehabilitative success of participating students, admission to institutions of higher education and other postsecondary education and training programs, and improving staff retention rates.

10. The number of children who may be assigned to the regional alternative education program during the school year.

11. A plan for transitioning the enrolled students into the relevant school division's regular program.

12. A current program of staff development and training.

C. Beginning with the first year of program implementation, the Department of Education shall be entitled to deduct annually from the locality's share for the education of its students a sum equal to the actual local expenditure per pupil for the support of those students placed by the relevant school division in any such program. The amount of the actual transfers shall be based on data accumulated during the prior school year.

D. A school board shall require written notification to the pupil's parent, guardian, or other person having charge or control, when a pupil commits an offense in violation of school board policies, which school officials determine was committed without the willful intent to violate such policies, or when the offense did not endanger the health and safety of the individual or other persons, of the nature of the offense no later than two school days following its occurrence. A school board shall require the principal of the school where the child is in attendance or other appropriate school personnel to develop appropriate measures, in conjunction with the pupil's parent or guardian, for correcting such behavior.

E. For the purposes of this section, "regional alternative education program" means a program supported and implemented by two or more school divisions which are either geographically contiguous or have a community of interest.

F. For the purposes of this section, "one school year" means no more than 180 teaching days.

§ 22.1-254. Compulsory attendance required; excuses and waivers; alternative education program attendance; exemptions from article.

F. A school board may, in accordance with the procedures set forth in Article 3 (§ 22.1-276.01 et seq.) of Chapter 14 and upon a finding that a school-age child has been (i) charged with an offense relating to the Commonwealth's laws, or with a violation of school board policies, on weapons, alcohol or drugs, or intentional injury to another person; (ii) found guilty or not innocent of a crime that resulted in or could have resulted in injury to others, or of an offense that is required to be disclosed to the superintendent of the school division pursuant to subsection G of § 16.1-260; (iii) suspended pursuant to § 22.1-277.05; or (iv) expelled from school attendance pursuant to § 22.1-277.06 or 22.1-277.07 or subsection C of § 22.1-277, require the child to attend an alternative education program as provided in § 22.1-209.1:2 or 22.1-277.2:1.

G. Whenever a court orders any pupil into an alternative education program, including a program preparing students for a high school equivalency examination approved by the Board of Education, offered in the public schools, the local school board of the school division in which the program is offered shall determine the appropriate alternative education placement of the pupil, regardless of whether the pupil attends the public schools it supervises or resides within its school division.

The juvenile and domestic relations district court of the county or city in which a pupil resides or in which charges are pending against a pupil, or any court in which charges are pending against a pupil, may require the pupil who has been charged with (i) a crime that resulted in or could have resulted in injury to others, (ii) a violation of Article 1 (§ 18.2-77 et seq.) of Chapter 5 of Title 18.2, or (iii) any offense related to possession or distribution of any Schedule I, II, or III controlled substances to attend an alternative education program, including, but not limited to, night school, adult education, or any other education program designed to offer instruction to students for whom the regular program of instruction may be inappropriate.

This subsection shall not be construed to limit the authority of school boards to expel, suspend, or exclude students, as provided in §§ 22.1-277.04, 22.1-277.05, 22.1-277.06, 22.1-277.07, and 22.1-277.2. As used in this subsection, the term "charged" means that a petition or warrant has been filed or is pending against a pupil.

§ 22.1-269.1. Alternative attendance programs.

A. The Board of Education shall promulgate regulations for the voluntary participation of school divisions in programs to allow each school-age child to receive educational services at another public school, either in the division in which the child resides or in another division, as selected by the child's parent or guardian. Each public school in a school division participating in an alternative attendance program shall be eligible to participate in an alternative attendance program unless exceptional circumstances, as defined by the Board of Education, render the participation of the school contrary to public interest.

B. The Board's regulations shall be promulgated under the provisions of the Administrative Process Act (§ 2.2-4000 et seq.) and shall include, but shall not be limited to, provisions which address the following: the required acknowledgement by a local school of its decision to participate in an alternative attendance program, including school board resolutions for intradistrict programs and agreements between divisions participating in interdistrict programs; the equitable allocation of places to accommodate students when there are insufficient places to serve such students; transportation and school bus scheduling needs within the local school divisions; school enrollment capacity, class size, pupil-teacher ratios, and staffing levels for related instructional, administrative, and supervisory personnel as required by the Standards of Quality and the Standards for Accrediting Public Schools; the adequacy of school resources to accommodate an increase in student enrollment, grade level designations, and course offerings; the enrollment of students whose education is subject to an individualized education plan (I.E.P.) as required under P.L. 94-142 as amended; the preservation of the uniqueness of schools established for particular educational purposes; the fiscal impact of accommodating parental preference on local school divisions; in the case of interdistrict attendance programs, the establishment of tuition charges authorized by § 22.1-5; and the need to maintain racial balance in the public schools. The regulations shall also establish the value of educational services, based on consideration of per pupil expenditures and state aid in the affected school. Any local school board which has been ordered by a state or federal court to achieve racial balance in its public schools shall maintain such racial balance when accommodating preference in the assignment of children to a school.

C. From such funds as may be appropriated, the Board shall provide for the independent evaluation of this alternative attendance program and shall submit the evaluation to the Governor, the Senate, and the House of Delegates by January 1 of each year.

§ 22.1-276.01. Definitions.

A. For the purposes of this article, unless the context requires a different meaning:

"Alternative education program" includes night school, adult education, or any other education program designed to offer instruction to students for whom the regular program of instruction may be inappropriate.

§ 22.1-276.2. Removal of students from classes.

B. Each school board shall establish, within the regulations governing student conduct required by § 22.1-279.6:

4. Guidelines for the alternative assignment and instruction of such students and for the duration of such removals;

§ 22.1-277.04. Short-term suspension; procedures; readmission.

The school board shall require that any oral or written notice to the parent of a student who is suspended from school attendance for not more than ten days include notification of the length of the suspension, information regarding the availability of community-based educational programs, alternative education programs or other educational options, and of the student's right to return to regular school attendance upon the expiration of the suspension. The costs of any community-based educational program, or alternative education program or educational option, which is not a part of the educational program offered by the school division, shall be borne by the parent of the student.

§ 22.1-277.05. Long-term suspensions; procedures; readmission.

A. A pupil may be suspended from attendance at school for 11 to 45 school days after providing written notice to the pupil and his parent of the proposed action and the reasons therefor and of the right to a hearing before the school board, or a committee thereof, or the superintendent or his designee, in accordance with regulations of the school board. If the regulations provide for a hearing by the superintendent or his designee, the regulations shall also provide for an appeal of the decision to the full school board. Such appeal shall be decided by the school board within 30 days.

If the regulations provide for a hearing by a committee of the school board, the regulations shall also provide that such committee may confirm or disapprove the suspension of a student. Any such committee of the school board shall be composed of at least three members. If the committee's decision is not unanimous, the pupil or his parent may appeal the committee's decision to the full school board. Such appeal shall be decided by the school board within 30 days.

B. A school board shall include in the written notice of a suspension for 11 to 45 school days required by this section notification of the length of the suspension. In the case of a suspension for 11 to 45 school days, such written notice shall provide information concerning the availability of community-based educational, alternative education, or intervention programs. Such notice shall also state that the student is eligible to return to regular school attendance upon the expiration of the suspension or to attend an appropriate alternative education program approved by the school board during or upon the expiration of the suspension. The costs of any community-based educational, alternative education, or intervention program that is not a part of the educational program offered by the school division that the student may attend during his suspension shall be borne by the parent of the student.

Nothing in this section shall be construed to prohibit the school board from permitting or requiring students suspended pursuant to this section to attend an alternative education program provided by the school board for the term of such suspension.

C. Notwithstanding the provisions of subsections A and B, a long-term suspension may extend beyond a 45-school-day period but shall not exceed 364 calendar days if (i) the offense is one described in § 22.1-277.07 or 22.1-277.08 or involves serious bodily injury or (ii) the school board or division superintendent or his designee finds that aggravating circumstances exist, as defined by the Department. Such definition shall include a consideration of a student's disciplinary history.

§ 22.1-277.06. Expulsions; procedures; readmission.

B. The written notice required by this section shall include notification of the length of the expulsion and shall provide information to the parent of the student concerning the availability of community-based educational, training, and intervention programs. Such notice shall state further whether or not the student is eligible to return to regular school attendance, or to attend an appropriate alternative education program approved by the school board, or an adult education program offered by the school division, during or upon the expiration of the expulsion, and the terms or conditions of such readmission. The costs of any community-based educational, training, or intervention program that is not a part of the educational program offered by the school division that the student may attend during his expulsion shall be borne by the parent of the student.

Nothing in this section shall be construed to prohibit the school board from permitting or requiring students expelled pursuant to this section to attend an alternative education program provided by the school board for the term of such expulsion.

If the school board determines that the student is ineligible to return to regular school attendance or to attend during the expulsion an alternative education program or an adult education program in the school division, the written notice shall also advise the parent of such student that the student may petition the school board for readmission to be effective one calendar year from the date of his expulsion, and of the conditions, if any, under which readmission may be granted.

School boards shall establish, by regulation, a schedule pursuant to which such students may apply and reapply for readmission to school. Such schedule shall be designed to ensure that any initial petition for readmission will be reviewed by the school board or a committee thereof, or the division superintendent, and, if granted, would enable the student to resume school attendance one calendar year from the date of the expulsion. If the division superintendent or a committee of the school board denies such petition, the student may petition the school board for review of such denial.

§ 22.1-277.2:1. Disciplinary authority of school boards under certain circumstances; alternative education program.

A. A school board may, in accordance with the procedures set forth in this article, require any student who has been (i) charged with an offense relating to the Commonwealth's laws, or with a violation of school board policies, on weapons, alcohol or drugs, or intentional injury to another person, or with an offense that is required to be disclosed to the superintendent of the school division pursuant to subsection G of § 16.1-260; (ii) found guilty or not innocent of an offense relating to the Commonwealth's laws on weapons, alcohol, or drugs, or of a crime that resulted in or could have resulted in injury to others, or of an offense that is required to be disclosed to the superintendent of the school division pursuant to subsection G of § 16.1-260; (iii) found to have committed a serious offense or repeated offenses in violation of school board policies; (iv) suspended pursuant to § 22.1-277.05; or (v) expelled pursuant to § 22.1-277.06, 22.1-277.07, or 22.1-277.08, or subsection C of § 22.1-277, to attend an alternative education program. A school board may require such student to attend such programs regardless of where the crime occurred. School boards may require any student who has been found, in accordance with the procedures set forth in this article, to have been in possession of, or under the influence of, drugs or alcohol on a school bus, on school property, or at a school-sponsored activity in violation of school board policies, to undergo evaluation for drug or alcohol abuse, or both, and, if recommended by the evaluator and with the consent of the student's parent, to participate in a treatment program.

As used in this section, the term "charged" means that a petition or warrant has been filed or is pending against a pupil.

B. A school board may adopt regulations authorizing the division superintendent or his designee to require students to attend an alternative education program consistent with the provisions of subsection A

after (i) written notice to the student and his parent that the student will be required to attend an alternative education program and (ii) notice of the opportunity for the student or his parent to participate in a hearing to be conducted by the division superintendent or his designee regarding such placement. The decision of the superintendent or his designee regarding such alternative education placement shall be final unless altered by the school board, upon timely written petition, as established in regulation, by the student or his parent, for a review of the record by the school board.

C. A school board may adopt regulations authorizing the principal or his designee to impose a short-term suspension, pursuant to § 22.1-277.04, upon a student who has been charged with an offense involving intentional injury enumerated in subsection G of § 16.1-260, to another student in the same school pending a decision as to whether to require that such student attend an alternative education program.

REGULATIONS

8 VAC 20-81-160. Discipline procedures.

A. General. (§ 22.1-277 of the Code of Virginia; 34 CFR 300.530(a); 34 CFR 300.324(a)(2)(i))

1. A child with a disability shall be entitled to the same due process rights that all children are entitled to under the Code of Virginia and the local educational agency's disciplinary policies and procedures.

B. Short-term removals.

1. A short-term removal is for a period of time of up to 10 consecutive school days or 10 cumulative school days in a school year. (34 CFR 300.530(b))

a. School personnel may short-term remove a child with a disability from the child's current educational setting to an appropriate interim alternative educational setting, another setting, or suspension, to the extent those alternatives are applied to a child without disabilities.

b. Additional short-term removals may apply to a child with a disability in a school year for separate incidents of misconduct as long as the removals do not constitute a pattern. If the short-term removals constitute a pattern, the requirements of subsection C of this section apply.

(1) The local educational agency determines when isolated, short-term removals for unrelated instances of misconduct are considered a pattern.(2) These removals only constitute a change in placement if the local educational agency determines there is a pattern.

2. Services during short-term removals.

a. The local educational agency is not required to provide services during the first 10 school days in a school year that a child with a disability is short-term removed if services are not provided to a child without a disability who has been similarly removed. (34 CFR 300.530(b)(2))

b. For additional short-term removals, which do not constitute a pattern, the local educational agency shall provide services to the extent determined necessary to enable the student to continue to participate in the general education curriculum and to progress toward meeting the goals of the student's IEP. School personnel, in consultation with the student's special education teacher, make the service determinations. (34 CFR 300.530(b)(2))

c. For additional short-term removals that do not constitute a pattern, the local educational agency shall ensure that children with disabilities are included in the Virginia Department of Education and divisionwide assessment programs in accordance with the provisions of subdivision 4 of 8 VAC 20-81-20. (20 USC § 1412(a)(16)(A))

C. Long-term removals.

1. A long-term removal is for more than 10 consecutive school days; or (34 CFR 300.530; 34 CFR 300.536)

2. The child has received a series of short-term removals that constitutes a pattern:

- a. Because the removals cumulate to more than 10 school days in a school year;
 - b. Because the child's behavior is substantially similar to the child's behavior in previous incidents that results in a series of removals; and
 - c. Because of such additional factors such as the length of each removal, the total amount of time the student is removed, and the proximity of the removals to one another.
3. The local educational agency determines on a case-by-case basis whether a pattern of removals constitutes a change in placement. This determination is subject to review through due process and judicial proceedings. (34 CFR 300.530(a) and (b) and 34 CFR 300.536)
4. On the date on which the decision is made to long-term remove the student because of a violation of a code of student conduct, the local educational agency shall notify the parent(s) of the decision and provide the parent(s) with the procedural safeguards. (34 CFR 300.530(h))
5. Special circumstances. (34 CFR 300.530(g))
- a. School personnel may remove a child with a disability to an appropriate interim alternative educational setting for the same amount of time that a child without a disability would be subject to discipline, but for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the child's disability, if:
 - (1) The child carries a weapon to or possesses a weapon at school, on school premises, or at a school function under the jurisdiction of a local educational agency or the Virginia Department of Education; or
 - (2) The child knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school, on school premises, or at a school function under the jurisdiction of a local educational agency or the Virginia Department of Education; or
 - (3) The child inflicts serious bodily injury upon another person at school, on school premises, or at a school function under the jurisdiction of a local educational agency or the Virginia Department of Education.
 - b. For purposes of this part, "weapon," "controlled substance," and "serious bodily injury" have the meaning given the terms under 8 VAC 20-81-10.
6. Services during long-term removals.
- a. A child with a disability who is long-term removed receives services during the disciplinary removal so as to enable the student to: (34 CFR 300.530(d))
 - (1) Continue to receive educational services so as to enable the student to continue to participate in the general educational curriculum, although in another setting;
 - (2) Continue to receive those services and modifications including those described in the child's current IEP that will enable the child to progress toward meeting the IEP goals; and
 - (3) Receive, as appropriate, a functional behavioral assessment, and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur.
 - b. For long-term removals, the local educational agency shall ensure that children with disabilities are included in the Virginia Department of Education and divisionwide assessment programs in accordance with the provisions of subdivision 4 of 8 VAC 20-81-20. (20 USC § 1412(a)(16)(A))
 - c. The IEP team determines the services needed for the child with a disability who has been long-term removed. (34 CFR 300.530(d)(5) and 34 CFR 300.531)
- D. Manifestation determination. (34 CFR 300.530(c), (e), (f), and (g))

1. Manifestation determination is required if the local educational agency is contemplating a removal that constitutes a change in placement for a child with a disability who has violated a code of student conduct of the local educational agency that applies to all students.
2. The local educational agency, the parent(s), and relevant members of the child's IEP team, as determined by the parent and the local educational agency, constitute the IEP team that shall convene immediately, if possible, but not later than 10 school days after the date on which the decision to take the action is made.
3. The IEP team shall review all relevant information in the child's file, including the child's IEP, any teacher observations, and any relevant information provided by the parent(s).
4. The IEP team then shall determine the conduct to be a manifestation of the child's disability:
 - (1) If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
 - (2) If the conduct in question was the direct result of the local educational agency's failure to implement the child's IEP.
5. If the IEP team determines that the local educational agency failed to implement the child's IEP, the local educational agency shall take immediate steps to remedy those deficiencies.
6. If the IEP team determines that the child's behavior was a manifestation of the child's disability:
 - a. The IEP team shall return the child to the placement from which the child was removed unless the parent and the local educational agency agree to a change in placement as part of the modification of the behavioral intervention plan. The exception to this provision is when the child has been removed for not more than 45 school days to an interim alternative educational setting for matters described in subdivision C 5 a of this section. In that case, school personnel may keep the student in the interim alternative educational setting until the expiration of the 45-day period.
 - (1) Conduct a functional behavioral assessment, unless the local educational agency had conducted this assessment before the behavior that resulted in the change in placement occurred, and implement a behavioral intervention plan for the child.
 - (a) A functional behavioral assessment may include a review of existing data or new testing data or evaluation as determined by the IEP team.
 - (b) If the IEP team determines that the functional behavioral assessment will include obtaining new testing data or evaluation, then the parent is entitled to an independent educational evaluation in accordance with 8 VAC 20-81-170 B if the parent disagrees with the evaluation or a component of the evaluation obtained by the local educational agency; or
 - (2) If a behavioral intervention plan already has been developed, review this plan, and modify it, as necessary, to address the behavior.
7. If the IEP team determines that the child's behavior was not a manifestation of the child's disability, school personnel may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to children without disabilities, except that services shall be provided in accordance with subdivision C 6 a of this section.

E. Appeal. (34 CFR 300.532(a) and (c))

1. If the child's parent(s) disagrees with the determination that the student's behavior was not a manifestation of the student's disability or with any decision regarding placement under these disciplinary procedures, the parent(s) may request an expedited due process hearing.
2. A local educational agency that believes that maintaining the current placement of the child is substantially likely to result in injury to the child or others, may request an expedited due process hearing.

3. The local educational agency is responsible for arranging the expedited due process in accordance with the Virginia Department of Education's hearing procedures at 8 VAC 20-81-210.

a. The hearing shall occur within 20 school days of the date the request for the hearing is filed.

b. The special education hearing officer shall make a determination within 10 school days after the hearing.

c. Unless the parent(s) and the local educational agency agree in writing to waive the resolution meeting, or agree to use the mediation process:

(1) A resolution meeting shall occur within 7 calendar days of receiving the request for a hearing.

(2) The due process hearing may proceed unless the matter has been resolved to the satisfaction of both parties within 15 calendar days of the receipt of the request for a hearing.

d. The decisions on expedited due process hearings are appealable consistent with 8 VAC 20-81-210.

F. Authority of the special education hearing officer. (34 CFR 300.532(a) and (b))

1. A local educational agency may request an expedited due process hearing under the Virginia Department of Education's due process hearing procedures to effect a change in placement of a child with a disability for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the child's disability, if the local educational agency believes that the child's behavior is substantially likely to result in injury to self or others.

2. The special education hearing officer under 8 VAC 20-81-210 may:

a. Return the child with a disability to the placement from which the child was removed if the special education hearing officer determines that the removal was a violation of subsections C and D of this section, or that the child's behavior was a manifestation of the child's disability; or

b. Order a change in the placement to an appropriate interim alternative educational setting for not more than 45 school days if the special education hearing officer determines that maintaining the current placement of the child is substantially likely to result in injury to the student or others.

3. A local educational agency may ask the special education hearing officer for an extension of 45 school days for the interim alternative educational setting of a child with a disability when school personnel believe that the child's return to the regular placement would result in injury to the student or others.

G. Placement during appeals. (34 CFR 300.533)

1. The child shall remain in the interim alternative educational setting pending the decision of the special education hearing officer; or

2. Until the expiration of the time for the disciplinary period set forth in this section, whichever comes first, unless the parent and the local educational agency agree otherwise.

H. Protection for children not yet eligible for special education and related services. (34 CFR 300.534)

1. A child who has not been determined to be eligible for special education and related services and who has engaged in behavior that violates a code of student conduct of the local educational agency may assert any of the protections provided in this chapter if the local educational agency had knowledge that the child was a child with a disability before the behavior that precipitated the disciplinary action occurred.

2. A local educational agency shall be deemed to have knowledge that a child is a child with a disability if before the behavior that precipitated the disciplinary action occurred:

(a) The parent(s) of the child expressed concern in writing (or orally if the parent(s) does not know how to write or has a disability that prevents a written statement) to school personnel that the child is in need of special education and related services;

(b) The parent(s) of the child requested an evaluation of the child to be determined eligible for special education and related services; or

(c) A teacher of the child or school personnel expressed concern about a pattern of behavior demonstrated by the child directly to the director of special education of the local educational agency or to other supervisory personnel of the local educational agency.

3. A local educational agency would not be deemed to have knowledge that a child is a child with a disability if:

(a) The parent of the child has not allowed a previous evaluation of the child or has refused services; or

(b) The child has been evaluated in accordance with 8 VAC 20-81-70 and 8 VAC 20-81-80 and determined ineligible for special education and related services.

4. If the local educational agency does not have knowledge that a child is a child with a disability prior to taking disciplinary measures against the child, the child may be subjected to the same disciplinary measures applied to a child without a disability who engages in comparable behaviors.

5. If a request is made for an evaluation of a child during the time period in which the child is subjected to disciplinary measures under this section, the evaluation shall be conducted in an expedited manner.

a. Until the evaluation is completed, the child remains in the educational placement determined by the school personnel, which can include suspension or expulsion without educational services.

b. If the child is determined to be a child with a disability, taking into consideration information from the evaluations conducted by the local educational agency and information provided by the parent(s), the local educational agency shall provide special education and related services as required for a child with a disability who is disciplined.

I. Referral to and action by law enforcement and judicial authorities. (34 CFR 300.535)

1. Nothing in this chapter prohibits a local educational agency from reporting a crime by a child with a disability to appropriate authorities, or prevents state law enforcement and judicial authorities from exercising their responsibilities with regard to the application of federal and state law to crimes committed by a child with a disability to the extent such action applies to a student without a disability.

2. In reporting the crime, the local educational agency shall ensure that copies of the special education and disciplinary records of the child are transmitted for consideration by the appropriate authorities to whom school personnel report the crime. Transmission of such records shall be in accordance with requirements under the Management of the Student's Scholastic Record in the Public Schools of Virginia (8 VAC 20-150).

J. Information on disciplinary actions. (34 CFR 300.229)

1. The Virginia Department of Education requires that local educational agencies include in the records of a child with a disability a statement of any current or previous disciplinary action that has been taken against the child.

2. Local educational agencies are responsible for transmitting the statement to the Virginia Department of Education upon request to the same extent that the disciplinary information is included in, and transmitted with, the student records of nondisabled students.

3. The statement may include:

a. A description of any behavior engaged in by the child who required disciplinary action;

b. A description of the disciplinary action; and

c. Any other information that is relevant to the safety of the child and other individuals involved with the child.

4. If the child transfers from one school to another, the transmission of any of the child's records shall include the child's current IEP and any statement of current or previous disciplinary action that has been taken against the child.

8 VAC 20-671-530. Alternative education.

Schools may provide students, 16 years of age to 18 years of age who choose to prepare for the Tests of General Educational Development (GED) certificate, an Individualized Student Alternative Education Plan (ISAEP) program. Implementation of the ISAEP program requires submission of an application and approval by the department.

§ 22.1-277.07. Expulsion of students under certain circumstances; exceptions.

A. In compliance with the federal Improving America's Schools Act of 1994 (Part F-Gun-Free Schools Act of 1994), a school board shall expel from school attendance for a period of not less than one year any student whom such school board has determined, in accordance with the procedures set forth in this article, to have possessed a firearm on school property or at a school-sponsored activity as prohibited by § 18.2-308.1 or to have possessed a firearm or destructive device as defined in subsection E, a firearm muffler or firearm silencer, or a pneumatic gun as defined in subsection E of § 15.2-915.4 on school property or at a school-sponsored activity. A school administrator, pursuant to school board policy, or a school board may, however, determine, based on the facts of a particular situation, that special circumstances exist and no disciplinary action or another disciplinary action or another term of expulsion is appropriate. A school board may promulgate guidelines for determining what constitutes special circumstances. In addition, a school board may, by regulation, authorize the division superintendent or his designee to conduct a preliminary review of such cases to determine whether a disciplinary action other than expulsion is appropriate. Such regulations shall ensure that, if a determination is made that another disciplinary action is appropriate, any such subsequent disciplinary action is to be taken in accordance with the procedures set forth in this article. Nothing in this section shall be construed to require a student's expulsion regardless of the facts of the particular situation.

B. The Board of Education is designated as the state education agency to carry out the provisions of the federal Improving America's Schools Act of 1994 and shall administer the funds to be appropriated to the Commonwealth under this act.

C. Each school board shall revise its standards of student conduct no later than three months after the date on which this act becomes effective. Local school boards requesting moneys apportioned to the Commonwealth through the federal Improving America's Schools Act of 1994 shall submit to the Department of Education an application requesting such assistance. Applications for assistance shall include:

D. No school operating a Junior Reserve Officers Training Corps (JROTC) program shall prohibit the JROTC program from conducting marksmanship training when such training is a normal element of such programs. Such programs may include training in the use of pneumatic guns. The administration of a school operating a JROTC program shall cooperate with the JROTC staff in implementing such marksmanship training.

E. As used in this section:

"Destructive device" means (i) any explosive, incendiary, or poison gas, bomb, grenade, rocket having a propellant charge of more than four ounces, missile having an explosive or incendiary charge of more than one-quarter ounce, mine, or other similar device; (ii) any weapon, except a shotgun or a shotgun shell generally recognized as particularly suitable for sporting purposes, by whatever name known that will, or may be readily converted to, expel a projectile by the action of an explosive or other propellant, and that has any barrel with a bore of more than one-half inch in diameter that is homemade or was not made by a duly licensed weapon manufacturer, any fully automatic firearm, any sawed-off shotgun or sawed-off rifle as defined in § 18.2-299 or any firearm prohibited from civilian ownership by federal law; and (iii) any combination of parts either designed or intended for use in converting any device into any destructive device described in this subsection and from which a destructive device may be readily

assembled. "Destructive device" does not include any device that is not designed or redesigned for use as a weapon, or any device originally designed for use as a weapon and that is redesigned for use as a signaling, pyrotechnic, line-throwing, safety, or other similar device, nor shall it include any antique firearm as defined in subsection G of § 18.2-308.2:2.

"Firearm" means any weapon, including a starter gun, that will, or is designed or may readily be converted to, expel single or multiple projectiles by the action of an explosion of a combustible material or the frame or receiver of any such weapon. F. The exemptions set out in §§ 18.2-308 and 18.2-308.016 regarding concealed weapons shall apply, mutatis mutandis, to the provisions of this section. The provisions of this section shall not apply to persons who possess such firearm or firearms or pneumatic guns as a part of the curriculum or other programs sponsored by the schools in the school division or any organization permitted by the school to use its premises or to any law-enforcement officer while engaged in his duties as such.

G. This section shall not be construed to diminish the authority of the Board of Education or the Governor concerning decisions on whether, or the extent to which, Virginia shall participate in the federal Improving America's Schools Act of 1994, or to diminish the Governor's authority to coordinate and provide policy direction on official communications between the Commonwealth and the United States government.

§ 22.1-277.07:1. Policies prohibiting possession of firearms.

Attendance and truancy

LAWS

§ 16.1-260. Intake; petition; investigation.

B. [...] If a juvenile is alleged to be a truant pursuant to a complaint filed in accordance with § 22.1-258 and the attendance officer has provided documentation to the intake officer that the relevant school division has complied with the provisions of § 22.1-258, then the intake officer shall file a petition with the court. The intake officer may defer filing the complaint for 90 days and proceed informally by developing a truancy plan, provided that (a) the juvenile has not previously been proceeded against informally or adjudicated in need of supervision on more than two occasions for failure to comply with compulsory school attendance as provided in § 22.1-254 and (b) the immediately previous informal action or adjudication occurred at least three calendar years prior to the current complaint. The juvenile and his parent or parents, guardian, or other person standing in loco parentis must agree, in writing, for the development of a truancy plan. The truancy plan may include requirements that the juvenile and his parent or parents, guardian, or other person standing in loco parentis participate in such programs, cooperate in such treatment, or be subject to such conditions and limitations as necessary to ensure the juvenile's compliance with compulsory school attendance as provided in § 22.1-254. The intake officer may refer the juvenile to the appropriate public agency for the purpose of developing a truancy plan using an interagency interdisciplinary team approach. The team may include qualified personnel who are reasonably available from the appropriate department of social services, community services board, local school division, court service unit, and other appropriate and available public and private agencies and may be the family assessment and planning team established pursuant to § 2.2-5207. If at the end of the

90-day period the juvenile has not successfully completed the truancy plan or the truancy program, then the intake officer shall file the petition.

Whenever informal action is taken as provided in this subsection on a complaint alleging that a child is in need of services, in need of supervision, or delinquent, the intake officer shall (1) develop a plan for the juvenile, which may include restitution and the performance of community service, based upon community resources and the circumstances which resulted in the complaint, (2) create an official record of the action taken by the intake officer and file such record in the juvenile's case file, and (3) advise the juvenile and the juvenile's parent, guardian, or other person standing in loco parentis and the complainant that any subsequent complaint alleging that the child is in need of supervision or delinquent based upon facts which may be sufficient to invoke the jurisdiction of the court pursuant to § 16.1-241 will result in the filing of a petition with the court.

§ 22.1-258. Appointment of attendance officers; notification when pupil fails to report to school.

Every school board shall have power to appoint one or more attendance officers, who shall be charged with the enforcement of the provisions of this article. Where no attendance officer is appointed by the school board, the division superintendent or his designee shall act as attendance officer.

Whenever any pupil fails to report to school on a regularly scheduled school day and no indication has been received by school personnel that the pupil's parent is aware of and supports the pupil's absence, a reasonable effort to notify by telephone the parent to obtain an explanation for the pupil's absence shall be made by either the school principal or his designee, the attendance officer, other school personnel, or volunteers organized by the school administration for this purpose. Any such volunteers shall not be liable for any civil damages for any acts or omissions resulting from making such reasonable efforts to notify parents and obtain such explanation when such acts or omissions are taken in good faith, unless such acts or omissions were the result of gross negligence or willful misconduct. This subsection shall not be construed to limit, withdraw, or overturn any defense or immunity already existing in statutory or common law or to affect any claim occurring prior to the effective date of this law. School divisions are encouraged to use noninstructional personnel for this notice.

Whenever any pupil fails to report to school for a total of five scheduled school days for the school year and no indication has been received by school personnel that the pupil's parent is aware of and supports the pupil's absence, and a reasonable effort to notify the parent has failed, the school principal or his designee or the attendance officer shall make a reasonable effort to ensure that direct contact is made with the parent, either in person or through telephone conversation, to obtain an explanation for the pupil's absence and to explain to the parent the consequences of continued nonattendance. The school principal or his designee or the attendance officer, the pupil, and the pupil's parent shall jointly develop a plan to resolve the pupil's nonattendance. Such plan shall include documentation of the reasons for the pupil's nonattendance.

If the pupil is absent an additional day after direct contact with the pupil's parent and the attendance officer has received no indication that the pupil's parent is aware of and supports the pupil's absence, either the school principal or his designee or the attendance officer shall schedule a conference within 10 school days with the pupil, his parent, and school personnel, which conference may include other community service providers, to resolve issues related to the pupil's nonattendance. The conference shall be held no later than 15 school days after the sixth absence. Upon the next absence by such pupil without indication to the attendance officer that the pupil's parent is aware of and supports the pupil's absence, the school principal or his designee shall notify the attendance officer or the division superintendent or his designee, as the case may be, who shall enforce the provisions of this article by either or both of the following: (i) filing a complaint with the juvenile and domestic relations court alleging the pupil is a child in need of supervision as defined in § 16.1-228 or (ii) instituting proceedings against the parent pursuant to § 18.2-371 or § 22.1-262. In filing a complaint against the student, the attendance

officer shall provide written documentation of the efforts to comply with the provisions of this section. In the event that both parents have been awarded joint physical custody pursuant to § 20-124.2 and the school has received notice of such order, both parents shall be notified at the last known addresses of the parents.

Nothing in this section shall be construed to limit in any way the authority of any attendance officer or division superintendent to seek immediate compliance with the compulsory school attendance law as set forth in this article.

Attendance officers, other school personnel or volunteers organized by the school administration for this purpose shall be immune from any civil or criminal liability in connection with the notice to parents of a pupil's absence or failure to give such notice as required by this section.

§ 22.1-261. Attendance officer to make list of children not enrolled; duties of attendance officer.

The attendance officer or the division superintendent or his designee shall check the reports submitted pursuant to subsection A of § 22.1-260 with reports from the State Registrar of Vital Records and Health Statistics. From these reports and from any other reliable source the attendance officer or the division superintendent or his designee shall, within five days after receiving all reports submitted pursuant to subsection A of § 22.1-260, make a list of the names of children who are not enrolled in any school and who are not exempt from school attendance. It shall be the duty of the attendance officer, on behalf of the local school board, to investigate all cases of nonenrollment and, when no valid reason is found therefor, to notify the parent, guardian or other person having control of the child to require the attendance of such child at the school within three days from the date of such notice.

§ 22.1-265. Inducing children to absent themselves.

Any person who induces or attempts to induce any child to be absent unlawfully from school or who knowingly employs or harbors, while school is in session, any child absent unlawfully shall be guilty of a Class 3 misdemeanor and may be subject to the penalties provided by subdivision 5 a of subsection B of § 16.1-278.5 or § 18.2-371. Upon a finding that a person knowingly and willfully violated the provisions of this section and that such person has been convicted previously of a violation of this section, such person shall be guilty of a Class 2 misdemeanor.

§ 22.1-266. Law-enforcement officers and truant children.

A. Notwithstanding the provisions of § 16.1-246, any law-enforcement officer as defined in § 9.1-101 or any attendance officer may pick up any child who (i) is reported to be truant from a public school by a school principal or division superintendent or (ii) the law-enforcement officer or attendance officer reasonably determines to be a public school student and by reason of the child's age and circumstances is either truant from public school or has been expelled from school and has been required to attend an alternative education program pursuant to § 22.1-254 or § 22.1-277.2:1, and may deliver such child to the appropriate public school, alternative education program, or truancy center and personnel thereof without charging the parent or guardian of such child with a violation of any provision of law.

B. Any such law-enforcement officer or attendance officer shall not be liable for any civil damages for any acts or omissions resulting from picking up or delivering a public school child as provided in subsection A when such acts or omissions are within the scope of the employment of such law-enforcement officer or attendance officer and are taken in good faith, unless such acts or omissions were the result of gross negligence or willful misconduct. This subsection shall not be construed to limit, withdraw or overturn any defense or immunity already existing in statutory or common law or to affect any claim occurring prior to the effective date of this law.

C. For the purposes of this section, "truancy center" means a facility or site operated by a school division, sometimes jointly with the local law-enforcement agency, and designated for receiving children who have been retrieved by a law-enforcement officer or attendance officer for truancy from school.

A school board may, by regulation, authorize the division superintendent or his designee to conduct a preliminary review of such cases to determine whether a disciplinary action other than expulsion is appropriate. Such regulations shall ensure that, if a determination is made that another disciplinary action is appropriate, any such subsequent disciplinary action is to be taken in accordance with the procedures set forth in this article. Nothing in this section shall be construed to require a student's expulsion regardless of the facts of the particular situation.

B. Each school board shall revise its standards of student conduct to incorporate the requirements of this section no later than three months after the date on which this act becomes effective.

No disclosures shall be made pursuant to this section in violation of the confidentiality provisions of subsection A of § 16.1-300 or the record retention and redisclosure provisions of § 22.1-288.2. Further, any school superintendent who receives notification that a juvenile has committed an act that would be a crime if committed by an adult pursuant to subsection G of § 16.1-260 shall report such information to the principal of the school in which the juvenile is enrolled.

C. The principal or his designee shall submit a report of all incidents required to be reported pursuant to this section to the superintendent of the school division. Such notice shall relate to only the relevant student's involvement and shall not include information concerning other students.

Whenever any student commits any reportable incident as set forth in this section, such student shall be required to participate in such prevention and intervention activities as deemed appropriate by the superintendent or his designee. Prevention and intervention activities shall be identified in the local school division's drug and violence prevention plans developed pursuant to the federal Improving America's Schools Act of 1994 (Title IV - Safe and Drug-Free Schools and Communities Act).

D. Except as may otherwise be required by federal law, regulation, or jurisprudence, the principal shall immediately report to the local law-enforcement agency any act enumerated in clauses (ii) through (vii) of subsection A that may constitute a criminal offense and may report to the local law-enforcement agency any incident described in clause (i) of subsection A. Nothing in this section shall require delinquency charges to be filed or prevent schools from dealing with school-based offenses through graduated sanctions or educational programming before a delinquency charge is filed with the juvenile court.

Further, except as may be prohibited by federal law, regulation, or jurisprudence, the principal shall also immediately report any act enumerated in clauses (ii) through (v) of subsection A that may constitute a criminal offense to the parents of any minor student who is the specific object of such act. Further, the principal shall report that the incident has been reported to local law enforcement as required by law and that the parents may contact local law enforcement for further information, if they so desire.

Police or other law-enforcement personnel shall staff every school crime line program, receive reported information from anonymous student callers, screen such information, and direct information for further investigation, as may be appropriate.

By July 1, 1994, the Board of Education shall promulgate regulations for the implementation of school crime lines, including, but not limited to, appropriate fund raising, and the appropriateness of and limitations on rewards. In developing the regulations, the Board shall, in consultation with the Office of the Attorney General, address issues relating to civil rights, privacy, and any other question of law, including the civic duty to report crime without compensation.

E. Local school boards may establish, as a separate account, a school crime line fund, consisting of private contributions, local appropriations specifically designated for such purposes, and such funds as may be appropriated for this purpose by the Commonwealth pursuant to the appropriation act. No state or local funds appropriated for educational purposes shall be used to implement a school crime line.

"Multi-disciplinary team" means a school-based team that may be convened to review student records and to participate in prevention, early intervention, and provision of support services to address unexcused absences, including school-based case management. These services should address academic, social, emotional, and familial issues in order to improve regular school attendance. Team members may include, but are not limited to, the following: an administrator, school counselor, social worker or psychologist, student assistance specialist, special education and regular education teacher, and attendance officer.

8 VAC 20-730-20. Unexcused absences intervention process and responsibilities.

- A. Each local school board shall provide guidance regarding what would constitute an excused absence in order to address when the explanation provided by the parent will be determined to be reasonable and acceptable.
- B. Each local school board shall develop procedures to ensure that appropriate interventions will be implemented when a student engages in a pattern of absences less than a full day, the explanation for which, if it were a full-day absence, would not be deemed an excused absence.
- C. The following intervention steps shall be implemented to respond to unexcused absences from school and to engage students in regular school attendance.
 - 1. Whenever a student fails to report to school on a regularly scheduled school day and no information has been received by school personnel that the student's parent is aware of and supports the absence, the school principal or designee, attendance officer, or other school personnel or volunteer will notify the parent by phone or email or any other electronic means to obtain an explanation. The school staff shall record the student's absence for each day as "excused" or "unexcused." Early intervention with the student and parent or parents shall take place for repeated unexcused absences.

During the direct contact with the parent and the student (if appropriate), reasons for nonattendance shall be documented and the consequences of nonattendance explained. The student and parent may be referred to a school-based multi-disciplinary team for assistance implementing the attendance plan and case management.

3. The school principal or designee or the attendance officer shall schedule a face-to-face attendance conference, or an interaction that is conducted through the use of communication technology, within 10 school days from the date of the student's sixth unexcused absence for the school year. The attendance conference must be held within 15 school days from the date of the sixth unexcused absence. The conference shall include the parent, student, and school personnel (which may be a representative or representatives from the multi-disciplinary team) and may include community service providers.

In addition to documentation of compliance with the notice provisions of § 22.1-258 of the Code of Virginia, all records of intervention regarding the student's unexcused absences, such as copies of the conference meeting notes, attendance plan, and supports shall be presented to the intake worker.

D. A record shall be maintained of each meeting that includes the attendance plan, the name of individuals in attendance at each conference meeting (including via telephone or electronic devices), the location and date of the conference, a summary of what occurred, and follow-up steps.

2. A statement that corporal punishment and abusive techniques and interventions are not authorized, permitted, or condoned.
3. A statement that behavior management techniques are applied in order of their degree of intrusiveness or restrictiveness and the conditions under which they may be used by trained personnel.

B. Physical restraint or seclusion is allowed only in an emergency situation and only when it is necessary to protect the student or another person from imminent danger of serious physical harm after less intrusive interventions have been attempted and failed to manage that particular behavior and there is a substantial explanation for why other interventions were deemed inadequate or inappropriate.

1. The use of restraint or seclusion, particularly when there is repeated use for an individual child, multiple uses within the same classroom, or multiple uses by the same individual, shall trigger a review and, if appropriate, a revision of behavioral strategies currently in place to address dangerous behavior. If positive behavioral strategies are not in place, staff shall develop them.
2. In cases where a student has a history of dangerous behavior for which restraint or seclusion was considered or used, a school shall have a plan developed in consultation with the parent for (i) teaching and supporting more appropriate behavior and (ii) determining positive methods to prevent behavioral escalations that have previously resulted in the use of restraint or seclusion.
3. Physical restraint or seclusion shall not be used for disciplinary reasons, as a punishment, or retaliation, or for staff's convenience.
4. Each student is entitled to be completely free from any unnecessary use of physical restraint or seclusion.
5. Staff shall continuously monitor the use of physical restraint and seclusion and shall not rely on an electronic surveillance device.
6. Physical restraint may only be implemented, monitored, or discontinued by staff who have received proper training.
7. The door to any room in which a student is secluded may be held shut only when a staff member is personally securing it. The room must meet specification including size and viewing panels that ensure the student's safety at all times including during a fire or other emergency.
8. Schools shall permit parents to inspect any area used during an emergency for the purpose of seclusion.
9. The parent shall be informed on the day of each incident of physical restraint or seclusion. The student's home school division and placing agency shall be informed as soon as possible but within 24 hours of the occurrence.
10. Each application of physical restraint or seclusion shall be fully documented in the student's record including date, time, staff involved, justification for the physical restraint or seclusion, behavior antecedents, less restrictive interventions that were unsuccessfully attempted prior to using physical restraint or seclusion, duration, description of method or methods of physical restraint techniques used, signature of the person completing the report and date, and reviewer's signature and date. The written report shall be made available to the parent within two business days of the occurrence and opportunity given for the parent and student, as appropriate, to discuss the matter with school staff.
11. Schools shall collect and annually report to the department the number of times restraint and seclusion were used during the school year. The data shall be disaggregated by students and number of occurrences.

8 VAC 20-730-20. Unexcused absences intervention process and responsibilities.

- A. Each local school board shall provide guidance regarding what would constitute an excused absence in order to address when the explanation provided by the parent will be determined to be reasonable and acceptable.
- B. Each local school board shall develop procedures to ensure that appropriate interventions will be implemented when a student engages in a pattern of absences less than a full day, the explanation for which, if it were a full-day absence, would not be deemed an excused absence.
- C. The following intervention steps shall be implemented to respond to unexcused absences from school and to engage students in regular school attendance.

1. Whenever a student fails to report to school on a regularly scheduled school day and no information has been received by school personnel that the student's parent is aware of and supports the absence, the school principal or designee, attendance officer, or other school personnel or volunteer will notify the parent by phone or email or any other electronic means to obtain an explanation. The school staff shall record the student's absence for each day as "excused" or "unexcused." Early intervention with the student and parent or parents shall take place for repeated unexcused absences.

2. When a student has received five unexcused absences, the school principal or designee or the attendance officer shall make a reasonable effort to ensure that direct contact is made with the parent. The parent shall be contacted in a face-to-face conference, by telephone, or through the use of other communication devices. During the direct contact with the parent and the student (if appropriate), reasons for nonattendance shall be documented and the consequences of nonattendance explained. An attendance plan shall be made with the student and parent or parents to resolve the nonattendance issues. The student and parent may be referred to a school-based multi-disciplinary team for assistance implementing the attendance plan and case management.

3. The school principal or designee or the attendance officer shall schedule a face-to-face attendance conference, or an interaction that is conducted through the use of communication technology, within 10 school days from the date of the student's sixth unexcused absence for the school year. The attendance conference must be held within 15 school days from the date of the sixth unexcused absence. The conference shall include the parent, student, and school personnel (which may be a representative or representatives from the multi-disciplinary team) and may include community service providers.

4. The school principal or designee shall notify the attendance officer or division superintendent of the student's seventh unexcused absence for the school year. The division superintendent or designee shall contact the Juvenile and Domestic Relations Court intake to file a complaint alleging the student is a child in need of supervision (CHINSup) or to institute proceedings against the parent. In addition to documentation of compliance with the notice provisions of § 22.1-258 of the Code of Virginia, all records of intervention regarding the student's unexcused absences, such as copies of the conference meeting notes, attendance plan, and supports shall be presented to the intake worker.

D. A record shall be maintained of each meeting that includes the attendance plan, the name of individuals in attendance at each conference meeting (including via telephone or electronic devices), the location and date of the conference, a summary of what occurred, and follow-up steps.

LAWS

§ 16.1-260. Intake; petition; investigation.

B. [...] If a juvenile is alleged to be a truant pursuant to a complaint filed in accordance with § 22.1-258 and the attendance officer has provided documentation to the intake officer that the relevant school division has complied with the provisions of § 22.1-258, then the intake officer shall file a petition with the court. The intake officer may defer filing the complaint for 90 days and proceed informally by developing a truancy plan, provided that (a) the juvenile has not previously been proceeded against informally or adjudicated in need of supervision on more than two occasions for failure to comply with compulsory school attendance as provided in § 22.1-254 and (b) the immediately previous informal action or adjudication occurred at least three calendar years prior to the current complaint. The juvenile and his parent or parents, guardian, or other person standing in loco parentis must agree, in writing, for the development of a truancy plan. The truancy plan may include requirements that the juvenile and his parent or parents, guardian, or other person standing in loco parentis participate in such programs,

cooperate in such treatment, or be subject to such conditions and limitations as necessary to ensure the juvenile's compliance with compulsory school attendance as provided in § 22.1-254. The intake officer may refer the juvenile to the appropriate public agency for the purpose of developing a truancy plan using an interagency interdisciplinary team approach. The team may include qualified personnel who are reasonably available from the appropriate department of social services, community services board, local school division, court service unit, and other appropriate and available public and private agencies and may be the family assessment and planning team established pursuant to § 2.2-5207. If at the end of the 90-day period the juvenile has not successfully completed the truancy plan or the truancy program, then the intake officer shall file the petition.

Whenever informal action is taken as provided in this subsection on a complaint alleging that a child is in need of services, in need of supervision, or delinquent, the intake officer shall (1) develop a plan for the juvenile, which may include restitution and the performance of community service, based upon community resources and the circumstances which resulted in the complaint, (2) create an official record of the action taken by the intake officer and file such record in the juvenile's case file, and (3) advise the juvenile and the juvenile's parent, guardian, or other person standing in loco parentis and the complainant that any subsequent complaint alleging that the child is in need of supervision or delinquent based upon facts which may be sufficient to invoke the jurisdiction of the court pursuant to § 16.1-241 will result in the filing of a petition with the court.v [...]

G. Notwithstanding the provisions of Article 12 (§ 16.1-299 et seq.), the intake officer shall file a report with the division superintendent of the school division in which any student who is the subject of a petition alleging that such student who is a juvenile has committed an act, wherever committed, which would be a crime if committed by an adult, or that such student who is an adult has committed a crime and is alleged to be within the jurisdiction of the court. The report shall notify the division superintendent of the filing of the petition and the nature of the offense, if the violation involves:

1. A firearm offense pursuant to Article 4 (§ 18.2-279 et seq.), 5 (§ 18.2-288 et seq.), 6 (§ 18.2-299 et seq.), 6.1 (§ 18.2-307.1 et seq.), or 7 (§ 18.2-308.1 et seq.) of Chapter 7 of Title 18.2;
2. Homicide, pursuant to Article 1 (§ 18.2-30 et seq.) of Chapter 4 of Title 18.2;

4. Criminal sexual assault, pursuant to Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2;
5. Manufacture, sale, gift, distribution or possession of Schedule I or II controlled substances, pursuant to Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2;
6. Manufacture, sale or distribution of marijuana pursuant to Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2;
7. Arson and related crimes, pursuant to Article 1 (§ 18.2-77 et seq.) of Chapter 5 of Title 18.2;
8. Burglary and related offenses, pursuant to §§ 18.2-89 through 18.2-93;
9. Robbery pursuant to § 18.2-58;

11. Recruitment of other juveniles for a criminal street gang activity pursuant to § 18.2-46.3; or
12. An act of violence by a mob pursuant to § 18.2-42.1;
13. Abduction of any person pursuant to § 18.2-47 or 18.2-48; or
14. A threat pursuant to § 18.2-60.

The failure to provide information regarding the school in which the student who is the subject of the petition may be enrolled shall not be grounds for refusing to file a petition. The information provided to a division superintendent pursuant to this section may be disclosed only as provided in § 16.1-305.2.

§ 16.1-301. Confidentiality of juvenile law-enforcement records; disclosures to school principal.

A. The court shall require all law-enforcement agencies to take special precautions to ensure that law-enforcement records concerning a juvenile are protected against disclosure to any unauthorized person. The police departments of the cities of the Commonwealth, and the police departments or sheriffs of the counties, as the case may be, shall keep separate records as to violations of law other than violations of motor vehicle laws committed by juveniles. Such records with respect to such juvenile shall not be open to public inspection nor their contents disclosed to the public unless a juvenile 14 years of age or older is charged with a violent juvenile felony as specified in subsections B and C of § 16.1-269.1.

B. Notwithstanding any other provision of law, the chief of police or sheriff of a jurisdiction or his designee may disclose, for the protection of the juvenile, his fellow students and school personnel, to the school principal that a juvenile is a suspect in or has been charged with (i) a violent juvenile felony, as specified in subsections B and C of § 16.1-269.1; (ii) a violation of any of the provisions of Article 1 (§ 18.2-77 et seq.) of Chapter 5 of Title 18.2; or (iii) a violation of law involving any weapon as described in subsection A of § 18.2-308. If a chief of police, sheriff or a designee has disclosed to a school principal pursuant to this section that a juvenile is a suspect in or has been charged with a crime listed above, upon a court disposition of a proceeding regarding such crime in which a juvenile is adjudicated delinquent, convicted, found not guilty or the charges are reduced, the chief of police, sheriff or a designee shall, within 15 days of the expiration of the appeal period, if there is no notice of appeal, provide notice of the disposition ordered by the court to the school principal to whom disclosure was made. If the court defers disposition or if charges are withdrawn, dismissed or nolle prosequi, the chief of police, sheriff or a designee shall, within 15 days of such action provide notice of such action to the school principal to whom disclosure was made. If charges are withdrawn in intake or handled informally without a court disposition or if charges are not filed within 90 days of the initial disclosure, the chief of police, sheriff or a designee shall so notify the school principal to whom disclosure was made. In addition to any other disclosure that is permitted by this subsection, the principal in his discretion may provide such information to a threat assessment team established by the local school division. No member of a threat assessment team shall (a) disclose any juvenile record information obtained pursuant to this section or (b) use such information for any purpose other than evaluating threats to students and school personnel. For the purposes of this subsection, "principal" also refers to the chief administrator of any private primary or secondary school.

G. Nothing in this section shall prohibit the disclosure of law-enforcement records concerning a juvenile to a court services unit-authorized diversion program in accordance with this chapter, which includes programs authorized by subdivision 1 of § 16.1-227 and § 16.1-260. Such records shall not be further disclosed by the authorized diversion program or any participants therein. Law-enforcement officers may prohibit a disclosure to such a program to protect a criminal investigation or intelligence information.

§ 16.1-305.1. Disclosure of disposition in certain delinquency cases.

Upon a court's disposition of a proceeding where a juvenile is charged with a crime listed in subsection G of § 16.1-260 in which a juvenile is adjudicated delinquent, convicted, found not guilty or the charges are reduced, the clerk of the court in which the disposition is entered shall, within 15 days of the expiration of the appeal period, if there has been no notice of an appeal, provide written notice of the disposition ordered by the court, including the nature of the offense upon which the disposition was based, to the superintendent of the school division in which the child is enrolled at the time of the disposition or, if he is not then enrolled in school, the division in which he was enrolled at the time of the offense. If the court defers disposition, or the charges are nolle prosequi, withdrawn, or dismissed the clerk shall, within 15 days of such action, provide written notice of such action to the superintendent of the school division in which the child is enrolled at such time or, if he is not then enrolled in school, the division in which he was enrolled at the time of the offense. If charges are withdrawn in intake or handled informally without a court disposition, the intake officer shall, within 15 days of such action, provide written notification of the action

to the superintendent of the school division in which the child is enrolled at that time or, if he is not then enrolled in school, the division in which he was enrolled at the time of the offense.

If the child is not enrolled in the school division that receives notification under this section, the superintendent of that division may forward the notification to the superintendent of the school division where the child is enrolled.

A superintendent who receives notification under this section may disclose the information received to anyone to whom he or a principal disclosed that a petition had been filed. Further disclosure of information received under this section by the superintendent to school personnel is authorized only as provided in § 22.1-288.2.

§ 16.1-305.2. Disclosure of notice of the filing of a petition and certain reports by division superintendent.

Except as otherwise provided in this section, a division superintendent shall not disclose information contained in or derived from a (i) notice of petition received pursuant to § 16.1-260 or (ii) report received pursuant to § 66-25.2:1. If the juvenile is not enrolled as a student in a public school in the division to which the notice or report was given, the superintendent shall promptly so notify the intake officer of the juvenile court in which the petition was filed or the Director of the Department who sent the report and may forward the notice of petition or report to the superintendent of the division in which the juvenile is enrolled, if known.

If the division superintendent believes that disclosure of information regarding a petition to school personnel is necessary to ensure the physical safety of the juvenile, other students or school personnel within the division, he may at any time prior to receipt of the notice of disposition in accordance with § 16.1-305.1, disclose the fact of the filing of the petition and the nature of the offense to the principal of the school in which the juvenile who is the subject of the petition is enrolled. The principal may further disseminate the information regarding a petition, after the juvenile has been taken into custody, whether or not the child has been released, only to those students and school personnel having direct contact with the juvenile and need of the information to ensure physical safety or the appropriate educational placement or other educational services.

If the division superintendent believes that disclosure of information regarding a report received pursuant to § 66-25.2:1 to school personnel is necessary to ensure the physical safety of the juvenile, other students, or school personnel within the division he may disclose the information to the principal of the school in which the juvenile is enrolled. The principal may further disseminate the information regarding such report only to school personnel as necessary to protect the juvenile, the subject or subjects of the danger, other students, or school personnel.

§ 16.1-309. Penalty.

A. Except as provided in §§ 16.1-299, 16.1-300, 16.1-301, 16.1-305 and 16.1-307, any person who (i) files a petition, (ii) receives a petition or has access to court records in an official capacity, (iii) participates in the investigation of allegations which form the basis of a petition, (iv) is interviewed concerning such allegations and whose information is derived solely from such interview or (v) is present during any court proceeding, who discloses or makes use of or knowingly permits the use of identifying information not otherwise available to the public concerning a juvenile who is suspected of being or is the subject of a proceeding within the jurisdiction of the juvenile court pursuant to subdivisions A 1 through 5 or subdivision A 7 of § 16.1-241 or who is in the custody of the State Department of Juvenile Justice, which information is directly or indirectly derived from the records or files of a law-enforcement agency, court or the Department of Juvenile Justice or acquired in the course of official duties, is guilty of a Class 3 misdemeanor.

B. The provisions of this section shall not apply to any law-enforcement officer or school employee who discloses to school personnel identifying information concerning a juvenile who is suspected of committing or has committed a delinquent act that has met applicable criteria of § 16.1-260 and is committed or alleged to have been committed on school property during a school-sponsored activity or on the way to or from such activity, if the disclosure is made solely for the purpose of enabling school personnel to take appropriate disciplinary action within the school setting against the juvenile. Further, the provisions of this section shall not apply to school personnel who disclose information obtained pursuant to §§ 16.1-305.1 and 22.1-288.2, if the disclosure is made in compliance with those sections.

§ 22.1-279.3.1. Reports of certain acts to school authorities.

B. Notwithstanding the provisions of Article 12 (§ 16.1-299 et seq.) of Chapter 11 of Title 16.1, local law-enforcement authorities shall report, and the principal or his designee and the division superintendent shall receive such reports, on offenses, wherever committed, by students enrolled at the school if the offense would be a felony if committed by an adult or would be a violation of the Drug Control Act (§ 54.1-3400 et seq.) and occurred on a school bus, on school property, or at a school-sponsored activity, or would be an adult misdemeanor involving any incidents described in clauses (i) through (viii) of subsection A, and whether the student is released to the custody of his parent or, if 18 years of age or more, is released on bond. As part of any report concerning an offense that would be an adult misdemeanor involving an incident described in clauses (i) through (viii) of subsection A, local law-enforcement authorities and attorneys for the Commonwealth shall be authorized to disclose information regarding terms of release from detention, court dates, and terms of any disposition orders entered by the court, to the superintendent of such student's school division, upon request by the superintendent, if, in the determination of the law-enforcement authority or attorney for the Commonwealth, such disclosure would not jeopardize the investigation or prosecution of the case. No disclosures shall be made pursuant to this section in violation of the confidentiality provisions of subsection A of § 16.1-300 or the record retention and redisclosure provisions of § 22.1-288.2. Further, any school superintendent who receives notification that a juvenile has committed an act that would be a crime if committed by an adult pursuant to subsection G of § 16.1-260 shall report such information to the principal of the school in which the juvenile is enrolled.

D. Except as may otherwise be required by federal law, regulation, or jurisprudence, the principal shall immediately report to the local law-enforcement agency any act enumerated in clauses (ii) through (vii) of subsection A that may constitute a criminal offense and may report to the local law-enforcement agency any incident described in clause (i) of subsection A. Nothing in this section shall require delinquency charges to be filed or prevent schools from dealing with school-based offenses through graduated sanctions or educational programming before a delinquency charge is filed with the juvenile court.

Further, except as may be prohibited by federal law, regulation, or jurisprudence, the principal shall also immediately report any act enumerated in clauses (ii) through (v) of subsection A that may constitute a criminal offense to the parents of any minor student who is the specific object of such act. § 22.1-279.4. Information regarding prosecution for certain crimes.

School boards shall provide information developed by the office of the Attorney General to students regarding laws governing the prosecution of juveniles as adults for the commission of certain crimes. Methods of providing such information may include, but shall not be limited to, public announcements in the schools, written notification to parents, publication in the student conduct manual, and inclusion in those materials distributed to parents pursuant to § 22.1-279.3.

§ 22.1-288.2. Receipt, dissemination and maintenance of records of certain law-enforcement information.

When a superintendent receives notice of the filing of a petition from the intake officer in accordance with § 16.1-260, or upon request of a court services unit for information made in conjunction with the preparation of a social history report pursuant to § 16.1-273, the superintendent shall provide information regarding the student's educational and attendance status to the intake officer or court services unit, as the case may be. Whenever a division superintendent receives notice of a student's commitment to the Department of Juvenile Justice, the superintendent or his designee shall participate in the development of a reenrollment plan as provided in § 16.1-293.

B. A parent, guardian or other person having control or charge of a student in a public school and, with consent of a parent or in compliance with a court order, the court in which the disposition was rendered, shall be notified in writing of any disciplinary action taken with regard to any incident upon which the adjudication of delinquency or conviction for an offense listed in subsection G of § 16.1-260 was based and the reasons therefor. The parent or guardian shall also be notified of his or her right to review, and to

request an amendment of, the student's scholastic record, in accordance with regulations of the Board of Education governing the management of scholastic records.

Every notice of adjudication of delinquency or conviction for an offense listed in subsection G of § 16.1-260 received by a superintendent, and information contained in the notice, which is not a disciplinary record as defined in Board of Education regulations, shall be maintained by him and by any others to whom he disseminates it, separately from all other records concerning the student. However, if the school administrators or the school board takes disciplinary action against a student based upon an incident which formed the basis for the adjudication of delinquency or conviction for an offense listed in subsection G of § 16.1-260, the notice shall become a part of the student's disciplinary record.

C. When a superintendent receives notice of the filing of a petition from the intake officer in accordance with § 16.1-260, or upon request of a court services unit for information made in conjunction with the preparation of a social history report pursuant to § 16.1-273, the superintendent shall provide information regarding the student's educational and attendance status to the intake officer or court services unit, as the case may be. "Scholastic record" means those records that are directly related to a student and are maintained by an educational agency or institution or by a party acting for the agency or institution. These include, but are not limited to, documentation pertinent to the educational growth and development of students as they progress through school, student disciplinary records, achievement and test data, cumulative health records, reports of assessments for eligibility for special education services, and Individualized Education Programs. Such records may be recorded in any way, including, but not limited to, handwriting, print, computer media, video or audio tape, film, microfilm, and microfiche.

A notice of adjudication or conviction received by a superintendent relating to an incident which did not occur on school property or during a school-sponsored activity shall not be a part of a student's scholastic record.

The term "scholastic record" also shall not include records of instructional, supervisory, administrative, and ancillary educational personnel that are kept in the sole possession of the maker of the record and are not accessible or revealed to any other person except a temporary substitute for the maker of the record.

B. Whenever a pupil transfers from one school division to another, the scholastic record or a copy of the scholastic record shall be transferred to the school division to which the pupil transfers upon request from such school division. Permission of the parent, guardian, or other person having control or charge of the student shall not be required for transfer of such scholastic record to another school or school division within or outside the Commonwealth.

C. Any notice of disposition received pursuant to § 16.1-305.1 shall not be retained after the student has been awarded a diploma or a certificate as provided in § 22.1-253.13:4.

D. Every student's scholastic record shall be available to the student and his parent, guardian, or other person having control or charge of the student for inspection during the regular school day. Permission of the parent, guardian, or other person having control or charge of the student, or of a student who is 18 years of age or older, shall not be required for transfer of such scholastic record to another school or school division within or without this Commonwealth.

Consistent with federal law and regulation, each school shall annually notify parents of students currently enrolled and in attendance of their rights under the federal Family Educational Rights and Privacy Act (20 U.S.C. § 1232g) and related regulations.

A school responding to a request for the transfer of the scholastic record from another school division need not provide written notice of the transfer of the record, including the identity of the requester, to the parent, guardian, or other person having control or charge of the student, or to a student who is 18 years of age or older, if the school has previously included in the annual notice required by this subsection a statement that it forwards such records to such requesting school divisions.

E. Whenever the division superintendent is notified by the Department of Juvenile Justice, pursuant to § 16.1-287, or by a school division employee responsible for education programs in a local jail or a detention center, that a pupil who last attended a school within the school division is a pupil in a school of a juvenile correctional center of the Department of Juvenile Justice, or a pupil in an educational program in a local jail or detention center, the school division superintendent or his designee shall transfer the scholastic record of such pupil to the designated juvenile correctional center or local jail or a detention center, as the case may be, within five work days. The Department of Juvenile Justice shall transfer the scholastic record of a student who has been discharged from a juvenile correctional center to the relevant school division within five work days of the student's discharge.

The Board of Education shall adopt regulations concerning the transfer and management of scholastic records from one school division to another, to the learning centers of the Department of Juvenile Justice, and to educational programs in local jails and detention centers.

Upon receiving notice of a foster care placement of a student across jurisdictional lines, the sending school division and the receiving school division, as such school divisions are defined in subsection D of § 22.1-3.4, shall expedite the transfer of the scholastic record of the student.

F. The division superintendent or his designee shall notify the local police or sheriff's department for investigation as a possible missing child of any enrolled pupil whose scholastic record he is unable to obtain within 60 days or sooner, if the division superintendent or his designee has reason to suspect that the pupil is a missing child.

G. Superintendents and their designees shall be immune from any civil or criminal liability in connection with any notice to a police or sheriff's department of a pupil lacking a scholastic record or failure to give such notice as required by this section.

H. Except as provided in §§ 16.1-309 and 22.1-287 and this section, a superintendent or his designee, or other school personnel who unlawfully discloses information obtained pursuant to § 16.1-305.1 shall be guilty of a Class 3 misdemeanor.

LAWS

§ 9.1-101. Definitions.

As used in this chapter or in Chapter 23 (§ 19.2-387 et seq.) of Title 19.2, unless the context requires a different meaning:

"School resource officer" means a certified law-enforcement officer hired by the local law-enforcement agency to provide law-enforcement and security services to Virginia public elementary and secondary schools.

"School security officer" means an individual who is employed by the local school board or a private or religious school for the singular purpose of maintaining order and discipline, preventing crime, investigating violations of the policies of the school board or the private or religious school, and detaining students violating the law or the policies of the school board or private or religious school on school property or at school-sponsored events and who is responsible solely for ensuring the safety, security, and welfare of all students, faculty, staff, and visitors in the assigned school.

§ 9.1-110. School Resource Officer Grants program and fund.

A. From the funds appropriated for such purpose and from the gifts, donations, grants, bequests, and other funds received on its behalf, there is established (i) the School Resource Officer Grants Program, to be administered by the Board, in consultation with the Board of Education, and (ii) a special nonreverting fund within the state treasury known as the School Resource Officer Incentive Grants Fund, hereinafter known as the "Fund." The Fund shall be established on the books of the Comptroller, and any moneys remaining in the Fund at the end of the biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on such funds shall remain in the Fund and be credited to it. Subject to the authority of the Board to provide for its disbursement, the Fund shall be disbursed to award matching grants to local law-enforcement agencies and local school boards that have established a collaborative agreement to employ uniformed school resource officers, as defined in § 9.1-101, in middle and high schools within the relevant school division. The Board may disburse annually up to five percent of the Fund for the training of the school resource officers. School resource officers shall be certified law-enforcement officers and shall be employed to help ensure safety and prevent truancy and violence in schools.

B. The Board shall establish criteria for making grants from the Fund, including procedures for determining the amount of a grant and the required local match. Any grant of general funds shall be matched by the locality on the basis of the composite index of local ability to pay. The Board may adopt guidelines governing the Program and the employment and duties of the school resource officers as it deems necessary and appropriate.

§ 9.1-184. Virginia Center for School Safety created; duties.

A. From such funds as may be appropriated, the Virginia Center for School and Campus Safety (the Center) is hereby established within the Department. The Center shall:

12. Develop a model memorandum of understanding setting forth the respective roles and responsibilities of local school boards and local law-enforcement agencies regarding the use of school

resource officers. Such model memorandum of understanding may be used by local school boards and local law-enforcement agencies to satisfy the requirements of Section 22.1-280.2:3.

§ 22.1-258. Appointment of attendance officers; notification when pupil fails to report to school.

Every school board shall have power to appoint one or more attendance officers, who shall be charged with the enforcement of the provisions of this article. Where no attendance officer is appointed by the school board, the division superintendent or his designee shall act as attendance officer.

Whenever any pupil fails to report to school on a regularly scheduled school day and no indication has been received by school personnel that the pupil's parent is aware of and supports the pupil's absence, a reasonable effort to notify by telephone the parent to obtain an explanation for the pupil's absence shall be made by either the school principal or his designee, the attendance officer, other school personnel, or volunteers organized by the school administration for this purpose. Any such volunteers shall not be liable for any civil damages for any acts or omissions resulting from making such reasonable efforts to notify parents and obtain such explanation when such acts or omissions are taken in good faith, unless such acts or omissions were the result of gross negligence or willful misconduct. This subsection shall not be construed to limit, withdraw, or overturn any defense or immunity already existing in statutory or common law or to affect any claim occurring prior to the effective date of this law. School divisions are encouraged to use noninstructional personnel for this notice.

Whenever any pupil fails to report to school for a total of five scheduled school days for the school year and no indication has been received by school personnel that the pupil's parent is aware of and supports the pupil's absence, and a reasonable effort to notify the parent has failed, the school principal or his designee or the attendance officer shall make a reasonable effort to ensure that direct contact is made with the parent, either in person or through telephone conversation, to obtain an explanation for the pupil's absence and to explain to the parent the consequences of continued nonattendance. The school principal or his designee or the attendance officer, the pupil, and the pupil's parent shall jointly develop a plan to resolve the pupil's nonattendance. Such plan shall include documentation of the reasons for the pupil's nonattendance.

If the pupil is absent an additional day after direct contact with the pupil's parent and the attendance officer has received no indication that the pupil's parent is aware of and supports the pupil's absence, either the school principal or his designee or the attendance officer shall schedule a conference within 10 school days with the pupil, his parent, and school personnel, which conference may include other community service providers, to resolve issues related to the pupil's nonattendance. The conference shall be held no later than 15 school days after the sixth absence. Upon the next absence by such pupil without indication to the attendance officer that the pupil's parent is aware of and supports the pupil's absence, the school principal or his designee shall notify the attendance officer or the division superintendent or his designee, as the case may be, who shall enforce the provisions of this article by either or both of the following: (i) filing a complaint with the juvenile and domestic relations court alleging the pupil is a child in need of supervision as defined in § 16.1-228 or (ii) instituting proceedings against the parent pursuant to § 18.2-371 or § 22.1-262. In filing a complaint against the student, the attendance officer shall provide written documentation of the efforts to comply with the provisions of this section. In the event that both parents have been awarded joint physical custody pursuant to § 20-124.2 and the school has received notice of such order, both parents shall be notified at the last known addresses of the parents.

Nothing in this section shall be construed to limit in any way the authority of any attendance officer or division superintendent to seek immediate compliance with the compulsory school attendance law as set forth in this article.

Attendance officers, other school personnel or volunteers organized by the school administration for this purpose shall be immune from any civil or criminal liability in connection with the notice to parents of a pupil's absence or failure to give such notice as required by this section.

§ 22.1-261. Attendance officer to make list of children not enrolled; duties of attendance officer.

The attendance officer or the division superintendent or his designee shall check the reports submitted pursuant to subsection A of § 22.1-260 with reports from the State Registrar of Vital Records and Health Statistics. From these reports and from any other reliable source the attendance officer or the division superintendent or his designee shall, within five days after receiving all reports submitted pursuant to subsection A of § 22.1-260, make a list of the names of children who are not enrolled in any school and who are not exempt from school attendance. It shall be the duty of the attendance officer, on behalf of the local school board, to investigate all cases of nonenrollment and, when no valid reason is found therefor, to notify the parent, guardian or other person having control of the child to require the attendance of such child at the school within three days from the date of such notice.

§ 22.1-266. Law-enforcement officers and truant children.

A. Notwithstanding the provisions of § 16.1-246, any law-enforcement officer as defined in § 9.1-101 or any attendance officer may pick up any child who (i) is reported to be truant from a public school by a school principal or division superintendent or (ii) the law-enforcement officer or attendance officer reasonably determines to be a public school student and by reason of the child's age and circumstances is either truant from public school or has been expelled from school and has been required to attend an alternative education program pursuant to § 22.1-254 or § 22.1-277.2:1, and may deliver such child to the appropriate public school, alternative education program, or truancy center and personnel thereof without charging the parent or guardian of such child with a violation of any provision of law.

B. Any such law-enforcement officer or attendance officer shall not be liable for any civil damages for any acts or omissions resulting from picking up or delivering a public school child as provided in subsection A when such acts or omissions are within the scope of the employment of such law-enforcement officer or attendance officer and are taken in good faith, unless such acts or omissions were the result of gross negligence or willful misconduct. This subsection shall not be construed to limit, withdraw or overturn any defense or immunity already existing in statutory or common law or to affect any claim occurring prior to the effective date of this law.

C. For the purposes of this section, "truancy center" means a facility or site operated by a school division, sometimes jointly with the local law-enforcement agency, and designated for receiving children who have been retrieved by a law-enforcement officer or attendance officer for truancy from school.

§ 22.1-280.2:1. Employment of school safety personnel.

Local school boards and private or religious schools may employ school security officers, as defined in § 9.1-101, for the purposes set forth therein. Such school security officer may carry a firearm in the performance of his duties if (i) within 10 years immediately prior to being hired by the local school board or private or religious school he (a) was an active law-enforcement officer as defined in § 9.1-101 in the Commonwealth or (b) was employed by a law-enforcement agency of the United States or any state or political subdivision thereof and his duties were substantially similar to those of a law-enforcement officer as defined in § 9.1-101; (ii) he retired or resigned from his position as a law-enforcement officer in good standing; (iii) he meets the training and qualifications described in subsection C of § 18.2-308.016; (iv) he has provided proof of completion of a training course that includes training in active shooter emergency response, emergency evacuation procedure, and threat assessment to the Department of Criminal Justice Services pursuant to subdivision 42 of § 9.1-102, provided that if he received such training from a local law-enforcement agency he received the training in the locality in which he is employed; (v) the local

school board or private or religious school solicits input from the chief law-enforcement officer of the locality regarding the qualifications of the school security officer and receives verification from such chief law-enforcement officer that the school security officer is not prohibited by state or federal law from possessing, purchasing, or transporting a firearm; and (vi) the local school board or private or religious school grants him the authority to carry a firearm in the performance of his duties.

"School crime line" means a confidential, anonymous system providing inducements for students to report any unlawful act occurring in school buildings or on school grounds or during school-sponsored activities to local law-enforcement authorities which is established as a cooperative alliance between the local school board, news media, the community, and law-enforcement officials or through a separate, nonprofit corporation governed by a board of directors or as part of a local "Crime Stoppers" program.

- B. In order to reduce crime and violence within the school divisions in the Commonwealth, any local school board may develop a school crime line program as a joint, self-sustaining, cooperative alliance

with news media, the community, and law-enforcement authorities to receive, screen, and reward student reports of unlawful acts committed in school buildings or on school grounds or at school functions, when such reports lead to arrests or recovery of contraband or stolen property. Police or other law-enforcement personnel shall staff every school crime line program, receive reported information from anonymous student callers, screen such information, and direct information for further investigation, as may be appropriate.

C. Such programs may be established (i) by a local school board as a joint, self-sustaining, cooperative alliance with news media, the community, and law-enforcement authorities; (ii) through a separate nonprofit corporation initiated jointly by the local school board, news media, the community, and law-enforcement authorities and governed by a board of directors; or (iii) as part of a local "Crime Stoppers" program.
